XAVIER’S MISSION
OF SERVICE

“Xavier’s mission is to serve society by forming students intellectually, morally and spiritually, with rigor and compassion, towards lives of solidarity, service and success.”

Michael J. Graham, S.J.
President Xavier
University
A GUIDE TO THIS PUBLICATION

The Xavier University 2009-2010 Catalog is organized into several sections. Refer to the Index for specific references.

GENERAL INFORMATION ........................................................................................................... 4
This section contains the academic calendar; information regarding the history, mission, and governance of the University; undergraduate and graduate admission, financial aid, registration, academic policies and procedures, privacy rights, tuition and fees, and services for students.

ACADEMIC PROGRAMS ............................................................................................................. 77
This section first lists all undergraduate and graduate degrees, as well as certificate programs, special University programs and the Undergraduate Core Curriculum. It then divides into the three academic colleges: College of Arts and Sciences; College of Social Sciences, Health, and Education; and Williams College of Business. Within each college, departments appear alphabetically. Each department lists degree, major, minor, certificate, and program descriptions; and block schedules.

COURSE DESCRIPTIONS ............................................................................................................ 243
Course offerings as of August 2009 appear in the section, alphabetically by the four-character abbreviation of the subject area.

ADDITIONAL INFORMATION ................................................................................................... 628
American Jesuit Colleges & Universities, Alma Mater Xavier, University Seal, and Campus Map.

INDEX ............................................................................................................................................... 632
References to all information in the catalog.

Every effort has been made to ensure that the content of this Catalog is accurate at the time of printing. The University reserves the right to make any changes deemed necessary or appropriate. Changes may be implemented without prior notice and without obligation and, unless specified otherwise, are effective when made.

Published by the Office of the Registrar, August 2009

Xavier University is an academic community committed to equal opportunity for all persons regardless of age, sex, race, religion, handicap or national origin.
XAVIER AT A GLANCE

Location: On 146 acres in a residential section of Cincinnati, Ohio, which was ranked by Money magazine as the fifth best place to live in the Midwest, and is home to 17 Fortune 1000 companies and two professional sports teams. The city is known for its neighborhoods, parks, cultural activities, zoo, amusement parks, and seasonal events and festivals along the Ohio River.

Affiliation: Founded in 1831, Xavier University is a private, coeducational university. It is third largest independent institution in Ohio. It is the fourth oldest of the 28 Jesuit institutions of higher education in the United States, the sixth oldest Catholic university in the nation, and the first Catholic institution of higher education in the Northwest Territory.

National Honors: Xavier has been ranked among the top ten master's-level schools in the Midwest for 15 consecutive years by U.S. News & World Report. Xavier is ranked among the nation’s best colleges and universities by The Princeton Review and is on Forbes.com’s list of America’s best colleges.

Curriculum: More than 80 undergraduate majors/concentrations from which to choose in the College of Arts and Sciences, the Williams College of Business, and the College of Social Sciences, Health, and Education. Undergraduate minors are offered in 45 areas of study, including preprofessional programs in the areas of dentistry, optometry, law, medicine, and pharmacy. Graduate programs are offered in 11 areas, including a doctorate in psychology. Xavier also offers several certificate programs.

Enrollment: Approximately 6,600 students with about 4,000 undergraduates, and 2,600 graduate students. More than 85 percent of the freshman and sophomore students live on campus. Of the full-time undergraduates, 45 percent are men and 55 percent are women. Students come here from more than 43 states and 48 countries.

Typical Freshman Profile: More than 50 percent of new students at Xavier each year have GPAs between 3.5 and 4.0; ACT composites from 24 to 29; SAT composites from 1070 to 1280. More than 84 percent rank in the top half of their high school class. Approximately 89 percent live on campus in our modern residential facilities. The freshman retention rate is 87 percent.

Faculty: Xavier has 311 full-time faculty. The student-faculty ratio is 12:1.

Activities: Students choose from more than 100 different academic clubs and social organizations. Some of those organizations include student government association, student activities council, jazz and pep bands, choir, campus ministry, academic clubs, and intramurals.

Athletics: Division I in all 16 varsity sports and a member of the prestigious Atlantic 10 Conference. Sports include men’s and women’s basketball, cross country, golf, soccer, swimming, tennis, track, baseball, and women’s volleyball. Club sports include boxing, crew, cycling, field hockey, ice hockey, lacrosse, martial arts, ultimate Frisbee, rugby, soccer, volleyball, fencing, sailing, snow skiing, and wrestling. Intramural programs are available in more than 30 sports including basketball, racquetball, volleyball, floor hockey, golf, soccer, and softball.

Scholarship Opportunities: Academic scholarships, which are competitive and renewable for four years, are offered in five categories. Departmental, alumni, athletic, performing and visual arts, multicultural, and other scholarships are also available.

Mission Statement

Xavier University’s mission is to educate. Its essential activity is the interaction of students and faculty in an educational experience characterized by critical thinking and articulate expression with special attention given to ethical issues and values.

Xavier is a Catholic institution in the Jesuit tradition, and urban university firmly rooted in the principles and convictions of the Judeo-Christian tradition and in the best ideals of the American heritage.

Xavier is an educational community dedicated to the pursuit of knowledge, to the orderly discussion of issues confronting society and, as would benefit an American institution grounded in the humanities and sciences, Xavier is committed unreservedly to open and free inquiry.

Xavier, while primarily an undergraduate institution emphasizing the liberal arts, is also committed to providing graduate and professional education in areas of its demonstrated competence and where it meets a particular need of society, especially of Xavier’s regional constituency. Faculty members, moreover, are strongly encouraged to engage in research outside the classroom in order to maintain the professional standing of the institution.

With attention to the student as an individual, Jesuit education seeks to develop: 1. Intellectual skills for both a full life in the human community and service in the Kingdom of God; 2. Critical attention to the underlying philosophical and theological implications of the issues; 3. A world view that is oriented to responsible action and recognizes the intrinsic value of the natural and human values; 4. An understanding and communication of the moral and religious values through personal concern and lived witness, as well as by precept of instruction; and 5. A sense of the whole person—body, mind, and spirit.

In keeping with the Jesuit tradition, Xavier believes that religious insights are complementary to the intellectual life, and that a continuing synthesis of the Christian perspective with all other forms of human knowledge is conducive to wisdom and understanding. Xavier shares in worldwide Jesuit commitment to a creative and intelligent engagement with questions of peace and justice.

Xavier aims to provide all students with a supportive learning environment which offers opportunities for identifying personal needs, setting goals, and developing recreational and aesthetic interests and skills for daily living and leadership. The self-understanding and interpersonal development that result are vital corollaries to a student’s academic development.

Xavier believes that these goals can be achieved only through academic programs of high quality that are served by faculty devoted primarily to excellence in teaching, are nurtured by scholarship and research and are supported by a broad range of university and student life programs.
History

Xavier University was established in 1831 when the first bishop of Cincinnati, Edward Fenwick, raised a two-story building near the cathedral in downtown Cincinnati and opened its doors to educate seminarians and other young men in the Ohio area. This institute of arts and sciences was the first Catholic institution of higher learning in the Northwest Territory. The original name of the college was The Athenaeum, but it was dedicated from the beginning to the patronage of St. Francis Xavier.

At first, the college was administered by the bishop and his diocesan priests, but as it grew, it began to require professional academic leadership. In 1840, John Roothaan, the Jesuit Superior General, responded to the request of Fenwick’s successor, Bishop John Purcell, and appointed three Jesuit priests, two brothers and two scholastics, to assume leadership of the college. Its name was changed to St. Xavier College in honor of the Jesuit educator under whose patronage the college was originally placed.

It was during these first few years as a Jesuit institution that Xavier began to take on the unique character and special role that it fulfills today. For example, a mercantile program was added to the curriculum in 1840 because the Jesuit educators recognized the need to supplement the traditional humanities education with a sound business program. Today, the University is recognized for its development of the Williams College of Business, which, together with the other academic colleges—the College of Arts and Sciences and the College of Social Sciences, Health, and Education as well as the Center for Adult and Part-Time Students (CAPS)—provides students with a broad-based learning experience.

In 1841, Xavier offered its first night courses, beginning a tradition of serving the unique needs and schedules of professionals in the Cincinnati community, a tradition it proudly continues today.

St. Xavier College moved to its present location in the geographic center of the city in 1919, when its growth and development called for new and larger facilities. To reflect that growth and development, the name was changed to Xavier University in 1930. Since that time, the University has become coeducational (1969) and has implemented a host of new academic programs, facilities, community projects, and student services.

A historical development at Xavier was the addition on July 1, 1980, of a second campus and a fourth undergraduate college, Edgecliff College. Founded in 1935 by the Sisters of Mercy as a women’s liberal arts college, Edgecliff brought with it 45 years of dedication and academic excellence. In 1985, the Edgecliff campus was sold, and all programs were moved to the main campus. In 1999, Alumni Hall was renovated and renamed Edgecliff Hall to bring to campus a physical presence of the legacy of Edgecliff College.

The campus grew in the 1980s with donations of property by the U.S. Shoe Corporation in 1982 and the Rainbo Baking Company in 1986 (including an 84,000-square-foot building) that increased Xavier’s total campus acreage to 80 acres.

Other expansions included Xavier Village, a 56-unit student apartment complex, constructed on 5.6 acres of property purchased from Peggy Becker Jackson in May 1988, and the Link complex, three acres received through a charitable trust from Joseph Link Jr. on January 2, 1989. These additions brought Xavier’s total area to 89 acres.

On April 21, 1991, James E. Hoff, S.J., was inaugurated as Xavier’s 33rd president. Under Hoff’s leadership, the University continued to grow physically, academically, financially, and spiritually. Among Hoff’s accomplishments were:
- Raising of the endowment from $24 million to $86 million.
- Constructing the Cintas Center, the Gallagher Student Center, the Clement and Ann Buenger residence hall, the Commons apartment building, and the Lindner Family Physics Building.
- Creating the residential and academic malls.
- Renovating Schmidt, Hinkle, and Edgecliff halls.
- Joining the Atlantic 10 Conference for athletics.
- Achieving a consistent position among the top regional colleges and universities, as ranked by U.S. News & World Report.
- Earning recognition from the John Templeton Honor Roll for Character-Building Colleges.
- Creating the academic service-learning semesters.
- Creating the Brueggeman Center for Dialogue.
- Creating the doctoral program in psychology, Xavier’s first doctoral-level course of study and the second Psy.D. program in Ohio.
- Creating the weekend degree program.
- Creating the national alumni association.
- Increasing academic standards for incoming students (average SAT scores from 973 to 1134, GPAs from 2.9 to 3.46).

In the fall of 2001, Michael J. Graham, S.J., was inaugurated as Xavier’s 34th president. Under his leadership, the University continued its growth pattern following the crafting of a new overall strategic plan, a new academic vision statement, and a new campus master plan. Physically, the University grew to more than 152 acres and installed wireless Internet connections throughout campus. Academically, the University earned new recognition from The Princeton Review for being one of the nation’s best universities as well as having one of the nation’s best business colleges, and from Forbes.com for being one of the most entrepreneurial undergraduate campuses in the nation. In addition, Xavier continued to earn more praise from U.S. News & World Report for being one of the best master’s-level institutions in the Midwest. Financially, the endowment grew to more than $100 million prior to the September 2006 launch of The Campaign for Xavier, the most ambitious fundraising campaign in the University’s history. That campaign includes plans to grow Xavier in many ways, such as the development of new academic buildings, a learning commons, new residence halls, and even retail space.

In 2006, the University celebrated its 175th anniversary, and Xavier’s growth since its founding reflects its origins as a teaching institution that soundly prepares students for careers, graduate study, or both. A Xavier education, particularly at the undergraduate level, is marked by an emphasis on liberal arts learning contained in Xavier’s core curriculum. Equally important in the Xavier tradition is the synthesis of human, cultural, and ethical values; concern and respect for all people; and an appreciation of the worth and dignity of the self and others.
Jesuit Education

Xavier University offers its students the advantages of a quality liberal education, which has always been the center of a Jesuit university. Such an education enables the student to put personal academic goals in the context of the diverse achievements of civilization and the vast potential of the human person. Jesuit and Catholic education presumes that the truth about the world and humankind, discovered through human reason, cannot ultimately conflict with the truth of faith, since the two have a common origin in God. Indeed, the continuing dialogue between religious tradition and developing human wisdom is of primary importance in the search for ultimate truth.

The goal of a Jesuit and Catholic education is integration of the intellectual dimension of learning and the spiritual experience of the student, along with the development of a strong system of personal moral values. Such an education strives for the formation of the student’s mind and heart into a habit of reaching out to the needs of today’s and tomorrow’s global society and, in the process, of reaching out to God.

The institution is committed to making available a learning environment which addresses students’ personal needs, provides opportunities for their spiritual growth, encourages the recreational and aesthetic dimensions of life, and assists them in the development of career goals.

Accreditation

Xavier University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Xavier has been continuously accredited by the Commission since 1935. The Commission may be contacted at: 30 N. LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504, 1-800-621-7440. Xavier University is also accredited by the Ohio Board of Regents as a degree-granting institution, and is approved by Department of Education of State of Ohio for teacher certification, and counseling. The Athletic Training Education program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The Sport Management program is accredited by the North American Society for Sport Management – National Association of Sport & Physical Education (NASSM-NASPE). The American Chemical Society (ACS) for its training in chemistry. Approved by the Ohio Board of Nursing for its nursing programs, and accredited by the Commission on Collegiate Nursing Education (CCNE) for its MSN and BSN programs. The BSN program, RN to MSN and the Master of Science in Nursing: direct entry as a second degree (The MIDAS program) are endorsed by the American Holistic Nursing Certification Corporation. Xavier is accredited by the Council on Social Work Education (CSWE) for its baccalaureate social work program, and by the Joint Review Committee on Education in Radiologic Technology (JRCERT) for its radiologic technology program. Xavier’s Master of Occupational Therapy program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA). The Montessori program is affiliated with the American Montessori Society (AMS) and is accredited by the Montessori Accreditation Council for Teacher Education (MACTE). The Master of Arts Program in School Counseling and the Master of Arts Program in Community Counseling are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Programs in the School of Education are accredited by the Teacher Education Accreditation Council (TEAC). The graduate program in health services administration is accredited by the Commission on the Accreditation of Health Management Education (CAHME). The Williams College of Business is accredited by the Association to Advance Collegiate Schools of Business International (AACSB International). The doctoral program in clinical psychology is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE; Washington DC 20002-4242, Phone 202 336-5979.
Honor Societies and Professional Fraternities

**Alpha Epsilon Delta**  The Ohio Kappa Chapter of Alpha Epsilon Delta was installed at Xavier University in April of 2001. AED is the national honor society for students preparing for careers in health professions. The mission of the society is to encourage excellence in pre-health professions scholarship, and to benefit health organizations, charities and the community. Members are chosen in recognition of their commitment to health care professions, academic scholarship and service.

**Alpha Sigma Nu**  A chapter of this national honor fraternity for students of Jesuit colleges and universities was established at Xavier in 1939. Candidates for membership, chosen during their junior or senior year or from the graduate programs, must be outstanding in scholarship, in loyalty, and in service to the university.

**Chi Sigma Iota**  The Xavier University Sigma Seta Chi chapter of Chi Sigma Iota is an international honor society open to professional counselors and counselors in training. Its mission is to promote scholarship, research, professionalism and leadership in the counseling field.

**Delta Sigma Pi**  The Theta Lambda Chapter of the International Fraternity of Delta Sigma Pi, a professional business fraternity, promotes academic achievement, leadership, and a closer affiliation between the business world and business students.

**Mortar Board**  The D’Artagnan Chapter of Mortar Board was installed at Xavier in the spring of 1994. Mortar Board, founded in 1918 as the first national honor society for senior college women, is now a coeducational senior honor society which promotes equal opportunities among all people and emphasizes the advancement of the status of women. Members are chosen in recognition of their leadership, scholarship, and service.

**Omicron Delta Epsilon**  ODE is the international honors society in economics, with 535 chapters. The Xavier University chapter was founded in 1970. Among the objectives of ODE are recognition of scholastic attainment, the honoring of outstanding achievements in economics, and the establishment of closer ties between students and faculty in economics within the college and with other universities.

**Phi Alpha Theta**  Kappa Nu Chapter of the international honor society of history is open to history students (whether majors or not) who have distinguished themselves academically.

**Phi Beta Kappa**  celebrates and advocates excellence in the liberal arts and sciences. Founded in 1776, it is the nation’s oldest academic honor society and has more than 500,000 members with 276 chapters nationwide. Its campus chapters invite for induction the most outstanding arts and sciences students at America's leading colleges and universities.

**Pi Delta Phi**  The purpose of this society is to recognize outstanding scholarship in the French language and its literature. To increase the knowledge and appreciation of Americans for the cultural contributions of the French-speaking world.

**Psi Chi**  is the national honorary society that recognizes academic achievement by psychology majors. The Psi Chi chapter at Xavier is a member of the national Psi Chi society. Membership in the society is recognized throughout the profession of psychology as a mark of distinction.

**Sigma Delta Pi**  The society’s purpose is to honor those who attain excellence in the study of the Spanish language and in the study of the literature and culture of the Spanish-speaking peoples.

**Sigma Pi Sigma**  The Xavier University chapter of Sigma Pi Sigma, national physics honor society, honors students having high scholarship and promise of achievement in physics, promotes their interest in research, encourages professional spirit and friendship among physics students, and popularizes interest in physics.

**Sigma Theta Tau**  Sigma Theta Tau is a international honor society for nursing students.
Institutional Memberships

The University maintains memberships in these educational and learned organizations: Academy of Criminal Justice Sciences; Academy of Political Science; American Academy of Political and Social Science; American Academy of Religion; American Art Therapy Association; American Association for Higher Education; American Association for State and Local History; American Association of Colleges of Nursing; American Association of Collegiate Registrars and Admissions Officers; American Association of School Administrators; American Association of University Professors; American Catholic Philosophical Association; American Classical League; American College Personnel Administrators; American Correctional Association; American Council on Consumer Interests; American Council on Education; American Council on Teaching of Foreign Languages; American Film Institute; American Historical Association; American Library Association; American Management Association; American Mathematical Society; American Montessori Society; American Psychological Association; American Occupational Therapy Association; American Political Science Association; American Production and Inventory Control Society; American Society for Training and Development; Association for Communication Administration; Association for Computer Machinery; Association for Continuing Higher Education; Association for Quality and Productivity; Association for Women in Mathematics; Association of Catholic Colleges & Universities; Association of College Unions—International; Association of Departments of English; Association of Governing Boards of Universities & Colleges; Association of Independent Colleges and Universities of Ohio; Association of Jesuit Colleges and Universities; Association of Professors and Researchers in Religious Education; Association of Psychology Post-doctoral and Internship Centers; Association of State and Provincial Psychology Boards and the Council for the National Registrar of Health Service Providers in Psychology; Association of University Programs in Health Administration; Association to Advance Collegiate Schools of Business; Broadcast Education Association; Canadian Historical Association; Canadian Sociology and Anthropology Association; Catholic Theological Society of America; Center for the Study of Democratic Institutions; Central Association of College & University Business Officers; Central States Conference on Teaching of Foreign Languages; College and University Personnel Association; The College Board; College English Association of Ohio; College Theology Society; Conference on Partnership in Jesuit Higher Education; Consortium on Peace Research Education and Development; Council for Advancement and Support of Education; Council of Colleges of Arts and Sciences; Council on Undergraduate Research; Economic History Association; Greater Cincinnati Chamber of Commerce; Greater Cincinnati Consortium of Colleges and Universities; Greater Cincinnati Convention & Visitors Bureau; Greater Cincinnati Library Consortium; Handweavers Guild of America; Hastings Center; Hebrew Union College & Jewish Institute of Religion; Institute of International Education; International Business School Computer User’s Group; International Reading Association; Jesuit Conference of Nursing Programs; Lilly Fellows Program in Humanities and the Arts; Linguistic Society of America; Mathematical Association of America; Metaphysical

Assessment

Xavier University has demonstrated its commitment to excellence by instituting an assessment program that includes all aspects of the University and is ongoing. The goal of this program is the continual improvement of the educational experience at Xavier. The involvement of every member of the Xavier community—faculty, staff and students—is necessary to ensure that the assessment program is a success.

Xavier University 2009-2010 Catalog 15
University Administration

David Dodd (2005) B.A., M.A. (State University of New York), Vice President for Information Resources and Chief Information Officer

Roger Fortin (1966) B.A., M.A., Ph.D. (Lehigh University), Academic Vice President and Provost

Gary Massa (1999) B.S.B.A., M.B.A. (Xavier University), Vice President for University Relations

Debra Mooney (1999) B.S., M.S., Ph.D. (Southern Illinois University), Assistant to the President for Mission and Identity and Chief Mission Officer

Cheryl Nunez (2005) A.B., M.Ed. (University of Cincinnati), Vice Provost for Diversity

Terry Richards (2007) B.B.A., M.A. (Marshall University), Vice President for Student Enrollment

Kathleen Simons (2007) B.A., M.A., Ph.D. (Illinois State University), Associate Provost for Student Life and Leadership

Kandi Stinson (1994) B.A., M.A., Ph.D. (University of North Carolina), Associate Vice President for Academic Affairs

* * * * * * * * * * *
Xavier University seeks to enroll students who are prepared to be successful academically and to contribute positively to the Xavier community as a whole. With this general guideline in mind, the admitting offices individually evaluate each applicant and the complete set of credentials submitted for consideration.

**ADMISSION PROCESS FOR TRADITIONAL STUDENTS**

*(age 21 or younger)*

Xavier has a single notification admission process with two options:

- **Early Action:** This option allows students to find out earlier about their admissibility to Xavier. Students who apply Early Action will have their admission decision made based upon grades through their junior year in high school (or possibly 1st quarter senior grades); this decision is a great option for students who know Xavier is one of their top choices. Early Action at Xavier is not binding and students may apply to other schools and keep their options open.

- **Regular Decision:** Students who apply Regular Decision will have their admission decision made based upon grades earned through the first semester of the senior year.

**Application Deadlines:** For deadlines and up to date admission information, please visit the undergraduate admission office web site at www.xavier.edu or contact the admission office toll free at 877 982-3648.

**Application Procedures**

Students who wish to apply for undergraduate admission must do the following (note specific sections below dedicated to adult, transfer and international applicants):

1. Submit one of the following admission applications, including all required credentials and documentation:
   - The Xavier University paper application, which may be obtained from the office of admission.
   - The Xavier University on-line, electronic application (no fee): www.xavier.edu.applyonline.
   - The Common Application: www.commonapp.org

2. Request that the high school (and any post-secondary institutions attended) forward directly to the office of admission a complete, official transcript of the academic record.

3. Arrange for official results of the Scholastic Assessment Test (SAT: Xavier's CEEB Code is 1965) and/or the American College Test (ACT: Xavier's ACT Code is 003366) to be forwarded directly to the office of admission. Results from the SAT and/or ACT may also be submitted on an official high school transcript.

Once admitted, students must:

1. Purchase the Xavier-sponsored student health insurance plan or provide proof of other current, comparable coverage; then, all students, regardless of age, will follow
this requirement each academic year.
2. Present proof of (a) two MMR immunizations or (b) immunity via measles titer.
International students may be required to have a TB test or other medical testing as
determined by the Medical Director. Students with chronic diseases which may put
them at higher risk on campus may be required, at the discretion of the Medical
Director, to be evaluated by the Health and Counseling Center medical staff.

Further information will be sent to admitted students. Credentials submitted for admission
consideration become the property of the University. All credentials should be on file by the
appropriate deadline or at least one month before the first day of classes for desired semester of
entrance. Please contact the office of admission for deadline information.

Any falsification of information on the application, transcripts, recommendations (where
required), or test scores will be sufficient cause for disqualification for admission and/or scholarships,
or dismissal from the University if the individual has enrolled. All tuition and fees paid and
credit earned are forfeited under such dismissal.

Freshman Class Admission

Factors considered in making admission decisions for the freshman class include, but are not
limited to, the following: the candidate's previous academic performance at the secondary school
level, including the rigor of the curriculum pursued and the overall grade point average achieved;
results from either the ACT or SAT I exams; the candidate's rank in class (when available); the
candidate's application essay; letters of recommendation, particularly from the candidate's guidance/college counselor; the candidate's extracurricular profile; life or work experiences (adult
students); and any other factors which help to determine the candidate's potential for academic
success.

Students who are offered admission must graduate from high school or, in some cases, present
minimum results from the G.E.D (see High School Equivalence Admission). Home schooled and
transfer students (see below) are also evaluated on an individual basis.

Each candidate for admission is given a thorough, individual evaluation. However, because
admission to Xavier has become increasingly competitive, the following secondary school course
of study is recommended.

Xavier University 2009-2010 Catalog 18
Xavier University accepts qualified students from other regionally accredited institutions of higher education. In addition to the credentials required of all freshmen applicants, transfer students must forward to the office of admission complete and official transcripts from all post-secondary institutions attended and a listing of all courses which may be in progress and their corresponding credit hours. Please note, however, students who transfer to Xavier with 30 or more semester hours are not required to submit results of either the ACT or SAT tests. The high school transcript is required.

The rank of advanced standing to which the student will be admitted will depend upon the quantity and quality of the work done in the other accredited institutions, and the conformity of the work to the degree program for which the student wishes to register. Credit is given for all academic courses (except co-op and life experience) in which a grade of “C” or better has been received.

The transfer credit, but not the grade, is recorded on the student’s transcript. The grades are not computed in the student’s Xavier grade point average. At least one-half of the course requirements of the major and the last 30 semester hours must be completed at Xavier University for all undergraduate degrees. At least 60 semester hours toward a bachelor’s degree must be earned in accredited four-year institutions. At least one-half of all business courses must be completed at Xavier University for business majors.

Xavier’s undergraduate colleges will accept course work successfully completed within the last ten years; credit over ten years old will not be accepted if the course in question belongs to the student’s major or, in the case of business students, pertains to the “business core.” Credits over ten years old which pertain to the undergraduate core curriculum or are general electives will usually be accepted.

Traditional-aged transfer students must meet the on-campus housing requirement. See Student Development section.

The waiver policy on the university core curriculum is as follows:

1. The ethics/religion and society focus elective course will be waived for students who transfer 60 or more credit hours.
2. Students with one transferred 3-credit literature course must take “Literature and the Moral Imagination” as their second literature course. Students with two transferred 3-credit literature courses will have fulfilled the literature requirement.
3. For the subjects of philosophy, science, and theology, the following table lists the number of credit hours in that subject that must be completed at Xavier:

<table>
<thead>
<tr>
<th>philosophy, theology &amp; science credit hours transferred to Xavier</th>
<th>less than 40</th>

<td>3</td>
<td>3</td>
</tr>
</tbody>
</table>
Transfer students completing 9 credits in philosophy at Xavier take PHIL 100, PHIL 290, and PHIL elective. Those completing 6 credits at Xavier take only PHIL 100 and PHIL 290. Those completing 3 credits at Xavier take only PHIL 100. Transfer students completing 9 credits in theology at Xavier take THEO 111, THEO Elective in scripture-history/christian systematics, and THEO Elective in theological ethics/religion and culture. Those completing 6 credits at Xavier take THEO 111 and THEO elective in scripture-history/christian systematics. Those completing 3 credits at Xavier take only THEO 111.

Students who transfer in two credit hours of a three-hour requirement may have the third hour waived. Contact the dean's office regarding this process.

International Student Admission email: xuglobal@XAVIER.EDU

To be considered for admission to Xavier University, international students must submit the following documents:

1. The Xavier International application for admission in either the paper or on-line format. The on-line application can be obtained at WWW.XAVIER.EDU/APPLYONLINE
2. Application fee for paper application.
3. An English translation of a secondary school (high school) degree or the diploma/certificate of the highest academic degree earned.
4. Evidence of English language proficiency. A TOEFL (Test of English as a Foreign Language) test score of 530 on the paper based test or 197 on the old computer based test or 70 on the new IBT for undergraduates is required. Students who want to improve their English skills can enroll in Xavier’s ESL (English as a Second Language) program. To enter degree programs, undergraduate ESL students at Xavier are required to obtain a TOEFL score of 530 (or equivalent) plus an average of "B" in ESL courses.
5. (a) An affidavit of payment of all expenses, educational and personal, signed by the person (sponsor) who will be responsible for the expenses. The affidavit must be signed in the presence of an official or notary public and must be a raised seal.
   (b) Official supporting statement from a bank stating that the sponsor is able to meet the required expenses should be signed and certified with a raised seal.
6. For transfers, an official transcript from each college or university attended is required. All transcripts must contain an official signature and institutional seal.

All documents must be received by the office of admission before a Form I-20 will be issued. International students who have been admitted to the University must meet the University’s campus housing requirement (see Student Development section).

Prior to the start of classes, students must submit an immunization record and medical history. International students may be required to have a TB test or other medical testing as determined by the Medical Director. International students must also present proof of health insurance equivalent to what is offered through Xavier University. All students will be required to present proof of health insurance of purchase health insurance through Xavier University each academic year. Students with F1 or J1 visa types cannot waive the Xavier health insurance.
High School Equivalence (G.E.D.) Admission

The G.E.D. (General Educational Development) examination is recognized in individual cases as a replacement for the high school diploma. Applicants should have copies of their scores and of the certificate forwarded directly to the Office of Admission, or if they are applying to the Center for Adult and Part-time Students (CAPS), to that office. Candidates for admission who have taken the G.E.D. must complete an application for admission.

Home Schooled Admission

Home Schooled students are recognized by the office of admission as eligible candidates for admission. Students who are home-schooled must submit an application for admission, the appropriate documentation from state and/or national home schooling accrediting agencies, official transcripts, scores of the ACT or SAT, and must interview with the office of admission.

Provisional Admission

Provisional admission may be granted by the Dean of Admission or the Dean of CAPS to a student who has been unable to complete arrangements for admission before registration dates. If the student fails to complete arrangements for formal admission within one month of the first day of class, the student’s admission and registration will be canceled. Tuition paid will be refunded, but no fees can be refunded and room and board charges will be prorated.

Advanced Placement and Credit by Examination Policies

Xavier University participates in the Advanced Placement Program of The College Board. Ordinarily, a score of “3” or better in an Advanced Placement (AP) examination will earn the student an advanced placement with credit in that discipline. Some disciplines require a score of “4” or better. Contact the office of admission for more information. Xavier also participates on a limited basis in the College Level Examination Program (CLEP) of The College Board. Entering students may also be awarded advanced placement with credit for college level courses taken during their high school years under the auspices of a duly accredited university or college. Credit will be granted in these courses provided the student earned a passing grade of a “C” or better. An official transcript must be sent to Xavier’s office of admission.

International Baccalaureate Policy

Xavier University grants college credit for classes taken through a recognized International Baccalaureate (IB) program. Students can earn credit for successfully completed higher level classes in which a score of “5” or better is achieved on the appropriate IB examination. For more information contact the office of admission.

Enrollment Options for Current High School Students

Xavier University has for many years offered academically talented high school students the opportunity to enroll as non-degree students in undergraduate courses on a space available basis. Opportunities for these students include the Summer Junior Program, Post-Secondary Enrollment Option, and Collegium program and Jump Start – Xavier’s summer residential program. See non-traditional admission process section for more information.
ADMISSION PROCESS FOR NON-TRADITIONAL STUDENTS
(22 years of age and older)

Students 22 years of age and older who wish to apply for undergraduate admission must submit the following:

1. A Center for Adult and Part-Time Students (CAPS) application for undergraduate admission.
2. High school transcript and/or GED scores. SAT and/or ACT scores, if available.
3. Transcripts from all previously attended colleges and universities.

Once admitted, students who were born after 1956 are required to submit proof of MMR (Measles, Mumps and Rubella) immunization, or immunity via measles titer.

A credential submitted for admission consideration becomes the property of the University. All credentials should be on file by the appropriate deadline. Please contact CAPS for deadline information.

Any falsification of information on the application or transcripts will be sufficient cause for disqualification for admission or dismissal from the University if the individual has enrolled. All tuition and fees paid and credit earned are forfeited under such dismissal.

**Freshman Admission for Non-Traditional Students**

Factors considered in making admission decisions for non-traditional students who have not previously attended a college or university include, but are not limited to, the following: the candidate's previous academic performance at the secondary school level, including the rigor of the curriculum pursued and the overall grade point average achieved; results from either the ACT or SAT I exams if available; the candidate's rank in class (when available); life or work experiences; and any other factors which help to determine the candidate's potential for academic success.

**Admission for Non-Traditional Transfer Students**

Xavier University accepts qualified students who have attended other regionally accredited institutions of higher education. See "Transfer Student Admission" for complete transfer policies.

**Non-Degree Student Admission**

Students who do not wish to pursue a degree; but wish to take undergraduate courses at Xavier, may be admitted, and registered through the Center for Adult and Part-Time Students (CAPS). Non-degree student applications are available through CAPS. There is no application fee and transcripts do not have to be submitted. Non-degree students who wish to change to degree seeking status at Xavier must follow the appropriate admission process.
Enrollment Options for Current High School Students

Xavier University offers academically talented high school students the opportunity to enroll as non-degree students through the Center for Adult and Part-Time students in the following programs:

**Summer Junior Program:**
Offered to high school students who have completed their junior year and who have a grade point average of at least a "B." Accepted students may take one course from selected offerings during the regular summer sessions at a nominal tuition charge. Contact your high school advisor for more information.

**Summer Scholars Program:**
Two-week residential summer credit programs offered to high school sophomores and juniors with a grade point average of at least a "B+." Accepted students enroll in one two-week program designed to provide introductory college academic and living experiences. Specific program topics are designed to provide students with exposure to an academic experience in areas of study that they are considering. Topics include but are not limited to: International Business, Pre-Law, Pre-Medicine and Computer Science/Information Systems.

**Post-Secondary Enrollment Option**
Xavier University participates in this program which allows superior high school students to attend the University at no charge during the regular academic year. Contact the Xavier office of admission for more information.

**Collegium**
Xavier University offers a unique opportunity for qualified high school students to earn college credit for successfully completing advanced high school courses that have been selected to be part of the University's Collegium program. The program is open to superior junior and senior students at participating high schools. It is intended for those student who have high grades and are judged by their faculty to have the competence, motivation, and maturity to earn college credit in advance of high school graduation. Students should be recommended by a teacher and regarded as capable of performing "B" or better work in the proposed course.

**Provisional Admission**
Provisional admission may be granted by the Dean of CAPS to a student who has been unable to complete arrangements for admission before registration deadline. Provisionally admitted students must submit all application documents within the first semester of enrollment or they will be restricted from registering for subsequent semesters.

**Undergraduate Reactivation**
An undergraduate student who previously attended Xavier and has not been registered for one year is required to complete a Reactivation Form before registering. The form is available in the Office of the Registrar. Applicants who want credit for coursework taken at another university during their absence from Xavier must submit an official transcript to the Office of the Registrar. See the entry under Transfer Students below for time limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean. Students suspended from Xavier or from other institutions for poor academic performance will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases,
reactivation and the conditions for such will be determined by the dean of the appropriate college. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation, and the student must be in good standing with the Division of Student Development.

Veterans' Education

Xavier University is approved for the education and training of veterans and their eligible dependents under all existing public laws. Requests for information should be referred to the Director of Veterans' Educational Benefits (DVA), Office of the Registrar, Xavier University. Xavier is a Servicemembers Opportunity College (SOC). The toll free number for DVA and SOC information is 1-800-368-5622.

* * * * *
The Office for Financial Aid's purpose is to provide the best possible service and information to students financing a Xavier education. The office is located in Schott Hall, 1st floor. Office hours are Monday-Friday, 8:30 a.m.-5:00 p.m., and Saturdays by appointment, 513 745-3142. Email address is: XUFINAID@XU.EDU

Standards of Academic Progress

The Higher Education Act of 1965, as amended, requires Xavier University to develop and enforce standards of satisfactory academic progress prior to awarding any federal financial aid funds to students. Standards of satisfactory academic progress were established to encourage students to successfully complete courses for which federal financial aid is received, and to progress satisfactorily toward degree completion. Successful completion of a course is defined as receiving one of the following grades: A, A-, B+, B, B-, C+, C, C-, D+, D, D-, or S.

The standards apply to the following financial aid programs: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Perkins Loan, Federal Stafford Loan, Federal Parent Loan for Undergraduate Students (PLUS), and Xavier funds. These financial aid standards of academic progress are separate from, and in addition to, academic standards required by the University for continued enrollment.

The criteria used to determine academic progress are grade point average, annual completion rate, and maximum time frame for completion of educational objective. At the end of spring semester, the Office for Financial Aid reviews students' progress during the previous three semesters. All periods of enrollment are reviewed, including semesters during which no financial aid was received.

Qualitative Requirement - Grade Point Average

• Undergraduates who have not yet completed two academic years must have a minimum cumulative GPA of 1.750.
• Undergraduates who have already completed two academic years must have a minimum cumulative GPA of 2.000. Graduate students must maintain a minimum GPA of 2.800.

Quantitative Requirement - Annual Completion Rate

Students must successfully complete a minimum of 67% of the credit hours attempted each academic year (attempted hours are hours for which a charge was incurred, excluding audited hours). The academic year begins with summer semester and ends with spring semester.

Maximum Time Frame for Completion of Educational Objective

Students must complete their degree program within 150% of the published length of their degree program. For example, if a major requires 120 credit hours to graduate, a student could not receive financial aid beyond 180 credits attempted (including transfer hours) whether or not financial aid was received for those credits.
Incomplete Grades

Incomplete grades are calculated as an "F" until the incomplete grade is changed to a complete grade.

Multiple Retakes - Repeated courses effect academic progress as follows:

• Cumulative Grade Point Average - Only the most recent grade counts in the student's CGPA.
• Annual Completion Rate - When a course is repeated it will be counted at attempted hours.
• Maximum Time Frame - A course that is repeated is only counted once as attempted hours.

Remedial Coursework

Remedial courses and ESL courses are treated the same as other courses for satisfactory academic progress purposes. If a student who was enrolled in remedial course work does not maintain the minimum academic standards and he or she requests an appeal, the financial aid appeal committee will take into consideration the courses in which the student was enrolled.

Transfer Hours

Transfer hours only count toward the overall maximum time frame calculation. Transfer hours have no effect upon the cumulative grade point average.

Changes of Major/Degree Program

Students who change majors or change programs (i.e., change from Bachelor of Arts to Bachelor of Science) are still held to the 150% maximum time frame rule. All credits attempted from the first major/degree will count as attempted hours for the new major/degree. The 150% maximum limit will be measured based on the number of credits required for the new major/degree.

Second Bachelor Degrees

Students who enroll in a second bachelor degree program are still held to the 150% maximum time frame rule. However, only the credit hours from the first degree which apply to the second degree will be counted as attempted hours.

Timing of Reviews

Current financial aid recipients will have their academic progress reviewed at the end of the academic year. New financial aid recipients (i.e., those students who had never previously applied for aid) will have their academic progress reviewed when the Office of Financial Aid receives the results of the Free Application for Federal Student Aid.

At the time of the review students who are not meeting the minimum requirements will be placed on financial aid suspension for the following school year.
Financial Aid Suspension

Students who are placed on financial aid suspension are ineligible for financial aid for the following school year (summer through spring). During the suspension year, students may either attend Xavier at their own expense, or may choose to sit out one year.

Reinstatement of Eligibility • Students who choose to attend Xavier during the suspension year at their own expense will not be automatically eligible for financial aid. At the end of the suspension year, students must be meeting the academic standards in order to regain eligibility for the following year.

Appeals

Students on financial aid suspension may appeal the loss of aid if extenuating circumstances prevented the students from making satisfactory progress. Circumstances which are considered extenuating are those that are unusual and/or unforeseen at the beginning of the year, such as: injury or illness of the student, death of a close relative, or other situations which were unexpected and beyond the student's control. Allowances can also be made for students who have a documented disability. Appeals should be made in writing to the Financial Aid Committee, in care of the Director for Financial Aid. Students are notified by mail of the results of their appeal. The possible appeal results are listed below.

Approved Appeals – Approved for that aid year
Students are eligible for financial aid for that academic year. At the end of the academic year their academic progress is reviewed. Eligibility for the upcoming year is contingent on meeting satisfactory progress requirements.

Approved Appeals – Conditional Status
While on conditional status, students must successfully complete every credit attempted. Therefore, financial aid eligibility for each consecutive semester is contingent upon the student successfully completing (receiving grades of A, A-, B+, B, B-, C+, C, C-, D+, D, D- or S) his or her prior semester. Grades of "W" are not considered to have been successfully completed. If a student does not successfully complete a semester, financial aid is forfeited for all remaining semester in the financial aid year.

Denied Appeals – Reinstatement of Eligibility
Students who choose to attend Xavier during the suspension year at their own expense will not be automatically eligible for financial aid. At the end of the suspension year, students must be meeting the academic standards in order to regain eligibility for the following year.

Information Sources
Information concerning university-sponsored scholarships and grants is available from the following sources:

2. The Center for Adult and Part-Time Students (CAPS): the Dean of CAPS.
3. Reserve Officers' Training Corps (ROTC) Scholarships: the Professor of Military
XAVIER SCHOLARSHIPS

Scholarships award money to students based on academic, athletic, artistic or other talents. Scholarships do not have to be repaid. All Xavier students are automatically considered for scholarships when they apply for admission.

Xavier offers scholarships in the following areas:

- Academic
- Service
- Performing & Visual Arts
- Alumni
- Multicultural
- Special
- Athletic
- ROTC
- State of Ohio
- Upper Class
- Returning Students

For detailed information regarding each type of scholarship, visit http://www.xavier.edu/financial-aid/undergraduate-aid/scholarships.cfm.

Regulations Concerning Scholarships

1. With the exception of the Xavier Service Fellowships and the Fredin Memorial Scholarships, all Xavier-sponsored scholarships are applicable to tuition only. They may not be applied to the cost of room, board, fees, or summer school courses, nor are they applicable to courses taken during the senior year in the programs of Medical Technology, Applied Biology, Applied Chemistry and Applied Physics.
2. Only full-time students are eligible for scholarships. Full-time enrollment is defined as students enrolled 12 or more credit hours per semester.
3. Scholarships must be accepted for the period of time indicated in the award letter from the Office of Financial Aid, and they are forfeited in the event that the recipient does not enroll.
4. It is understood that the scholarship stipend will be divided evenly between the fall and spring semesters. Hence, recipients who attend only one semester will receive only one-half of their award.
5. All scholarships are awarded at the discretion of the Financial Aid and Scholarship Committee of Xavier University. The committee reserves the right to adjust the scholarship stipend if the holder receives financial aid from some other source.

**XAVIER FINANCIAL AID**

**Xavier Tuition Grants**
Xavier University awards tuition grants to students who demonstrate financial need. Students must complete the Free Application for Federal Student Aid (FAFSA). Students whose FAFSA is received at the federal processor by February 15 will receive priority consideration.

**Family Grants**
Xavier University provides partial tuition grants when there are two or more siblings enrolled full-time as undergraduates at Xavier during the same semester. Contact the Office of Financial Aid for additional information.

**Athletic Grants-in-Aid**
These grants are available through the Office of Athletics. Contact the Office of Athletics for information and assistance 513 745-3413.

**Grants - Center for Adult and Part-time Students**
The Center for Adult and Part-time Students (CAPS) awards grants to students registered through CAPS, including the Weekend Degree Program. The grants are based on financial need and are generally only awarded to students who do not receive other forms of financial aid. For further information contact the CAPS office, 513 745-3355.

**Tuition Payment Plans**
Several payment plans, ranging from installments to Employer Reimbursement, are available through the Office of the Bursar. For further information, contact the Office of the Bursar at 513 745-3435.

**FEDERAL GRANTS AND SCHOLARSHIPS**

Students must complete the Free Application for Federal Student Aid (FAFSA) each year. In addition, students must meet the following requirements to apply for federal financial aid:
1. Be a U.S. citizen or an eligible non-citizen.
2. Maintain satisfactory academic progress.
3. Be enrolled as a regular student in a degree or certificate program.
4. Not be in default on any federal loan or owe a refund on a federal grant.
5. Have demonstrated financial need.
6. Not have been convicted of an offense involving either the possession or sale of illegal drugs.
Federal Pell Grant

The Pell Grant Program provides grants to students with exceptional financial need. The amount of the Pell grant varies based on the level of financial need and the number of credit hours in which the student enrolls.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Supplemental Educational Opportunity Grant is also for students with exceptional financial need (with priority given to Pell Grant recipients). The amount of the award varies and is limited by federal funding.

Federal Work-Study Program (FWS)

The Federal Work-Study Program provides students who have financial need the opportunity to earn income from jobs. Earnings for this program are funded by both the federal government and the university. The student’s total FWS award depends on the student’s financial need, the amount of money the university has for the program and the aid the student has from other programs. Students who accept employment are paid bi-weekly by direct deposit.

Federal Perkins Loan

The Perkins Loan is a low-interest loan that may be offered to students with financial need. Recipients are selected by the University. Repayment begins on a monthly basis nine months after the borrower ceases to be enrolled at least half-time.

Federal Stafford Loan (subsidized)

A subsidized Stafford Loan is a low-interest loan made to college students by commercial lending institutions. The student pays an origination fee and insurance premium, but the federal government pays the interest while the student is enrolled in college as at least a half-time student. Interest and principal repayment start six months after the borrower ceases to be at least half-time.

Federal Stafford Loan (unsubsidized)

An unsubsidized Stafford Loan is similar to the subsidized Stafford, except the student is responsible for interest payments while enrolled. Eligibility is not based on financial need.

Parent Loan for Undergraduate Students (PLUS)

Parents may borrow up to the total cost of attendance (tuition, room, board, books, etc.), minus financial aid, for each of their dependents attending college. There is no limit on family earnings. The interest rate is variable. Interest begins accruing at disbursement of the funds, and the parents start making repayments approximately 60 days after disbursement. The loan must be completely repaid within 10 years from the most recent loan.
STATE SCHOLARSHIPS AND GRANTS

Ohio College Opportunity Grant (OCOG)

OCOG is a need based grant from the state of Ohio to assist resident undergraduate students from low and moderate income families. Awards are based on family income with consideration given to the number of dependents in the family. Application is made when residents complete the federal FAFSA form.

Other State Grants

Students who qualify for state grants from their home states of Connecticut, Massachusetts, New Jersey, Pennsylvania, Rhode Island, and Vermont may use those funds at Xavier. For information on grant programs available to residents of these states, contact the Board of Education in each state.

HOW WITHDRAWING FROM SCHOOL AFFECTS FINANCIAL AID

Federal Aid

When a student completely withdraws (both officially and unofficially) from Xavier before completing the term, federal regulations require that the University determine whether any of the student's federal aid, other than Federal Work Study, has to be returned. Federal aid includes the Federal Subsidized and Unsubsidized Stafford Loan, Federal Pell Grant, Federal Supplemental Opportunity Grant (FSEOG), Federal Perkins Loan, and the Federal PLUS Loan. A student "earns" federal aid based upon the length of time he or she remained enrolled for the semester. The amount of federal aid earned is in direct proportion to the percentage of time the student completed. The percentage of time completed is calculated by dividing the number of days in the semester by the number of days completed. If a student completed more than 60% of the semester, all federal aid is considered earned.

To determine the number of days completed, Xavier identifies the date the student withdrew from the University. The date of withdrawal for students who officially withdraw is the date that the student begins the withdrawal process. To begin the withdrawal process, the student must notify the appropriate college dean in person or in writing. A student who "unofficially" withdraws (stops attending all classes without notifying the University) is considered to be withdrawn as of the midpoint of the semester.

In those cases where federal aid must be returned, the University and the student share the responsibility. Xavier will notify the student in writing of his or her responsibility to return any federal aid. Federal grant funds must be returned immediately after the student is notified by the University. Until the student returns the federal grant money, he or she is ineligible for further federal assistance should he or she return to Xavier or transfer to another school. Federal loan funds are returned under the terms of the student's promissory note.

Federal aid that is considered "unearned" is returned in the following order:
1. Unsubsidized Stafford Loan
2. Subsidized Stafford Loan
3. Federal Perkins Loan
4. Federal PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Opportunity Grant

In some cases, the return of federal aid may cause a balance due on the student's account. The student must contact Xavier University's Student Account Office to arrange for payment of the amount due.

**Xavier University Aid and State Aid**

Students who withdraw prior to the end of Xavier University's published refund schedule, may receive a reduction in charges. If a reduction of charges occurs, the student's Xavier University funds and state funds may also be reduced. Xavier and state aid are reduced by the percentage at which the student's charges were reduced.

In some cases, the reduction of Xavier University funds and state funds may cause a balance due on the student's account. The student must contact Xavier University's Office of Student Accounts to arrange payment of the amount due.

**GRADUATE STUDY GRANTS AND ASSISTANTSHIPS**

Xavier University offers a limited number of scholarships, graduate study grants and graduate assistantships. Part-time or full-time graduate students may apply for graduate study grants, available for MA in Community and School Counseling, MEd, MS, and licensure programs. To apply, students should complete the Free Application for Federal Student Aid (FAFSA). Receipt of the FAFSA indicates your interest in being considered for grants. In some cases a separate application will need to be completed. Graduate assistantship positions, offering tuition remission and an hourly wage, are available in many departments. Graduate assistantship positions are posted each February and October. Other positions are posted as they become available. Contact the Office of Graduate Services for specific information and applications.

MBA, MHSA, and Psychology graduate students should contact their respective admission offices for information on graduate assistantships and scholarships within those departments or programs.
General Policies

The policies listed here affect all undergraduate students. Some degree programs have special policies which are specified within individual program descriptions. Refer to the "Registration" section of the catalog for general registration policies which affect both undergraduate and graduate students.

Classification and Enrollment Status of Undergraduate Students

1. Freshmen - students who have earned 0 through 23.99 credit hours
2. Sophomores - students who have earned 24 through 54.99 credit hours
3. Juniors - students who have earned 55 through 89.99 credit hours
4. Seniors - students who have earned a minimum of 90 credit hours
5. Non-degree - students who have not declared themselves candidates for a degree at Xavier
6. Visiting (transient) - students from another college or university taking courses as a non-degree student at Xavier for transfer back to their home institution
7. Auditors - students taking courses but not for college credit
8. Full-time: summer, fall or spring - any student attempting 12 or more semester credit hours (selected programs, have semesters designated full-time regardless of hours attempted)
9. Part-time: summer, fall or spring - any student attempting up to 11 semester credit hours (three-quarter time is 9-11 semester credit hours; half-time is 6-8)

Undergraduate Grading System

A = Exceptional
A- = VF = Failure to officially withdraw
B+ = W = Official withdrawal
B = Good
B- = I = Incomplete, changed when grade is assigned.
(see Incomplete Work)
C+ = AU = Audit - no credit or grade earned
C = Satisfactory
C- = S = Passing/Satisfactory, credit earned
D+ = U = Not passing/Unsatisfactory, no credit earned
D = Minimum passing
D- = NC = No credit earned, non-graded course

No grade change can be made later than the 15th calendar day after the beginning of the next academic semester (fall or spring) except in the case of a resolved Grade Grievance. "S/U" grades are given in certain pass/fail courses, in place of letter grades. The grade of "S" does not equate with letter grades and is transferable to other universities only upon their approval.
Quality Points
The quality point is the unit used to measure student achievement in a course. The number of quality points received for any course is equal to the number of points attached to the grade received, multiplied by the number of credit hours for the course. Quality points are calculated as follows:

- A = 4.00 quality points per credit hour
- A- = 3.67 quality points per credit hour
- B+ = 3.33 quality points per credit hour
- B = 3.00 quality points per credit hour
- B- = 2.67 quality points per credit hour
- C+ = 2.33 quality points per credit hour
- C = 2.00 quality points per credit hour
- C- = 1.67 quality points per credit hour
- D+ = 1.33 quality points per credit hour
- D = 1.00 quality point per credit hour
- D- = 0.67 quality points per credit hour
- F = 0.00 quality points per credit hour
- VF = 0.00 quality points per credit hour
- I = 0.00 quality points per credit hour
- U = 0.00 quality points per credit hour

The student’s term grade point average (GPA) is computed by dividing the total number of quality points by the total number of quality hours in that term. "W", "AU", "S", "NC" and "NR" grades are not calculated into quality points, nor quality hours and, therefore, do not affect the GPA. The cumulative GPA is based on all terms at Xavier.

The semester hours in courses in which an "S" (satisfactory) grade is earned will count toward the University’s minimum semester hour requirement of 120 for graduation with a baccalaureate degree or 60 with an associate degree. However, if the grade earned is "U" (Unsatisfactory), both the credit hours and the quality points are computed into the student’s cumulative grade point average.

Course Numbering
Courses are numbered in the following way:
- 100 to 199 - undergraduate lower division courses
- 200 to 499 - undergraduate upper division courses
- 500 and above - graduate level courses; open only to graduate students

Credit Hours, Semester
A semester credit hour is equivalent to fifteen class hours per term. A weekly two- or threehour period of laboratory work is considered equivalent to one credit hour. The credit hours for work in internships, practicums and student teaching vary.

The number of credit hours which each course carries is provided in the course description section of this catalog. The courses are listed in numerical order within the various departments in the back of this catalog.

Excess Credit Hour Courseload
The following maximum course loads may only be exceeded with permission from the student’s dean, even if the additional hours are to be taken for audit. Excess hours carry additional fees, unless departmental policy requires the excess.

1. Fall or spring - 18 hours
2. Summer - 7 hours each session, not to exceed 14 hours for the entire summer.
Prerequisites
When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. Prerequisites must be passed with the minimum acceptable grade before subsequent courses may be taken.

Auditing Courses
Anyone wishing to audit a course may do so. An audited course does not carry credit or earn quality points or fulfill a requirement. Regular tuition rates apply. If audit requirements are not met a "W" grade may be assigned.

Dean’s List
In any term, undergraduate students who complete at least six credit hours for grades (A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F, VF, I, U) with a grade point average of at least 3.500 are placed on the Dean’s List for that term.

Incomplete Work
Course assignments are due at the time specified by the instructor. Extension of time beyond the termination of the course is rarely granted and only for a serious reason. If an extension of time is granted, the grade of “I” (Undergraduate Incomplete) will be assigned and calculated as an "F" in the grade point average. Unless the work is completed and submitted by the fifteenth calendar day of the academic semester following the course, the student will fail the course and the "I" will be permanently changed to an "F" (Summer term is excluded). Exceptions to this policy must be approved in writing by the appropriate dean prior to that date. The faculty member initiates the grade change process once the student has made up the incomplete work. Deadlines for short-term courses may vary; please refer to program handbook or director.

A student missing the final examination of a course receives an "F" or "VF" unless prior approval has been obtained from the dean, in which case the grade of “I” will be given. The same completion deadline applies as explained in the paragraph above. The final examination schedule is published in each semester’s Schedule of Classes bulletin.

If the student is deferred for graduation due to a grade of "I" (Incomplete), he or she may be eligible for the original date of graduation. Work must be completed, graded and recorded within thirty calendar days of that term's graduation date.

Undergraduate Enrollment in Graduate Courses
A currently enrolled Xavier University undergraduate student may begin graduate course work as a non-degree graduate student if the student is within 12 hours of completing the undergraduate degree. The student must be in good academic standing and must obtain written approval from the appropriate dean and program director. The student must complete the nondegree graduate application for admission and return it to the Graduate Services Office or the MBA Office with the written permission attached.

All graduate courses taken will be for graduate credit only; the credit hours completed for graduate credit may not count towards the student's undergraduate degree. No more than 6 credit hours taken as a non-degree graduate student may apply toward a graduate degree. Some courses are not available to non-degree graduate students. Psychology graduate courses are not available. NOTE: Students enrolled in the "Accounting 150 Credit Hour Program" should consult their
department for exceptions to these policies.

NOTE: Students in the Masters of Occupational Therapy program may take eleven graduate hours after they have completed 114 undergraduate hours.

Class Attendance

In order to earn credit in any course for which he/she is registered, the student is required to attend classroom and laboratory exercises regularly and promptly. Unexcused absence from a previously announced test may incur the penalty of a failure in that particular test. Regular attendance and missed class and test procedures are determined by the individual faculty members. Students should consult the class syllabi for current policy regarding attendance, grading, procedures, etc., by individual faculty members.

Courses at Other Institutions

Consortium Courses

Courses not available at Xavier may be taken through the Greater Cincinnati Consortium of Colleges and Universities. For courses taken through the consortium, both the credit and the grade earned are recorded on the student’s Xavier record and the quality points are computed into the student’s Xavier grade point average. For a list of the consortium schools, see "Consortium Opportunities" in this catalog. The student must be at least half-time and must bring written approval for consortium enrollment from the dean of his/her college to the Office of the Registrar. Contact the Office of the Registrar for more information. Consortium courses may not be taken in the last 30 hours at Xavier unless approved by a college dean.

Non-Consortium Courses

Students desiring to take courses at an accredited non-consortium university must receive prior approval from their dean. Normally no more than 15 hours may be taken at another institution and applied toward a degree after a student has matriculated at Xavier. The student usually must present a catalog with a description of the desired course. Courses from these institutions are treated as transfer credit. Credit is granted provided a grade of "C" or better was earned. The grade is not placed on the student's Xavier record, nor is it computed into the student’s Xavier grade point average.

General Electives

General electives are fulfilled by courses of the student’s choice as long as appropriate prerequisites are completed. Students may not apply more than 12 hours of any business area or 30 hours of total business courses toward electives.

Change of Major or Minor, Adding a Major or Minor

A student wishing to change or add a major or minor must receive approval from the dean. A student wishing to change majors from one undergraduate college (Arts & Sciences, Business, Social Sciences) to another must receive the written approval of both deans involved, beginning with the dean of the college the student is leaving. A student wishing to change majors within the same college must receive the written approval of the dean of the college and the department chair for the student’s new major. The change of major is effective immediately upon processing by the Office of the Registrar unless noted by the dean.
Application for Degree and Graduation

Students initiate the process of graduation by completing a Graduation Application, available online and from the Office of the Registrar. It is recommended that the student meet with the academic advisor or program director before registering for the final term of work to ensure that all degree requirements will have been met by the end of that term. Utilize the Degree Evaluation report available online and at the Office of the Registrar to assist you with your graduation check out.

The student must submit a Graduation Application form to the Office of the Registrar before the deadline published in the semester Schedule of Classes. A graduation fee will be charged. If the requirements for the degree are not completed at the time specified on the application, the student must submit a new Graduation Application form. The graduation fee is a onetime charge, per each degree awarded.

Degrees are granted three times each year: in August for those completing programs during the summer, in December for those completing programs in the fall semester, and in May for those completing programs during the spring semester. Commencement exercises are held each May for graduates from the entire previous academic year.

Students whose degree requirements are completed, graded, and recorded within thirty calendar days of that term's graduation date may receive a diploma dated for that term. Students must have satisfied all financial obligations to the University before the diploma or academic transcript can be released.

Graduation Honors

Honors are awarded on the basis of outstanding achievement only at the undergraduate level. For a bachelor's degree, a student who has earned a quality point average of 3.900 to 4.000 in Xavier course work will be graduated summa cum laude; one who has earned 3.750 to 3.899, magna cum laude; one who has earned 3.500 to 3.749, cum laude. For an associate's degree, a student who has earned a quality point average of 3.900 to 4.000 in Xavier course work will be graduated “with highest honor;” one who has earned 3.750 to 3.899 “with high honor;” one who has earned 3.500 to 3.749, “with honor.” These honors are inscribed on the student’s diploma and recorded on the student’s permanent academic record.

Transfer students with appropriate grade point averages are eligible for honors at graduation if they have completed at least 60 quality hours at Xavier University for a bachelor's degree or at least 30 quality hours at Xavier University for an associate's degree. If the student takes the Cultural Diversity Elective (CDE) requirement at Xavier on a pass/fail basis, the requirement for Xavier quality hours is reduced to 59 or 29 respectively (for two credit CDE classes, to 58 or 28 respectively; for three credit classes, to 57 or 27 respectively).

Honor cords may be worn by any student who graduates or participates in the May Commencement ceremony, if those honors were earned by the day of the ceremony.
Academic Standing
Actions regarding academic warning, probation, suspension, dismissal, and academic reactivation will be noted on the student’s permanent academic record.

Good Standing
A student in "good standing" is defined as a student who has earned a cumulative grade point average of 2.000 or better (a “C” average or better).

Academic Warning
Any freshman in a baccalaureate program whose cumulative average is 1.750 to 1.999 receives an academic warning. A warning may be issued for one semester only and may not follow a term on probation.

Academic Probation
Any student in an associate's degree program whose cumulative average falls below 2.000 is placed on academic probation.
A freshman in a baccalaureate program whose cumulative average falls below 1.750 is placed on academic probation.
Any upperclassman in a baccalaureate program whose cumulative average falls below 2.000 is placed on academic probation.
Academic probation can be imposed by a dean at the end of any term. While on probation a student may be restricted to a reduced course load, and/or receive other stipulations intended to improve the student’s academic success. Academic probation is removed when the student’s cumulative average rises to 2.000 or above.

Academic Suspension
Students on academic probation who fail to restore their cumulative grade point average to 2.000 within two semesters will be suspended. In addition, Freshmen and probationary students who receive more than one failing grade within a single term will be suspended. Suspension will be enforced unless in the judgment of the dean there are extenuating circumstances. One fall or spring term must elapse before a suspended student may reapply.

Academic Reactivation
A suspended student who wishes to return is required to complete a Reactivation Form, available in the Office of the Registrar or dean's office. Reactivation and the conditions for such will be determined by the dean of the college which issued the suspension letter. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation.

Academic Dismissal
A student who has been readmitted after a period of suspension and who fails to meet the terms of the readmission as stipulated by the appropriate college dean will be dismissed from Xavier and is not eligible to return.
Writing Standards

In written work for class assignments, the University requires a high quality of writing. Instruction is available, through course work and through the James E. Glenn Writing Center, to help students attain this high level of quality. Faculty members may refuse to accept an assignment that does not meet acceptable standards.

Eligibility for Participation in Extracurricular Activities

In order to be eligible for participation in extracurricular activities, a student must maintain a cumulative average of 2.0 or greater. This is understood in the following manner:

a) Freshmen or new students at Xavier, admitted on the standards specified by the University are eligible for the entire year, provided they earn a minimum cumulative 1.75 grade point average after the first semester of eligibility;

b) Students with sophomore standing or higher must have a 2.0 at the beginning of the academic year. They will be eligible to participate in extracurricular activities the entire year. Those who begin the fall semester below the eligibility standards will be ineligible for the entire year.

c) Xavier University Student Athletes need to reference the Student Athlete Handbook for mid-year and year-end progress toward degree requirements.

Academic Bankruptcy

Academic bankruptcy allows an undergraduate to continue work toward a college degree without being severely burdened by a term with a high proportion of low or failing grades. Academic bankruptcy means that all credits and all grades for a given term are excluded from the computation of a student’s grade point average, and the hours earned during the term will not be counted toward graduation. For this policy, the entire summer is considered one term.

A student may apply to the college dean for academic bankruptcy after the completion of a subsequent term of satisfactory performance. Satisfactory performance is defined as a grade point average of 2.000 in a term at Xavier that includes at least 6 credits of graded courses and no course withdrawals. The granting of academic bankruptcy may occur only once in a student’s academic career at Xavier University and is irrevocable. Actions regarding course repetition, warning, probation, suspension, dismissal, and reactivation are not modified by this policy.

Academic Honesty

The pursuit of truth demands high standards of personal honesty. Academic and professional life requires a trust based upon integrity of the written and spoken word. Accordingly, violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include theft, cheating, plagiarism, unauthorized assistance in assignments and tests, unauthorized copying of computer software, the falsification of results and material submitted in reports or admission and registration documents, and the falsification of any academic record including letters of recommendation.

All work submitted for academic evaluation must be the student’s own. Certainly, the activities of other scholars will influence all students. However, the direct and unattributed use of another’s efforts is prohibited as is the use of any work untruthfully submitted as one’s own.

Penalties for violations of this policy may include one or more of the following: a zero for that assignment or test, an “F” in the course, and expulsion from the University. The dean of the college in which the student is enrolled is to be informed in writing of all such incidents, though the teacher has full authority to assign the grade for the assignment, test, or course. If disputes of interpretation arise, the student, faculty member, and chair should attempt to resolve the difficulty. If this is unsatisfactory, the dean will rule in the matter. As a final appeal, the academic vice president will call a committee of tenured faculty for the purpose of making a final determination.
Grade Grievance Procedure

This policy applies to both graduate and undergraduate students.

Students may appeal final grades if they believe that the grade was awarded unfairly. The student is responsible for the burden of proof, and must be able to provide some evidence of the lack of fair treatment in order to file a formal grievance. The following procedure must be followed when filing such an appeal.

The instructor is obligated to participate in the grade grievance process. If the instructor does not participate, the chair and/or dean will proceed without the instructor.

1. The student shall indicate in writing to the chair of the appropriate academic department that he/she is appealing the grade. This notification must be submitted in person or postmarked by February 1 for fall grades, June 15 for spring grades, and September 1 for summer grades.

2. The student shall meet with the instructor to try to resolve the grade dispute before February 15 for fall grades and before September 15 for spring and summer grades.

3. If a resolution is not reached and the student still believes that the grievance has merit, the student shall submit a request in writing to the department chair for a meeting with the chair and the instructor. This request should indicate when the meeting with the instructor was held and its outcome; explain exactly how the instructor’s action was unfair; and be received by the department chair by March 1 for fall grades and October 1 for spring and summer grades. The student then meets with the department chair and instructor to try to resolve the dispute at this level.

4. If a resolution is not reached and the student wishes to pursue the grievance, he/she shall submit the statement from step #3, along with all evidence and documentation which supports the allegation, to the dean of the appropriate college. This should be done within five working days after meeting with the department chair and the instructor.

5. The dean shall convene a committee, composed of him/herself, three faculty members and two students, to conduct a hearing on the grievance. Two of the faculty members shall be from within the college and one from outside the college in which the instructor is located, and all shall be appointed by the dean. The two students shall have the same status as the grieving student (either graduate or undergraduate). If undergraduate, they shall come from a pool of 4-6 students appointed by the president of student government. One student shall be from within the college in which the grieving student is enrolled, and one shall be from outside the college. The dean shall choose the two students from the pool. If graduate, the dean shall meet with the appropriate graduate student organizations from the colleges to select the two students to sit on this committee.

The committee shall hold a hearing chaired by the dean. The instructor and the student shall be present and each shall be allowed an advisor (from within the University community) and shall be permitted to present witnesses. The committee, advisors, instructor and student shall all have the right to question the witnesses. The committee shall deliberate in closed session, and must present its decision in writing to the student and the instructor within five working days after the decision is reached. If the committee’s decision is that the grade given was inappropriate, the academic vice president shall authorize the registrar in writing to change the grade.

6. The decision of the committee is final unless new evidence or new witnesses not previously considered or heard at the hearing become available. The student must submit this new evidence to the academic vice president within ten working days following the receipt of the committee’s decision and must indicate precisely how this evidence or testimony relates directly to the alleged unfair awarding of the disputed grade.

7. The decision of the academic vice president is final. There is no further appeal.
Disciplinary Action

Xavier University expects the conduct of its students on and off campus to be in accordance with the standards of society. All students are expected to abide by the rules of conduct specified in the Code of Student Conduct as well as the Residence Life Handbook and the Standards for Off-Campus Living. A student violating any University regulation will be subject to disciplinary action. In minor cases, the appropriate staff member (usually from the Office of Residence Life or Student Services) will take action after consultation with the student.

Serious cases of misconduct will be presented before the associate vice president for student development/dean of students or the University Disciplinary Board. The associate vice president for student development/dean of students or the Board, after hearing a case in accordance with established procedures, will determine the penalty, if any. The associate vice president for student development/dean of students and/or the Board have the power to suspend or expel any student found to be in serious violation of any University regulation. Academic credits for courses in which the student is currently enrolled may be lost by a student who is dismissed or expelled from the University before the end of the semester. Refer to the discipline hearing procedures section of this catalog for more specific information.

Disciplinary records are confidential and are maintained by the Office of the Vice President for Student Development for a period of three to five years. The University may choose to notify parents of disciplinary action taken against a student.

Academically related discipline problems will be addressed through the appropriate department chair, dean and academic vice president.

Xavier University reserves the right to dismiss a student if, in the judgment of University officials, such action would be in the physical, mental, emotional or moral best interests of the student or is considered necessary for the welfare of the University. A student also may be required to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

Comprehensive Examinations

Comprehensive examination requirements vary according to each program and are found in the program descriptions in this catalog. A student who fails the comprehensive examination may appeal to the program director to repeat the examination during a subsequent term (only one examination attempt is permitted during the summer). A second failure will result in dismissal from the program.

Xavier University Institutional Review Board (IRB)

Xavier has established an Institutional Review Board (IRB) for the protection of human subjects participating in research conducted by or on students, faculty or staff of the University. This includes research performed at Xavier under contractual arrangements with outside research organizations. In these cases, such contracts are subject to review and the research protocol portion of the contract is subject to Xavier IRB review.

The Xavier IRB is guided by the ethical principles set forth by the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research in Ethical Principles and Guidelines for the Protection of Human Subjects of Research: The Belmont Report. In addition, the IRB attempts to insure compliance with the requirements set forth in Title 45, Part 46 of the Code of Federal Regulations.
Xavier University Professional Review Board (PRB)

A number of programs offered by the University qualify graduates to stand for certificates to practice professions involving vulnerable individuals (children, the ill, the mentally or physically challenged). Besides having academic knowledge and skills, they must also have the capacity to serve and help their future clients through intimate human contact.

When a student is found by their program or department to lack interpersonal skills necessary for activity as a professional, this Review Board, made up of certified, practicing professionals, serves as the student's appeal source. Instructors may also appeal to the Board if they are dissatisfied with their department's or program's lack of concern about an individual student's behavior.

Student Responsibility

It is the responsibility of the student to become informed about all regulations and procedures required by the program and by the University. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority. The advisor should be consulted concerning requirements, deficiencies, the planning of a program, and special regulations.

Reservation of Rights

Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

GRADUATE ADMISSION

web site address is www.xavier.edu/graduate_admissions

Health Services Administration Graduate Program 513 745-3687
XUMHSA@XAVIER.EDU

Master of Business Administration Graduate Program 513 745-3525
XUMBA@XAVIER.EDU

Master of Science in Nursing Program 513 745-4392
GOMEZ@XAVIER.EDU

Psychology Graduate Program 513 745-1053
MAYBURY@XAVIER.EDU

Office of Graduate Services (all other graduate programs) 513 745-3360
XUGRAD@XAVIER.EDU

Admission Status
Graduate students who have been admitted to Xavier University are designated as:
1. Degree students - those students officially accepted into a graduate degree program.
2. Non-degree students - those students who have not been officially accepted into a
graduate degree program. No more than six semester hours earned while classified
as a non-degree student may be transferred to a degree program. Please note: some
graduate programs require the director's permission to enroll as a non-degree
student. Not all programs offer non-degree studies. Check with the respective
office for details.
3. Licensure/Endorsement seeking - those students officially accepted in a licensure/
endorsement program.

Admission—Degree Students
Materials for admission to most graduate programs should be sent to the Office of Graduate
Services. Master of Business Administration (MBA) applicants should send all materials to the
MBA Office. Master of Health Services Administration (MHSA) applicants should send all
materials to the MHSA Office. Admission materials for graduate programs in psychology (MA,
& PsyD) should be sent to the Department of Psychology. Admission materials for graduate
programs in nursing (MSN) should be sent to the School of Nursing. Non-degree admission
is not available for the MBA program.

To be considered for admission, a student must do the following:
1. Submit a completed degree application form. Applications can be obtained from the
Office of Graduate Services, the MBA office, the Department of Psychology, The
Department of Nursing, or the MHSA Office. The current application fee must
accompany the application form.
2. Send one official transcript from all colleges or universities previously attended.
The bachelor's degree must have been earned from a regionally accredited institution;
three year bachelor degrees are not acceptable for admission consideration.
3. Arrange for applicable official test scores to be sent:
   a. Master of Business Administration applicants - Graduate Management Admission Test (GMAT);
   b. Master of Health Services Administration applicants - Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE);
   c. Master of Science in Nursing applicants - Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT) is accepted;
   d. Occupational Therapy - Graduate Record Exam (GRE);
   e. Doctor of Psychology and Master of Arts in Industrial/Organizational Psychology and General Experimental Psychology - Graduate Record Exam (GRE) general knowledge required and Psychology Subject Test recommended. Psychology Subject Test required for those without psychology as their major or minor;
   f. Other Graduate Programs:
      The Miller Analogies Test (MAT) or the Graduate Record Exam (GRE) is accepted for the following programs: The MA programs in counseling and theology; the MEd programs; and the MS in criminal justice. The MA program in English requires either the GRE or two academic letters of reference. In most cases, the test requirement is waived for students who currently hold a graduate degree.
4. A student for whom English is not the primary language may be asked to demonstrate proficiency in the English language by taking the Test of English as a Foreign Language (TOEFL).
5. Submit other required documents as specified for individual programs.
   Credentials received become the property of the University. Notification of acceptance or denial is sent to each applicant as soon as possible after receipt of all required materials. Official acceptance for graduate study is valid for a one-year period from the date of acceptance. Failure to enroll within the one-year period invalidates the acceptance and the individual must be readmitted to the program. Contact the Office of Graduate Services to inquire about readmission.

Admission—Non-degree Students (does not include MBA)
To apply for admission as a non-degree student, one must submit a completed non-degree application form and current application fee to the Office of Graduate Services. Credentials received for admission become the property of the University. Non-degree admission is not available for the MBA program. Non-degree students are subject to the following restrictions:
1. Some courses are not available to non-degree students. Contact the Office of Graduate Services 513 745-3360 for information about specific courses. MHSA courses may not be taken without permission of the director of the Graduate Program in Health Services Administration. Psychology courses may not be taken without permission of the chair of the Psychology Department.
2. Although there is no limit to the number of courses that may be taken as a nondegree student, **no more than six hours taken in non-degree status may be applied toward a graduate degree.**
3. A non-degree student may apply to a degree program by completing the application process for degree status.
4. Non-degree students are subject to all University policies described in the catalog.
TEACHER LICENSURE/ENDORSEMENT ADMISSIONS

The Licensure/Endorsement admission is used for the following programs:
traditional Early Childhood, Middle Childhood, Secondary, Special Education, Montessori
Early Childhood, School Counseling, Community Counseling, Educational
Administration, and Reading. To be considered for admission in one of these licensure
or endorsement programs, a student must do the following.

1. Submit a completed licensure/endorsement application form. Applications can be
obtained from the Office of Graduate Services. The current application fee must
accompany the application form.
2. Send one official transcript from all colleges and universities previously attended.
The bachelor's degree must have been earned from a regionally accredited institution.
3. Before you may be considered for the traditional Early Childhood Licensure Cohort
you must be admitted into the Master of Education program. Meet with an advisor
to determine any prerequisite courses that might need to be taken before consideration
is made for the early childhood cohort group that is selected during the spring
semester each year.
4. To be considered for the licensure programs in early childhood education, secondary
education, Montessori, middle childhood or special education, you must first
meet with an advisor in that program.
5. To be considered for the School Counseling or Community Counseling licensure
program you must also submit a 500 word statement of purpose and a resume.
6. A student for whom English is not the primary language may be asked to
demonstrate proficiency in the English language by taking the Test of English as a
Foreign Language (TOEFL).
7. A statement of moral character must be signed and notarized
8. Some programs also require three letters of recommendation.

