THE MENTAL EDGE FOR ATHLETES

June 12 to June 16

Two Credit Hours

9:00 a.m. to 4:30 p.m. (MTWTh)
9:00 a.m. to 9:00 p.m. (W)

Directors: Dr. William Daily & Ms. Katherine Daily

The mental preparation of athletes and athletic teams is as important, sometimes more important, than the physical preparation for competition. The integration of these two types of preparation is essential for achieving one's maximum potential. Self-image can limit and/or enhance performance. The concept of positive mental attitude will be presented, discussed and examined in depth. In addition, the role of music, self-hypnosis, visualization, relaxation, self-talk, intensity, motivation, modeling, self-fulfilling prophecy, behavior modification, individual and team morale, appropriate peaking, believing in self, peer support, and pre-event planning will be discussed.

Communication as it applies especially to the teaching of skills, giving direction, correcting and reinforcing performance will be investigated. Increasing one's comfort zone by using a goal setting process will be encouraged to develop mental action plans for self, athletes, and teams. The role of athletics and one's philosophy of coaching will be addressed along with the role of ethics in coaching adolescents. Emphasis will be placed on applying theory to real life situations.

Guest speakers will present how they have mentally prepared athletes and athletic teams for competition. Participants are encouraged to bring audio and video tapes, articles, poems, signs, slogans, and other motivational material to share with the class.

This experience is intended for elementary and high school coaches as well as those adults who coach young athletes in individual and team sports. Attendance is required at all sessions.

9:00 a.m. to 12:00 p.m.

Directors: Dr. W. Michael Nelson, III, & Dr. William Groman

While Gestalt therapy is over three decades old, there was a sharp increase in interest and use of Gestalt methods in psychotherapy in the 1970s until it is now well established both as a major affiliation of psychotherapists and as a style of personal growth. This introductory workshop is designed for professionals and graduate students in psychiatry, psychology, counseling, social work, corrections, education, and other related fields who work with adolescents and adults in a therapeutic capacity.

The week will be developed to present the continually developing body of knowledge and philosophy of Gestalt therapy, the primary focus will be on developing the practical clinical skills of the participants who work with various clients. Since the focus of Gestalt therapy is primarily experiential in nature, didactic material will be emphasized and supplemented by demonstrations and discussion.

Another aim of the workshop will be to provide each participant with a group experience in Gestalt therapy coupled with an understanding of how such experiences are generated and can be used for personal growth. Particular emphasis will be on awareness exercises and dreamwork.

Since residence hall space is limited, singles will be assigned on a first come, first served basis. Full room payment must be received by the Office of Residence Life before a space will be reserved. For those students who are residing on campus for both six-week sessions, the second session payment must be received no later than July 1, 1989 in order to hold the space for the remainder of the summer.

A meal plan is not available during the summer, however, students may purchase meals in the University Center on a pay-as-you-go basis. Linen (including pillows) and maid services are not available to students during the summer. Local telephone service is provided; however, you will need to bring a touch-tone telephone for your room to use this service.

In order to reserve a room during the summer, complete the "1988 Xavier University Summer Housing Registration" form above and return it with your payment in full to the Office of Residence Life, Xavier University, 3800 Victory Parkway, Cincinnati, Ohio 45207. Telephone: (513) 745-3203.
Both Interstate Routes 75 and 71 serve Xavier University. From I-75 coming north, take the Mitchell Avenue exit and turn right onto Mitchell Avenue. Follow the signs to Xavier University (approximately 3 miles).

Coming north on I-71 take exit 5 (Dana Ave./Montgomery Rd.). Turn left onto Duck Creek Road at end of exit. Go to second traffic light and turn left onto Dana Avenue. Continue on Dana about one mile to Xavier campus.

Coming south on I-71 take exit 5 (Dana Avenue). Turn right. Follow Dana Avenue about one mile to Xavier campus. Coming south on I-75 take S.R. 562 (exit 7) to Reading Road (2nd exit). Go south on Reading Road to third traffic light. Turn left and immediately bear right onto Victory Parkway. Proceed to Dana Avenue (fourth traffic light) and turn left to Xavier campus.

Parking is free in the summer. However, in order to park in the Xavier student lots, you must have a regular Xavier student permit for 88-89 on your windshield or a completed parking form (see below) on your dashboard. Cars parked in the student lots without a permit or a form will be ticketed.
