Class participation and leadership: it is not possible to obtain 100% on classroom participation and leadership if you are not present at all classes. Participation takes on many forms and each topic presents different opportunities for classroom leadership. For example, leading class discussion, posting articles, sharing news, taking class notes and posting them to the portal, coordinating thank you letters for guest speakers, etc. are all great ways to earn points in this category of your total assessment.

Late assignments may be submitted, but they will lose 20% of the points for each 24 hour period they are submitted late. All exams must be taken at the same time unless advance arrangements are made.

What to bring to each class:
1. Calculators – students are responsible for having a nonprogrammable calculator for every class and for all exams.
2. Textbook – be sure to bring a text or arrange to sit next to someone so that you can reference the problems we work in class.

What not to bring to class:
Any distractions – please do not access e-mail, send text messages or access the internet during class.

Academic Honesty

Academic life requires a trust based upon integrity of the written and spoken word. Violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include all forms of cheating, plagiarism, and unauthorized assistance on assignments and tests.

Penalties for violations of academic honesty may include one or more of the following:
   a) A zero for that assignment or test;
   b) An "F" in the course;
   c) Expulsion from the Williams College of Business or from the University.
Learning Disabilities
Pursuant to Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act, academic adjustments that are reasonable and appropriate accommodations will be made for those students with learning disabilities. For a student to receive valid and warranted accommodation, they must register with the Xavier University Learning Assistance Center (LAC) at the beginning of the semester. After the student has received counseling and evaluation, the director of the LAC will generate documentation identifying appropriate accommodation. This confidential documentation will then be discussed and signed by the professor and the student.

Please note that the Xavier LAC evaluates all cases of learning disabilities.