Credentials received become the property of the University. Notification of
acceptance or denial is sent to each applicant as soon as possible after receipt of all
required materials. Official acceptance for a licensure program is valid for a one-year
period from the date of acceptance. Failure to enroll within the one-year period
invalidates the acceptance and the individual must be readmitted to the program.
Contact the Office of Graduate Services to inquire about readmission.

Admission—International Students XUGLOBAL@XU.EDU

To apply for admission, the student must submit the following items to the appropriate
graduate admission office. Credentials received for admission become the property of the
University.

1. An international student application form.
2. Evidence of proficiency in the English language. A Test of English as a Foreign
Language (TOEFL) score of 550, or a computer based test score of 213, for graduate
students is required. Students who want to improve their English skills can enroll
in Xavier’s English as a Second Language (ESL) program. To enter graduate degree
programs, graduate ESL students need to obtain a TOEFL score of 550 (or a
computer based test score of 213 ) and an average of "B" in ESL courses; and meet
all other admission requirements. Internet based score should be 80 or higher
with sub-scores of 20 or higher in each of the four subsections.
3. Official transcripts of the total college or university academic record (not just a diploma) from all schools attended (mark sheets should be provided where pertinent). Transcripts must have original signature and institution seal. Attested or “true” copies are not acceptable unless certified by an authorized official. An official evaluation of undergraduate transcripts by the World Education Service placing the foreign education into the American system.

4. Recommendation letters are required by some programs.

5. Graduate Management Admissions Test (GMAT), Graduate Record Exam (GRE), or other necessary test scores (see previous page).

6. Certified English translation accompanying all documents not issued in English.

7. (a) All documents must be received by the appropriate admission office for an admission decision to be made and hence for an I-20 form to be issued. (b) A separate statement from an official source to show that the student or sponsor is able to meet the expenses.

All documents must be received by the appropriate admission office before a Form I-20 will be issued. International students who have been admitted to the University must meet the University’s campus housing requirement (see Residence Life).

Prior to the start of classes, students must submit immunization records and personal health history. International students must have health insurance equivalent to what is offered through Xavier University.

Graduate Reactivation

A degree-seeking graduate student who previously attended Xavier and has not been registered for one full academic year must notify the Office of the Registrar or the appropriate admission office before attempting to register for classes again and continuing in the course of study. Applicants who want credit for coursework taken at another university during their absence from Xavier must submit an official transcript to their respective program director for credit review. See the entry under Transfer Students below for time limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean.

Students suspended from Xavier or from other institutions for poor scholarship will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation.

Transfer Students

Master’s Degree

A maximum of six semester hours (or the equivalent) of graduate work completed at another accredited graduate school prior to initial admission to Xavier University may be transferred with the permission of the program director, the chair and the dean. In some cases, exceptions are made to the maximum number of transfer hours. Coursework that is part of a previously earned graduate degree is not accepted for transfer credit. Courses in which grades of "A" or "B" (3.000 or higher) are transferable. Credit earned through correspondence or television courses is not accepted. Decisions regarding transfer credit are made at the time of admission to degree seeking status.

A consortium of AACSB accredited Jesuit business schools has a reciprocity agreement stating that the majority of MBA credits taken by a student may be transferred into or from one
consortium member to another, up to half of the core curriculum of any program. Contact the MBA Office or visit WWW.JEBNET.ORG for details.

Doctor of Psychology

Students accepted into the doctoral program who already hold a master's degree in a field akin to clinical psychology, may expect a portion of the previous graduate work to be credited toward fulfillment of the doctoral degree requirements. The allowable number of transferable credit hours may vary. In all cases a minimum of 72 hours of the required 114 must be completed at Xavier University.

Petitions for transfer of credit will be granted with the recommendation of the Department Chair and approval of the Dean of the College of Social Sciences, Health, and Education. Courses taken more than six years prior to entering the doctoral program will normally not be accepted for transfer.

Courses Taken at Other Institutions

Graduate credit completed at another university is not transferable toward a graduate degree at Xavier once the student has begun a graduate program at Xavier. Exceptions to this policy may be made when:

1. a student is permanently transferred to another city by family obligations.
2. a student is specifically directed by the program director, chair or dean to take a course not available at Xavier.
3. Up to six semester hours of graduate course work obtained in the Greater Cincinnati Consortium of Colleges and Universities may be applied to a master’s degree taken at Xavier, with the advanced written permission of the program director or dean.

As a matter of policy, the official academic record lists only those graduate courses from other universities which apply toward an advanced degree or pertain to certification.

Undergraduate Enrollment in Graduate Courses

A currently enrolled Xavier University undergraduate student may begin graduate course work in certain areas of study, excluding the MBA and psychology (M.A. and Psy.D.) programs, as a non-degree graduate student if the student is within 12 hours of completing the undergraduate degree. The student must be in good academic standing and must obtain written approval from the appropriate dean and program director. The student must complete the non-degree graduate application for admission and return it to the appropriate admission office with the written permission attached.

All graduate courses taken will be for graduate credit only; the credit hours completed for graduate credit may not count toward the student's undergraduate degree. No more than 6 credit hours taken as a non-degree graduate student may apply toward a graduate degree. Some courses are not available to non-degree graduate students.

NOTE: Students enrolled in the "Accounting 150 Credit Hour Program" should consult their department for exceptions to these policies.

Veterans’ Education

Xavier University is approved for the education and training of veterans and their eligible dependents under all existing public laws. Requests for information should be referred to the Director of Veterans’ Educational Benefits, Office of the Registrar, Xavier University. Xavier is a Servicemembers Opportunity College (SOC). The toll free number for DVA and SOC information is 1-800-368-5622.
Reservation of Rights
Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

* * * * *
General Policies

The policies listed here affect all graduate students. Some degree programs have special policies which are specified within individual program descriptions. Refer to the "registration" section of the catalog for general registration policies which affect both undergraduate students and graduate students.

No more than six credit hours taken as a non-degree graduate student may apply toward a graduate degree. Some courses and/or programs are not available to non-degree graduate students.

Classification and Enrollment Status of Graduate Students

1. Full-time: summer, fall or spring - attempting 9 or more semester credit hours.
   (Selected programs, have semesters designated full-time regardless of hours attempted.)
2. Part-time: summer, fall or spring - attempting up to 8.5 semester credit hours (half time is 4.5 to 8.5 semester credit hours; there is no three-quarters time).

Graduate Grading System

Plus/Minus grading is applicable to all courses numbered 500 or above unless a departmental policy dictates otherwise. The "+" (plus) increases a letter grade by .33, and "-" (minus) decreases a letter grade by .33.

A = Exceptional
A- = Good
B+ = Good
B = Good*
B- = Incomplete, changed when grade is assigned.
C+ = Minimal**
C = Minimal**
F = Failure

VF = Failure to officially withdraw
W = Official withdrawal
M = Incomplete, changed when grade is assigned.
AU = Audit - no credit or grade earned
S = Passing/Satisfactory, credit earned
U = Not passing/Unsatisfactory, no credit earned
NC = No credit earned, non-graded course

* minimum for credit in courses below 500 level
** minimum for credit in courses 500 level and above

No grade change can be made later than the 15th calendar day after the beginning of the next academic semester (fall or spring) except in the case of a resolved Grade Grievance. "S"/"U" grades are given in certain pass/fail courses, in place of letter grades. The grade of "S" does not equate with letter grades and is transferable to other universities only upon their approval.
Quality Points

The quality point is the unit used to measure student achievement in a course. The number of quality points received for any course is equal to the number of points attached to the grade received multiplied by the number of quality hours yielded by the course. Quality points are computed as follows:

- A = 4.00 quality points per credit hour
- A- = 3.67 quality points per credit hour
- B+ = 3.33 quality points per credit hour
- B = 3.00 quality points per credit hour
- B- = 2.67 quality points per credit hour
- C+ = 2.33 quality points per credit hour
- C = 2.00 quality points per credit hour
- F = 0.00 quality points per credit hour
- VF = 0.00 quality points per credit hour
- U = 0.00 quality points per credit hour

The student’s term grade point average (GPA) is computed by dividing the total number of quality points by the total number of quality hours in that term. "W", "M", "AU", "S" and "NC" grades are not calculated into quality points, nor quality hours and therefore do not affect the GPA. The cumulative GPA is based on all terms at Xavier.

The semester hours in courses in which an "S" grade is earned will count toward the University’s minimum requirement of 30 semester hours for graduation with a master's degree. However, if the grade earned is "U" (Unsatisfactory), both the credit hours and the quality points are computed into the student’s cumulative grade point average.

Course Numbering

Courses are numbered in the following way:

100 to 199 - undergraduate lower division courses, for undergraduate credit only.
200 to 499 - undergraduate upper division courses; selected courses are open to graduate students for graduate credit. Some degree programs in the College of Arts and Sciences and the College of Social Sciences accept none or a limited number of such courses. The graduate program in the Williams College of Business and the graduate program in Health Services Administration accept no undergraduate level courses for graduate credit.
500 and above - graduate level courses for graduate credit only; open to graduate students only.

Credit Hours, Semester

A semester credit hour is equivalent to fifteen class hours per term. A weekly two- or three-hour period of laboratory work is considered equivalent to one credit hour. The credit hours for work in internships, practicums and student teaching vary.

The number of credit hours which each course carries is provided in the course description section of this catalog. The courses are listed in numerical order within the various departments.

Excess Credit Hour Course Load

The following maximum course loads may only be exceeded with permission from the student's dean even if the additional hours are to be taken for audit. Excess hours carry additional fees, unless departmental policy requires the excess.

1. Fall, Spring, or Summer - 15 hours
   Special courses such as workshops, institutes, tutorials, independent study, and courses graded on a satisfactory/unsatisfactory basis are available and may be applied toward a graduate
degree. However, a student’s degree program may not include more than six semester hours of such special course work.

Prerequisites
When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. Prerequisites must be passed with the minimum acceptable grade before subsequent courses may be taken.

Auditing Courses
Any graduate student wishing to audit a course may do so. An audited course does not carry credit or earn a grade. Regular tuition rates apply. If audit requirements are not met a "W" grade may be assigned. Psychology courses may not be audited.

Incomplete Work
Grades of "M" (Graduate Incomplete) should be cleared within four weeks after the last day of the term in which the course was taken. This time limit may be extended upon administrative approval and generally does not exceed one year.
If the student is deferred for graduation due to a grade of incomplete, he or she may be eligible for the original date of graduation. Work must be completed, graded, and recorded within thirty calendar days of that term's graduation date.

Class Attendance
Reasonable attendance at all class meetings of courses for which a student has registered is expected of students as a condition for the granting of academic credit. Lack of reasonable attendance as determined by the individual faculty member is reason for denial of credit for a course and possible course failure. Students should consult the class syllabi for current policy regarding attendance, grading procedures, etc., by individual faculty members.

Academic Standing
Actions regarding academic warning, academic dismissal, and academic reactivation will be noted on the student’s permanent academic record.

Academic Warning
A student whose cumulative GPA falls below 2.800 in courses taken for graduate credit will be “WARNED.” The dean will send this warning to the student and will also send a statement of dismissal policy. Such notification will be sent at the end of each semester so long as the student remains in this status. Some programs require a minimum of 3.000.

Academic Dismissal
Any student whose cumulative GPA is below 2.800 in courses taken for graduate credit and whose next semester graduate course GPA is also below 2.800 is subject to dismissal from that program. Some programs require a minimum of 3.000. Consult the program director for information.

Any student who earns two unsatisfactory grades ("C" or lower) in courses numbered below 500; or "F" in courses numbered 500 or above) is subject to dismissal from that program.
Xavier University reserves the right to dismiss a student for reasons of poor scholarship, academic fraud, or misconduct. Actions regarding Academic Dismissal will be noted on the student’s academic record.
Non-academic Dismissal

Xavier University reserves the right to dismiss a student if, in the judgment of University officials, such action would be in the physical, mental, emotional, or moral best interests of the student or is considered necessary for the welfare of the University.

Academic Honesty

The pursuit of truth demands high standards of personal honesty. Academic and professional life requires a trust based upon integrity of the written and spoken word. Accordingly, violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include theft, cheating, plagiarism, unauthorized assistance in assignments and tests, unauthorized copying of computer software, the falsification of results and material submitted in reports or admission documents, and the falsification of any academic record including letters of recommendation.

All work submitted for academic evaluation must be the student’s own. Certainly, the activities of other scholars will influence all students. However, the direct and unattributed use of another’s efforts is prohibited as is the use of any work untruthfully submitted as one’s own.

Penalties for violations of this policy may include one or more of the following: a zero for that assignment or test, an “F” in the course, and expulsion from the University. The dean of the college in which the student is enrolled is to be informed in writing of all such incidents, though the teacher has full authority to assign the grade for the assignment, test, or course. If disputes of interpretation arise, the student, faculty member, and chair should attempt to resolve the difficulty. If this is unsatisfactory, the dean will rule in the matter. As a final appeal, the academic vice president will call a committee of tenured faculty for the purpose of making a final determination.

Grade Grievance Procedure

Students may appeal final grades if they believe that the grade given was unfair. The student must be able to provide some evidence of the lack of fair treatment in order to file a formal grievance, and must follow the Grade Grievance Procedure when filing such an appeal.

Disciplinary Action

Xavier University expects the conduct of its students on and off campus to be in accordance with the standards of society. All students are expected to abide by the rules of conduct specified in the Code of Student Conduct, and the Student Handbook. A student violating any University regulation will be subject to disciplinary action. In minor cases, the appropriate staff member (usually from the Office of Residence Life or Student Services) will take action after consultation with the student.

Serious cases of misconduct will be presented before the Associate Vice President for Student Development/Dean of Students (AVPSD/DS) or the University Disciplinary Board. The AVPSD/DS or the Board, after hearing a case in accordance with established procedures, will determine the penalty, if any. The AVPSD/DS and/or the Board have the power to suspend or expel any student found to be in serious violation of any University regulation. Academic credits for courses in which the student is currently enrolled may be lost by a student who is dismissed or expelled from the University before the end of the semester. Refer to the current Student Handbook for discipline procedures.

Disciplinary records are confidential and are maintained by the Office of the Vice President for Student Development for a period of three to five years. The University may choose to notify
parents of disciplinary action taken against a student.

Academically related discipline problems will be addressed through the appropriate department chair, dean and academic vice president.

Xavier University reserves the right to dismiss a student if, in the judgment of University officials, such action would be in the physical, mental, emotional or moral best interests of the student or is considered necessary for the welfare of the University. A student also may be required to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

**Program Requirements**

Specific requirements of the master's and doctoral programs are described in this catalog. Though advising services are available to assist all students, the student is responsible for following the procedures and completing the steps required for the program. Requirements of graduate programs, both procedural and substantive, may be waived only by written request of the student and/or program director concerned and must have the written approval of the dean of the appropriate college. Additional information may be found in the program fact sheets (available in the Office of Graduate Services).

At least sixty percent of course work toward a graduate degree must be courses offered for graduate credit only, i.e., numbered 500 or higher and not open to undergraduate students. The remainder must be in approved upper division courses numbered 200-499 taken for graduate credit. (Grade of "A" or "B" must be earned for credit in courses below 500 level.) All MBA coursework must be graduate level MBA courses; all MHSA and PsyD coursework must be graduate level.

**Xavier University Institutional Review Board (IRB)**

Xavier has established an Institutional Review Board (IRB) for the protection of human subjects participating in research conducted by or on students, faculty or staff of the University. This includes research performed at Xavier under contractual arrangements with outside research organizations. In these cases, such contracts are subject to review and the research protocol portion of the contract is subject to Xavier IRB review.

The Xavier IRB is guided by the ethical principles set forth by the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research in Ethical Principles and Guidelines for the Protection of Human Subjects of Research: The Belmont Report. In addition, the IRB attempts to insure compliance with the requirements set forth in Title 45, Part 46 of the Code of Federal Regulations.

**The Xavier University Professional Review Board (PRB)**

A number of programs offered by the University qualify graduates to stand for certificates to practice professions involving vulnerable individuals (children, the ill, the mentally or physically challenged). Besides having academic knowledge and skills, they must also have the capacity to serve and help their future clients through intimate human contact.

When a student is found by their program or department to lack interpersonal skills necessary for activity as a professional, this Review Board, made up of certified, practicing professionals, serves as the student's appeal source. Instructors may also appeal to the Board if they are dissatisfied with their department's or program's lack of concern about an individual student's behavior.
Minimum Grade Point Average to Graduate

The minimum grade point average required for graduation from all graduate degree programs is as follows:

<table>
<thead>
<tr>
<th>College of Arts &amp; Sciences</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>MA English</td>
<td>3.00</td>
</tr>
<tr>
<td>MA Theology</td>
<td>2.80</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>College of Social Sciences, Health &amp; Education</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>MA Community Counseling</td>
<td>3.00</td>
</tr>
<tr>
<td>MA School Counseling</td>
<td>3.00</td>
</tr>
<tr>
<td>MA Psychology</td>
<td>3.00</td>
</tr>
<tr>
<td>MEd</td>
<td>2.80</td>
</tr>
<tr>
<td>MEd-HRD</td>
<td>3.00</td>
</tr>
<tr>
<td>MHSA</td>
<td>3.00</td>
</tr>
<tr>
<td>MS Criminal Justice</td>
<td>2.80</td>
</tr>
<tr>
<td>MSN</td>
<td>3.00</td>
</tr>
<tr>
<td>MOT</td>
<td>3.00</td>
</tr>
<tr>
<td>PsyD Psychology</td>
<td>3.00</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Williams College of Business</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>MBA &amp; XMBA</td>
<td>3.00</td>
</tr>
</tbody>
</table>

In addition, two unsatisfactory grades, as stated in the Academic Dismissal section, shall be grounds for dismissal.

Student Progress

Candidates for the master’s degree who fail to complete all requirements within six years after enrolling must apply for reactivation. Candidates for the doctoral degree who fail to complete all requirements within eight years after enrolling must apply for reactivation. Certain programs may impose shorter progress requirements. A petition must be submitted to the appropriate college dean before proceeding. Reactivated students are held to program requirements in place at the time of reactivation. The dean of the college may impose certain stipulations as a condition for reactivation.

Application for Degree and Graduation

Students initiate the process of graduation by completing a Graduation Application, available online and from the Office of the Registrar. It is recommended that the student meet with the academic advisor or program director before registering for the final term of work to ensure that all degree requirements will have been met by the end of that term. Utilize the Degree Evaluation available online and at the Office of the Registrar to assist you with your graduation check out.

The student must submit a Graduation Application form to the Office of the Registrar before the deadline published in the semester Schedule of Classes. A graduation fee will be charged. If the requirements for the degree are not completed at the time specified on the application, the student must submit a new Graduation Application form. The graduation fee is a onetime charge, per each degree awarded.
Degrees are granted three times each year: in August for those completing programs during the summer, in December for those completing programs in the fall semester, and in May for those completing programs during the spring semester. Commencement exercises are held each May for graduates from the entire previous academic year.

Students whose degree requirements are completed, graded, and recorded within thirty calendar days of that term's graduation date may receive a diploma dated for that term.

Students must have satisfied all financial obligations to the University before the diploma or academic transcript can be released.

**Multiple Master's Degrees**

A student may earn from Xavier University only one graduate degree of the same type, e.g., MBA or MHSA, although more than one Master of Arts or Master of Science degree may be obtained in more than one subject or field. An MEd in Human Resource Development or Sport Administration may be earned in addition to another MEd degree. There may not be any overlap in courses used for multiple master's degrees. If two programs require a common course, a substitute must be approved for one of the degree programs. (Note that exceptions to this rule may be a part of the design of dual-degree programs.)

**Comprehensive Examinations**

Comprehensive examination requirements vary according to each program and are found in the program descriptions in this catalog. A student who fails the comprehensive examination may appeal to the program director to repeat the examination during a subsequent term (only one examination attempt is permitted during the summer). A second failure will result in dismissal from the program.

**Thesis/Dissertation**

Thesis/dissertation requirements vary according to program and are found in the program descriptions in this catalog. The thesis/dissertation required for a degree should embody the results of the applicant’s research in some problem of the major subject, and must at each stage be under the direction of an appropriate faculty member appointed by the chair.

**Student Responsibility**

It is the responsibility of the graduate student to become informed about all regulations and procedures required by the program and by the University. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority. The program director should be consulted concerning requirements, deficiencies, the planning of a program, and special regulations.

Any falsification of information on the application, transcripts, recommendations (where required), or test scores will be sufficient cause for disqualification for admission or dismissal if the individual has been admitted. All tuition and fees paid and graduate credit earned are forfeited under such dismissal.
Reservation of Rights

Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

* * * * *
REGISTRATION
Undergraduate and Graduate

MyXU Self-Service Channel
MyXU (myxu.xu.edu) is a secure website that is available to all students to access their registration information. During designated times students may register for classes and make class schedule changes on-line. Other on-line services include viewing and printing class schedules, grades, and academic history.

Schedule of Classes
The Schedule of Classes is prepared by the Office of the Registrar and lists course offerings, assigned dates, times, and instructors. It is available on-line through either the MyXU self-service channel or at www.xavier.edu/registrar. The on-line version is updated in real time and provides the most current Schedule of Classes information.

Selection of Courses and Course Loads
The choice of courses and the total number of credit hours in a student’s program of studies each term are subject to restrictions deemed necessary by the college dean or academic advisor. When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. The following are the maximum full-time course loads for undergraduate and graduate students. Permission to exceed these maximums, even if the additional hours are to be taken for audit, must be obtained from the college dean.

**Undergraduate Student Maximum**
Fall or spring - 18 hours
Summer - 7 hours each session, not to exceed 14 hours for the entire summer.

**Graduate Student Maximum**
Fall, Spring, or Summer - 15 hours

Academic Advising
Undergraduate academic advising assists students in their pursuit of educational plans and programs which will aid them in fulfilling their major or degree requirements and/or prepare them for a career. Academic advising is available for students in all three colleges and CAPS: College of Arts and Sciences, College of Social Sciences, Health & Education, Williams College of Business, and the Center for Adult and Part-Time Students. Undeclared students, Natural Sciences and Biology freshmen in the colleges of Arts and Sciences and Social Sciences are advised by academic advisors in the Academic Advising Center located on the first floor of Alter Hall, 104 A-H. Undeclared students in the Williams College of Business are advised by designated academic advisors in that college. Students with declared majors in all colleges are advised by department chairs or designated faculty advisors in the departments of the college. Adult and part-time students are advised through the Center for Adult and Part-time Students (CAPS) or through their departments.
**Degree Evaluation Report**

A Degree Evaluation report using the Banner software called "Curriculum Advising and Program Planning" from Sungard Higher Education shows a student's completed coursework and current registration matched with degree requirements of his/her declared major; it also identifies deficiencies and lists courses to satisfy requirements. Students may access an evaluation report via MyXU campus portal. The report also assists students' advisors and the University in determining progress toward completion of program requirements and as a graduation check.

**Registration**

**PREP Registration**

The Priority Registration Experience Program (PREP) is for new freshmen that will enter the University for the first time in the fall semester. The day is designed to be one in which Xavier reaches out to create a sense of belonging. This program is conducted on a day in the summer and has as its purpose placement testing in mathematics and foreign language, academic advising, and course registration for fall classes. It is a day in which parents or guardians join their sons and daughters at an information fair that acquaints them with University services and allows them to meet key individuals who can answer questions on all areas of student life. The freshmen also receive their University I.D. card at this time.

**Priority Registration**

Priority registration for a semester occurs midway through the previous semester and gives currently enrolled students the opportunity to enroll early in desired classes. In order to participate in priority registration, undergraduate students must first meet with their advisor. No payment for tuition and fees is required during priority registration. Billing statements are mailed to students after priority registration ends. Payment due must be submitted approximately four weeks before the beginning of the next semester.

**Open Registration**

Open registration occurs after priority registration, and is open to any student.

**Formal Registration**

Formal registration occurs within the week preceding the beginning of a semester for students who did not participate in priority registration or open registration, or who did not complete payment obligations. Dates for formal registration can be found in the University calendar in this catalog, in the Schedule of Classes or at WWW.XAVIER.EDU/REGISTRAR.

**Late Registration**

Late registration begins the first calendar day of the semester and ends on the seventh calendar day of the semester for full-term classes. Registration is not permitted after the seventh calendar day of the semester. See the Schedule of Classes for late registration dates for other sessions.

**Registration Methods**

- Registration materials may be obtained in-person at the Office of the Registrar, can be mailed to the student upon request or can be obtained on-line at WWW.XAVIER.EDU/REGISTRAR.
- In-person - Students present completed registration forms to the Office of the Registrar or Center for Adult and Part-Time Students (CAPS), if appropriate. In fall and spring, advisor signatures are required on undergraduate registration forms. Extended office hours are offered during peak registration times (during priority and formal registration).
• Mail-in/Fax - see above.
• On-line - Students may register on-line via portal at myxu.xu.edu.

Schedule Adjustment (Class Adds-Drops, all students, Fall and Spring Term; for Summer, consult the Summer Session Bulletin)

Once a student has registered for a term, to add or drop classes he/she must process a drop/add request using a method described above as follows:

**FULL TERM CLASSES:**

**Adding a Class**
Classes can be added through the first seven calendar days of the term.

**Dropping a Class**
Classes can be dropped through the first seven calendar days of the term without a grade appearing on the student’s academic record. Undergraduate students receive a grade of "W" for classes dropped from the eighth calendar day of the term through approximately 80% of the term. For graduate students, a “W” occurs if a class is dropped from the eighth calendar day of the term through the last day of classes. See the Fall/Spring Schedule of Classes or the Summer Session Bulletin for specific dates and policies.

**SHORT TERM CLASSES:**

**Adding a Class**
Classes can be added through the first three days of the term.

**Dropping a Class**
Classes can be dropped through the first seven calendar days of the term without a grade appearing on the student's academic record. Students will receive a grade of "W" for classes dropped from the seventh calendar day through approximately 80% of the short term. See the Fall/Spring Schedule of Classes for specific dates and policies.

The Office of the Bursar adjusts the student’s financial account based on the add-drop activity. Advisor’s signatures are not required to change sections through the schedule adjustment period.

**Special Registration Conditions**

Students taking courses as audit or as repeated courses are responsible for obtaining and completing the proper forms to identify such courses at the time of registration, during schedule adjustment, or during late registration.

**Auditing Courses**
Anyone wishing to audit a course may do so. An audited course does not carry credit or earn a grade. No one may change from credit status to audit status or from audit status to credit status after the seventh calendar day of the term. Regular tuition rates apply. A grade of "W" may be awarded by the instructor if the student does not fulfill class obligations, or stops attending.

**Repetition of Courses**
Students need to initiate this process. A course previously taken for credit may be repeated up to two additional times, including any withdrawals. The credit hours of the repeated course are counted only once. While all grades are entered on the student’s official academic record, and appears on a student's transcript only the most recent grade counts in the student’s grade point average, even if it is the lowest. Academic bankruptcy does not eliminate the term's courses from counting as repeated courses.
Undergraduate
Some courses may not be repeated:
1. MATH 105, 120, and 150 may not be repeated after successful completion of a more advanced math course.
2. An elementary or intermediate foreign language course may not be repeated after successful completion of a more advanced course in the same language.

Graduate
Courses completed in a student’s undergraduate program or in another graduate program cannot be repeated for graduate credit. Courses applied to another degree, either at Xavier or another institution, may not be applied to any master's degree at Xavier.

Satisfactory/Unsatisfactory
Satisfactory/Unsatisfactory (S/U) grading is only available in certain courses. Letter grades cannot be given in these courses. The semester hours in courses taken on a S/U basis will count toward the University’s minimum semester hour requirement of 120 for graduation if they are passed successfully. Neither the course hours nor any quality points are computed into the student’s grade point average if the grade is “Satisfactory.” However, if the grade is “Unsatisfactory,” both the credit hours and the earned quality points are computed into the student’s cumulative grade point average.

Withdrawal from the University during an Academic Term
A student who wishes to withdraw from all classes during a term (even if only registered for one course) must do the following:
1. Notify the appropriate college dean in person or in writing;
2. Obtain authorization from the dean by completing a withdrawal form;
3. Submit the form to the Office of the Registrar;
4. If a campus resident, notify the Office of Residence Life.

A student is considered to be enrolled until officially withdrawn. Failure to withdraw officially from the University will result in grades of "VF" for all courses. Once a semester begins, withdrawal from the University is recorded as an “Official Withdrawal” on the student’s academic record.

A student who wishes to withdraw from the University between semesters is not required to withdraw formally but is encouraged to contact his/her academic advisor or dean about the decision.

Academic Record/Transcript
The transcript is the official academic record for all Xavier University students. Official copies must be obtained from the Office of the Registrar.

Transcript orders must be made in writing (in person, mail-in or fax) and signed by the student. The request should include the student's current name, phone number, all previous names, ID number or Social Security Number, dates of attendance, major or concentration and any degrees received. The request should also include the student's current address, the number of copies needed and the complete address(es) to which the transcripts should be sent. The proper fee must be enclosed with the request, and all obligations to the University must be met before transcripts may be issued.

Transcript information is available through the Xavier University transcript information telephone line, 513 745-2007, or on-line at WWW.XAVIER.EDU/REGISTRAR.
National Student Clearinghouse (NSC)

Xavier University is in partnership with the National Student Clearinghouse (NSC). NSC is responsible for processing student loan deferment forms for the following programs: Subsidized Stafford Loan, Unsubsidized Stafford Loan and Parent Loan for Undergraduate Students (PLUS). More information on NSC can be found at WWW.STUDENTCLEARINGHOUSE.ORG. Since NSC is Xavier University's legally designated agent, primary responsibility for loan deferment processing is with NSC. Please contact the Office of the Registrar for additional assistance or information.

Student Identification Card (ALL CARD)

The student identification card, ALL CARD, is required for all full-time and part-time students. ALL CARDS are provided through the ALL Card Center, room 270 Gallagher Student Center. The card is the official University identification and must be in your possession while on campus. The ID services include access for the library, recreational sports center, athletic and special event ticketing and login access to the MyXU Campus Portal system.

In addition to serving as your identification card for easy access to campus facilities and programs, the ALL CARD is used as a prepaid cash card to pay for on-campus services such as: bookstore, food services, copying, library fees, and vending.

The ALL CARD technology even includes the student's ability to integrate U.S. Bank's complete banking as well as Internet banking services with Xavier's financial services system.

The system eliminates issues related to multiple cards for campus access and funds management. Convenience, simplicity and security... one card does it all! Questions regarding ALL CARD services and available to students should be referred to the ALL Card Center at 513 745-3374 or on-line at www.xavier.edu/allcard.

* * * * *
The Family Educational Rights and Privacy Act (FERPA) of 1974 as amended details the access of student records held and maintained by educational institutions. The law further requires that parents or eligible students be notified of the types of records held and officials responsible for such records.

Parents have the right of access, review and challenge for elementary and secondary students (under the age of 18). The student assumes the rights of the parents at age 18 or upon attendance at a post-secondary institution. However, if the student is considered dependent (according to the 1954 Internal Revenue Code), both the student and parents have access rights. A student's records will be released to parents only after receipt of reasonable proof of dependency.

Pursuant to Section 99.13, students have the right of access to all educational records except those specifically excluded under the amendments to the Privacy Act. The following materials are specifically exempted from access by students: (1) Personal notes of teachers and administrators, provided these notes are not available to a third party other than a teacher's substitute; (2) Law Enforcement Records, to include those of the campus police force; (3) Medical, psychological and counseling records. The privacy of student medical records is protected by Ohio law and they are not available to anyone except those providing the treatment. These records are excluded from FERPA as long as they are used only for treatment and are not used for educational purposes. Student medical and counseling records are also excluded from the provisions of the Health Insurance Portability and Accountability Act (HIPAA).

In addition to the above excepted information, students may not inspect financial information submitted by their parents, nor may they inspect confidential letters of reference placed in the file prior to January 1, 1975.

The student does have the right of access upon request to all other educational records and files which are directly related to the student with proper identification. This includes all admissions records, registration files, financial aid materials (excluding financial information submitted by their parents as mentioned above), housing files, discipline records and any athletic records.

University employees who have an "educational need to know" and others with the expressed consent of the student also have the right of access to a student's records.

In compliance with Section 99.5 of the Family Educational Rights and Privacy Act of 1974, the following information is published for all students at Xavier University.
Types of Records and Officials Responsible for Maintenance of Records

Requests for the following records should be directed to the appropriate office at Xavier University, 3800 Victory Parkway, Cincinnati, Ohio 45207-1092.

Review and Expunging of Records

Each of the offices listed has review procedures and methods of expunging inaccurate data which are particular to the type of records kept and to the specific purpose for which they are maintained. Specific procedures can be determined by contacting the official of the office concerned.

Procedures for Challenging Content of Records

The procedures for challenging content of any specific record for reasons of inaccuracy of bias can be either informal or formal hearings. Student requests for a formal hearing must be made in writing to the appropriate vice president who, within a reasonable period of time after receiving such requests, will inform the student of the date, place and time of the hearing. The parents and/or student have the right to present evidence that the challenged material is inaccurate, misleading, or in any way inappropriate for the particular file. Correction of the material or deletion of the material should be requested. Decisions rendered at the hearing will be final, and will be based solely on the evidence presented at the hearing. The appropriate vice president will summarize the evidence, state the decision, and state the reasons for the decision. This written report will be delivered to all parties concerned.
Cost of Reproducing Files

Students have a right to request and receive copies of all accessible materials with certain exceptions, e.g., a copy of the official academic record for which a financial "hold" exists. The cost of reproduction shall be borne by the requesting party, and shall not exceed the cost to the institution. The current charge for photocopying must be paid per page, per copy. The current charge for transcripts must be paid for a complete copy of the academic record.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) permits the public release of what is termed "directory information." For Xavier University's purposes, this information includes the following: the student's name, all addresses (including email) and telephone listings, All Card photo, major field of study, number of hours registered and full or part-time status, class standing (freshman, sophomore, junior, senior, graduate), participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees awarded and total hours earned, special honors and awards, and the most recent previous educational agency or institution attended by the student.

A request for nondisclosure of the "directory information" must be filed with the Office of the Registrar, and will be honored by the institution until the student asks to have it removed, whether or not the student is currently registered. Upon the death of a student, all privacy holds are removed.

* * * * *
TUITION AND FEES

The University reviews its financial policies and procedures on a continuing basis in order to operate in an efficient and effective manner. Policies contained in this section are those in effect as of publication and subject to change as deemed necessary by the University.

Fee Payment

The Office of the Bursar is responsible for the assessment and collection of tuition and fees payable to Xavier University. Inquiries should be directed to the Office of the Bursar, 3800 Victory Parkway, Cincinnati OH 45207-3181, 513 745-3435. Web: WWW.XAVIER.EDU/BURSAR

All prior financial obligations to the University must be paid in full before registration will be permitted for any term. If payment or other arrangement is not made by the announced deadline for the upcoming term, the student’s registration may be cancelled. University regulations prohibit the release of transcripts and diplomas for students whose accounts with the University are delinquent.

Payment Agreement

All students must have a signed payment agreement on site in the Office of the Bursar. This signed agreement is critical to setting up your student account.

For all payments, the University accepts cash and checks. Credit cards (Discover, MasterCard and American Express) and electronic checks are accepted only at our website. The most popular payment plan is our Five Payment Plan whose features include:

- Five payments per semester. For the Fall Semester, payments are due in July, August, September, October, and November; in the Spring, payments are due in December, January, February, March and April.
- No administrative fee to enroll in the plan. The only cost will be a monthly interest charge at the end of each month on the unpaid balance at the rate of 1% per month.
- All charges and payments are shown on one monthly statement.
- The plan is available to all students. If you have financial aid and have completed all of your paperwork, this plan will subtract your financial aid from your balance and calculate your payment for you.

All students must have a signed Payment Agreement on file regardless of any selected payment plan. To enroll in this or any of our payment plans simply fill out and sign the Payment Agreement that is attached to the Payment Option Brochure which will be mailed with your semester bill. This form can also be printed from our web site (WWW.XAVIER.EDU/BURSAR).

Additionally, the University offers other payment options which may assist you in paying tuition and fees. Detailed information on all payment plans can be found in our Payment Options Brochure which accompanies the initial bill for each semester and at our website. To enroll in any plan, simply complete the Payment Agreement (attached to the Payment Option Brochure), sign the Payment Agreement, and mail to the Office of the Bursar with the appropriate payment. You may also initially sign up for a payment plan from the "Student Services" tab on your MyXU portal web page.

All unpaid balances will be assessed a monthly interest charge of 1%.
Registration

Students who have registered during priority registration for the fall and spring semesters will receive a bill detailing charges for tuition, fees, housing and board, in addition to estimated financial aid arranged through the University’s Office of Financial Aid as of that date. Payment is usually due three weeks before the beginning of the semester, unless you enroll in the five payment plan. Payment must be made by the due date, or the registration may be canceled and the student would have to reregister during formal registration.

All students who register after priority registration are required to pay 100% of tuition and fees at the time of registration, mail registration or late registration, except students using the approved payment plans.

Tuition and Fees

The tuition rates assessed to a student are based on the student’s primary matriculation as a graduate or undergraduate student as determined by the academic policies of the University.

Undergraduate Programs

Each academic year the University publishes the Schedule of Tuition and Fees which lists the charges for tuition, housing, board plans and other fees in effect for the current academic year. Specific course fees, lab fees and deposits are listed in the current Schedule of Classes. Please visit our website at www.xavier.edu/bursar to see the current rates.

Deposits are required for:
1. New full-time students - a nonrefundable tuition deposit. This deposit is credited to the student’s account when the term starts and will be deducted from the charges for the term.
2. Resident students - a nonrefundable housing deposit. Room reservations will not be honored without payment of the deposit. Additionally, all residential students are required to maintain a $200 damage deposit while in residence. Once a student moves off campus, they may request a refund of this deposit.

Graduate Programs

Current tuition and fee rates, special course/lab fees, and other relevant information are contained in the current Schedule of Classes or the Schedule of Tuition and Fees for the academic year and at our web site (WWW.XAVIER.EDU/BURSAR). All courses taken as a graduate student will be at the graduate rate, including audited courses. Applicable course fees are charged in all cases.
Refunds

Xavier University Institutional Policy

Students who officially withdraw from the University or withdraw from class(es) may be eligible for a tuition refund according to the following schedule. Lab and course fees are not refundable after classes begin. A request for a refund may be made in person or at the web site to the Office of the Bursar (WWW.XAVIER.EDU/BURSAR).

This schedule is applicable to the Fall and Spring semesters:

<table>

Weekend Degree MBA Refund

| 1st - 6th            | 1st - 7th calendar day of the term | 100% |
| 7th - 13th           | 8th - 14th calendar day of the term | 60%  |
| 14th - 20th          | 15th - 21st calendar day of the term | 20%  |
| After 20th           | After 21st calendar day of the term | 0%   |

Tuition refunds for short-term summer sessions are prorated based upon the official withdrawal date and the portion of the session elapsed.

Refunds for students leaving on-campus housing is based on the tuition refund schedule. Board plan refunds are prorated on a weekly basis.

For undergraduate students who reduce their course load from full-time (12 credit hours or more) to part-time (11 credit hours or less) will receive a tuition refund based on number of hours dropped and the refund schedule percentage.

In extraordinary circumstances, such as serious illness or injury, when a student is forced to withdraw from classes after the refund period has ended, a written appeal may be made to the college dean or bursar requesting special consideration. Appropriate documentation is required with such an appeal.

Federal Refund Policy

Students with federal financial aid must comply with federal refund policies. Contact the Office of Financial Aid for further information.

Collection Policy

If a student's account is advanced in any collection process, student will be responsible for continuing interest charges as well as all collection costs incurred by the University.
FEES

See the Schedule of Tuition and Fees published each year by the Office of the Bursar for the actual fee amounts. The following is a description of fees charged by the University. If a student account is referred to a collection agency, the collection fee is automatically added to the balance.

Application Fee - payable once and covers the costs of processing applications for enrollment and the setting up of student records.

WCB Cooperative Education Fee - payable for each co-op term in which a student participates; covers job assistance fee, application processing, and record-keeping.

Data Access/Cable TV Fee - A non-refundable fee which covers the cost of data and TV wiring to most on-campus housing. Charged only to students who receive the service.

Graduation Fee - covers the cost of processing graduation and payable by all students who graduate, whether in person or in absentia. Late application results in an additional fee being charged.

Housing Damage Deposit - a refundable deposit for all students residing in University on-campus housing.

Housing Reservation Deposit - a non-refundable deposit which reserves a room in on-campus housing. Deposit is applied against subsequent room rent charges.

Instructional Technology Fee - covers technological improvements to the University campus.

Parking Permit Fee - permits parking in University student parking lots. Permits valid on evenings and weekends only are available at a reduced rate.

Special Course/Lab Fees - covers extraordinary course costs or private music lessons. See the Schedule of Classes for course/lab fees.

Student Orientation Fee - covers the costs for the Manresa orientation program for freshmen and traditional undergraduate transfer students.

Transcript Fee - covers the costs of processing the transcript. A nominal fee is charged for each additional transcript and there is an additional fee for immediate processing.

* * * * *
SERVICES AND RESOURCES FOR STUDENTS

True to its Jesuit and Catholic identity, Xavier’s mission is to promote the growth and development of the whole student in a social, cultural, spiritual, physical, and academic context.

ACADEMIC AND CAREER RESOURCES

Career Services Center 513 745-3141

The Center provides opportunities for students to gain essential career development, and lifelong learning skills through a variety of developmental programs, services and practical experiences. Staff members assist students in identifying career interests and developing necessary job search skills such as resume writing, interviewing, employer identification and research. The Center's Professional Experience Program assists students in acquiring internships, part-time or summer work experience related to their career interest area. The office also manages the on-campus employment of Financial Aid awarded students. Further services include on-campus interviews, a web-based job posting and resume system, and an annual employment fair.

Library 513 745-3881

McDonald Memorial Library offers a variety of study spaces, including individual study carrels, group study rooms and lounge seating. Facilities to view videos and/or listen to audio recordings are available. A computer classroom/lab as well as wireless access throughout the building compliments a laptop loan program.

XPLORE, the library's on-line catalog, provides options for searching Xavier University's 260-plus database of library materials and is a gateway to OhioLINK, a database of holdings of 85 Colleges and Universities in Ohio, and to catalogs of the University of Cincinnati library, Miami University library, and Cincinnati Public Library. Internet access to over 260 data bases is also available. The library home page (www.xu.edu/library) has a variety of information available to the public.

The library's web site can be accessed from student computer labs, faculty offices, student residences, and off campus locations.

Information Resources Center www.xavier.edu/ds/irc

The Information Resources Center (IRC) is the Division of Information Resources’ primary service point, providing technology and information support for the Xavier community. The IRC combines library reference and circulation, technical help, and classroom support in one location on the first floor of the McDonald building. For assistance, contact:

Circulation: 513 745-3881
Classroom support: 513 745-3603
Reference: 513 745-4808
Technical Help Desk: 513 745-4357

Learning Assistance Center 513 745-3280

The Learning Assistance Center (LAC) provides support services to facilitate learning at Xavier. Through the LAC, students with documented disabilities can receive services and accommodations, with the goal of equal access to education. The LAC seeks to ensure that all
students can freely and actively participate in all facets of university life, raise awareness about disabilities, and provide support to faculty members. The LAC also offers free tutoring services to all Xavier students. One-on-one tutoring is available in almost all academic subjects, study groups and drop-in tutoring sessions are offered in various subjects, and study skills assistance is available individually or in groups. The Learning Assistance Center is located in Kuhlman Hall.

**Mathematics Tutoring Lab 513 745-3069**

The Mathematics Tutoring Lab provides mathematics assistance in both major and non-major courses through Math 171 (Calculus II). This lab is located in Hinkle Hall 126. No appointment is necessary and the services are free to Xavier students.

**Orientation Programs 513 745-3662**

Manresa: Xavier's new student orientation is a campus-wide effort to provide new students with a comprehensive introduction to campus life at Xavier. It is a balance of social, cultural, spiritual and academic experiences which are designed to ease the student's transition into the University and to introduce the options surrounding academic and co-curricular life in the Xavier community. Additionally, parents and family members of new students are invited to participate in aspects of the program that target the needs and concerns of the parent and family during this time of transition.

**Registrar 513 745-3941 WWW.XAVIER.EDU/REGISTRAR**

The Office of the Registrar, located in 129 Alter Hall, provides services to support the instructional mission of the University for students, faculty, staff and alumni in the following areas: class registration, academic records maintenance, schedule of classes, degree audit, academic transcripts, consortium, grade processing, degree certification, diploma production, commencement, veterans' benefits, transfer credit evaluation, enrollment verification, catalog and statistical enrollment related reporting.

**Student Success and Retention 513 745-3036 STURET@XAVIER.EDU**

This Office of Student Success and Retention is responsible for actively developing undergraduate retention programs and strategies that involve students, parents, faculty, and administrators. It is an office dedicated to solving student problems while providing assistance with academic, financial, and social issues. The director and assistant director coordinate the Priority Registration Experience Program (PREP) for incoming freshmen, and administer the Enrollment Services and Summer Grant Programs, The Parents Participation Program, the Faculty Feedback Program, and the Freshman Success Program. The office is located in 103 Alter Hall. Office hours are Monday-Friday, 8:30 a.m. - 5:00 p.m.

**Student Support Services – TRIO 513 745-3758**

The Student Support Services office seeks to provide the necessary resources to insure the success of students who meet the Department of Education guidelines, who are first generation college students, and/or students with disabilities. Funded through the United States Department of Education, three full-time professionals and one support staff person assist 160 students per year with their academic, social and personal transitions to university life. The SSS program collaborates with several offices on campus that provide academic support and tutoring. Retention of SSS students exceeds that of our typical student as does their graduation rate.
The James A. Glenn Writing Center provides free assistance with all aspects of the writing process to both undergraduate and graduate students, regardless of their level of writing ability or field of study. Undergraduate peer tutors, graduate tutors and the Director serve as instructors. The Center has a library of writing-related references and provides computers and printers for those who need a quiet place to write. Staff and faculty are also welcome to use the Center’s resources. The Writing Center, located in Room B12 of Alter Hall, is open approximately fifty-eight hours each week during the academic year.

CAMPUS EVENTS, ACTIVITIES, AND INVOLVEMENT

Gallagher Student Center (GSC) 513 745-3201
The Gallagher Student Center provides three primary services to the Xavier community: the Welcome Desk, facility reservations, and a student Late Night Program series. The Welcome Desk is the customer service center for the Gallagher Student Center. Welcome Desk student staff assist with the identification of campus resources, maintain information on student and staff telephone numbers, and provide general referral for the campus. In addition, the GSC provides a wireless environment for laptop PCs and houses a 350+ seat theater, five retail outlets, a 24-hour computer lab, lounges, meeting rooms, and designated space for student organizations and clubs. The GSC Late Night Program Series (a collaborative effort between the GSC Office and the Student Government Association) provides quality entertainment in an alcohol free environment to all Xavier students. The GSC currently is open 24/7 during the academic year, excluding holidays.

Performing Arts 513 745-3205
Xavier Players
Student Life offers a wide range of opportunities for students in the arts. The Xavier Players produce main stage productions as well as several student written and directed workshops. Plays and musicals are presented for the Xavier community as well as the general public. Auditions are open to all students. A Performance Studies Minor is offered through the Department of Communication Arts.

The University Singers
Xavier has the Tri-State area's only collegiate show choir, The University Singers. The Singers perform Broadway and popular music, all professionally choreographed. This select group of singers and dancers go on tour each year and have toured such cities as Boston, New York City, Atlanta and Toronto. Auditions take place each fall.

Xavier Gospel Choir
The Xavier Gospel Choir offers a variety of traditional and contemporary gospel sounds. This is a spiritually motivated group that performs each year at many churches in the greater Cincinnati area.

Recreational Sports 513 745-3208
Xavier University Recreational Sports provides the Xavier community with a broad, diversified sports program and activities that meet the needs and interests of the entire campus. It
provides an environment that focuses on the total development of all students and, during that process, maintaining an atmosphere of fun.

O’Connor Sports Center is a student/faculty/staff use facility that provides opportunities to participate in informal recreation and fitness, instructional programs and intramural competitions. Located within the facility is a 10,000 square foot gymnasium, a 6-lane 25 meter pool, 2 racquetball/handball courts, a weight/cardiovascular room, and locker rooms.

In addition, there are several leadership opportunities available for students, including student managers, club sport team officers, intramural officials, lifeguards, and customer service and weight room supervisors. Students learn and enhance their teamwork, communication and customer service skills. Several of these positions are also available during the summer and school vacations. Contact the Recreational Sports Department for further information regarding any of these positions.

**Student Events & Activities 513 745-4250**

Student events and activities include lectures, movies, dances, entertainers and a variety of other events to satisfy the diverse needs and interests of the Xavier community. Several other campus-wide events such as Family Weekend and Senior Week are hosted on an annual basis. The events and activities are planned by a number of departments and organizations across campus including the Student Activities Council, Student Involvement, Weekenders, Gallagher Student Center and countless student groups.

Additionally, student events and activities provide an opportunity for students to learn from one another, develop leadership skills, and connect to the Xavier community itself. Students can become involved in the organizations listed above and many more by contacting the Office of Student Involvement as well as the Student Government Association.

**Student Government Association (SGA) 513 745-4250**

SGA is a representative body of Xavier students elected each academic year to serve the following year. Students serving on the SGA work for and on behalf of their peers as a collective voice to the faculty and administration. Within SGA there are four subordinate bodies with specific focus and mission. They are Commuter Council, Residence Student Association (RSA), Student Activities Council (SAC), and Student Senate. SGA is the primary funding source for more than 80 registered clubs and organizations at Xavier.

**Student Publications 513 745-3202**

The *Newswire* and the *Student Handbook* are publications advised and managed through Student Life. The *Newswire* is published weekly during the academic year, and highlights life at Xavier, student opinions, and campus events and activities. The *Student Handbook* is published every other year. This resource provides students with information about University policies and standards, a listing of clubs and organizations and the conduct review procedures. The official version of the *Student Handbook* can be located at [http://www.xavier.edu/handbook/StudentHandbook.pdf](http://www.xavier.edu/handbook/StudentHandbook.pdf).

**The XU Bands**

The Pep Band is seen on both local and nationally televised games on C-Span and ESPN. The Swing Band is a select group featuring the sounds of Swing and performs regularly with The Muskie Blues, a small group of five singers specializing in vocalese. The Symphonic Wind
Ensemble features classical and traditional music. The bands go on tour each year and have visited such cities as New Orleans and New York City.

HEALTH, WELLNESS, AND SAFETY RESOURCES

**Campus Dining 513 745-4874**

The University contracts to provide a full range of food services options to the campus community. All residence hall students are required to purchase a meal plan. A special meal plan is available to commuter students and special diets may be arranged for individuals with specific needs. Campus Dining also provides catering and retail services for the campus community.

**Campus Police 513 745-1000**

The mission of the Xavier University Campus Police Department is to protect life and property, to understand and serve the needs of any and all persons within the university community, to actively seek to identify community problems and solutions to those problems, to identify and prevent any criminal activity which may occur, and to improve the quality of life in this community.

Campus Police is staffed by professional officers 24 hours a day year round and provides general assistance to the Xavier community. In addition to providing for a safe and secure environment, Campus Police is also responsible for parking management, crime prevention and criminal investigations. The officers are State Certified and provide a full range of law enforcement services. Campus Police is located at 1648 Herald Avenue (the former WVXU Radio Station site).

**McGrath Health and Wellness Center 513 745-3022**

Xavier's McGrath Health and Wellness Center offers medical, counseling, emergency and other services to the campus community.

Medical services include primary and specialty care, allergy, travel medicine, lab, immunization and pharmacy services. We can offer individualized care for students with special or ongoing medical needs.

Counseling services are provided by professional psychologists and counselors to assist with a wide range of personal concerns including anxiety, depression, adjustment, relationships, eating disorders, alcohol and drug issues, family and other problems.

The services of the Health and Wellness Center are available to all Xavier students, full or part time, graduate and undergraduate, commuter or resident. There is no charge to see a physician or nurse, but there may be charges for medications or lab tests. There are no charges for counseling services.

For more information: [http://www.xavier.edu/health-wellness/](http://www.xavier.edu/health-wellness/)

**Psychological Services Center 513 745-3531**

The Psychological Services Center provides a wide range of professional services to the Xavier community. The Center serves students, faculty, and staff who are seeking assistance for the many difficulties which can accompany college and/or family life. Individual, couple, and family therapy are available for concerns which may include depression; stress; eating disorders; difficulties in relationships; family issues; sexual concerns; or sports related difficulties of student athletes and coaches.

Although most concerns are handled through short-term counseling, the staff is equipped to deal with more serious difficulties which may require longer term treatment.
SPIRITUALITY AND JESUIT MISSION AND IDENTITY

Campus Ministry 513 745-3567

In the Jesuit tradition, Campus Ministry provides activities that enable students to respond to the invitation of St. Ignatius Loyola (founder of the Jesuit religious order) “to find God in all things.” Engaging opportunities that encourage spiritual growth - including prayer, retreats, and faith sharing groups - are open to students of all faith traditions.

Bellarmine Chapel serves as both the chapel for Xavier University and as a Roman Catholic parish in the Archdiocese of Cincinnati. Worship services are Roman Catholic and all are welcome. Information about other local faith communities is available at the Campus Ministry office.

Ignatian Programs 513 745-3204

Ignatian Programs assists faculty, staff and administrators in understanding the distinctive Jesuit and Catholic identity of the University and enables each to carry out his or her particular work in a mission-conscious way. Opportunities coordinated by the office include Manresa, Assuring the Future Mission and Identity at Xavier (AFMIX), professional mentoring programs for faculty and staff, campus conversations, and retreats.

Interfaith Community Engagement 513 745-3780

Xavier's Office of Interfaith Community Engagement works to create and strengthen a sense of community among individuals of diverse faiths on campus, in Cincinnati, and on the regional and national levels. Located in Gallagher Student Center, the office is a student-centered initiative that both allows individuals to deepen their personal faith and enhance their understanding of other traditions. Further, it serves the larger community in areas of social justice, shared religious teachings and leadership development.

Peace & Justice Programs 513 745-3046

Peace & Justice Programs seeks to educate, empower and affirm a community interested in building a more compassionate, just world. Working in cooperation with all areas of campus life, it serves as a meeting point to celebrate the Jesuit call for the service of faith and the promotion of justice.

Programming includes activities which expand awareness of social issues as well as lectures and dialogues with local, national and international peace and justice specialists. Dorothy Day House is "home" to a number of student clubs and organizations that are focused on issues of peace and justice.

ADDITIONAL SERVICES FOR STUDENTS

Commuter Services 513 745-3824

Commuter Services provides programs and services designed to meet the diverse needs of Xavier’s commuter and nontraditional student populations. Commuter Services offers information about off-campus housing, transportation alternatives, and campus events. The office maintains evening hours to assure accessibility for commuter students and adult learners.
Financial Aid 513 745-3142 XUFINAID@XU.EDU

The Office of Financial Aid’s purpose is to provide the best possible service and information to students seeking to finance a Xavier education. The Office of Financial Aid is responsible for the administration of federal, state, and institutional resources, including scholarships, grants and loans. It also awards federal work study and acts as the liaison office between many private sources of student aid and the University. Students seeking financial assistance should contact the Office of Financial Aid for application materials and individual counseling. For additional information, see the Undergraduate and Graduate Scholarship and Financial Aid sections of this catalog. The office is located on the first floor of Schott Hall. Office hours are Monday-Friday 8:30 a.m.-5:00 p.m., and Saturdays by appointment.

Multicultural Affairs 513 745-3181

The Office of Multicultural Affairs provides Xavier students and staff with support services and programs designed to enrich the cultural, academic and social experiences of all students, with a special emphasis on African Americans, Latino/a, Asian American, and Native American students. A variety of formal and informal organizational programs and individual advising opportunities are offered. The office and common areas in the Gallagher Student Center provide a comfortable and casual setting for conversation and study.

Office of Student Life/Dean of Students 513 745-3202

The Office of Student Life provides programs and services designed to meet the diverse needs of Xavier's student population. Areas under the auspices of Student Life include: commuter services, Gallagher Student Center, leadership development, recreational sports, student events and activities, student government, student publications, theatre arts, and university discipline (dean of students).

Office of International Student Services 513 745-2864

The Office of International Student Services (OISS), located in the Romero International Center, assists international students with their special needs and serves as a link for the international and American communities at Xavier University. The OISS is responsible for immigration advising and personal and adjustment assistance for all international students, and serves as an advocate for international students and their concerns. In addition, this office provides the campus community with a variety of social and educational programming about international and cultural issues. The International Students' Society, a student organization, is also located in the Romero International Center.

Residence Life 513 745-3203 or fax 513 745-2837 email: RESLIFE@XU.EDU

The Office of Residence Life provides many learning opportunities in a unique living environment. A full-time, Masters-level Hall Director lives and works in each of 4 residence halls. The student staff is comprised of Senior Resident Assistants and Resident Assistants (RAs) that serve as peer helpers to the residents. The residence life staff strive to create a community atmosphere through social and educational programming.

The Commons Apartments, Village Apartments, University Apartments, Manor Apartments, 1019 Dana Apartments, and the Xavier houses provide on-campus housing options for upperclass students. The apartments/houses are managed by an Apartments Manager who is a fulltime Masters-level staff member.
The Office of Residence Life is located at 3735 Ledgewood Avenue. Staffed by a Director, two Assistant Directors, a Residential Systems Manager, and Secretary, the office is open Monday through Friday, 8:30 a.m. to 5:00 p.m. For more information, please contact the Office of Residence Life.

**University Discipline 513 745-3202**

Consisting of two hearing boards, the Conduct Review Board and the University Discipline Board, the judicial process considers cases that occur off-campus as well as on-campus. Both boards hold students responsible and accountable for behaviors which are alleged to be inappropriate as reported to the University or have violated the published code of student conduct or the standards for off-campus living. Typically, the University Discipline Board hears cases that are considered to have a profound impact on the University community and where suspension or expulsion may be an option. The Conduct Review Board hears cases that include sanctions up to and including probation. The membership of both boards is comprised of students, faculty and staff.

SPECIAL UNIVERSITY PROGRAMS

UNIVERSITY SCHOLARS PROGRAM

University Scholars is an honors curriculum providing an academically challenging program to a broad spectrum of Xavier students from every college and every major. Students in the University Scholars Program fulfill the same core curriculum requirements demanded of all Xavier students, but they take many of these required courses in specially designated honors sections. Whatever their major, University scholars engage the subject matter of the arts, humanities, sciences, mathematics, and social sciences in a highly sophisticated manner. Honors sections of courses are smaller in size, emphasizing more intense discussion and writing. In special blocked sections, courses from different disciplines are taught together to achieve a more integrated educational experience. During their four years at Xavier students also complete three seminars which require research projects in that discipline.

University scholars who complete the program successfully receive the appropriate Bachelor’s Degree pertaining to their area of study with the notation "University Scholar."

Typically University scholars are students with excellent high school records and SAT scores around 1300 and up or ACT scores around 29 and above, but all perspective Xavier students who qualify for an academic scholarship at or above the Trustees Scholarship are invited to apply to the University Scholars Program. Students interested in the program, but who do not meet the profile, are also welcome to apply and will be given consideration on a space-available basis. At her discretion, the Program Director may request an interview with the applicant as well. Admission to the program usually occurs prior to the freshman year, but students already enrolled at Xavier or transfer students may contact the Program Director to inquire about joining the program once they have matriculated.

The following summary of the University Scholars Program curriculum indicates the minimum Program requirements only. Students are advised to take additional Honors courses whenever possible. (See "Core Curriculum" for a complete description.)

1. Ethics/Religion and Society Focus - Scholars must complete all four courses in the Focus within the University Scholars Program in courses designated Honors.
2. English Composition - Scholars must complete Honors rhetoric.
3. Fine Arts - Scholars must take three semester hours in studio or performance courses which carry academic credit or a classroom course that has been approved for Scholars.
4. Foreign/Second Language - Scholars must demonstrate intermediate proficiency in a foreign/second language. Because of the requirements of some majors or degree programs, the Director of the University Scholars Program will occasionally adjust this requirement on a case-by-case basis.
5. Philosophy and Theology - Beyond the Focus courses (PHIL 100 and THEO 111), one Honors course in either area is required. One Honors course in each area is recommended.
6. History - Scholars must complete one Honors course in introductory history.
7. Social Science - Scholars must complete two Honors courses, including at least one Honors course in introductory economics.
8. Mathematics - Scholars must complete Honors calculus. This requirement may also be fulfilled by taking calculus for science majors. Scholars must also complete one additional mathematics course at or above the 150-level. For students who do not take a second semester of introductory science intended for science majors, this second course in mathematics must also be designated Honors.
9. Science - Scholars must complete one semester of Honors introductory science. The requirement may also be fulfilled by taking one semester of a course for science majors. For students not taking a second semester of math beyond Honors calculus, a second science course designated as honors or for science majors will also be required.

10. Seminars - In addition to the above, Scholars must participate in no less than three Honors seminars, generally during their junior and senior years. Seminars in core subjects may be used to fulfill a student’s core requirements. Not all seminars offered at Xavier University are approved for Scholars.

To remain in good standing within the University Scholars Program, Scholars must maintain a 3.000 cumulative grade point average during their freshman year and a 3.200 cumulative grade point average thereafter. Students whose grade point averages fall below these figures will be placed on probation within the Program and given a semester in which to bring up their grades. To receive the notation "University Scholar" on the diploma, students must have a 3.200 overall GPA at graduation.

THE HONORS BACHELOR OF ARTS

Established in 1948, Honors A.B. is the University’s first and oldest honors program. True to Xavier’s Jesuit heritage, the program emphasizes the interdisciplinary study of philosophy and the classics. Students study the classic texts of Western civilization while fostering deeper understanding of the values and ideals they embrace.

The Honors AB is designed to prepare students for life in the modern world by developing depth and balance of intellect and an openness to new ideas by examining the roots from which our culture and traditions have sprung. Honors graduates have gone on to careers in many different academic, professional, and business areas. Candidates for the program are expected to rank high in their high school classes, and ordinarily they should have four years of high school Latin, although special arrangements can be made for those with less.

Honors students are expected to fulfill the regular undergraduate core curriculum requirements including the following modifications, and whenever possible, special Honors sections or the more demanding sections of required courses should be taken:
- Cultural Diversity - 1 hour
- English - 9 hours (3 Rhetoric, 6 Literature)
- History - 6 hours
- Social Sciences - 6 hours
- Mathematics - 6 hours (including Calculus)
- Science - 9 to 11 hours
- Fine Arts - 3 hours
- Theology - 9 hours
- Philosophy - 18 hours
- Latin - 21 hours
- Greek - 21 hours
- Capstone course - 3 hours

The requirements listed above include three hours each of philosophy (Ethics), theology (Foundations), literature (Moral Imagination), and the three elective hours needed to complete the Ethics/Religion and Society Focus.

There remain a good number of credit hours for the superior student to cover premedical or prelaw requirements, or to do concentrated work in almost any major or minor.
PHILOSOPHY, POLITICS AND THE PUBLIC HONORS PROGRAM

The Philosophy, Politics & the Public Program brings together many of Xavier's traditional curricular strengths in an innovative and rigorous undergraduate honors program of study focusing on the unifying concept of —the public sphere— in democratic societies. The program is inspired by the Philosophy, Politics & Economics programs commonly found in the British university system, but differs from them by placing greater emphasis upon philosophical conceptions and historical context. The approach taken by this honors program is expressed in the meanings of the several conceptions identified in its very name. In its original meaning, philosophy denotes —the love of wisdom.|| Aristotle, one of the greatest and most influential philosophers of the western tradition, defined politics as —the master science of the good.|| —The public|| represents a multi-dimensional domain of shared consciousness, ideals and action. Through course work that is both multi-disciplinary as well as centered in a particular disciplinary concentration, students are encouraged to follow their own interests in the theoretical engagement of the public in its many embodiments and meanings. In addition, the theoretical work in the program is complemented by engagement in the active world of politics through working on political campaigns, lobbying of behalf of legislation, internships in local and national government offices and summer study in Paris that includes a seminar in Brussels, the seat of the European Union. The program is highly selective, with 15 to 20 freshman students enrolling each fall.

THE PHILOSOPHY, POLITICS & THE PUBLIC CORE SEQUENCE

The program finds its center in two main areas. Students take the core interdisciplinary course sequence during sophomore and junior year. The sophomore year sequence brings together faculty from history and political science. Its focus is on America's civic culture in its growth and development, with special emphasis upon electoral and legislative politics. The junior year sequence is primarily philosophical and centers upon the philosophical ideas of the Enlightenment culminating in the French Revolution as a primary shaper of both modern democratic institutions as well as modern conceptions of —the public.|| The course will culminate with the students traveling to Paris and Brussels to meet with French specialists and students who are likewise investigating the changing contours of the modern Western democracies that this revolution had so profoundly affected. Details of these sequences appear below.

THE PHILOSOPHY, POLITICS & THE PUBLIC ELECTIVE CONCENTRATION

Together with the Constructing the Public sequence, the Elective Concentration forms the heart of the individual student's PPP program. Students are encouraged to choose an Elective Concentration in a discipline that most closely fits their own academic interest in —the public.|| In this way, the Elective Concentration provides the conceptual center of the PPP student's course of study, supplying the dominant framework from which he or she investigates the complex content of —the public.|| There are a total of 18 hours of available electives in the PPP honors program. Students may choose an Interdisciplinary minor or one that is departmentally based. Some examples are: A. Philosophy, Politics & the Public combined with an Interdisciplinary Minor

1. Concentration in Gender & Diversity
2. Concentration in International Studies
3. Concentration in Latin American Studies
4. Concentration in Peace Studies
5. Concentration in Catholicism & Culture
B. Philosophy, Politics & the Public combined with a Discipline-based Minor

1. Concentration in Business
2. Concentration in Economics
3. Concentration in History
4. Concentration in International Studies
5. Concentration in Philosophy
6. Concentration in Political Science
7. Concentration in Art

THE SENIOR CAPSTONE RESEARCH THESIS In the senior year, all PPP students will submit a research thesis for public defense. This thesis will be multidisciplinary in content and will address issues concerning the public that flow from the student's own elective concentration.

ADDITIONAL COURSE REQUIREMENTS IN THE PROGRAM In addition to these required core and elective courses, students in Philosophy, Politics and the Public must complete either a full minor in a foreign language or complete two languages through intermediate proficiency, one additional course from a history survey of the student's choice, and two courses in economics.

PRE-LEGAL STUDY

The basic criteria for acceptance into law school are the grade point average acquired during undergraduate studies and performance on the Law School Admission Test (LSAT). Application forms and information regarding the dates of this test can be obtained from the prelaw advisor, Timothy J. White, 811 Schott Hall or 513 745-2997. Some importance is also attached to letters of recommendation, job experience, and extracurricular or community activities.

American law schools prescribe neither specific courses nor a specific major for prelaw study. They pay particular attention to students engaged in a broad program of high quality in liberal arts. The degree program should educate the students to assimilate difficult documents and to interpret factual data, to think logically and creatively, to express themselves well orally and in writing, and to acquire a critical understanding of the human institutions and values with which the law deals. While there is no such thing as a prelaw program, it does not follow that all courses or majors are of equal value for the study of law. Some subjects (not necessarily majors) to which law schools attach special importance are accounting, economics, English, history, philosophy and political science.

Students considering law as a career are urged to consult with both their departmental chair and the prelaw advisor. They are also encouraged to join the St. Thomas More Prelaw Society. This organization provides activities that inform pre-law students of current and future trends related to law school admissions and careers in the law.
PRE-PHARMACY PROGRAM
The Pre-Pharmacy Program at Xavier University is a program of advisement where the minimum requirements for entry to most pharmacy schools are placed early in the students program of study and university general core-curricular course work is placed later in the curriculum. Most pharmacy schools do not require an undergraduate bachelor’s degree for acceptance. The minimum requirements for application to pharmacy school can, in most cases, be completed in two years. If a student successful completes these courses, he or she may apply for admission to pharmacy schools at the end of two years of study. If the student is unsuccessful at gaining admission at that time they can continue in their studies, and apply in their third year or after completing their undergraduate bachelor’s degree. Regardless of whether one enters pharmacy school at the end of two years of study or earns a bachelors degree, the pharmacy school degree necessary to become a licensed registered pharmacist (Pharm.D.) normally still requires an additional four years of study to complete. For the specific requirements and recommended courses at each pharmacy school in which you are interested, you should consult the Pharmacy School Admission Requirements, published by the American Association of Colleges of Pharmacy. There is a copy available to browse in the office of the Director of Pre-professional Health Advising in Albers Hall 105B.

THE ACADEMIC SERVICE LEARNING SEMESTER
The Academic Service Learning Semester combines 15 credit hours of academic study and community service under the guidance and supervision of Xavier University faculty members. The academic study provides the student with knowledge of the culture, religion, history, government and economics of the service site. The community service focuses the academic study in a context of living with and working alongside the economically poor. A primary goal of the entire semester is integration of the academic study with the experience of service.
The first two weeks of the semester provide orientation and classes. For the next 90 days, the students, accompanied by a Xavier faculty member, engage in private and group study and provide service on site. Students spend the last two weeks of the semester completing assignments and concluding an overall reflection on the experience of the semester.

CATHOLICISM AND CULTURE MINOR
In the late second and early third centuries Christian theologians debated the relationship of religious belief and contemporary culture. Many Christians sided with Origen who believed that Christians could use contemporary culture both to understand and defend their belief. Since then Christianity in its Roman Catholic and Eastern Orthodox branches has had a symbiotic relationship with the cultures in which they exist. Changes in culture have resulted in changes in church organization and development of Christian dogma. Developments in dogma and church organization have affected the development of culture. The result of these interactions is that the various manifestations of Catholicism as they appear in different places, times, and cultures are shaped by those very intersections.
The subject of the minor is, therefore, Catholicism and its various cultural embodiments across time and across the entire world. Students in this minor will examine the intersection of theological ideas and human culture. The minor consists of 18 hours of courses including an introductory course (either HIST 398 or PHIL 350) that is also interdisciplinary, along with four elective courses and a 3 hour capstone course.
ENVIRONMENTAL STUDIES MINOR
The Environmental Studies Minor is a 16-hour interdisciplinary program compatible with any major. It offers students an integrated overview of environmental and natural resource fields. Students take ECON 200, Microeconomic Principles; ECON 320, Natural Resource Economics; BIOL 250/251, Ecology and Ecology Lab (prerequisite: one semester of biology); BIOL/ECON 398, Environmental Studies Seminar; and one approved elective. A 2.000 cumulative average must be attained in all these courses. Information regarding the minor can be obtained from the co-directors, whose names are noted in each semester's schedule of classes.

GENDER AND DIVERSITY STUDIES MINOR
The Gender and Diversity Studies (GDST) Minor acquaints students with scholarship on gender and diversity in their broadest, most inclusive sense. Courses in the minor facilitate the development of students' critical thinking skills, knowledge base, and intellectual frameworks for analyzing and exploring the nature of diversity including socioeconomic, political, psychological, and cultural experiences and positions between and among individuals and groups defined by gender, race, sexual orientation, ethnicity, socioeconomic class, age, religious beliefs, and physical/mental abilities. Students in the minor examine the individual and collective experiences of traditionally disenfranchised as well as privileged social groups, investigating the conceptual roots of identity as well as similarities and differences among them. The minor is a 15-hour interdisciplinary program open to all Xavier undergraduates and compatible with any major. And, a 2.000 cumulative average must be attained in all these courses. Courses can be arranged to overlap with core curriculum and major requirements.

Students in the minor will work closely with faculty who are active in the study of gender and diversity worldwide. The gender and diversity studies minor is in concert with the educational mission of Xavier University—to educate students about issues of peace and justice and to develop awareness of the variety of human cultural experiences. Graduates with concentrations in gender and diversity studies regularly enter graduate and professional schools. Others work in business, government, health, social services, schools and museums.

LATIN AMERICAN STUDIES MINOR
The Latin American Studies Minor is an interdisciplinary program housed in the department of modern languages. It is available to all Xavier undergraduates and enhances any major. It is designed to help students achieve an advanced level of ability in the Spanish language and cultural competency in Latin America. Many employers look for evidence that candidates for employment are prepared to deal with the realities of a global society.

18 total credit hours are required, as follows
- 3 hours of the entry core course taught in English from SPAN 353;
- 3 hours of language development selected from SPAN 300-305, 325, 326, 328, 351;
- 3 hours of Latin American literature selected from SPAN 427-429 or 440-446;
- 3 hours of Latin American history or political science selected from HIST 151, 152, 327, 340-344, 428 or from an approved POLI course;
- 3 hours of an approved Theology course;
- 3 hours of an approved elective from above listed courses or as approved by program director.
- a 2.000 cumulative average must be attained in all these courses.
PEACE STUDIES MINOR
Peace Studies is a rapidly developing area of academic study which, from a variety of disciplines, examines:
- the causes and consequences of war and social conflict
- the relationship between peace, social justice, and ecological sustainability
- the requirements for peace and strategies for conflict resolution/conflict transformation
- the ethical implications of violence and nonviolence
Xavier's Peace Studies Minor is a fifteen hour interdisciplinary program compatible with any undergraduate major. Peace Studies draws on a wide range of academic subjects including international affairs, history, political science, economics, theology, philosophy, literature, psychology, gender and diversity studies, the natural sciences, and others. The minor requires the Challenge of Peace seminar (THEO 345/POLI 344) and four approved electives. No more than two of the electives can be in the same department. And, a 2.000 cumulative average must be attained in all these courses.

ENGLISH AS A SECOND LANGUAGE PROGRAM (ESL)
The ESL program offers intensive English language instruction for international students who have the goal of entering American colleges and universities or improving their ability to use English for professional purposes. The program holds membership in the American Association of Intensive English Programs (AAIEP). ESL students at Xavier University receive instruction in English language and academic skills, including grammar, reading, composition, listening and pronunciation. In addition, optional electives such as speaking, TOEFL (Test of English as a Foreign Language) preparation, and oral fluency are available on a rotating basis. Please note that admission to the ESL program does not guarantee admission to a degree program at Xavier University; a separate application must be made for a degree program.
Levels of Instruction
The program offers four levels of instruction: beginning, intermediate, high intermediate and advanced. The instructional methodology at each level is geared toward preparing students for academic study through an integrated, content-based approach. Courses (except at the beginning level) are given academic credit toward an undergraduate degree.

Calendar
The program is offered three semesters each year: Fall (late August to mid-December – 16 weeks), Spring (mid-January to early May - 16 weeks), and Summer (mid-May to early August - 12 weeks). To provide flexibility in student placement and instruction, the Fall and Spring semesters are divided into two half-terms. If space is available, students may enter the program at mid-term.

