CE & L Department Mission Statement:
Xavier University's Department of Childhood Education and Literacy is dedicated to the pursuit of knowledge and to the orderly discussion of critical issues confronting educators in a free, inquiry-based environment committed to current and relevant scholarship and research related to our profession. Xavier University seeks to create awareness of social justice in all disciplines through its emphasis on living the Jesuit tradition of intellectual, moral, and spiritual preparation. The candidates in the Early Childhood, Middle Childhood, Montessori and Literacy programs, through their academic and professional training, are prepared to value the lives of children regardless of racial, linguistic, socio-economic, religious, or ethnic backgrounds and to work with and value family and school structures in both urban, rural, and suburban settings. Special attention is given to developmentally effective practices and advocacy for all children, with ethical issues and values as expressed through the Jesuit tradition. Thus, the Childhood Education and Literacy preparation at Xavier University strives to send out into the education community candidates who are morally sensitive to the academic and social needs of our time, foster an appreciation for human diversity, reason critically, and think creatively. Candidates in the Childhood Education and Literacy Department are encouraged to develop and maintain a disposition toward lifelong learning in the profession of education and to the service of their students and their students' families and communities.

Course Overview and Purpose

This course is designed to prepare students to teach language arts and social studies to children in preschool through third grade from a holistic, developmentally appropriate perspective. Students will become more familiar with best practices, teaching strategies, and classroom application in regards to the disciplines of language arts and social studies.
instruction. In addition, National Standards and the Ohio Model Curriculum relating to early childhood will be explored in both disciplines as well as an interdisciplinary approach. The university classroom will involve collaborative learning within a constructivist seminar setting. A field component will allow for observation and strategy implementation in the early childhood classroom. During this time students will observe, plan and implement four lessons (two language arts and two social studies) guided by their cooperating teacher. A college instructor will observe at least one lesson. Topics to be studied include thematic strands of social studies, constructivist theory in integrated curriculum, language arts, and literature.

Standards for the English Language Arts
The objectives for this course are derived from the NCTE/IRA Standards for English
Language Arts. "The vision guiding these standards is that all students must have the
opportunities and resources to develop the language skills they need to pursue life's goals
and to participate fully as informed, productive members of society. Although the
following standards are presented as a list, they are not distinct and separable, they are
...interrelated and should be considered as a whole." (Standards in Practice
4,5,6,8,10,11,12).

1. Students read a wide range of print and non-print texts to build an
understanding of texts, of themselves, and of the cultures of the United Sates
and the world: to acquire new information; to respond to the needs and
demands of society and the workplace; and for personal fulfillment. Among
these texts are fiction and nonfiction, classic and contemporary works.
2. Students read a wide range of literature from many periods in many genres
to build an understanding of the many dimensions (e.g. philosophical,
ethical, aesthetic) of human experience.
3. Students apply a wide range of strategies to comprehend, interpret, evaluate,
and appreciate texts. They draw on their prior experience, their interactions
with other readers and writers, their knowledge of word meaning and their
texts, their word identification strategies, and their understanding of textual
features (e.g. sound-letter correspondence, sentence structure, context,
graphics).
4. Students adjust their use of spoken, written, and visual (e.g. conventions,
style, vocabulary) to communicate effectively with a variety of audiences and
for different purposes.
5. Students employ a wide range of strategies as they write and use different
writing process elements appropriately to communicate with different
audiences for a variety of purposes.
6. Students apply knowledge of language structure, language conventions (e.g.
spelling and punctuation) media techniques, figurative language, and genre to
create, critique, and discuss print and non-print texts.
7. Students conduct research on issues and interests by generating ideas and
questions, and by posing problems. They gather, evaluate, and synthesize
data from a variety of sources (e.g. print and non-print texts, artifacts,
people) to communicate their discoveries in ways that suit their purpose and
audience.
8. Students use a variety of technological and informational resources (e.g.
libraries, databases, computer networks, video) to gather and synthesize
information and to create and communicate knowledge.
9. Students develop an understanding of and respect for diversity in language
use, patterns, and dialects across cultures, ethnic groups, geographic regions,
and social roles.
10. Students whose first language is not English make use of their first language
to develop competency in the English language arts and to develop
understanding of content across the curriculum.
11. Students participate as knowledgeable, reflective, creative, and critical
members of a variety of literacy communities.
12. Students use spoken, written, and visual language to accomplish their own
purposes (e.g. for learning, enjoyment, persuasion, and the exchange of
information).

**TOTAL POINTS:** 495 points

**Course Policies:**

**Professionalism:** Students are required to demonstrate behavior consistent with a professional career in education. Please review the disposition form. In particular, candidates should follow the guidelines below:

**Attendance and Participation:**
A. Attendance
In order to earn credit in any course for which you are registered, the student is required to attend classroom exercises regularly and promptly. Lack of reasonable attendance as determined by the individual faculty member is reason for denial of credit for a course and possible course failure. You are expected to be in class unless something unforeseen occurs to you or your family. Please call or email in the event that you will not be in class. It is your responsibility to gather all missed materials. Zero points will be deducted for the first absence but 5 points will be deducted for the second absence and any other absences. More than two absences, please see professor. Two points will be deducted for each excessive tardy (more than 10 minutes) or leaving early.

B. Participation and Professional Disposition (25 points)
Class participation is an expression of your interest and knowledge of the content. Throughout the class we will complete projects and discuss content. Be sure to have read the assigned readings prior to class. Texting, phone calls, inappropriate conversation, and use of your laptop are not acceptable.

**Lesson Plan Module Review (10 points)**

Academic Honesty: The Childhood Education and Literacy Department values academic honesty. It is expected that each student will submit original work. Where others' works and ideas are used, citations must be included. Please refer to the Xavier University Catalog for the official statement and consequences.

Accommodations: Xavier University's Learning Assistance Center can be reached by calling 745-3280. The Writing Center is located in Conaton Learning Commons and the phone number is 745-2875. Please inform the instructor of accommodations as soon as possible.

Any student who feels he/she may need an accommodation based on the impact of a documented disability should contact the Learning Assistance Center at 745-3280 on the fifth floor of the Conaton Learning Commons, Room 514, to coordinate reasonable accommodations.

Written Assignments: Correct grammar, mechanics, and spelling are required. All assignments must be type-written and double spaced, 12 point font. Please be sure to proofread your assignments.

Assignment Due Dates: Assignments are due on the dates indicated on the syllabus. Failure to turn in assignments by the due date will result in a loss of 5 points for every day late - including weekends! Please see professor for unusual circumstances.
Placement Participation

Please note that a lesson plan must be completed prior to teaching. Your plan must be submitted to the classroom teacher prior to teaching - NO EXCEPTIONS! Your teacher must have the appropriate time to review your lesson plan and provide feedback before you teach it. This will benefit everyone as well as show professional courtesy to your supervising teacher. After the completion of each lesson you should write a written reflection (use the reflection activity form). You must have your cooperating teacher initial your plan indicating she/he has reviewed the plan prior to teaching and observed your lesson.

***Please provide a copy of the lesson plan on the date of my observation as well as a copy of any handouts being used in the classroom.

***Please complete both your BCI/FBI check and TB testing immediately. You MUST have your background checks before starting in your field placement.
