MUSC 284 - 02
Xavier University
Office Hours by appointment

- Description:** Private lessons for violin students consisting of weekly 60 minute lessons.
- Goals and Objectives:** Study standard repertoire from all periods of music and become well acquainted with and appreciate the violin repertoire through listening to recordings and attending concerts. Increase understanding and application of technique to perform accurately, musically and confidently.
- Attendance:** Absences will be excused in the event of illness, emergency, death in the family, or official University business with the appropriate documentation. One (1) unexcused absence will be allowed, but each additional unexcused absence will lower your grade by 10%. Special circumstances (conflicting schedules, etc.) should be discussed with me in advance. If you cannot attend a lesson, I expect a phone call or an email a minimum of three (3) hours prior to the scheduled lesson.
- Grading:** Applied violin is an independent study; each individual will develop a curriculum for the semester with me. However, grading is based on both attendance (50%) and preparation/improvement (50%). Progress is directly linked to the amount of time devoted to daily and consistent practice.
- Practice:** Minimum 60-90 minutes per day, 6 days a week