Admission
Admission to the ESL program is not based on usual University requirements, although students must have completed high school before entering the program. Applicants who want to pursue a Xavier academic degree must make a separate application. Enrolled ESL students who are qualified to be admitted but lack the necessary English proficiency may enroll in a special "bridge" level, which is a combination of advanced ESL courses and selected undergraduate courses.
A brochure is available: telephone 513 745-2847, fax 513 745-3844, email: ESL@XAVIER.EDU.
ARMY RESERVE OFFICERS' TRAINING CORPS (ROTC)

The Department of Military Science offers a commission as a Second Lieutenant and provides an opportunity for men and women to study subjects of recognized military and educational value which assist them in gaining the foundations of leadership. The primary purpose of this program is to produce quality leaders to serve as commissioned officers in the United States Army, the Army National Guard, and the Army Reserves.

A commission is earned through a two or a four year Reserve Officers' Training Corps (ROTC) program. The four-year program is completed at the University and consists of lower division courses in the freshman and sophomore years, followed by upper division courses in the junior and senior years. The two-year program begins with a four week paid summer camp at Fort Knox, Kentucky, between the sophomore and junior years which teaches the student all subjects covered in the lower division courses. The student then completes the upper division courses during the junior and senior years. Lower division courses are taken on a voluntary basis. There is no military obligation incurred for taking lower division courses. The upper division courses qualify the student for a commission as an officer in the United States Army. A military obligation is incurred for taking upper division courses. Admission to upper division courses must be approved by the chair of the Military Science department.

Requirements for admission to upper division courses are:
1. Voluntary application by the student.
2. Completion of MILS 101, 102, 103, 104, 201, 202, 203 and 204; or completion of ROTC Leaders Training Course; or prior military service; or completion of Air Force, Navy, or Army ROTC lower division courses at other institutions; or completion of JROTC.
3. Demonstrated potential for leadership.
4. Successful completion of a US Army administered physical examination.
5. A GPA of at least 2.000.
6. Signing the ROTC Advanced Course Student Contract.
7. Junior academic standing.

Credit for military science courses is granted by the University. The credit hours for these courses may satisfy free elective requirements. To receive a commission, students must complete a baccalaureate or masters degree. For additional information, telephone 513 745-1062.

Freshman Year
MILS 101, Leadership and Personal Development ...... 1
MILS 102, Leadership Laboratory * ................. 1

---

**AIR FORCE ROTC**

The Department of the Air Force at the University of Cincinnati, in cooperation with Xavier University, provides the opportunity for qualified students to enroll in the Air Force Reserve Officer Training Corps (AFROTC) Commissioning program. Upon graduation and successful completion of the AFROTC program, the student will be commissioned as an officer in the United States Air Force. The Air Force courses are taught on the University of Cincinnati campus and may be taken through the Greater Cincinnati Consortium of Colleges & Universities. For further information on scholarships and the AFROTC program, contact the Department of the Air Force at the University of Cincinnati, 513 556-2237 or email at DET665@EMAIL.UC.EDU.

UNDERGRADUATE CORE CURRICULUM

BACHELOR DEGREES

Xavier University is committed to a broad-based liberal education in the Jesuit tradition. The foundation for this liberal education lies within the Core Curriculum. Through their experiences in core courses, Xavier University encourages students to explore the world through multiple avenues to truth which reflect the complexity of the human spirit. This learning process involves experience and discovery, individual and collective problem solving, affectivity, intuition, and active engagement in this world. This is the beginning of a life-long personal integration leading to practical, wise and sensitive action in a continuously changing, culturally diverse world.

Listed below are the academic goals of the Core Curriculum that will facilitate this life-long integration:

1. Students will demonstrate the ability to express themselves articulately, orally and in writing.
2. Students will, individually and cooperatively, demonstrate ability to think and to solve problems, critically, analytically and creatively, within and across disciplines.
3. Students will demonstrate the ability to differentiate the methodologies and to understand the interrelationships of the humanities, social sciences, and natural sciences.
4. Students will demonstrate, in a way consistent with the Jesuit tradition, an ability to understand and analyze significant religious, ethical, and moral issues within a rapidly changing global society.

There are four components of the Core Curriculum for baccalaureate students.

1. Ethics/Religion and Society Focus (E/RS) (4 courses)
   By devoting special attention to the ethical and/or religious analysis of socially significant issues, the Ethics/Religion and Society Focus endeavors to realize Xavier's mission and philosophy of education. Xavier believes it is important for its students to learn to analyze societal issues critically in terms of human values and to develop a sense of compassionate solidarity and service.
   The Ethics/Religion and Society Focus is comprised of four integrated courses:
   A. Ethics as an Introduction to Philosophy (PHIL 100)
   B. Theological Foundations (THEO 111)
      - These two courses are prerequisites for the remaining two E/RS courses or one must be a prerequisite and the other a co-requisite for the remaining two courses.
   C. Literature and the Moral Imagination (ENGL 205), Classical Literature and the Moral Imagination (CLAS 205), or Hispanic Literature and the Moral Imagination (SPAN 205).
      - Typically this course follows the other literature course in the core.
   D. A Focus Elective. May fulfill another requirement in the core or a major or minor. A list of approved E/RS electives for a specific term appears in the Semester Schedule of Classes.

2. Cultural Diversity Course (1 credit hour)
   This course introduces students of sophomore classification to the opportunities cultural diversity presents, and to the issues of stereotyping, prejudice and discrimination and their relation to the exercise of power in American society.

3. English Composition Course (3 credit hours)
   In order to ensure that all students possess adequate writing skills, either English Composition (ENGL 101) or Rhetoric (ENGL 115) is required of every student.
4. Distributional Requirements (51 credit hours)

Fine Arts ................................................................. 3 credit hours
Foreign/Second Language ........................................ 6 credit hours
History ................................................................. 6 credit hours
Literature ............................................................. 3 credit hours
Mathematics .......................................................... 6 credit hours
Philosophy ............................................................ 6 credit hours
Sciences ................................................................. 9 credit hours
Social Sciences ....................................................... 6 credit hours
Theology ............................................................... 6 credit hours

**Fine Arts**
Three semester hours must be completed in approved studio or lecture courses that encourage expression, specifically in the fields of film, video, music, theater, and the visual arts.

**Foreign/Second Language**
Students must demonstrate intermediate proficiency in a foreign/second language or complete up to six hours toward obtaining that proficiency after placement. International students whose native language is not English fulfill the language requirement by their proficiency in English. Xavier University considers American Sign Language a foreign/second language.

**History**
Six semester hours of sequential survey courses are required to introduce students both to a body of knowledge and to historical methodology which includes understanding change over time and arguments about cause and effect. In these courses students examine the evolution of ideas, institutions, organizational systems and values which have shaped and are shaping societies.

**Literature**
In addition to the literature course in the Ethics/Religion and Society Focus, students must select a course that emphasizes the analysis of, response to, and interpretation of literary texts.

**Mathematics**
Six semester hours are required in mathematics. Students may not fulfill this requirement by taking two courses similar in content, as, for example, MATH 150, Elements of Calculus I, and MATH 170, Calculus I. CSCI 170, Computer Science I, can be used for core credit. Those who enter Xavier deficient in mathematical skills will be required to complete MATH 105, Fundamentals of Mathematics, before attempting any other mathematics course. Although MATH 105 does earn credit, it does not fulfill the mathematics core requirement.

**Philosophy**
Six semester hours must be completed in courses that study fundamental and perennial philosophical questions with readings from philosophical literature. PHIL 100, Ethics as an Introduction to Philosophy, serves as an introductory course in the Ethics/Religion and Society Focus and as the prerequisite for the two required, sequenced philosophy courses: PHIL 290, Theory of Knowledge and a philosophy elective.

**Sciences**
Nine semester hours are required in courses that include the laboratory experience in the study of natural or human phenomena. Students must complete this requirement through courses offered in two different science departments.
Social Sciences
Six semester hours must be completed in courses that provide a general introduction to the systematic study of human behavior and institutions.

Theology
Six semester hours must be completed in courses that study the human experience of God and the doctrines and rituals related to religious experience. THEO 111, Theological Foundations, serves as an introductory course in the Ethics/Religion and Society Focus and as the prerequisite for the two required theology courses. Students take one course from each of the two areas:
1. Scripture/History or Christian Systematics
2. Theological Ethics or Religion and Culture

Other Programs
Core curricula for Business (WCB) and Radiologic Technology (CSSHE) are listed separately under each of the program descriptions.

Notes:
E/RS Focus elective requirement may be used to satisfy another element of the core or the major. A minimum of 60 credit hours is required for the degree.

* * * * * * * *
Requirements for Bachelor's Degrees
Meeting the degree requirements is the student’s responsibility.
Candidates that will have a bachelor's degree awarded must have:
1. completed all the requirements listed under the —Core Curriculum;||
2. attained a 2.000 average in the course work of the major. BSBA students must also complete the business core with a 2.000 average; some programs have a higher GPA requirement;
3. attained a cumulative grade point average of 2.000 or better;
4. earned at least 120 semester credit hours;
5. completed the last 30 credit hours at Xavier, excluding consortium courses, unless waived by a college dean;
6. transferred, normally, no more than 15 credit hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the major field and all requirements of their college;
9. cleared all financial obligations with the University before the diploma and transcripts can be released.
In addition to the above, transfer students must have:
10. completed at least 60 credit hours in accredited four-year schools;
11. completed at least one-half of the course requirements of the major at Xavier;
12. if applicable, completed at least one-half of the business core at Xavier.
These requirements are contained in the student’s "Degree Evaluation||, which is a degree progress tracking tool.

Requirements for a Second Bachelor's Degree
Students who have a bachelor's degree from a regionally accredited institution, including Xavier, may earn a second bachelor's degree at Xavier. Credits applied toward the first degree will be accepted as transfer credit toward the second degree. A minimum of 30 additional hours must be taken and at least 15 hours must be in the second major. If the second degree is a business degree, at least one-half of the business core must be completed at Xavier and present catalog requirements in business must be met. Students must meet all quality point and grade requirements set by the University, college and major department. If current Xavier core requirements for the second degree were not met within the first degree, the following policies will apply.
1. The Ethics/Religion and Society Focus (E/RS) elective course will be waived.
2. Students with one transferred three-credit literature course must take —Literature and the Moral Imagination|| as their second literature course. Students with two transferred three-credit literature courses will have fulfilled the literature requirement.
3. Students who transfer with two or fewer three-credit theology courses must complete one appropriate three-credit theology course at Xavier. Students who transfer 9 credits of theology courses will have fulfilled Xavier’s theology requirement.
4. Policy #3 is also applicable to the philosophy requirement.
5. Policy #3 is also applicable to the science requirement.
6. Students must meet all other core curriculum requirements.
Requirements for an Associate's Degree
Meeting degree requirements is the student’s responsibility.
Candidates for associate degrees must have:
1. completed the appropriate requirements listed under the —Core Curriculum - Associate's Degree;
2. attained a 2.000 average in the course work of the concentration;
3. attained a cumulative grade point average of 2.000;
4. earned at least 60 hours;
5. completed the last 30 hours at Xavier, excluding consortium courses, unless waived by college dean;
6. transferred, normally, no more than 9 hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the concentration field & all requirements of the college;
9. cleared all financial obligations to the University before the diploma and transcripts can be released.
In addition to the above, transfer students must have:
10. completed at least one-half of the course requirements of the concentration at Xavier.

Requirements for the Major
An undergraduate student must declare a major and complete all the requirements of the degree program, including the major. The requirements for each major are specifically defined, and a minimum 2.000 average in the course work of the major must be attained (some majors require a higher average). Each major is noted on the student’s permanent academic record, but only one degree is conferred, namely the one that corresponds to the student’s primary major. The student must complete the core curriculum requirements of the primary major. The core curriculum requirements of the secondary major need not be completed unless a business major is elected as the secondary major. In this case, the requirements of the —business core] must also be met. Regardless of hours counted for more than one major, associate degrees require a minimum of 60 semester credit hours and baccalaureate degrees require a minimum of 120 semester credit hours.

Requirements for a Minor
Undergraduate students may select a minor or minors in addition to a major.
Guidelines for minors are as follows:
- must contain a minimum of 15 credit hours (each minor is specifically defined);
- at least half of the credit hours of a minor must come from upper division (200-499) courses;
- at least half of the course requirements of a minor must be completed at Xavier;
- a student must attain a 2.000 average (or higher for some minors) in the course work of the minor;
- a student must declare a minor with the appropriate department and the student's college;
- successful completion of the minor will be noted on the student's academic transcript.

Requirements for Certificate Programs
Xavier University offers several undergraduate certificate programs. Students may complete certificate programs as part of an associate, bachelor's or master's degree or as a non-degree student. Some programs require that students have the minimum of an associate's or bachelor's degree prior to admission.
Candidates for certificates (Information Technology, Pre-MBA Studies, Pre-Medical Studies) must have:
1. completed the requirements for the certificate with at least one-half of the hours completed at Xavier.
2. attained a cumulative grade point average of 2.000 or better.
3. unless all financial obligations to the University before the transcripts can be released.

COLLEGE OF ARTS AND SCIENCES

The College of Arts and Sciences is the oldest and largest college at Xavier University. The goal is to provide an excellent liberal arts education in the Jesuit tradition that prepares students for careers, professional or graduate school, and life in a global society.

Degrees, Programs and Block Schedules

The College of Arts and Sciences offers undergraduate degrees and programs in the departments of Art, Biology, Chemistry, Classics, Communication Arts, English, History, Mathematics & Computer Science, Modern Languages, Music, Philosophy, Physics, Political Science & Sociology, and Theology.

Graduate degrees are offered in the departments of English and Theology.

DEPARTMENTAL INDEX

Art (including Art concentrations & Fine Arts) ......................................................... 96
Biology (including Applied Biology, Medical Technology, Natural Sciences, Pre-Physical Therapy, and Pre-Medical Studies) ......................... 99
Chemistry (including Applied Chemistry, Chemical Science, Natural Sciences, Pre-Mortuary Science, and Pre-Pharmacy) ......................... 106
Classics (including Classical Humanities, Greek, Latin, and Theatre) ..................... 114

Theology ...................................................................................................................... 153
Special College Programs: Liberal Arts Degrees ...................................................... 159

Every effort has been made to ensure that the content of this Academic Program Bulletin (catalog) is accurate at the time of printing on August 31, 2009, and it serves as the program guide for the 2009-2010 academic year. The University reserves the right to make any changes deemed necessary or appropriate. Changes may be implemented without prior notice and without obligation and, unless specified otherwise, are effective when made. Published by the University Registrar.
ART DEPARTMENT
The Department of Art offers two degrees, the Bachelor of Arts and the Bachelor of Fine Arts, as well as minors in Studio Art and Art History.

BACHELOR OF ARTS DEGREE IN ART
The Department of Art fosters an integrated way of life in which the student, through art experiences, grows in awareness and response to both spiritual and material values. The potential artist has opportunity for studio practice in one of the following concentrations: art education, art history, ceramics, drawing, fibers, graphics, painting, photography, printmaking, and sculpture. Studies in art history are required of each major and may also be an area of concentration. Students who wish to be licensed as teachers follow a special program for pre K-12 licensure. Students interested in careers as art therapists are advised to follow a pre-art therapy program.

Requirements for the Art Major
Core Curriculum Requirements: 64 credit hours
- Fine arts requirement included within major
Major Requirements: 52 credit hours, as follows
- 10 credit hours in foundation requirements
- 9 credit hours in 100 level courses
- 3 elective credit hours
- 9 credit hours in Art History
- 3 credit hour exit seminar
- 12 credit hours (4 courses) in one area of study leading to the senior concentration
- 6 credit hour senior concentration and exhibition are required.
Concentrations must be arranged with the approval of the concentration advisor.
- In the spring semester of the sophomore year the prospective art major will present a portfolio for evaluation. Acceptance or rejection from the Department of Art will be based upon this evaluation.
- a minimum grade of "C" must be attained in all art courses to count toward an art major degree.
- a minimum grade of "B" must be attained in ARTS 221/521 and ARTS 223/523 for those pursuing art licensure.
A recommended program sequence is available for each of the concentrations. Art licensure requires an additional 28 hours of education courses as well as 55 semester hours in art for a Pre-K to 12 license. Please direct requests and/or questions to the department chair.
Introductory courses (or equivalent with permission of the instructor) are prerequisites for all advanced courses. Courses numbered 500 or above are for graduate students only. All studio courses may be taken for graduate credit.

B.A. Art
Suggested sequence of courses for a BA degree in Art with a concentration in any area.
This block serves as a guideline for progress toward a degree. See your academic advisor.

**Scheduling Notes:**
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core.
- A minimum of 122 credit hours is required for this degree.

### Minor in ART HISTORY

18 total credit hours are required, as follows
- 15 hours required in art courses: ARTS 270, 271, 272, 273, 274;
- 3 hours of art electives (either studio or more art history).
- A minimum grade of "C" must be attained in all art courses to count toward the minor.

### Minor in STUDIO ART

18 total credit hours are required, as follows
- 6 hours required in art courses ARTS 101 and 105;
- 3 hours of Studio elective, selected from ARTS 102-109, or 142;
- 3 hours of Advanced Studio elective, selected from ARTS 202-209, or 242;
- 6 hours of art elective courses providing a thorough investigation of any studio art discipline, or art history.
- A minimum grade of "C" must be attained in all art courses to count toward the minor.

Further information concerning art minors can be obtained from the Department of Art.
BACHELOR OF FINE ARTS DEGREE IN ART

The BFA degree in Art is distinguished from the BA degree in Art by its intensity and structure. Students seeking a BFA degree in Art usually have full determination to pursue their livelihood as professional artists or are thinking of acquiring an MFA degree for university/college teaching. It is a higher degree and immediately acknowledges the fact that its recipient has experienced a deeper involvement in, and commitment to, art.

Requirements for the Bachelor of Fine Arts Major
Core Curriculum Requirements:  64 credit hours
- Fine arts requirement included within major
Major Requirements:  73 credit hours, as follows
- 10 credit hours in foundation requirements
- 15 credit hours in 100 level courses
- 9 elective credit hours
- 12 credit hours in Art History
- 3 credit hour exit seminar
- 18 credit hours (6 courses) in one area of study leading to the senior concentration
- 6 credit hours in senior concentration and exhibition are required.
- Concentrations must be arranged with the approval of the concentration advisor.
- In the spring semester of the sophomore year, at the time of the sophomore portfolio evaluation, students will express their intention of pursuing a BFA degree by delivery of a signed declaration form to the department chair, endorsed by the proposed concentration instructor.
- a minimum grade of "C" must be attained in all art courses to count toward an art major degree.

It should be noted that in order to complete a degree in the regular four-year sequence, a student would need to carry approximately 18 credit hours per semester. Most students seeking this degree, however, are very competent and would probably have some advanced standing in regard to the core. It is also usual for these students to take courses during the summer sessions.

A recommended program sequence is available. Please direct requests to the department chair.

B.F.A. Art

BIOLOGY DEPARTMENT

The Department of Biology, in cooperation with the Departments of Chemistry and Physics, offers these degrees and programs:
The Bachelor of Science in Biology
The Bachelor of Science in Applied Biology - Cooperative Forestry & Environmental Management Program
The Bachelor of Science in Natural Sciences (for premedical and pre-dental students)
The Certificate in Pre-Medical Studies
The Bachelor of Science in Medical Technology
The Bachelor of Science in Teaching Life Sciences (in cooperation with the School of Education)
The Minor in Biology
The Minor in Natural Sciences
The Minor in Pre-Physical Therapy
The Minor in Environmental Studies

BACHELOR OF SCIENCE DEGREE IN BIOLOGY
The biology curriculum includes courses which present current concepts of the molecular, cellular, organismal, and population levels of biological organization. Basic biological principles are presented through the study of animals, plants, and microorganisms. Laboratory sessions provide experience in careful observation, controlled experimentation, and thoughtful analysis of scientific data. The biology program provides preparation for further study at the graduate level or in the health professions (medicine, dentistry, veterinary medicine, podiatry, or optometry), as well as preparation for a teaching career or other specialized employment.
Requirements for the Biology Major

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 150 or 170; and MATH 156.
- Science requirement specified by the major as:
  8 hours in physics courses: PHYS 160, 161, 162, 163.

Major Requirements: 36 credit hours, as follows
- 16 hours of electives from BIOL 210-495, including
  at least one course from BIOL 222, 226, 360, 364, 440, or 460/461;
  at least one course from BIOL 240, 244, 250, 255, or 398;
  and either one of two lecture/lab combinations from BIOL 210/211 or 450/451.
- a 2.000 cumulative average must be attained in the 36 hours of biology courses.

Up to 4 hours of independent study (either BIOL 290 or 495) may be used in this elective requirement.

B.S. Biology

This block serves as a guideline for progress toward a degree. See your academic advisor.

Minor in BIOLOGY
18 total credit hours are required, as follows
- 10 hours from BIOL 160-163;
- 8 hours of lecture and lab combinations selected from BIOL 200 - 461.
- a 2.000 cumulative average must be attained in all these courses.

BACHELOR OF SCIENCE DEGREE IN APPLIED BIOLOGY

Xavier University - Duke University Cooperative Forestry and Environmental Management Programs

This program is designed to coordinate the education of undergraduate students at Xavier with graduate programs in the Duke University School of the Environment. Participating students are accepted into either of two Duke University degree programs, the Master of Forestry (MF) or Master of Environmental Management (MEM). The MF emphasizes forest resources, and graduates are typically employed in administrative, managerial, or staff positions with forest industries and government agencies. The MEM program considers natural resources in a broader context. Students find employment in such areas as resource development, environmental protection, impact assessment, land use analysis, and coastal zone management.

The curriculum which leads to the above degrees consists of six semesters of undergraduate study at Xavier University (similar to a Biology major) and four semesters of graduate study at Duke University School of the Environment. During the fall semester of the junior year at Xavier, the student applies for admission to the Duke University School of the Environment. The BS Applied Biology degree will be awarded by Xavier University upon satisfactory completion of one year of full-time study at Duke University. Upon satisfactory completion of the requirements for a master’s degree, Duke University will award either the degree of MF or MEM, whichever is appropriate for the student’s area of concentration at Duke University. If a student is unable to enter Duke University, courses necessary for completion of requirements leading to the BS in Biology degree can be taken during the senior year.

Requirements for the Applied Biology Major

Core Curriculum Requirements:  52 credit hours, as follows

<table>

| **Senior Year** | | | |
| During the junior year the student should apply for admission to Duke University. The BS Applied Biology degree will be awarded by Xavier University upon satisfactory completion of one year of full-time study (at least 24 credit hours) at Duke University. If a student is unable to enter Duke University, arrangements should be made with the Biology Department chair to determine the senior year courses necessary for completion of requirements leading to the BS Biology degree. Scheduling Notes: |
| - Consult the "Undergraduate Core Curriculum" requirements of the Catalog. |
| - a minimum of 96 hrs at Xavier is required for completion of degree after Duke courses are completed. |

## Minor in PRE-PHYSICAL THERAPY

33-34 total credit hours are required, as follows
- **Biology:** 8 hours of lecture & lab from either Option 1 (BIOL 140-143) or Option 2 (BIOL 354-355 and 410-411);  
- **Chemistry:** 8-9 hours of lecture & lab from CHEM 160-163(or 165);  
- **Physics:** 8 hours of lecture & lab from PHYS 160-163;  
- **Athletic Training:** 9 hours from ATTR 267, 343, 344.  
- a 2.000 cumulative average must be attained in all these courses.
BACHELOR OF SCIENCE DEGREE IN NATURAL SCIENCES

(Preparation for health professions, like medicine and dentistry)

The Natural Sciences curriculum presents a liberal arts program with emphasis on those sciences required for an excellent background for subsequent studies in medicine, dentistry, and similar health professions. Recurrent pronouncements by Committees on Admissions at professional schools leave no doubt that they regard an education in the liberal arts as one of the most important factors in forming a genuinely capable and effective health professional, but majoring in Natural Sciences is not a requirement for admission to a health profession. (See Natural Science minor and Certificate in Pre-Medical Studies on following page and the Applied Physics major --Natural Sciences option.) The student should consult a current listing of professional school admission requirements* so that the selected course of studies will assure the student of a degree and include all the minimum requirements for admission to those schools of medicine or dentistry to which he/she intends to apply.

Requirements for the Natural Sciences Major

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 150 and 156; MATH 170 and 156; or MATH 170 and 171.
- Social sciences: PSYC 101.
- Science requirement included within the major.

Major Requirements: 59 credit hours, as follows
- 8 additional hours in biology or 8 hours in chemistry, to include two hours of research along with the additional hours in BIOL or CHEM electives.
  (See academic advisor for specific course selection.)
- a 2.000 cumulative average must be attained in all biology, chemistry and physics courses.

* “Medical School Admission Requirements,” published by the Association of American Medical Colleges, or “Admission Requirements of U.S. and Canadian Dental Schools,” published by the American Association of Dental Schools.

B.S. Natural Sciences

* Student selects a senior year concentration of courses plus research in either biology or chemistry. Courses vary from year to year, so contact your academic advisor for current selections. Students concentrating in chemistry should add Chemical Literature, one hour, to junior year schedule.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for this degree.

**Minor in NATURAL SCIENCES (Pre-Medical)**

The Natural Sciences minor is designed for undergraduate students who wish to complete science courses generally required of applicants to medical school while completing a bachelor’s degree in a non-science major.

35 total credit hours are required, as follows:
- 10 hours of biology from BIOL 160, 161, 162, 163;
- 17 hours of chemistry from CHEM 160, 161, 162, 163, 240, 241, 242, 243;
- 8 hours of physics from PHYS 160, 161, 162, 163 (or 170 series).
- A 2.000 cumulative average must be attained in these courses.

**The Certificate in NATURAL SCIENCES (PRE-MEDICAL STUDIES)**

This certificate program is designed for people who already have a bachelor’s degree and who want to prepare for admission to medical school. Medical schools generally expect their applicants to a bachelor’s degree along with the four years of science courses required for this certificate.

They are:
- General Biology I and II (BIOL 160-163) .......................... 10
- College Physics I and II (PHYS 160-163) ........................... 8
- General Chemistry I and II (CHEM 160-163) ........................ 9
- Organic Chemistry I and II (CHEM 240-243) ....................... 8

A student is eligible for a certificate if at least one half (17 credit hours) of the courses are completed at Xavier University with a minimum grade point average of 3.000. Interested students should consult with the chair of the Health Sciences Committee or the Coordinator of Pre-Professional Health Advising.
BACHELOR OF SCIENCE DEGREE IN MEDICAL TECHNOLOGY

Medical Technologists perform laboratory procedures that contribute to the prevention, diagnosis, and treatment of diseases. The curriculum which leads to the BS degree in Medical Technology consists of three years of undergraduate study at Xavier University and the senior year at a NAACLS (National Accrediting Agency for Clinical Laboratory Sciences) accredited program approved by Xavier University. St. Elizabeth Medical Center, Covington, KY, and the University of Cincinnati Medical Center, Cincinnati, OH are current affiliates.

The year of professional study at the hospital-based program consists of work in a clinical lab and courses as determined by the affiliate, typically including Clinical Chemistry; Clinical Microbiology, Mycology, Parasitology; Hematology and Coagulation; Immunohematology; Laboratory Management and Education; Urinalysis and Body Fluid Analysis; Serology. After successful completion of the program of professional study, the student is awarded the Bachelor of Science by the University, and is then eligible for one of the certification examinations. Certification examinations are administered by the Board of Registry, American Society of Clinical Pathologists, and by the NAACLS. During the junior year a student applies for acceptance to a clinical program, and if a student is unable to enter a program the requirements for a degree in Biology, Natural Sciences, or Chemical Science can be completed in the senior year.

A student may also elect to complete the Bachelor of Science degree in Biology or Natural Sciences, then apply to any hospital-based program in Medical Technology accredited by NAACLS.

Requirements for the Medical Technology Major

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 150 or 170; and MATH 156.
- Science requirement included within the major.

Major Requirements: 46 credit hours, as follows
- a 2.800 cumulative average must be attained in the science courses for acceptance by affiliated hospitals.
- One year of full time study (36 credit hours) at a hospital-based medical technology program affiliated with Xavier University.
- University residency requirement is fulfilled with a minimum of half of the required 95 hours taken at Xavier, before the fourth year.

|                      |                |              |                 |              |
| **Senior Year**      | (refer to requirements) |                |                 |              |

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- a minimum of 131 credit hours is required for the degree upon 36 hours completion of a fourth year at an approved hospital.

All students must present evidence of the following prior to entrance to all clinical courses:
- Health history and required physical examination form
- MMR immunization
- Hepatitis B series
- Liability insurance ($1,000,000/$5,000,000) purchased through the University and billed to the student's account.

Students are responsible for these expenses as well as white uniforms and transportation costs to and from the clinical sites.

**********

**CHEMISTRY DEPARTMENT**

The Department of Chemistry, in cooperation with the Departments of Biology and Physics, offers these bachelor's degrees and programs:
- The Bachelor of Science in Chemistry
- The Minor in Chemistry
- The Bachelor of Science in Chemical Science
- The Bachelor of Science in Applied Chemistry, Science - Engineering Program
- The Bachelor of Science in Natural Sciences (for premedical and pre-dental students)
- The Minor in Natural Sciences
- Pre-Pharmacy Program
- The Bachelor of Science in Teaching Life Sciences and Chemistry (in cooperation with the School of Education)
The Department of Chemistry offers a curriculum that is approved by the American Chemical Society (ACS) and leads to the Bachelor of Science degree. Students completing the program graduate as "ACS certified" majors. The curriculum covers the five major fields (analytical, biochemistry, inorganic, organic, and physical chemistry), the preparation and identification of compounds, and the literature on the subject. CHEM 300, Chemical Literature, fits the students to prepare his/her thesis and is a beginning course in research.

Requirements for the Chemistry Major
Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 170 and 171.
- Science requirement included within the major.
Major Requirements: 47 credit hours, as follows
- 3 hours from a choice of either CHEM 411 or 450.
- 3 hours of research seminar from CHEM 400 (to be taken 3 times).
- a 2.000 cumulative average must be attained in these chemistry courses.
Additional Major Requirements: 12 credit hours, as follows
- 9 hours of physics from PHYS 161, 163, 170, and 172.
- 3 hours of mathematics from MATH 220.

### Minor in CHEMISTRY

19-20 total credit hours are required, as follows
- 16-17 hours from CHEM 160, 161, 162, 163 (or 165), 240, 241, 242, 243;
- 3 additional hours of coursework must be selected from CHEM 300-495.
- a 2.000 cumulative average must be attained in the chemistry courses.

### BACHELOR OF SCIENCE DEGREE IN CHEMICAL SCIENCE

The Department of Chemistry offers a program which leads to the BS degree in Chemical Science. This program is intended primarily for those students who wish to make use of chemical knowledge in connection with a career in the business world, e.g., in sales or marketing, or in secondary education. The course requirements in chemistry and mathematics are less than those of the BS in Chemistry program. The hours thus released are made available as free elective hours which can then be applied to courses in accounting, business administration, economics, education, etc.

#### Requirements for the Chemical Science Major

**Core Curriculum Requirements:** 64 credit hours, including
- Mathematics: MATH 120 and 150.
- Science: PHYS 160, 161, 162, 163.

**Major Requirements:** 34 credit hours, as follows
- 29 hours from CHEM 160, 161, 162, 163, 220, 226, 227, 240, 241, 242, 243, 300, 340, 341;
- 2 hours of research seminar from CHEM 400 (to be taken 2 times);
- 3 hours of chemistry electives from CHEM 411-495.
- a 2.000 cumulative average must be attained in the chemistry courses.

- A minimum of 120 credit hours is required for the degree.

**BACHELOR OF SCIENCE DEGREE IN APPLIED CHEMISTRY**

**Xavier University - University of Cincinnati Cooperative Science - Engineering Program**

This course of study is designed to provide a broad education in the physical sciences, mathematics, liberal arts, and specialized training in metallurgical or chemical engineering. (This program is also available for students in fields related to physics. See the Applied Physics program.)

Upon completion of the requirements as specified below, the student will be awarded a BS in Applied Chemistry degree by Xavier University. The program is designed for students who wish to continue their education in some field of engineering. This cooperative program ultimately can lead to a master's degree in engineering.
Core Curriculum Requirements: 54 credit hours, as follows:

- Cultural Diversity Elective ............... 1
- English Composition/Rhetoric ............ 3
- Philosophy: PHIL 100 and 290 .......... 6
- Theology: THEO 111 and elective ... 6
- Foreign Language ............................. 6
- E/RS Focus elective * ....................... 3
- History Elective .............................. 6
- Fine Arts Elective ............................ 3
- ENGL/CLAS/SPAN 205, Lit&Moral Imag 3
- Mathematics: MATH 170 and 171 .......... 8
- Liberal Arts Elective ** ..................... 9
- Liberal Arts Elective ** ..................... 9
- Biology: BIO 111 and 112 .......... 4
- Mathematics: MATH 170 and 171 .......... 8

* May also fulfill one of the core curriculum requirements above.
** May be taken at the University of Cincinnati.

Major Requirements: 57 credit hours, as follows:

- 28 hours of chemistry from CHEM 160, 161, 162, 163, 221, 240, 241, 242, 243, 320, 322, 325;
- 14 hours of physics from PHYS 161, 163, 170, 172, 350, 351;
- 12 hours of additional mathematics from MATH 220, 230, and two electives (MATH 200-397);
- 3 hours of computer science from CSCI 170.
- a 2.000 cumulative average must be attained in the chemistry courses.
- 23 semester hours of engineering courses at the University of Cincinnati.

Coursework during the first two years is exclusively at Xavier University, at both Xavier and the University of Cincinnati during the third year, and only at the University of Cincinnati for year four and year five. Completion of the engineering degree awarded by the University of Cincinnati requires another year. After three years, some students choose to remain at Xavier to complete their program. Individual arrangements are made for the fourth year and a degree in Applied Chemistry is awarded by Xavier.

Senior Year
The fourth, fifth and sixth years are completed in the appropriate department in the College of Engineering at the University of Cincinnati. This work is arranged in cooperation with the student, Xavier University and the University of Cincinnati. After three years, some students choose to remain at Xavier and complete their program. Individual arrangements are made for the fourth year.

A degree in Applied Chemistry is awarded by Xavier.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for this degree.

BACHELOR OF SCIENCE DEGREE IN NATURAL SCIENCES
(Preparation for health professions, like medicine and dentistry)

The natural sciences curriculum presents a liberal arts program with emphasis on those sciences required for an excellent background for subsequent studies in medicine, dentistry, and similar health professions. Recurrent pronouncements by Committees on Admissions at professional schools leave no doubt that they regard an education in the liberal arts as one of the most important factors in forming a genuinely capable and effective health professional, but majoring in natural sciences is not a requirement for admission to a health profession. (See Certificate in Pre-Medical Studies.) The student should consult a current listing of professional school admission requirements* so that the selected course of study will assure the student of a degree and include all the minimum requirements for admission to those schools of medicine or dentistry to which he/she intends to apply.

Requirements for the Natural Sciences Major

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 150 and 156; MATH 170 and 156; or MATH 170 and 171.
- Social sciences: PSYC 101.
- Science requirement included within the major.

Major Requirements: 59 credit hours, as follows
- 8 additional hours in biology or 8 hours in chemistry, to include two hours of research along with the additional hours in BIOL or CHEM electives.
(See academic advisor for specific course selection.)
- A 2.000 cumulative average must be attained in all biology, chemistry and physics courses.

* "Medical School Admission Requirements," published by the Association of American Medical Colleges, or "Admission Requirements of U.S. and Canadian Dental Schools," published by the American Association of Dental Schools.
### B.S. Natural Sciences

* Student selects a senior year concentration of courses plus research in either biology or chemistry. Courses vary from year to year, so contact your academic advisor for current selections. Students concentrating in chemistry should add Chemical Literature (CHEM 300) for one hour, to the junior year schedule.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- a minimum of 120 credit hours is required for this degree.
Minor in NATURAL SCIENCES (Pre-Medical)

The Natural Sciences minor is designed for undergraduate students who wish to complete science courses generally required of applicants to medical school while completing a bachelor’s degree in a non-science major. 35 total credit hours are required, as follows:
- 10 hours of biology from BIOL 160, 161, 162, 163;
- 17 hours of chemistry from CHEM 160, 161, 162, 163, 240, 241, 242, 243;
- 8 hours of physics from PHYS 160, 161, 162, 163 (or 170 series);
- a 2.000 cumulative average must be attained in these courses.

PRE-PHARMACY PROGRAM

The Pre-Pharmacy Program is covered and administered by the Department of Chemistry. Colleges of pharmacy require a minimum of two years of undergraduate study and include certain required courses for admission. If the required courses have been completed, students may apply to a college of pharmacy after two years of study or after earning a baccalaureate degree.

The pre-pharmacy curriculum satisfies the minimum preparation for admission to most colleges of pharmacy. It may be modified to meet other specific requirements of a particular college of pharmacy. A current listing of such requirements* should be consulted by the student in order to plan a satisfactory program. The student is advised to meet regularly with a member of the Committee on Health Sciences so as to be well-informed about all current prerequisites and the procedures to be followed in applying for admission to a college of pharmacy. If the student plans to continue undergraduate education at Xavier University and to obtain a BS degree, this can be done easily within the BS in Biology, BS in Chemical Science, or BS in Natural Sciences programs. The student then should meet with the chair of the appropriate science department for guidance in the choice of courses necessary for the desired degree.

* “Pharmacy School Admission Requirements,” published by the American Association of Colleges of Pharmacy.

CLASSICS DEPARTMENT

The Department of Classics offers two bachelor's degrees, the Bachelor of Arts in Classics and the Bachelor of Arts in Classical Humanities, as well as minors in Greek, Latin, Classical Humanities, and Theatre. In addition, the department plays a major role in the Honors Bachelor of Arts degree. For this degree, see Special University Programs.

BACHELOR OF ARTS DEGREE IN CLASSICS

The Bachelor of Arts degree in Classics is designed to bring students into intimate contact with the world of the ancient Romans and Greeks through the study of their language, literature and culture. It introduces them to that era when Western society was for the first time in recorded history dealing with and recording many of the same problems and questions with which we are still grappling today.

Requirements for the Classics Major

Core Curriculum Requirements: 64 credit hours, including
- Foreign language requirement: 12 hours (or equivalent competence) of a foreign/second language.

Major Requirements: 33 credit hours, as follows
- 0-12 lower division hours in Latin or Greek (the number depending on prior achievement).
- 21 hours in Latin or Greek beyond the intermediate language level.
- a 2.500 cumulative average must be attained in the above courses.
- Pass a comprehensive examination upon completion of a senior thesis.
- In addition to the above requirements, the student has 18-24 hours of non-designated electives which can be used to meet specific interests or needs.

### BACHELOR OF ARTS DEGREE IN CLASSICAL HUMANITIES

This program is designed to offer a major for those students who have an interest in the ancient world but prefer breadth rather than specialization in their undergraduate education or seek to pursue the equivalent of a second major. This program combines the minimum number of course requirements with a maximum number of elective courses. The 24 hours of study of the ancient Greek and Roman world will give the student a somewhat intensive knowledge of the cultures, which in time and place are far removed from our own but which have exercised a very strong and continuing influence on modern civilization.

**Requirements for the Classical Humanities Major**

- Core Curriculum Requirements: 64 credit hours, including
  - Foreign language requirement included within the major.
- Major Requirements: 36 credit hours, as follows
  - 12 lower division hours in Latin or Greek 101-202 (waivers exist per prior achievement).
  - 6 hours of Latin or Greek beyond the intermediate language level (210-399).
  - 18 hours of classical culture offerings from CLAS 101-399.
  - A 2.500 cumulative average must be attained in the above courses.

In addition to the above requirements, the student has approximately 26 hours of non-designated electives which can be used to meet specific interests or needs.

### B.A. Classical Humanities

This block serves as a guideline for progress toward a degree. See your academic advisor.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- a minimum of 120 credit hours is required for the degree.

**Minor in CLASSICAL HUMANITIES**
18 total credit hours are required, as follows
- Select hours in classical culture courses offerings, from CLAS/GREK/LATN 101-399.
- 2.500 cumulative average must be attained in the classical culture courses.

**NOTE:** Courses with the CLAS designation require no knowledge of an ancient language.
Courses with the LATN and GREK designations can apply to the Classical Humanities Minor.

**Minor in THEATRE**
21 total credit hours are required, as follows
- 15 hours of theatre courses (take 5 of 6) from THTR 100, 200, 210, 230, 310, 350.
- 3 hours of an approved class section from ENGL/CLAS/FREN/SPAN 205
- 3 hours of approved elective with 1 course from CLAS 142, 146; ENGL 313, 340, 425, 429, 472; FREN 439, 450-453; GERM 465; GREK 202, 351; HIST 285; LATN 321, 351; MUSC 340, 341; or THTR 133-329.
- 2.000 cumulative average must be attained in these courses.

**************

Xavier University 2009-2010 Catalog 116
COMMUNICATION ARTS DEPARTMENT

The Department of Communication Arts offers a Bachelor of Arts degree and an Associate of Arts degree in four major areas: Advertising, Electronic Media, Organizational Communication, and Public Relations. For more information on the associate degree, contact the Center for Adult and Part-time Students (CAPS). The CA department also offers a minor in Communication Arts.

BACHELOR OF ARTS DEGREE IN COMMUNICATION ARTS

The Communication Arts Majors will help students understand many aspects of the human communication process, develop essential skills, and form positive attitudes toward the role that, as educated adults, they will play in society. Basic skills in written and spoken communication receive emphasis in all four communication majors: advertising, electronic media, organizational communication, and public relations. In order to complete all requirements for the degree, students should formally declare one of the four departmental majors preferably by the end of their freshmen year. Departmental guidance is necessary to ensure proper sequencing of classes. Proficiency in writing skills is required in all majors, and continued improvement in writing and speaking skills is expected. Qualified communication arts students are encouraged to take advantage of internship opportunities in their respective majors to gain practical professional experience. Many students within the department work closely with the University's television production studio. The television studio is very active in program production for cable television and industrial usage and the production, post production, and editing facilities utilize students in a number of roles and encourage the development of high professional standards. The Xavier University Vonder Haar Chapter of the Public Relations Society of America (PRSSA) and many other organizations and clubs provide opportunities for students to network with area professionals and gain meaningful practical experience.

Communication Arts Majors

ADVERTISING
The goal of the Advertising major is to prepare students for a career in the field of advertising. This program offers a comprehensive study of advertising, including the principles of advertising, creative concepts, media planning, research, and management.

ELECTRONIC MEDIA
The Electronic Media major will prepare students for entry-level positions in radio, television, cable, and corporate video. The program emphasizes those skills which are necessary for work in both the commercial and noncommercial broadcast areas, as well as corporate uses of the electronic media.

ORGANIZATIONAL COMMUNICATION
Organizational Communication students have the opportunity to gain the knowledge and practical skills necessary to promote effective communication processes within public and private organizations. The program emphasizes both written and oral communication, and students are encouraged to prepare themselves for a broad range of employment possibilities in areas such as sales, special events planning, human resources, industrial relations, training, and management.

PUBLIC RELATIONS
The Public Relations major combines comprehensive theory and specific practical skills, in the context of a humanistic liberal education, to prepare students for public relations careers in the corporate, private nonprofit, and public sectors; or for a broad range of other careers that benefit from careful thinking and clear communication.
Requirements for the Communication Arts Majors

Core Curriculum Requirements: 64 credit hours
Major Requirements: 36 credit hours, as follows

* Advertising Major
- 30 hours from COMM 101, 123, 206, 211, 230, 329, 332, 334, 430, 439;
- 3 hours of Elective A, select 1 course from COMM 232, 235, 237, 355, 432, 434, 435;
- 3 hours of Elective B, select 1 course from COMM 247, 322, 323, 385, 426.

* Electronic Media Major
- 27 hours from COMM 101, 123, 206, 211, 250, 254, 354, 452, 459;
- 3 hours of elective, select 1 course from: COMM 247, 322, 323, 329, 334, 385, 426;
- 6 hours of additional electives, selected from any COMM 197-499.
  Only one of the two electives in this category could be COMM 398 or 498 (Internship).

* Organizational Communication Major
- 33 hours from COMM 101, 206, 207, 209, 260, 264, 301, 327, 360, 362, 469;
- 3 hours of elective, select 1 course from COMM 363, 371, or 471.

* Public Relations Major
- 27 hours from COMM 101, 206, 207, 211, 270, 329, 372, 477, 479;
- 3 hours of Elective A, select 1 course from COMM 363, 371, or 471.
- 3 hours of Elective B, select 1 course from COMM 301, 376, 377, 426, or 470;
- 3 hours of an additional elective, select 1 course from COMM 123-499.
- A 2.000 cumulative average must be attained in the communication arts courses of each major.

Since each major recommends certain courses as COMM electives, it is important that students work closely with their academic advisors in the choice of these electives.

  -  3 hours of elective, select 1 course from COMM 123-499.
-  A 2.000 cumulative average must be attained in the communication arts courses of each major.

***************

ECONOMICS DEPARTMENT
The Department of Economics offers the Bachelor of Arts degree in Economics and a minor in Economics. Also offered, in conjunction with the Modern Languages Department, is a Bachelor of Arts degree in Modern Languages & International Economics - see Modern Languages Department for details.
Note: Economics is also available as a major and minor in the Williams College of Business.

BACHELOR OF ARTS DEGREE IN ECONOMICS
The BA in Economics combines a liberal arts background with a thorough understanding of economic activity, and is an appropriate background for a career in business or government. It also provides an excellent basis for graduate study in law and in business as well as in economics itself. Economics majors gain a knowledge of the operation of the economy and experience with the methods of economic analysis. Specifically, students analyze such topics as inflation, unemployment, managerial decision-making, international trade, and governmental economic activity.
Xavier University 2009-2010 Catalog

College of Arts and Sciences

Requirements for the Economics Major

Core curriculum requirements: 64 credit hours, including
- Social science requirement included within the major.

Major Requirements: 33 credit hours, as follows
- 15 hours from ECON 200, 201, 305, 306, STAT 211;
- 18 hours of economics electives, which must include 6 hours of ECON courses at the 400 level.
- A 2.000 cumulative average must be attained in the above courses.
- Each student must orally present a paper written in a 400-level economics course to a forum established by the department.
- Computer competency required. Tutorials are available for students who are deficient in basic computing skills.

* At least six hours of economics electives must be in the 400-level courses.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.
Minor in ECONOMICS
This minor is available to business and non-business undergraduate students.
15 total credit hours are required, as follows:
- 6 hours of economics from ECON 200 and ECON 201
- 3 hours from either ECON 305 or ECON 306.
- 6 hours of upper division electives, select from ECON 300-499 (except WCB students may not count ECON 300 in the minor).
- a 2.000 cumulative average must be attained in the courses of the minor.

ENGLISH DEPARTMENT
The Department of English offers the Bachelor of Arts, the Associate of Arts, and the Master of Arts in English degrees. For information on the associate degree, contact the Center for Adult and Part-time Students (CAPS). Also offered is a minor in English.

BACHELOR OF ARTS DEGREE IN ENGLISH
The major in English is designed to develop writing skills, a critical and historical understanding of the English language and its literature, and a knowledge of current theories of literature, language, and humanistic interpretation. The English major is an excellent preparation for law school and for careers in education, journalism, editing, publishing, and other communications fields. It is also a fine preparation for a variety of business careers and for graduate school in business and, with appropriate science courses, for medical school.

Requirements for the English Major
Core Curriculum Requirements: 64 credit hours, including
- Literature requirement included within the major.
Major Requirements: 36 credit hours, as follows
- 12 hours from ENGL 115, 221, 302 or 303, 499;
- 3 hours from a specific major’s section of ENGL 205;
- 21 hours of seven upper-level electives (ENGL 300-498) including one course each in Shakespeare, British literature, American literature, and language or linguistics.
- a 2.000 cumulative average must be attained in these English courses.

Undergraduates who wish to be certified as teachers of English on the secondary level are advised to consult with the Chair of the English Department and with the Office of Teacher Education and Placement regarding specific requirements for teacher certification.

### Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

### Minor in ENGLISH

18 total credit hours are required, as follows
- 6 hours from ENGL 115 and 221;
- 3 hours from a specific major’s section of ENGL 205;
- 9 hours of upper-level electives (ENGL 300-498) including one course each in British literature and American literature;
- a 2.000 cumulative average must be attained in the English courses.

### ASSOCIATE OF ARTS DEGREE IN ENGLISH

Core Curriculum Requirements: 28 credit hours
Concentration Requirements: 15 credit hours, as follows
- 6 hours from ENGL 115 and 221;
- 9 hours of upper-level electives (ENGL 300-498) including one course each in British literature and American literature.
- a 2.000 cumulative average must be attained in the English courses.
MASTER OF ARTS DEGREE IN ENGLISH
The program for the Master of Arts degree in English is designed to develop critical, expository, and research skills, a critical and historical understanding of literature and language, and a working knowledge of current theories of interpreting and evaluating literary texts.

The M.A. in English requires a completion of 30 semester hours of course work, or with the approval of your advisor, the degree can be completed with 24 semester hours of course work and completing a written thesis which earns 6 hours of credit.

The following 15 hours of courses are required of all students:

- ENGL 512 Literary Theory
- ENGL 525 Shakespeare
- One 500-level graduate course on linguistics or language
- One 500 or 600 level graduate course on women or minority authors
- One graduate seminar course.

Language Requirement: Students must demonstrate reading knowledge of a foreign language by attaining at least a B in an intermediate-level foreign language course (e.g., 200-level) while taken as an M.A. student. Alternately, students may pass a translation examination administered by the appropriate language department at Xavier. In addition to modern languages, ASL, Old English, Latin, and Greek will be accepted in fulfillment of the requirement. Middle English will not be accepted. Exemptions and special circumstances (e.g., the desire to take the exam in a language not offered by Xavier University, or requests to use recent undergraduate foreign language courses to fulfill the requirement) will be considered by the Chair/ Director on a case-by-case basis.

- 15-18 hours of English electives are needed to complete the degree selected from ENGL 500-695. Courses may be taken at the 300 or 400 level for graduate credit, with approval of the program director. The completion of the Master’s Thesis (ENGL 700 & 701) for 6 hours can be used in this elective area of the degree requirements.
- A 3.000 cumulative average must be attained in all the graduate credit courses.
- At the close of their studies, they must pass a written comprehensive examination based on eighteen works of literature, linguistics, composition and literary theory. Fifteen of these works are chosen by the department every two years; the remaining three are chosen by the individual student. The comprehensive examination is given in April and November.

The Master of Arts program in English invites applications from students with a bachelor's degree and a solid academic record. Students seeking admission are expected to have a 3.200 average in their undergraduate English courses. Applicants should have excellent writing skills and a strong background in the humanities but need not be undergraduate English majors. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted.

Further information and application materials may be obtained from the Office of Graduate Services, 312 Elet Hall, 513 745-3360. Most courses are offered in the evening for the convenience of part-time students.
HISTORY DEPARTMENT

The Department of History offers the Bachelor of Arts and the Associate of Arts degrees in History. For information on the associate degree, contact the Center for Adult and Part-time Students (CAPS). Also offered is a minor in History.

BACHELOR OF ARTS DEGREE IN HISTORY

The History major provides an excellent foundation for a wide variety of careers and professions. The study of history encourages one to examine closely the institutions, ideas, and systems that shape our world. Requirements for the History major also broaden students' understanding of other cultures and their historical interconnections, and thereby sharpen the skills essential to all historical inquiry. History makes a unique contribution to a liberal education. It requires the attainment of a sympathetic appreciation of events and developments seen, not in isolation, but as part of a complex process. The study of history encourages depth of understanding through the development of analytic and critical skills. It trains one to seek valid conclusions that are based on all available sources of information. The study of history is compatible with any minor, including business, to prepare students for success in their career and professional choices.

Requirements for the History Major

Core Curriculum Requirements: 64 credit hours, including
- History requirement included within the major.

Major Requirements: 36 credit hours, as follows
- 12 hours with completion of two 100-level sequences selected from HIST 123-124, HIST 133-134, HIST 143-144, HIST 151-152, or HIST 161-162.
- 3 hours from HIST 210;
- 15 hours of electives from HIST 200-399;
- 6 hours of two, three-hour seminars from HIST 400-480;
- a 2.000 cumulative average must be attained in these history courses.

Also included must be two courses each, at any level, in: (1) U.S., (2) European, (3) African, Asian, or Latin American history. Neither AP credit nor HIST 210 count toward these geographical requirements.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- a minimum of 120 credit hours is required for the degree.

**Minor in HISTORY**

18 total credit hours are required, as follows:
- 6 hours with completion of one 100-level sequences selected from HIST 123-124, HIST 133-134, HIST 143-144, HIST 151-152, or HIST 161-162;
- 3 hours of an additional course from HIST 123, 124, 133, 134, 143, 144, 151, 152, 161, or 162;
- 6 hours of electives chosen from HIST 200-399;
- 3 hours of seminar from HIST 400-480.
- a 2.000 cumulative average must be attained in the history courses.

**ASSOCIATE OF ARTS DEGREE IN HISTORY**

Core Curriculum Requirements: 31 credit hours, including
- History requirement included within the concentration.

Concentration Requirements: 15 credit hours, as follows
- 3 hours of history courses from HIST 134 or 144 continuation of core course;
- 12 hours of electives chosen from HIST 200-399.
- a 2.000 cumulative average must be attained in these courses for the history concentration.

**MATHEMATICS AND COMPUTER SCIENCE DEPARTMENT**

The Department of Mathematics and Computer Science offers two degrees, the Bachelor of Science in Mathematics and the Bachelor of Science in Computer Science, as well as minors in Mathematics, Statistics, and Computer Science.
The Department of Mathematics offers a program intended to develop a student’s capacity to undertake intellectually demanding mathematical tasks by emphasizing general mathematical reasoning through mastery of varied subject matter. Upon successful completion of the program, the student should be well prepared for graduate studies in mathematics and related disciplines, for teaching at the secondary level and for immediate employment by industry in a position which makes use of the talents and abilities of one trained in the mathematical sciences.

Mathematicians continue to be in demand to fill both traditional and developing roles in society. Opportunities abound for researchers in all areas of mathematics. Engineering, computer science, and the physical sciences require individuals with mathematical training. The applications of statistics are increasingly widespread. Those in the economics as well as other social and health sciences, in the business community, and in the field of law are aware of the value of mathematics, not only as a tool for problem solving, but also for developing critical and analytical skills.

Requirements for the Mathematics Major
Core Curriculum Requirements: 64 credit hours, including
- Sciences: at least 9 hours in two sciences including any two of the following: BIOL 160-161,
- Mathematics requirement included within the major.
Major Requirements: 45 credit hours, as follows
- 24 hours from MATH 170, 171, 220, 225, 240, 340, 370;
- 3 hours of seminar from MATH 391, 392, and 393.
- 3 hours of computer sciences from CSCI 170.
- 9 hours of core electives from MATH 230, 256, 280, 301, 302, 311, 325, 330, 341, 360, 371, 380;
- 6 hours of additional electives from MATH 230-397.
- a 2.000 cumulative average must be attained in these mathematics and computer science courses.
- Students are required to complete the MFT (Major Fields Test) in Mathematics.
- Senior project presented to the faculty of the department.

The mathematics electives should be chosen under the guidance of the student’s advisor. Any student wishing to major in mathematics should consult the chair of the department before registration.

### Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

### Minor in MATHEMATICS
20 total credit hours are required, as follows
- 11 hours of mathematics courses: MATH 170, 171, 225;
- 9 additional hours of mathematics electives selected from MATH 220-399.
- a 2.000 cumulative average must be attained in these mathematics courses.

### Minor in STATISTICS
20 total credit hours are required, as follows
- 17 hours of mathematics courses: MATH 170, 171, 256, 311, and 312;
- 3 additional hours as approved by department, including MATH 257; ECON 350, 410; INFO 329.
- a 2.000 cumulative average must be attained in these mathematics courses.

### BACHELOR OF SCIENCE DEGREE IN COMPUTER SCIENCE
Computer technology has revolutionized society’s methods for processing information and making decisions. The growth in the use of computers has increased the demand for professionals in computer science. Typical computer careers include programming and application in such areas as accounting, engineering, law, mathematics, medicine, and the sciences. Other positions include research in computer science, computer design, computer product marketing and sales, technical writing, and teaching.

Xavier’s program is designed to develop, within the framework of a liberal education, the knowledge, skills, and creative analytical ability required for a productive career in computer-related fields and for graduate work in computer science or other areas.

Computer science students may elect to participate in a cooperative education experience. The cooperation education program is designed to complement students' classroom training in theoretical computer science by providing actual work experience in a real software engineering environment. In addition to gaining a deeper appreciation of classroom theory, students also make valuable professional contacts and learn more about career options in computer science.
Requirements for the Computer Science Major

Core Curriculum Requirements: 64 credit hours, including
- Sciences: at least 9 hours in two sciences from the following: BIOL 160-161, BIOL 162-163; CHEM 160-161, CHEM 162-163; PHYS 161-170, PHYS 163-172; PSYC 221-223, PSYC 222-224.
- Mathematics: 14 hours from MATH 170, 171, 225, and either MATH 156 or 240.

Major Requirements: 36 credit hours, as follows
- 30 hours of computer science courses: CSCI 170, 180, 181, 210, 220, 250, 260, 300, 320, 340, 390;
- 6 hours of computer science electives selected from CSCI 200-397 (includes co-op CSCI 395).
- A 2.000 cumulative average must be attained in the computer science courses.
- Fulfill the current senior comprehensive requirements.

B.S. Computer Science

* Students taking Senior Seminar and Project should contact the chair of the Mathematics and Computer Science Department one semester before enrolling in this course.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.
Minor in COMPUTER SCIENCE
16 total credit hours are required, as follows
- 10 hours from CSCI 170, 180, 181, 220;
- 6 hours of electives selected from CSCI 210-397 (CSCI 260 is strongly encouraged);
- a 2.000 cumulative average must be attained in all these computer science courses.

Special Note
Students without a strong background in high school mathematics often experience difficulty in computer science courses. All courses require out-of-class time in the computer lab. See the Department of Management Information Systems in the Williams College of Business for additional computer courses.

* * * * * * * * * * * * * * * * * *

MODERN LANGUAGES DEPARTMENT
The Department of Modern Languages offers the Bachelor of Arts and Associate of Arts degrees in French, German, and Spanish. For information on the associate degrees, contact the Center for Adult and Part-time Students (CAPS). Also offered are minors in French, German, Spanish and Latin American Studies. Also offered, in conjunction with the Economics Department, is a Bachelor of Arts degree in Modern Languages & International Economics.

A placement test is administered to those students who took French, German, or Spanish in high school. The result determines the number of courses needed in order to fulfill the foreign language requirement. All French/German/Spanish majors must complete a one-credit senior project (FREN/GERM/SPAN 499). All courses must be in the appropriate language (French/German/Spanish) to count towards the major.

BACHELOR OF ARTS DEGREE IN FRENCH, GERMAN OR SPANISH
The programs for majors in French, German, and Spanish offered by the Department of Modern Languages provide an opportunity for the development of proficiency in the spoken and written language, as well as a study of the literature and civilization in areas where the language is spoken.

Requirements for the Modern Languages Major
Core Curriculum Requirements: 64 credit hours, including
- Foreign Language: Complete intermediate level proficiency (202 level).

Major Requirements: 28 credit hours, as follows
- Placement test to determine which lower division courses are required.
- Completion of 28 hours of upper division courses (300-499) taught in the foreign language.
- A 2.000 cumulative average must be attained in the major courses.

*French:
- 9 hours of language/culture from FREN 300-351;
- 9 hours of literature from FREN 420-462;
- 9 hours of major electives selected from FREN 300-498;
- 1 hour of senior project from FREN 499.

*German
- 9 hours of language/culture from GERM 300-351;
- 9 hours of literature from GERM 410-470;
- 9 hours of major electives selected from GERM 300-498;
- 1 hour of senior project from GERM 499.
**Spanish**

- 3 hours of language from either SPAN 300 or 301;
- 3 hours of language from SPAN 302-306;
- 6 hours of language/culture from SPAN 328 and SPAN 370;
- 3 hours of culture from SPAN 350-352;
- 6 hours of literature from SPAN 400-450, 497;
- 6 hours of major electives selected from SPAN 325-498 (except SPAN 353);
- 1 hour of senior project from SPAN 399.

Students are encouraged to combine a modern language major with a second major or a related minor. Undergraduates who wish to be certified as teachers of French, German or Spanish are advised to consult with the department education coordinator, Dr. Diane Ceo-DiFrancesco, and with the Office of Teacher Education in Elet Hall regarding specific requirements for language teacher certification.

*Elementary French, German and Spanish are available to students with no previous language study or to those who place into these levels.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- a minimum of 120 credit hours is required for the degree.
Minor in FRENCH
15 total credit hours are required, as follows
- 6 hours of language/culture from FREN 300-351;
- 6 hours of literature from FREN 420-462;
- 3 hours of electives from FREN 300-498.
All courses must be taught in French to count toward the minor.
- a 2.000 cumulative average must be attained in all these French courses.

Minor in GERMAN
15 total credit hours are required, as follows
- 6 hours of language/culture from GERM 300-351;
- 6 hours of literature from GERM 410-470;
- 3 hours of electives from GERM 300-498.
All courses must be taught in German to count toward the minor.
- a 2.000 cumulative average must be attained in all these German courses.

Minor in SPANISH
15 total credit hours are required, as follows
- 6 hours of language from SPAN 300 or 301, and SPAN 328;
- 3 hours of culture from SPAN 350-352;
- 6 hours of electives from SPAN 302-498 (except SPAN 353).
All courses must be taught in Spanish to count toward the minor.
- a 2.000 cumulative average must be attained in all these Spanish courses.

Minor in LATIN AMERICAN STUDIES
18 total credit hours are required, as follows
- 3 hours of the entry core course taught in English from SPAN 353;
- 3 hours of language development selected from SPAN 300-305, 325, 326, 328, 351;
- 3 hours of Latin American literature selected from SPAN 427-429 or 440-446;
- 3 hours of Latin American history or political science selected from HIST 151, 152, 327, 340-344, 428 or from an approved POLI course;
- 3 hours of an approved Theology course;
- 3 hours of an approved elective from above listed courses or as approved by program director.
- a 2.000 cumulative average must be attained in all these courses.

ASSOCIATE OF ARTS

DEGREE IN FRENCH, GERMAN OR SPANISH
Core Curriculum Requirements: 31 credit hours
Concentration Requirements: 15 credit hours, as follows
- In which zero to twelve additional credit hours of lower division language courses are required as determined by the placement test.
- All courses must be taught in the foreign language to count toward the concentration.
- A 2.000 cumulative average must be attained in all these concentration courses.

*French
- 6 hours of language/culture from FREN 300-351;
- 6 hours of literature from FREN 420-462;
- 3 hours of electives from FREN 300-498.
Xavier University 2009-2010 Catalog  
College of Arts and Sciences

*German
- 6 hours of language/culture from GERM 300-351;
- 6 hours of literature from GERM 410-470;
- 3 hours of electives from GERM 300-498.

*Spanish
- 6 hours of language from SPAN 300 or 301, and SPAN 328;
- 3 hours of culture from SPAN 350-352;
- 6 hours of electives from SPAN 302-498 (except SPAN 353).

BACHELOR OF ARTS DEGREE IN MODERN LANGUAGE & INTERNATIONAL ECONOMICS
Anyone working in the international arena — whether in international relations, for an international organization, or in business — needs to work with people from around the world and have a deep understanding of the global economic environment. Students receive this mix with the interdisciplinary major that is offered jointly by the Departments of Modern Languages and Economics. The blended coursework provides students with:
- A solid foundation in French, German, or Spanish.
- The skills to address international economic issues and work in the global arena.
- A sound understanding of the cultures that exist across the global economy.

The B.A. in Modern Languages and International Economics requires students to select a modern language concentration from French, German or Spanish. The senior research and the directed study courses in each concentration are the capstone courses, and they are jointly directed by faculty members in Modern Languages and Economics. Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

Requirements for the Major
Core curriculum requirements: 64 credit hours, including
- Foreign Language: Complete intermediate level proficiency (202 level).
- Literature: can be fulfilled with a course in the concentration portion of the major.
- Social Sciences: ECON 200 and ECON 201 (included in the major).

Major Requirements: 50 credit hours, as follows
- 21 hours of specific courses from ECON 200, 201, 300, 305, 306, 450; and STAT 211;
- 6 hours from ECON 310-499, which must include 3 hours of ECON courses at the 400 level.
- 23 hours of courses in a chosen concentration:
  - French – 21 hours from FREN 300-490; 1 hour of senior research from FREN 499; and 1 hour of directed study in culture & civilization from FREN 496.
  - German – 21 hours from GERM 300-490; 1 hour of senior research from GERM 499; and 1 hour of directed study in culture & civilization from GERM 496.
  - Spanish – 12 hours from SPAN 300 or 301, with SPAN 302, 303, 306; 9 hours of electives from SPAN 304-490; 1 hour of senior research from SPAN 499; and 1 hour of directed study in culture & civilization from SPAN 496.

- a 2.000 cumulative average must be attained in these required and concentration courses.

The senior research and the directed study courses are the capstone courses are jointly directed by faculty members in Modern Languages and Economics.
Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

---

**MUSIC DEPARTMENT**

The Department of Music offers two degree programs, the Bachelor of Arts in Music and the Bachelor of Science in Music Education offered in conjunction with the Department of Education, and two minors, the Music Minor and the Jazz Minor.

The department also offers a broad, general exposure to the field of music through a variety of courses for students as they pursue a liberal arts education. In addition, opportunity for instruction in an applied instrument/voice is available upon departmental approval, as is the opportunity for participation in vocal and instrumental ensembles.
BACHELOR OF ARTS DEGREE IN MUSIC

Requirements for the Music Major

Core Curriculum Requirements: 64 credit hours, including
- Fine arts requirement included within the major.

Major Requirements: 54 credit hours, as follows
- 37 hours from MUSC 200, 201, 202, 203, 210, 211, 300, 301, 302, 303, 304, 310, 400, 401, 420;
- 8 hours of applied music from Private Lessons in MUSC 278-299;
- 8 hours (semesters) of participation in a vocal ensemble (MUSC 259-261) and/or an instrumental ensemble (MUSC 265 or 270);
- 1 hour of small ensemble from MUSC 263, 264, 267-269, 271, 273, 277 or 340;
- Pass applied music examination at the end of each semester.
- Pass eight jury exams.
- Pass a piano proficiency examination before the senior year.
- Present a recital or write a thesis in major area of concentration during the senior year.
- Recital attendance (minimum of 40 recitals).
- a 2.000 cumulative average must be attained in these music courses.

Students are admitted to the degree programs based upon their musicality and musical literacy rather than on performance accomplishments. Musical background and proficiency in an applied instrument/voice will determine placement within the department.

For a copy of Policies and Guidelines, contact the Department of Music Office.

---

**PHILOSOPHY DEPARTMENT**

The Department of Philosophy offers the Bachelor of Arts degree and a minor in Philosophy.
BACHELOR OF ARTS DEGREE IN PHILOSOPHY

The major in Philosophy is the appropriate course of study for a person intending to pursue graduate study in philosophy, and is an excellent preparation for entry into professional schools, law school and for graduate study in the humanities or social sciences.

Requirements for the Philosophy Major
Core Curriculum Requirements: 64 credit hours, including
- Philosophy requirement included within the major.
Major Requirements: 36 credit hours, as follows
- 12 hours beyond the introductory course (PHIL 100): Take PHIL 290, 311, 340* and 399;
- 12 hours from “history of philosophy” electives (typically PHIL 300-309, 362-364; and other courses are acceptable if approved by the chair);
- 12 hours of major electives chosen from PHIL 300-398.
- At least one course from the 24 hours of history and free electives must be in a seminar, which may be restricted to students majoring or minoring in Philosophy.
- Senior Thesis, due by midterm, second semester of senior year.
- Oral examination on thesis, held at end of senior year.
- Written comprehensive examination at end of senior year. Written information on the thesis, oral examination and comprehensive examination may be obtained from the chair of the department.
- a 2.000 cumulative average must be attained in these philosophy courses.
* Another course can be designated by the department as a Metaphysics elective (to replace PHIL 340).

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

Minor in PHILOSOPHY

18 total credit hours are required, as follows:
- 6 hours of philosophy courses from PHIL 290 and PHIL 340;
- 3 hours of a “history of philosophy” elective selected from PHIL 300-309, 354, or 362-364;
  (or otherwise, as approved by the chair);
- 6 hours of two philosophy electives selected from PHIL 300-398;
- 3 hours of a philosophy seminar course section from PHIL 300-398.
- a 2.000 cumulative average must be attained in these courses.

PHYSICS DEPARTMENT

The Department of Physics offers two degrees: the Bachelor of Science in Physics and the Bachelor of Science in Applied Physics, as well as a minor in Physics. Also, the Bachelor of Science in Teaching Life Sciences and Physics is offered in cooperation with the Department of Education.

BACHELOR OF SCIENCE DEGREE IN PHYSICS

From the tiniest bits of matter to the enormity of the universe, there exists a structure that is based on a surprisingly small number of far-reaching fundamental principles. It is the goal of physics to discover these fundamental principles, often called the “Laws of Nature,” and to describe all natural phenomena in terms of these principles. The study of physics should be of particular interest to those who are awed by the mysteries of nature and who wish to share in the unraveling of these mysteries. Small classes, seminars, individual discussion, and student-faculty research are an integral part of the study program. The physics faculty believes that the best teaching can be done only when there is a direct individual relationship between a student and a good teacher -- a situation in which there is close faculty-student interaction for discussing, thinking and exploring.

The department emphasizes hands on experience through modern laboratory and research facilities. These facilities include biophysics, superconductivity, visible, x-ray, and gamma ray spectroscopy, scanning probe microscopy, analog and digital electronics, optics, quantum optics, holography, and astronomy. Numerous funded projects are available to physics students.

The program in physics is designed to familiarize students with the techniques of mathematical and experimental physics that would be useful to them in an industrial research or engineering position; in physics teaching; as a general preparation for more advanced graduate work in any of the varied fields of physics; or in such disciplines as astronomy, space science, biophysics, computer science, engineering, geophysics, medicine, law, and oceanography.
Requirements for the Physics Major

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 170 and 171.
- Sciences requirement included within the major.

Major Requirements: 46 credit hours, as follows
- 3 hours of physics electives (capstone course), from PHYS 388 or 389.
- a 2.000 cumulative average must be attained in these courses within the major.

Additional Major Requirements: 17-18 credit hours, as follows
- 5-6 hours of additional science courses from either BIOL 160, 161 or CHEM 160, 161;
- 12 hours of mathematics from CSCI 170 or 180; MATH 220, 230; and a MATH elective (210-499).

Specific requirements are modifiable for the needs and interests of each individual student.

Minor in PHYSICS
18 total credit hours are required, as follows
- 8 hours of introductory physics courses: PHYS 160, 161, 162, 163, OR PHYS 170, 171, 172, 173;
or any appropriate combination of the above classes;
- 10 hours of electives (PHYS 206-398).
- a 2.000 cumulative average must be attained in these courses.

BACHELOR OF SCIENCE DEGREE IN APPLIED PHYSICS
The Applied Physics major has three program options: Engineering Physics, Natural Sciences, and Alternate Concentration. These options are designed to provide a broad education in the physical sciences, mathematics, and liberal arts, along with specialized training for students interested in engineering, medical school, health sciences, education, business, social sciences, or the humanities.

Requirements for the Applied Physics Major
Option A: Engineering Physics
The Engineering Physics option combines a strong liberal arts core with courses in physics, mathematics, and engineering. Students may take engineering courses at the University of Cincinnati in Aerospace, Civil and Environmental, Electrical and Computer, Mechanical, Industrial, and Nuclear Engineering. In this program, the student matriculates at Xavier for the first three years and in one of the engineering departments at the University of Cincinnati for the fourth year. This program is designed for students who wish to continue their education in some field of engineering.

The cooperative program ultimately can lead to a master's degree in engineering.

Xavier University - University of Cincinnati Cooperative Science - Engineering Program
Core Curriculum Requirements:
- Cultural Diversity Elective ....................... 1
- English Composition/Rhetoric ................ 3
- PHIL 100 and 290 .................................... 6
- THEO 111 and Theology elective ........ 6
- Foreign Language Elective ....................... 6
- Ethics/Religion & Society Focus elective ....... 3
- History Elective ................................. 6
- Fine Arts Elective ............................... 3
- Liberal Arts Elective * ............................ 9
- ENGL/CLAS/SPAN 205, Lit & Moral Imag 3
- MATH 170 and 171 ............................... 8

* May be taken at the University of Cincinnati.

Major Requirements:
Years one to three:
- 21 hours of additional science and mathematics courses: BIOL 160, 161 or CHEM 160, 161;
MATH 220, 230, and a mathematics elective (210 or above), and a CSCI elective.
- a 2.000 cumulative average must be attained in the courses within the major.

Year four:
- 23 semester hours of engineering courses at the University of Cincinnati. This work is arranged in cooperation with the student, Xavier University, and the University of Cincinnati.

The BS in Applied Physics will be awarded by Xavier upon successful completion of this program.

| **Senior Year** | | | |

A Bachelor of Science (Applied Physics) will be awarded upon the completion of an additional nine semester hours of liberal arts courses and 23 semester hours of engineering courses taken at the University of Cincinnati. A senior year "block schedule" at the University of Cincinnati depends on the individual student's choice of engineering field.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

**Engineering Physics at Xavier**

Students who choose the Engineering Physics option may decide to stay at Xavier for their fourth year. They must complete the Xavier Core Curriculum and take 12 hours of program electives beyond the physics requirements listed above. The choice of program electives will depend upon the interests of the student. They must also take PHYS 395, Physics Research and, PHYS 398, Physics Thesis. Typically, courses are taken in biology, chemistry, computer science, and/or mathematics, but may be taken in other disciplines as well. Specific programs are designed in consultation with the chair.
B.S. Applied Physics          Option A: Engineering Physics

Total: 13

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.
Option B: Natural Sciences
The Natural Sciences option offers an alternative to the Natural Sciences major that allows students to study physics while preparing for medical school. This program may also be of interest to students who wish to pursue careers in biophysics, medical physics, radiological physics, and other health physics programs. The Natural Sciences program combines courses in physics, mathematics, and computer science with the chemistry and biology courses needed to fulfill the requirements for the Natural Sciences minor.

Core Curriculum Requirements: 64 credit hours, including
- Mathematics: MATH 170 and 171.
- Science requirement included with the major.
- Social Sciences: PSYC 101 and 3 hours elective.

Major requirements: 69 credit hours, as follows
- 10 hours of mathematics and computer science from MATH 220 and 230, CSCI elective.
- 17 hours of chemistry courses from CHEM 160, 161, 162, 163, 240, 241, 242, 243;
- 10 hours of biology courses from BIOL 160, 161, 162, 163;
- a 2.000 cumulative average must be attained in courses within the major.

B.S. Applied Physics          Option B: Natural Sciences

### Option C: Alternate Concentration

The Alternate Concentration option provides maximum flexibility to students who are interested in pursuing interdisciplinary programs. This program combines the study of physics with a concentrated study in another area or discipline. Concentrations must include at least 18 hours in one chosen area, which allows for all University minors to be included. Areas of concentration may be chosen from the sciences, mathematics, the humanities, the social sciences, business, and education.

