COURSE DESCRIPTION

This course is the internship that satisfies one of Ohio’s requirements for the superintendent license in Ohio. The internship provides the student with an opportunity to work with a practicing school administrator in a school setting and to apply knowledge and skills learned in the classroom. The rationale and purposes of the internship are listed in the ELCC standards for the preparation of school leaders. Typically the intern will spend from 75-100 hours on activities and involvement in the school during the semester.

ALIGNMENT WITH STANDARDS

The National Policy Board for Educational Administration (NPBEA), which is comprised of national educational associations and educational agencies (i.e. NAESP, NASSP, AASA, ASCD, NCATE), adopted: “Standards for Advanced Programs in Educational Leadership for Principals, Superintendents, Curriculum Directors, and Supervisors”. Seven standards were established and were based on the premise that the standards for educational leaders must be grounded in the knowledge and understanding of teaching and learning. Educational Leadership Constituent Council (ELCC) standards can be found at:

www.npbea.com   or   www.ncate.org