**Core Curriculum Requirements:** 64 credit hours, including:
- Mathematics: MATH 170 and 171
- Science requirement included within the major.

**Major Requirements:**
- 10 hours of additional mathematics and computer science: MATH 220 and 230, CSCI elective.
- 24 hours in an alternate concentration (at least 18 hours in one area). If the concentration is not a science area, then 3 hours of a second science can be included to complete the core.
- A 2.000 cumulative average must be attained in courses within the major.

### B.S. Applied Physics  
**Option C: Alternate Concentration**

* Program electives will depend on the student's choice of concentration. Specific block schedules are determined in consultation with the chair. If the concentration is in a non-science area, then three credit hours in a second science should be taken in place of the program elective.

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- Typically 128 credit hours are needed to meet degree requirements, with 120 hours as the minimum.

---

### POLITICAL SCIENCE AND SOCIOLOGY DEPARTMENT

The Department of Political Science and Sociology offers these degrees and programs:

- The Bachelor of Arts in Political Science
- The Bachelor of Arts in International Studies
- The Bachelor of Arts in Sociology
- The Minor in Political Science
- The Minor in International Studies
- The Minor in Sociology
- The Associate degree in Political Science
- The Associate degree in Sociology

For information on the associate degrees, contact the Center for Adult and Part-time Students (CAPS).

### BACHELOR OF ARTS DEGREE IN POLITICAL SCIENCE

Political science studies the theory and practice of government and politics. Xavier's program is structured to give students a systematic view of the various elements of political science, including American Government, Comparative Government, Political Theory, and International Relations. Political science plays an important part in the student’s liberal arts education, as well as in preparing the student for employment and/or graduate study. Political science is an excellent major for students preparing for careers in law, public service, foreign service, teaching, international management, public administration, and business.
Xavier University 2009-2010 Catalog

College of Arts and Sciences

Requirements for the Political Science Major
Core curriculum requirements: 64 credit hours, including
- Social Sciences: ECON 200 and ECON 201.
- Mathematics: Take Statistics with either MATH 116 or 156, plus 3 hours of MATH elective.
Major Requirements: 33 credit hours, as follows
- 12 hours of political science courses from POLI 120, 140, 277, 301;
- 3 hours from a choice of either POLI 390 or 391;
- 18 hours of political science electives selected from POLI 200-490.
- a 2.000 cumulative average must be attained in the political science courses.

In addition to formal course work, students are encouraged to include experiential learning in their personal program if they feel it will contribute to their learning goals and objectives. To accomplish this, the department facilitates intern programs in Washington, D.C. and Cincinnati. The Political Science major provides breadth which ensures that the student is well grounded in the discipline and at the same time permits flexibility for concentration in a sub-field.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.
Minor in POLITICAL SCIENCE

15 total credit hours are required, as follows:
- 9 hours of political science courses from POLI 120, 140, 277;
- 3 hours from a choice of either POLI 301 or 350;
- 3 hours for an elective from POLI 200-490.
- a 2.000 cumulative average must be attained in these political science courses.

ASSOCIATE OF ARTS DEGREE IN POLITICAL SCIENCE

Core curriculum requirements: 28 credit hours
Concentration Requirements: 15 credit hours, as follows
- 9 hours of political science courses from POLI 120, 140, 277;
- 3 hours from a choice of either POLI 301 or 350;
- 3 hours for an elective from POLI 200-490.
- a 2.000 cumulative average must be attained in these political science courses.

BACHELOR OF ARTS DEGREE IN INTERNATIONAL STUDIES

Field of Concentration: Europe, International Business, Latin America, or Post-Colonial

International Studies is an interdisciplinary program that is inspired by Xavier’s Jesuit tradition to prepare men and women for others as informed, ethically aware citizens who can thrive in today’s global society.

By majoring in international studies, you will:
- **Learn** to assess international developments, trends, dilemmas and policy issues.
- **Develop** critical thinking skills and tools necessary for successful engagement with an increasingly interconnected world.
- **Engage** in interdisciplinary study in language, history, political science and economics to shape an informed and comprehensive world view.

Majors choose one of the following concentrations:
- Europe, International Business, Latin America, or Post-Colonial Studies.

International studies majors take a variety of courses from many disciplines, including:
- Language courses that emphasize culture, history and literature
- Political science courses in comparative politics and international relations
- History courses that provide in-depth analysis of an area of the world
- Microeconomics and macroeconomics

Study abroad or an internship in an international business or non-governmental organization is a required component in the program. Students are encouraged to study abroad through one of Xavier’s many programs. They may also participate in Xavier’s academic service learning semesters.
Requirements for the International Studies Major

Core curriculum requirements: 64 credit hours, including
- Mathematics: Take Statistics with either MATH 116 or 156; plus 3 hours of MATH elective.
- Foreign Language: Complete intermediate level proficiency (202 level).
- Theology: Elective course selected from an approved list of THEO courses.
- Social Sciences: ECON 200 and ECON 201.

Major Requirements: 33 credit hours, as follows
- 12 hours of specific courses from POLI 120, 277, 390, 396;
- 3 hours from a choice of either POLI 372 or ECON 300;
- 3 hours from HIST 401, 417, 428 or POLI 374;
- 15 hours of courses in a chosen concentration:
  - European – select 5 courses from an approved list, including ENGL 375, 470, 475; HIST 210, 361, 370, 378, 387, 465, 466, 495; PHIL 339, 364; POLI 219, 381, 387; SOCI 270; and Literature & Civilization courses in FREN / GERM / SPAN.
  - International Business – ECON 300 (in addition to POLI 372); complete 2 of 3 sequences from Marketing (MTKG 300 & 320); Management (MGMT 300 & 325); or International Finance (ACCT 200 with FINC 300 & 476).
  - Latin America – select 5 courses from an approved list, including ECON 341; HIST 340, 428; SPAN 205, 351-353, 400, 427-429, 440, 446; THEO 306; UNST 300.
  - Post-Colonial – POLI 379; and select 4 courses from an approved list, including ECON 341; ENGL 344, 352; HIST 210, 301, 316, 343, 347, 350, 370, 395, 417; POLI 219, 224, 314, 320, 382, 490; SOCI 270; SPAN 351, 352; THEO 309, 344, 355, 368; UNST 302, 304.
- A 2.000 cumulative average must be attained in these required and concentration courses.

Note: Concentration courses must come from two or more disciplines; no more than three courses in Modern Languages and English combined or three courses from History may count toward the Concentration.

Additional Major Requirements: 6 credit hours, as follows
- Additional language courses required beyond the intermediate proficiency of the 202-level in FREN, GERM or SPAN (300-320).
- For other languages, a cultural immersion of at least 6 hours is required with approval of Director.

### Minor in INTERNATIONAL STUDIES

15 credit hours are required, as follows:
- 9 hours from POLI 120, 277 and 390.
- 3 hours from either POLI 372 or ECON 300.
- 3 hours from 1 elective course of HIST 401, 417, 428, or POLI 374.
- A 2.000 cumulative average must be attained in these courses.
BACHELOR OF ARTS DEGREE IN SOCIOLOGY

Sociology, the study of human behavior in the group context, seeks to discover regularities and order in social behavior and to express these patterns as theoretical generalizations applying to the wide range of such behavior. General and specialized areas of study are covered, and requirements are kept to a minimum in order to allow students flexibility in the design of their programs. The department encourages experiential learning. Along with the significant contribution sociology makes to a liberal arts education, the program of the department is designed to prepare the Sociology major for the following fields of endeavor: (1) graduate study for teaching sociology; (2) service and graduate study in the professions; (3) careers in the fields of pure and applied research; (4) careers in applied sociology, such as administration and consultant positions in business, government, and community work.

In order to demonstrate competency in sociology during the senior year, a senior research project must be successfully completed. That research is directed during the Applied Research Methodology (SOCI 353) course.

Requirements for the Sociology Major
Core Curriculum Requirements: 64 credit hours, including
- Mathematics: Take Statistics with either MATH 116 or 156, plus 3 hours of MATH elective.
- Social Sciences requirement included within the major requirements.

Major Requirements: 30 credit hours, as follows
- 18 hours from SOCI 101, 180, 300, 352, 353, 365 (or 366);
- 12 hours of upper-division electives, select from SOCI 167 and SOCI 200-499.
- a 2.000 cumulative average must be attained in the sociology courses.

Total | 15

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

Minor in SOCIOLOGY
15 credit hours are required, as follows:
- 9 hours from SOCI 101, 300 and 352.
- 6 hours of elective courses selected from SOCI 200-499.
- A 2.000 cumulative average must be attained in these courses.

ASSOCIATE OF ARTS DEGREE IN SOCIOLOGY
Core curriculum requirements: 28 credit hours
Concentration Requirements: 15 credit hours, as follows:
- 12 hours of sociology courses from SOCI 101, 180, 300, 352;
- 3 hours of elective course from SOCI 200-499.
- A 2.000 cumulative average must be attained in the sociology courses.

THEOLOGY DEPARTMENT
The Department of Theology offers the Bachelor of Arts, the Associate of Arts and the Master of Arts in Theology degrees. And, in conjunction with the Health Services Department in the College of Social Sciences, Health and Education, a Master of Arts degree in Health Care Mission Integration is offered. For information on the associate degree, contact the Center for Adult and Part-time Students (CAPS). Also offered is a minor in Theology and a minor in Religious Education.

BACHELOR OF ARTS degree in THEOLOGY
Theology is the study both of the human experience of God and of the transmission of that experience through religious traditions, doctrines, ethics, and rituals. It is essentially a dialogue between religious traditions and human experience. Such dialogue is critical for human understanding in a time of increased encounters among world religions. The theology faculty attempts to assist students in this critical dialogue through courses about religious traditions, especially the Jewish and Christian traditions, and by other courses that focus on contemporary issues from a theological perspective. The theology major prepares students for graduate studies in theology, law, history, journalism, and other forms of communication, as well as for directing religious education, teaching religious studies in secondary schools, and other forms of ministry. With appropriate counseling, a student can combine this major in the liberal arts with a major in another field (e.g. classics, English, history, psychology, secondary education), both for the student's personal enrichment and in view of broader career opportunities.
Requirements for the Theology Major

Core Curriculum Requirements: 64 credit hours, including
- Theology requirement included within the major.

Major Requirements: 36 credit hours, as follows
- 24 hours from THEO 111, 209, 210, 251, 252, 290, 295, 303.
- 3 hours from a non-Christian religious traditions elective.
- 9 hours from elective courses selected from THEO 201-499.
- a 2.000 cumulative average must be attained in the theology courses.

* Special section for Theology majors.
** Theology majors have at least 26 hours of general electives; it is recommended that these be chosen in one area as a second concentration, rather than a wide dispersal of courses.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core.
- a minimum of 120 credit hours is required for this degree.
Minor in THEOLOGY

18 total credit hours are required, as follows:
- 12 hours of theology courses from THEO 111; 209 or 210; 251 or 252; and 303.
- 6 hours of electives from THEO 201-499.
- Note: The core curriculum theology requirement is included within the minor.
- a 2.000 cumulative average must be attained in these courses.

Minor in RELIGIOUS EDUCATION

The Religious Education Minor is designed to prepare theology majors to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification. The Religious Education Minor alone does not suffice to meet those professional requirements. Rather, the theology major must be completed in addition to this minor in order to satisfy the necessary educational requirements for archdiocesan certification. The certification standards of other Catholic dioceses are similar to Cincinnati's, but students are strongly encouraged to check with the diocese where they plan to teach religion.

18 total credit hours are required, as follows:
- 9 hours of required courses from EDFD 110 or PSYC 231; THEO 338; EDMS 350.
- 9 hours of student teaching from EDMS 470.
- a 2.000 minimum cumulative average must be attained in these courses.

ASSOCIATE OF ARTS degree in THEOLOGY

Core Curriculum Requirements: 28 hours, including
- Theology requirement included within the concentration.
Concentration Requirements: 18 credit hours, as follows
- 12 hours of required theology courses from THEO 111; 209 or 210; 251 or 252; 303;
- 6 hours of upper division electives from THEO 201-499.
- a 2.000 cumulative average must be attained in these theology courses.

MASTER OF ARTS degree in THEOLOGY

The mission of Xavier's theology program is to provide a first-rate theological education from a Catholic and ecumenical perspective inspired by the documents of the Second Vatican Council and the 35th General Congregation of the Society of Jesus. Accordingly, our mission empowers graduate students to:
think theologically, analyze issues from a Catholic and interreligious perspective, act responsibly in the world for the promotion of peace and justice.
Our graduate program in theology provides students with a firm foundation in Christian theology through the study of scripture, tradition and ethics. The program however, is flexible enough to accommodate a wide variety of interests while equipping students with the historical awareness and professional resources necessary to enter or advance in careers such as teaching, ministry or writing; to pursue doctoral work; or to promote their spiritual development.

Because no definite amount of previous study of theology is prerequisite for admission to the program, students may vary considerably in their preparation. Ordinarily, applicants should have a background in the humanities, but each applicant will be considered individually. Students without sufficient undergraduate background in theology or religious studies will normally be required to take THEO 501, Intro to the Study of Theology, as a prerequisite for admission to the M.A. program.
All applicants must have a bachelor’s degree from a regionally accredited institution with an undergraduate GPA of 2.700 or better. In addition, all applicants must complete the Miller Analogies Test (MAT) prior to acceptance and obtain a score of 406 or higher. The MA in Theology will require satisfactory completion of 30 semester hours of graduate work (i.e. ordinarily ten courses), all of which must be at the graduate (500-800) level.

30 total credit hours are required, as follows:
- THEO 504 - Foundations of Scripture Study
- THEO 520 - Survey of Christian Doctrine I
- THEO 524 - Survey of Christian Doctrine II
- One course in ethics, including THEO 506, 540, 542-545, 572, 615.
- One course in systematics, including THEO 527, 530-533, 595.
- Five graduate-level theology electives selected from THEO 500-695.
- a 2.800 cumulative average must be attained in all the graduate credit courses.

Some students may substitute a 6-hours thesis (THEO 699) for two of their elective courses. This must be discussed and agreed to with an advisor prior to completion of the first 12 hours of graduate work. The thesis will be read by its director and two additional readers, and it must be defended in a final oral examination. Students who do not write a thesis will be required to 1) submit a research paper demonstrating their mastery of research skills and their ability to synthesize key themes from their coursework into a coherent theological position, or 2) successfully pass a comprehensive examination covering the central subject matter of the graduate program. In both cases, a faculty committee will assess the quality of this final paper or exam.

Two optional concentrations are available, which can be added and incorporated into the program.

**Concentration in Social and Pastoral Ministry:** Students engaged in or preparing for professional ministry in church and society may choose to complete this concentration.
Beyond the 30 hours required for the M.A. degree, the concentration requires six additional credit hours in ministry skills courses and a three credit ministerial internship (THEO 690). Two required courses, Theology of Ministry (THEO 630) and Ethics, Ministry and Ministers (THEO 632), take the place of two M.A. electives.

**Concentration in Religious Education:** This is designed to prepare theology students to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification at the secondary level.
Beyond the 30 hours required for the M.A. degree, the concentration requires at least 15 additional credit hours. This includes Student Teaching for 9 hours from EDMS 470, along with THEO 538 and EDMS 550 as required courses. Also, a choice of either EDFD 503 or EDFD 510 is required.
Note that THEO 538 can double count as an elective in the 30 hours required for the MA Theology degree.

The MA program in Theology invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, interview, and other information submitted.

Further information and application materials may be obtained from the Office of Graduate Services, 312 Elet Hall, 513 745-3360.
MASTER OF ARTS degree in HEALTH CARE MISSION INTEGRATION

Xavier’s graduate program in health care mission integration combines the study of theology with the study of health services administration. This M.A. program is designed to provide preparation for Mission Directors and others who lead their colleagues in Catholic and other Christian health services to foster and enhance the spirit of love, compassion, and service within these institutions. The program focuses on understanding the Christian tradition and embodying it midst the challenges of institutional, technological, and cultural change.

Students will study in a challenging educational environment with experts in the fields of theology and health care service administration. An internship will provide field experience. Professional seminars (non-credit) are also required.

Curriculum

The Master of Arts in Health Care Mission Integration requires the satisfactory completion of 36 semester hours of course work at the graduate level and an internship, and earning an overall GPA of at least 3.000.

Theology courses:
- THEO 504 Foundations of Scripture (3 cr)
- THEO 630 Theology of Ministry (3 cr)
- THEO 540 Modern Catholic Social Teaching (3 cr)
One course in faith and culture (3 cr): e.g.:
  - THEO 551 Faith, Culture, and Ethnicity
  - THEO 571 Black Theology
One course in theological ethics (3 cr): e.g.:
  - THEO 506 Foundational Issues in Christian Ethics
  - THEO 544 Health Care Ethics
  - THEO 548 Bioethics
  - THEO 632 Ethics, Ministry and Ministers
One course in spirituality (3 cr): e.g.:
  - THEO 527 The Mystery of God and Suffering
  - THEO 528 A Spirituality of Presence
THEO 636 Internship In Health Care Mission (3 cr). Internship of 100 clock hours with a Mission Director in a Catholic or other Christian Health Care Facility. Faculty direction will be provided for the required paper for this three credit course.
Theology credit total: 21 credit hours

Health Services Administration courses:
- HESA 682 Hospitals: Structure, Function and Management (2 cr)
- HESA 571 Health Care Services in the United States (3 cr)
- HESA 511 Managerial Concepts in Health Care Organizations (3 cr)
- HESA 581 Clinical Processes for Health Care Organizations (2 cr)
- HESA 515 Health Care Workforce Strategies (2 cr)
- HESA 583 Ethical Issues in Health Care (3 cr)
HESA credit total: 15 credit hours

Total credit hours in the program: 36
Admission
To be considered for admission as a degree-seeking graduate student in the Health Care Mission Integration program you must submit the following:

- Completed application with application fee
- One official transcript of all undergraduate and graduate work from accredited colleges or universities
- Results of either the Miller Analogies Test (MAT) or Graduate Record Exam (GRE)
- Two completed recommendation forms—preferably one from someone who can address your academic or professional skills and abilities and one who can address your personal character and suitability for work in health care.
- A statement of reasons and goals for enrolling in this program (1,000-2,000 words)
- Current resume

Your application to the Xavier University graduate program in health care mission integration is carefully reviewed by our admissions committee. We consider each student’s application on a case-by-case basis with personal attention given to all your application materials.

Admission criteria include, but are not limited to:
- Preferred undergraduate grade point average of 3.0 or higher on a 4.0 scale.
- Preferred GRE scores of 20th percentile or higher in quantitative section and 50th percentile or higher in the verbal section. Or preferred score of 400 or more on the Millers Analogy Test (MAT).
- Review of the completed file of the applicant.
- A personal interview with Admission Committee Members.

All entering students must have passed an accounting course in an accredited college or university.

For more information, call the Chair of the Theology Department, at 513 745-3026 or email giblin@xavier.edu.

Admissions materials should be sent to the Health Services Administration Department, 3800 Victory Parkway, Cincinnati, OH 45207-7331. To contact that department, please call 513 745-3687 or email xumhsa@xavier.edu. The department’s fax is 513 745-4301.
SPECIAL PROGRAMS

BACHELOR OF LIBERAL ARTS DEGREE
The Bachelor of Liberal Arts is designed for adult transfer students who are interested in taking courses in new disciplines. The general electives and upper division studies requirements allow for efficient transferability of credits and give students the opportunity to design degrees to meet their needs. This degree is offered by the College of Arts and Sciences through the Center for Adult and Part-time Students (CAPS). It is available to any student who has completed a minimum of 60 semester hours with approval of their Dean, the Dean of the College of Arts and Sciences, and the Dean of the Center for Adults and Part-Time Students and to all students who have graduated from high school not less than four years prior to the date of acceptance into the program.

The Liberal Arts degree is available through full or part-time study, days and/or evenings, or through the special accelerated Weekend Degree Program.

Requirements for the Bachelor of Liberal Arts
Core Curriculum Requirements: 64 credit hours

Upper Division Studies Requirement:
- 38 hours of upper division work, with no more than 21 hours from one subject area.
- It is recommended that these 38 hours be distributed across two academic areas.
- Concentrations in Organizational Leadership and Professional Communication are available through the Bachelor of Liberal Arts degree program. Also, see NOTE that follows for more options.
- Most university minors are available for inclusion into the Bachelor of Liberal Arts program.
- No more than 30 hours in business courses and no more than 12 hours in any one business subject area may be applied to the degree.
- A minimum of 120 credit hours is required for the degree.

NOTE: Two other Bachelor of Liberal Arts degree programs are available in the College of Social Sciences, Health and Education.

A. See the Occupational Therapy Department for information about the Bachelor of Liberal Arts degree with a concentration in Human Occupation Studies.
B. See the Radiologic Technology Department for information about the Bachelor of Liberal Arts degree with a concentration in Magnetic Resonance Imaging (MRI).

ASSOCIATE OF ARTS DEGREE IN LIBERAL ARTS
This 60 hour program is designed for adult students who are interested in taking courses in several disciplines. The upper division studies requirement allows students to design their degrees through flexibility in course selection. This degree is offered by the College of Arts and Sciences through the Center for Adult and Part-time Students (CAPS) and is available to students who have graduated from high school not less than four years prior to the date of acceptance into the program.

Requirements for the Associate of Arts in Liberal Arts
- Core Curriculum Requirements: 31 hours.
- Upper Division Studies Requirement: 20 hours of upper division coursework.
- General electives: 9 hours.
- A minimum of 60 credit hours is required for the degree.

* * * * * * * * * * * *
COLLEGE OF SOCIAL SCIENCES, HEALTH AND EDUCATION

The College of Social Sciences, Health, and Education prepares undergraduate and graduate students in the Catholic Jesuit tradition intellectually, morally, and spiritually for careers and professions of service by:

- Challenging students to strive for academic excellence and life-long learning.
- Providing applied experiences grounded in theoretical foundations.
- Promoting collaboration and community partnerships.
- Incorporating research, scholarship, and innovation.
- Integrating ethical behavior and a respect for individual differences and diversity.

Degrees, Programs and Block Schedules

The College of Social Sciences, Health, and Education has degree programs in one school with four distinct departments, another school and seven additional departments. The departments in the college include: Criminal Justice, Health Services Administration, Occupational Therapy, Psychology, Radiologic Technology, Social Work, and Sport Studies. And, the School of Education includes four departments: Childhood Education and Literacy, Secondary and Special Education, Educational Leadership and Human Resource Development, and School and Community Counseling. Also, there is the School of Nursing.

Many of the programs within the College of Social Science, Health, and Education are accredited by professional societies and organizations including: CAATE (Commission on Accreditation of Athletic Training Education), CAHME (Commission on Accreditation of Healthcare Management Education), CCNE (Commission on Collegiate Nursing Education), CSWE (Council on Social Work Education), JRCERT (Joint Review Committee on Education in Radiologic Technology), ACOTE (Accreditation Council for Occupational Therapy Education), AMS (American Montessori Society), MACTE (Montessori Accreditation Council for Teacher Education), CACREP (Council for Accreditation of Counseling and Related Educational Programs), and TEAC (Teacher Education Accreditation Council), and NASSM-NASPE (North American Society for Sport Management – National Association of Sport & Physical Education). The doctoral program in clinical psychology is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE, Washington DC 20002-4242, Phone 202-336-5979.
CRIMINAL JUSTICE DEPARTMENT

The Department of Criminal Justice offers these degrees and programs:
- The Bachelor of Science in Criminal Justice (with option of Criminalistics concentration)
- The Criminal Justice minor
- The Corrections minor
- The Associate degree in Criminal Justice
- The Associate degree in Corrections
- The Master of Science in Criminal Justice

For information on the associate degree, contact the Center for Adult and Part time Students (CAPS) or the department.

BACHELOR OF SCIENCE Degree in CRIMINAL JUSTICE

The curriculum for Criminal Justice majors who are preparing for careers is designed to provide concepts, skills, and attitudes necessary for functioning with competence and conscience. For non-career students, a wider knowledge of important issues required for involved and informed citizen participation in the criminal justice system and its operations is acquired, along with ethical considerations related to concepts of justice in contemporary society.

Requirements for the Criminal Justice Major

Undergraduate core curriculum requirements: 64 credit hours, including
- Mathematics: MATH 116, Elementary Statistics, is recommended.

Major requirements: 30 credit hours, as follows
- 21 hours from CJUS 101, 102, 210, 230, 260, 321, 381;
- 3 hours of Practicum from CJUS 391;
- 6 hours of major electives selected from CJUS 103-499.
- A 2.000 cumulative average must be attained in these criminal justice major courses.

Note: CJUS 391, Practicum in Criminal Justice, consists of supervised placement in criminal justice agencies, and CJUS 381, Methods of Criminal Justice Research, provides exposure to applied research in the subject area.

Criminalistics Concentration is an optional addition to the major, and it must be declared by the student to the department. As part of major, these 15 hours of criminal justice courses must be completed: CJUS 101, 102, 239, 439 and 449.

B.S. Criminal Justice

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.

Xavier University 2009-2010 Catalog 161
Minor in CRIMINAL JUSTICE
15 total credit hours are required, as follows
- 12 hours from CJUS 101, 210, 321, and 381;
- 3 additional hours must be selected from either CJUS 102 or 103.
- a 2.000 cumulative average must be attained in these courses.

Minor in CORRECTIONS
18 total credit hours are required, as follows
- 15 hours from CJUS 101, 230, 243, 321, and 336;
- 3 additional hours must be selected from either CJUS 103 or 364.
- a 2.000 cumulative average must be attained in these courses.

ASSOCIATE OF SCIENCE Degree in CRIMINAL JUSTICE
Undergraduate core curriculum requirements: 28 credit hours
Concentration requirements: 15 credit hours, as follows
- 12 hours of criminal justice courses from CJUS 101, 210, 260, 321;
- 3 hours of electives chosen from CJUS 102, 243, 332 and 364.
- a 2.000 cumulative average must be attained in these criminal justice courses.

ASSOCIATE OF SCIENCE Degree in CORRECTIONS
Undergraduate core curriculum requirements: 28 credit hours
Concentration requirements: 18 credit hours, as follows
- 15 hours of corrections courses from CJUS 101, 230, 243, 321, 336;
- 3 additional hours must be selected from either CJUS 103 or 364.
- a 2.000 cumulative average must be attained in these corrections courses.

MASTER OF SCIENCE Degree in CRIMINAL JUSTICE
The mission of the Department of Criminal Justice is to equip Master of Science students with the competence and conscience needed to
(a) function and/or advance professionally in criminal justice agencies or (b) pursue further graduate work in criminal justice or related fields.
The Master of Science in criminal justice program is designed for those persons who are interested in studying the theory and practice of criminal
justice in law enforcement, courts and corrections. Students complete a program of study designed to raise important questions, present state-of-
the-art conceptual information, and impact attitudes and human skills. The program will lead a student to an understanding of the dynamics of
criminal and delinquent behavior, the nature and scope of the crime and delinquency complex in contemporary society, and the current efforts by
the criminal justice system to address these issues.
The program is designed for working professionals, those seeking to prepare for entrance into the field, and others interested in acquiring
knowledge of the problems and practices within the criminal justice complex. Courses are offered during the evenings for the convenience of
part-time students.
The degree of Master of Science in Criminal Justice will be awarded only to candidates who have successfully completed 30 credit hours -- this
includes internship and research requirements. A comprehensive written exam on the general field of criminal justice, based on the required
courses, is required at the conclusion of the program. Also, an overall graduate level grade point average of 2.800 must be attained.
The 30 credit hours are distributed as follows:
  Basic required courses: 24 hours
    CJUS 606 Criminology (3)
    CJUS 611 Law and Justice in America (3)
    CJUS 620 Sociology of Crime and Delinquency (3)
    CJUS 621 Juvenile Justice (3)
    CJUS 642 Criminal Justice Administration (3)
    CJUS 683 Research and Planning in Criminal Justice (3)
    CJUS 784 Research Essay: Seminar (3)
    CJUS 792 Internship (3).
  Electives: 6 hours
Note: In addition to the core courses, CJUS 610 Basic Constitutional Law and American Justice (3) is strongly encouraged for students without a
previous constitutional law background. This course and/or previous constitutional law knowledge is a pre-requisite to CJUS 611 Law and
Justice, and can be used toward the elective requirements. Students will be guided by their advisor in appropriate selection of criminal justice or
other approved courses to bring the total number of hours for the degree to 30.
The MS program in Criminal Justice invites applications from students with a bachelor's degree and a solid academic record. Admission
decisions are based on factors such as past academic performance, standardized test score, and other information submitted.
Applications for this program are accepted throughout the year. A student may begin the program in the summer, fall, or spring term.

* * * * * * * * * * * * * *
HEALTH SERVICES ADMINISTRATION DEPARTMENT

The Department of Health Services Administration offers a Master of Health Services Administration (MHSA) degree. And, in conjunction with the Theology Department, a Master of Arts degree in Health Care Mission Integration is offered.

MASTER OF HEALTH SERVICES ADMINISTRATION Degree

The Graduate Program in Health Services Administration is committed to meeting the need for effective leadership of the rapidly changing health care system. Academic work and field experiences are designed to provide students with the necessary cutting-edge conceptual, analytical, and interpersonal skills, particularly in the areas of team development, systems improvement, quantitative analysis, information systems, strategic planning, financial strategization, and ethical decision-making. The Graduate Program is accredited by the Commission on Accreditation for Health Management Education (CAHME). Upon graduation, students obtain managerial leadership positions in a variety of health care organizations, including health systems, academic medical centers, community hospitals, managed care organizations, medical group practices, insurance companies, long-term care facilities, public health agencies, consulting firms, and governmental policy-making and regulatory agencies. The 1,500+ members of the Graduate Program's Alumni Association are located throughout the United States and in several foreign countries and provide a broad range of services to graduates throughout their careers.

Admission Requirements

A bachelor's degree from an accredited school is required of all applicants. Students are admitted to the Graduate Program if they are considered academically qualified and are able to demonstrate potential in the development of analytical, creative problem solving, communication, interpersonal, and leadership skills. Students come from a variety of academic backgrounds including health services, psychology, business, natural sciences and general studies.

Go to [http://www.xavier.edu/mhsa/Admission.cfm](http://www.xavier.edu/mhsa/Admission.cfm) to reference the specific admission requirements.

Prerequisites

Prior to matriculation into the Program, incoming students are required to have completed a basic undergraduate or graduate accounting course and a statistic course with a passing grade, no lower than "C." Students are strongly encouraged to have a basic understanding of microeconomics and to be competent with word processing and spreadsheet computer software. Students who have not taken appropriate undergraduate or graduate coursework in these areas may be required to take additional work.

Program Options

The curriculum provides a student with a strong foundation of management, financial and quantitative skills, and enhances your ability to succeed in health care management through course work in areas such as epidemiology, clinical management, ethics, health policy analysis, physician relations, managed care and integrated health delivery systems, population-based planning and provider payment strategies.

The graduate program offers you two options of study:

- **Full-time** -- The full-time option consists of four semesters of classroom study on campus followed by a paid 8-12 month administrative residency experience in a health services facility under the guidance of a preceptor.

- **Part-Time** - The part-time option is designed to accommodate the needs of working professionals. This program consists of nine consecutive semesters of part-time study on campus and an administrative practicum experience conducted concurrently. The practicum is generally a guided field experience conducted within your place of work.

Each option of study requires a minimum of 60 credit hours for graduation that includes 50 credit hours of classroom study and 10 credit hours of administrative residency/practicum project and master's project credits.

Curriculum

A total of 60 credit hours must be completed to fulfill the requirements of the MHSA degree: 50 credit hours of didactic coursework and 10 credit hours of administrative residency/practicum and master's project.

**Administrative Residency**

The administrative residency provides an eight to twelve month “real world” experience in an organizational setting of the student’s own choosing under the preceptorship of senior management. During the residency, students apply the knowledge and skills mastered in the classroom to an administrative work environment. The administrative residency serves as an opportunity not only to learn the actual practice of management, but also for creating mentor relationships.

**Master’s Project**

Each student is required to complete a master’s project as a condition for graduation. The project must demonstrate competencies listed in the Master Project Guidelines and reflect an aspect of health systems management of interest to both the student and preceptor, with a final approval from the faculty advisor.

**Academic Standing**

Students with less than a 3.000 undergraduate grade point average (on a 4.000 scale) will be admitted to the Graduate Program in Health Services Administration on a conditional basis. Conditionally-admitted students who do not achieve a 3.000 graduate grade point average in every course in their first semester are subject to dismissal at the end of that semester. Students with two grades below "B" are subject to dismissal from the MHSA program. A graduate grade point average of 3.000 is required for graduation.

**Long-Term Care Administration**

Students may pursue a concentration in long-term care administration, which is recognized by the Ohio State Board of Examiners of Nursing Home Administrators as fulfilling the prerequisites for taking the licensure examination. Students electing to take this concentration complete the core course requirements for the MHSA degree and nine credit hours of coursework in long-term care. The concentration requires 67 graduate credit hours, including the required core of didactic coursework plus nine credit hours of long-term care coursework:

</tr>
<tr>
<td>HESA 659</td>
<td>Administration of Institutions Serving the Aged</td>
<td></td>
</tr>
</tbody>
</table>

Each student is required to complete a minimum eight month administrative residency/practicum in a long-term care facility and a master's project as a condition for graduation.

**Concurrent Degrees Program**

Students have the option of obtaining concurrent master's degrees in Health Services Administration and Business Administration (MHSA/MBA). Normally, one additional semester of study is required provided the student has the appropriate undergraduate business administration coursework. The program of study requires 90 graduate credit hours: 50 credit hours of Health Services Administration coursework, 30 credit hours of MBA coursework plus necessary prerequisites, and 10 credit hours of administrative residency/practicum. Candidates must apply and be accepted to both programs. Upon completion, the student receives two separate degrees.

**MA Degree in Health Care Mission Integration**

Xavier’s graduate program in health care mission integration combines the study of theology with the study of health services administration. This 36 semester hour M.A. program is designed to provide preparation for Mission Directors and others who lead their colleagues in Catholic and other Christian health services to foster and enhance the spirit of love, compassion, and service within these institutions. The program focuses on understanding the Christian tradition and embodying it amidst the challenges of institutional, technological, and cultural change. For program curriculum details, go to the Theology Department pages in the College of Arts and Sciences.

SCHOOL OF NURSING

The School of Nursing at Xavier University has as its goal the preparation of professional nurses educated to meet the health care needs of diverse populations in an ever-changing highly technical health care environment. Graduates of Xavier nursing are prepared to practice nursing today and be leaders of tomorrow. The philosophy of the department has always been to prepare nurses to be holistic leaders in healthcare delivery with an educational foundation grounded in Jesuit values.

The School of Nursing offers two prelicensure degrees: the BSN and the Master of Science Nursing: Direct Entry as a Second Degree for individuals with baccalaureate degrees in other disciplines (the MIDAS program).

The Master of Science in Nursing (MSN) degree for registered nurses offers the opportunity to select a concentration in administration, clinical nurse leader, education, forensics, health care law or school health nurse (includes school nurse licensure requirements), and dual degrees MSN/MBA, MSN/MEd, and MSN/MSCJ.

All students must present evidence of the following prior to entrance in all clinical courses:

1. Liability insurance ($2,000,000/$4,000,000), purchased through the University and billed to student’s account.
2. Current CPR certification
3. Health history and required physical examination form
4. MMR immunization
5. Yearly tuberculosis skin test (two-step)
6. Tdap (Adacel)
7. Hepatitis B series
8. Proof of current health care coverage
9. Verification of history of varicella (chicken pox)
10. RN licensure in the United States and in the state in which the student will participate in clinical rotations (required for individuals enrolled in the MSN for registered nurses and the RN-MSN program only). This requirement does not apply to students in the MSN MIDAS program.

Students are responsible for these expenses as well as for uniforms and transportation costs to, from, and while in cooperative teaching units. Students must provide their own transportation between campus and clinical agencies. All students who wish to sit for the National Council Licensure Examination -Registered Nurse (NCLEX-RN) examination will be required to submit their fingerprints to the Bureau of Criminal Identification and Investigation (BCII).

BACHELOR OF SCIENCE Degree in NURSING

The Bachelor of Science in Nursing program is designed for the student who is interested in becoming a professional nurse. The graduate is prepared as a generalist to meet the health care needs of diverse populations in an ever-changing, highly technical health care environment. The program is focused on an innovative holistic health and wellness model and educates nurses in the skills of communication, coordination and cooperation with other health care professionals, in a variety of community settings.

Students are able to complete a program of study leading to the degree of Bachelor of Science in Nursing (BSN) in four years. Prelicensure students will be qualified to sit for the NCLEX-RN following their successful completion of the program. All BSN students are eligible to sit for the American Holistic Nurses’ Certification examination.

The four-year prelicensure program requires 132 credits for graduation. Xavier’s core curriculum requirements complement the innovative nursing curriculum. This well-rounded approach to education enables students to develop critical thinking and communication skills - two qualities essential in today's unpredictable and increasingly complex health care environment. Nursing courses begin during the freshman year.

Go to [http://www.xavier.edu/nursing/Admission.cfm](http://www.xavier.edu/nursing/Admission.cfm) to reference undergraduate admission requirements.

Undergraduate students can continue their studies upon graduation and after four semesters for full-time study complete a masters degree as an advanced generalist prepared as Clinical Nurse Leaders.

Requirements for the Nursing Major (Four Year Program)

Undergraduate core curriculum requirements: 64 credit hours, including:

- Cultural Diversity: fulfilled by NURS 132 within the major.
- Mathematics: Take Statistics from either MATH 116 or 156; and earn a “C” or better in each course.
- Science: Take 16 hours from BIOL 140, 141, 142, 143, 200, 201 and CHEM 150, 151; and earn a “C” or better in each course.
- Social Sciences: Take PSYC 277 and SOCI 101 (or SOCI 180); and earn a “C” or better in each course.

Major requirements: 62 credit hours, as follows

- 3 hours of a nursing elective selected from NURS 400-497;
- a minimum grade of “C” is required in all nursing courses.

Nursing courses begin in the first year. Courses in the major must generally be taken in a predetermined sequence. A cumulative GPA of 2.700 is required to enter the second year nursing courses and to progress in the four year prelicensure program.

The progression of learning opportunities is based on the foundation of knowledge in prior course work. Students seeking transfer admission to Xavier are required to have a minimum cumulative grade point average of 2.700 and are admitted on a space available basis. Applicants from another nursing program will be individually reviewed by school of nursing faculty. These students will be asked to supply additional documentation, such as: course syllabi from completed nursing course work as well as a letter from the chair validating
The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major. The nursing elective may also be taken any time after the completion of all 200 level nursing courses.

**Scheduling Notes:**
- Note: NURS 450 and 451 meet the first five weeks and NURS 470 and 471 meet the following ten weeks of the semester.
- This course also fulfills the Cultural Diversity Elective.
- Statistics is a prerequisite to NURS 370, Nursing Research, and may be taken any time prior to spring semester of junior year.
- These core courses must be taken in the semester indicated.
- Each practicum credit is equal to three (3) clock hours per week.
- The nursing elective may be taken any time after the completion of all 200 level nursing courses.

### RN to MSN PROGRAM

The RN to Masters curriculum at Xavier University is designed for experienced registered nurses who are goal directed leaders and seek a high quality program that efficiently meets their need to obtain a MSN degree in a timely manner. Students in this program are registered nurses without a baccalaureate degree in any field, but have a minimum of two years of full-time nursing practice as registered nurses. Applicants must demonstrate leadership potential, motivation, specific career goals and an excellent academic record. It is expected applicants will already have completed foundational courses in their basic training prior to entering the program. These courses would include content in the following areas: anatomy and physiology, microbiology, chemistry, sociology, general psychology, developmental psychology, English composition and health assessment skills. Foundational content will be validated through the portfolio.

---

Xavier University 2009-2010 Catalog 166
Registered nurses applying to the MSN or RN to MSN program must be graduates of a nursing program accredited by the National League for Nursing (NLN) or Commission on Collegiate Nursing Education (CCNE) and if graduates of an associate degree academic program be graduates of a college or university accredited by the Commission on Institutions of Higher Education from one of the six regional accrediting bodies of MSA, NASC, NCA, NEASC, SACS, or WASC.

Students enrolled in the RN to MSN program complete 23 semester hours of prerequisite courses. These prerequisite courses build upon previous education and are required as preparation for the graduate program. Once prerequisites are met, students may matriculate into the graduate program. Admission to the graduate courses is contingent upon completion of all prerequisite courses and a minimum 3.000 cumulative grade point average in courses completed at Xavier.

All RN to MSN students are eligible to sit for the American Holistic Nurses' Certification examination.

RN to MSN Program Prerequisite Courses:

<table>
<thead>
<tr>
<th>Course</th>

* ENGL 101 may be waived based on review of student's writing skills and/or completion of an English Composition course within the last five years. The MSN program consists of a total of 36 semester hours. This information is listed under "Graduate Nursing Programs."

SCHOOL NURSE LICENSURE

The School of Nursing at Xavier University offers school nurse licensure to registered nurses with a baccalaureate degree in nursing or in a related field. This program will prepare the student to become licensed as a school nurse in the State of Ohio.

Curriculum

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td>NURS 707 School Nurse Practicum</td>
<td>3 (9 contact hrs.)</td>
</tr>
</tbody>
</table>

Total 19 semester hours.

Prerequisites: Applicants for licensure must meet the following minimum criteria.

The applicant must:
- Hold a baccalaureate degree in nursing or a related field.
- Be a licensed registered nurse in the United States. Applicants must be licensed in the state in which they will participate in clinical experiences.
- Have completed an undergraduate course in statistics prior to admission.

Go to [http://www.xavier.edu/msn/School-Nurse-Licensure.cfm](http://www.xavier.edu/msn/School-Nurse-Licensure.cfm) to reference admission requirements.

GRADUATE NURSING PROGRAMS

Xavier University offers the following graduate nursing programs:

- Master of Science in Nursing for registered nurses with the opportunity to select a concentration in administration, clinical nurse leader, education, forensics, health care law or school health nurse (includes school nurse licensure requirements).
- MSN/MBA dual degree with the Williams College of Business
- MSN/MEd dual degree with the School of Education
- MIDAS Master of Science in Nursing; Direct entry as a second degree.

Go to [http://www.xavier.edu/msn/Admission.cfm](http://www.xavier.edu/msn/Admission.cfm) to reference graduate admission requirements.

Master of Science in Nursing: Direct entry as a second degree – the MIDAS program – for individuals with a baccalaureate degree in another discipline.

Go to [http://www.xavier.edu/msn/midas.cfm](http://www.xavier.edu/msn/midas.cfm) to reference MSN MIDAS graduate admission requirements.
Master of Science in Nursing

The Master of Science in Nursing (MSN) program at Xavier University provides registered nurses with the opportunity to obtain advanced level preparation in nursing science. Graduates of the program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are prepared to design and establish delivery services in response to current health care policy changes.

A minimum of 36 semester hours is required to complete the Master of Science in Nursing for registered nurses. Students may choose to specialize their masters in an area of concentrated study. Regardless, if a concentration is selected, all students complete nursing core, graduate support and synthesis/application courses as listed below.

Requirements for the MSN degree

Nursing Core (12 semester hours)
- NURS 501 Theoretical Bases for Nursing Practice ........... 3
- NURS 502 Nursing Research ......................... 3
- NURS 503 Epidemiologic Methods in Health Care Serv ... 3
- NURS 505 Health Care Informatics .................. 3

Graduate Support (8 semester hours)
- NURS 500 Health Care Ethics for Nursing Leaders ........... 3
- NURS 690 Health Care Policy for Nursing Leaders ........ 2
- NURS 754 Leadership & Management Concepts ............ 3

Synthesis & Application (6 semester hours)
- NURS 703 Graduate Nursing Practicum I ................... 2 (6 contact hrs.)
- NURS 705 Graduate Nursing Practicum II .................. 2 (6 contact hrs.)
- NURS 797 Scholarly Project ......................... 2

Concentration (Minimum of 10 semester hours)
- Select from concentration choices of Administration, Education, Forensics, Health Care Law, or School Health Nurse.
  - Administration: Take NURS 630, 632, 636 and a guided elective course.
  - Education: Take NURS 660, 662, 664, and 668 (or 770).
  - Forensics: Take NURS 642, 648; CJUS 439 (or 449); and a guided elective course.
  - Health Care Law: Take NURS 610, 611, 642; and HESA 581.
  - School Health Nurse: Take NURS 520; EDAD 660; EDSP 500; and a guided elective course.

A total of 36 credit hours is required, with a minimum overall cumulative GPA of 3.000.

Master of Science in Nursing (Clinical Nurse Leader)

The MSN Clinical Nurse Leader (CNL) concentration will prepare registered nurses to assume roles as advanced generalists who deliver nursing care at the point of care. This role, the Clinical Nurse Leader, is a national initiative developed by the American Association of Colleges of Nursing (AACN) in 2004 to address fragmentation in health care delivery. The CNL role is a proactive, integrative and comprehensive role that assists direct care providers in bringing the best of health care science and practice to the point of care.

In an effort to provide graduate opportunities for registered nurses outside of Greater Cincinnati, the School of Nursing offers the MSN clinical nurse leader concentration to nurses at distant sites via video conference technology. Students enter as a cohort each fall through partnerships established between Xavier University and selected health care facilities. These students follow the same sequence of classes as on campus MSN students. Video conference equipment allows the off campus cohort to have real time interaction with faculty and students in a synchronized Xavier classroom.

The MSN CNL concentration requires a total of 43 credit hours. The program can be completed with full-time study in four semesters or part-time study in seven semesters.

For individuals with a bachelor’s degree in another discipline who wish to become registered nurses, Xavier University offers the Master of Science in Nursing: Direct Entry as a Second Degree (the MIDAS program). This program incorporates the CNL role.

Requirements for the MSN degree (Clinical Nurse Leader)

Nursing Core (12 semester hours)
- NURS 501 Theoretical Bases for Nursing Practice ........... 3
- NURS 502 Nursing Research ......................... 3
- NURS 503 Epidemiologic Methods in Health Care Serv ... 3
- NURS 556 Intro to CNL for RNs .................... 3

Graduate Support (8 semester hours)
- NURS 500 Health Care Ethics for Nursing Leaders ........... 3
- NURS 690 Health Care Policy for Nursing Leaders ........ 2
- NURS 754 Leadership & Management Concepts ............ 3
### Other Required Courses (23 semester hours)
- NURS 602 Applying CNL Concepts for RNs ......................... 3
- NURS 658 Advanced Clinical Pharmacology ..................... 3
- NURS 680 Advanced Pathophysiology for RNs .................. 3
- NURS 692 Advanced Informatics .................................... 3
- NURS 756 Advanced Health Assessment for RNs ............. 3
- NURS 851 Leadership Practicum .................................... 6
- NURS 852 CNL Leadership for Quality ....................... 2

A total of 43 credit hours is required for the CNL concentration, with a minimum overall cumulative GPA of 3.000.

### DUAL DEGREE MSN/MBA

Xavier University's College of Social Science, Health and Education and Williams College of Business offer an outstanding opportunity for nursing leaders to receive a dual degree in a creative, integrated program that unites these two nationally recognized colleges. More and more nurse administrators are finding the health care industry has become a business that requires both the application of professional nursing and business theories. The joint MSN/MBA program uses a cohort approach, which enhances networking and collegiality among students. Flexible scheduling is an opportunity provided with MBA courses.

This degree requires 56 credits or more depending on the student’s choice of courses. Students may be required to take foundational business courses or demonstrate knowledge of the following courses by previous academics, professional credentials or through examination. Two capstone courses measure the accomplishment of each program's objective.

#### Requirements for the Dual Degree MSN/MBA

**Foundation Courses**
- ECON 500 Macroeconomic ............................................. 2
- ECON 501 Microeconomic ............................................. 2
- MKTG 500 Marketing Concepts ....................................... 2
- FINC 500 Corporate Finance ......................................... 3
- BUAD 500 International Business .................................. 2
- MGMT 500 Managerial Skills & Behavior ....................... 2

Within the dual degree, students are given the opportunity to select elective courses tailored to their area of interest. A total of eight elective credit hours are required to meet the dual degree requirements. Four of these credits are selected from two MBA elective courses. The theory learned in these didactic courses will then be applied to two nursing practicum courses worth two credits each. The combined total of these four MSN/MBA courses will fulfill the eight hour elective requirement.

**Nursing Core/Graduate Support (16 semester hours)**
- NURS 500 Health Care Ethics for Nursing Leaders ............. 3
- NURS 501 Theoretical Bases for Nursing Practice .............. 3
- NURS 502 Nursing Research ......................................... 3
- NURS 503 Epidemiologic Methods in Health Care Services .... 3
- NURS 505 Health Care Informatics .................................. 3
- NURS 690 Health Care Policy for Nursing Leaders ............ 2

**MBA Core (21 semester hours)**
- ACCT 500 Financial Accounting ..................................... 2
- ACCT 501 Foundations of Managerial Accounting .............. 2
- ACCT 600 Financial Reporting & Analysis ....................... 3
  Or ACCT 601 Strategic Measurement, Evaluation & Control ..... 3
- BUAD 600 Legal & Regulatory Environment ..................... 3
- ECON 600 Managerial Economics .................................. 3
- FINC 600 Managerial Finance ...................................... 3
- MGMT 600 Managing Design & Change ......................... 3
- MGMT 601 Operational Analysis .................................. 3
- MKTG 600 Marketing Strategy .................................... 3

**Electives (minimum 4 hours)**
- MBA Elective ............................................................ 4

**Concentration (6 semester hours)**
- NURS 630 Organizational Behavior for Nursing Leaders .... 3
- NURS 632 Management Process for Nursing Leaders 
  Or MGMT 611 Managerial Communications ...................... 3

**Synthesis & Application (4 semester hours)**
- Synthesis & Application (4 semester hours)
  NURS 703 Graduate Nursing Practicum I ....................... 2 (6 contact hrs.)
  NURS 705 Graduate Nursing Practicum II ...................... 2 (6 contact hrs.)

**Capstone Courses (5 semester hours)**
- Capstone Courses (5 semester hours)
  BUAD 690 Corporate Governance (MBA) ....................... 3
  Or BUAD 691 Global Strategic Thinking (MBA) ............. 3
  NURS 797 Scholarly Project (MSN) ............................. 2
DUAL DEGREE MSN/MEd
The MSN/MEd program at Xavier University is an innovative, integrated program whereby the student will receive two separate degrees -- the Master of Science in Nursing (education concentration) and the Master of Science in Education. This program was developed in response to a changing health care environment. The courses in the education concentration emphasize education principles and skills that enhance adult education management and practices.

Requirements for the Dual Degree MSN/MEd
Nursing/Graduate required courses (30 semester hours)
NURS 500 Health Care Ethics for Nursing Leaders ......... 3
NURS 501 Theoretical Bases for Nursing Practice .......... 3
NURS 502 Nursing Research .............................................. 3
NURS 503 Epidemiologic Methods in Health Care Service .... 3
NURS 505 Health Care Informatics ....................................... 3
NURS 660 Development of Adult Learner in HC ............ 3
NURS 662 Leadership & Management Concepts ............. 3
NURS 664 Teaching Strategies ............................................ 2
NURS 668 Roles of Nursing Faculty
Or NURS 670 Roles of Corporate/Staff Educator .......... 2
NURS 690 Health Care Policy for Nursing Leaders .......... 2
NURS 754 Leadership & Management Concepts .......... 3

MEd Courses required (9 semester hours)
EDFD 501 Philosophy of Education
Or EDFD 502 History of American Education ............ 3
EDFD 503 Advanced Educational Psychology
Or EDFD 510 Advanced Human Development & Learning .... 3
EDAD 660 Curriculum Design & Teaching Strategies ......... 3
Education Electives (9 semester hours) from the following courses:
EDAD 543 Supervision of Instruction ............................... 3
EDAD 562 Political Structures & School Comm Relations ...... 3
EDAD 564 Administration of Staff Personnel .................... 3
EDAD 565 School Law I ..................................................... 3
EDAD 570 Policy Planning & Evaluation .......................... 3
EDAD 572 Educational Technology .................................... 3
EDAD 600 Curriculum Design & Teaching Strategies .......... 3
(required for School Health Nurse concentration)
EDFD 504 Psychological and Learning Theory & Practice ..... 3
EDFD 505 Educational Administration ............................. 3
EDFD 512 Psychology for Learning and Tech .................. 3
EDSP 500 Special Education Identification & Issues ........... 3
(required for School Health Nurse concentration)
Synthesis & Application (6 semester hours)
NURS 703 Graduate Nursing Practicum I ...................... 2 (6 contact hrs.)
NURS 705 Graduate Nursing Practicum II .................... 2 (6 contact hrs.)
NURS 797 Scholarly Project ........................................... 2

DUAL DEGREE MSN/MSCJ
The MSN/MSCJ program at Xavier University is an integrated program, whereby the student will receive two separate degrees -- the Master of Science in Nursing (forensic concentration) and the Master of Science in Criminal Justice. The Master of Science in Nursing (MSN) program at Xavier University prepares nurses to administer and teach in educational settings (e.g., CE providorships, in-service educators and nurse educators).

The curriculum consists of a minimum of 54 semester credit hours. The core courses include theoretical and practical knowledge, which serve as the foundation for advanced nursing education in a variety of roles. Core courses focus on three major themes which are consistent with the philosophy for the graduate program: critical systematic inquiry, professional and personal development, and management of information and resources in a rapidly changing health care environment. The courses in the education concentration emphasize education principles and skills that enhance adult education management and practices.

Requirements for the Dual Degree MSN/MSCJ
Nursing/Graduate required courses (30 semester hours)
NURS 500 Health Care Ethics for Nursing Leaders .......... 3
NURS 501 Theoretical Bases for Nursing Practice .......... 3
NURS 502 Nursing Research .............................................. 3
NURS 503 Epidemiologic Methods in Health Care Service .... 3
NURS 505 Health Care Informatics ....................................... 3

- NURS 797 Scholarly Project ........................................... 2

THE MIDAS PROGRAM

The Master of Science in Nursing: Direct Entry as Second Degree, the (MIDAS) program, at Xavier University is designed for mature, goal-directed individuals who have a bachelor degree in a discipline other than nursing who desire to be a licensed registered nurse (RN). The twenty month MIDAS program is a five-semester (including one summer), fulltime program of study. Upon successful completion of the program, the student is eligible to sit for the National Council Licensure Exam-Registered Nurse (NCLEX-RN). The student will graduate with a Master of Science in Nursing (MSN).

The MIDAS program is futuristic in including the new clinical nurse leader (CNL) role within this generic master’s program. The clinical nurse leader is an innovative nursing model developed by the American Association of Colleges of Nursing to prepare graduate nurse leaders for reforming the health care delivery system and putting best practice into action.

All MIDAS graduates are eligible to sit for the American Holistic Nurses’ Certification examination.

Curriculum

The MIDAS program requires five semesters (two academic years plus one summer) of full-time study. Listed below is the recommended curriculum for the program.

First Semester (Fall) Semester Hours
- NURS 550 Nursing Perspectives I ................................. 3
- NURS 501 Theoretical Bases for Nurs. Pract. ................. 3
- NURS 502 Nursing Research ...................................... 3
- NURS 552 Art & Science of Nursing ............................ 4
- NURS 553 Art & Science of Nursing Practicum .............. 2
- NURS 554 Essentials of Pathophysiology ..................... 3
  Total 18 credits

Second Semester (Spring) Semester Hours
- NURS 560 Nursing Perspectives II ............................. 3
- NURS 563 Art & Science of Family Nursing .................. 4
- NURS 564 Art & Science of Family Nursing Practicum ...... 2
- NURS 565 Art & Science of Adult Nursing .................... 4
- NURS 566 Art & Science of Adult Nursing Practicum ........ 2
  Total 15 credits

Third Semester (Summer) Semester Hours
- NURS 650 Art & Science of Advanced Nursing ............. 6
- NURS 651 Art & Science of Adv. Nursing Practicum ........ 3
- NURS 652 Art & Science of Psychiatric Nursing .......... 2
- NURS 653 Art & Science of Psych. Nursing Practicum .... 1
- NURS 656 Advanced Pharmacology ............................. 2
- NURS 656 Advanced Pathophysiology ....................... 2
  Total 16 credits

Fourth Semester (Fall) Semester Hours
- NURS 750 Nursing Perspectives III ............................. 3
- NURS 752 Community Nursing/Public Health Policy .......... 4
- NURS 753 Community Nursing/Public Health Policy Practicum 2
- NURS 754 Management Concepts .................................. 3
  Total 15 credits
Fifth Semester (Spring) Semester Hours

NURS 850 Nursing Perspectives IV ........................................... 3
NURS 500 Health Care Ethics for Nursing Leaders ..................... 3
NURS 852 Leadership for Quality ................................................ 2
NURS 854 Advanced Informatics .................................................. 3
NURS 851 Leadership Practicum .................................................. 4

Total 15 credits

Each practicum credit hour is equal to 4 clock hours per week.
Total credit hours required for the MIDAS program is 79 semester credit hours.

* * * * * * * * * * * * * * *
OCCUPATIONAL THERAPY DEPARTMENT

The Department of Occupational Therapy offers an entry-level Master of Occupational Therapy (MOT) degree. The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 3120, Bethesda, MD 20824-1220, phone 301 652-2682, www.aota.org. Graduates of the program will be eligible to take the national certification examination for the occupational therapist administered by the National Board for the Certification in Occupational Therapy (NBCOT) located at 12 South Summit Avenue, Suite 100, Gaithersburg, MD 20877-4150, phone 301 990-7979, www.nbcot.org. Upon successful completion of this exam (and meeting all other NBCOT application requirements), the individual is able to hold the title of occupational therapist, registered (OTR). Most states have specific additional credentialing requirements (e.g., licensure, registration) in order to legally practice in that state. All state credentialing bodies require a passing score on the NBCOT certification examination. A felony conviction may affect a graduate's ability to sit for the certification examination or attain state licensure.

OCCUPATIONAL THERAPY

Occupational therapy (OT) is a health-care profession that uses occupation, or meaningful activity, to help people achieve independence and lead productive and satisfying lives. Occupational therapists form a dynamic and collaborative partnership with service recipients in order to support their maximal participation in societal roles. The uniqueness of occupational therapy lies in the recognition and appreciation of the importance of day-to-day occupations that are used to positively influence one's health and well-being. People of all ages who have difficulty performing daily activities due to physical, psychological, emotional, or developmental problems can benefit from occupational therapy services on an individual basis or as members of a group or community.

Occupational therapy practitioners are skilled professionals whose education includes the study of human growth and development with specific emphasis on the social, emotional, and physiological effects of illness and injury and the concomitant benefits of engagement in occupation. Occupational therapists need to be people-focused as well as art- and science-oriented. They must be well-educated in the functions of mind, body, and spirit.

DEPARTMENTAL ADMISSION REQUIREMENTS

To apply to the MOT program, a student must first obtain a bachelor degree. A bachelor degree may be obtained from Xavier in which case a Bachelor of Liberal Arts (BLA) with Human Occupation Studies (HOSC) concentration is offered. A bachelor degree may be obtained from another accredited university in which case entry to the MOT program requires completion of all pre-MOT requirements. Admission to the HOSC courses is open to all Xavier students but enrollment is limited. Registration for the HOSC courses is approved by the occupational therapy department in the order of admission date to Xavier; students wait-listed are ranked according to incoming GPA.

Prior to Registering for Human Occupation Studies Concentration (HOSC) Courses:

Documented exposure to the field of occupational therapy is required prior to taking the HOSC courses. This is accomplished through volunteer or paid work experiences in an occupational therapy clinic or work setting. A minimum of 40 hours supervised experience (a total of 20 hours at each of two different facilities) is required. Complete two Volunteer/Work Experience forms. Each form must be completed by a fully credentialed occupational therapy practitioner who has supervised the student. The supervisor may not be a relative or personal friend. No photocopies of the form will be accepted. Only two forms will be accepted. Additional forms and/or letters of recommendation will not be considered. Forms are sent directly to Graduate Services at Xavier.

Go to http://www.xavier.edu/ot/BLA-to-MOT-admission.cfm to reference all the admission requirements for students obtaining a BLA degree from Xavier.

Go to http://www.xavier.edu/ot/Pre-MOT-to-MOT-admission.cfm to reference all the admission requirements for students who have a bachelor degree from another accredited university.

Other Requirements

Upon acceptance into the MOT program, students are required to complete all graduate courses (MOCT courses) with a minimum cumulative grade point average of 3.000 (on a 4.000 scale). Student membership into the American Occupation Therapy Association (AOTA) is also required. The mission of the AOTA "advances the quality, availability, use, and support of occupational therapy through standard-setting, advocacy, education and research on behalf of its members and the public" (American Occupational Therapy Association, 2000). Prior to beginning Level I and Level II Fieldwork, students must show evidence of malpractice liability insurance ($2,000,000/$4,000,000). Liability insurance is mandatory and provided through the University. Students are billed through the University when they register for courses that include a fieldwork experience. The University has negotiated a favorable group rate for enrolled occupational therapy students. All students must also have current CPR certification; hepatitis B immunization; measles, mumps, and rubella (MMR) immunizations; annual tuberculosis (TB) test; annual history and physical exam; and annual Universal Precautions and HIPAA training; and criminal background check in order to participate in all fieldwork experiences. Level II Fieldwork courses must be completed within 24 months of the academic coursework on campus.
BACHELOR OF LIBERAL ARTS to MASTER OF OCCUPATIONAL THERAPY (BLA to MOT degree)

To complete the MOT degree, students will initially obtain a BLA with a concentration in Human Occupation Studies and a University approved minor or second concentration. The BLA will be obtained upon completion of the first semester of the 4th year. Graduate coursework will begin second semester of the fourth year, and continue during the 5th year. It will culminate in a 6 month, post academic internship; the entire course of study spans 5 ½ years. Transfer students who are certified occupational therapy assistants may receive transfer credit for some of the BLA requirements depending on the articulation agreement worked out with the occupational therapy assistant program previously attended.

Requirements for the BLA to MOT

Note: For each specific course listed (with the exception of PSYC 101), a grade of “C” or better is required.

Undergraduate core curriculum requirements: 64 credit hours, including
- English Composition: ENGL 115 Rhetoric;
- Mathematics: MATH 156 and 158 General Statistics I & II;
- Science: 8 hours from BIOL 140-143 Human A&P; and 3 hours from PHYS 140 & 142 (or 161);
- Social Sciences: PSYC 101 and PSYC 231.

Upper Division Studies Requirement: 38 credit hours of upper division work, as follows:
- Complete 23 hours from HOCS 301, 303, 321, 323, 401, 403, 405, 411.
- These HOCS courses are required for the Concentration in Human Occupation Studies (HOCS).
- Complete at least 15 hours in a required Minor or a 2nd concentration within the BLA.

Additional OT requirements:
- 6 hours of Neuroscience and Kinesiology from BIOL 204 and ATTR 386, 387.
- 3 hours of Bioethics from PHIL 329 (can be taken as the required Philosophy elective course in the undergraduate core).

A minimum of 120 credit hours is required for the BLA degree; and an overall cumulative GPA of at least 3.000 must be attained.

Bachelor of Liberal Arts (BLA) to Master of Occupational Therapy (MOT)

PRE OCCUPATIONAL THERAPY (PMOT) to MASTER OF OCCUPATIONAL THERAPY (MOT degree)
This program option is designed to obtain the MOT degree in combination with a previously earned bachelor’s degree in a related area. In process of earning the MOT degree, students will obtain a required concentration in Human Occupation Studies (HOCs) in preparation for graduate coursework in occupational therapy. Prior to admission into the MOT degree program, prerequisite courses must be completed or in process. Transfer students who have a bachelor’s degree in a related field generally have 6 semesters of academic coursework and one summer course plus a post-academic fieldwork internship to complete to meet Xavier University’s requirements for the MOT degree. Xavier accepts transfer credit work from other regionally accredited institutions of higher education for prerequisite coursework.

Requirements for the Pre-MOT to MOT
Complete undergraduate prerequisite courses and earn a “C” or better grade in each course, as follows:

PSYCHOLOGY DEPARTMENT

The Department of Psychology offers the Bachelor of Science and the Associate of Science degrees at the undergraduate level. Also offered is an undergraduate minor in Psychology. At the graduate level, the Master of Arts in Industrial-Organizational Psychology, the Master of Arts in General Experimental Psychology as well as the Doctor of Psychology in Clinical Psychology degrees are offered.

The Department’s Mission Statement: In keeping with the Jesuit, Catholic, liberal arts tradition, the Department of Psychology educates students in the science of behavior and mental processes with sensitivity toward the diversity of all people so students may use psychological knowledge and insight to address human concerns.

For admission information for the graduate level programs, go to http://www.xavier.edu/graduate-admission/admission/index.cfm on the Xavier University website.

The doctoral program in clinical psychology is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE, Washington DC 20002-4242, Phone 202-336-5979

BACHELOR OF SCIENCE Degree in PSYCHOLOGY

The Department of Psychology endeavors to acquaint students thoroughly with the content and methods of scientific psychology. While emphasizing the scientific approach to the understanding of human behavior and human personality, the psychology courses aim to show the student that this branch of science is complementary to and compatible with a sound philosophy of human nature. In addition to the program leading to the Bachelor of Science, the department provides courses in the University Core Curriculum. The Bachelor of Science program in psychology aims to provide a general background for career and/or advanced studies in fields which presuppose understanding of human behavior, such as clinical/counseling psychology, industrial-organizational psychology, medicine, education, social work, and law.

Requirements for the Psychology Major

Undergraduate core curriculum requirements: 64 credit hours, including:
- Mathematics: MATH 120 and 150; or MATH 150 and 151; or MATH 170 and 171.
- Philosophy: additional elective of 3 credit hours beyond core requirements.
- Science: BIOL 140, 141, 142, 143; along with PSYC 221/223 and 222/224 included in the major.

Major requirements: 37 credit hours, as follows
- 28 hours of required psychology courses from PSYC 101, 200, 210, 221/223, 222/224, 231, 261, 277, 301, 499;
- 9 hours of psychology electives selected from PSYC 232-498.
- a 2.000 cumulative average must be attained in the psychology courses.

Students should consult the department’s “Careers in Psychology and Course Electives” for recommendations about which elective courses to consider for different career tracks (i.e., graduate school, social service employment, general business, etc.). Students should also discuss their career aspirations and elective choices with their faculty advisor. Students must maintain contact with a departmental advisor each semester to aid in course selection, planning, and scheduling.

The degree of Master of Arts in Psychology is designed to prepare students for employment in a related field and/or to continue their graduate studies at the doctoral level. Student must include a concentration in one of the two areas, industrial organizational or general experimental psychology, which must be approved by the program director or his/her designate. A semester grade point average of 3.000 or higher is required for a student to remain in good standing. A cumulative GPA of 3.000 or higher is required for all classes since enrollment into the specific graduate program (MA or PsyD) for graduation. The degree of Master of Arts in Psychology will be awarded only to candidates who have completed all coursework and attained a GPA of 3.000 or higher, and demonstrated a reading knowledge of a foreign language or demonstrated a proficiency in a computer language (PSYC 520 and 521) and, have both successfully defended their thesis and demonstrated their knowledge of the general field of psychology during their oral exam. The oral exam is to be administered in the spring semester of the second year. There is a 6-year time limit to complete all program requirements. If the thesis has not been defended after the second year of enrollment in the Master's program, the student is expected to be enrolled in PSYC 790, Continuous Major Research (3 credit hours) each Fall and Spring semester until the thesis is defended and deposited in the library or the student has reached the 6 year limit for the Master's program.

Requirements for M.A. in General Experimental Psychology

The general experimental concentration in Xavier’s master’s degree program embraces a 45-credit hour requirement extending over two full-time academic years. Three themes run through the General Experimental program and are reflected below:

1. **General Psychology** - Four core courses that help assure basic knowledge within the general field of psychology (12 credit hours). PSYC 504 Theories of Personality (3 credit hours); PSYC 506 Advanced Social Psychology (3 credit hours); PSYC 609 Learning and Cognition (3 credit hours); PSYC 502 History and Philosophical Issues (3 credit hours)

2. **Research** - Other core courses reflect the importance of a research foundation in psychology (15 credit hours). PSYC 511 & 512 Advanced Statistics I and II (4 credit hours); PSYC 520 & 521 Computer Statistical Language I and II (2 credit hours); PSYC 621 Advanced Research Design and Analysis (3 credit hours); PSYC 699 Thesis (6 credit hours).

3. **General Experimental Concentration** (18 credit hours) -- PSYC 590 Internship in General Experimental Psychology (6 credit hours); and 12 credit hours of related elective courses to fit student's professional interests.

Internship -- The six-credit hour required internship involves a minimum of 240 hours of supervised work experience in a setting appropriate to the student’s interests. It is often completed over two semesters and may be performed either in a single location or at two different sites. The internship must be approved by the Department Chair and the student receives a grade for each of the two semesters of supervised work.
Thesis -- The required thesis carries 6 credit hours and takes the form of an empirical research study. Under the supervision of an advisor, the student develops a thesis proposal and presents this to a three-member committee made up of faculty members and/or interested psychologists from the Cincinnati community. Upon completion, the student presents the thesis to the same committee. A single final grade is assigned to the thesis.

Language Requirement -- Students in both concentrations of the master's degree program must demonstrate proficiency in a computer language, typically gained through the courses PSYC 520 and 521, Computer Statistical Language I and II.

Requirements for M.A. in Industrial-Organizational Psychology

The industrial-organizational concentration requires a full-time commitment over two academic years. The 43-semester hour requirement comprises 18 credit hours in core courses in psychology, including research design, statistics, and computer applications, 16 credit hours in industrial-organizational psychology courses, three credit hours in a practicum in industrial-organizational psychology, and six credit hours in thesis work.

Three themes run through the I-O psychology program and are reflected in the typical two-year schedule of classes in the program.

1. General Psychology (3 credit Hours). Three areas of psychology, integrated into a proseminar course, help assure basic knowledge within the general field of psychology. These three areas are theories of personality, advanced social psychology and learning and cognition. This course is PSYC 579 ProSeminar: Applied I-O Psychology

2. Research (15 credit hours). Other core courses reflect the importance of a research foundation in psychology. These courses are: PSYC 511-512 Advanced Statistics I and II; PSYC 520-521 Computer Statistical Language I and II; PSYC 621 Advanced Research Design and Analysis; and PSYC 699 Thesis.

3. Industrial-Organizational Psychology (25 credit hours). A larger group of courses directly serve student interests in I-O Psychology. For first year students, 10 hours of I-O psychology courses are incorporated. For second year students, these courses include 15 credit hours. Overall, these courses consist of: PSYC 522 Personnel Psychology; PSYC 593 Internship in I-O Psychology; PSYC 641 Assessment Techniques in I-O Psychology; PSYC 643 Seminar in I-O Psychology; PSYC 644 Organizational Psychology; PSYC 645 Training and Development in Organizations; PSYC 660 Performance Appraisal; and a PSYC elective course.

The I-O psychology curriculum reflects the areas of competence to be developed in master's level I-O psychology courses, as identified in Guidelines for Education and Training at the Master's Level in Industrial-Organizational Psychology, 1994, Society for Industrial and Organizational Psychology, Inc. (Division 14 of the American Psychological Association). The curriculum is structured in such a way that later courses build on the content disseminated in earlier courses.

Internship -- The three-credit hour practicum comprises 120 clock hours of supervised work in an appropriate field setting. This work may take the form of a project arranged with an employer that allows the student full responsibility for designing and carrying out the project, or the practicum may bring the student into an ongoing activity within an organization, such as employment interviewing or testing. The student receives a final grade for the practicum.

Thesis -- The thesis carries six credit hours and takes the form of an empirical research study. Under the supervision of an advisor, the student develops a thesis proposal and presents this to a three-member committee made up of faculty members and/or interested psychologists from the Cincinnati community. Upon completion, the student presents the thesis to the same committee. A single final grade is assigned to the thesis.

Language Requirement -- Students in both concentrations of the master's degree program must demonstrate proficiency in a computer language, typically gained through the courses PSYC 520 and 521, Computer Statistical Language I and II.

Admission Requirements for the MA in Psychology degrees have a February 1st annual deadline date for submission. Go to http://www.xavier.edu/psychology-grad/io-admission.cfm or http://www.xavier.edu/psychology-grad/experimental-admission.cfm to reference the specific admission requirements.
Requirements for the PsyD degree

Psychology, and propose their dissertation. successfully complete the Clinical Competency Examination, patterned after the examination given by the American Board of Professional geropsychology, or the psychology of severe mental disability. Prior to applying for internship in the fall of the fourth year, students must provide supervised experience and training in a range of clinical areas.

A unique feature of the program is the opportunity for students to develop an "Area of Interest" in clinical child psychology, applied adolescents, older adults, and individuals with severe mental disability. Within the curriculum, students have the opportunity to pursue these areas of interest by taking specialized courses, gaining experience in practicum placements, and conducting applied research.

Program of Studies

Students are accepted into the program on a full-time basis and are required to take a minimum 114 credit hours to graduate. The curriculum of the first four years is divided into two major types of learning experiences: 1) knowledge/academic based, and 2) skills/clinical based. Ninety credit hours consist of courses that are primarily "academic" in nature. These courses are designed to develop content and methodologies in specific areas identified by the American Psychological Association as essential for clinical training--biological, cognitive and affective, social and cultural aspects of behavior, individual differences in behavior, history and systems in psychology, psychological measurement and assessment, human development, psychopathology, professional standards of ethics, research and evaluation, and professional interpersonal conduct. Twenty-four credit hours include courses such as professional development and practicum, clinical practicum, and internship that provide supervised experience and training in a range of clinical areas.

A unique feature of the program is the opportunity for students to develop an "Area of Interest" in clinical child psychology, applied geropsychology, or the psychology of severe mental disability. Prior to applying for internship in the fall of the fourth year, students must successfully complete the Clinical Competency Examination, patterned after the examination given by the American Board of Professional Psychology, and propose their dissertation.

Requirements for the PsyD degree

1. To ensure comprehensiveness in the program, all students must include each of the following courses designed to provide integrative education in the graduate field of psychology. Although the curriculum may change to match advancement of the field of professional psychology, the current curricular requirements are listed below in the present order of completion.

Year One

PSYC 607 Advanced Developmental Psychology
Elective course

Year Three
PSYC 730 Intervention Techniques: Consulting
PSYC 731 Intervention Techniques: Psychodynamics
PSYC 760/761 Clinical Practicum III & IV
PSYC 787/788 Major Research I & II
Elective courses (2)

Clinical Competency Examination or Dissertation proposal must be successfully completed by the end of the spring semester prior to applying for internship.

Year Four
Internship applications are completed during the fall semester of the fourth year.
Dissertation proposal must be approved prior to applying for the internship.
PSYC 789 Major Research III
PSYC 850/851 Clinical Practicum V & VI
Elective courses (5)

Year Five
PSYC 999 Internship (one year)

2. The PsyD degree will be awarded upon successful completion of required coursework, Clinical Competency Examination, Doctoral Dissertation and an internship. After the fourth year of enrollment in the doctoral program (or its equivalent for students admitted with advanced standing) the student is expected to be enrolled in either PSYC 999, Internship, or PSYC 790, Continuous Major Research, until the dissertation is defended and deposited in the library or the student has reached the 8-year limit for the PsyD program.

This policy remains in effect after the completion of the internship, until the dissertation is defended and deposited in the library. There is an eight year time limit to complete all program requirements. A minimum of 75 of the 114 hours required coursework for the PsyD. Degree must be completed at Xavier.

3. All students are required to take eight elective courses, four of which are specified as the student's "Area of Interest"—clinical child psychology, applied geropsychology, or the psychology of severe mental disabilities. The other four electives are chosen by students in consultation with their advisor. A unique feature of the program is that students may opt to use their additional electives to work toward a "Certificate in Organizational Concepts and Management" or a "Certificate in the Foundations of Health Services Administration." In cooperation with the Williams College of Business and the Health Services Administration Department, doctoral students may elect to take courses which offer a foundation in business or in the health services discipline which provide a basis for understanding the dynamics involved in the delivery of health care services in today's changing professional climate.

Grading Policy: Grades are based on a student's performance meeting the standards established and communicated in writing by the professor of the course. A semester grade point average of 3.00 or higher is required for a student to remain in good standing. Any student whose semester (Fall, Spring, Summer) GPA falls below 3.00 or who earns a grade of "C (includes C+ or C)" or "F" in any 2 credit hour course will be placed on "WARNING" by the Dean of the College of Social Sciences, Health, and Education and remains on WARNING throughout the remainder of the program. Once on warning, any student whose semester (Fall, Spring, Summer) GPA falls below a 3.00 may be dismissed. In addition, once on warning, any student who earns a grade of "C" or "F" in any course is subject to dismissal. A student who earns a grade of C or lower in 4 hours or more of course credit in one semester may be subject to dismissal immediately. The following interpretation of letter grades is used by the department: A= excellent, B=good, C=minimal, and F=failure. Faculty may use a +/- system in grading. Students receiving a "C" in a course may be required to retake the course or do additional work to satisfy specific deficiencies. This will be determined by the professor of the course and will be discussed with the student and his/her advisor. The student may be required to register for a one hour tutorial (PSYC 900) to complete the necessary remedial work, for which he/she must earn a grade of pass to fulfill the requirements for the additional work. The work must be completed by the student during the following academic semester. Students receiving an "F" in a course are required to retake the course. A cumulative GPA of 3.000 or higher is required for graduation. An A = 4 points, a B = 3 points and a C = 2 points. Pluses and minuses alter the merit points by .3. All students are required to complete the "Yearly Graduate Student Activity Report: for each academic year by May 1.

Admission Requirements for the PsyD degree
To be eligible for admission, applicants should submit materials before the annual deadline date of January 15th.
Go to http://www.xavier.edu/psychology-doctorate/admission.cfm on the Xavier website to reference the full details and the admission process.
SUMMARY LIST OF ADMISSION REQUIREMENTS
To be eligible for admission, applicants should submit the following items to the Department of Psychology before January 15th:
1. A completed application form.
2. Non-refundable $35 application fee.
3. One official transcript from each college or university attended. A 3.000 overall undergraduate grade point average (on a 4.000 scale) and a 3.000 average in all psychology courses.
4. Three letters of recommendation.
5. A written personal statement of reasons for pursuing a graduate degree in the psychology department at Xavier University, and plans after completion of studies.
6. GRE scores: General Knowledge (verbal, quantitative and analytical) area is required. Psychology Subject Test is required for those without psychology as their undergraduate major or minor.
8. Any other information that might aid in the selection process.

Students must have a minimum of 18 undergraduate hours in psychology, including general psychology, psychology statistics, research methods course with lab, and tests and measurements. Courses in developmental and abnormal psychology are helpful. Courses in biological science and college mathematics are also recommended as a preparation for graduate studies. Students with graduate training in clinical psychology or a related field who are accepted with advanced standing may expect a portion of their previous graduate work (if the student has earned a grade of "B" or higher) to be credited toward the fulfillment of the requirements for the doctoral degree. All decisions regarding acceptance of graduate credit will be made by the Department Chair in conjunction with the student's advisor by the end of the first year. In all cases, a minimum of 75 of the 114 hours required coursework for the PsyD. degree must be completed at Xavier.

ASSOCIATE OF SCIENCE Degree in RADIOLOGIC TECHNOLOGY
The program requires 76 semester hours which include courses in liberal arts and radiologic technology. The graduates of this program are eligible to apply for the American Registry of Radiologic Technologists examination.

Requirements for the Associate Degree in Radiologic Technology
Undergraduate core curriculum requirements: 29 credit hours, as follows
- 23 hours in specific liberal arts courses: BIOL 140, 141, 142, 143, ENGL 101, PHIL 100, PSYC 101, SOCI 101, and THEO 111;
- 3 hours of history selected from any core history course: HIST 105-162.
- 3 hours of mathematics selected from MATH 105-150; and MATH 105 (or higher) is a prerequisite for PHYS 140-141.

Major requirements: 40 credit hours, as follows
- Specific courses are required, take RADT 115, 150, 152, 154, 160-163, 165, 170, 172, 180, 250, 260-263, 265, 270, 272, 280, 292, 294.

Additional Major requirements: 7 credit hours, as follows
- 3 hours of Interpersonal Communication from COMM 207;
- 4 hours of Technical and Radiologic Physics from PHYS 140, 141.
- A grade of "C-" or better must be attained in all RADT and PHYS courses.
- Courses with prerequisites cannot be taken until the prerequisite courses have been successfully completed with a grade of "C-" or better.

All students must present evidence of the following prior to entrance in all clinical courses:
1. Liability insurance ($2,000,000/$4,000,000), purchased through the University and billed to student’s account.
2. Health history and required physical examination form
3. MMR immunization
4. Yearly tuberculosis skin test (two-step)
5. Hepatitis B series
6. Proof of current health care coverage
7. Verification of history of varicella (chicken pox)

Students are responsible for these expenses as well as for uniforms and transportation costs to the clinical sites. Students must provide their own transportation between campus and clinical sites.
A.S. in Radiologic Technology

This block serves as a guideline for progress toward a degree. See your academic advisor.

First Year

August - Pre-Semester: Registration and orientation for the Radiologic Technology Program begins August 1. Clinical Training at the hospitals will begin during this time along with the following courses:

Total Number of Credits: 76 Hours (with a minimum of 73 credit hours required for the degree, if MATH waived).

Requirements for the MRI Program

This is a two-semester certificate program with 17 credit hours of didactic courses and 720 hours of clinical training.

Students can apply these courses toward a Bachelor Degree in Liberal Arts.

Didactic courses will be scheduled on Tuesdays and Thursdays (early evening hours) with clinical training on Monday, Wednesday, and Fridays.

Also required is the following:
- Graduate from an approved radiography program with at least 2.5 GPA on a 4.0 scale.
- Verification of ARRT registry or proof of eligibility for registration.
- Must be admitted as an undergraduate student through the Center for Adult and Part-Time Students (CAPS) office at Xavier University.
- Verification of CPR needed for the practicum courses.
- Complete 17 credit hours from RADT 300, 310, 311, 313, 320, 321, 330, 340, 350 for the MRI certificate (or for the MRI concentration within the BLA degree).

SOCIAL WORK DEPARTMENT

The Department of Social Work offers the Bachelor of Science in Social Work.

BACHELOR OF SCIENCE Degree in SOCIAL WORK

The Social Work Program at Xavier University is accredited by the Council on Social Work Education. The Department provides a program of instruction which contains a meaningful reservoir of traditional and contemporary social work knowledge to stimulate and challenge the intellectual capacity of the serious student.

The goals of the program are (a) to graduate students who have a beginning level of competency for generalist social work practice; (b) to inculcate students with a professional value base and an appreciation for diverse social, cultural, and ethnic patterns; (c) to prepare students to be informed, participating citizens aware of social issues and problems who are active participants in working toward resolving them; and (d) to prepare students for entry into graduate social work programs. While all of the objectives are important, the development of competency for beginning level generalist practice is the most significant.

Requirements for the Social Work Major

Undergraduate core curriculum requirements: 64 credit hours, including
- Cultural Diversity: included within the major courses.
- Mathematics: Take Statistics from either MATH 116 or 156 and earn a grade of “C” or better; and take another math core class.
- Science: BIOL 102 (or 112), 120, 125, 127 and earn a grade of “C” or better; and take 3 hours of another science area.
- Social Sciences: PSYC 101 and SOCI 101 and earn a grade of “C” or better in each class.

Major requirements: 50 credit hours, as follows
- Specific social work courses required, take SOCW 167, 204, 208, 299, 300, 315, 316, 318, 320, 325, 352, 415, 416, 417, 418, 419, 420, 424.

Additional Major requirements: 9 credit hours, as follows
- Minimum of nine hours in related divisional work as specified in the Support Core (or other courses approved by the department chair).
- A grade of “C” or better must be attained in each course required for the social work major, excluding the nine hours of support core course work. Exceptions to this requirement may be granted following petition to the department.
- Other policies for Social Work majors are located in the departmental student handbook.
- To enter field placement, students must have received full acceptance into the social work major and be in academic good standing.

**SPORT STUDIES DEPARTMENT**

**BACHELOR OF SCIENCE Degree in ATHLETIC TRAINING**

Athletic training is an allied health profession within the American Medical Association. Its mission is to enhance the quality of health care for the physically active through prevention, evaluation, management, and rehabilitation of athletic injuries. Certified athletic trainers are part of a Sports Medicine team approach of total medical care including the athlete, coaches, orthopedic physician and allied health medical specialists.

The Xavier University Athletic Training Education Program (XU-ATEP) fulfills the curricular guidelines established by the Commission on Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). Completing a degree in our entry-level undergraduate program fulfills the eligibility requirements of the BOC certification exam. Graduates of Xavier University's athletic training program receive a Bachelor of Science (B.S.) degree in athletic training and are eligible to sit for the BOC exam.

**Program Admission Requirements**

Go to [http://www.xavier.edu/athletic-training/Admission.cfm](http://www.xavier.edu/athletic-training/Admission.cfm) for current information pertaining to accreditation, program admission, technical standards, graduation requirements and the curriculum.

**Requirements for the Athletic Training Major**

Undergraduate core curriculum requirements: 64 credit hours including
- Mathematics: MATH 116 or 115 (Statistics) and one elective chosen from MATH 120-170.
- Science: Take 14 hours from BIOL 140, 141, 142, 143; ATTR 386, 387, 405, 406.
- Social Sciences: PSYC 101; and PSYC 261 or SOCI 101; and take PSYC 477 (Sport Psychology).

Major requirements: 48 credit hours, as follows
- 36 hours of athletic training courses required, take ATTR 143, 168, 267, 343-347, 410, 420, 425, and 492.
- 12 hours of clinical experience courses, take ATTR 200, 201, 300, 301, 400, 401.
- a 2,000 cumulative GPA must be attained in these major courses.
- 1,000 supervised clinical experience hours.
- A minimum of a 2.500 cumulative GPA and a minimum 2.000 in all biology and professional courses must be maintained to remain in the program.
- A code of ethical behavior and conduct has been developed to ensure professional behavior of all students enrolled in the Athletic Training program. The Program Director will review cumulative code infractions at the end of each academic semester. A student who exceeds the maximum cumulative infraction points will be deemed unprofessional and will not be permitted to continue in the program.
- If a student earns lower than a grade of "C" in any athletic training course, it may be repeated once and must be taken at Xavier University.
- Students must pass each clinical proficiency and psychomotor competency with a ranking of "proficiency mastered" to graduate.

# Bachelor of Science Degree in Sport Management / Marketing

**Requirements for the Sport Management / Sport Marketing Major**

Undergraduate core curriculum requirements: 64 credit hours, including:
- Mathematics: MATH 116 or 156 (Statistics) and one elective core mathematics course.
- Philosophy: PHIL 321 is recommended as the philosophy elective.
- Social Sciences: ECON 200 & 201, which is included within the major requirement.

Major Requirements: 72 / 78 credit hours, distributed as follows:

- **Area 1**: 12 hours of management courses from SPMG 110, SPMG 322, MGMT 300, INFO 200.
- **Area 2**: 9 hours of social ethics from SPMG 195, SPMG 132, SPMG 410.
- **Area 3**: 6 hours legal aspects required: SPMG 348, BLAW 300.
- **Area 4**: 12 hours communication arts required: COMM 101, COMM 207 and six elective hours (COMM 209-479).
- **Area 5**: 6 hours of marketing from MKTG 300 and SPMG 310. Students wishing to concentrate in Sport Marketing must take an additional 6 elective hours, with advisor's permission.
- **Area 6**: 3 hours of accounting from ACCT 200.
- **Area 7**: 6 hours of economics from ECON 200 and 201.
- **Area 8**: 9 hours of sport management electives required with advisor's permission, including SPMG 250, 280, 360, and PSYC 477.

- a 2.000 cumulative GPA must be attained in these major courses.

- A minimum of 120 credit hours is required for the degree, with the program typically composed of 130-136 credit hours.

---

**Xavier University 2009-2010 Catalog 186**
MASTER OF EDUCATION Degree in SPORT ADMINISTRATION

The degree of Master of Education with a concentration in Sport Administration is designed to prepare an individual for a career within the expanding sport industry. The program was designed utilizing the guidelines recommended by the North American Society for Sport Management (NASSM).

A three semester hour internship, six semester hour internship, or a research project is required, depending on each student's individual background and career goals. The internship may be taken after a student has successfully completed 15 semester hours. Internships are planned and supervised learning activities which take place in a sport administration related environment. The student will be supervised by a sport management practitioner. There is no comprehensive exam.

Admission Requirements
For admission information for the graduate level programs, go to http://www.xavier.edu/sport-administration/ on the Xavier University website.

Requirements for the M.Ed. in Sport Administration:
This M.Ed. degree requires a minimum of 30 credit hours with a minimum overall GPA of 2.800.

Core Requirements (15 semester hours) Semester Hours
- SPMG 521 Introduction to Sport Administration .............................................. 3
- SPMG 522 Sport Research & Statistics ............................................................ 3
- SPMG 595 Sport Administration: Marketing .................................................. 3
- SPMG 596 Sport Administration: Finance ....................................................... 3

SCHOOL OF EDUCATION

The School of Education offers teacher licensure programs approved by the Ohio State Board of Education as listed under Teacher Licensure below, and awards the Bachelor of Science degree in the following areas: Early Childhood Education, Middle Childhood Education, Special Education, Teaching Sciences, Montessori Education Minors are offered in Professional Education and Montessori Education. An Associate of Science degree in Early Childhood Education is also offered.

At the graduate level, the Master of Education degree is available in many concentrations. See the "Master of Education" section for the list of options. Also offered is the Executive MEd in Human Resource Development.

MASTER OF EDUCATION Degree

The Master of Education, a professional degree, is designed to meet the needs of professional educators. This degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his or her influence by satisfactorily completing a program of graduate work designed to give these characteristics:

1. Broad knowledge of the principles and techniques of education in modern society.
2. Specific knowledge of one major area of the field of education.
3. Essential understanding and skills necessary for intelligent consumption of educational research.

To ensure comprehensiveness in their programs for the Master of Education degree, candidates should include in their programs 12 hours of general survey courses (or alternate courses as indicated by specific program) designed to provide integrated coverage of the broad field of education. These courses (credit hours) are:

- EDFD 501 Philosophy of Education (3) or EDFD 502 History of American Education (3)
- EDFD 503 Advanced Educational Psychology (3)
- EDFD 505 Educational Administration (3).
- EDFD 507 Educational Research (2) and EDFD 508 Educational Research Paper (1).

To ensure their mastery of a particular area of education, candidates must include a concentration of at least 12 credit hours in one of the following areas:

The Master of Education program invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted.

Go to [http://www.xavier.edu/education/](http://www.xavier.edu/education/) to reference program information and admission requirements.

A minimum of thirty hours is normally required for the degree of Master of Education. These shall be distributed as follows:

1. General surveys in education, 12 credit hours.
2. Concentration, 12 credit hours.*
3. Pertinent electives, 6 credit hours.

* Certain concentrations may require more than 12 semester hours, particularly where state certification requirements are involved.

A student's Master of Education program may not include more than 6 semester hours of workshops, unless by special arrangement with the department chair. The Master of Education degree will be awarded only to candidates who have passed an extensive written examination covering their particular field of concentration (e.g., administration) or covering the four general survey courses in education if they have concentrated in a subject matter field or in elementary or secondary education. The comprehensive exam is not required for the MEd in Human Resource Development, Sport Administration. Should the student fail the comprehensive examination, it may be repeated only once.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required PRAXIS tests of the State Department of Education for each specific license.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of at least 54 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). See the School of Nursing section of this document for additional details.

Xavier University 2009-2010 Catalog 188
TEACHER LICENSURE

The School of Education offers teacher licensure programs, approved by the Ohio State Board of Education, for early childhood, middle childhood, multi-age, adolescent to young adult (secondary), intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori pre-primary and primary teaching. In addition, students can acquire a license at the graduate level for reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K – 12 teaching, students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

TEACHER EDUCATION PROGRAM

STEPS FOR ADMISSION AND CONTINUAL PROGRESS FOR LICENSURE IN THE FOLLOWING PROGRAMS:

- **EARLY CHILDHOOD**
- **MIDDLE CHILDHOOD**
- **EARLY CHILDHOOD/MONTESSORI**
- **SPECIAL EDUCATION**
- **PROFESSIONAL EDUCATION**

**Step One:**
- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS 1 as entry test in order to declare major or minor.
- Potential candidate declares major.

**Step Two:**
- Potential candidate completes first year at Xavier with a grade point average of 2.500 or higher.
- Required grades in following courses:
  - **English 101** "B" or higher.
  - Mathematics (as placement dictates) "C" or higher.
  - Introductory Education course (program dictates) "B" or higher.
- Following items completed and filed with Education Office:
  - Notarized "Statement of Moral Character".
  - "Application for Admission" form.
  - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

**Step Three:**
- Required grades for continuation through major/minor: detailed information.
  - Grade of "C" or higher in second mathematics course.
  - Overall grade point average of 2.500
  - Grade of "B" or higher in required curriculum courses
  - Candidate’s portfolio reflects key assignments from educational foundations and curriculum courses.
  - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching (see program requirements).

**Step Four:**
- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one of two/three or more required PRAXIS II exams must be passed and results on file in Certification Office of Education Department (see handbooks or Education Office for specific test titles and codes).

**Step Five:**
- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
  - Record of on-site visits by University supervisor.
  - Midterm and final evaluations from cooperating teacher and field supervisor.
  - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- PRAXIS II exam results on file in Certification Office. (Should pass PRAXIS before student teaching as stated in Step Four.)
- Licensure application materials complete and on file in Certification Office.

* * * * * * * * * * * * * * * *
CHILDHOOD EDUCATION AND LITERACY DEPARTMENT

Xavier University’s Department of Childhood Education and Literacy is dedicated to the pursuit of knowledge and to the orderly discussion of critical issues confronting educators in a free, inquiry-based environment committed to current and relevant scholarship and research related to our profession. Xavier University seeks to create awareness of social justice in all disciplines through its emphasis on living the Jesuit tradition of intellectual, moral, and spiritual preparation. The candidates in the Early Childhood, Middle Childhood, Montessori and Literacy programs, through their academic and professional training, are prepared to value the lives of children regardless of racial, linguistic, socio-economic, religious, or ethnic background and to work with and value family and school structures in both urban, rural, and suburban settings. Special attention is given to developmentally effective practices and advocacy for all children, with ethical issues and values as expressed through the Jesuit tradition. Thus, the Childhood Education and Literacy preparation at Xavier University strives to send out into the education community candidates who are morally sensitive to the academic and social needs of our time, foster an appreciation for human diversity, reason critically, and think creatively. Candidates in the Childhood Education and Literacy Department are encouraged to develop and maintain a disposition toward lifelong learning in the profession of education and to the service of their students and their students’ families and communities.

TEACHER LICENSURE

The Department of Childhood Education and Literacy offers teacher licensure programs approved by the Ohio State Board of Education as listed under Teacher Licensure below, and awards the Bachelor of Science degree in the following areas: Early Childhood Education, Middle Childhood Education, as well as American Montessori Society certification in Montessori pre-primary and primary teaching. Updates and/or changes to licensure are dictated by the State of Ohio and may supersede the requirements listed for licensure in this catalog. The Master of Education degree is available in many concentrations. See the “Master of Education” section for the list of options. Students who do not meet acceptable performance standards in field experiences may be excluded from specific programs.

The following pages outline the requirement for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated.

TEACHER EDUCATION PROGRAM STEPS FOR ADMISSION AND CONTINUAL PROGRESS FOR LICENSURE IN THE FOLLOWING PROGRAMS: EARLY CHILDHOOD, EARLY CHILDHOOD/MONTESSORI, MIDDLE CHILDHOOD*

Step One:
- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS 1 as entry test in order to declare major or minor.
- Student declares major as Early Childhood or Middle Childhood Education.

Step Two:
- Completion of Step One.
- Student completes first year at Xavier with a grade point average of 2.500 or higher.
- Required grades in following courses:
  - English 101 “B” or higher.
  - Mathematics (as placement dictates) “C” or higher.
  - Introductory Education course (program dictates) “B” or higher.
- Following items completed and filed with Education Office:
  - Notarized “Statement of Moral Character”.
  - “Application for Admission” form.
  - “Career Objectives” form.
- Student is notified of acceptance into chosen program.

Step Three:
- Completion of Step Two.
- Required grades for continuation through major/minor:
  - Overall grade point average of 2.500.
  - Grade of B in required major/minor courses (see program handbook for detailed information).
  - Grade of “C” or higher in second mathematics course.
  - Student’s portfolio reflects key assignments from educational foundations and curriculum courses.
  - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching (see program requirements).

Step Four:
- Completion of Step Three.
- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one or two (varies with program) required PRAXIS II exams must be passed and results on file in Certification
Office of Education Department (see handbooks or Xavier website for specific test titles and codes).

**Step Five:**
- Successful completion of internship/student teaching in Early or Middle Childhood.
  - Record of on-site visits by University supervisor.
  - Midterm and final evaluations from cooperating teacher.
  - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- All required PRAXIS II exams passed and results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.

* See “Handbook for Early and Middle Childhood Education” for further information. Available in the Department of Childhood Education and Literacy office.

**BACHELOR OF SCIENCE DEGREE in EARLY CHILDHOOD EDUCATION (Pre-K to 3)**

Early Childhood Education will license a (Ohio) teacher to work with children ages 3 through 8, or preschool through grade three. The course of study has child development at the core of pedagogical decisions. The approach is holistic, with a strong emphasis on an integrated learning approach. Courses based in child development and intense reading instruction are integral to the program. Field experience and student teaching occur at both the preschool and primary level: Updates and/or changes to licensure are dictated by State of Ohio and may supersede the requirements listed for licensure in the catalog.

**Requirements for the Early Childhood Education Major**

Undergraduate core curriculum requirements: 64 credit hours, including:
- Cultural Diversity: fulfilled in the major with EDFD 260 (Cultural Diversity in Education).
- Literature: fulfilled in the major with EDFD 324.
- Science: must be met with physical (CHEM or PHYS) and biological (BIOL) sciences.
- Social Sciences: included in the major requirements.
- The E/RS Focus Elective that meets another core requirement should be chosen.

Major requirements: 72 credit hours, as follows
- 3 hours of art from ARTS 222;
- 3 hours of literature from EDFD 324;
- 66 hours of education courses from EDFD 100, 110, 251, 260; EDEC 210, 230, 325, 330, 335, 340, 450, 451; EDME 359; EDRE 269, 312, 471, 478; and EDSP 205.
- a 3.000 cumulative GPA must be attained in these major courses.

Additional Major requirement: 3 credit hours
- Take COMM 101, Oral Communication.

See "Steps for Admission and Continual Progress for Licensure in Early Childhood."
Also see "Handbook for Early and Middle Childhood."

Scheduling Notes:
- Course sequence shown above is realistic only for the student who declares the Early Childhood major as a freshman. It is not the only advisable sequence.
- A minimum of 130 credit hours is typically required for the degree, with 120 hours as absolute minimum.
- An overall cumulative GPA of 2.500 is required for graduation.
- The sequence of courses in the program is subject to change.
- Students should consult with advisor to plan fall internship/student teaching in the senior year.
- Study Abroad is possible – consult with advisor early in program.
- Student should consult with advisor to plan fall internship/student teaching.

Generalist Endorsement for Grades 4/5

A series of courses offered for the undergraduate student who is a candidate for the Ohio Early Childhood License/Grades P-3. To receive the endorsement the candidate must qualify for the Ohio Early Childhood license, complete the 9 credit hours described below, and pass the Praxis II examination: Elementary Content Knowledge. Undergraduates must complete the following prerequisites PRIOR to enrolling in the EDEL/Endorsement series of courses: EDEC 330 and EDEC 335.

- EDEL 440 Middle Childhood Transitions: Development and Management (1 Credit Hour)
- EDEL 441 Mathematics Content, Pedagogy, and Assessment Grades 4-5 (2 Credit Hours)
- EDEL 442 Science Content, Pedagogy, and Assessment Grades 4-5 (2 Credit Hours)
- EDEL 443 Language Arts Content, Pedagogy, and Assessment Grades 4-5 (2 Credit Hours)
- EDEL 444 Social Studies Content, Pedagogy, and Assessment Grades 4-5 (2 Credit Hours)

BACHELOR OF SCIENCE DEGREE in MIDDLE CHILDHOOD EDUCATION (Grades 4 - 9)

The Middle Childhood Education licensed (Ohio) teacher works with ages 9 through 14, or grades 4 through 9, in two fields of concentration. The teacher candidate will choose two fields from the concentration areas of Social Studies, Mathematics, Science, and Reading/Language Arts. Upon successful completion of requirements and acceptance of licensure application, candidates will receive a Middle Childhood license from the State of Ohio.

Students choosing Middle Childhood will be required to take 21-24 hours in each of the two content areas that they choose for licensure. All students will have at least 12 hours in reading instruction. Students will experience interdisciplinary learning, a hallmark of middle childhood education, as part of their learning experience at Xavier. The middle school teaching concept is unique, and our students will be prepared for curriculum, pedagogy, philosophy and organization of the middle school. Field experience and internship/student teaching will occur in both subject areas and at two age levels. Updates and/or changes to licensure are dictated by State of Ohio and may supersede the requirements listed for licensure in the catalog.

Requirements for the Middle Childhood Education Major

Undergraduate core curriculum requirements: 64 credit hours, including:

- Cultural Diversity: fulfilled in the major with EDFD 260 (Cultural Diversity in Education).
- Literature: fulfilled in major with ECH 326.
- Mathematics: Students with concentration fields other than mathematics (where course requirements are specific) satisfy mathematics core with MATH 211 and MATH 212.
- Science requirement must be met with physical (PHYS or CHEM) and biological (BIOL) sciences.
- Social Sciences: included in the major requirements.
- The E/RS Focus Elective that meets another core requirement should be chosen.
- A 2.500 cumulative overall GPA is required for admission to program and must be maintained for the Bachelor of Science degree.

Major requirements: 60 credit hours, as follows:

- Specific education courses required, take EDFD 100, 110, 251, 260; EDMC 212, 325, 340, 345, 455, 456; EDRE 269, 314, 471, 478; EDCH 326; EDSP 200; and two courses from EDMC 351-354.
- A 3.000 cumulative GPA must be attained in these major courses.
Concentration requirements: 21-24 credit hours for each and must complete 2 of the following 4 concentrations.

**Mathematics** (21 hours required, with 15 hours beyond the core curriculum) – take MATH 116 (or 156), 211, 212, 213, 214; and 2 courses from MATH 120, 150 (or 170), 151 (or 171).

**Reading-Language Arts** (24 hours required, with 15 beyond the core curriculum) – take ENGL 101 (or 115), 205; COMM 207; EDCH 326 (or EDCH 320); EDCH 305 (or THTR 210); 1 course from ENGL 320-322; and 1 course form ENGL 304, 308, 310, 311, 314, 318 or EDCH 310; and 1 more Lit course from ENGL 128, 132, 331, 349, 352 or 371.

**Sciences** (21 hours required, with 12 hours beyond the core curriculum) – take BIOL 120/125 (or 127); BIOL 130-131; CHEM 102-105; PHYS 114-117; and 3 more hours of science from BIOL, CHEM or PHYS.

**Social Studies** (24 hours required, with 18 hours beyond the core curriculum) – take ECON 200; EDMS 207; HIST 105 & 106, 143; POLI 140; SOCI 180; and 1 course from HIST 144, 325 or 329.

See "Steps for Admission and Continual Progress for Licensure in Early Childhood.”

Also see "Handbook for Early and Middle Childhood.”

**B.S. Middle Childhood Education**

This block serves as a guideline only. See your academic advisor.

Specific core and concentration courses are not indicated below due to the nature of the middle childhood program.

Concentration sets (i.e. math & science, etc.) will differ among students and therefore courses will vary.

**Middle Childhood Generalist Endorsement**

The Middle Childhood Generalist (MCG) Endorsement allows the teaching candidate with two licensure areas to add either one or two more content areas specifically for teaching in a self-contained 4th, 5th, or 6th grade classroom. This endorsement is not valid for holders of any license other than Ohio Middle Childhood Education. Updates and/or changes to licensure are dictated by the State of Ohio and may supersede the requirements listed for licensure in the catalog.

To have the MCG endorsement added to the MCE license:

1) The candidate must have previously completed a MC Education program in two content areas and hold a valid MCE license (we will assume that our initial licensure candidate will apply for the endorsement along with, or soon after application for the initial license in two areas); and

2) In addition to successfully completing the MCG Endorsement course work in either one or two additional areas, the candidate must also successfully complete the required Praxis II test(s).

Either the candidate must pass:

a) Elementary Education Content Knowledge (0014); or

b) the candidate must pass the content area test for each content area added to the MCE license.
3) The candidate must complete the following courses in the chosen content area.

**Language Arts**
- ENGL 304: Teaching and Research in Writing
- EDCH 326: Children’s Literature for Middle Childhood

**Mathematics**
- MATH 213: Algebra Concepts for Middle Childhood
- MATH 214: Mathematical Problem Solving for MC Teachers

**Science**
- BIOL 130, BIOL 131: Introduction to Life Science and Life Lab I
- PHYS 114, PHYS 115: Intro to Physical Science and Physical Science Lab

**Social Studies**
- EDMS 207: World and Cultural Geography
- POLI 140: American Government and Politics

UNDERGRADUATE PROGRAMS IN MONTESSORI EDUCATION

The philosophy of education taught in the Montessori program was researched by Dr. Maria Montessori, the first Italian woman to graduate from medical school in Rome in 1896. Dr. Montessori’s philosophy supports the fundamental tenet that a child learns best within a social environment which supports each individual’s unique development. Multi-age grouping in each class promotes peer group learning. The children work in a prepared learning environment that is child-centered and beautifully arranged with learning materials to aid the child in exploration of new ideas. The Montessori teacher learns to be a scientific observer and facilitator, providing an environment for children that is developmentally appropriate to help the child grow in all areas: social, cognitive, emotional, and physical.

An undergraduate degree will prepare you to practice your profession in the following ways:

1. Public schools. You will be prepared to teach in Montessori public schools, traditional public school early childhood programs and traditional public school classrooms for kindergarten through third grade.
2. Private schools. Our graduates teach in private Montessori schools all over the world. They are also teachers in traditional private schools.
3. Hospitals. Hospitals hire our graduates for special children's programs.
4. Child care centers. Our graduates are hired as administrators of child care centers.
5. State and city child care licensing organization. Our graduates are hired as inspectors for these organizations.

The Xavier University Montessori Teacher Education Program is accredited by the MACTE Commission and grants an American Montessori Credential for Early Childhood and Elementary I students who complete all requirements also receive a State of Ohio Early Childhood License for Pre-K and K-3.

BACHELOR OF SCIENCE DEGREE in MONTESSORI EDUCATION

Early Childhood Education
- Ohio License for Pre-K and K-3
- American Montessori Society Credential for Ages 2 1/2 to 6 Years
- American Montessori Credential for Elementary I

Requirements for the Early Childhood / Montessori Education Major

Undergraduate core curriculum requirements: 64 credit hours, including:
- Cultural Diversity: fulfilled in the major with EDFD 260 (Cultural Diversity in Education).
- English Composition/Rhetoric grade must be a "B" or above.
- Mathematics grade must be a "C" or above.
- Literature: fulfilled in the major with EDCH 324.
- Science: must be met with physical (CHEM or PHYS) and biological (BIOL) sciences.
- Social Sciences: included in the major requirements.
- The E/RS Focus Elective that meets another core requirement should be chosen.

Major requirements: 66 credit hours, as follows
- 39 hours of education courses from EDFD 100, 110, 251, 260; EDEC 210, 230; EDME 350, 351, 354, 359, 376; EDRE 312; EDSP 205.
- 3 hours of literature from EDCH 324.
- 24 hours of Ohio License requirements, as follows
  - A 2.700 grade point average must be achieved in all the education courses for the major.
  - All Montessori education courses must have a grade of "B" or above.

Additional requirements:
- A questionnaire form must be in the file by the end of freshman year.
- Three letters of recommendation must be in student's file during the sophomore year.
- A moral character form must be in the file by sophomore year.

### Minor in MONTESSORI EDUCATION

The Montessori Education minor has twelve (12) courses available to all Xavier undergraduates and compatible with any major. The program is designed to provide each student with academic and practicum experiences in the field of teaching young children.

The student will receive an American Montessori Credential. This credential will allow the student to teach in private Montessori schools in the United States and other countries. Further information about this program can be obtained by calling 513 745-3424.

This program may be applied to a four year degree program.
MAJOR OF EDUCATION DEGREE in ELEMENTARY EDUCATION

The Master of Education in elementary education will provide the student with a strong foundation in professional knowledge, experience in combining theory with practice, and opportunities for curriculum development and application. The student may pursue an M.Ed. and a teaching license separately or concurrently.

Go to [http://www.xavier.edu/elementary-grad/Admission.cfm](http://www.xavier.edu/elementary-grad/Admission.cfm) to reference admission requirements.

For general description of the Master of Education degree, go to page 28 in this document.

Requirements for the M.Ed. in Elementary Education (30 total credit hours required)

Core courses (12 credit hours)
- EDFD 501 Philosophy of Education (3)
- EDFD 503 Advanced Educational Psychology (3)
- EDFD 505 Educational Administration (3)
- EDFD 507 Educational Research (2) and EDFD 508 Educational Research Paper (1).

The remaining 18 hours required are selected from programs such as elementary, Montessori, multi-cultural children's literature, special education, and/or counseling. The M.Ed. candidate is free to select courses that advance teaching in the elementary school.

Program Requirements for Licensure:

Students seeking initial licensure in early or middle childhood education concurrently with the M.Ed. will declare their Master's concentration as Elementary. Students seeking teacher licensure in early or middle childhood must contact the department for a review of their transcripts. Students are expected to have a broad base of undergraduate coursework spread over the following areas: English, history, sciences, math, speech, and the fine arts. There is a specific sequence within both programs. Course requirements for early or middle childhood licensure extend beyond the 30 hours required for a Masters Degree.

Go to [http://www.xavier.edu/elementary-grad/index.cfm](http://www.xavier.edu/elementary-grad/index.cfm) to reference more information about Licensure options.

Master of Education in Elementary Education -- Cohort Program
Ohio Early Childhood License Pre-K – Grade 3

Students seeking acceptance into the graduate early childhood cohort must first be accepted into the M.Ed program. Application for acceptance in the Master of Education Program is made through the Graduate Services Office. Call 745-3360 or visit the Xavier website, [www.xu.edu](http://www.xu.edu).

Upon acceptance in the M.Ed. program a candidate may begin courses listed below.

To begin the admission process for the early childhood cohort program, the student must meet with an academic advisor for transcript review and discussion of the program. Call (513)745-3701 for an appointment. Please bring an official copy of transcripts from all undergraduate and graduate work to this meeting.

Upon acceptance into the Master of Education Program a candidate may begin the required courses listed below. Candidates are responsible for graduate information contained in the Xavier University Catalog, such as the comprehensive exam and other graduation requirements.

Professional Foundation Courses

The following courses are taken during the academic year prior to the beginning of the Early Childhood Cohort Program.
- EDEL 500 Classroom Culture (includes 50 hours of assigned field experience)
- EDFD 501 Philosophy of Education
- EDFD 510 Advanced Human Development and Learning
- EDFD 251 Instructional Technology
- EDEL 260/560 Cultural Diversity in Education

Please Note:
The licensure candidate may complete the M.Ed. Core courses: EDFD 503, Advanced Educational Psychology (EDFD 503 is waived as the M.Ed. Core requirement when EDFD 510, Advanced Human Development and Learning is completed as a foundation course), EDFD 505, Educational Administration; EDFD 507/508, Educational Research/Paper during the initial academic year, or elect to finish at a later date. “No more than six years may elapse between enrolling in a degree program and completion of work for the degree.” A comprehensive exam is the final requirement for the degree program. The M.Ed candidate may sit for the exam after 27 hours for the degree have been successfully completed.
Students who have completed (or will complete by May) general education requirements and professional foundation courses may apply to the Early Childhood Cohort. Application is made during the spring semester. Applications, available through the Graduate Services Office, Elet 312, are reviewed by a faculty team and evaluated on the basis of the following: EDEL 500 final grade, field work evaluation, grade point average, Miller Analogy or GRE scores, written and oral communication skills.

Early Childhood License Cohort Courses
Candidates must be accepted into the cohort program in order to enroll in the following courses.

*The schedule below is effective Summer Semester 2009.

**First Summer Session**
- EDRE 512 Reading Methods for Early Childhood  
  - 3 credits
- EDRE 569 Phonics and the Foundations of Literacy  
  - 3 credits
- EDEC 558 Early Childhood Arts and Play  
  - 3 credits
- **9 credit hours**

**Second Summer Session**
- EDCH 524 Children’s Literature for Early Childhood  
  - 3 credits
- EDEC 555 Early Childhood Care/Practices  
  - 6 credits
- Includes field observation  
- **9 credit hours**

**Fall Semester**
- EDEL 370 Field experience/2 days per week  
  - 2 credits
- EDEC 336BL Language Arts and Social Studies Cohort  
  - 4 credits
- EDEC 331BL Math and Science Cohort  
  - 4 credits
- EDEC 325 Methods of Observation and Assessment  
  - 3 credits
- EDRE 671 Content Area Literacy  
  - 3 credits
- **16 credit hours**

**Spring Semester**
- EDEC 454 Early Childhood Cohort: Internship  
  - 6 credits
- EDEC 455 Early Childhood Cohort: Current Issues  
  - 1 credit
- EDRE 678 Diagnosis and Correction of Reading Disabilities  
  - 3 credits
- **10 credit hours**

Students complete Praxis II exams: “Education of Young Children” Praxis exam is taken during the Fall and must be passed prior to student teaching and “Principles of Learning and Teaching, P-3” in the spring.

Application for early childhood license is made through Xavier University Certification Office upon completion of all course application requirements. Provisional license from Ohio Department of Education carries effective date of July, and is valid for two years. It may be renewed. An informative session regarding licensure application will be held during the spring semester of internship.

Ohio Licensure Generalist Endorsement Grades 4-5

Graduate Courses
This series of courses is offered for the candidate who holds the Ohio Early Childhood License/Grades P-3 and which will enable them to obtain the generalist endorsement for grades 4-5. The candidate for the endorsement must complete all 9 semester hours of coursework listed below and pass the Praxis II exam: Elementary Content Knowledge. Prerequisite: Holds an Ohio Early Childhood License/Grades P-3. For graduate students who wish to pursue a Masters in Elementary Education, the Generalist Endorsement courses can be applied towards the M.Ed. For more information on the Masters program, go to http://www.xavier.edu/elementary-grad/Admission.cfm.

**Generalist Endorsement Grades 4-5 Courses**
- EDEL 640 Middle Childhood Transitions: Development and Management  
  - 1 Credit Hour
- EDEL 641 Mathematics Content, Pedagogy, and Assessment Grades 4-5  
  - 2 Credit Hours
- EDEL 642 Science Content, Pedagogy, and Assessment Grades 4-5  
  - 2 Credit Hours
- EDEL 643 Language Arts Content, Pedagogy, and Assessment Grades 4-5  
  - 2 Credit Hours
- EDEL 644 Social Studies Content, Pedagogy, and Assessment Grades 4-5  
  - 2 Credit Hours
Master of Education in Elementary Education  
Ohio Middle Childhood License Grades 4-9

Middle childhood licensure at the graduate level is designed for the student who did not receive a teaching license as an undergraduate; has strong undergraduate course work in two of the following: mathematics, science, social studies or English; is available to take pedagogy, methods, and field placement courses with both day and evening scheduling in order to meet the extensive requirements of the middle childhood license. The middle childhood license is for teaching grades 4 through 9 in two subject areas. Students will also study reading methods and children's literature along with their two chosen areas of concentration. The student with current (within the last 10 years) course work in the concentrations may have some concentration requirements waived.

There is no cohort program (see early childhood licensure) for middle childhood candidates. Progression through the program is unique to the individual due to the various concentration combinations, i.e. one student may choose math and science while another opts for science and social studies. The content courses may not be offered as frequently as the foundation courses, often just one semester out of the academic year. The sequence of course completion is important to the success of the candidate.

Admission
To begin the admission process for the Middle Childhood License/Master of Education program, the candidate must meet with an academic advisor for a transcript review outlining general education requirements:

- English Composition (3)
- History (6)
- Literature (6)
- Science (9)
- Oral or Interpersonal Communications (3)
- Fine Art (3)

A minimum grade of C is required in all courses, except English composition, for which a B is required. An overall undergraduate grade point average must be a 2.70 or better.

Next the student must apply for the M.Ed. in Elementary Education.

Concentrations
The Middle Childhood Licensure candidate must choose two fields of concentration from the following: (see specific courses under B.S. in Middle School Education)

- Mathematics - 21 hours
- Science - 21 hours
- Social Studies - 24 hours
- Reading/ Language Arts - 24 hours

Students should take the five professional foundation courses before enrolling in the following courses specific to the Middle Childhood License.

Professional Education Courses

- EDEL 500 Classroom Culture (3) [50 hours of assigned field experience]
- EDFD 501 Philosophy of Education (3)
- EDFD 510 Seminar in Human Growth and Development (3)
- EDEL 251 Instructional Technology (3)
- EDEL 260/560 Cultural Diversity in Educational Settings (3)

Concentration courses may be completed concurrent with methods/pedagogy courses listed below. Due to the complexity of the licensure requirements, middle school candidates must meet with an advisor each semester. Students should take the five professional foundation courses listed on the preceding page: EDEL 500, EDFD 501, EDFD 510, EDFD 251, and EDEL 260/560, before enrolling in the following courses specific to the Middle Childhood License.
Middle Childhood Courses - Scheduling of Middle Childhood courses are varied; courses may meet during the day, at 4:15 or 7:00PM, and often require field observation or experience. Be aware that EDMC courses are not offered every semester.

- EDMC 212  Nature and Needs of Adolescents (3)
- EDSP   500  Special Education: Identification and Issues (3)
- EDCH 526  Children’s Literature for Middle Childhood (3)
- EDMC 325  The Arts in Middle Childhood Education (3)
- EDRE 569  Phonics and Foundations of Literacy (3)
- EDRE 514  Reading Methods for Middle Childhood (3)
- EDMC 340  Middle School Philosophy and Organization (3)
- EDMC 345  Intro to MS Collaboration/Management (3)  (co-requisite EDMC 351-354)

Students take two courses from 351, 352, 353, or 354 (total 6 hours, field experience T & R days) EDMC 351-354 are only offered during Spring semester. EDMC 212 and EDMC 340 are prerequisites for EDMC 351-354.

- EDMC 351  MS Language Arts, Curriculum, Pedagogy, and Assessment (3)
- EDMC 352  MS Math Curriculum, Pedagogy, and Assessment (3)
- EDMC 353  MS Science Curriculum, Pedagogy, and Assessment (3)
- EDMC 354  MS Social Studies, Curriculum, Pedagogy, and Assessment (3)
- EDMC 455  Student Teaching: Middle School (11)
- EDMC 456  Seminar: Current Issues in Middle School (1)
- EDRE 671  Content Area Literacy (3)  prerequisite: EDRE 569 and EDRE 514)
- EDRE 678  Diagnosis and Correction of Reading Disabilities (3)  prerequisite: EDRE 569 and EDRE 514)

Praxis II Exams: You must pass two subject area concentration exams prior to student teaching. The “Principles of Learning and Teaching: 5-9” is taken during the student teaching semester. See Praxis link at www.xavier.edu.

Grades 4-6 Middle Childhood Endorsements are an option for persons holding a Middle School license. See Requirements for generalist endorsement under B.S. for Middle School Education.

The following core courses fulfill Master of Education requirements but are not required to complete the middle childhood license requirements. They can be taken at anytime within the six year limit. Students take the Comprehensive Exam related to the four core courses during the last semester of graduate course work. Application is made through the Office of Graduate Services, 312 Elet Hall.

- EDFD 503 Advanced Education Psychology (3 hrs.)*
- EDFD 505 Educational Administration (3 hrs.)
- EDFD 507 & 508 Educational Research & Paper (3 hrs.)

*EDFD 510 may substitute for EDFD 503.

MASTER OF EDUCATION Degree in MONTESSORI EDUCATION

The Xavier University Montessori teacher education programs grant an American Montessori Credential and Ohio Pre-Kindergarten or Kindergarten to grade 3 licensure. The programs are affiliated with the American Montessori Society, and accredited by the Montessori Accreditation Council for Teacher Education.

The graduate program in Montessori education is based on a strong foundation in child development. This allows students the option of teaching in a public or private Montessori school, as well as in a traditional public or private school. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum courses prepare the student to teach practical life, art, music, movement, sensorial, math, language, geography, science and history. Child development is emphasized in courses EDMC 563, 559, 550 and is an integral part of all of the courses. Ohio teacher licensure for Pre-K and K-3, and American Montessori Early Childhood and Elementary certifications are available within the master's degree. Those holding a master's degree may obtain certification by planning a post-master's program with the director of the Montessori teacher education program.

Go to http://www.xavier.edu/montessori-grad/admission.cfm to reference admission requirements.
Requirements for the M.Ed. in Montessori Education
(with Ohio Early Childhood License Pre-K and K-3 and with American Montessori Early Childhood Credential - ages 2.5 to 6)
51 total credit hours required, as follows
EDFD 505 and EDSP 505 ................................................................. 6
EDFD 507 & 508 Education Research & Paper *** ................. 3
EDME 550** Methods of Observation ............................................. 3
EDME 551* Montessori Education: Philosophical Approach ...... 3
EDME 552** Montessori Curriculum Design & Teach Strat: Primary 3
EDME 556 Montessori Curriculum Design & Teaching Strategies I ..... 3
EDME 557 Montessori Curriculum Design & Teaching Strategies II ..... 3
EDME 559 Full Day Child Care ......................................................... 3
EDME 563 Early Cognitive Development ...................................... 3
EDME 564* Early Childhood/Montessori Methods ......................... 3
EDME 576* Phonics Skills ............................................................... 3
EDME 577* Early Childhood/Math and Science ......................... 3
EDME 673** Montessori Early Child Practicum I .......... ............... 3
EDME 674** Montessori Early Child Practicum II ...................... 3
Reading courses
EDRE 512 Reading Methods for Early Child .................... 3
EDRE 578 Diagnosis/Correct of Read Disabilities ................... 3
* Must be completed before beginning your practicum.
** Courses taken during practicum.
*** The research paper should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the program for the departmental library.

Students wishing Ohio licensure for Pre-Kindergarten and K-3 must meet general education background requirements.

An additional reading course must be taken during the first year of teaching.

Requirements for the M.Ed. in Montessori Education
(with Ohio Early Childhood License Pre-K and K-3 and with American Montessori Elementary I Credential – ages 6-9)
51 total credit hours required, as follows
EDFD 503 and 505 ................................................................. 6
EDFD 507 & 508 Education Research & Paper * ................. 3
EDME 551* Montessori Education: Philosophical Approach ...... 3
EDME 552** Montessori Curriculum Design & Teaching Strategies I ..... 3

EDME 671** Montessori Practicum II: Primary ....................... 3
Reading courses
EDRE 512 Reading Methods for Early Child .................... 3
EDRE 578 Diagnosis/Correct of Read Disabilities ................... 3
* Must be completed before beginning your practicum.
** Courses taken during practicum.
*** The research paper should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the program for the departmental library.

Students wishing Ohio licensure for Pre-Kindergarten and K-3 must meet general education background requirements.

Students may add A.M.S. Elementary II by completing an intense summer program.

Requirements for the M.Ed. in Montessori Education (with no Ohio State License and no Montessori Credential)
30 total credit hours are required, as follows
EDFD 503 Advanced Educational Psychology ...................... 3
EDFD 505 Educational Administration ....................................... 3
EDFD 507 & 508 Education Research & Paper * .................. 3
EDME 551 Montessori Education: Philosophical Approach ...... 3
EDME 563 Early Cognitive Development .................................... 3
EDME 550 Methods of Observation .......................................... 3
* The research paper should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the program for the departmental library.

The other twelve (12) hours can be taken from the following courses: EDME 553, 554, 555, 559, 564, 576 or 577.

Other Requirements:
Montessori Masters Degree Summer Cohort (30 credit hours)

The cohort program is specifically designed to give experienced Montessori teachers an opportunity to come together as a group and study best practices. This is accomplished through collaborative group study and discussions regarding Montessori philosophy, as well as, personal reflective assignments. Students will also gain new ideas for their classrooms, create materials and learn new extensions and variations of the Montessori materials. The cohort will give you the opportunity to discuss the difficulties found in balancing Montessori philosophy with the demands of district and state programs. The Xavier University Montessori Program supports the American Montessori Society’s stand regarding the need for ongoing research in Montessori environments. The cohort is designed to enable students to create a research study and implement it throughout the first year.

Other requirements:
- Students must have a Montessori credential.
- Students must receive a grade of “B” or higher in all Montessori courses.
- Have three letters of recommendation mailed to the Montessori Office.
- Complete and submit the Montessori Questionnaire.
- A signed copy of the handbook signature page must be in the file during the first semester of program.
- Successfully complete a written comprehensive exam.

MASTER OF EDUCATION Degree in READING EDUCATION

The degree of Master of Education with a concentration in reading is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of the reading process with current theory and research as well as classroom application. This course of study is designed to prepare teacher candidates as classroom teachers to help students from preschool through high school to become effective, strategic readers who read and write enthusiastically and purposefully. It provides training for classroom teachers, media specialists, district literacy coaches, reading consultants, and reading supervisors.

Accordingly this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study designed to develop the following characteristics:

1. The ability to articulate and translate the interrelationship of reading, writing, speaking, and listening to classroom teaching and curriculum development.
2. The ability to work directly or indirectly with pupils who have either failed to benefit from regular classroom instruction in reading or those pupils who could benefit from advanced training in reading skills.
3. The ability to work with teachers, administrators, and other professionals to improve and coordinate the total reading program of the school.

This program is designed to meet the specifications of the International Reading Association and State of Ohio course requirements for the Reading Endorsement. It also meets reading specialist licensure requirements in many states.

Go to [http://www.xavier.edu/reading/admission.cfm](http://www.xavier.edu/reading/admission.cfm) to reference the admission requirements.

Curriculum Prerequisites

These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDRE 312/512 Reading Methods for Early Childhood ………….. 3
- Or EDRE 314/514 Reading Methods for Middle Childhood …… 3
- EDRE 471/671 Content Area Literacy ……………………………. 3

And an undergraduate course in children’s literature or adolescent literature.

In addition, the graduate candidate must have (or be in the process of completing) a valid teaching certificate or license.
Requirements for the M.Ed. in Reading

The following coursework is required for the Master degree in Reading and meets the State of Ohio standards for the Reading Endorsement.

MEd Core Requirements (12 credit hours)

- EDFD 501 Philosophy of Education or EDFD 502 History of Education ................. 3
- EDFD 503 Advanced Educational Psychology or EDFD 510 Adv Human Devel & Learn .... 3
- EDFD 505 Educational Administration ................................................................. 3
- EDFD 507 & 508 Educational Research & Paper .................................................. 3

Concentration Requirements (18 credit hours)

- 12 hours required specifically with
  - EDRE 569 Phonics and the Foundations of Literacy ....................... 3
  - EDRE 671 Content Area Literacy ......................................................... 3
  - EDRE 678 Diagnosis and Correction of Reading Disabilities ........... 3
  - EDRE 679 Practicum in Reading .......................................................... 3

- 6 more hours selected from
  - EDRE 584 Effective Reading Strategies .............................................. 3
  - EDRE 672 Theories of Reading ............................................................ 3
  - EDRE 675 Current Research in Reading .............................................. 3
  - EDRE 676 Reading and Writing Across Curriculum ............................. 3
  - EDRE 684 Advanced Language Arts .................................................... 3
  - EDRE 685 Practicum in Reading .......................................................... 3

- 3 to 6 hours selected from the following elective list (with EDCH 501 typically required, if adding Reading Endorsement)
  - EDCH 501 Advanced Children's Literature ........................................... 3
  - EDCH 505 Storytelling As a Cultural Craft ...................................... 3
  - EDCH 510 Writing and Publishing for Children ................................. 3
  - EDCH 515 Adolescent Literature .......................................................... 3
  - EDCH 520 Multi-cultural Literature for Children ............................... 3
  - EDCH 525 Analysis of Literature .......................................................... 3

Students completing their studies for the M.Ed. in Reading must pass a comprehensive examination and must be able to write knowledgeably on the following areas of reading: literacy development, holistic learning, reading theory, reading in the content area, and diagnosis and remediation of reading. The M.Ed. candidate may sit for the exam after 27 hours for the degree have been successfully completed.

Reading Endorsement Requirements

Those completing the M.Ed. in Reading Education and hold a valid teaching license for Ohio may also want to add the reading endorsement to their teaching license. The endorsement has a 21 hr. course requirement: 15 hours of coursework in reading and 6 hours in children’s literature. Master degree candidates may work on their degree and the endorsement simultaneously. After completion of the course requirements for the endorsement, the State of Ohio requires that the candidate take Praxis II, #0200, Introduction to Reading, and receive a passing score of 540 to have the endorsement added to a valid license. Information regarding testing dates, location sites, and sample questions for Praxis #0200 may be found on the Praxis website.

The following courses are currently required by the State of Ohio for the Reading Endorsement:

- EDRE 269/569 Phonics and the Foundations of Literacy 3 hrs.
- EDRE 471/671 Content Area Literacy 3 hrs.
- EDRE 672 Theories of Reading 3 hrs.
- EDRE 478/678 Diagnosis and Remediation 3 hrs.
- EDRE 679 Practicum in Reading 3 hrs.
- EDCH 501 Advanced Children’s Literature 3 hrs.
  or undergraduate equivalent EDCH 324/326

And, Choose from EDCH 305/505, 510, 415/515, 320/520 for 3 hrs. or 525 or any other Advanced Children’s Literature course offered to complete the requirement.
MASTER OF EDUCATION degree
in MULTI-CULTURAL LITERATURE FOR CHILDREN AND YOUNG ADULTS

The degree of Master of Education with a concentration in multi-cultural literature for children is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of appropriate literature for children in the classroom.

The degree consists of 30 hours of coursework. The concentration coursework (18 hours) includes diverse coursework in the area of children's literature. The focus for the coursework is study in the diverse base of literature written for children reflecting but not limited to European Americans, Native Americans, African Americans, Asian Americans, Jewish Americans, Latino Americans and other world cultures, not based in the western world. The purpose of this degree is to provide information that will enable teachers to make careful, informed and sensitive choices from among the increasing numbers of books being published as Multi-cultural literature as well as incorporating this knowledge into a holistic, global classroom. Multi-cultural literature is one of the most powerful components of a Multi-cultural education curriculum, the underlying purpose of which is to help to make our society a more equitable one.

Go to http://www.xavier.edu/multicultural-literature/admission.cfm to reference admission requirements.

Curriculum Prerequisites
These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDEL 314 Teaching Reading in the Elementary School .................3
- Or EDRE 569 Foundations of Literacy ........................................3

In addition, the graduate candidate must have (or be in the process of completing) a valid teaching certificate or license.

Requirements for the M.Ed. in Multi-cultural Literature
The following coursework is required for the Master degree in Multi-cultural Literature for Children.

MEd Core Requirements (12 credit hours)
- EDFD 501 Philosophy of Education  Or  EDFD 502 History of Education ................. 3
- EDFD 503 Advanced Educational Psychology  Or  EDFD 510 Adv Human Devel & Learn .... 3
- EDFD 505 Educational Administration ........................................ 3
- EDFD 507 & 508 Educational Research & Paper .................................. 3

Concentration Requirements (18 credit hours) selected from the following, with EDCH 501 required.
- EDCH 501 Advanced Children's Literature .................................. 3
- EDCH 505 Storytelling as a Cultural Craft ...................... 3
- EDCH 510 Writing and Publishing for Children ...................... 3
- EDCH 515 Adolescent Literature ........................................ 3
- EDCH 520 Multicultural Literature for Children ................. 3
- EDCH 524 Children's Literature for Early Childhood ............... 3
- EDCH 525 Analysis of Children's Literature in Global Society .... 3
- EDCH 526 Children's Literature for Middle Grades ................. 3
- EDCH 528 Current Topics in Children's Literature * ............... 3

Students completing their studies for the M.Ed. in Multicultural Literature for Children must pass a comprehensive examination and must be able to write knowledgeably on the following areas: children's literature (in general), multicultural literature for children, storytelling as both a genre and a craft, the impact of multicultural literature on the elementary curriculum, adolescent literature as it impacts a global society, and analysis of appropriate literature for children. The M.Ed. candidate may sit for the exam after 27 hours for the degree have been successfully completed.

************************
SECONDARY and SPECIAL EDUCATION DEPARTMENT

The Department of Secondary and Special Education offers degree and teacher licensure programs approved by the Ohio Department of Education. All programs are accredited by the Teacher Education Accreditation Council.

At the undergraduate level the department awards the Bachelor of Science degree in Special Education. In Secondary Education the department offers a minor in Professional Education that combines with an appropriate Arts and Science Major leading to a teaching field.

At the graduate level the Master of Education degree in Special Education and Master of Education in Secondary Education are awarded. Concentrations are available in these programs that include Secondary Education (with concentrations available in art, biology, business, chemistry, classics, computer science, English, French, German, Spanish, history, mathematics, music, political science, theology, and health/physical education) and Special Education (Mild/Moderate Intervention Specialist, Moderate/Intensive Intervention Specialist, Early Childhood Intervention Specialist, Gifted/Talented Intervention Specialist and endorsements in Early Education of the Handicapped, Gifted/Talented, and Transition to Work).

Teacher licensure programs are offered at the undergraduate and graduate levels leading to licensure in Integrated Language Arts, Integrated Mathematics, Integrated Social Studies, Music, Physics, Chemistry, Life Sciences, Visual Art, Modern Languages, Classical Languages, Mild/Moderate Intervention Specialist, Moderate/Intensive Intervention Specialist, Early Childhood Intervention Specialist, Gifted/Talented Intervention Specialist.

The pages that follow outline the basic requirements for licensure. Specific brochures and rules for program admission on these programs are available. Please note that courses required for licensure that are more than 10 years old my need to be repeated. Students who do not meet acceptable performance standards (including field experiences) may be excluded from specific programs.

Summary of Steps for Admission and Continual Progress in Initial Licensure Programs

**Step One:**
- Undergraduate student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Graduate student is accepted based on undergraduate GPA and either GRE or MAT scores.
- Student declares major or concentration.

**Step Two:**
- Completion of Step One.
- Student completes first year at Xavier with a grade point average of 2.700 or higher.
- Required grades in following courses:
  - English 101 ―B‖ or higher.
  - Mathematics (as placement dictates) ―C‖ or higher.
  - Professional Education course (in licensure area) ―B‖ or higher.
- Following items completed and filed with Education Office:
  - Notarized ―Statement of Moral Character‖.
  - ―Application for Admission‖ form.
  - ―Career Objectives‖ form.
- Student is notified of acceptance into chosen program.

**Step Three:**
- Completion of Step Two.
- Required grades for continuation through major/minor:
  - Overall grade point average of 2.700.
  - GPA of 2.700 (undergraduate) 3.000 (graduate) in required major/minor courses (see program handbook for detailed information).
  - Candidate’s portfolio reflects key assignments from educational foundations and curriculum courses.
  - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching (see program requirements).

**Step Four:**
- Completion of Step Three.
- Application for internship/student teaching is approved. All professional education and concentration courses must be completed for commencement of internship/student teaching semesters.
- Prior to internship, all PRAXIS II exams must be passed and results on file in Licensure/Certification Office of Education Department (see handbooks or Xavier website for specific test titles and codes).

**Step Five:**
- Successful completion of internship/student teaching including required program documentation.
- Successful completion and submission of teacher program portfolio.
- Licensure application materials complete and on file in Licensure/Certification Office.
Minor in PROFESSIONAL EDUCATION

In adolescent to young adult or secondary (grades 7-12) and pre-K-12 multi-age programs, students have a major in their area reaching field and complete licensure requirements in professional education courses.

A Professional Education minor is normally declared by an undergraduate who intends to achieve state licensure to teach at the pre-K - 12 or 7 - 12 grade levels. The student must meet with a secondary education advisor for licensure requirements. The student retains his/her major area advisor for guidance in the major, University core and for all other purposes.

This minor requires the completion of 31 to 36 semester hours of education course work, including internship/student teaching, and a minimum GPA of 2.700 must be achieved. State licensure also requires the completion of prescribed courses in the teaching subject area. In order to complete the licensure sequence at the end of his/her bachelor's program, the undergraduate should begin the licensure sequence no later than the first semester of the sophomore year. Contact the School of Education for further information.

All areas of concentration must take these foundation courses:
- 16 hours required from EDFD 110; EDMS 131, 411; EDRE 471; EDSP 200 and 380.

Concentration areas:
- 15-20 hours required (complete 1 of the following 5 options)
  1. Secondary Ed (7-12): 15 hours required, take one course from: EDMS 325, 330, 331, 332, 333, 335; and take EDMS 350 and 470.
  2. Physical Education (pre-K - 12): 19 hours required, take EDPE 342, 385, and 460; and take EDMS 350 and 471.
  3. Languages (pre-K - 12): 15 hours required, take EDMS 325 or 335; and take EDMS 350 and 471.
  4. Music (pre-K - 12): 18-20 hours required, take MUSC 221, 320, 321; and take EDMS 350 and 471.
  5. Visual Art (pre-K - 12): 18 hours required, take ARTS 221, 223; and take EDMS 350 and 471.

CAUTION: Please consult with the Director of Secondary Education for exact program details and specific State of Ohio teaching licensure requirements.

MASTER OF EDUCATION Degree in SECONDARY EDUCATION

Xavier University's secondary/K-12 teacher education program provides a strong foundation in liberal arts education and emphasizes the importance of individual, educational growth, and professional development. A student is prepared to become competent, professional secondary/K-12 educators through thorough classroom instruction and in-depth experience with practicing secondary/K-12 teachers.

A student may pursue a Master of Education degree alone, or a Master of Education degree with licensure or only licensure alone.

The M.Ed. program is intended for those who wish to obtain an advanced degree with general emphasis in course work connected to secondary education. Although a degree program can be arranged to support teacher licensure, this degree does not provide all the preparation needed to achieve teacher licensure. Please contact the Department of Secondary and Special Education for guidance.

Requirements for the M.Ed. in Secondary Education

30 total credit hours, as follows
MEd Core Requirements (12 credit hours)
  EDM 500 History & Philosophy of Education in US
  Or EDFD 501 Philosophy of Education
  Or EDFD 502 History of American Education 3
  EDFD 503 Advanced Educational Psychology
  Or EDFD 510 Advanced Human Dev & Learning 3
  EDFD 505 Educational Administration 3
  EDFD 507 & 508 Educational Research & Paper * 3

*Should be completed during the first 18 hours of the program.

The remaining 18 hours consist of 12 hours taken from graduate level professional education or subject content courses (e.g. art, biology, business, chemistry, classics, computer science, English, French, German, Spanish, history, math, music, political science or theology). The remaining 6 semester hours may be taken from any graduate level course, as elective courses. The M.Ed. candidate is free to select courses that advance teaching in the secondary school.

Comprehensive Exam Requirement

Finally, a student’s Master Of Education degree will be awarded only to candidates who have passed an extensive written examination covering the four general survey courses. Should the student fail the comprehensive exam, it may be repeated only once.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required PRAXIS tests of the State Department of Education for each specific license.
Course Sequence for Graduate Student Licensure

EDMS 500  History & Philosophy of Education in US ……………..   3
EDFD 503  Advanced Educational Psychology ……………………….. 3
EDSP 500  Special Education Identification & Issues ………………. 3
EDRE 671  Content Area Literacy …………………………………..   3
EDMS 550  Technology & Topics for Education ………………………….. 3
Methods / Curriculum for content area ……………………………    3-6
EDSP 580  Classroom Management ………………………………… 3

EDMS 411  Clinical Experiences *…………………………………..   1
EDMS 470  Supervised Student Teaching & Seminar * ……………    9

*Taken for undergraduate credit only.

Student must complete all coursework, field/clinical hours and pass all Praxis tests to apply for license. Student must complete 12 hours Master Core requirements; 18 hours from Special Education coursework and pass Comprehensive exam for completion of degree.

BACHELOR OF SCIENCE Degree in SPECIAL EDUCATION
- Mild/Moderate Intervention Specialist
- Moderate/Intensive Intervention Specialist
- Early Childhood Intervention Specialist

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements: 64 credit hours, including
- English composition grade must be "B" or better.
- Literature area fulfilled per the major, with EDCH 320, 324 or 326.
- Mathematics grades must be "C" or better.
- Science requirements must be met with physical (PHYS or CHEM) and biological (BIOL) sciences.
- Social Sciences requirements is included in the major (licensure) requirements.
- A 2.500 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements: 38 credit hours, as follows
- Specific education courses, take EDFD 110, 251, 260; EDRE 269, 312, 471; EDSP 200, 201, 203, 204, 205, 380, 401.
- Grade of "B" in curriculum courses.

Concentration requirements: 34-40 additional credit hours to fulfill a concentration area, as follows

Mild/Moderate Intervention Specialist (34 hours required) – take EDSP 360, 362, 363, 364, 365, 367, 374, 400; and 3 hours of a literature course selected from EDCHE 320, 324 or 326.

Moderate/Intensive Intervention Specialist (34 hours required) – take EDSP 367, 370, 372, 373, 374, 376, 389, 402; and 3 hours of a literature course selected from EDCHE 320, 324 or 326.

Early Childhood Intervention Specialist (40 hours required) – take EDSP 364, 365, 372, 376, 381, 389, 391, 392, 393, 394, 396, 397, 398, 402; and EDCHE 324.
- A 2.750 cumulative average must be attained in all the education courses for recommendation for teacher licensure.

B.S. Special Education
-with Concentration in Mild/Moderate Intervention Specialist (Four Year Guideline)

This block serves as a guideline only. Must see your academic advisor for guidance, changes & updates.

PRAXIS TESTS: 0521, 0353, HQT 0200

Scheduling Notes:
- The E/RS Focus Elective is required, must receive approval for this course requirement from academic advisor.
- A minimum of 126 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.

**MASTER OF EDUCATION Degree in SPECIAL EDUCATION**

The Special Education graduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree or licensure program with competencies in student centered learning/development interventions. Students must possess a bachelor's degree and must meet the Department of Education requirements for admission. Student must consult with the Director of Special Education for program advising.

**Graduate Level Licensure Areas for Special Education**

Intervention Specialist License: Mild/Moderate, Moderate/Intensive, Early Childhood, Gifted/Talented
Endorsements: Early Education of the Handicapped, Gifted Talented, Transition to Work.

**Requirements for the M.Ed. in Special Education**

The following coursework is required for the Master degree in Special Education and meets the State of Ohio standards for licensure for Intervention Specialist.

***MEd Core Requirements (12 credit hours)***
- EDFD 500 History & Philosophy of Education in US  
- EDFD 501 Philosophy of Education  
- EDFD 502 History of American Education  
- EDFD 503 Advanced Educational Psychology  
- EDFD 510 Advanced Human Dev & Learning  
- EDFD 505 Educational Administration  
- EDFD 507 & 508 Educational Research & Paper  

*Should be completed during the first 18 hours of the program.*
Licensure Reading requirements (18 credit hours) for all areas are:

**Reading Core**
- EDRE 569 Phonics & the Foundations of Literacy .......................... 3
- EDRE 671 Content Area Literacy ................................................... 3
- EDRE 512 Reading Methods for Early Childhood
  Or EDRE 514 Reading Methods for Middle Childhood ............ 3
- EDSP 504 Reading Asmt & Strat for Lang Processing Problems ...... 3

**Prerequisite Courses for Mild/Moderate, Moderate/Intensive, Early Childhood Intervention Specialists, and Gifted & Talented***
- EDFD 251 Instructional Technology .................................................. 3
- EDSP 505 Foundation in ECSPED ..................................................... 3
- EDSP 500 Identification and Issues .................................................. 3
- EDSP 503* Sp Ed: Comm & Collaboration ......................................... 3

**Comprehensive Exam Requirement**
Finally, a student’s Master Of Education degree will be awarded only to candidates who have passed an extensive written examination covering the four general survey courses. Should the student fail the comprehensive exam, it may be repeated only once.

**Note:** The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required PRAXIS tests of the State Department of Education for each specific license.
BACHELOR OF SCIENCE Degree in TEACHING LIFE SCIENCES

Requirements for the Teaching Life Sciences Major

Undergraduate core curriculum requirements*: 64 credit hours, including
- Mathematics: MATH 150 and 156.
- Social sciences requirement completed within the professional courses.
- Science requirement included within the major.

* The University core curriculum must be fulfilled to meet State of Ohio regulations in general education for teacher licensure.

Major Requirements:
- 31 hours of education courses: EDMS 131, 332, 350, 411, 470; EDRE 471; EDFD 110; EDSP 200, 380.
- 32 hours of biology courses: BIOL 160, 161, 162, 163, 210, 211, 230, 250, 251, 410, 411, 450, 451, and four hours of biology electives (BIOL 222, 244, 350, 351, 352, 353, 360).
- 8 hours of chemistry courses: CHEM 160, 161, 162, 163.
- A 2.500 overall cumulative average must be attained; a 2.700 GPA must also be attained in education courses and in each area of certification.

The program meets the State of Ohio licensure requirements for Grades 7-12.

This program meets the State of Ohio licensure requirements for Grades 7 through 12.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- A minimum of 120 credit hours is required for the degree.
- Required: 2.500 overall GPA; 2.700 GPA in education courses; 2.500 GPA in sciences.
** 4 hours from BIOL 360, 222, 240, 244, 350, 351, 352, 353.
BACHELOR OF SCIENCE Degree in TEACHING LIFE SCIENCES AND CHEMISTRY

Requirements for the Teaching Life Sciences and Chemistry Major

Undergraduate core curriculum requirements*: 64 credit hours, including
- Mathematics: MATH 170 and 171
- Social science requirement completed within the professional courses.
- Sciences requirement included within the major.

* The undergraduate core curriculum must be fulfilled to meet State of Ohio regulations in general education for teacher licensure.

Major Requirements:
- 31 hours of education courses: EDMS 131, 332, 350, 441, 470; EDRE 471; EDFD 110; EDSP 200, 380.
- and five semester hours from CHEM 220, 221, 300, 340, 341, 411.
- 24 hours of biology courses: BIOL 160, 161, 162, 210, 211, 230, 250, 251, and four semester hours from BIOL 410, 411, 450, 451.
- A 2.700 cumulative average must be attained; a 2.500 GPA must also be attained in education courses and in each area of licensure.

This program meets the State of Ohio licensure requirements for Grades 7-12.

This program meets the State of Ohio licensure requirements for Grades 7 through 12.

Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective is required, but one of the other core requirements may be selected to fulfill the requirement.
- Required: 2.500 overall GPA; 2.700 GPA in education courses; 2.700 GPA in sciences.
BACHELOR OF SCIENCE Degree in TEACHING LIFE SCIENCES AND PHYSICS

Requirements for the Teaching Life Sciences and Physics Major

Undergraduate core curriculum requirements*: 64 credit hours, including
- Mathematics: MATH 170 and 171.
- Social sciences requirement completed within the professional courses.
- Science requirement included within the major.
* The university core curriculum must be fulfilled to meet State of Ohio regulations in general education for teacher licensure.

Major Requirements:
- 31 hours of education courses: EDMS 131, 332, 350, 411, 470; EDRE 471; EDFD 110; EDSP 200, 380.
- 24 hours of biology courses: BIOL 160, 161, 162, 163, 210, 211, 230, 250, 251,
  and four hours of biology electives: BIOL 410 and 411 or 450 and 451.
- 7 hours of chemistry courses: CHEM 160, 161, 162.
- A 2.700 overall cumulative average must be attained; a 2.500 GPA must also be attained in education courses and in each area of licensure.

The program meets the State of Ohio licensure requirements for Grades 7-12.

EDUCATIONAL LEADERSHIP & HUMAN RESOURCE DEVELOPMENT

The mission of the Department of Educational Leadership and Human Resource Development is the preparation and training of professionals in education and allied fields.

The Department of Educational Leadership and Human Resource Development offers the Master of Education in Administration, the Master of Education in Human Resource Development, and administration/supervision licensure programs for Ohio, Kentucky and other states.

MASTER OF EDUCATION Degree in EDUCATIONAL ADMINISTRATION

The Educational Administration Master of Education degree, a professional degree, is designed to provide the preparation required for principals, administrative specialists, superintendents, and other educational administration positions. Students are encouraged to select Master of Education courses which correspond with the educational administration/supervision licensure they may seek. Licensure program courses and master’s degree courses may be taken in unison or separately. However, a master’s degree is required before the student is eligible to apply with their state for licensure or be accepted into a licensure only program. Educational Administration Licensure/Supervision programs include but are not limited to Principal/All Grade Principal, Specialists, Superintendents, Supervisor of Instruction, Director of Special Education, and Director of Pupil Personnel.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of 47 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). Please contact the Department of Nursing for additional details.

Go to [http://www.xavier.edu/administration-grad/admission.cfm](http://www.xavier.edu/administration-grad/admission.cfm) to reference admission requirements.

Requirements for the M.Ed. in Educational Administration

The core education courses are required for the Masters of Education in Administration and all of the licensure options.

The following serves as a curriculum guide, please see an educational administration advisor.

Core courses (12 credit hours)

EDFD 501 Philosophy of Education (3)  
EDFD 503 Advanced Educational Psychology (3)  
EDFD 505 Educational Administration (3)  
EDFD 507 Educational Research (2) and EDFD 508 Educational Research Paper (1).

Licensure courses (12-18 credit hours)

EDAD 543 Supervision of Instruction (3)  
EDAD 548 Principalship (3)  
EDAD 562 Political Structures and School/Community Relations (3)  
EDAD 563 School Business Affairs and Physical Facilities (3)  
EDAD 564 Administration of Staff Personnel (3)  
EDAD 565 School Law (3)  
EDAD 566 School Finance (3)  
EDAD 570 Planning, Evaluation and Assessment (3)  
EDAD 660 Curriculum Design & teaching Strategies (3)

Elective courses (0-6 credit hours)

Graduate level courses, numbered 500 and above.

The licensure courses (except electives) are required for all licensure options (in addition to the appropriate internship(s)). Any combination of the courses that total 18 semester hours will, when combined with the 12 core hours, equal 30 semester hours and thus qualify the candidate for a MEd in Educational Administration. Of the 18 semester hours, 6 semester hours may be elective credits at 500 level or above. However, elective credits are not applicable for licensure.

Go to [http://www.xavier.edu/administration-grad/Licensure.cfm](http://www.xavier.edu/administration-grad/Licensure.cfm) to reference licensure requirements and details.
Internship(s) are required for licensure. The required internship varies depending on specific licensure sought. Consult with an educational administration advisor for specific licensure requirements.

EDAD 710  Superintendent Seminar (3)
EDAD 771  Internship: Principal I (3)
EDAD 772  Internship: Specialist-Research I (3)
EDAD 773  Internship: Specialist-Staff Personnel I (3)
EDAD 774  Internship: Specialist-Curriculum Instruction I (3)
EDAD 775  Internship: Specialist-Pupil Services I (3)
EDAD 776  Internship: Specialist School/Community Relations (3)
EDAD 777  Internship: Specialist-Vocational Education (3)
EDAD 778  Advanced Administrative Practicum (3)
EDAD 779  Internship: Superintendency I (3)
EDAD 781  Internship: Principal II (3)
EDAD 782  Internship: Specialist-Research II (3)
EDAD 783  Internship: Specialist-Staff Personnel II (3)
EDAD 784  Internship: Specialist-Curriculum Instruction II (3)
EDAD 785  Internship: Specialist-Pupil Services II (3)
EDAD 786  Internship: Specialist School/Community Relations (3)
EDAD 787  Internship: Specialist-Vocational Education (3)
EDAD 789  Internship: Superintendency II (3)

All educational administration students must successfully complete the Master of Education (MEd) Comprehensive Examination upon completion of required coursework to earn the MEd degree.

Additionally, all students seeking Kentucky certification must meet with an advisor to initiate a proposed program contract between Xavier University and the State of Kentucky prior to coursework. Students must submit Kentucky Rank II Teaching Certification from the Education Professional Standards Board, Frankfort, Kentucky indicating master’s degree to an educational administration advisor.

Additionally, the University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific coursework in education. Students must also meet leadership, communication, and character requirements and pass the required PRAXIS tests of the State Department of Education for each specific license.

Summary of Steps for Admission and Continual Progress toward MEd Degree and Licensure

**Step One:** Admission to M.Ed. graduate program
- Apply to the Graduate Services Office, including undergraduate record transcripts
- Take the Miller’s Analogies Test (MAT) – student may take up to 6 credit hours prior to the test
- Declare educational administration as a major

**Step Two:** Complete Program
- Complete 30 semester credit hours, including all required courses
- Pass comprehensive exam (exam can be repeated once, if needed)
- Apply for Xavier graduation

**Step Three:** Licensure for Ohio
- For Xavier M.Ed. graduates, complete 15 semester credit hours of additional required coursework. Ohio superintendent licensure requires a total of 57 credit hours. Consult with an advisor for specific requirements.
- Pass PRAXIS exam in educational leadership
- Apply for licensure through the campus Director of Licensure and Certification; and follow university and state procedures for licensure

Students may contact the Office of Graduate Services at 513-745-3360 for admission materials and the Department of Educational Leadership and Human Resource Development at 513-745-3701 to schedule an appointment with an advisor.
MASTER OF EDUCATION Degree in HUMAN RESOURCE DEVELOPMENT (Executive Program)

Human Resource Development (HRD) is the integrated use of training, organizational development, and career development efforts to improve individual, group, and organizational effectiveness. Xavier's executive human resource development program is designed to develop ethical, competent professional leaders who can perform effectively in critical HRD roles, such as administrator of HRD programs, training manager or director, instructor, facilitator, trainer, management development specialist, organization change agent, program designer, or individual career development advisor.

Designed with working adults in mind, this program can offer you the chance to:

--Enhance your skills and knowledge as an HRD practitioner and obtain a graduate degree.
--Begin a new career in training, organization or career development.
--Work in business, industry, private, non-profit or public organizations as an internal or external HRD consultant.

The Xavier HRD program is offered in an executive format as a 21-month program. Students attend classes on the Xavier campus 24 weekends (Friday night, all day Saturday, and Sunday mornings) and during that time, approximately 1 weekend per month. A unique feature of this program is that it employs an executive approach to graduate study: Students enter with a group of students with whom they remain throughout their program of study. Due to the comprehensive and consecutive sequence of courses, no transfer credits will be accepted from other programs. There is no final thesis or comprehensive exam required for the program. Students will be admitted only once per year in the early spring for a cohort class which will begin in the following fall. Early application to the program is recommended.

Go to http://www.xavier.edu/hrd/Admission.cfm to reference the admission requirements.

Requirements for the M.Ed. in HRD

The degree requires 30 semester hours. The 21-month program begins in August of each year. The courses are sequential and held on the weekends. There is no final thesis or final comprehensive exam required, and there are no course prerequisites.

The typical course sequence per each semester is as follows:

Fall #1 (9 credit hours) – Take EDHR 605 Developing the Adult Learner (3 hours)
EDHR 606 Behaving in Organizations (3 hours)
EDHR 607 Consulting for Organizational Effectiveness (3 hours)

Spring #1 (6 credit hours) – Take EDHR 608 Advising for Career Development (2 hours)
EDHR 609 Assessing and Evaluating HRD Programs (3 hours)
EDHR 616 Technology in HRD (1 hour)

Summer #1 (3 credit hours) – Take EDHR 610 Designing HRD Program (3 hours)

Fall #2 (6 credit hours) – Take EDHR 614 Applying and Designing HRD Research (3 hours)
EDHR 612 Facilitating HRD Programs (3 hours)

Spring #2 (6 credit hours) – Take EDHR 613 Managing HRD Programs (3 hours)
EDHR 615 Trends and Issues in HRD (2 hours)
EDHR 611 Developing HRD Programs (1 hour)

May of year #2 is graduation.

SCHOOL and COMMUNITY COUNSELING DEPARTMENT

The Department of School and Community Counseling offers the Master of Arts in Community Counseling and the Master of Arts in School Counseling. Community Counseling meets the educational requirements for licensure as a professional clinical counselor, while School Counseling is a professional degree designed to meet the educational requirements for licensure as a school counselor. Degree and licensure offerings are designed to meet the academic preparation standards required by the Ohio Department of Education or the Ohio Counselor, Social Worker, and Marriage and Family Therapist Board. Both programs are fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Go to [http://www.xavier.edu/education/counseling.cfm](http://www.xavier.edu/education/counseling.cfm) to reference more information and admission requirements.

MASTER OF ARTS Degree in School Counseling

The Master of Arts degree with a concentration in School Counseling is a professional degree designed to meet the educational requirements for licensure as a school counselor. Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling in the school setting and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, and professional issues.

The program is designed to meet specifications of State of Ohio course requirements for school counselor in grades K-12 as well as the requirements for school counselor in the States of Kentucky and Indiana. Further, the M.A. in School Counseling is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Requirements for the M.A. in School Counseling

48 total credit hours are required. The sequence of courses is arranged in four groups. Students should complete most of each group before proceeding to the next group.

**Group I** (20 credit hours):

- EDCO 501 Lifespan Development .............................................................. 3
- EDCO 533 Counseling Theories & Techniques ......................................... 3
- EDCO 536 Group Process ........................................................................... 3
- EDCO 537 Intro to School Counseling ....................................................... 3
- EDCO 579 Psychological & Achievement Tests ...................................... 2
- EDCO 636 Career Counseling ................................................................. 3
- EDAD 660 Curriculum Design & Teaching Strategies .............................. 3

**Group II** (8 credit hours):

- EDCO 509 Counseling Research Methods .................................................. 2
- EDCO 631 Counseling Issues & Ethics ....................................................... 2
- EDCO 638 Cross Cultural Counseling ......................................................... 2
- EDCO 640 Family Relations ........................................................................ 2

**Group III** (7 credit hours):

- EDCO 669 Counseling Practicum I ............................................................. 3
- Electives ........................................................................................................ 4

**Group IV** (13 credit hours):

- EDCO 642 Consultation & Supervision .......................................................... 3
- EDSP 500 Special Education: Identification & Issues .................................. 3
  (Note: Students with training in Special Education should consult the department chair prior to enrolling in this course.)
- EDCO 773 Counseling Practicum II ............................................................. 3
- EDCO 670 School Counseling Internship (600 clock hours) ............... 4
MASTER OF ARTS Degree in Community Counseling
The Master of Arts degree with a concentration in Community Counseling is a professional degree designed to meet the academic requirements for the Ohio Professional Counselor (PC) license. The Program is also accredited by the Council for Accreditation of Counseling and Related Educational programs (CACREP). Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, professional and clinical issues.

Requirements for M.A. in Community Counseling
60 total credit hours are required. The sequence of courses is arranged in five groups.

Students should complete most of each group before proceeding to the next group.

**Group I (12 credit hours):**
- EDCO 501 Lifespan Development .............................................................. 3
- EDCO 533 Counseling Theories & Techniques ......................................... 3
- EDCO 536 Group Process ........................................................................... 3
- EDCO 636 Career Counseling ..................................................................... 3

**Group II (8 credit hours):**
- EDCO 631 Counseling Issues & Ethics ....................................................... 2
- EDCO 640 Family Relations ........................................................................ 2
- EDCO 579 Psychological & Achievement Testing .................................. 2
- EDCO 630 Intro to Community Counseling .............................................. 2

**Group III (9 credit hours):**
- EDCO 509 Counseling Research Methods .................................................. 2
- EDCO 669 Counseling Practicum I ............................................................ 3
- EDCO 638 Cross Cultural Counseling ........................................................ 2
- EDCO 765 Crisis Counseling ...................................................................... 2

**Group IV (11 credit hours):**
- EDCO 773 Counseling Practicum II ........................................................... 3
- EDCO 642 Consultation & Supervision ..................................................... 3
- EDCO 764 Counseling & Psychotherapy .................................................. 3
- Electives ....................................................................................................... 2

**Group V (20 credit hours):** This is the Clinical sequence which should follow the completion of Groups I-IV.
- EDCO 671 Counseling Internship (600 clock hours) ................................ 4
- EDCO 760 Personality & Abnormal Behavior ......................................... 3
- EDCO 761 App. of Personality Theories to Clinical Populations .......... 3
- EDCO 762 Intellectual & Personality Assessment ..................................... 4
- EDCO 763 Diagnosis of Psychopathology ............................................... 3
- EDCO 766 Intervention Skills for the Severly Mentally Disabled ........ 3

XAVIER CENTER FOR CATHOLIC EDUCATION

Xavier University is committed to engaging students intellectually, morally, and spiritually – with rigor and compassion – toward lives of solidarity, service, and success. This is Xavier’s Catholic and Jesuit identity and heritage. The Xavier University Center for Catholic Education (XUCCE) is one way that Xavier specifically promotes its identity and heritage by assisting Catholic schools in the transmission of the faith and the development of Catholic education.

Xavier University, in collaboration with the Archdiocese of Cincinnati Catholic Schools Office, has already developed a most successful pilot program, the Initiative for Catholic Schools, whose professional development programs for Catholic teachers and whose partnerships with neighboring Catholic schools have helped to develop challenging mathematics, science, and technology curricula for participating schools.

The Center’s Goals
- To promote academic achievement and faith formation and to support research and assessment of the effectiveness of Catholic Schools.
- To provide further professional development already exemplified in the Initiative for Catholic Schools by collaborations with other schools and in other subject areas.
- To assist Catholic Schools in meeting and exceeding licensure requirements for teachers and administrators.
- To provide resources and support in the areas of teacher development, strategic planning, marketing and public relations, financial management, enrollment management, buildings and grounds management, and leadership.

XAVIER CENTER FOR EXCELLENCE IN EDUCATION

The mission of the Xavier Center for Excellence in Education (XCEED) is to prepare educators who are qualified and committed to providing an outstanding education for their students. Programs emphasize the integration of technology into teaching. This is accomplished through embracing multiple teaching methodologies including constructivism, cooperative learning, and other strategies.

XCEED opened its doors in August 1998. The Center houses facilities for general coursework including mathematics methods, science methods and instructional technology. XCEED offers outstanding professional development programs for in-service educators.

Xavier University has a long history of providing professional development for teachers. XCEED plans, develops, and implements courses and curriculum for teaching all subjects. The Center works collaboratively with local school districts in Southwest Ohio and Northern Kentucky to meet the needs of teachers and students.
WILLIAMS COLLEGE OF BUSINESS

The mission of the Williams College of Business is to educate students of business enabling them to improve organizations and society, consistent with the Jesuit tradition.

The Williams College of Business is accredited by the Association to Advance Collegiate Schools of Business International (AACSB International).

Degrees, Programs and Block Schedules

The Bachelor of Science in Business Administration (BSBA) is offered with 9 different majors, at the undergraduate level.

Offered at the graduate level are a Master of Business Administration (MBA) degree with 6 different concentrations and an Executive MBA program.

Also offered at the undergraduate level are an Associate of Business Administration degree, a Certificate in Pre-MBA Studies, a Certificate in Information Technology, a minor in Business, a minor in Advanced Technology, a minor in Economics, a minor in Entrepreneurship, a minor in Information Technology, a minor in International Business, and a minor in Strategic Human Resource Management.

Students in the Williams College of Business also have the opportunity to participate in an Internship Program and/or study abroad.

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION DEGREE (B.S.B.A.)

The Bachelor of Science in Business Administration (BSBA) is offered in the following 9 majors:

The BSBA degree program provides the student with broad preparation in the field of business administration together with an intensive study in the chosen major. Additionally, the degree integrates the concept of a liberal education, since the student in the Williams College of Business also fulfills the University core curriculum. At least half of the business courses required for a BSBA must be taken at Xavier.

The BSBA degree program consists of:

Undergraduate core curriculum: 64 hours, including
- Mathematics: MATH 150 (or 170) Calculus, and STAT 210 Statistics for Business I
- Social sciences: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business Core Requirements: 42 hours. A 2.000 grade point average must be attained in the business core which includes ECON 200 & 201. And at least half of the 42 total credit hours must be taken at Xavier.

(Fulfills Cultural Diversity requirement)

Major Requirements:
- 18-21 hours are required. See following pages for specific major requirements.
- at least half of the credit hours must be taken at Xavier.
- a minimum 2.000 GPA must be achieved for the courses taken within the major.
- Complete the Business Profession seminars: BUAD 101-102, 201-202, 301-302, 401-402.

Electives:
- 3 hours of business courses. (i.e. 300-499 numbered courses in business, beyond the Business Core and the Major courses).
- 3 hours general electives (except for majors that require 21 hours).

NOTE: Business course credit received ten or more years ago will not be accepted as transfer credit or readmit credit toward current requirements.

The Pre-Business Core is designed to ensure students have the quantitative skills necessary to be successful in the upper- and major-level courses in business. Undergraduate students are eligible to declare business-undecided or any specific business major at any time. However, students will be coded as “provisional status” until they have completed the Business Pre-Core requirements. Once students have completed the Pre-Business Core, the “provisional status” will be lifted and students may proceed to take major-level courses in their intended field of study.

Regardless of “provisional status”, all business students will have access to faculty advisors in their major; they will be encouraged to follow the block scheduled sequence of classes; they will be invited to club activities and will participate in all career development activities provided by the college.

Pre-Business Core Requirements: 16-17 total credit hours, as follows:
- INFO 120 Business Technology Skills (1 credit hour)
- ACCT 200 Introductory Financial Accounting (3 credit hours)
- ECON 200 Microeconomic Principles (3 credit hours)
- MATH 150 or 170 Elements of Calculus or Calculus I (3-4 credit hours)
- STAT 210 Statistics for Business I (3 credit hours)
- STAT 211 Statistics for Business II (3 credit hours)
- achieve a 2.500 combined grade point average in these courses
- earn a minimum of 30 credit hours toward degree requirements
- achieve an overall cumulative grade point average of 2.500
THE BUSINESS PROFESSION

The Business Profession is a non-credit program for business students at Xavier. The program provides students with career education and professional training to help them more smoothly transition into their business career. The program is required for all business students and supplements their academic studies.

Business students will attend workshops and events each semester on topics such as career assessment and selection, resume writing, interviewing, time management, professional etiquette, networking and others. Students will also have the opportunity to meet with business executives to discuss their career goals.

INTERNSHIP PROGRAM

The Williams College of Business offers Internship opportunities to qualified students. Cooperative Education is a structured educational program which integrates classroom learning and practical experience. Work experiences relate to students’ majors and allow them to develop their professional as well as academic skills. Internship opportunities are employer paid and involve faculty participation and evaluation. Students registered for any Internship class will be considered full-time status.

Interested students should contact the Internship director, WCB Office, 3800 Victory Parkway, Cincinnati, Ohio 45207-3230, 513 745-4869, for further details or to apply for the program.

Internship eligibility requirements:
- Have 55 or more earned credit hours; junior status.*
- Have a minimum overall GPA of 2.750 with no repeated course in the major below a "C".*
- Have a formally declared business major or minor.
- Have successfully completed MGMT 301, Managerial Communications, with a "C" or better or have attended the WCB Business Professions Program's "Resume Workshop" and "Interviewing Workshop."

* May be waived in certain circumstances, consult the internship director.

BUSINESS SCHOLARS & UNIVERSITY SCHOLARS PROGRAM

Business students in the University Scholars program may also elect to participate in the Business Scholars Program. The program provides advanced coursework in economics, finance, management and business law.

Like the University Scholars program, students take specific classes - designated as "honors" sections-in the business curriculum. The classes fulfill classes required of all business majors. Honors courses are smaller in size and focus more attention on in-depth analysis, critical thinking, discussion and writing. Business scholars follow the same curriculum guidelines as all other University Scholars.

Beyond that, business scholars must take four business courses at honors level. Many of the business honors sections will also serve as Honors Seminars, another requirement in the University Scholars program.

Requirements for Business Scholars Program

Students must complete all University Scholars requirements, plus:
1. Micro- or Macroeconomic Principles (ECON 200 and/or ECON 201) at honors level.
2. Managerial Behavior (MGMT 300) at honors level (seminar course).
3. Business Finance (FINC 300) at honors level (seminar course).
4. Legal Environment (BLAW 300) at honors level (seminar course and E/RS Focus Elective).

### Scheduling Notes:
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog or website.
- Scholars must take one history course at honors level. Scholars must also take either ECON 200 or ECON 201 at honors level. Beyond THEO 111 and PHIL 100, scholars must also take one course in either area at honors level.
- Students must complete a studio or performance course for the fine arts elective.
- SHRM 200 fulfills the Cultural Diversity Elective. (Business scholars need not take an additional E Pluribus Unum course).
- Possible Seminar Elective. Students must complete a minimum of three seminars.

**Xavier University 2009-2010 Catalog 224**
ASSOCIATE OF BUSINESS ADMINISTRATION DEGREE (ABA)

The Associate of Business Administration Degree in General Business requires 65 semester hours. The student must complete at least 30 hours at Xavier University, including at least 15 hours of required business courses. The program is divided between general University core requirements and business courses. This associate degree is intended as a stepping stone toward the bachelor's degree.

(fulfills Cultural Diversity Elective)

- a 2.000 cumulative average must be attained in these business courses.

CERTIFICATE IN PRE-MBA STUDIES

This certificate program satisfies the foundation courses required for the Xavier evening and weekend M.B.A. programs. It is designed for the non-business student or for the returning student who already has completed a bachelor’s degree. Upon admission to the MBA program, the pre-MBA will count for the waiver of the 500 level foundation courses provided the courses were completed within the previous five years and a grade of "B" or above was attained in each course.

Requirements for Certificate in Pre-MBA Studies

Certificate is 30 hours. Required courses include ACCT 200, ACCT 201, ECON 200, ECON 201, ECON 300, FINC 300, MGMT 300, MKTG 300, STAT 210, and STAT 211. A grade of "B" must be attained in these courses and they must be less than five years old for M.B.A. foundation course waiver. At least half of the credit hours must be taken at Xavier.

CERTIFICATE IN INFORMATION TECHNOLOGY (IT)

The Department of Management Information Systems offers the Certificate in Information Technology. This certificate program is designed for students who are not pursuing an undergraduate degree or have already completed an associate or bachelor degree, but wish to continue their education in information systems. It is identical to the Minor in Information Technology.

Requirements: 15 total credit hours, as follows:

- 6 hours from two required courses: Take INFO 200 (or its equivalent) and INFO 358
- 9 hours from elective information systems courses: Select from INFO 250-499.
- a 2.000 cumulative average must be attained in these courses.
- at least half of these credit hours must be taken at Xavier.
MASTER OF BUSINESS ADMINISTRATION DEGREE (MBA)
The Master of Business Administration Program at Xavier University is designed to meet the educational needs of potential and practicing executives. Xavier’s MBA program offers a realistic approach to education, utilizing a balanced presentation of relevant theory combined with practical case study. A Xavier MBA is an experience in participative learning: case analyses, lectures, group projects, and technology inclusive assignments and simulations. Faculty expertise, cutting edge curriculum, and exemplary methods of instruction enable Xavier MBA students to acquire the disciplines and skills of business. Students develop problem-solving and decision-making abilities and the capacity for continued learning, strategic decision making, and comprehensive corporate stewardship and leadership.

The Xavier MBA program is accredited by The Association to Advance Collegiate Schools of Business (AACSB.edu), an accreditation held by only one-third of the existing MBA programs globally.

MBA program applicants must take the Graduate Management Admission Test (GMAT) prior to admission. Test information may be obtained from Xavier’s MBA Office or on-line at WWW.MBA.COM. Persons holding a doctoral degree may be exempt from the GMAT. Information regarding the MBA program may be obtained from the MBA Office at 513 745-3525 or email XUMBA@XAVIER.EDU.

It is the responsibility of the graduate student to become informed concerning all required regulations and procedures. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority. MBA students must abide by all regulations contained in the MBA Academic Standards and take M.B.A. Ethics Policy.

Xavier participates in a unique partnership with a number of other AACSB accredited Jesuit universities’ MBA programs. Most are located in major metropolitan areas. Under the terms of the partnership, each institution works to accept the majority of the coursework completed toward an MBA degree at another participating institution. However, the ultimate decision on course transfer lies with the degree granting institution. Each course transferring must carry a grade of "B" or better. The MBA is awarded by the institution where more than half of the core degree requirements were completed. From all other AACSB MBA programs institutions, a maximum of six semester hours of transfer credit for upper level and elective courses may be accepted toward the MBA degree. All transferred coursework must be approved by the Senior Executive Director or the Dean of the Graduate School of Business and carry a grade of "B" or better. Graduate courses already applied towards a degree may not be used again for credit toward another graduate degree. The grade and quality points for credits transferred from another institution are not included in a student's point average.

Participating institutions include the following:
Boston College, Boston MA
Canisius College, Buffalo, NY
Creighton University, Omaha NE
Fairfield University, Fairfield CT
Fordham University, New York, NY
Gonzaga University, Spokane, WA
John Carroll University, Cleveland OH
Loyola College in Maryland, Baltimore MD
Loyola Marymount Univ., Los Angeles CA
Loyola University Chicago, Chicago IL
Loyola Univ. New Orleans, New Orleans LA
Marquette University, Milwaukee WI
Rockhurst University, Kansas City MO
Santa Clara University, Santa Clara CA
Seattle University, Seattle WA
St. Joseph University, Philadelphia PA
St. Louis University, St. Louis MO
University of Dayton, Dayton OH *
University of Detroit Mercy, Detroit MI
University of Portland, Portland OR *
University of San Diego, San Diego CA *
Univ. of San Francisco, San Francisco CA
University of Scranton, Scranton PA

MBA degree requirements
The Master of Business Administration requires a minimum of 36 credit hours with a GPA of at least 3.000. Foundation Skills (500-level) courses do not count toward the 36-hour minimum.

Foundation Skills (20 semester hours). These courses can be waived or tested out.

Some or all of these courses may be waived depending upon the student's previous academic credentials provided the prior academic coursework is less than five years old and has a grade of "B" or higher. The majority of these courses must be completed before beginning the Integrated Functions. Majority of Foundation Skills Courses must be taken before next level of courses.
MBA degree requirements (continued)

Integrated Functions (24 semester hours)
These specific topics emphasize the integration of skills applied to complex business decisions.
ACCT 600  Financial Reporting & Analysis ......................... 3  (Pre-req: ACCT 500, 501; FINC 500)
ACCT 601  Strategic Measurement, Eval & Control .... 3  (Pre-req: ECON 500 & 501)
FINC 600  Managerial Finance ........................................ 3  (Pre-req: FINC 501 & ACCT 500 & 501)
INFO 600  Sys of Operations & Tech ................................ 3
BUAD 600  Legal & Ethical Reg Environment .................... 3
MGMT 600  Managing Design & Change ................................ 3  (Pre-req: MGMT 500)
MGMT 601  Operational Analysis ................................... 3  (Pre-req: MGMT 500)
MGMT 602  Organizational Strategy ...................... 3  (Pre-req: MGMT 500)

Matrix Course: (3 semester hours)  Pre-requisite: complete all the required M.B.A. courses.
Designed to draw on the cumulative knowledge and experience gained during the M.B.A. experience.
BUAD 690  Corporate Governance .................................. 3
BUAD 691  Global Strategic Thinking ......................... 3
BUAD 692  Service Learning ......................................... 3
BUAD 693  Organizational Business Case .................... 3
NOTE: All other courses except electives must be completed before taking this course.

Elective Areas of Concentration and minimum credit hours required
Finance ..........................................................12
Business Intelligence .......................................... 9
International Business ........................................... 9
Marketing ..................................................12
Business Administration .................................. 9
Management Information Systems ........ 9
Contact the M.B.A. office for further details and developments. Some concentrations have required courses.
Consult with your academic advisor and the Degree Evaluation report that is available on the MyXU portal.

Students may tailor electives in the area(s) of concentration of their choice to provide a broader understanding of the business world or to specialize their degree. All MBA electives, no matter the department, count toward the Business Administration concentration, which is the default concentration for all students. A declaration of concentration must be done in the MBA office.

MBA Plus Concentration
A student with an MBA degree earned from any accredited school may participate in the MBA Plus concentration program earning a certificate in any of the above areas of concentration or take graduate level business courses in line with personal interests.

EXECUTIVE MBA degree program
The Executive MBA Program provides the opportunity for experienced managers and executives to sharpen their managerial skills and broaden their perspectives while maintaining their current positions in their organizations. The ultimate objective of the program is to prepare participants for increasing responsibilities in general management and executive positions. This is accomplished through a learning process which expands their awareness of modern analytical, administrative and decision making methods. This 48 credit hour program is designed to deepen their conceptual understanding of behavioral, technological, and environmental forces which will impact their work and organizations in the years ahead.
The Executive MBA Program offers a faster-paced, learning condensed format, mandatory teams and collaborative learning, limited class size and special events to promote deeper learning experiences. There are networking opportunities. The focus on global business with a required international field study emphasizes immediate applicability of material being discussed.

A program run separately from Xavier's traditional MBA Program, the Executive MBA Program commences once a year in September and runs for 19 months. Classes are concentrated into one day all day per week, alternating between Fridays and Saturdays. A ten day mandatory international trip occurs halfway through the program. Admission is based on significant managerial and corporate leadership, business experience in addition to undergraduate academic records, GMAT scores, and evidence of strong organizational support.

Information regarding the Executive MBA Program may be obtained from the Executive MBA Program Coordinator at 513 745-3412 or XMBA@XAVIER.EDU.
WEEKEND MBA PROGRAM

The Weekend MBA is designed to meet the needs of working professionals who cannot easily attend classes on weekday evenings. The program begins once a year in the fall semester. Morning and afternoon classes are offered on Saturday. Students follow an established curriculum of 12 courses that are offered for six sequential semesters (including summers). The program format makes it possible for students to finish their MBA in two years.

Students participate in a cohort-like program yet only meet for class once a week. All Foundation Skill courses (500 level courses) must be completed to be eligible for admission. For students without the foundation skills, the Pre-MBA Studies program is recommended.

The following is a typical schedule for the Weekend MBA program, with 36 total credit hours required.

DUAL DEGREE PROGRAMS

The MBA participates in two dual degree programs at Xavier University.

1) MBA with Master of Health Services Administration (MHSA)
   In addition to a MBA, a MHSA can be earned by either attending day and evening classes, or as part-time evening students. The course of study is 80 credit hours, plus any required foundation level MBA courses. Students interested in the MBA/MHSA dual degree must apply separately to both programs. For further information on the MHSA degree in conjunction with the MBA, contact the MHSA department at 513-745-1912 or xUMHASA@XAVIER.EDU.

2) MBA with Master of Science in Nursing (MSN)
   The MBA/MSN dual degree option allows students to receive both degrees by attending courses in the evening. The course of study is 56 credit hours plus any required foundation level MBA courses. Students interested in this option should contact the Department of Nursing at 513-745-4392 or xUGRAD@XAVIER.EDU.

The MBA at G.E., DEERFIELD & WEST CHESTER

The Xavier MBA is offered at locations off the main campus. Currently, one takes place at General Electric Aircraft Engine in Evendale, Ohio. It is open only to employees and contractors of General Electric. Classes are presented by Xavier MBA faculty at G.E. Aircraft Engine, thereby minimizing travel of program participants while maximizing the efficiency of time allotted for MBA attainment. The program ensures a consistent teaching approach and learning experience for all participants, a feature which contributes to internal team-building and shared vision among an organization's key management and professional personnel. The program is accelerated and meets a cohort format two days a week for 22 months. It begins in July. The other programs are located in Deerfield Township and West Chester. They are a 22 month accelerated cohort format. These programs are open to students from any corporation. The West Chester program begins in late July. The Deerfield program begins in January. The entire MBA curriculum as well as books are provided on location to students. The program provides an intensive learning experience for all. Information regarding these M.B.A. options may be obtained from the Coordinator at 513-745-2936 or xUMBA@XAVIER.EDU.

ACCOUNTING – B.S.B.A. degree

The Department of Accountancy offers the Bachelor of Science in Business Administration degree in Accounting. Also, it offers a Professional Accountancy Program to meet the law that is in effect in most states, including Ohio, that requires candidates to complete 150 semester credit hours of college coursework prior to sitting for the CPA examination.

The BSBA in Accounting is a four-year program that may be a terminal degree for students not interested in pursuing the CPA certificate, as well as a step toward fulfilling the 150-hour requirement for CPA candidates. An elective Internship experience is available to either student category.

Requirements for the BSBA Accounting Major

Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business core requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 22 total credit hours required, as follows:
- 22 hours of specific accounting courses above the business core: Take ACCT 300, 301, 311, 321, 421, 431, 495.
- a 2.000 average must be attained in these accounting major courses.

- Ethical issues and professional responsibilities of accountants are integrated throughout these courses.
- Any course taken at another institution must be from an AACSB accredited business school and approved by the department.

Electives:
- 3 hours of business electives.

THE PROFESSIONAL ACCOUNTANCY PROGRAM

This is a five-year program, which many students complete in less than five years, that enables a student to earn a BSBA in Accounting and an MBA while satisfying the 150-hour requirement for the CPA exam. Students are allowed to seek admission to the MBA program when they have one year remaining to complete their BSBA in Accounting. Those accepted may begin taking a limited number of graduate courses while completing their undergraduate degree. They also may use three credit hours of undergraduate electives for MBA courses and obtain a waiver for ACCT 501 provided ACCT 321 was completed with at least a “B.” (NOTE: The 150 hour requirement may also be satisfied by a double undergraduate major, such as, Accounting and Information Systems, or Accounting and Finance. This approach requires a student to take an additional three credit hour Accounting elective to meet the 30 credit hours of Accounting courses required under law in the State of Ohio.)

Requirements:
- Same as the requirements for BSBA in Accounting except for 3 hours of business electives that may be used for MBA business skills courses.
- Same as requirements for all MBA students except for waiver of ACCT 501.
- Nine credit hours of graduate electives which may include one or more courses in Accounting/Taxation, beyond ACCT 602.

B.S.B.A. Accounting

This block serves as a guideline for progress toward a degree. Note that the following schedule should only be followed by a student who does not plan to complete the requirements to sit for the CPA exam. See your academic advisor.

ECONOMICS – B.S.B.A. degree

The Department of Economics offers the Bachelor of Science in Business Administration degree in Economics. The Department also offers a Bachelor of Arts in Economics degree through the College of Arts & Sciences.

The Bachelor of Science in Business Administration in Economics provides the student with an understanding of economic issues pertaining to individual firms, industries, and the overall economy. The study of economics emphasizes both analytic reasoning and a thorough knowledge of economic institutions. Economics majors, supported by the knowledge of functional tools acquired in the business core, analyze such topics as inflation, unemployment, international trade, financial markets, and governmental economic activity. The program has proven useful to people who have moved into positions in many of the functional areas of business. It is also excellent training for graduate study in business, in law, and in economics itself.

Requirements for the Economics Major

Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business core requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 18 total credit hours required, as follows:
- 18 hours of economics courses above the business core: ECON 305, 306, 12 hours of economics electives, at least 6 hours of which must be at the 400-level.
- A 2.000 cumulative average must be attained in the economics courses.
- Each student must orally present a paper written in a 400-level economics course to a forum established by the department.

Electives:
- 3 hours of business electives.
- 3 hours of general electives.

ENTREPRENEURIAL STUDIES – B.S.B.A. degree

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Entrepreneurial Studies.

Xavier’s undergraduate major in Entrepreneurial Studies is designed to help prepare students to seek opportunities, act resourcefully, think creatively, and lead ethically to make a difference in their organizations and the world, our majors will learn to:

1. Provide progressive leadership for existing family businesses,
2. Start their own businesses, and/or
3. Pursue careers in creating and managing innovation and leading entrepreneurship in non-profits and small to large organizations in this global market economy.

The strength of our free enterprise economy depends heavily on an entrepreneurial mindset in those individuals who identify new product or service opportunities, develop workable plans for capitalizing on those opportunities, and assume personal risk and take the initiative in creating and then managing the new or expanded enterprises which those plans make possible.

Requirements for a Major in Entrepreneurial Studies

Since successful entrepreneurs and those with an entrepreneurial mindset need to have an integrative and interdisciplin ary set of skills, the Entrepreneurial Studies major is interdisciplinary in nature, providing advanced course work in all business functions, specialized course work in creativity and innovation, business planning and a field experience, and a required entrepreneurial work internship.

Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business Core Requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 18 total credit hours required, as follows:
- 12 hours specifically required: ENTR 305, ENTR 311, ENTR 303 (or 403), and MGMT 495.
- 3 hours as Marketing elective: Choose either MKTG 302, MKTG 345 or MKTG 361.
- 3 hours as a major elective: Select from a list of approved courses in FINC, INFO, MGMT, MKTG or SHRM.
- a 2.000 cumulative average must be attained in these courses of the major.

Electives:
- 3 hours of business electives.
- 3 hours of general electives.

All students declaring a major in Entrepreneurial Studies must consult the Director of the Xavier Entrepreneurial Center at the time they declare.

Please note that double majors (students majoring in another business discipline beside ENTR) should take electives only with the approval of the department since double-counting of courses is not permitted.

FINANCE – B.S.B.A. degree
The Department of Finance offers the Bachelor of Science in Business Administration in Finance.

This degree program develops an appreciation of financial management and financial operation. Everyone majoring in Finance must take courses designed to acquaint him or her with the various financial records of the firm, the character and appraisal of corporate securities, and the financial techniques applicable to the various phases of the discipline. In addition, the student may choose elective subjects.

Requirements for the Finance Major
Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles
Business Core Requirements: 42 hours (includes ECON 200 & 201)
Major Requirements: 18 total credit hours required, as follows:
- 12 hours of required finance courses: take FINC 365, 401, 485 and 495 (or 490).
- 3 hours from an accounting elective: choose either ACCT 301 or FINC 350.
- 3 hours from a finance major elective: select from FINC 301-499.
- a 2.000 average must be attained in these courses of the major.
Electives:
- 3 hours of business electives.
- 3 hours of general electives.

INFORMATION SYSTEMS – B.S.B.A. degree
The Department of Management Information Systems offers the Bachelor of Science in Business Administration degree in Information Systems.

The objectives of the Information Systems program are to facilitate good management by:
1. Providing specialized professional training in information systems principles and techniques.
2. Stimulating the application of sound information systems to the wide range of business activities.
3. Aiding in the development of the student’s intellect, communication skills, and analytic ability to prepare for the dynamic field of computer-information systems.

This degree is designed for individuals who aspire to a career as an analyst, or information systems manager or programmer. The major is conducive to a double major or as a minor to another major in the University since technology is critical to any profit or non-profit business.

Requirements for the Information Systems Major
Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business Core Requirements: 42 hours (includes ECON 200 & 201)
Major Requirements: 21 total credit hours required, as follows:
- 15 hours of information systems courses: take INFO 360, 357, 358, 450, 495.
- 3 hours: choose either INFO 362 or INFO 368.
- 3 hours of major elective: select from INFO 304-499 (excluding INFO 403).
- 2.0 average must be attained in the information systems courses.

Electives:
- 3 hours of business electives (preferably an Internship via ENTR 303 or 403).

B.S.B.A. Information Systems

INTernational Business -- B.S.B.A. Degree

The Department of Management and Entrepreneurship offers the degree of Bachelor of Science in Business Administration in International Business. The world is a global marketplace creating great opportunities for careers in business, trade, government and non-government organizations (NGOs) for people with good business and technical skills, as well as cross-cultural and foreign language abilities.

- Living and working in the U.S. for a company that sends you abroad for business travel, or
- Working for a company that sends you abroad to work for a number of years at a time.

The International Business major is an interdisciplinary program that provides you with skills and knowledge to pursue a long-term career in international business. Courses and faculty come from a number of disciplines across the Williams College of Business. Because companies often provide foreign assignments to employees who are trained in their domestic operations, we recommend considering a second major such as marketing, finance, information systems, or accounting; if you can't do that, take a few targeted courses in one discipline.

Requirements for the Major in International Business

Undergraduate core curriculum requirements: 64 hours, including:

- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I

- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

- Foreign/Second Language through the 202 course level (the Intermediate level).

Business core requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 21 total credit hours required, as follows:

- 12 hours of Global Business Skills: Take MKTG 320 International Marketing, MGMT 325 International Management, FINC 476 International Finance; and one of the following:
  - SHRM 325 International Human Resources
  - ECON 450 International Economics

- 3 hours of Global Cultural Knowledge:
  - * A history course — not used to satisfy university core requirements — that addresses the history of a country or region of the world except the U.S.
  - * A modern language course at the 300-400 level in the language used to fulfill the modern language skill requirement of the major.

- 6 hours of Global Cultural Knowledge:
  - * A course in a modern language that is not being used to fulfill the modern language skill requirement of the major.
  - * A modern language course generally at the 300-level or above, may be substituted for the international experience. To pursue this option, see the international business advisor; these cannot also be counted toward the International Cultural Elective.

Students engage in a summer-long or semester-long study-abroad or work abroad in a country other than one's native country. (Two additional courses of foreign language generally at the 300-level or above, may be substituted for the international experience. To pursue this option, see the international business advisor; these cannot also be counted toward the International Cultural Elective.)

To help plan your courses, study-or work-abroad experience, and future career, be sure to meet with one of the international business advisors.

MANAGEMENT – B.S.B.A. degree

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Management.

The department offers a complete package of an integrated skill set for future managers and leaders to improve organizations and society. Our curricular objectives include: rapid, continual immersion into business practice; engaging rigorous and applied educational experience; transition into fulfilling careers; and lifelong learning and leadership. Our majors:

1. Learn the language of Management and Entrepreneurship used in the business world.
2. Are given an understanding for the significance of variation in human behavior in organizations.
3. Develop self-awareness, along with capabilities in problem solving, decision making, creativity, and communication.
4. Receive preparation for a variety of roles, including leader, entrepreneur, project or functional manager, and supply chain manager.

This degree is designed for individuals who have career aspirations as management trainees, personnel trainees, in business education, who plan to attend law school, or graduate studies in business. Students interested in teaching certification in business should consult with the chair of the Education Department for certification requirements.

Requirements for a Major in Management

Undergraduate core curriculum requirements: 64 hours, including

- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business core requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 18 total credit hours required, as follows:

- 9 hours in specific management courses: Take MGMT 309, 385, and 495.
- 3 hours of general electives.
- 9 hours of major electives: Select from MGMT 310-499, ENTR 311, ENTR 341, MGMT 305 (or ENTR 305).
- A 2.000 cumulative average must be attained in the courses of the major.

Electives:

- 3 hours of business electives, with suggested courses of SHRM 321, SHRM 495, and MGMT 303 or 403 (Internship).
- 3 hours of general electives.

**MARKETING – B.S.B.A. degree**  
The Department of Marketing offers the degree of Bachelor of Science in Business Administration in Marketing.

Marketing is the activity, set of institutions and processes for creating, communicating, delivering and exchanging offerings that have value for customers, clients, partners and society at large. This is accomplished through marketing research, product planning and pricing, promotion, and distribution. The Marketing major develops an understanding of the concepts, functions and institutions of marketing, an appreciation of consumer orientation, and the ability to analyze marketing problems and formulate marketing policies.

This program is particularly relevant to the student planning a career in sales, advertising, consumer relations, merchandising, brand management, marketing management, marketing research, retailing, services, purchasing, business logistics, small business operations, executive management, consulting, business education, or work in certain government agencies.

**Requirements for the Marketing Major**  
Undergraduate core curriculum requirements: 64 hours, including  
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I  
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles  
Business core requirements: 42 hours (includes ECON 200 & 201)  
Major Requirements: 18 total credit hours required (in addition to MKTG 300), as follows:  
- 6 hours of foundations specifically required: Take MKTG 302 and 495.  
- 12 hours of electives required: Select from MKTG 306-494 (except MKTG 403); and INFO 329 can be used.  
- a 2.000 cumulative average must be attained in these marketing courses.  
- the student must earn a grade of "C" or better in MKTG 300 to advance to upper level marketing courses.  
- for MKTG 495, a student must complete 9 hours of Marketing course work (above 300) before taking MKTG 495.  
   Also, ACCT 200 and FINC 300 must be completed.

**Electives:**  
- 3 hours of business electives (business co-op can be included here via MKTG 303 or 403).  
- 3 hours of general electives.

STRATEGIC HUMAN RESOURCE MANAGEMENT -- B.S.B.A. degree

The Department of Management and Entrepreneurship offers the degree of Bachelor of Science in Business Administration in Strategic Human Resource Management.

In today’s increasingly complex business world, there is a need for Human Resources Practitioners or Functional Specialists with well-rounded professional training to be leaders in the ethical and strategically effective employment of people in organizations. Although the primary goal of the program is to provide the professional training necessary for graduates to obtain human resources jobs, the major should be especially appealing to students with broad interests. Reflecting this broad approach, the field of human resources is studied from a strategic approach encompassing a wide range of business areas as well as legal, economic, and political perspectives. The core program provides students the opportunity to take advanced courses that are both theoretical and practical in nature from all the human resources functional areas, including labor law, staffing, compensation, training and development, labor relations, and international human resources; additionally, students take the strategic HRM capstone course that further integrates the material learned in an applied setting.

Outside of the classroom, the HR co-op allows students to expand their knowledge by working one-on-one with HR professionals in the field, earning income and academic credit at the same time.
Requirements for the Strategic Human Resource Management Major

Undergraduate core curriculum requirements: 64 hours, including
- Mathematics: MATH 150 Calculus, and STAT 210 Statistics for Business I
- Social science: ECON 200 Microeconomic Principles, and ECON 201 Macroeconomic Principles

Business Core Requirements: 42 hours (includes ECON 200 & 201)

Major Requirements: 21 total credit hours required, as follows:
- 9 hours required of strategic human resource management courses and the management capstone: SHRM 301, SHRM 490, MGMT 495.
- 6 hours from 2 courses in this group: SHRM 309, SHRM 340, SHRM 345, SHRM 401.
- 6 hours from major electives: select from SHRM 302-490, including Internship.
- A 2.000 cumulative average must be attained in these major courses.

Electives:
- 3 hours of business electives.

B.S.B.A. Strategic Human Resource Management

Xavier University 2009-2010 Catalog 240
Minor in BUSINESS
This minor is available to all undergraduate non-business majors as it provides students with an introduction to business. Students gain exposure to a variety of business disciplines and topics.
20-21 total credit hours are required, as follows:
- 18 hours of specific business courses: take ACCT 200, ECON 200, FINC 300, INFO 200, MKTG 300, MGMT 300.
- 2-3 hours of a business elective course are also required for the minor (All prerequisites for elective courses must be met).
  Courses typically chosen as an elective are: ACCT 201, BLAW 300, ECON 201, ECON 300, MGMT 301, SHRM 200.
- a 2.000 cumulative average must be attained in these courses.
- at least half of these credit hours must be taken at Xavier.

Minor in ADVANCED TECHNOLOGY
The Department of Management Information Systems offers the minor in Advanced Technology. This minor is available to business and non-business undergraduate students.
18 total credit hours are required, as follows:
- 15 hours from specific required courses: Take CSCI 170, INFO 200, INFO 250, INFO 362, INFO 368.
- 3 hours from elective courses: Select from upper division courses in INFO and CSCI.
- a 2.000 cumulative average must be attained in these courses.
- at least half of these credit hours must be taken at Xavier.

Minor in ECONOMICS
The Department of Economics and Human Resources offers the minor in Economics. This minor is available to business and non-business undergraduate students.
15 total credit hours are required, as follows:
- 6 hours of economics: Take ECON 200 and ECON 201
- 3 hours: Choose either ECON 305 or ECON 306.
- 6 hours of upper division electives: Select from ECON 300-499 (except WCB students may not count ECON 300 in the minor).
- a 2.000 cumulative average must be attained in the courses of the minor.
- at least half of these credit hours must be taken at Xavier.

Minor in ENTREPRENEURSHIP
The Department of Management and Entrepreneurship offers the minor in Entrepreneurship. This minor is available to business and non-business undergraduate students.
18 total credit hours are required, as follows:
- 9 hours of required entrepreneurial studies courses: Take ENTR 305, ENTR 311, MGMT 495.
- 6 hours of required business courses: Take ACCT 200 and MKTG 300 (included in the Business Core for WCB students).
- 3 hours of business: Select 1 course from BLAW 300, SHRM 200 or ECON 200 (included in the Business Core for WCB students).
- a 2.000 cumulative average must be attained in the courses of the minor.
- at least half of these credit hours must be taken at Xavier.

Minor in INFORMATION TECHNOLOGY (IT)
The Department of Management Information Systems offers the minor in Information Technology. This minor is available to business and non-business undergraduate students.
15 total credit hours are required, as follows:
- 6 hours from two required courses: Take INFO 200 and INFO 358.
- 9 hours from elective information systems courses: Select from INFO 300-499.
- a 2.000 cumulative average must be attained in these courses.
- at least half of these credit hours must be taken at Xavier.

Minor in INTERNATIONAL BUSINESS
The Department of Management and Entrepreneurship offers the minor in International Business. This minor is available to undergraduate business students, since all the prerequisites must be met. This includes the entire Business Core, including ECON 200, Microeconomic Principles and ECON 201, Macroeconomic Principles.
15 total credit hours are required, as follows:
- 6 hours from two required courses: Take MKTG 320 and FINC 476.
- 6 additional hours of upper division business courses: Select from ECON 341, ECON 450, MGMT 325, and SHRM 325.
- 3 hours of approved electives, including COMM 224, FREN 315, GERM 315, SPAN 306 or courses from HIST & POLI.
- a 2.000 cumulative average must be attained in the courses of the minor.
- at least half of these credit hours must be taken at Xavier.
Minor in STRATEGIC HUMAN RESOURCE MANAGEMENT
The Department of Economics and Human Resources offers the minor in Strategic Human Resources Management. This minor is available to any undergraduate student. In particular, it is designed to give business and non-business majors skills that will enhance their attractiveness to employers upon graduation. Since all managers are people managers, the Strategic HRM minor benefits all future managers. It also provides an opportunity to pursue a business specialty in HR. Strategic HRM concerns the total activity of an organization, business, or firm as these activities relate to the workforce. Such activities include employment law, recruiting and selection, training and development, performance management, compensation and benefits, workplace diversity, and labor relations.

Outside of the classroom, the HR co-op allows students to expand their knowledge by working one-on-one with HR professionals in the field, earning income and academic credit at the same time.

Requirements for the Strategic Human Resource Management Minor
15 total credit hours are required, as follows:
- 6 hours specifically required: take SHRM 301 and SHRM 490.
- 6 hours from 2 courses in this group: choose from SHRM 309, SHRM 340, SHRM 345, SHRM 401.
- 3 hours from electives: select from SHRM 302-490 or as approved by director.
- a 2.000 cumulative average must be attained in the courses of the minor.

WILLIAMS COLLEGE OF BUSINESS CENTERS

Center for Business Ethics & Social Responsibility
The Williams College of Business Center for Business Ethics and Social Responsibility was established in October 2001 for the purpose of increasing the exposure, awareness and appreciation of ethical issues among students, faculty and the local business community. The Center assists faculty in the Williams College of Business in integrating social issues from within and outside businesses into their courses and is a catalyst for addressing ethical issues within the regional business community. The staff is comprised of members of the Xavier University faculty and resource personnel from local, national and international sources.

Xavier Entrepreneurial Center
Through our teaching, research and outreach we develop entrepreneurial leaders who seek opportunities, act resourcefully, think creatively, and lead ethically to make a difference in their organizations and in the world. The staff is comprised of Xavier faculty from WCB and other resource personnel from the local, national, and international venture community.

Every effort has been made to ensure that the content of this Academic Program Bulletin (catalog) is accurate at the time of printing on August 31, 2009, and it serves as the program guide for the 2009-2010 academic year. The University reserves the right to make any changes deemed necessary or appropriate. Changes may be implemented without prior notice and without obligation and, unless specified otherwise, are effective when made. Published by the University Registrar.

Xavier University is an academic community committed to equal opportunity for all persons regardless of age, sex, race, religion, handicap or national origin.
ACCT 200 - Introductory Financial Accounting

A foundation course which provides an introduction to fundamental concepts and to financial statements.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

Identifying, measuring, analyzing, and interpreting accounting data that is used to support managerial decision-making. Pre-requisite: ACCT 200
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 300 - Intermediate Financial Accounting I

Study of financial accounting theory and principles applicable to the accumulation, analysis, measurement, reporting, and interpretation of selected economic events. The first of a two course sequence. Pre-requisite: ACCT 200-minimum grade of "C" ACCT 201-minimum grade of "C"
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 301 - Intermediate Financial Accounting II

The second of a two course sequence focusing on the study of financial accounting theory and principles. Pre-requisite: ACCT 300-minimum grade of "C"
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 303 - Co-Op Education/Accounting: Jr

An elective cooperative experience where students earn academic credit while performing approved accounting-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.750 GPA, Department approval required
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Practicum

Williams College of Business College
Accountancy Department

ACCT 311 - Introduction to Taxation

An introduction to the tax implications of business formation, income and expenses, and distributions for Sole Proprietorships, C-corporations, Partnerships and S-corporations. This course includes compliance, planning, tax research and ethical issues. Pre-requisite: ACCT 200-minimum grade of "C"
4.000 Credit Hours
4.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department
ACCT 312 - Volunteer Income Tax Assistance I
A service learning course that includes additional study of federal and state income tax topics, marketing and administration of tax preparation services, and preparation of federal and state income tax returns for low income and elderly taxpayers. Pre-requisite: ACCT 311 or equivalent with grade of "C" or better
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department
Course Attributes:
Gender & Diversity Studies Min

ACCT 313 - Volunteer Income Tax Assistance II
A service learning course in which individual income tax returns that are prepared through the VITA program will be reviewed, assembled, and delivered to taxpayers. Marketing and administration of the program are additional course requirements. All phases of the course enable the student to enhance his/her knowledge of taxation, administrative skills, and written and oral communication skills while providing a valuable service to low income taxpayers in the community.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab, Lecture
Williams College of Business College
Accountancy Department

ACCT 315 - Nonprofit & Governmental Accounting
This course is designed to introduce students to accounting for nonprofit organizations and state and local governmental (SLG) entities. Students will learn the basics of a nonprofit and SLG business model from a business process prospective and how that applies to financial and managerial accounting principles. Accounting systems and reporting practices used by nonprofit and SLG organizations are also examined. Service learning may also be used in this course and will provide students with an opportunity to work on accounting-related projects that will benefit actual nonprofit organizations.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department

ACCT 321 - Cost Accounting
The study of the process of measuring, interpreting, and communicating information that assists managers in achieving organizational goals. Pre-requisite: ACCT 200-minimum grade of "C" ACCT 201-minimum grade of "C"
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department

ACCT 403 - Co-Op Education/Accounting: Senior
An elective cooperative experience where students earn academic credit while performing approved accounting-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2,750 GPA
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Practicum
Williams College of Business College
Accountancy Department

ACCT 421 - Auditing
Through class participation, study, team assignments, and exposure to cases and practicing audit professionals, the student will experience an in-depth study of the principles and practices of auditing that will enable them to develop the skills necessary to enter the accounting profession with the appropriate knowledge to function in the auditing area. We will study the audit process from the perspectives of: standards, audit planning, ethics, and application of sound judgment in the decision-making process.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department

ACCT 431 - Advanced Financial Accounting
Preparation of consolidated financial statements, accounting for foreign currency transactions, partnership accounting, and advanced financial reporting topics. Pre-requisite: ACCT 301
3.000 Credit Hours
ACCT 495 - Analysis of Accounting Systems

The primary focus of this course is illustration of how technology enables key accounting activities. A business process approach is used to illustrate how information flows through an organization and its affect on information system integration and internal control. Students learn how to document, use, evaluate and analyze enterprise based systems. Pre-requisite: ACCT 301

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 500 - Foundations of Financial Accounting

A foundation course that focuses on the basic concepts, standards, and principles of financial accounting.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 501 - Foundations of Managerial Acct

This course provides an introduction to product and service costing and the use of accounting information to support management decision making, planning, and control. Prerequisite ACCT 500, STAT 500.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 503 - Financial Reporting & Analysis

This course provides and introduction to the concepts of the collection, processing, reporting and analysis of accounting data. Students will be able to read, comprehend and use published financial statements in a variety of decision-making contexts. (This course is only offered in the MBA on-site programs.)

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 600 - Financial Reporting & Analysis

The study of corporate financial accounting, including financial statement presentation, disclosure, and analysis. Prerequisite: ACCT 500

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 601 - Strategic Measure,Eval & Cntrl

This course examines the use of accounting information to enhance value across a supply chain. In addition, the role of accounting information in support of the evaluation of business units and management is considered. Prerequisite: ACCT 501, FINC 500.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Accountancy Department

ACCT 602 - Survey of Taxation

An introductory course which includes an examination of the fundamental concepts of the federal income tax structure and how these concepts affect tax reporting entities such as C-corporations, partnerships, S-corporations, and individuals. Pre-requisite: ACCT 500 or equivalent.

3.000 Credit Hours
3.000 Lecture hours
ACCT 603 - Managerial Accounting for Strategic Measurement & Control
This course provides an introduction to product and service costing and the use of accounting information to enhance value across a supply chain. In addition, the role of accounting information in support of management decision making and the evaluation of business units are considered. (This course is only offered in the MBA on-site programs.)

4.000 Credit Hours
4.000 Lecture hours

ACCT 647 - Tax Research & Practice
Tax research concerning regulations governing CPA's attorneys, statutes of limitations, rules of evidence, etc. Pre-requisite: ACCT 602 or equivalent

3.000 Credit Hours
3.000 Lecture hours

ACCT 648 - Taxation: Gifts, Estates, Trusts
Tax laws of the Federal Gift Tax, Federal Death Tax, valuation of gifts, estates and trusts, family tax planning, and income planning of trusts and estates. Pre-requisite: ACCT 602 or equivalent

Course Attributes:
Fine Arts - Univ Core

ARTS 103 - Painting I
An experience in totality through the language of form and color with the exploration of the material as primary concern using one of the following: oils, acrylics, watercolors and/or mixed media. Pre-requisite: ARTS 102
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 104 - Printmaking I
An introduction to print media in one of the following areas: relief (i.e., collograph, woodcut, linoleum cut), lithography (stone and plate), intaglio, monotype, or screenprinting. Emphasis is on technical mastery alongside content development, edition printing, print suites, conceptual awareness, shop etiquette, and personal growth.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 105 - Three-Dimensional Design
In this studio course, students will learn about the elements and principles of three dimensional design, which will serve as an introduction to the study of three dimensional art forms. Students will be introduced to the basic design elements of form, space, volume, mass, weight, planes and surfaces, line texture, light and color. The design concepts of proportion, scale, balance, movement, rhythm/repetition, emphasis/dominance will also be included. Students will gain a working knowledge of structural patterns of form, linear and planar analysis of form, analysis of implied form, and of manipulative devices applied to form. For Art majors and minors only.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 106 - Fiber Arts I
This course offers an introduction to a variety of fiber techniques during the Fall and Spring semesters. The emphasis is on woven structures while stressing design concepts and aesthetic values. Off-loom fiber experiences include, but are not limited to: exploration of natural materials, coiling, Batik, handmade papermaking, silk paper, felting, painting/designing on textstamping, stenciling, printing from nature, dischage dyeing and quilting. On-loom fiber experiences include, but are not limited to: pattern weaving, tapestry, double weave techniques, painted warp and weft weaving, and dyeing.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 107 - Sculpture I  
This course will introduce students to the primary sculptural processes and materials, including basic wood and metal fabrication, modeling, mold making, and non-ferrous casting. Introduction to power tools and equipment as well as welding processes will be included. Pre-requisite: ARTS 105  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lab  

College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 108 - Photography I  
Photography I is an introduction to the art of shooting traditional black and white photography and modern SLR digital color photography. This course is also an introduction to the fine art of digital imaging as a practical and artistic enhancement to basic photography. Photography will be discussed as both a fine art form and a commercial art medium.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lab  

College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 109 - Ceramics I  
Combining both theory and practice, an in-depth investigation of ceramic art, emphasizing handbuilding techniques, with a brief introduction to the potter's wheel. Clay and glaze mixing, and various kiln firing procedures are also explored, along with a historical overview.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lab  

College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 111 - The Art Experience  
An especially designed course to fulfill the university core fine art requirement which gives insight into the visual art experience. For non-Art majors only.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  

College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 112 - The Aesthetic Experience  
An especially designed course to fulfill the university core fine art requirement which gives insight into the aesthetic experience. For non-art majors only.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  

College of Arts & Sciences College  
Art Department  

Course Attributes:  
Fine Arts - Univ Core  

ARTS 113 - Studio Art in Rome  
This course will introduce students to the art and architectural wonders of Rome spanning ancient to modern times. The course will primarily involve drawing onsite whenever possible, but will also include studying works that are not available to be drawn onsite but are absolutely essential viewing for the student of art. Students who are not drawing will be writing reaction papers (kept in a journal) at each site visit using 'critiquing art' method outlined in Sayre's "Writing About Art." These students will also write a 7-9 page research paper on one of the artists they experienced while in Rome upon their return to the States which will be due the second week after the start of the Fall semester. All students are encouraged to keep a journal throughout the trip.  
3.000 Credit Hours  

Xavier University 2009-2010 Catalog 249
ARTS 116 - Designing on Silk
This workshop offers artists, educators and interested individuals an opportunity to learn different methods of dyeing silk to create textile designs and art to wear. Surface design techniques will be utilized including, Batik, Low water immersion dyeing, Shibori, painting with dye and inks, stamping, quilting, and color removal. Students will be encouraged to explore individual interests to achieve a personal body of work. May be taken to fulfill Fine Arts requirement.

0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 119 - The Potter's Wheel
An in-depth investigation of working on the potter's wheel (throwing), emphasizing form and function. Clay and glaze mixing, as well as kiln firing procedures will be explored. Prerequisite: Non-majors only.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab, Lecture

College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 126 - Creative Vessels
This workshop is for anyone interested in exploring their creative spirit. Through exploration and experimentation with mixed-media sculpture, students will gather natural materials, found objects and use commercially made materials to create three-dimensional vessels. A variety of construction techniques will be taught, including weaving natural materials and reed, coiling, handmade silk paper, and wire. Surface design techniques, including drawing, painting, printing, dyeing, and color removal will be encouraged to further enhance a personal statement. May be taken to fulfill Fine Arts requirement.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Workshop

College of Arts & Sciences College
Art Department

Course Attributes:
Fine Arts - Univ Core

ARTS 142 - Graphic Design I
An introduction to visual communication graphics and design with an emphasis on printed matter. Illustrative graphics, symbol/logo design, typography, lettering, layout principles/grid systems, camera-ready art and an introduction to computer technology are highlights of the course. Pre-requisite: ARTS 101

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 152 - Illustration I
This course offers an introduction to varied media, techniques and modes of illustration. Students work on a variety of projects including magazine and story illustration offering conceptual and technical challenges in media such as graphite, ink, colored pencil, pastel and acrylic or gouache paint. Emphasis is on manual techniques.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Art Department

ARTS 202 - Drawing II
Anatomy. Primary focus is on compositional structures, real or invented, of the human skeleton, the figure (model is provided), and other natural images to establish an integrated personal vision at a level qualitatively beyond previous involvement in the field of drawing. Pre-requisite: ARTS 102
ARTS 203 - Painting II
Advanced studies in one of the following: oils, acrylics, watercolors and/or mixed media. Choice of medium may be different from ARTS 103. Appropriate experimentation with different structures and techniques is the primary concern. Student is expected to establish an integrated personal vision at a level qualitatively beyond previous involvement in the field of painting. Pre-requisite: ARTS 103

ARTS 204 - Printmaking II
The continuing investigation of an area begun in ARTS 104 with the potential to explore new print media. Students will achieve further technical experience (multi-color printing) while increasing their range of content, scale, and productivity. Student studio maintenance and materials preparation are stressed. Pre-requisite: ARTS 104

ARTS 205 - Figure Modeling
Modeling in clay from the nude model. Developing observational skills, eye-hand coordination in modeling a complex three dimensional form. Strong life drawing component desirable. Study of the human body and anatomy. Mold making and casting in non-ferrous materials may be done with selected projects. Pre-requisite: ARTS 107 or permission of instructor

ARTS 206 - Fiber Arts II
Students completing one introductory semester may register for this class to further explore fiber techniques. A student who has completed the off-loom semester may register for the on-loom fiber experience. A student who has completed the on-loom semester may register for the off-loom fiber experience. Pre-requisite: ARTS 106 or permission of instructor

ARTS 207 - Sculpture II
This course is comprised of advanced wood and metal fabrication, and casting processes. Power tools and equipment will be used in metal fabrication and construction, additive and subtractive wood processes, and various casting techniques. Pre-requisite: ARTS 107

ARTS 208 - Photography II
Photography II explores the intermediate techniques of exposure, development, and printing of small format black-and-white film print materials, with special emphasis on tonal control through the creative application of the Zone System. Emphasis is placed on aspects of design, composition, perception, and content in black-and-white photographs. Some intermediate alternative digital techniques and beginning aspects of studio lighting will be covered. Pre-requisite: ARTS 108
ARTS 209 - Ceramics II
A thorough investigation of the potter's wheel (throwing) as a clay forming process. Issues of form and function and their interrelationship are explored. Various kiln firing methods are included. Pre-requisite: ARTS 109
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Art Department

ARTS 213 - Incarnating Totem & Taboo
A study which frames ethical questions concerning pragmatic issues in the making, collecting, curating, and viewing of visual art, and fulfilling the E/R/S Focus elective. Pre-requisite: PHIL 100, THEO 111; Co-requisite: PHIL 100, THEO 111
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Art Department
Course Attributes:
ERS Focus Elective, Fine Arts - Univ Core

ARTS 214 - Computer Programs for the Artist/Art Educator
After instructor demonstration and/or lecture, students will show their understanding by creating a successful solution to an artistic problem. Students solutions will be critiqued in-class and graded numerically. Student note taking is a critical part to success in this course. Reading assignments will be interspersed. A final exam project (of the student's choice) will summarize course learning. Attendance is mandatory for all classes, for the full class period.
0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Art Department

ARTS 221 - Early & Middle Childhood Art
A comprehensive introduction to art education at the elementary school level employing both theory and practice. The creative and mental stages of development are emphasized. Course not open to Freshmen.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Art Department

ARTS 222 - Art in Early Childhood Education
Art production techniques, art appreciation, history and aesthetics. Active emphasis on age appropriate (3-8) art activities as well as the student's own artistic development.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Art Department

ARTS 223 - Secondary School Art
A thorough investigation of the instructional techniques, resources and philosophies necessary in teaching art at the secondary level.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Art Department

ARTS 242 - Graphic Design II
Solve visual communication problems while learning three electronic (computer) techniques (object oriented drawing, bitmapped painting, and electronic page assembly). Pre-requisite: ARTS 142
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
ARTS 252 - Illustration II
This course is a continuation of concepts, modes, and skill development begun in Illustration I. Emphasis is on manual techniques with potential for incorporating digital media for publishing. The advanced illustration student has opportunity to tailor projects to their own individual career goals in illustration. Increased knowledge of illustration history will be required. Pre-requisite: ARTS 152
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

ARTS 270 - History of Art I
A survey of art and architecture from its prehistoric beginnings through the Middle Ages.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

ARTS 271 - History of Art II
A survey of western art and architecture from the Renaissance to the present.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

ARTS 272 - Art of the 20th Century
A study of European and American art and architecture from about 1900 to the present.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

ARTS 273 - History of American Art
A study of art and architecture in America from the colonial period to the present with emphasis on significant styles originating in the 20th century.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

ARTS 274 - Women, Art & Society
A historical survey of women artists from pre-history to the twentieth century. Socio-political, psychological, economic issues, and themes affecting women's participation in the visual arts are examined. A multi-cultural and multi-media perspective, giving full attention to the diversity of women's ways of creating art is utilized.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Course Attributes:
Fine Arts - Univ Core, Gender & Diversity Studies Min

Course Attributes:
Fine Arts - Univ Core

**ARTS 275 - Sacred Art - Christian Perspective**

A specific study of Judeo-Christian imagery in the visual arts ranging from the earliest pre-Christian Roman catacomb art to contemporary Christian art. Special emphasis will be placed upon Christian adaptation of pagan and Jewish symbolism.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Art Department

**Course Attributes:**
Fine Arts - Univ Core

**ARTS 280 - Topics in Contemporary Art**

A seminar course investigating the driving forces and trends in the art scene from the seventies to the present in Europe and North America. Special emphasis on criticism and postmodern issues. Counts as an art history requirement for art majors and minors.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Art Department

**ARTS 302 - Drawing III**

Media Exploration. Primary focus is on color and layering through a controlled medium, an uncontrolled medium, and mixed media in order to nurture an integrated personal vision at a level qualitatively beyond previous involvement in the field of drawing. Pre-requisite: ARTS 102 and ARTS 202

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Art Department

**ARTS 303 - Painting III**

Advanced studies in the medium of choice from ARTS 103 or ARTS 203. Student is expected to nurture an integrated personal vision at a level qualitatively beyond previous involvement in the field of painting. Pre-requisite: ARTS 103 and ARTS 203.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Art Department

**ARTS 304 - Printmaking III**

The continuing investigation of previous print media including any area not yet experienced. Students are expected to initiate individual direction for their work with particular emphasis on serially developing their ideas. Students are encouraged to utilize mixed print media as well as other media -- experimentation is stressed. Pre-requisite: ARTS 104 and ARTS 204

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Art Department

**ARTS 306 - Fiber Arts III**

This course is a continuing exploration of structure and technique including two and three dimensional forms. The primary emphasis is on the development of a personal vision in fibers. Students will build on introductory fiber techniques and experiences, focusing on a particular fiber medium or a mixed-media approach to fibers. Pre-requisite: ARTS 106 and ARTS 206 or permission of instructor

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Art Department

**ARTS 307 - Sculpture III**

This course explores the visual and expressive qualities of assemblage, found objects, conceptual and process art. Projects will explore concepts and ideas within these forms. Students may choose diverse materials, mediums, and processes employed in their projects. Pre-requisite: ARTS 107 and 207

3.000 Credit Hours
3.000 Lecture hours
ARTS 308 - Photography III

Photography III explores aspects of photojournalism and commercial photography as a career. The course is split into two parts during the course of the semester. The first half of the semester offers the opportunity for the students to begin developing skills in the area of photojournalism through hands-on experience in completing both spot news and short- and long-term essay assignments. During the second half of the semester students will explore the use of artificial lighting to create photographic illustrations in a controlled environment. Pre-requisite: ARTS 108 and ARTS 208

3.000 Credit Hours
3.000 Lecture hours

ARTS 309 - Ceramics III

After one semester of handbuilding (ARTS 109) and one semester of throwing on the potter's wheel (ARTS 209), students in ARTS 309 can choose which process they plan to investigate further. Emphasis is on the union of aesthetics and good craftsmanship. Involvement in all areas of studio operations is required. Pre-requisite: ARTS 109 and ARTS 209

3.000 Credit Hours
3.000 Lecture hours

ARTS 342 - Graphic Design III

Critically solve practical design problems while expanding electronic techniques emphasizing 1-, 2-, and 4-color production methods. Basic web page design and production are explored. Pre-requisite: ARTS 142 and ARTS 242

3.000 Credit Hours
3.000 Lecture hours

ARTS 402 - Drawing IV

Thematic Series. Primary focus is on developing a body of work which challenges the artist's imagination, sustains a high level of ambition, and sets a new standard of excellence for the creator and others. Pre-requisite: ARTS 102, ARTS 202, and ARTS 302

3.000 Credit Hours
3.000 Lecture hours

ARTS 403 - Painting IV

Advanced studies in the same medium of choice as in ARTS 303 to establish a mastery of said medium. Student is expected to produce a thematic body of work. Pre-requisite: ARTS 103, ARTS 203, and ARTS 303

3.000 Credit Hours
3.000 Lecture hours

ARTS 404 - Printmaking IV

The continuing investigation of previous print media including any area not yet experienced. Advanced skills are emphasized in the student’s print media of choice. Understanding and control of procedures of drawing, processing and printing continue to be stressed. Students originate and produce a series (suite) of prints expressive of a certain theme or idea. Pre-requisite: ARTS 104, ARTS 204, and ARTS 304

3.000 Credit Hours
3.000 Lecture hours

ARTS 406 - Fiber Arts IV

This course is an advanced study of fiber art techniques, encouraging the student's investigation and exploration of their personal artistic statement. The emphasis is on individual exploration and growth in fiber art, promoting creative thinking and self-evaluation. Pre-requisite: ARTS 106, ARTS 206, and ARTS 306 or permission
of instructor
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 407 - Sculpture IV
This course encourages exploration and research for a personal style and direction in sculpture. Projects will continue to include wood, metal and casting processes, allowing students to develop an individual body of work, expressing their own personalized vision. Pre-requisite: ARTS 107, ARTS 207, and ARTS 307.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 408 - Photography IV
Photography IV leads students through an exploration of the use of the photographic medium for personal expression. Students devise and produce a photographic project that expands on the techniques and processes mastered in previous courses. Many alternative and mixed media techniques will be covered. Pre-requisite: ARTS 108, ARTS 208, and ARTS 308.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 409 - Ceramics IV
A deeper investigation of either throwing or handbuilding, working on a larger scale, along with exploring various production techniques. Becoming responsible for all aspects of studio management is required. Pre-requisite: ARTS 109, ARTS 209, ARTS 309
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 441 - Senior Seminar
A study of the practical aspects and concerns of aspiring artists in the contemporary art scene, including its trends, patterns and venues. Provides graduating students with essential skills and knowledge to function as a practicing artist outside of the college environment. Art majors only, usually in senior year.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Art Department

ARTS 442 - Graphic Design IV
Elaborate design products (the annual report, the expanded corporate identity, web design) are conceived and executed using electronic techniques with emphasis on product as well as practical production. Pre-requisite: ARTS 142, ARTS, 242, and ARTS 342
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 490 - Senior Concentration
An intense in-depth study of selected studio field. Students pursuing the art education or the history of art concentration may submit a written thesis. Specific faculty approval necessary.
3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Art Department

ARTS 491 - Independent Study
Problems related to department fields, although not specifically included in the catalog, may be requested by the student and elected with the approval of the
instructor and permission of the chair.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Independent Study
College of Arts & Sciences College
Art Department
ARTS 492 - Tutorial
Special reading and study for advanced students.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Independent Study
College of Arts & Sciences College
Art Department
ARTS 493 - Internship
Practical experiences of art in the real world, for the purpose of developing the ability to function in the professional arena. Pre-requisite: Minimum two courses in internship area
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
College of Arts & Sciences College
Art Department
ARTS 502 - Graduate Drawing
Graduate courses are independently developed. Definition of direction and choice of media is determined by each student and approved by professor.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lab
College of Arts & Sciences College
Art Department

Schedule Types: Lecture

College of Arts & Sciences College
Modern Languages Department

Course Attributes:
Gender & Diversity Studies Min

ASLN 202 - Intermediate American Sign Language II

A communicative-oriented course emphasizing receptive and expressive skills through the study of authentic materials dealing with the Deaf world. This course includes a comprehensive grammar review. Pre-requisite: ASLN 201 (unless waived)

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Modern Languages Department

Course Attributes:
Gender & Diversity Studies Min

ATTR 143 - Introduction to Athletic Training

Overview course including basic components of a comprehensive athletic training career outlining the prevention, recognition and evaluation of athletic injuries. History, philosophy and career opportunities of the profession; emergency procedures; tissue healing; taping procedures; ethical and legal considerations; and the organization and administration of athletic training programs.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 150 - Practicum I

A practicum for students preparing to become athletic trainers. Emphasis on introductory skills, techniques, and athletic training room management. Includes a focus on screening procedures, protective equipment, fitness testing, environmental concerns, record keeping, and accurate care of athletic injuries and illnesses. Pre-requisite: ATTR 143 and admissions to the athletic training program.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Practicum

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 168 - First Aid Safety and CPR

This course certifies students through the American Red Cross in both First Aid and CPR for the professional rescuer. This class stresses the basic steps to follow in an emergency situation including assessment, life-threatening emergencies, injuries, medical emergencies, rescues, healthy lifestyles, and disease transmission.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 200 - Clinical Experience I

This course includes a lab and a clinical component. Emphasis is on introductory skills, techniques, and training room management. Includes a focus on screening procedures, environmental concerns, protective equipment, fitness testing, record keeping, and acute care of athletic injuries and illnesses. This course allows the athletic training student the opportunity to gain clinical and administrative skills while practically applying current practices, principles, and techniques in athletic training under appropriate supervision in a real-world setting.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 225 - Medical Terminology

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture, Practicum

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 250 - Practicum II

A practicum for students preparing to become athletic trainers. Emphasis on the skills of taping, padding, and bracing. Pre-requisite: EDAT 150 and admission to the athletic training program.
1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 267 - Physiology of Exercise

Human physiology as it relates to exercise and physical activities. Bioenergetics, muscle physiology, cardiovascular physiology, environmental physiology, ergometrics, special populations, and health fitness.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coil of Social Sci Health & Ed College
Sport Studies Department

ATTR 300 - Clinical Experience III

This course includes a lab and clinical component. Emphasis is on therapeutic modalities, therapeutic exercise, pharmacological practices and motivational techniques for rehabilitation. This course allows the athletic training student the opportunity to gain clinical and administrative skills while practically applying current practices, principles and techniques in athletic training under appropriate supervision in a real-world setting.
2.000 Credit Hours
2.000 Lecture hours

Xavier University 2009-2010 Catalog 260
ATTR 343 - Therapeutic Modalities
A comprehensive study of therapeutic agents for the treatment of athletic injuries. Emphasis on the indications, contraindications, precautions, and physiological effects of muscle stimulation, ultrasound, cryokinetcs, and pharmacology. Pre-requisite: Admission into the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

ATTR 344 - Therapeutic Exercise
A comprehensive study of the application of manual therapy, neuromuscular re-education, movement and exercise as each relates to the varied and detailed goals of rehabilitation and reconditioning for injured physically active individuals. Emphasis on pathologies and their relationships to therapeutic exercise. Prerequisites: ATTR 343 and admission into the athletic training education program. (Pre-requisite waived for pre-PT minors)
3.000 Credit Hours
3.000 Lecture hours

ATTR 345 - Orthopedic Injuries I
A comprehensive study of the lower extremity including foot, ankle, knee, thigh, hip, and pelvis with attention to prevention, recognition, and rehabilitation of related injuries. Prerequisite: Admission into the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

ATTR 346 - Orthopedic Injuries II
A comprehensive study of the upper extremity including fingers, hand, wrist, arm and shoulder complex with attention to prevention, recognition and rehabilitation of related injuries. Prerequisite: Admission into the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

ATTR 347 - Orthopedic Injuries III
A comprehensive study of the head, neck, and spine with special attention to prevention, recognition, recognition, and rehabilitation of related injuries. Pre-requisite: Admission into the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

ATTR 350 - Athletic Training Practicum III
A practicum for students preparing to become athletic trainers. Emphasis on therapeutic modalities, therapeutic exercise and motivational techniques for rehabilitation. Pre-requisites: ATTR 250 and admission to the athletic training education program.
2.000 Credit Hours
2.000 Lecture hours

ATTR 375 - Field Experience in Athletic Training
This course allows the athletic training student the opportunity to practically apply current practices, principles, and techniques in athletic training under appropriate supervision in a real-world setting. May be repeated 6 times for course credit. Prerequisite: Admission into the athletic training education program.
1.000 Credit Hours
1.000 Lab hours
ATTR 386 - Advanced Kinesiology
In-depth study designed for Athletic Training majors. Study of human movement including analysis of muscular physiology, biomechanics, principles of physics as applied to joint movement through individual muscular contractions. Emphasis on biomechanical analysis for the prevention and treatment of athletic injuries. Pre-requisites: BIOL 140, BIOL 143 Co-requisite: ATTR 387. Pre-requisite: Admission to the athletic training education program.
2.000 Credit Hours
2.000 Lecture hours

ATTR 387 - Advanced Kinesiology Lab
Laboratory course complementing the course content of ATTR 386. Co-requisite: ATTR 386. Pre-requisite: Admission to the athletic training education program.
1.000 Credit Hours
1.000 Lab hours

ATTR 400 - Clinical Experience V
This course includes a lab and a clinical component. Emphasis on general medical issues, nutrition, and training room management. This course allows the athletic training student the opportunity to gain clinical and administrative skills while practically applying current practices, principles and techniques in athletic training under appropriate supervision in a real-world setting.
2.000 Credit Hours
2.000 Lecture hours

ATTR 405 - General Medical Conditions
A comprehensive study of the internal organs of the body for screening of internal injuries and general medical conditions in athletic participation. Special attention to prevention, recognition, and treatment of general medical conditions and the referral of life-threatening injuries. Prerequisite: Admission into the athletic training education program.
2.000 Credit Hours
2.000 Lecture hours

ATTR 406 - General Medical Conditions Lab
Laboratory complementing the course content of ATTR 405. Co-requisite: ATTR 405. Prerequisite: Admission into the athletic training education program.
1.000 Credit Hours
1.000 Lab hours

ATTR 410 - Athletic Training Organization & Administration
To emphasize the administrative and managerial duties of the physical education teacher, athletic trainer, sport administrator, and coach at the secondary level. Emphasis on leadership and supervision, human relations, communication, organizational structure and climate, sport law, budget management and equipment purchasing, pre-participation physical examinations, drug testing, and facility and event management. Prerequisite: Admission into the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

ATTR 420 - Research in Athletic Training
A course designed to introduce students to the principles of scientific inquiry and research methods. Evaluation of published research and procedures for developing a research design are also emphasized. In addition, students will gain a basic understanding of statistics. Prerequisite: Admission into the athletic training education program.
program.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Sport Studies Department

**ATTR 425 - Nutrition**

Nutrition and its role in human performance. The classes of nutrients, their physiological functions, and their role in sports and fitness. Nutritional supplements and ergogenic doping will also be addressed.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Sport Studies Department

**ATTR 450 - Practicum IV**

A practicum for students preparing to become athletic trainers. Emphasis on advanced injury assessment techniques, taping, bracing, and padding techniques, and professional development. Pre-requisite: ATTR 350 and admission to the athletic training education program.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Seminar

Coll of Social Sci Health & Ed College  
Sport Studies Department

**ATTR 470 - Independent Study**

Investigate an area of interest within the area of sports medicine. Pre-requisite: Advisor's approval.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Independent Study

Coll of Social Sci Health & Ed College  
Sport Studies Department

**ATTR 492 - Athletic Training: Senior Seminar**

A culminating experience which presents an extensive overview of the entire professional preparation in Athletic Training. Resume writing, job interviewing skills, and graduate school selection are included. Pre-requisite: admission to the athletic training education program.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Sport Studies Department

**BIOL 001 - Biology Lab Undesignated**

This course number is used when posting transfer credits from other colleges.
1.000 TO 6.000 Credit Hours

**Levels:** Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Biology Department

**Course Attributes:**  
Biology Lab - Univ Core

**BIOL 002 - Biology Lect Undesignated**

This course number is used when posting transfer credits from other colleges.
2.000 Credit Hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**Course Attributes:**  
Biology Lecture - Univ Core

**BIOL 102 - Life: Human Biology**

Study of the anatomy and physiology of the human body systems, with emphasis on the regulatory mechanisms that maintain homeostasis and health.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

**BIOL 104 - Life: Biology of Wellness**

Biological aspects of maintaining human mental and physical wellbeing.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

**BIOL 106 - Life: Biology of Aging**

Examination of the current scientific understanding of the human aging process, as it applies to human anatomy and physiology.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

**BIOL 110 - Life: Human Reproduction Today**

Study of the anatomy and physiology of traditional reproduction and the newer technologies that allow the manipulation of human fertility, like in vitro fertilization, sperm injection, genetic selection, surrogacy, and the possibility of cloning.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core, ERS Focus Elective

**BIOL 112 - Life: Growing & Evolving**

Study of the process of organic evolution and how it has resulted in the structural, functional, and genetic diversity of organisms, with focus on recent advances and major events in the history of life.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

**BIOL 114 - Irish Biodiversity**

This course will introduce students to the evolutionary development and current distribution of organisms in the modern ecosystems of Ireland. We will travel through rural Ireland and visit a diversity of biological communities including peat bogs, oak forests, freshwater lakes, and rocky coastlines. One of the goals of the course is to introduce students to the classification of a diversity of organisms in the context of their evolutionary history. For example, one component of the course discusses the different modes of reproduction of mosses, ferns, conifers, and flowering plants. We also discuss the challenges and benefits of conserving biodiversity. We examine this both from an anthropocentric point of view by learning about the ecological and social forces that led to the Irish Potato Famine and from an ecosystem point of view by discussing the value of natural areas for the sake of preserving native diversity.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core
BIOL 115 - Life: Biodiversity in Ireland Lab
This course will introduce students to the scientific investigation of biodiversity in Ireland. It is a companion course for BIOL 114. The goals of this course are to have students (1) understand the practical methods scientists use to investigate aspects of biodiversity and conservation of organisms and (2) learn to recognize and categorize organisms encountered in the field.

1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lab - Univ Core

BIOL 116 - Life: Microbes & Humans
Study of microbes (bacteria, viruses, protozoa) and their impact on human society.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

BIOL 118 - Life: The World of Plants
Introduction to the study of plants, including basic aspects of the structure and function of higher plants and the value of plants in nature and in human affairs.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

BIOL 119 - Life: Current Topics
New advances and controversial areas of research in the life sciences, as a way of introducing some of the major concepts in biology. Topics may include evolution and creationism, global warming, animals in research, artificial intelligence, and genetic engineering.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core

BIOL 120 - Life: Ecology & People
An exploration of critical environmental issues that affect our world today, through a study of ecological principles and their interaction with human society, especially considering the ethical, political, and economic aspects.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lecture - Univ Core, Environmental Studies Minor, ERS Focus Elective, Gender & Diversity Studies Min, Peace Studies Minor

BIOL 121 - Ecology & Human Affairs
This course will focus on the ecological principles as well as human aspects of ecology (social, ethical, political, economic, cultural) that underlie the critical environmental issues that affect the world today. Field "laboratory" trips will include two exercises in local forests, a local stream, and Cincinnati's natural history museum, as well as hands-on laboratory exercises on Xavier's campus. The course will include a day dedicated to issues of environmental justice, including a tour of a Cincinnati neighborhood where environmental justice issues are widespread.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

**BIOL 122 - Life: Tropical Biodiversity in Costa Rica**
This course introduces students to human impacts on ecosystems in the Neotropics. Special emphasis is on agricultural use of land and associated impacts on native species. Students travel to Costa Rica to explore issues first-hand
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lecture - Univ Core

**BIOL 123 - Life Lab: Tropical Biodiversity in Costa Rica**
Introduces students to field methods of scientific investigation in tropical ecosystems.
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate
**Schedule Types:** Lab

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lab - Univ Core

**BIOL 125 - Life Lab: Investigation I**
Inquiry-based experiments to accompany BIOL 102-120.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate
**Schedule Types:** Lab

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lab - Univ Core, Peace Studies Minor

**BIOL 127 - Life Lab: Investigation II**
Exercises, experiments, and field trips to accompany BIOL 102-120.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate
**Schedule Types:** Lab

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lab - Univ Core, Peace Studies Minor

**BIOL 130 - Introduction to Life Sciences**
Cells, heredity, ecology, evolution, plant and animal morphology, and physiology. For Education Majors.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lecture - Univ Core

**BIOL 131 - Introduction to Life Sciences Lab**
Exercises and field trips to illustrate principles taught in BIOL 130. For Education majors only.
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate
**Schedule Types:** Lab

College of Arts & Sciences College
Biology Department

**Course Attributes:**
Biology Lab - Univ Core
BIOL 140 - Human Anatomy & Physiology I
The major human systems emphasizing the skeletal, muscular, and nervous systems.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lecture - Univ Core

BIOL 141 - Human Anatomy & Physiology I Lab
Human skeletal material and dissection of a representative mammal. Histology of tissues and organs with physiological exercises and demonstrations, including human cadavers.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lab - Univ Core

BIOL 142 - Human Anatomy & Physiology II
Continuation of BIOL 140 stressing the circulatory, immune, excretory, digestive, endocrine, and reproductive systems. Pre-requisite: BIOL 140-141.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lecture - Univ Core

BIOL 143 - Human Anatomy & Physiology II Lab
Continuation of anatomical approach of BIOL 141 with related physiological studies and demonstrations.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lab - Univ Core

BIOL 160 - General Biology I
Principles of molecular, cellular, and organismal biology, emphasizing the physiology of vertebrates. Preparation for most 200 level courses.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lecture - Univ Core

BIOL 161 - General Biology I Lab
Laboratory exercises demonstrating the principles of cellular biology, genetics, and vertebrate systems.
2.000 Credit Hours
2.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department
Course Attributes:
Biology Lab - Univ Core

BIOL 162 - General Biology II
Topics in taxonomy, evolution, animal behavior, and ecology. Preparation for most 200 level courses.

3.000 Credit Hours  
3.000 Lecture hours  

**Levels:** Undergraduate  
**Schedule Types:** Lecture  

College of Arts & Sciences College  
Biology Department  

**Course Attributes:**  
Biology Lecture - Univ Core  

**BIOL 163 - General Biology II Lab**  
Laboratory exercises and field trips demonstrating the principles of evolution, animal behavior, and ecology, with emphasis on scientific writing. Pre-requisite: BIOL 161 or permission of department chair  
2.000 Credit Hours  
2.000 Lab hours  

**Levels:** Undergraduate  
**Schedule Types:** Lab  

College of Arts & Sciences College  
Biology Department  

**Course Attributes:**  
Biology Lab - Univ Core  

**BIOL 200 - Microbiology**  
Basic study of microbes, their activities, control, role in disease and host immune responses. Intended for Nursing and Pre-Pharmacy students.  
3.000 Credit Hours  
3.000 Lecture hours  

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  

College of Arts & Sciences College  
Biology Department  

**BIOL 201 - Microbiology Lab**  
Microscopic examination of the diversity of microbes, including monerans, fungi, and protistans. Students learn basic culture, isolation, and identification techniques in bacteriology.  
1.000 Credit Hours  
1.000 Lab hours  

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab  

College of Arts & Sciences College  
Biology Department  

**BIOL 204 - Functional Neuroscience**  
The structure, function, and pathology of the nervous system. Intended for Occupational Therapy students.  
3.000 Credit Hours  
3.000 Lecture hours  

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  

College of Arts & Sciences College  
Biology Department  

**BIOL 210 - General Botany**  
The morphology, physiology, and reproduction of representatives of each plant division are studied with emphasis on the seed plants. Pre-requisite: BIOL 160-163 or permission of the instructor.  
2.000 Credit Hours  
2.000 Lecture hours  

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  

College of Arts & Sciences College  
Biology Department  

**BIOL 211 - General Botany Lab**  
Observations of living and preserved plants, experimentation, and field trips to illustrate structure and life processes in various plant groups.  
2.000 Credit Hours  
2.000 Lab hours  

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab  

College of Arts & Sciences College  
Biology Department  

**BIOL 222 - Immunology**  

---  

Xavier University 2009-2010 Catalog 268  
https://bannerssb.xu.edu/pls/PROD/bwckctlg_p_display_courses  
3/23/2010
An introduction to the specific mechanisms by which the human body reacts to foreign biological materials. Pre-requisite: BIOL 160-163 or permission of instructor.

2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**BIOL 227 - Parasitology**
This course will introduce students to invertebrate and fungal parasites: their complex life cycles, pathogenesis and roles in ecosystems. Human behaviors that affect parasitic epidemiology will be critically examined in a rigorous, evolutionary context. Topics include schistosomiasis biology and irrigation projects, aquaculture parasites, and fishery maintenance, fungal parasites of social insects and pharmacology of anti-malarial drugs.

2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**BIOL 230 - Genetics**
Principles of heredity, the genetic control of development, molecular genetics, and population genetics. Pre-requisite: BIOL 160-163 or permission of instructor.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**BIOL 231 - Genetics Laboratory**
Laboratory exercises to provide students with experience in modern molecular genetics and methods of manipulating and studying nucleic acids.

1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Biology Department

**BIOL 240 - Evolution**
Evidence for and the mechanisms of evolutionary processes. Pre-requisite: BIOL 160-163 or permission of the instructor.

2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**BIOL 244 - Animal Behavior**
Study of the innate, learned, aggressive, social and sexual behavior of animals as evolutionary products. Pre-requisite: BIOL 160-163 or permission of the instructor.

2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**BIOL 250 - Ecology**
The relationships between organisms and their living and non-living environments. Pre-requisite: any BIOL 102-120 with 125 or 127 or BIOL 160-163 or permission of the instructor.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Biology Department

**Course Attributes:**  
Environmental Studies Minor, Peace Studies Minor

**BIOL 251 - Ecology Lab**
Laboratory and field exercises to illustrate ecological principles. Local aquatic and terrestrial habitats are investigated.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

Course Attributes:
Environmental Studies Minor, Peace Studies Minor

**BIOL 255 - Tropical Ecology**
This course will introduce students to the scientific study of tropical ecology in the field. We will travel to a diverse range of natural biological communities including primary rainforest, coastal communities, coral reefs, freshwater streams, and cloud forest. We will also examine effects of modern land-use patterns on these systems by visiting agricultural areas including coffee and cacao plantations.

3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab, Lecture
College of Arts & Sciences College
Biology Department

Course Attributes:
Biology Lab - Univ Core, Biology Lecture - Univ Core

**BIOL 256 - Conservation Biology In Ireland**
This course will introduce students to the science of conservation biology in the context of modern Ireland. We will travel through rural Ireland and visit a diversity of biological communities including peat bogs, oak forests, freshwater lakes, and rocky coastlines. We will examine the threats to species persistence including those posed by land-use changes, overexploitation, and introduction of invasive species. We will discuss historical changes leading to the population crashes of endangered species such as the Corn Crake, the Irish red deer, and the Barn Owl and examine the habitat management practices being employed to recover populations of these species.

3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

**BIOL 280 - Topics in Biology**
Short-term courses designed to explore biological phenomena of current interest. Pre-requisite: BIOL 160-163 and permission of Chair.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

**BIOL 290 - Special Problems in Biology**
Independent study in some specialized area of biology. Pre-requisite: Permission of Chair.
1.000 TO 4.000 Credit Hours
1.000 TO 4.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

**BIOL 301 - Zoos are Classrooms**
Demonstrations of how a zoo may be used as an educational facility. Animal behavior, ecology, evolution, conservation, adaptations, classification, and other zoo-related topics will be examined.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Biology Department

**BIOL 304 - Plants in the Classroom**
Lectures, lab activities and field trips to demonstrate how plant material may be used in the classroom.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Biology Department
BIOL 330 - Medical Genetics: Implications
The principles of human genetics, risks, screening, diagnosis, applications of genetic ethics to problems. Pre-requisite: BIOL 160-163, BIOL 230.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department
Course Attributes:
ERS Focus Elective

BIOL 340 - Advanced Physiology
Functional processes of the human body, interrelationships of the systems, and some homeostatic and immunological applications. Pre-requisite: BIOL 140-143, permission of Chair required to apply as elective requirement for all departmental majors.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 350 - Ornithology
This course will introduce students to the scientific study of Ornithology. The lecture course will cover the evolution, physiology, ecology, behavior, taxonomy, and conservation of birds.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 351 - Ornithology Lab
The lab course will expose students to the methods used by field ornithologists to study bird populations. These will include techniques for capturing and marking birds. A strong emphasis will be placed on learning to identify a variety of local species and studying the ecology of local habitats. We will also visit the Cincinnati museum collection to study the diversity of birds from around the world.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

BIOL 354 - Vertebrate Anatomy
Description of the anatomy and development of selected vertebrates, including humans, emphasizing the evolutionary connections among vertebrates. Pre-requisite: BIOL 160-163.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 355 - Vertebrate Anatomy Lab
Exercises which demonstrate major principles to accompany BIOL 354. Dissection of cat and shark, with human cadaver demonstrations.
2.000 Credit Hours
2.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

BIOL 360 - Cell Biology
A contemporary view of cell structure and function. Pre-requisite: BIOL 160-163 or permission of instructor.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department
BIOL 370 - Endocrinology Lecture
An introduction to the system of chemical messengers (hormones) which modulate growth, energy expenditure, sexual maturation, and nervous function. Pre-requisite: BIOL 160
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 398 - Seminar: Environmental Studies
An environmental issue is selected and each student is responsible for investigating a facet of the problem. The seminar format provides a mechanism for sharing ideas for proper procedure in investigating the problem, analyzing and interpreting data, and exploring the economic, ecological, and ethical consequences of alternative problem resolutions. Pre-requisite: BIOL 160-163 or BIOL 250/251.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Biology Department
Course Attributes:
Environmental Studies Minor

BIOL 410 - Vertebrate Physiology
Contraction, perception, metabolism, circulation, respiration, coordination, and excretion in vertebrates, emphasizing humans. Pre-requisite: BIOL 160-163 or permission of instructor.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 411 - Vertebrate Physiology Lab
Exercises which demonstrate major principles to accompany BIOL 410, utilizing living specimens and computer-based instrumentation.
2.000 Credit Hours
2.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

BIOL 414 - Adaptive Animal Physiology
This course is aimed at examining how physiological processes are used to enable animals to carry out specific behaviors or live in specialized environment(s). We will use our knowledge of physiology to explore these topics and gain an understanding of physiological processes in different animals.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 420 - General Histology
Structure and function of animal tissues as revealed by light microscopy, electron microscopy, and histochemistry. Pre-requisite: BIOL 160-163 or permission of instructor.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 421 - General Histology Lab
A microscopic study of fixed materials employing routine and histochemical techniques to demonstrate cell, tissue, and organ morphology.
2.000 Credit Hours
2.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

**BIOL 440 - Biochemistry**
A lecture course treating the structure, properties, and metabolism of proteins, carbohydrates, lipids, and nucleic acids. Pre-requisite: CHEM 242.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

**BIOL 450 - Bacteriology**
The morphology, physiology, and genetics of bacteria including the impact of these organisms on humans. Pre-requisite: BIOL 160-163 or permission of instructor.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

**BIOL 451 - Bacteriology Lab**
The techniques for isolation, identification, culturing, and physiological study of bacteria.
2.000 Credit Hours
2.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Biology Department

**BIOL 460 - Developmental Biology**
The major events in development, including gametogenesis, fertilization, cleavage divisions, embryonic polarization, germ layer formation, and morphogenesis, and the underlying cellular, molecular, and genetic mechanisms that control these events. Pre-requisite: BIOL 230/231.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Biology Department

**BIOL 461 - Developmental Biology Lab**
Exercises that demonstrate gametogenesis, fertilization, cleavage divisions, embryonic polarization, germ layer formation, and morphogenesis.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Biology Department

**BIOL 470 - Human Anatomy I**
An introductory course in gross human anatomy achieved through the dissection of human cadavers, including dissection technique, integument removal, muscle identification and demonstration of cadavers to other classes. Pre-requisite: BIOL 354, BIOL 355 and permission of Chair.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Biology Department

**BIOL 472 - Human Anatomy II**
Continuation of BIOL 470, including cadaver dissection of thoracic, abdominal, and pelvic cavities, cranium, and face.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Biology Department

**BIOL 495 - Directed Study**
A variety of independent studies, including an internship program with the Cincinnati Zoo, and undergraduate research beginning in the sophomore and junior years.
BIOL 498 - Methods of Biological Research I
Development of a research project emphasizing experimental design, controls, gathering and interpreting experimental data from living organisms. Projects vary depending on faculty advisor. Intended for Seniors.
1.000 TO 2.000 Credit Hours
1.000 TO 2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Biology Department

BIOL 499 - Methods of Biological Research II
A continuation of BIOL 498 culminating in the written and oral presentation of scientific reports.
1.000 TO 2.000 Credit Hours
1.000 TO 2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Biology Department

BLAW 300 - Legal Environment
Provides a background in the legal environment of business. Topics include: contracts, business torts, product liability, business entities, ethics, and employment discrimination. Pre-requisite: Junior status.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department
Course Attributes:
ERS Focus Elective, Gender & Diversity Studies Min, Social Science - Univ Core

BLAW 734 - Management & Legal Environment
This course investigates legal concepts and their impact on business. Topics include: contracts, business torts, product liability, white-collar crimes, worker's privacy, employment discrimination, professional malpractice and business ethics. Pre-requisite: Admission to Executive MBA Program.
4.000 Credit Hours
4.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Williams College of Business College
Accountancy Department

BUAD 101 - The Business Profession I
Self-Assessment and Awareness. Provides an introduction to business careers and ethics. Students will identify their skills, interests and values and how they relate to careers and work environments.
0.000 Credit Hours
0.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Business Administration Department

BUAD 102 - The Business Profession II
Self-Assessment and Awareness. Provides an introduction to business careers and ethics. Students will identify their skills, interests and values and how they relate to careers and work environments.
0.000 Credit Hours
0.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Business Administration Department

BUAD 201 - The Business Profession II
Preparing for Business Life. Focuses on career and market exploration, job search skills, resume design and writing, business practices and cooperative education

opportunities.
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
BUAD 202 - The Business Profession II
Preparing for Business Life. Focuses on career and market exploration, job search skills, resume design and writing, business practices and cooperative education opportunities.
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
BUAD 301 - The Business Profession III
Planning your Career Search. Centers on job search resources and professional associations, interviewing, and networking. Required for all business juniors.
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
BUAD 302 - The Business Profession III
Planning your Career Search. Centers on job search resources and professional associations, interviewing and networking.
Levels: Undergraduate
Schedule Types: Lecture

BUAD 303 - Co-op Education/Intl Bus:JR
An elective cooperative experience where students earn academic credit while performing approved economic-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.750 GPA, departmental approval.
Levels: Undergraduate
Schedule Types: Co-op

Williams College of Business College
Business Administration Department
BUAD 401 - The Business Profession IV
Beginning your Career. Explores job placement opportunities, evaluating a job offer, professional associations, and community service.
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
BUAD 402 - The Business Profession IV
Beginning your Career. Explores job placement opportunities, evaluating a job offer, professional associations and community service.
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
BUAD 403 - Co-op Education/Intl Bus:SR
An elective cooperative experience where students earn academic credit while performing approved economic-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed 2.750 GPA, departmental approval required.
Levels: Undergraduate
BUAD 500 - International Business
This course will examine the world of international business focusing on globalization and national identities & their impact on business, along with the impacts of political-economics systems, cost differences, trade policy, currency differences, international capital markets, global finance, management, marketing and negotiations.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

BUAD 600 - Business Law & Ethics
Examines the relationship between business, law and ethics by investigating core values of leadership, honesty, integrity, governance, diversity, loyalty and piracy. Prerequisites: Admission to the MBA program.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

BUAD 603 - MBA Co-op
An elective cooperative experience where students earn academic credit while performing approved MBA related work.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Other hours

Levels: Graduate
Schedule Types: Lab

BUAD 609 - Business Ethics Through Film
This course uses film, web links and business ethics articles to facilitate class discussion and highlight important ethical issues of the day.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

BUAD 610 - Outsourcing ISS in Internl Bus
The objective of this course is to enhance students' awareness of the economic, managerial, technological, social, and ethical aspects associated with offshoring as a strategy used by U.S.-based corporations. This objective is achieved through case discussions, written papers, presentations, and discussion of timely and relevant information of the topic of offshoring.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

BUAD 611 - Workforce Diversity

Levels: Graduate
Schedule Types: Lecture

BUAD 612 - Business of Safety & Health

Levels: Graduate
Schedule Types: Lecture
Business Administration Department

BUAD 613 - Executive Leadership

Investigate the style, skills, characteristics, and challenges of leadership at the executive level of organizations. Executives as the top of organizations must face the challenge of defining a strategic direction and implementing activities that are focused to move the organization in that direction.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 614 - Strategic Outsourcing

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 618 - Healthcare Operations & Strategy

In this course, we will develop the concepts and techniques for the design, planning, control, and improvement of healthcare operations, accounting for the uniqueness of the healthcare market in its payment structures and autonomous groups of health professionals. We then focus on developing strategies for healthcare organizations and discuss adapting strategic plans in response to changes and innovations in the health care delivery system. The goal is to prepare professionals working in the healthcare sector to manage operations and develop strategies to enhance the effectiveness of their organizations.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 645 - Strategic Leadership

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 680 - Doing Business in Asia

Assess the elements of quality manufacturing and service used by companies doing business in Japan, Singapore, and other Asian countries. Explore the procedures used to adapt to cultural diversity.

3.000 TO 4.000 Credit Hours
3.000 TO 4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 681 - Doing Business in Europe

Assess the strategies of niche manufacturing and marketing used by business to successfully penetrate the European market, and procedures used to adapt to cultural diversity.

3.000 TO 4.000 Credit Hours
3.000 TO 4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

BUAD 684 - Doing Business South America

Assess the strategies of niche manufacturing and marketing used by business to successfully penetrate the South American market, and procedures used to adapt to cultural diversity.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department
**BUAD 690 - Corporate Governance**

This course provides an introduction to corporate governance that applies to publicly held corporations, privately owned corporations, and nonprofit organizations. The course emphasizes the development, implementation, monitoring, and evaluation of effective governance strategies. Prerequisites: All required MBA Courses.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 691 - Global Strategic Thinking**

This course creates a common frame of reference for theories, skills, and processes to be used for analyzing case situations. Course emphasis will be on presentations of theories, discussions, presentations of current business issues, problem-solving activities, case analyses and guest speaker visits. Prerequisites: All required MBA Courses.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 692 - Service Learning**

Student teams serve as consultants to not-for-profit organizations or companies that are committed to serving their community. The course will include lectures and readings, development and execution of a consulting plan, teeming in all aspects of the course, and reflection on experience. Pre-requisite: All Integrated Functions courses.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 693 - Organizational Business Case**

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 704 - Global Strategic Thinking**

This course creates a process which allows students to develop the ability to integrate information from the business function courses using the skills developed in the business and systems skills and foundation skills courses. Organizations are examined holistically, globally, and strategically. Pre-requisite: Admission to Executive MBA Program and all core courses.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 779 - International Business**

The course is designed to help students understand the complex world in which multinational corporations, national and international agencies, and individuals interact. It touches on the economic, cultural, financial, and political environments of international trade. Economic analysis, marketing and financial strategies used to operate in this environment are particularly developed. Pre-requisite: Admission to the Executive MBA program.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Business Administration Department

**BUAD 780 - Doing Business in Asia**

Gain a basic familiarity with Asian management strategies, techniques, and philosophies that may differ from those practiced in the United States. Develop a better appreciation for cultural differences and how they impact business conduct. Pre-requisite: Admission to the Executive MBA program.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
BUAD 781 - Doing Business in Europe
Gain a basic familiarity with European management strategies, techniques, and philosophies that may differ from those practiced in the United States. Develop a better appreciation for cultural differences and how they impact business conduct. Pre-requisite: Admission to the Executive MBA program.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

BUAD 784 - Doing Business in South America
Gain a basic familiarity with Latin American management strategies, techniques, and philosophies that may differ from those practiced in the United States. Develop a better appreciation for cultural differences and how they impact business conduct. Pre-requisite: Admission to the Executive MBA program.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

BUAD 901 - Legal, Ethical & Regulatory Environment
Examines antitrust, administrative law, liabilities, and other legal, regulatory, or ethical issues confronting business.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

BUAD 904 - Global Strategic Thinking
This dynamic course creates a process for students to develop the ability to integrate information from the business function courses. Via case discussions, simulations, group projects, and executive speaker presentations, students critically evaluate and design strategies for organizations for a sustainable competitive advantage in domestic and global markets. Organizations are examined holistically, globally, and strategically. Pre-requisite: All Integrated Functions, business and system skills, and foundation skills courses as well as all core courses.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

BUAD 941 - Year 2 Integration Project/Paper
A year-long integrative course that builds upon the MBA core curriculum. Students develop a project that demonstrates their facility in using the concepts, tools, and skills learned throughout the MBA program. Pre-requisite: Admission to the on-site MBA program and completion of the first year coursework.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

CHEM 001 - Chemistry Lab Undesignated
This course number is used when posting transfer credits from other colleges.
1.000 Credit Hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Chemistry Department
Course Attributes:
Chemistry Lab - Univ Core

CHEM 002 - Chemistry Lecture Undesignated
This course number is used when posting transfer credits from other colleges.
2.000 Credit Hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lecture - Univ Core

**CHEM 102 - Environment, Energy, and Health I**
A course for the non-science major. The relationship between chemistry and contemporary society.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lecture - Univ Core

**CHEM 103 - Environment, Energy, and Health I Lab**
Chemical experimentation which illustrates the concepts described in CHEM102
1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lab - Univ Core

**CHEM 104 - Environment, Energy, and Health II**
A course for the non-science major. The impact of basic chemical discoveries and of certain organic and biochemical compounds on society. Fulfills the E/RS Focus elective when taken with CHEM 105. Pre-requisite: PHIL 100, THEO 111. Co-requisite: PHIL 100, THEO 111.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lecture - Univ Core, ERS Focus Elective

**CHEM 105 - Environment, Energy, Health II Lab**
Chemical experimentation which illustrates the concepts described in CHEM 104. Fulfills the E/RS Focus elective when taken with CHEM 104. Pre-requisite: PHIL 100, THEO 111, CHEM 103. Co-requisite: PHIL 100, THEO 111.
1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lab - Univ Core, ERS Focus Elective

**CHEM 106 - Chemistry & Physics of Photo I**
A course for the non-science major. Chemical and physical principles underlying photography are presented.
2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

Course Attributes:
Chemistry Lecture - Univ Core

**CHEM 107 - Chemistry & Physics of Photo I Lab**
Exemplification of principles taught in CHEM 106
1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Chemistry Department
CHEM 108 - Chemistry & Physics of Photo II
A continuation of CHEM 106 applying the principles to black and white photographic processes.
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CHEM 109 - Chemistry & Physics of Photo II Lab
A continuation of CHEM 107.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab

CHEM 150 - Physiological Chemistry
A basic understanding of the composition, structure, and chemical reactions of substances in living systems.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CHEM 151 - Physiological Chemistry Lab
Chemical experimentation which illustrates the concepts described in CHEM 150.
1.000 Credit Hours
1.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab

CHEM 160 - General Chemistry I
A pre-professional course approved by the American Chemical Society for chemistry majors and required of many other science majors. Atomic and molecular structure, states of matter, stoichiometry, and chemistry of representative main group elements. Pre-requisite: Students must have a demonstrated competency in mathematics of MATH105 or above.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CHEM 161 - General Chemistry I Lab
Practice in the basic operations of chemical laboratory work. Co-requisite: CHEM 160.
1.000 Credit Hours
1.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lab
A continuation of CHEM 160. Subjects include thermodynamics, equilibrium, acids and bases, kinetics, redox processes, and transition metal chemistry. Pre-requisite: CHEM 160.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Chemistry Department

**Course Attributes:**  
Chemistry Lecture - Univ Core

**CHEM 163 - General Chemistry II Lab**

2.000 Credit Hours
2.000 Lab hours

**Levels:** Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Chemistry Department

**Course Attributes:**  
Chemistry Lab - Univ Core

**CHEM 165 - General Chemistry II Lab**

1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Chemistry Department

**Course Attributes:**  
Chemistry Lab - Univ Core

**CHEM 220 - Principles of Physical Chemistry**

For students in the life science and BS Chemical Science programs. Aspects of physical chemistry most relevant to living systems. Pre-requisite: CHEM 162.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Chemistry Department

**CHEM 221 - Analytical Chemistry**

Lecture and Laboratory course. Application of wet and instrumental analytical methods to substances of clinical interest. Pre-requisite: CHEM 163.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Chemistry Department

**CHEM 226 - Quantitative Analysis**

An introductory course in analytical chemistry covering gravimetric and titrimetric methods of analysis. Statistical analysis of data is performed. Pre-requisite: CHEM 162, CHEM 163.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Chemistry Department

**CHEM 227 - Quantitative Analysis Lab**

Laboratory experiments to demonstrate the concepts discussed in CHEM 226. Pre-requisite CHEM 163. Co-requisite: CHEM 226.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Chemistry Department
CHEM 240 - Organic Chemistry I
A pre-professional course approved by the American Chemical Society for chemistry majors and required of many other science majors. Introductory course treating the structure, preparation, reactions, and properties of organic compounds. Pre-requisite: CHEM 162 with a grade of "C" or better or the permission of Chemistry Department Chair.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

CHEM 241 - Organic Chemistry I Lab
The practice of fundamental operations involved in the synthesis, separation, purification, and identification of organic compounds. Pre-requisite: CHEM 163 or CHEM 165.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Chemistry Department

CHEM 242 - Organic Chemistry II
A continuation of CHEM 240 which extends the treatment of fundamental organic chemistry. Pre-requisite: CHEM 240.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

CHEM 243 - Organic Chemistry II Lab
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Chemistry Department

CHEM 300 - Chemical Literature
An introduction to the nature and use of the chemical literature, general research procedures, technical report writing, and computerized literature searches. Pre-requisite: Junior standing.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

CHEM 320 - Physical Chemistry I
An introduction to theoretical chemistry with emphasis on thermodynamics and chemical equilibrium. Pre-requisite: CHEM 162, MATH 220; Co-requisite: MATH 220.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

CHEM 322 - Physical Chemistry II
A continuation of CHEM 320. Chief emphasis on chemical kinetics and kinetic molecular theory. Pre-requisite: CHEM 320.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Chemistry Department

CHEM 325 - Physical Chemistry Laboratory
A laboratory course to demonstrate basic principles of physical chemistry. Pre-requisite: CHEM 320. Co-requisite: CHEM 322, CHEM 330.
1.000 Credit Hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Chemistry Department

**CHEM 330 - Quantum Chemistry**

An introduction to quantum chemistry and molecular structure. Pre-requisite: CHEM 162, MATH 220; Co-requisite: MATH 220.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

**CHEM 340 - Instrumental Analysis**

Discussion of modern analytical chemistry with emphasis on instrumentation and measurement techniques. Pre-requisite: CHEM 320 or CHEM 220.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

**CHEM 341 - Instrumental Analysis Lab**

Practice in the use of chemical instrumentation as available. Pre-requisite: CHEM 340.

1.000 Credit Hours
1.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Chemistry Department

**CHEM 400 - Research/Seminar**

Capstone course for the chemistry and chemical science major. Undergraduate research performed under the direction of a faculty member. Students share the results of their research and interact with outside speakers during weekly seminar sessions. A written thesis is the final product of these activities.

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

College of Arts & Sciences College
Chemistry Department

**CHEM 411 - Organic Synthesis & Analysis**

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

**CHEM 420 - Inorganic Chemistry**

Modern theories of bonding and structure, spectroscopy, redox chemistry, and reaction mechanisms. Coordination compounds, organometallic clusters, and catalysis. Pre-requisite: CHEM 330.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Chemistry Department

**CHEM 421 - Inorganic Chemistry Lab**

Laboratory techniques and practice in synthetic inorganic chemistry. Pre-requisite: CHEM 420.

1.000 Credit Hours
1.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab
CHEM 435 - Medicinal Chemistry
The science and economics of medicinal chemistry. The discovery, structure activity relationships, synthesis and mechanism of action of several classes of drugs are discussed. Pre-requisite: CHEM 242.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CHEM 440 - Biochemistry
A lecture course treating the structure, properties, and metabolism of proteins, carbohydrates, lipids, and nucleic acids. Pre-requisite: CHEM 242.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CHEM 450 - Topics in Organic Chemistry
An extension of fundamental organic chemistry to include more specialized topics not previously considered or extensively treated. Pre-requisite: CHEM 242.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CHEM 460 - Topics in Bioorganic Chemistry
A course devoted to the synthesis, reactions, and structure of organic molecules involved in biological processes. Pre-requisite: CHEM 242.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CHEM 495 - Directed Study
Study of a specific topic of interest under the direction of a faculty member.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Independent Study

CJUS 000 - Undesignated Criminal Justice
This course number is used when posting transfer credits from other colleges.
0.000 TO 18.000 Credit Hours
0.000 TO 18.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CJUS 101 - Introduction to Criminal Justice
An overview of the history and legal basis of the criminal justice system, its structures, its functions, and interface with the individual elements.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

Course Attributes:
Social Science - Univ Core
CJUS 102 - Introduction to Law Enforcement
Overview of policing problems and procedures; legal and philosophical issues in law enforcement; organization and administration of police agencies.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 103 - Introduction to Corrections
Explores both institutional and non-institutional corrections in contemporary society. The operations of prisons and jails and their internal procedures, including safety, security, supervision, classification and programming are explored, along with alternatives to incarceration, probation, and parole. All of these are reviewed in relation to contemporary social and political realities, along with their ethical dimension.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 167 - Survey of Society in Social Work
The course is designed to offer students a basic knowledge and understanding of societal institutions and the core concepts, skills and activities necessary to practice within them. The course also examines the historical roots of the profession; social work interventions in practice, policy, and research; the knowledge, values, ethics and skills underpinning the practice of social work with diverse populations. Students will gain an understanding of the various roles social workers perform and the settings in which they practice.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department
Course Attributes:
Gender & Diversity Studies Min, Social Science - Univ Core

CJUS 206 - Criminology
This course is designed to provide a foundational survey of the approaches and theories on crime and deviance. This course is designed as an introductory course in which students study crime and criminal offenders from a variety of disciplines. For each of the theories covered, topics will include key theoretical concepts, specific hypotheses derived from the theory, existing empirical research on these hypotheses, criticisms of the theory and efforts to deal with those criticisms, and policy implications of the theory to the criminal justice system.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 210 - Basic Constitutional Law & American Justice
Studies the ratification and incorporation of the Bill of Rights. Examines judicial review, the jurisdiction and organization of federal and state court systems and the Fourth, Fifth, Sixth and Fourteenth Amendment provisions relevant to law enforcement and judicial process.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 230 - Legal Aspects of Corrections
Explores the structure and function of the Federal and State criminal court systems from institutional and behavioral perspectives, First, Sixth, Eighth and Fourteenth Amendment provisions relevant to law enforcement, judicial process and corrections. Ethical aspects are considered, especially the rights and obligations of correctional staff.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 239 - Criminalistics I
Study of legal scientific physical evidence: e.g. fingerprinting, DNA analysis, serology, hair and fiber, and famous crime scene investigations.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
CJUS 240 - Criminal Law
An overview of law in society, and especially the development, substance and application of the criminal law. This elective course complements the two courses in constitutional law and adds a strong legal and ethical component.
3.000 Credit Hours
3.000 Lecture hours

CJUS 241 - Criminal Law II
An in-depth study of the criminal justice process with focus on the actors, strategies, institutions and processes which constitute law enforcement and relates the events of major cases to academic literature and policies.
3.000 Credit Hours
3.000 Lecture hours

CJUS 243 - Correctional Counseling & Communication
Deals directly with necessary verbal, nonverbal and writing skills. It also emphasizes cross-cultural communications and presents practical skills exercises relating to all of the above.
3.000 Credit Hours
3.000 Lecture hours

CJUS 245 - Private Security
This course provides a rigorous introductory foundation to the field of Private Security, including its development, philosophies, responsibilities and functions, plus its principles, legal authority, and effects on society.
3.000 Credit Hours
3.000 Lecture hours

CJUS 246 - Risk Management
This course presents a rigorous introduction to the theoretical concepts of Risk Management, through various analytical concepts, survey techniques, insurance requirements, program development and operational activities, from a security practitioner’s perspective.
3.000 Credit Hours
3.000 Lecture hours

CJUS 260 - Current Issues in Criminal Justice
A required course which complements CJUS 101 Introduction to Criminal Justice; CJUS 103 Introduction to Corrections; CJUS 321 Juvenile Justice; and relates numerous current political and social issues to adult and juvenile corrections.
3.000 Credit Hours
3.000 Lecture hours

CJUS 265 - Class & Class Conflict
Class, status, and power in social life. Systems of inequality examined within a cross-cultural perspective.
3.000 Credit Hours
3.000 Lecture hours
CJUS 266 - Crime & Personality
Root causes of crime in the individual and in the culture. Consideration of personality dynamics and treatment approaches are major elements of this course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CJUS 276 - Psychology of Delinquency
An elective course dealing with types and causes of juvenile delinquency together with brief case history analysis.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

CJUS 321 - Juvenile Justice
A required course which emphasizes juvenile court philosophy and practices, prevailing case law, applicable federal and state legislation, historical and current trends and development of standards, alternatives to incarceration, and a comparison of the treatment of the juvenile offender in the juvenile justice system as opposed to the adult system.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CJUS 333 - Comparative Criminal Justice
Comparative Criminal Justice will compare the justice systems of the United States versus China. The course will be comparing and contrasting the United States vs. China in seeking to answer two question: In what way are the two systems the same and to what extent are they different? How can those similarities and differences be accounted for? The comparison will be conducted thematically touching upon several issues including, but not limited to; the history of criminal justice, the concept of crime, rule of law, criminal law, and issues related to human rights and accountability.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CJUS 335 - Inside-Out Prison Exchange
This course take a pedagogical approach to topics of crime, justice, social action and the role people inside and outside of correctional institutions play in shaping such matters. By bringing university students and correctional students together behind walls of an institution, this course is an opportunity for all participants to gain a deeper understanding of the criminal justice system through a marriage of theoretical knowledge and practical experience.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

CJUS 350 - Treating Sex Offenders & Victims
This workshop will explore treatment issues and approaches for working with sex offenders, victims, and other family members.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop

CJUS 364 - Overview of Contemporary Corrections
Compares historical and contemporary methodologies, presents and critiques jail and prison programs, applies court decisions to current practices, and generally analyzes institutional and non-institutional corrections in relation to today’s social and political realities. Staff and inmate rights and responsibilities are presented within the context of ethical and legal requirements.
3.000 Credit Hours
3.000 Lecture hours
CJUS 365 - Women in the Criminal Justice System

This course is designed to explore the perceptions and treatment of women in and by the criminal justice system. Emphasis will be placed on how the images and portrayal of females in American society impacts on the manner in which they are treated as perpetrators of crime, victims of crime, and criminal justice professionals. Students will also gain an understanding of the historical treatment of women by the agents of the criminal justice system.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

Course Attributes:
Gender & Diversity Studies Min, Social Science - Univ Core

CJUS 381 - Methods of Research in Criminal Justice

This course is designed to acquaint students with basic research methodology that is useful in understanding criminological and criminal justice scholarship. By the end of the course the students should: (1) understand the language of research, (2) understand and apply the research process and data gathering strategies, (3) have a basic understanding of research appearing in professional journals.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 391 - Practicum in Criminal Justice

This practicum requires a minimum of 150 clock hours. Provides an opportunity for the student to integrate theory and concepts presents in the classroom with day to day reality and actual practice in the profession.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 392 - Criminal Justice Practicum II

An elective, non-classroom, on-the-job experience which provides the student additional opportunity to integrate the theory and concepts presented in the classroom with day to day reality and actual practice of the profession. This practicum requires 150 clock hours. See CJUS 391 for more information about the types of activities that might be included.

1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 408 - Women & Societal Violence

A historical perspective on violence against women. Modern day forms of violence against women and intervention will be studied. Prosecution of cases will be presented and treatment strategies for offenders will be explored.

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Workshop

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 430 - Introduction to Rational Behavior Therapy

Rational emotive behavioral therapy is a self-help form of counseling which teaches people how to increase their skill in reasoning so that they will be better able to deal with problems and stresses of daily living. It can enable normal people to improve their lives and disturbed people to regain emotional and mental health.

0.000 TO 2.000 Credit Hours
0.000 TO 2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture, Workshop

Criminal Justice Department

CJUS 435 - Terrorism & Homeland Security
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 439 - Criminalistics II**
Reviews the more intricate areas of anthropology, questioned documents, DNA processes, legalities of homicide scenes, and scientific applications of homicide.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 441 - Rational-Emotive Behavior Therapy II**
The course is designed to assist the graduate and undergraduate student in the intricacies of REBT theory, concepts, comprehension, and application.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 444 - Addictive Behaviors**
Examination of addiction theory and process through comparison of variety of substance and process addictions. Pre-requisite: PSYC 101, SOCI 101, SOCW 167 or permission of instructor.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 449 - Criminalistics III**
This course is designed to familiarize the undergraduate and graduate student in specific areas of forensic science. The areas included in this course are forensic psychology, drug analysis, hostage negotiation techniques, legal considerations in crime scene investigations and reconstruction of accident/crash scenes.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 463 - Counseling Challenging Youth**
Workshop participants will learn a number of practical strategies for building and maintaining therapeutic relationships with challenging youth and families. The strategies will be formatted around six guiding principles common to most human services professionals who successfully engage this population. Participants will be challenged to assess their own attitudes, beliefs, and behaviors related to challenging youth via lecture, demonstrations, small group activities, and role plays.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture, Workshop

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 482 - Planned Change in Crim Justice**
The course is designed as a reading, thinking, and discussion course. The emphasis will be on how to participate in CJ issues debate, as analysts, practitioners, or advocates: identifying, framing, analyzing, critiquing, presenting, advocating issues, policies and programs.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

**CJUS 499 - Special Readings in Criminal Justice**
A selective number of texts, periodicals, research papers, etc., related directly to areas of criminal justice are reviewed and student reports critiqued.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate

CJUS 608 - Community-Based Corrections

Theory and practice in non-institutional model.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 610 - Basic Constitutional Law & American Justice

Studies the ratification and incorporation of the Bill of Rights. Examines judicial review, the jurisdiction and organization of federal and state court systems and the Fourth, Fifth, Sixth and Fourteenth Amendment provisions relevant to law enforcement and judicial process.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 611 - Law & Justice in America

Presents legal issues in all three segments of the American criminal justice system. Constitutional and statutory rights and obligations are considered along with policy considerations. Major emphasis in the course is placed on student initiative in learning. Therefore, it is strongly recommended that CJUS 610, Basic Constitutional Law & American Justice or its equivalent be completed before enrolling in this course.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 620 - Sociology of Crime & Delinquency

Social foundations of the criminal justice system are examined, along with the social causation of crime and societal response. The understanding of crime within the social context is presented along with in-depth exploration of cross-cultural, subcultural and other demographic expositions.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 621 - Juvenile Justice

Critiques the development of social control of child behavior in the U.S. from its historical roots to contemporary times. Presents and analyzes legal trends in juvenile court and correctional operations and evaluates contemporary practice and methodology in the juvenile justice system and in the adult system. Landmark legal cases and their impact on current practice are discussed. Concepts such as waiver, status offenders, and violence in contemporary society are given special attention in relation to their ethical and legal dimensions.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 630 - Legal Aspects of Corrections

Explores the structure and function of the Federal and State criminal court systems from institutional and behavioral perspectives, First, Sixth, Eighth and Fourteenth Amendment provisions relevant to law enforcement, judicial process and corrections. Ethical aspects are considered, especially the rights and obligations of correctional staff.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
CJUS 635 - Terrorism & Homeland Security

This is a graduate level course providing an overview of terrorism, and counter-measures for the uninitiated, working professionals and college students alike. It variously touches upon subject matters of definition, theories, causation, impact of terrorism and counter-terrorism. The course ends with a discussion of the major issues confronting policy makers, from whether torture should be used to how to strike a balance between security vs. liberties in fighting terror.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 642 - Criminal Justice Administration

Presents organizational and management theories and practices within criminal justice settings. Management styles, management by objectives, total quality management etc., are all related to issues of contemporary practice in prisons, probation, and parole and juvenile justice. Legal and ethical considerations are related to actual practice situations.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 643 - Correctional Counseling & Communication

Deals directly with the necessary verbal, nonverbal, and writing skills. It also emphasizes cross-cultural communication and presents practical skill exercises relating to all of the above.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College

CJUS 660 - Current Issues in Criminal Justice

Relates numerous current political and social issues to adult and juvenile corrections.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Criminal Justice Department

CJUS 664 - Overview of Contemporary Corrections

Compares historical and contemporary methodologies; presents and critiques jail and prison programs and practices including issues of security, classification, etc., applies pertinent court decisions to current practices and generally analyzes institutional and non-institutional corrections in relation to today's social and political realities. Staff and inmate rights and responsibilities are presented with both their legal and ethical dimensions.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
CJUS 676 - Psychology of Delinquency
An elective course dealing with types and causes of juvenile delinquency together with brief case history analysis.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

CJUS 683 - Research & Planning in Criminal Justice
This course provides students with the working knowledge of research methods necessary to complete their final Master's project. As such, topics related to the issue of causation, sampling, measurement, and data collection/analysis will be explored and practically applied. Comprehension of the material will enable students to evaluate research studies and policy with a more critical eye. Moreover, comprehension of course material will allow students to write quality research projects.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

CJUS 784 - Research Essay: Seminar
CJUS 784 is an extension, by application, of Research and Planning in Criminal Justice. As such, the major objective for this course is to provide students with the individual guidance needed to perform basic research, and complete their graduate thesis.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Seminar

CJUS 792 - Internship
Non-classroom program of 150 clock hours placement in correctional, law enforcement, or court setting under academic supervision gives student opportunity to actually apply criminal justice theory, knowledge and intervention skills in the "real world" of law enforcement, court or correctional practice. Opportunity is presented to acquire understanding of the criminal justice complex and the service delivery system in the community. This "hands-on" experience enables students to begin to appreciate the need for functional professional relationships, differing organizational needs within the institutional or non-institutional setting, and especially to evaluate their own response to the demands and challenges of actual work in a correctional setting. This is an essential part of the student's program and is absolutely required and can never be waived for graduation from the program.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Practicum

CLAS 101 - Ancient Mediterranean Civilization I: Greece
An introduction to the methodologies of ancient historical study and an account of the growth and development of ancient Greek civilization from the prehistoric to the Roman era.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Course Attributes:
History - Univ Core

CLAS 102 - Ancient Mediterranean Civilization: Rome
An introduction to the methodologies of ancient historical study and an account of the growth and development of ancient Roman civilization from its archeological and legendary beginnings through the Roman republic into the time of the emperors.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Course Attributes:
History - Univ Core
CLAS 120 - From Homer to Plato

This course provides an understanding of the development of ancient Greek culture and history by examining the values, customs, institutions, and major historical events that shaped the Greek world, in particular Athens and Sparta, through primary and secondary source readings. An important goal is to gain insight into the Greek origins of key social, political, and cultural ideas and concepts that have contributed to the formation of Western civilization.

College of Arts & Sciences College
Classics Department
CLAS 161 - From Augustus to Attila
This course aims to provide students with an understanding and appreciation of the roots of Western civilization by exploring the politics and culture of the Roman Empire. This complex period of history will be examined through a study of its history, government, social changes, and prominent personalities. Pre-requisite: CLAS 160
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CLAS 170 - Ancient Egypt & Nubia
The purpose of this course is to acquaint the students with the richness and complexity of the history of Egypt, particularly looking at how its relations with its neighbors changed over time as it looked first in one direction and then another for commercial and political links.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CLAS 171 - Near Eastern Civilization II: Bible Lands
The purpose of this course, one which should be key for an institution such as Xavier, is to explore the integrated histories of the lands of the Bible. Students will read, hear, speak, and write about the history of the early civilizations which jockeyed for power and control of the two great commercial-military prizes: ports on the Mediterranean and control of the Tigris-Euphrates catchments. Pre-requisite: CLAS 170
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CLAS 173 - Introduction to Biblical Hebrew
The purpose of this course is to provide basic instruction in the grammar, vocabulary, and syntax of Hebrew. This course is Classical Hebrew for students of the Old Testament who want to read and translate the Hebrew Bible, use a critical edition, and consult dictionaries, grammars, concordances, and commentaries.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CLAS 174 - Readings in Biblical Hebrew
The purpose of this course is to provide basic instruction in the grammar, vocabulary, and syntax of Hebrew. This course is Classical Hebrew for students of the Old Testament who want to read and translate the Hebrew Bible, use a critical edition, and consult dictionaries, grammars, concordances, and commentaries.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

CLAS 184 - Introduction to Qur'anic and Classical Arabic
This course is designed to give students an introduction to the Arabic of the Qur'an and thus, classical Arabic literature (e.g. hadith). We will cover the rudiments of pronunciation, morphology and syntax so that the student will be able to proceed in further study of the language either on his/her own or in a second semester of college level work. Due to the time constraints of the course, we will not be able to cover the entire scope of Arabic grammar. However, the course will provide students with the background to proceed knowledgeably. Prior exposure to Arabic is not expected.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
**CLAS 205 - Classical Literature & Moral Imagination**

An examination of ethical and social issues drawn from the Greco-Roman past which illuminate contemporary society. Pre-requisite: PHIL 100, THEO 111 Co-requisites: PHIL 100, THEO 111

Course Attributes:
Social Science - Univ Core

**CLAS 277 - Angels & Demons In Western & Near Eastern Antiquity**

This course seeks to examine the origin of angels in hoariest antiquity and trace their development on through into the medieval period. To accomplish this goal, a selection of relevant primary sources will be read in translation (i.e. passages from Plato, the Bible, the Dead Sea Scrolls, etc.). These passages will then be discussed with the goal of identifying the significant angelological developments. Points of contact and/or commonality between the literatures will also be examined. Some of the themes for the course will include: the appearance of angels (when did they get their wings?), the function of angels, the naming of angels, and the number of angels.

3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

**CLAS 285 - Holy Land: Jewish, Christian & Muslim Tradition**

CLAS 285 will introduce students to the historical roots and religious significance of the Holy Land to Judaism, Christianity, and Islam. Course discussions will include the geography and history of the area, and how each of these religions has understood the Land in terms of sacred space, claims of ownership, and relationships with each other. While the historical contexts of the Land are important for a plenary understanding, the primary focus of this course is, naturally, the understanding of the Land as a religious entity. Furthermore, since the Land is the crux of both current and historical religions and political focus and dispute, understanding the origins of the Land's religious significance to the three Abrahamic faiths is profoundly significant. Through completion of this course students will gain a better understanding of this religious history which will inform, ethically and practically, students' own opinions regarding the current geopolitics and their religious consideration of the region.

**CLAS 307 - Intro To Biblical Archaeology**

The course is a survey of the archaeology of the land of Israel from pre-history until the Persian period. We will focus mainly on the Bronze and Iron Ages with particular emphasis on the Iron Age I and II, the pre-monarchic and monarchical periods. A key objective of the course is to understand and evaluate the contributions of the archaeology to the reconstruction of the Israelite history and society and to biblical studies in general. We will begin the course by examining the methods currently utilized in the field of archaeology and then apply them to the study of the material evidence. Historical texts from the Bible and non-biblical inscriptions will be analyzed to ascertain where the written sources converge and diverge from the archaeological data. The material in general will be taught in the wider context of the ancient Near East. Students will have the opportunity to handle artifacts, indentifying and dating them. Class sessions will include slide presentations.

**COMM 197 - A Social & Cultural History of American Movies**
Hollywood has always taken historical themes for some of its most ambitious projects, a trend that has become even more pronounced in the past decade. What has not always been understood is that Hollywood and the development of the American movie industry has been a central element in the social and cultural history of
20th century America. Thus, this workshop has two purposes: to critically examine various film images of American history and equally important, to place Hollywood and its products in the larger context of 20th century American history.

Levels: Undergraduate
Schedule Types: Workshop

Comm 199 - Special Study
An in-depth study of a specific topic or area in communication. Pre-requisite: Permission of advisor/Chair

COMM 222 - Theories of Communication
Nature, purpose, scope, and process of communication. Models, learning, language, and communication theories.
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 224 - Intercultural Communication
This course looks at the variety of ways cultures can influence the way we use and interpret formal and informal communication, and what that means to us as citizens of the world.
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 230 - Principles of Advertising
A comprehensive examination of the advertising process and the principles involved in its preparation and production. Focus is on the three major components of advertising: the audience, the message, and the channels.
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 232 - Desktop Publishing in Advertising
Teaches the student the skills required to produce advertising layouts, newsletters, and presentation materials, using computers and desktop publishing software programs in Xavier University’s computer laboratories.
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

COMM 235 - Desktop Imaging
Students will be given a basic knowledge of and hands-on training in the use of Adobe Photoshop software. 

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 237 - Elements of Copy and Design
Provides fundamental knowledge and skill in advertising copywriting, layout and design. Course topics will include interpreting target audiences, creative concept formulation, advertising copywriting, design and layout. The vocabulary and language associated with graphic design/advertising and production processes will be covered. Students will develop a variety of sample advertisements during the course.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 247 - Understanding New Media
Explores the concepts and theories pertaining to the Internet and other new media technologies, their role in the communication process, and their consequences for society and culture. Issues addressed: content (news to hate speech to pornography), effects (i.e., Internet addiction), commerce (i.e., online shopping and advertising), and democracy (i.e., the digital divide). This course is intended for anyone interested in making sense of new media. Although the ability to use the Internet is expected, this is not a course on how to design web pages or how to improve your surfing skills.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 250 - Screenwriting and Story Craft
Screenwriting focuses on the conceptualization, design, organization, communication strategies, and formatting of messages and experiences for television and film. Story craft focuses on the components of storytelling including drama, narrative and scene development, characterization, and literary techniques that apply to scriptwriting. Pre-requisite: COMM 206.

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 254 - Television Studio Production
Revolves around whole-systems thinking, including the design and development of "live," script-to-screen segments and programs. Skills are developed in the areas of scripting, directing, technical directing, camera operation, floor management, lighting, audio, and video recording. Industry roles & responsibilities are treated, including the strategies for gaining entrance. Pre-requisite: COMM 250.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

Course Attributes:
Fine Arts - Univ Core

COMM 260 - Organizational Communication
Organization theories and key concepts provide the framework for addressing contemporary communication issues and how these issues affect individual, group, and organization performance and effectiveness.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 264 - Persuasion
Teaches consumers of information how to analyze, respond to, and generate persuasive messages. A variety of organizational contexts are examined, including politics, business, religion, and advertising.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
COMM 270 - Principles of Public Relations
An overview of the theories and practices of public relations, its function in organizations, its history and development, and its role in society.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 280 - Alfred Hitchcock in Hollywood
This course is designed for undergraduates and serves as both an in-depth investigation of a major artist and an exploration of American attitudes and institutions during World War II, the Cold War, and the upheavals of the 1960s and early 70s. Students are required to do a significant amount of reading and writing.
2.000 OR 3.000 Credit Hours
2.000 OR 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Communication Arts Department

COMM 289 - Movies & Cities
This course is designed for undergraduates and serves as an introduction to both American urban history and the history of movies. It also acquaints students with interdisciplinary methods. Students are required to do a significant amount of reading and writing.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Communication Arts Department

COMM 297 - America Through the Lens
Films and television programs will be analyzed in order to both identify the cultural and historical messages they contain. The formulas and conventions of Hollywood genres will be examined. This understanding of genre will serve as a primary analytical tool as we de-construct the films and television programs studied in class.
2.000 OR 3.000 Credit Hours
2.000 OR 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Communication Arts Department

COMM 299 - Special Study
An in-depth study of a specific topic or area in communication. Pre-requisite: Permission of advisor/Chair
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

COMM 301 - Presentational Speaking
Preparation and delivery of oral presentations for business and professions. Emphasizes persuasion, evidence, organize sequences, and uses of multimedia aids.
Pre-requisite: COMM 101
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

COMM 310 - The Horror Film
An analysis and history of the horror film, with attention to the myths behind the subject matter. Gender related issues will be emphasized.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

Xavier University 2009-2010 Catalog 304
Course Attributes: Fine Arts - Univ Core

COMM 316 - Photography II
Lecture-lab experience to improve skills in creating and developing quality photographs. Pre-requisite: COMM 216 or approval of instructor.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

Course Attributes: Fine Arts - Univ Core

COMM 322 - Media Theory and Criticism
Explores critical and theoretical approaches to understanding contemporary mass media, including film, television, and new media. Examines a range of perspectives, including Marxist theories, semiotics, feminist theory, political economy, narrative and genre theory, and cyber criticism.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 323 - Race, Class, Gender & the Media
Critically examines the role of the media in enabling, facilitating, or challenging the social constructions of race, class, and gender in our society. Students will acquire analytical skills to explore race, class, and gender issues in media organizations and understand diverse audiences' responses to media representations. They will also learn about some different theories and approaches to doing research on race, class, and gender, and the mass media and develop the ability to speak and write honestly and sensitively about race and gender.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 327 - Interpersonal Conflict Management
An examination of the process and nature of conflict, and an evaluation of various conflict styles. Explores ways of examining and applying conflict management styles in organizational contexts, the principles of negotiation and mediation, and how to apply and evaluate techniques of negotiation and mediation.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

Course Attributes: Peace Studies Minor

COMM 329 - Audience Survey and Research
Examination and survey of gathering, analysis and the uses of audience-related information to create effective messages and campaigns. Review of design, sampling, data collection and statistical analysis. This course reviews quantitative and qualitative research methods most commonly used in the field of communication including broadcast ratings and other syndicated research.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 332 - Media Strategies in Advertising
A study of the characteristics of the various communication media and the methods employed in measuring their relative efficiencies in delivering the advertising message to the target audiences. Pre-requisite: COMM 329
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 334 - Issues in Advertising
Designed to foster a critical understanding of advertising and promotion as an institution, and its role in communication, society, culture, and our economy. Topics
include the continuing dialogue between supporters and critics, confronting issues related to the institution's ethical conduct, regulatory issues, and social responsibility.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 340 - Audio Production & Technology

Technical and theoretical basis. Techniques of tape editing, special effects, commercial production, and documentary production. Lab.
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 354 - TV, Video, and Film Production

Producing video on-location from a script. News, interview, documentary, corporate, and film-style productions are covered, along with the requisite skills in directing, teamwork, camera operation and aesthetics, sound recording, lighting, and non-linear editing. Throughout, the emphasis is on the whole-systems thinking and effective communication. Pre-requisite: COMM 254.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 360 - Advanced Organizational Communication

Critical case study analysis of communication processes and practices. Along with the analysis, students will be expected to construct proposals for interventions. Explores contemporary organizational communication theories. Students will learn the Case Analysis Method and how to apply behavioral interviewing methods for employment and performance appraisals. Pre-requisite: COMM 260
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 362 - Organizational Communication Research

Offers a basic understanding of the methods used to test hypotheses and answer research questions in organizational communication research. Study of how to use focus groups, surveys, and communication audits, how to construct a basic research study, how to critically evaluate industry and academic research, and how to select and evaluate appropriate methodology for a variety of research questions.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 363 - Written Communication in Organizations

Concepts which guide the writing of organizational communication professionals and practical application of those concepts. Standards of correctness are expected.
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 364 - Special Events Planning

This course is designed to introduce students to the process involved in planning, organizing, and executing major events. Pre-requisite: COMM 230 or COMM 240 or COMM 260 or COMM 270
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 371 - Advanced Public Relations Writing
Develops advanced writing skills for public relations programs; gives particular attention to backgrounds, brochures, handbooks, annual and quarterly reports, and scripts for broadcast, AV and film. Pre-requisite: COMM 271 or approval of coordinator
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 372 - Junior Seminar: Publics in Public Relations
A comprehensive seminar course about publics. Students will study a theory of publics and organizational environments that shows how publics arise and become active to the extent that they create a public relations problem for an organization. Pre-requisite: Junior Standing.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 375 - Feature Writing for Publication
Develops skill in writing feature articles for print media. Pre-requisite: ENGL 101 or ENGL 115 plus at least one additional college writing course.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 376 - Public Relations & Fundraising: Nonprofit Organizations
Presents the principles and practices of public relations and fundraising as applied in the nonprofit sector, including such fields as human services, education, health care, the arts and culture, social action, and religion. Pre-requisite: Junior status
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 377 - Corporate Communication in Marketing Mix
Presents the principles and practices of public relations as applied in the business and industrial sector; gives particular attention to such areas as employee relations and unionization, investor relations, marketing communications, and regulatory and governmental affairs. Pre-requisite: Junior status
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Communication Arts Department

COMM 385 - Media, Democracy and the Public
This course examines the role mass media play in creating and sustaining a democratic and civil society. The major emphasis of the course is to understand the current state of the media and their impact on the citizenry and democratic institutions. The course also reviews the historical turning points that gave birth to major media institutions and scrutinize the role media played to convert the "public" into "masses." (P99 Honors Seminar - Open to all majors)
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Communication Arts Department

COMM 398 - Communication Internship I
Internship I provides Communication Arts students in any of the department's majors with hands-on experience in a professional setting related to the major. Students must secure approval for the internship from the department chair prior to beginning the internship. Pre-requisites: Communication Arts major, junior or senior status, and 15 hours of applicable COMM courses completed before the semester in which the student registers for the internship.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Internship

College of Arts & Sciences College
Communication Arts Department

COMM 399 - Special Study
An in-depth study of a specific topic or idea in communication. Pre-requisite: Permission of advisor/Chair
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lab hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Communication Arts Department

**COMM 410 - War & Peace in Literature & Film**

Overview of political issues related to war and peace illustrated with examples from literature and film. Treatment of war and peace in the media from Civil War to Vietnam War.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department

**Course Attributes:**  
Fine Arts - Univ Core

**COMM 411 - Short Story/Short Film**

A detailed study of the film versions of some famous short stories. Comparisons and contrasts will illuminate the author's point of view and the film director's sometimes rewriting of it.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department

**Course Attributes:**  
Fine Arts - Univ Core

**COMM 423 - Gender & Communication**

An examination of gender differences in communication and how they impact our daily lives.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department

**COMM 424 - Non Verbal Communication**

The study of the various components of nonverbal communication and how they greatly influence our lives in many arenas, including the family, politics, and the workplace.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department

**COMM 426 - Media Law & Policy**

Examines laws, statutes and policies as they apply to mass media. This course is designed to provide the student with an understanding of rationale and origins of laws and the policy making process, the challenges policy makers and court systems face forming, implementing and interpreting laws and statutes. Special emphasis will be paid to First Amendment, copyright, trademark and patent issues as they apply to the media and the workings of FCC and FTC.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department

**COMM 430 - Creative Strategies in Advertising**

A study of the theoretical foundations and the process of developing advertising and promotional strategy; methods of utilizing research data for developing and evaluating advertising strategy. Pre-requisite: COMM 332.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Communication Arts Department
COMM 432 - Direct Response Advertising
Examines the structure and organization of direct response advertising. Focus will be on creative methods and research procedures for preparing and evaluating direct advertising campaigns.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 439 - Senior Seminar in Advertising: Campaigns
The capstone advertising course requiring the student to prepare and produce a complete general advertising campaign utilizing concepts learned in previous advertising courses. Pre-requisites: COMM 332; senior status.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Communication Arts Department

COMM 451 - Introduction to Video Graphics
Creative elements of conceptualizing, generation, and 2D animation within a high resolution paint system. Integration of paint system with live/video and character generation.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

Course Attributes:
Fine Arts - Univ Core

COMM 452 - Aesthetics & Techniques of Post-Production
Rules and principles involved in the art of video post-production. Through practice and hands-on instruction, this course explores cinematic grammars and a variety of storytelling strategies and techniques. Pre-requisite: COMM 354.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 454 - Introduction to Non-Linear Video Editing
Teaches students how to use the AVID, non-linear editing system; also covers aesthetics and editor-client interaction. Pre-requisite: COMM 250
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department

COMM 459 - Senior Seminar in Electronic Media Advanced Production
This capstone course calls into play the full range of theoretical knowledge, creativity, skills, and talents that students developed in the lower-level production courses. Students design and produce professional quality, scripted videos or a whole program. Pre-requisite: COMM 452; senior standing.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Communication Arts Department

COMM 467 - Current Issues in Organizational Communication
An in-depth look at the most important communication problems and challenges facing organizations today.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Communication Arts Department
COMM 469 - Senior Seminar: Organizational Communication

The capstone course of the organizational communication major, this course asks students to use and reflect on the theories and skills they have learned throughout the major to complete a senior project. Pre-requisite: Senior Standing and COMM 360.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Communication Arts Department

COMM 471 - Writing for Corporate Communications

Develops skills in writing position papers, executive speeches and other top-level corporate communications. Pre-requisite: COMM 206
3.000 Credit Hours
3.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

COMM 477 - Public Relations Ethics in Society

A comprehensive course that examines the major ethical and legal principles that guide the responsible practice of public relations in American society. Pre-requisite: COMM 270; junior or senior standing.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Communication Arts Department

Course Attributes:
ERS Focus Elective

COMM 479 - Senior Seminar: Public Relations Management

Presents management theories and techniques as applied to public relations activities and functions; workshop approach provides students skills for developing public relations campaigns. Pre-requisite: 18 hours of previous work in public relations major, including COMM 270; Senior status
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Communication Arts Department

COMM 498 - Communication Internship II

Internship II provides Communication Arts students in any of the department's majors with advanced hands-on experience in a professional setting related to the major. Students must secure approval for the internship from the department chair prior to beginning the internship. Pre-requisite/co-requisite: COMM 398
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Internship

College of Arts & Sciences College
Communication Arts Department

COMM 499 - Special Study

An in-depth study of a specific topic or area in communication. Pre-requisite: Permission of advisor/Chair
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Communication Arts Department

CSCI 000 - Undesignated Comp Science

This course number is used when posting transfer credits from other colleges.
0.000 TO 12.000 Credit Hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department
**CSCI 170 - Computer Science I**

This course is an overview of computer science. Topics include problem solving and algorithms, machine architecture, operating systems, assembly language, higher level programming languages, compilers, limits of computation, networking, applications, and social/ethical issues.

3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 174 - Programming in "C"**

Introduction to the basic syntax of C through a series of weekly two-hour laboratory exercises and programming projects. Pre-requisite: CSCI 170, CSCI 180 or consent of instructor.

1.000 Credit Hours  
1.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 175 - C/C++**

3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 180 - Computer Science II**

Program design: advanced syntax of a programming language; dynamic memory; recursion; sorting; searching; stacks; queues; social and ethical issues related to software design and reliability. Pre-requisite: CSCI 170.

3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 181 - Computer Science Lab**

Introduction to the syntax of a programming language and to program design techniques. Co-requisite: CSCI 180.

1.000 Credit Hours  
1.000 Lab hours

**Levels:** Undergraduate  
**Schedule Types:** Lab

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 210 - Machine Organization & Assembly Language**

Machine level representation of data, assembly level machine organization, memory system organization and architecture, number representation and errors, assembly language. Pre-requisite: CSCI 170.

3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 220 - Data Structures & Algorithms**

Trees, hashing, advanced sorts, numerical algorithms, algorithm analysis, algorithm design and problem solving strategies. Pre-requisite: CSCI 180, MATH 180.

3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**CSCI 250 - Languages & Automata**

Finite-state-automata and regular expressions, context-free grammars, pushdown automata. Turing machines, computability and undecidability, complexity classes. Pre-requisite: MATH 180, CSCI 170; CSCI 180 is also recommended.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 260 - Software Engineering
Software development process; software requirements and specifications; software design and implementation; verification and validation.
Pre-requisite: CSCI 220.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 300 - Programming Languages
History of programming languages; virtual machines; sequence control; data control; scoping; parameter passing; sharing and type checking;
run-time storage management; programming language semantics; programming paradigms. Includes a brief introduction to several different languages
as examples of paradigms.
Pre-requisite: CSCI 220, CSCI 250.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 310 - Compiler Construction
Study of grammars, syntax, semantics, interpreters, and compilers. Including the construction of a simple language and a compiler/interpreter.
Pre-requisite: CSCI 220, CSCI 250; CSCI 260 is also recommended.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 320 - Operating Systems
Operating system software and hardware design and implementation; tasks and processes; process coordination, synchronization, and scheduling;
physical and virtual memory organization; file systems and naming; security and protection.
Pre-requisite: CSCI 210, CSCI 220; CSCI 260 is also recommended.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 321 - Numerical Analysis
Accuracy; function evaluation and approximation; systems of linear equations; nonlinear equations; numerical differentiation and integration;
solutions to differential equations.
Pre-requisite: CSCI 180, MATH 171
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 322 - Operating Systems Lab
1.000 Credit Hours
1.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 335 - Databases
Database systems are the software systems used to manage large volumes of data. The principles of database systems, hardware characteristics,
file organization and evaluation, data models, database schemas, etc., are studied from both a theoretical and practical viewpoint. The emphasis
will be on solving the problems encountered in designing and using a database system, regardless of the underlying hardware and operating
system on which the database system will run.
Pre-requisites: CSCI 210, CSCI 220, MATH 180.
CSCI 340 - Networking
Principles of abstraction underlying modern networks with an emphasis on the technologies underlying the Internet. Applications, transport protocols, routing protocols, network protocols and link protocols will be covered. Problem solving, including programming, at all layers of the networking model will be emphasized.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 350 - Advanced Algorithms & Theory
Advanced algorithm design and analysis of algorithms; NP-Completeness, parallel algorithms; heuristic techniques for intractable problems. Pre-requisite: CSCI 220; CSCI 250 is also recommended.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 370 - Artificial Intelligence
Methods of problem solving in artificial intelligence. Heuristics, evaluation functions, search strategies, and a survey of AI projects. Introduction to LISP or other language used for AI programming. Pre-requisite: CSCI 220.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 380 - Topics in Computer Science
Advanced computer science topics, specified by instructor.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 390 - Senior Seminar & Project
Design, implementation, documentation, and presentation of a significant computer science project. Pre-requisite: Senior Computer Science major

Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 395 - Co-Op Education in Computer Science
Integrates professional work experience with classroom training by providing students with advanced hands on work experience in a real software engineering environment under the direct supervision of a professional software developer. Pre-requisite: CSCI 170, CSCI 180, CSCI 181, CSCI 210, CSCI 220, CSCI 260, COMM 207. Student must meet Co-Op program requirements and have the approval of their departmental advisor.

Levels: Graduate, Undergraduate
Schedule Types: Practicum
College of Arts & Sciences College
Mathematics & Computer Science Department

CSCI 397 - Special Reading in Computer Science
Credit by arrangement with instructor.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Mathematics & Computer Science Department

**ECON 001 - Undesignated Econ Elective**  
This course number is used when posting transfer credits from other colleges.  
0.000 TO 18.000 Credit Hours  
Levels: Undergraduate  
Schedule Types: Lecture  
Williams College of Business College  
Economics Department

**ECON 200 - Microeconomic Principles**  
Principles governing the efficient allocation of the nation's scarce resources. Economic behavior of consumers, producers, and resource owners.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  
Williams College of Business College  
Economics Department  
Course Attributes:  
Environmental Studies Minor, Social Science - Univ Core

**ECON 201 - Macroeconomic Principles**  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  
Williams College of Business College  
Economics Department  
Course Attributes:  
Social Science - Univ Core

**ECON 209 - Economics and Public Issues**  
Analysis of a series of public issues from economic and ethical perspectives. ECON 209 does not count as either an economics elective or a business elective, but does count as an E/RS Focus elective. Pre-requisite: PHIL 100, THEO 111; Co-requisite: PHIL 100, THEO 111.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  
Williams College of Business College  
Economics Department  
Course Attributes:  
ERS Focus Elective, Social Science - Univ Core

**ECON 300 - International Trade & Business Environment**  
An analysis of International Trade and Finance; the behavior of the multinational enterprise; the impact of the global economy on traditional business strategies. Pre-requisite: ECON 201.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Lecture  
Williams College of Business College  
Economics Department

**ECON 303 - Co-Op Education/Economics: Jr**  
An elective cooperative experience where students earn academic credit while performing approved economic-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.750 GPA, departmental approval.  
3.000 TO 6.000 Credit Hours  
3.000 TO 6.000 Lecture hours  
Levels: Undergraduate  
Schedule Types: Practicum  
Williams College of Business College  
Economics Department

**ECON 305 - Microeconomic Analysis**
An in-depth study of consumer behavior, production costs, the firm, market structure, factor markets, and general equilibrium analysis. Pre-requisite: ECON 201.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 306 - Macroeconomic Analysis

Theoretical foundations of macro models integrating real and monetary sectors in both open and closed economies. Controversies in modern macro theory, with emphasis on business cycle theory. Pre-requisite: ECON 201.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 315 - History of Economic Thought

Ideas and theories of major contributors to economic thought, including, Smith, Mill, Marx, and Keynes. Primary sources will be used. Pre-requisite: ECON 201, PHIL 100, THEO 111.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

Course Attributes:
ERS Focus Elective, Social Science - Univ Core

ECON 316 - Globalization

Over the last decade globalization has been the cause of much hope and promise; at the same time it has been the cause of the student, worker, and environmentalist protests all over the world. The course will be an interdisciplinary examination of the political, cultural, economic, theological, and ethical dimensions of globalization. It will be team-taught by faculty from economics, political science, theology and the E/RS program. There will also be a number of invited experts from the US and abroad who will meet with the class.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

Course Attributes:
Environmental Studies Minor, ERS Focus Elective, Peace Studies Minor

ECON 320 - Natural Resource Economics

Economic analysis of managing the environment and allocating natural resources. Historical roots and ethical consequences of existing problems and policies are explored. Pre-requisite: ECON 200, PHIL 100, THEO 11; Co-requisite: PHIL 100, THEO 111.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

Course Attributes:
Environmental Studies Minor, ERS Focus Elective

ECON 323 - Introduction to Mathematical Economics

Synthesis of mathematical techniques and economic theory. A mathematical review of economic models, static equilibrium, comparative statics, optimization, dynamic analysis, and mathematical programming. Pre-requisite: ECON 201, MATH 150.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 330 - Comparative Economic Systems

Study of systemic properties of alternative capitalist, socialist, traditional, and utopian economies. Pre-requisite: ECON 201.

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 340 - U.S. Economic History
Economic evolution of the U.S. from colonial times to the present. Pre-requisite: ECON 201.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 341 - Economy of Developing Countries
Analysis of the main problems of developing countries, methods of generating growth and development, and consideration of the international distribution of wealth. Pre-requisite: ECON 201.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

Schedule Types: Lecture

Williams College of Business College
Economics Department

Course Attributes:
Gender & Diversity Studies Min

ECON 350 - Business Cycles & Forecasting
The study of macroeconomic theories that explain business cycles and use of macroeconomic data and economic indicators that can be used to predict cycles. The development of statistical tools for forecasting economic trends and fluctuations.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 360 - Economics and Politics
This course introduces students to the economic analysis of political decision-making by modeling and examining policy choices as the outcomes of strategic interactions among people. Topics include rational choice theory, models of electoral competition, the role of institutions in policy making, general and special-interest politics, partisan politics and international policy coordination.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 390 - Topics in Economics
Selected problems. Examples include: energy, natural resource, environmental and urban economics. May be taken for credit more than once. Pre-requisite: ECON 201.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 403 - Co-Op Education/Economics: Sr
An elective cooperative experience where students earn academic credit while performing approved economic-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed 2.750 GPA, departmental approval required.
3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Lecture hours

Levels: Undergraduate

Schedule Types: Practicum

Williams College of Business College
Economics Department

ECON 410 - Empirical Analysis in Economics
The construction and testing of economic models. Emphasis given to linear regression techniques, special problems in estimating economic relationships, and interpretation of results. Pre-requisite: ECON 305 or ECON 306, STAT 200.
3.000 Credit Hours
3.000 Lecture hours

Xavier University 2009-2010 Catalog 316
Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 430 - Industrial Organization
Basic conditions, market structures, conduct and performance of American industry. Public policy related to the problems of monopoly and business conduct. Pre-
requisite: ECON 305.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 440 - Public Economics
Study of economic efficiency, distribution and role of government in the economy. Topics include: market failure, public and private provision of public goods, an
analysis of the principles of government expenditure and taxation. Pre-requisite: ECON 305.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 450 - International Economics
Basis for trade between nations. Barriers to trade. Balance of payments. Exchange rate determination. Monetary and fiscal policies in an open economy. Pre-
requisite: ECON 305, ECON 306; Co-requisite: ECON 306.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 460 - Labor Economics
Analysis of labor market behavior. Issues of compensation, human capital investment, unionization, discrimination, and the influence of the labor market on the
macro economy. Pre-requisite: ECON 305.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 495 - Markets, Strategy & Rivalry
Applied microeconomic analysis for decision-making within the business firm. Topics include pricing decisions, internal labor issues, and external market pressures.
Pre-requisite: ECON 305, STAT 200.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

ECON 499 - Tutorial Course
Special reading and study for advanced students. Approval of department chair and dean required.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Practicum

Williams College of Business College
Economics Department

ECON 500 - Microeconomic Analysis
Introduction to the economic way of thinking: scarcity, choice, opportunity cost, comparative advantage, and supply and demand analysis. Economic decision-
making of individuals and firms in market economies. Impact of market structure on performance and behavior of firms. Concepts of economic efficiency and market
failure.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

**ECON 501 - Macroeconomics Analysis**

Economic activity of the economy as a whole. The determination of an open economy's aggregate output, employment, and price level. The role of public policy in relation to issues of full employment, price stability, economic growth, government finance, and international trade.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

**ECON 600 - Managerial Economics**

Economic analysis as applied to practical business operations. Topics include demand analysis, forecasting, cost analysis, and pricing techniques. Pre-requisite: ECON 500, ECON 501.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

**ECON 601 - Global Economic Environment**

Description and analysis of macroeconomics policies in a global environment, with emphasis on how international trade and capital flows affect the impact of monetary, fiscal, and supply-side policies on traditional macroeconomic variables. Pre-requisite: ECON 500, ECON 501.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Economics Department

**ECON 603 - Business Cycles & Global Macro**

The course will focus on (1) the causes of business cycles, integrating the real and financial sectors in a global economic framework; and (2) the fiscal and monetary policy implications associated with business cycle theory. Particular attention will be given to the Fed's policy responses to the 2008-2009 crisis and economic recession.

Education Department

EDAD 548 - Principalship

This course is designed to incorporate both administrative theory and practice, especially as it relates to the role of the principal. There is a special emphasis on the changes in the role of principal as a result of demographic changes in society, state and local regulations, and in schools. Students will be exposed to information that is viewed as relevant and unique to the administration of schools. The information is based in part on legal and regulatory requirements that have been identified as essential for beginning administrators. The Conceptual Framework will be based on The Interstate Standards (ISLLC) and will be consistent with NCATE standards.

EDCO 762 - Intellectual & Personality Assessment

Emphasis is placed on methods of administering and interpreting individual and group standardized tests. Evaluation techniques of mental and emotional status, including use of assessment procedures and diagnosis and treatment planning are reviewed. Restricted to Community Counseling majors.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDCO 763 - Diagnosis of Psychopathology

A conceptual overview of the foundations of psychodiagnosics. Exposure to both psychodynamic concepts and theory as well as behavioral, descriptive diagnosis as advocated by the DSM IV-R. This includes the development of a framework for identifying the signs and symptoms of psychosis, personality disorders, and neuroses in children, adolescents, young, and middle-life adults, and the aged. Restricted to Community Counseling majors.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDCO 764 - Counseling and Psychotherapy

Theoretical and applied understandings of the psychotherapeutic process including the study of the psychological methods of intervention such as person-centered, psychodynamic, hypnotherapy, and psychotherapy. Also covered are educational intervention methods such as rational-emotive therapy, reality therapy, and psychosocial rehabilitation. Restricted to Community Counseling majors.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDCO 765 - Crisis Counseling

An examination of issues and skills involved in assisting clients to deal with crisis situations. The progression and symptomatology of crisis functioning are presented with models and techniques for appropriate psychological, educational, and specialized intervention techniques for use with clients. Restricted to Community Counseling majors.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDCO 766 - Intervention Skills for Severly Mentally Disabled

Specific interventions and treatment strategies with severely mentally disabled individuals in both individual and group settings including developing and implementing a treatment plan, reporting and assessing progress of treatment, appropriate psychological, educational, and specialized intervention techniques for use with clients. Restricted to Community Counseling majors.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDCO 773 - Counseling Practicum II

A supervised training experience providing individual or group counseling to bona fide clients seeking services from counselors. Pre-requisite: EDCO 669. Restricted to Counseling or Community Counseling majors.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

EDEC 210 - Early Childhood Development

Specific study of children ages three to eight, developmental differences in young children, growth and health, developmentally appropriate practice in educational settings, assessment practices with young children. Pre-requisite: EDFD 100, EDFD 110.

3.000 Credit Hours
3.000 Lecture hours

EDEC 454 - EC Cohort Student Teaching

The student teaching experience in the early childhood education program is one semester in duration, spent in one classroom at the preschool through primary level. Placement site is determined by prior field placements at different grade and demographic settings. Range of placements include pre-school classrooms, kindergarten classrooms, first, second, third, or multi-age classrooms. Settings will include public, private, religious, urban, and suburban schools and centers. Students are placed in settings which have signed agreements with Xavier University for such placements as described above. Student teaching is under the daily guidance of a qualified cooperating teacher and regular supervision visits from the assigned University supervisor.

EDFD 251 - Instructional Technology

Methods and management for integrating educational technologies into the instructional design process and curricula. Applications will include, but not be limited to word processing, spreadsheet databases, CD-ROMs, multimedia presentation software, educational software, Internet and other technological hardware resources and media. Assistive technologies for children with disabilities.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
EDFD 260 - Cultural Diversity in Education
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDFD 499 - Special Study
Permission of department chair required.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDFD 500 - Social, Historical, Philosophical Foundations of American Education
The major philosophical, historical, and social influences affecting education in American society. Incorporates professional ethics and values for administrators.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDFD 501 - Philosophy of Education
The historic development of educational philosophy and theories. Evaluation of major current philosophies. Societal differences.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDFD 502 - History of American Education
Colonial period, the early national period, educational developments of the 19th century, the 20th century, the political, social, economic scene. Multicultural society.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDFD 503 - Advanced Educational Psychology
Major aspects of child, adolescent and adult growth and development. The learn process and factors influencing learning.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDFD 504 - Psychological & Learning Theory & Practice
Curricular and instructional decisions on research applied theory, informed practice, and recommendations of learned societies with regard to cognitive development, human development, learning styles, contemporary methodologies, and content priorities. Students needs based on gender, ethnicity, culture, social class, and exceptionailities.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
**Education Department**

**EDFD 505 - Educational Administration**

Relationships of the federal, the state, and the local government to public and private education. Administrative functions as operable in the elementary, middle and secondary school. Multicultural implications.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 507 - Educational Research**

Methodology of educational research. Statistics in research. Locating educational research. Co-requisite: EDFD 508

2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 508 - Educational Research Paper**

This course is taken in conjunction with EDFD 507 and requires a research project and paper. Co-requisite: EDFD 507

1.000 Credit Hours
1.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 510 - Advanced Human Development & Learning**

An advanced course presenting theories on human growth, development, and learning. Students will apply theories in course activities including observations, media presentations, and film reviews. Students will develop and demonstrate observational skills and practices in writing educational reports. Students will develop an understanding of thematic stages of development and their application to life-long learning from birth to adolescence. Students will demonstrate an understanding of the physical, cognitive, and social/emotional domains of development and the developmental effects of family, culture, and other environmental factors. Required field experience in diverse settings - 5 hours.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 560 - Cultural Diversity in Education**

This course introduces students to various issues embedded within the concepts of diversity, education and a pluralistic society. Students will gain an understanding of the change in demographics within our society and how they are reflected in the process of schooling.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 572 - Educational Technology**

Computer technology for school management within the administrative functions of pupil personnel, staff personnel, financial management, and non-instructional services.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDFD 576 - Ethics for Educators**

This workshop offers a means of professional and personal development appropriate for educators as they face ethical difficulties, moral dilemmas, value conflicts and challenges. Lecture, discussion, problem-solving, role-playing, field based experiences, video, journal, essays, and short fiction.

2.000 Credit Hours
2.000 Other hours

**Levels:** Graduate

**Schedule Types:** Workshop

Coll of Social Sci Health & Ed College
Education Department

EDHE 288 - Personal & Community Health
Skills needed to meet challenges to health and optimize over-all well-being. Areas of health that emphasize self-empowerment, prevention, and an understanding of the health impact of human diversity and the importance of thinking critically. Developing healthful habits. Active managers of individual health care. Techniques to change behavior. The latest and most accurate health information. Apply critical thinking skills to health information.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDHE 387 - Current Issues & Ethics in Health Education
Health aspects of human sexuality specific to sexually transmitted diseases, HIV infection, AIDS, and on death, dying, and the bereavement process. Pollution and health. Threatening technological advances to human life. Biomes of the world, and ecological and environmental issues.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDHE 461 - Environmental Health
Various types of pollution, technological advances and their effect on an individual's health and environment.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College

Education Department

Course Attributes:
Social Science - Univ Core

EDMC 325 - Arts in Education: Middle Childhood
Art, music, and drama integrated into the middle school curriculum. Pre-requisite: EDFD 100, EDFD 110, EDMC 212, EDMC 340.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDMC 340 - Middle School Philosophy & School Organization
The varied roles of the middle school teacher in the school community. Goals, philosophy and mission of middle childhood education. Pre-requisite: EDFD 100 and 200 level courses
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDMC 345 - Introduction to EDMC Collaboration/Classroom Management
Collaborative nature of middle school structure and teaching. Interdisciplinary teaming. Effective teaching and management strategies. Field experiences. Pre-requisite: EDFD 100 and 200 level courses
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDMC 351 - EDMC Language Arts Curriculum/Pedagogy & Assessment
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDMC 352 - EDMC Math Curriculum/Pedagogy & Assessment
Mathematics in the Middle School. Teaching strategies, management techniques, methods, model curricula, assessment, and integration with other subject fields. Classroom, clinical, and field settings. Pre-requisite: EDFD 100 and 200 level courses, EDMC 340.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department
EDMC 353 - EDMC Science Curriculum/Pedagogy & Assessment

Theory and research will provide a foundation for science teaching. Hands on active teaching strategies; integration of science content; the nature of science; use of electronic educational technology; science and society issues; assessment for student outcomes; classroom management and safety for the science classroom. Pre-requisite: EDFD 100 and 200 level courses, EDMC 340.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMC 354 - EDMC Social Studies Curriculum/Pedagogy & Assessment

Content of social studies disciplines integrated into a comprehensive plan of instruction. Age appropriate methods, curricula, and assessment for the middle school learner. Classroom, clinical, and field settings. Pre-requisite: EDFD 100 and 200 level courses, EDMC 340.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMC 360 - Middle School Math Strategies

Mathematics in the middle school. Emphasis on content knowledge, teaching strategies, activities and resources to enable middle childhood math teachers to align their curriculum to the standards using a constructivist approach to mathematical learning.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMC 455 - Student Teaching: Middle School

Fifteen week student teaching. Grade level chosen to broaden experience within 4-9 grade range. Both concentration fields taught. Focus on knowledge and skills expected for entry year teachers in the State of Ohio. Student teaching supervised and evaluated by cooperating teachers and university supervisors. Reflection and analysis emphasized. Pre-requisites: EDFD 100 and 200 level courses, EDMC 300 level courses; Co-requisites: EDMC 456, Successful passing of one Subject Area Praxis Exam.

11.000 Credit Hours
11.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Education Department

EDMC 456 - Seminar: Current Issues in EDMC

This seminar will address pertinent issues to teacher certification, professional development and career preparation for the middle childhood teacher. Pre-requisite: EDFD 100, 200, 300 level courses, EDMC 100, 200, 300 level courses; Co-requisite: EDMC 455

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

Coll of Social Sci Health & Ed College
Education Department

EDEC 560 - Middle School Math Strategies

Mathematics in the middle school. Emphasis on content knowledge, teaching strategies, activities and resources to enable middle childhood math teachers to align their curriculum to the standards using a constructivist approach to mathematical learning.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDME 305 - Kindergarten Methods & Materials I

Research child development and classroom practice. Communicate knowledge of child development to parents. Understand how affective development is enhanced by creative arts, and how the arts enrich the curriculum. Literacy development, and language practices in young children. The history of kindergarten, and issues in practice today.

EDME 499 - Montessori Erdkinder
This is a six day course on a working farm in North Carolina. Our stay on the farm will include riding and caring for the horses, working with other farm animals, learning about organic and sustainable farming, and learning typical crafts such as carving and knitting. During this experience participants form a strong community through seminars on stewardship and sustainability, shared work projects and activities that illustrate the cycle of life and death. This course is based on the writings of Dr. Maria Montessori and her belief that through purposeful work with the hand, the mind and spirit of the child develop.

EDME 512 - Montessori Classrooms: Structure & Organization

This course is designed to support the mission statement of the Department of Childhood Education & Literacy by following up on the Curriculum Development course taken the previous summer and emphasizing the development of support for school-family communication structures through the development of a handbook and school policies. Through readings and Socratic seminars, the candidates also explore the management of the open classroom designed for a diverse group of adolescents and that leads the adolescent to be responsible and respectful.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 513 - Secondary Montessori Classrooms: Curriculum Development

This course is designed to make future teachers better develop curriculum and coursework for a diverse population of adolescents through readings and experiences. It is expected that the candidate has an expert knowledge of the subject area in which he/she will create curriculum. Through examples of other curricula, candidates will be expected to create work for the adolescents that includes differentiation so all types of learners can be successful. Through excellent readings and the guidance of several teachers in this course, students are expected to create curriculum that inspires the adolescent, creates a curiosity about the subject matter, that connects the subject matter to the real world, and that meets state and local standards.

6.000 Credit Hours
6.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 516 - Montessori Pedagogy of Place

This course will follow-up on the groundwork laid in the Erdkinder EDME 499 course. Through a variety of readings and hands-on experiences students will learn how to encourage thoughtful yet provocative Socratic discussions. Candidates in this course take part in an urban adaptation to the Erdkinder course, in this case the study of the history and ethnic neighborhoods of Cincinnati, and at the same time create, develop, and write a Pedagogy of Place course that they will implement in their own school settings. As with all courses in this program, this course emphasizes the Erdkinder values of Peace, Community, Hardwork, Respect, and Peace. The courses that students develop are required to be highly rigorous academic field studies that inspire the student by helping them invest in the local community and by allowing them access to experts and community organizers who care deeply about their neighborhoods.

EDME 555 - Montessori Cultural Subject Method
Instructional strategies for the development of social studies and science skills.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 556 - Montessori Integration of Curriculum: Primary
Planning integrated curriculum for young children. Topics that will be covered are: plant science, animal science, physical science, social studies, special needs children, and African American studies.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 557 - Montessori Language Enrichment
To learn an approach to assist the speaking, listening, reading, and writing abilities of the 3-12 year old child in a Montessori environment with a whole language approach and a Cosmic (holistic in nature) curriculum focus.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 559 - Full Day Child Care Methods
Research supported theories and issues concerning developmentally appropriate practices for early childhood centers, birth to eight years of age. Topics include: Day Care Licensing, transitions, administration, use of community resources, children's home experiences, child abuse, program planning, making adaptations for the special needs child, and parent involvement. Students will participate in field experiences in classrooms with children from births to eight years of age.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 563 - Early Cognitive Development
Study of early childhood development. The course will include basic development theories and recent research in development.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
EDME 564 - Early Childhood/Montessori Methods

Instructional strategies for the development of the senses, gross motor, fine motor, independent living activities, art, and music.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 566 - Montessori Curriculum Design & Teaching Strategies I: Early Childhood

Planning integrated curriculum for young children. Topics that will be covered are: plant science, animal science, physical science, social studies, special needs children, and African American studies.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 567 - Montessori Curriculum Description & Teaching Strategies II: Early Childhood

Planning of integrated curriculum for early childhood programs with special emphasis on science, social studies, math and language.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 570 - Montessori 9-12 Math Curriculum

This course will introduce the student to the following: decanomial, square root, divisibility, cross multiplication, fractions, decimals, percentage, ratio, integers, algebra, cubing and cube root.
4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 571 - Montessori 9-12 Geometry Curriculum

The student will study advanced geometry that include such topics as polygons, area, Pythagorean theorem, and the study of volume.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 572 - Montessori 9-12 Geography & History Curriculum

Research all aspects of geography and history. To learn the relationships between geography and history.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDME 573 - Montessori 9-12 Botany & Zoology Curriculum

An advanced study of plants and animals will be introduced in this course. The role that plants and animals have in the universe.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
EDME 574 - Montessori 9-12 Physical Science Curriculum
Experiments will help a child understand the mysteries of the universe. The student will study chemistry, geology, meteorology, and physics.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDME 575 - Montessori 9-12 Language & Children’s Literature
The class will mirror the integration of language in the classroom. A rich literature-based program will be introduced into the child's environment. Emphasis on writing skills.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDME 576 - Phonics Skills for Early Childhood
Introductory course examining the child’s development of language from birth to nine years of age. Instruction in how to teach phonics is the main emphasis in this course. Phonics will be integrated into the exploration of reading and writing skills.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDME 577 - Early Childhood Math & Science
Instructional strategies for teaching math and sciences to children from ages three to eight years of age.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDME 670 - Montessori Primary Practicum I
Student teaching for fifteen weeks. The student must be in the classroom from 8:30 until 3:30 five days a week.
3.000 Credit Hours
3.000 Other hours
Levels: Graduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Education Department

EDME 671 - Montessori Primary Practicum II
Second semester of student teaching. The students will be in the classroom from 8:30 until 3:30 five days a week.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Education Department

EDME 673 - Montessori Early Childhood Practicum I
This course is the first semester of a two semester practicum. The student will work in both urban and suburban settings.
3.000 Credit Hours
3.000 Other hours
Levels: Graduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Education Department

EDME 674 - Montessori Early Childhood Practicum II
This course is the second semester of a two semester practicum.
3.000 Credit Hours
3.000 Other hours
EDME 911 - Observation: Key to Classroom Behavior
Independent course that helps the student to observe in his/her classroom. Reflective journaling, timed observation and assessment tools are part of the curriculum.
1.000 Credit Hours
1.000 Lecture hours

EDME 912 - Montessori Method Enrichment
This course serves to enrich and refine the Montessori classroom teacher's skills. It is designed for the student to pursue a specific topic or project in Montessori education. This independent study will be completed under the supervision of a full-time faculty member. The specific requirements and number of credit hours will be determined by the professor and approved by the program director and department chairperson.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

EDMS 100 - Field Experience
This course will provide structural field experiences in the middle or secondary school setting under the direction of and supervision of faculty. Weekly seminars are held on campus. Open to Graduate Students, ONLY. Field experience required.
1.000 Credit Hours
1.000 Lecture hours

EDMS 112 - Solar System Astronomy
This course will discuss the scientific evidence concerning the origin of our solar system and the process by which we have come to our conclusions, but also how this knowledge helps us to realize our place in the Universe...how and where we fit in...and how we relate to the rest of the Cosmos. This course will challenge you to question your own beliefs in light of the scientific advances in our understanding of how the Universe works.
3.000 Credit Hours
3.000 Lecture hours

EDMS 131 - Professional Education
This course provides an introduction to the teaching profession through a philosophical, historical and multicultural approach. The student will examine beliefs, motives, values and behaviors as they relate to the teaching profession. Field experiences are required.
3.000 Credit Hours
3.000 Lecture hours

EDMS 207 - World & Cultural Geography
This course will provide students an understanding of the realms and regions of the world, including specifics of structure, location and issues.
3.000 Credit Hours
3.000 Lecture hours

EDMS 325 - Methods/Curriculum/Assessment in Foreign Language
The methods, materials and current trends in teaching foreign languages in grades K - 12 will be studied. Field experiences are required. Pre-requisite: Permission of the Director of Secondary Education, Oral Proficiency Test.
3.000 Credit Hours
3.000 Lecture hours
EDMS 330 - Methods/Curriculum/Assessment in Mathematics

This course provides an introduction to the teaching methodologies, assessment techniques and curricular issues as they pertain to the teaching of mathematics. Field experiences are required. Pre-requisite: EDMS 131

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 331 - Methods/Curriculum/Assessment in English Language

This course provides an introduction to curricular content, teaching methodology and assessment techniques as they pertain to candidates preparing for initial licensure in the teaching of English language arts. Field experiences are required. Pre-requisite: EDMS 131

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 332 - Methods/Curriculum/Assessment in Sciences

This course provides an introduction to teaching methodologies, safety issues, assessment techniques and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of science. Field experiences are required. Pre-requisite: EDMS 131

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 333 - Methods/Curriculum/Assessment in Social Studies

This course provides an introduction to teaching methodologies, safety issues, assessment techniques and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of social studies. Field experiences are required. Pre-requisite: EDMS 131

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 335 - Methods/Curriculum/Assessment in Ancient Language

This course provides an introduction to the teaching methodologies, assessment techniques, and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of Ancient Languages. Field experiences.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 350 - Technology & Topics for Education

This course explores topics which include technology in education, school law and teacher liability, classroom management, discipline and instructional planning.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDMS 411 - Clinical Experiences: Secondary

Clinical experiences in the school, among childhood and middle school learners, and adolescent to young adult learners. Diagnosis of learning problems. Remediation. Assessment techniques and best practices. A weekly seminar. Field experiences are required.

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar
EDMS 470 - Student Teaching: Secondary

A weekly seminar and daily laboratory experience in secondary school teaching for one semester under a licensed master teacher. Prior to registration, the student must make a formal application by the stated deadline and meet the GPA and other requirements on file in the Education Department.

9.000 Credit Hours
9.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lab

EDMS 471 - Student Teaching: Multi-Age

A weekly seminar and daily laboratory experience in the elementary and in the secondary school teaching for the entire semester under licensed master teachers. Prior to registration, the student must make a formal application by the stated deadline and meet the GPA and other requirements on file in the Education Department.

9.000 Credit Hours
9.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

EDMS 500 - History & Philosophy of Education in the U.S.

This course offers a foundation of education from two perspectives: history and philosophy; it effectively melds the two disciplines in an interdisciplinary manner as grounding for the field of education in the United States. Emphasis will be placed on surveying both areas and will employ technology, library resources, and critical thinking skills (that is, information fluency) in its approach.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDMS 512 - Solar System Astronomy

This course will discuss the scientific evidence concerning the origin of our solar system and the process by which we have come to our conclusions, but also how this knowledge helps us to realize our place in the Universe...how and where we fit in...and how we relate to the rest of the Cosmos. This course will challenge you to question your own beliefs in light of the scientific advances in our understanding of how the Universe works.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDMS 525 - Methods/Curriculum/Assessment in Foreign Language

The methods, materials and current trends in teaching foreign languages in grades K - 12 will be studied. Field experiences are required. Pre-requisite: Permission of the Director of Secondary Education, Oral Proficiency Test.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDMS 530 - Methods/Curriculum/Assessment in Mathematics

This course provides an introduction to the teaching methodologies, assessment techniques and curricular issues as they pertain to the teaching of mathematics. Field experiences are required.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

EDMS 531 - Methods/Curriculum/Assessment in English Language

This course provides an introduction to curriculum content, teaching methodology and assessment techniques as they pertain to candidates preparing for initial licensure in the teaching of English language arts. Field experiences are required.

3.000 Credit Hours
3.000 Lecture hours
EDMS 532 - Methods/Curriculum/Assessment in Sciences
This course provides an introduction to teaching methodologies, safety issues, assessment techniques and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of science. Field experiences are required.
3.00 Credit Hours
3.00 Lecture hours

EDMS 533 - Methods/Curriculum/Assessment in Social Studies
This course provides an introduction to teaching methodologies, assessment techniques and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of social studies. Field experiences are required.
3.00 Credit Hours
3.00 Lecture hours

EDMS 535 - Methods/Curriculum/Assessment in Ancient Languages
This course provides an introduction to the teaching methodologies, assessment techniques, and curricular issues as they pertain to candidates preparing for initial licensure in the teaching of Ancient Languages. Field experiences.
3.00 Credit Hours
3.00 Lecture hours

EDMS 550 - Technology & Topics for Teachers
This course explores topics which include technology in education, school law and teacher liability, classroom management, discipline and instructional planning.
3.00 Credit Hours

EDMS 999 - Initial Advising
The rationale for the creation of this 0-semester hour course is that it allows graduate students in the secondary education teacher licensure program to register for undergraduate content courses at Xavier for which they have met prerequisite requirements, but at other colleges or universities.
0.00 Credit Hours
0.00 Lecture hours

EDPE 238 - Active Games & Contests
A wide range of elementary physical education games and contests for the gymnasium, playground, field and classroom. Activities are analyzed with regard to age appropriateness and game structure.
2.00 Credit Hours
2.00 Lecture hours

EDPE 240 - Elementary gymnastics & Rythmics
A wide range of elementary physical education games and contests for the gymnasium, playground, field and classroom. Activities are analyzed with regard to age appropriateness and game structure.
2.00 Credit Hours
2.00 Lecture hours
EDPE 269 - Coaching Golf
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDPE 271 - Intermediate & Advanced Gymnastics
A logical system for presenting gymnastics and tumbling skills performed on the apparatus. Physics or mechanics of physical action. A logical basis for analyzing success or failure of the learner.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDPE 272 - Coaching Football
A study of the theories, skills, strategies and methods related to coaching football.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDPE 273 - Coaching Basketball
Develop basic basketball coaching skills for youth, junior and high school levels.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar

EDPE 274 - Coaching Baseball
Introduce students to the fundamentals of baseball and coaching. The students will be able to identify these skills and teach them to their players. In addition to the fundamentals of baseball and coaching, the students will also be introduced to strategies employed during the game and in the building of a team and a program.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDPE 275 - Coaching Track & Field
Study history of track and field and examine philosophies and trends in coaching. To develop knowledge of the various events and the proper organization of track meets.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDPE 277 - Coaching Volleyball
Introduce students to the game of volleyball in terms of both individual knowledge and techniques of the game and coaching skills at a beginning level.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
EDPE 278 - Coaching Soccer
An overview of the game of soccer from a coaching perspective. The course will focus on player development, practice organization, match analysis, team preparation, and soccer organizations.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 279 - Teaching Racquet Sports
Introduce students to the fundamentals of racquet sports (tennis, badminton, squash and racquetball).
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 313 - Strength & Conditioning Program Development
Organization and administration of individual and sport-specific strength and conditioning programs and weight management.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 342 - Methods in Secondary Physical Education
Instructional strategies and competencies in teaching secondary physical education. Efficient and effective methods through a variety of class activities.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 384 - Elem Sch Hlth/PE for Class Tea
Background information, skills, and activities teachers need to implement comprehensive school health and physical education at various grade levels. The basic information to develop and present a variety of lessons and activities in health and physical education.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 385 - Physical Education in the Elementary School
Background information, skills, and activities teachers need to implement comprehensive school health and physical education at various grade levels. The basic information to develop and present a variety of lessons and activities in health and physical education.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 386 - Kinesiology
Fundamentals of human motion as it relates to physical education activities and skill performance. Fundamental principles of muscle action, muscle control, and biomechanics pertaining to movement. Co-requisite: EDPE 387
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDPE 387 - Kinesiology Lab
Study of fundamentals of human motion as they relate to physical education activities and skill performance. Fundamental principles of muscle action pertaining to movement. Co-requisite: EDPE 386
1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lab

Coll of Social Sci Health & Ed College
Education Department

**EDPE 388 - Biomechanics**
An analysis, evaluation and application of mechanical factors influencing a wide range of motor skill movements.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 392 - Sensory Integration & Movement Education**
The physical education teacher and coach recognizing and identifying sensory, motor development, motor learning, and performance processes. Practical application of skill acquisition, use of feedback, and preparations and strategies for designing practice.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 460 - Curriculum in Physical Education**
Development and understanding of curriculum development. Focus on the social and psychological factors in curriculum development, and on the systematic planning, developing, implementing, evaluating, and improving of curriculum.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 470 - Independent Study**
Investigate an area of interest within the area of sport studies. Pre-requisite: Advisor's approval
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 472 - Student Teaching: Physical Education K-12 & Seminar**
Daily laboratory experience in pre-K-12 teaching. Weekly on-campus seminar. A semester under a master teacher.
9.000 Credit Hours
9.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 542 - Methods in Secondary Physical Education**
Instructional strategies and competencies in teaching secondary physical education with efficient and effective methods through a variety of class activities.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Education Department

**EDPE 560 - Curriculum in Physical Ed**
The understanding and development of curriculum. Focus on the social and psychological factors to be considered in curriculum development, and on the systematic planning, developing, implementing, evaluating, and improving of curriculum.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate
**Schedule Types:** Lecture
EDPE 569 - Coaching Golf
Playing golf and how a golf course operates. Putting, short game, iron play, wood play, and course management. The rules of golf and proper golf etiquette. The history of the game; golf and the workplace; coaching; equipment; and organization of outings.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 571 - Advanced Gymnastics & Tumbling
Techniques and methods are designed and organized for a logical system for presenting gymnastics and tumbling skills performed on the apparatus. Basic physics or mechanics and physical action. Further understanding is required to provide a logical basis for analyzing success or failure of the learner.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 572 - Coaching Football
A study of the theories, skills, strategies and methods related to coaching football.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 573 - Coaching Basketball
Develop basic basketball coaching skills for youth, junior and high school levels.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 574 - Coaching Baseball
Introduce students to the fundamentals of baseball and coaching. The students will be able to identify these skills and teach them to their players. In addition to the fundamentals of baseball and coaching, the students will also be introduced to strategies employed during the game and in the building of a team and a program.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 575 - Coaching Track & Field
Study history of track and field and examine philosophies and trends in coaching. To develop knowledge of the various events and the proper organization of track meets.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

EDPE 576 - Theory & Principles of Coaching
The profession of coaching. The roles of a coach in various aspects. The basic knowledge on developing a positive coaching philosophy, applying coaching principles, and using sport management skills in coaching practices effectively.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
EDPE 578 - Coaching Soccer

An overview of the game of soccer from a coaching perspective. The course will focus on player development, practice organization, match analysis, team preparation, and soccer organizations.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 581 - Testing & Evaluation in Sports/Physical Education

The fundamental concepts and techniques of test and measurement. The basic statistical tools to treat collected data for the analysis and interpretation of test results.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 585 - Trends: Physical Education in Elementary School

Physical education with an emphasis on past trends, meeting children's needs through games and play, curriculum development, youth sports, and the relationship between physical activity and intellectual growth.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 596 - Elementary School Health/Physical Education for Classroom Teaching

Background information, skills, and activities teachers need to implement comprehensive school health and physical education. The basic information to develop and present a variety of lessons and activities in health and physical education.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 640 - Administration of School Athletics & Physical Education

The administrative and managerial duties of the physical education teacher, athletic trainer, sport administrator, and coach. Such topics as leadership and supervision, organizational structure and climate, human relations communication, sport law, equipment purchasing, budget management, pre-participation physical examinations, drug testing, and facility and event management will be addressed.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 642 - Sensory Integration & Movement Education

Recognizing and identifying sensory, motor learning, and performance processes. Practical application of skill acquisition, use of feedback, preparations, and strategies for designing practice.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department
EDPE 652 - Leadership in Outdoor Education
Techniques for outdoor education programs.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 653 - Biomechanics
An analysis, evaluation, and application of mechanical factors influencing a wide range of motor skill movements.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 654 - Kinesiology
Fundamentals of human motion as they relate to physical education activities and skill performance. Fundamental principles of muscle action, muscle control, and biomechanics pertaining to movement.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDPE 667 - Physiology of Exercise
Human physiology as it relates to exercise and physical activity. Bioenergetics, muscle physiology, cardiovascular physiology, environmental physiology, ergogenics, special populations, and health and fitness.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDRE 269 - Phonics & Foundation of Literacy
History of the English language, linguistics, and the use of phonetics as it relates to the reading process. Phonics as a major strategy in comprehension for emergent readers. Holistic philosophy and teaching.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDRE 296 - Adult and Family Literacy
The literature and key figures working in the area of literacy; the Literacy Volunteers of America certified training in Basic Reading Tutor Training. Research into the problem of illiteracy. Weekly in-service practice in a neighborhood literacy center. EDRE 296 is offered as part of the reading program and as an E/RS Focus elective course. Pre-requisite: PHIL 100, THEO 111; Co-requisite: PHIL 100, THEO 111. This course cannot be used towards the Reading Endorsement K-12.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

Course Attributes:
ERS Focus Elective

EDRE 312 - Reading Methods for Early Childhood
Development process of reading for emergent readers in early childhood. Holistic philosophy as it relates to phonics, structural analysis, spelling, comprehension, and children's literature. Integration of speaking, listening, reading, and writing strategies across the curriculum.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
EDRE 314 - Reading Methods for Middle Childhood
Developmental process of reading for the middle school child. Holistic philosophy as it relates to content reading material and determining the needs of children in the content classroom. Skills and strategies for higher level thinking, creative and informational writing, study skills and the use of children's literature.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

EDRE 376 - Writing Theory & Process: Reading & Writing Across the Curriculum
This course will explore current ideas and methods in teaching of writing P-12. Attention to the teacher's own writing and to understand developmental and recursive process. Study of effective writing workshops and conference techniques, strategies for improving writing in all genres, reading/writing connections and writing across the curriculum.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDRE 471 - Content Area Literacy
The teaching of reading across the curriculum. Skill development, diagnostic techniques, prescriptive teaching, readability formulas and strategies, and materials for early childhood through secondary teaching.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDRE 472 - Theories of Reading
An historic study and comprehensive analysis of the reading process from definition to application. Cyclical changes, current research and classroom application demonstration.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDRE 478 - Diagnosis/Correction of Reading Disabilities
Formal and informal testing for reading related disabilities surveyed. Factors associated with reading problems. Miscue analysis, portfolio assessment emphasized. Assessment portfolio for classroom use developed.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

EDRE 479 - Practicum in Reading
Application of reading strategies and philosophical understandings of the reading process in a clinical setting. Holistic lesson planning and tutoring based upon portfolio assessment in EDRE 478.
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
Coll of Social Sci Health & Ed College
Education Department

EDRE 512 - Reading Methods for Early Childhood
Developmental process of reading for emergent readers in early childhood. Holistic philosophy as it relates to phonics, structural analysis, spelling, comprehension, and children's literature. Integration of speaking, listening, reading, and writing strategies across the curriculum.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Education Department

**EDRE 514 - Reading Methods for Middle Childhood**

Developmental process of reading for the middle school child. Holistic philosophy as it relates to content reading material and determining the needs of children in the content classroom. Skills and strategies for higher level thinking, creative and informational writing, study skills and the use of children's literature.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College

**EDRE 569 - Phonics & Foundation of Literacy**

History of the English language, linguistics, and the use phonics as it relates to the reading process. Phonics as a major strategy in comprehension for emergent readers. Holistic philosophy and teaching.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College

**EDRE 584 - Effective Literacy Instruction**

Advanced course in literacy teaching. Identifies essential knowledge, skills, and dispositions that are considered foundational in teaching, reading, and writing. Content organized into components of comprehensive and coherent program. Emphasizes effective instruction rooted in scientific research in literacy education within a standards-based system.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College

**EDRE 671 - Content Area Literacy**

The teaching of reading across the curriculum. Skill development, diagnostic techniques, prescriptive teaching, readability formulas and strategies, and materials for early childhood through secondary teaching.

EDSP 360 - Mild/Moderate Characteristics & Strategies

This course is designed to provide the students with a basic knowledge of mild to moderate disabilities. The course focuses on definitions and diversity in characteristics (including perceptual, cognitive, linguistic, academic, and social/emotional qualities) for individuals with mild to moderate disabilities as well as the major past and present educational and legal issues relevant to those individuals. Required field experience in diverse settings - 6 field hours. Pre-requisites: EDSP 205, EDFD 110.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDSP 362 - Mild/Moderate Support Services

Students in this course address service, transitional and resources issues, strategies, techniques used to integrate students with mild/moderate disabilities into diverse educational, social and community settings. Emphasis is on service delivery needs and issues for families; career vocational, healthy/medical and safety issues, training and intervention/prevention services; working with and guiding paraprofessionals; and support services for at risk students which includes legal aspects and responsibilities. First Aid and CPR training and certification required. Required field experience in diverse settings - 10 field hours. Pre-requisite: EDSP 205; EDFD 360 and EDFD 110.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDSP 363 - Special Education: Assessment & Evaluation

The student taking this course will demonstrate the ability to administer non-biased formal assessments. They will be able to make the connection between assessment and instruction, use assessment information in eligibility program and placement decisions for individuals with mild/moderate learning needs, including those from culturally and/or linguistically diverse backgrounds. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate
the unique abilities and needs of individuals with mild/moderate and at-risk disabilities. This is a LAB class that requires administering, scoring, and explaining test results. Students will keep a test log to document the field hours. Pre-requisite: EDSP 360.

**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
**Education Department**

**EDSP 364 - Developmentally Appropriate Instructional Materials**

University students will demonstrate the ability to select and use specialized instructional strategies for students with mild/moderate learning needs that are age and ability appropriate. This will include multiple theoretical approaches as well as instructional methods to strengthen and compensate for deficits in perception, comprehension, memory, and retrieval. Students use strategies to facilitate maintenance and generalization across environments. Students use methods to teach mathematics appropriate to students with disabilities. This is a lab class, students are expected to create developmentally appropriate educational materials after class and demonstrate their use in class. Pre-requisite: EDSP 363.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
**Education Department**

**EDSP 365 - Curriculum Practices: Mild Disabilities**

This course focuses on the role or responsibilities of the intervention specialists as it relates to curriculum adaptations and modifications and research supported instructional strategies and practices related to individual mild learner needs with a variety of disabilities. Students will develop and implement instructional plans for active learner participation which integrates application of assessment, planning, implementing, and managing procedure for individual learners with mild cognitive and mild to severe affective/social/emotional behavioral needs across the curriculum. Required field experiences in diverse settings - 8 hours. Pre-requisite: EDSP 363, EDSP 364, and EDSP 374.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**

**Education Department**

**EDSP 370 - Communication Strategies & Techniques**

University students taking this class will demonstrate the ability to adminster nonbiased formal and informal assessments. They will be able to make the connection between assessment and instruction. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate the unique abilities and
needs of individuals with moderate/severe disabilities (including functional assessments, task analysis and alternate assessments). Students will demonstrate the procedures for assessing and reporting both appropriate and problematic social behaviors of individuals with disabilities. Students demonstrate the reliable methods of response of individuals who lack typical communication and performance behaviors. This is a LAB class which requires that students administer, score and explain test results. Students will keep a test log to document field hours. Pre-requisite: EDSP 370.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDSP 374 - Curriculum Practices: Moderate Disabilities
This course focuses on curriculum theories and practices related to students with moderate disabilities in elementary through secondary education programs. Course content will focus on designing applied curriculum and multi-leveled instruction for active learner participation in inclusive educational environments which incorporate evaluating, planning, implementing, and managing procedures that are appropriate for individual needs. Required field experience in diverse settings - 30 hours. Pre-requisite: EDSP 370, EDSP373.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Education Department

EDSP 376 - Moderate/Intensive Support Services
This course focuses on the relationship between local and state support delivery services for individuals with moderate and intensive physical, mental and medical disabilities K-12; networks, organizations, resources, strategies and techniques used to integrate students requiring moderate/intensive services into diverse educational, social, and community settings including assistive technology/devices, residential treatment, rehabilitation, career/vocational, health/medical; use strategies that promote successful transitions for individuals with exceptional learning needs; identify supports needed for integration into various program placements; structure, direct and support the activities of paraeducators, volunteers, and tutors; assist family in planning transitions; and, act ethically in advocating for appropriate service. Required field experiences in diverse settings - 10 hours. CPR and First Aid Training and Certification required. Pre-requisite: EDSP370

EDSP 616 - Cultural Diversity & Philosophy in Special Education

This course explores the impact of the American political and legal systems, and social and cultural identity theory upon special education. As the expectations and requirements for educators working with students on disabilities constantly evolve, educators must understand the fundamental political and legal principles which underlie state, federal and constitutional law in order to advocate for students with disabilities. By examining social and cultural identity theory, the course will provide a framework for students to analyze which claims about educational practices are the most congruent with meeting the needs of learners. Students will also have opportunities to reflect on their own cultural identity and biases; and the culture of the schools and students they serve. The course will survey the sociological problem of the over identification of minorities in special education and suggest strategies to minimize this practice in schools. This course has an online component.

EDWS 336 - The "Sixties": 1945-1975

Taking issue with the ideology that history comes in neat ten-year packages, this course places the period of upheaval often called “the sixties” into a larger historical framework. We will identify and analyze movements and ideologies that preceded, overlapped and followed the 1960’s in order to place the events of the decade into a purposeful context. We will examine the cold war state, Vietnam, Watergate, and the cultural and the political polarization exacerbated by the 2004 Presidential election, among other historical benchmarks. The point is to define the historical precedents that provoked the events of the 1960's, and to show how the beliefs and actions of that decade continue to have a transformative effect on contemporary America. In addition to historical documents, we will make extensive use of other cultural artifacts, including literature, music, television programs and, in particular, the American films of the 1960’s and 1970’s.

EDWS 441 - Phonics Merged with Whole Language
Course will offer a brief theoretical overview, then demonstrate a sequenced language program for children between the ages of 4 and 8. Emphasis will be on developing a systematic phonics program that incorporates the principles of whole language. Students will demonstrate their understanding of the integration by creating language materials that can be used by children in different stages of skill acquisition. The workshop will engage students in activities that demonstrate the integrated curriculum in all areas of language acquisition: reading, writing, spelling, listening, and talking.

**ENGL 311 - Popular Writing**

Critical study of popular culture forms and instruction in writing them. Our analysis of narrative-based genres such as memoir, travel writing and nature writing will include examination of the various labels that have been applied to such work in recent years ("creative nonfiction," "literary nonfiction," and "literary journalism"). We will also examine popular journalistic forms such as social commentary, reviews, reflection and feature writing. ENGL 311 is a writing-intensive course; students wishing to enroll should be comfortable with sharing their work with others. Given the focus of the course, students will be encouraged to revise their work for publication. To that end, we will spend a class or two examining the market for popular writing and the process of submitting work to publishers.

English Department

ENGL 326 - The Rhetoric of Politics
This course examines the crucial role that political rhetoric, and its underlying philosophical presuppositions, has played in the development of how Americans
conceive their nation. Indeed, as we will see, political rhetoric has shaped "America" as a nation as much as the wars it has fought, as much as the social and cultural convulsions it has absorbed and, thus, withstood. One might even say that these military, social and cultural upheavals were predicated on, and justified by, a certain rhetoric of nationhood. We will trace some of this rhetoric that is, in many cases, almost inseparable from literary, theological, and political rhetoric.

**ENGL 408 - Dante and the Modern Reader**

Close reading of Dante's "Vita Nuova" and the canticles of the "Commedia."
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes: ERS Focus Elective, Literature - Univ Core

**ENGL 410 - Chaucer: The Canterbury Tales**

A close reading of the major Tales in Middle English. This course emphasizes the cultural, historical, and philosophical elements in the texts with a special consideration of Chaucer's response to the antifeminist tradition of the Middle Ages.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes: Catholicism & Culture Minor, Literature - Univ Core

**ENGL 411 - Medieval Women's Writing**

This course engages students in the wide range of textual practices associated with women in Europe between the 11th and 15th centuries. Students will read works of multiple genres composed by women, though typically transcribed by men, in Middle English, Latin, and Old French (the latter two in translation). Readings will come from three texts: an anthology of medieval women's writing, an anthology of scholarly articles regarding medieval women writers, and the Lais of Marie de France. Students will complete multiple short response papers, in-class presentations, a final research project, and a final exam.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes: Gender & Diversity Studies Min

**ENGL 415 - Early English Literature**

Critical and cultural study of classic texts from Beowulf through Spenser.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes: Literature - Univ Core

**ENGL 425 - Shakespeare**

Major plays in the genres of tragedy, comedy, tragicomedy, and history.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes: Literature - Univ Core, Theatre Minor

**ENGL 429 - Renaissance Drama**

Non-Shakespearean drama of the Elizabethan and Jacobian periods: Marlowe, Jonson, Webster, and others.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

Course Attributes:
ENGL 430 - 17th Century Literature
The poetry and prose of the 17th century from Donne to Milton.

ENGL 463 - Victorian Poetry and Poetics
This course is a study of Victorian poetry and Victorian theories of Arnold, Dante and Christina Rossetti, Elizabeth Barrett Browning, William Morris, and Gerald Manley Hopkins. Attention is also given to recent scholarship and criticism of Victorian poetry.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
English Department
Course Attributes: Literature - Univ Core

ENGL 464 - English Novel: Dickens to Conrad
A close reading of the major novels of the mid and late nineteenth century. Attention will be given to three long (700-900) page novels as well as two shorter novels. Emphasis will be on the treatment of significant themes such as gender relations, class relations, imperialism, sexuality, social and historical change, and moral conflict and ambiguity. The nineteenth century is the great age of the novel in England and this course will attempt to introduce students to the range, depth, and complexity of this form.

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
English Department
Course Attributes: Literature - Univ Core

ENGL 465 - 18th-Century British Novel
An examination of the development of the English novel during the "long" eighteenth century. This course explores the cultural work done by the novel in conjunction with the dynamic social and cultural conditions of eighteenth-century England, characterized by commercialization and imperial expansion, increasing awareness of national identity and class consciousness, the continuing redefinition of gender roles, and a growing urban population. Coursework includes investigation of critical accounts of the development of the English novel, exploring in particular the issues of class and gender. Readings by authors such as Behn, Haywood, Defoe, Fielding, Richardson, Burney, and Austen.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
English Department
Course Attributes: Literature - Univ Core

ENGL 466 - Transgressive Texts and Alternative Publics
This course will treat texts/books that have been forbidden, altered, and suppressed by political or ecclesiastical authorities. The focus will be on texts that center on Rome and Italy, though this will not be an exclusive focus. The question raised throughout the course will be what alternative publics does the transgressive text seek to define and create. Among the texts chosen will be selected tales from Boccaccio's Decameron, selected sonnets of Michelangelo, Goethe's Roman Elegies and selected sonnets of the nineteenth century Roman poet Giuseppe Giachino Belli (available in several fine translations). Many sites in Rome, like the Protestant cemetery where Goethe's son is buried (as are Shelley, Keats, and Gramsci, a form of burial suppression), Trastevere with the statue of Belli and its vivid "Bellian" character, and of course the numerous statues of Michelangelo will relate visually to the readings. An additional text or texts by modern writers from the following list will be included: Joyce, Platonov, Primo Levi, Pavese, Malaparte, etc.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
English Department
Course Attributes: ERS Focus Elective, Literature - Univ Core

ENGL 470 - Modern British Literature
Twentieth-century British poetry, fiction, and drama. Student should have some background in the analysis of poetry.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
English Department
Course Attributes: Literature - Univ Core

ENGL 472 - Modern Drama
British, American, and European drama from Ibsen to the present.
3.000 Credit Hours
ENGL 475 - Modern Irish Literature
Poetry, drama, and fiction by a variety of Irish authors, including Yeats, Synge, Joyce, and Friel.
3.000 Credit Hours
3.000 Lecture hours

ENGL 479 - Literature of the American West
A study of American literature about the West as a place and as a contributor to our sense of national identity. The course will examine the prevalent myths, themes, and images evoked by the West, particularly as it is represented in contemporary literature and film. Assigned reading will likely include works by Cormac McCarthy, E.L. Doctorow, Linda Hogan, Sam Shepherd, Sherman Alexie, and others. The course satisfies the American literature requirement for English majors/minors.
3.000 Credit Hours
3.000 Lecture hours

ENGL 480 - American Renaissance: 1830-1865
Textual and cultural study of Transcendentalism, the American romance, and other writing of this period.
3.000 Credit Hours
3.000 Lecture hours

ENGL 481 - American Realism: 1865-1915

Levels: Graduate, Undergraduate

**ENGL 487 - Contemporary American Poetry**

This course explores American poetry written after the 1940s and concerns a variety of poetic movements after Modernism.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

**ENGL 488 - Humor in American Literature**

This course is organized historically to trace a variety of important forms of humor in American literature from the eighteenth century (such authors as Ben Franklin and Royall Tyler) through the nineteenth century (including humor of the Old Southwest, Herman Melville, Mark Twain, and Charles Chesnutt), the earlier twentieth century (e.g., William Faulkner and James Thurber), and the past fifty years with its rich range of humor from Flannery O'Connor and Joseph Heller to Woody Allen and Garrison Keillor. Making connections across these periods, the course will ask what, if anything, might be distinctive about American humor and attempt to place our readings and discussion in theoretical as well as historical contexts. Although the focus of the course will be on literature, students will be invited to make connections between the readings and humor they experience on television and in film.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate

**ENGL 489 - American Minority Literature**

Study of writing in various genres by a wide range of American minority authors from the mid-nineteenth century to the present.

ENGL 566 - Feminist Theory
This course will focus on making connections between feminist theory and literature, in particular utopian/dystopian writing by women from the 17th through 20th centuries.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
English Department

ENGL 569 - Women & Sacred Language
This course will explore sacred language and literature (in translation) of four major world religions-Christanity, Buddhism, Hinduism, and Islam-from linguistic and rhetorical perspectives. The topical emphasis will be on traditional and shifting gender ideologies: that is, on the ways in which ideas about women, men, and their relationship to the sacred have been socially constructed through orality and literacy practices. The perspective will be empathetic, that is, with an appreciation of the development of the traditions especially through women's efforts to secure human dignity. This course fulfills the requirements for literature or language requirement for the MA degree.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

No College Applicable College
English as a Second Language Department

ESLG 110 - Beginning Reading/Writing
Writing objectives for students include development of basic sentence structure, punctuation, and paragraph skills. Focus in reading is on comprehending main ideas; vocabulary study supports both reading and writing.
0.000 Credit Hours
0.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

No College Applicable College
English as a Second Language Department

ESLG 111 - Beginning Grammar
The form, meaning and use of basic English grammar is reviewed.
0.000 Credit Hours
0.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

No College Applicable College
English as a Second Language Department

ESLG 113 - Beginning Listening/Speaking
Covers the basics of listening for content, with emphasis on understanding main ideas. Note-taking is introduced. Speaking practice reinforces simple grammatical structures.
0.000 Credit Hours
0.000 Lecture hours
ESLG 115 - Conversational English Through Video I

Open to students of all levels; suggested for beginning and intermediate levels. With a story-based video series, students improve listening comprehension and learn and practice American English vocabulary, culture, and speech conventions.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 120 - Intermediate Reading/Writing

Simple academic-style texts form the major reading component. Students work to improve comprehension of main ideas and supporting details. Writing is done primarily at the paragraph level, with emphasis on organization, development, and improving grammar. Pre-requisite: ESLG 110 or equivalent proficiency.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 121 - Intermediate Grammar

This course covers the form, meaning and use of selected grammatical structures, presented at the intermediate level. Pre-requisite: ESLG 111 or equivalent proficiency.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 122 - Intermediate Listen/Discussion

Listening to academic lectures for main ideas and supporting details, note-taking and test-taking strategies are covered. Informal listening and speaking includes group discussion, basic presentation skills and role-play. Pre-requisite: ESLG 113 or equivalent proficiency.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 125 - High Intermediate Read/Writing

Reading skills are practiced and applied to academic texts and fiction. In writing, students learn to self-edit for typical grammar and word-choice errors. Common rhetorical styles are practiced, with more emphasis on essay-length papers. Pre-requisite: ESLG 120 or equivalent proficiency.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 127 - High Intermediate Grammar

The course covers the form, meaning and use of selected grammatical structures, presented at the high-intermediate level. Pre-requisite: ESLG 121 or equivalent proficiency.

Levels: Undergraduate
Schedule Types: Lecture

ESLG 129 - High Intermediate Listening/Discussion

Course includes listening for advanced-level content, taking notes, and recalling information. Functional speaking tasks, group work, and formal and informal presentation skills are practiced. Pre-requisite: ESLG 122 or equivalent proficiency.
ESLG 130 - Advanced Reading/Writing
College-level reading skills are practiced and applied to academic textbooks, current news periodicals and journals. (Fiction and literature are not emphasized.) Students work to expand vocabulary and refine editing skills. Longer academic writing tasks are covered, including argumentation, summarizing and paraphrasing, synthesis, and a documented "mini" research paper. Pre-requisite: ESLG 111 or equivalent proficiency. Pre-requisite: ESLG 125 or equivalent proficiency.
1.000 TO 2.000 Credit Hours
1.000 TO 2.000 Lecture hours

ESLG 131 - Advanced Grammar
This course covers the form, meaning and use of selected grammatical structures, presented at the advanced level. Pre-requisite: ESLG 127 or equivalent proficiency.
1.000 TO 2.000 Credit Hours
1.000 TO 2.000 Lecture hours

ESLG 133 - Advanced Listening/Discussion
Course includes listening for advanced-level content, taking notes, and recalling information. Functional speaking tasks, group work, and formal and informal presentation skills are practiced. Pre-requisite: ESLG 122 or equivalent proficiency.
0.500 TO 1.000 Credit Hours
0.500 TO 1.000 Lecture hours

ESLG 138 - TOEFL Preparation
Review and practice of the language skills needed for the Test of English as a Foreign Language. Must be at high intermediate or advanced level to enroll. Prerequisite: successful completion of one semester of core courses.
0.500 TO 1.000 Credit Hours
0.500 TO 1.000 Lecture hours

ESLG 139 - Career English
Functional business speaking and writing tasks are practiced, with emphasis on American cultural values in the workplace. Students apply concepts from class in a semester-long project requiring interviews and a presentation. Must be at the high intermediate or advanced level to enroll.
0.000 Credit Hours
0.000 Lecture hours

ESLG 140 - Oral Fluency
A course designed to improve students' ability to speak in groups and make presentations. Cultural notions of appropriate participatory style and behavior are emphasized. Must be at high intermediate or advanced level to enroll.
0.000 Credit Hours
0.000 Lecture hours

FINC 001 - Undesignated Finance
This course number is used when posting transfer credits from other colleges.
0.000 TO 12.000 Credit Hours
FINC 300 - Business Finance
The basic principles and techniques used in the financial management of a business with special emphasis on the corporation. Pre-requisite: ACCT 200
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

FINC 303 - Co-Op Education/Finance: Jr
An elective cooperative experience where students earn academic credit while performing approved finance-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 3.750 GPA, department approval
3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Other hours
Levels: Undergraduate
Schedule Types: Practicum

FINC 305 - Personal Investing
Introductory course in investments designed to introduce students to the world of investing. Topics include the stock and bond markets, mutual funds, retirement planning, home mortgages and insurance.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

Modern Languages Department

FREN 205 - French Lit & Moral Imagination
This course is designed to contribute to the Ethics, Religion and Society focus of the core curriculum. Students will study the English novelist George Meredith's essay on comedy and the French philosopher Henri Bergson's analysis of what makes humans laugh and, then, see how these analyses are played out in the comedies of the classical French comic genius, Moliere, one of the greatest comic playwrights of all time who represented timeless models of human vice and folly as he exposed social and political issues to ridicule. Indeed, he states that the greatest rule of comedy was to "plaire" or be pleasing, but at the same time, to "corriger les vices des hommes," to correct human vices. Several of his "comedies of manners" and "comedies of character" will be studied and discussions will focus on the universal aspect of the societal or personal problem or foible that is being held up to ridicule. Continual reference will be made to the contemporary social scene and to the "masks" worn by people today.

GREK 202 - Attic Tragedy
Selected readings from various authors and genres.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core, Theatre Minor

GREK 203 - Plato: Selected Readings
The Apology and other selections.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

GREK 241 - Koine Greek I
Readings from the New Testament and Septuagint. Pre-requisite: GREK 101, GREK 102 or equivalent.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

GREK 242 - Koine Greek II
A continuation of GREK 241. Readings may also include non-scriptural writings.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

GREK 311 - History of Ancient Greece
An intensive introduction to the history of Greece from the prehistoric period to the Hellenistic Age, relying upon a reading of primary sources.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

GREK 321 - Homer Iliad
A study of the epic.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

GREK 322 - Homer Odyssey
A study of the epic.
3.00 Credit Hours
3.00 Lecture hours

Levels: Graduate, Undergraduate
GREK 331 - Plato: The Republic
A critical reading of selections from the Republic.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

Course Attributes:
Literature - Univ Core

GREK 341 - Thucydides
A critical reading of selections from the Histories.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

Course Attributes:
Literature - Univ Core

GREK 351 - Aeschylus
A selection of readings from several plays.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

Course Attributes:
Theatre Minor

GREK 361 - History of Greek Literature
A final Greek course meant to be a summation and synthesis of the achievement of Greek literature.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

GREK 397 - Special Study: Prose
Credit and content by arrangement.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

GREK 398 - Special Study: Poetry
Credit and content by arrangement.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College Classics Department

GREK 399 - HAB Capstone Thesis
Credit and content by arrangement.
HESA 511 - Managerial Concepts in Health Care Organizations

Discusses behavioral theory and its underlying principles as applied to the development of managerial and team work skills for health services administrators.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 515 - Health Care Workforce Strategy

Introduces students to fundamental human resource functions: recruitment and selection, performance management, compensation and benefits, training and development, employee labor relations as they are implemented in health care organizations. The course will explore the unique strategic imperatives and challenges of workforce development in a health care organization. Pre-requisite: HESA 511.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 519 - Strategic Management & Marketing

Applies organizational theories to the understanding and management of the processes by which leaders and their top management teams formulate organizational mission, assess external environments and align internal resources in the implementation of organizational strategies designed to maximize strengths and opportunities and to eliminate weaknesses and threats. Pre-requisite: HESA 511.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 521 - Quantitative Methods for Health Care Management

Discusses the nature and application of various quantitative methods for analyzing and improving organizational systems and processes within the health care field. Pre-requisite: Basic statistics course.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 523 - Quality Improvement Techniques in Health Care Management

Introduces the theoretical application of statistical quality management in health care as well as the practical application of quality improvement methods in health care settings. Pre-requisite: HESA 511, HESA 521.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 529 - Information Systems for Health Services

This course introduces students to theory, technology, and practical application of information systems. Emphasis is placed on preparing managers to interact with multidisciplinary personnel to design, acquire and maintain information systems for integrated health care delivery. Pre-requisite: HESA 551, HESA 571.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 551 - Management Accounting for Health Care

Examines basic concepts of the structure and use of information to support managers' decision models. Introduces activity-based techniques for costing sales of health services, delivery activities and alternative organization structures. Covers accounting techniques to support the control of operations. Focuses on the
relationship of costs to revenues in competitive, integrated care delivery systems. Pre-requisite: Basic accounting course.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 555 - Corporate Finance for Health Care Organizations**

Examines basic principles and techniques used in the financial management of a health care facility, with special emphasis on the capital acquisition problems within the health care industry and their relationship to external pressures on the industry's structure. Pre-requisite: HESA 551.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 559 - Financial Management of Health Care Organizations**

Examines special financial management topics in the health care industry, such as leasing, refunding debt, risk analysis, outsourcing and merging. Places special focus on the management implications of revenue flows under various payment systems within integrated delivery systems and the effects of regulation. Pre-requisite for MHSA students: HESA 551 and HESA 555. Prerequisite for MHSA/MBA students: ACCT 901 and FINC 901
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 561 - Clinical Processes for Health Care Administration**

Prepares students to become conversant with clinicians by introducing them to basic concepts, terminology, disease processes and clinical issues, and by exposing them to clinical experiences in the classroom and in patient care environments.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 567 - Applied Epidemiology in Health Services Administration**

Students are introduced to epidemiologic concepts, skills and data, the application of epidemiology to population health and health services and to the application of epidemiologic literature in health services management through an applied project using a health status analysis. Methods to determine risk factors for health problems are discussed and examined in this project. Pre-requisite: HESA 521, HESA 561, HESA 571.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 571 - Healthcare Services in the U.S**

Provides (1) an historical perspective on the development of health care services in the United States, (2) a description of the key factors and issues which influence the development of the current health care delivery systems and (3) a description of the current health care delivery systems.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 575 - Health Economics**

Examines the application of economic principles to the allocation of scarce resources in health care; the use of economic theory to understand problems of organization, delivery, and financing of health services; and the choices available to society regarding these issues.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

**HESA 579 - Health Policy & Policy Analysis**
Provides an overview of health policy in the United States and introduces both qualitative and quantitative methods for analyzing health policy with attention given to the political and economic perspectives on health policy questions. Pre-requisite: HESA 571, HESA 575.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 581 - Health Care Legal Aspects

Describes the legal climate within which the health care institution operates with an emphasis on the legal concepts that influence the activities of health care administrators. Pre-requisite: HESA 571.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 583 - Ethical Issues in Health Care

Introduces students to the dominant ethical theories and principles, and the current ethical issues in health care (professional, clinical, social, business, organizational). Provides students with the opportunity to begin to formulate an ethical position related to these issues.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 599 - Integrative Seminar on Health Services Administration

Integrates the specialized disciplines and knowledge learned from previous HESA courses through the use of case analyses. Students are challenged to formulate strategies that address complex problem situations faced by managers of health services organizations. Pre-requisite: HESA 511, HESA 519, HESA 521, HESA 523, HESA 559, HESA 565, HESA 569, HESA 571, HESA 575, and two of the following courses: HESA 585, HESA 587, or HESA 589. This course will utilize an industry case study to examine issues associated with the strategic change and the alignment of health services organizations within their environment. Member of the faculty and experts from the community will present views on these issues and challenge students to formulate and implement strategies and business plans to address problems faced today in the world of health care delivery.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Seminar

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 601 - Professional Development I

Introduces students to professional organizations, trade organizations and accrediting agencies that serve and support the health care industry. Invited executive speakers discuss their respective organizations' missions, philosophies and functions.

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 602 - Professional Development II

Focuses on preparing students for administrative residency search. Students prepare resumes and letters and undertake mock interviews as preparatory measures. Residency search begins at the end of the spring semester and continues through summer and fall semesters for MHSA students. Dual degree students generally begin their active residency and/or fellowship searches in the fall semester of their second year. Pre-requisite: HESA 601.

1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department

HESA 603 - Professional Development III

This course focuses on a current, significant topic, such as strategic change, facility planning, etc. Various health care professionals provide their specific perspectives on the topic. Pre-requisite: HESA 602.

0.000 Credit Hours
0.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Health Services Administration Department
HESA 604 - Professional Development IV
Prepares students for administrative residency. Preceptors and current administrative residents visit campus to share their expectations and experiences. Local and regional CEOs, senior managers and other professionals also address pertinent health care topics in a seminar format. Pre-requisite: HESA 603.
0.000 Credit Hours
0.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 634 - Advanced Quality Improvement Methods
Applies quality improvement practices including total quality management and quality function deployment to service organizations at an advanced level. Pre-requisite: HESA 523.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 646 - Marketing in a Managed Care Environment
Examines the use of marketing concepts, functions and policies as well as the role of marketing within the current managed health care environment. Data sources on the Internet and software/databases related to health care marketing are utilized in class experiences and in a project. Pre-requisite: HESA 571, HESA 519.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 651 - Aging in Our Society
Examines the areas of biology, sociology, and psychology of aging with an emphasis on the application of research methodologies to the field of aging.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 655 - Administration of Agencies Serving Aged
Examines and evaluates the range and relationship of community services, both existing and proposed, for chronically ill patients and an aging population. Pre-requisite: HESA 651.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 659 - Administration of Institutions Serving Aged
Examines the role of the administrator in developing and administering policies and programs to meet the needs of chronically ill patients and an aging population. Pre-requisite: HESA 651.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department

HESA 662 - Medical Group Management
Expands and applies knowledge of teamwork, statistical analysis, financial management, organizational theory, strategic management and interpersonal skills to enhance the student’s ability to engage physicians in the development, governance and management of medical groups. Pre-requisite: HESA 571, HESA 521, HESA 519.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Social Sci Health & Ed College
Health Services Administration Department
HESA 672 - Health Insurance Systems & Concepts
Covers the fundamental knowledge and skills necessary for interacting with or operating managed care insurance organizations in the current health care environment. Projects will be completed using problems related to managed care insurance and management of health care utilization risk. Pre-requisite: HESA 551, HESA 567, HESA 571.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 682 - Hospitals: Structure, Function, Management
This course describes hospital structures, functions, management, and evolutionary growth.
2.000 Credit Hours
2.000 Other hours

Levels: Graduate
Schedule Types: Seminar
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 686 - Corporate Ethical Issues in Health Care
Develops systematic methods of analyzing the ethical implications of corporate policies, practices and strategic decisions as they relate to internal and external stakeholders as well as to society itself. Pre-requisite: HESA 583.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 710 - Individual Study in Health Administration I
Permits the student to individually investigate current issues related to the management of healthcare organizations under the guidance of a faculty member.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Other hours

Levels: Graduate
Schedule Types: Independent Study
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 711 - Individual Study in Health Administration II
Continuation of HESA 710.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Other hours

Levels: Graduate
Schedule Types: Independent Study
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 720 - Institution & Community Analysis
Provides the student with firsthand, in-depth skills in analyzing the internal operations of a health care institution, including governance, departmental structure, planning and financial management, and human resources development, as well as the external environments impacting the organization. Pre-requisite: HESA 599, HESA 581, HESA 583, HESA, 579.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 730 - Practicum in Executive Development I
Provides students with the opportunity to observe executive role models and to assess and develop their own management philosophies. Pre-requisite: HESA 720.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum
Call of Social Sci Health & Ed College
Health Services Administration Department

HESA 750 - Master's Project I
This course requires students to conduct individual integrative projects that address topics important both to the student and the preceptor through demonstration
of program-defined competencies. Pre-requisite: HESA 720.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Social Sci Health & Ed College

HIST 123 - African History I
A survey of African societies from human evolution and hunter-gathering societies to the mighty states of West Africa in the medieval era. Attention is paid as well to historiography and historical sources in early African history.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

Course Attributes:
Gender & Diversity Studies Min, History - Univ Core, Peace Studies Minor

HIST 124 - African History II
A survey of African societies from 1500 on. Examines both internal political and economic developments as well as the trans-Atlantic slave trade and the era of colonialism that result from European contact. Pre-requisite: HIST 123.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

Course Attributes:
Gender & Diversity Studies Min, History - Univ Core, Peace Studies Minor

HIST 133 - European History I
A topical survey of Western Civilization from Greece to the Reformation emphasizing aspects of political, social and cultural history.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
HIST 134 - European History II
A topical survey of European history from the 16th century to the 20th century emphasizing aspects of political, social, and economic and intellectual history. Pre-requisite: HIST 133.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

HIST 143 - U.S. History I
Study of the United States from its colonial beginnings through the Civil War, with particular emphasis on the American Revolution, the formative years of the new nation, and the coming of the Civil War.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

HIST 144 - U.S. History II
Study of the United States from the aftermath of the Civil War to the present, with particular emphasis on Reconstruction, impact of industrialization and urbanization, foreign policies, and post-World War II American culture. Pre-requisite: HIST 143.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

HIST 151 - Latin American History I
This course will survey major developments in Latin American history and civilization from pre-conquest times through the Independence era of the nineteenth century. Our particular emphasis will be on understanding the unique ethnic and cultural interaction that resulted from the diverse encounters among indigenous peoples, Europeans, and Africans in the Americas.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

HIST 152 - Latin American History II
This course will survey major developments in Latin American history from approximately 1810 to the present. Through lectures, a variety of readings, in-class discussions, and films, this course will explore the political, economic, and social processes that have shaped modern Latin America. Pre-requisite: HIST 151.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate

HIST 161 - Asian History I
In our modern-day, interconnected world, events in Asian countries such as Afghanistan, India, Iraq or Indonesia, for example, directly affect our lives in the US. Yet cross-cultural encounters - both friendly and hostile - have taken place for thousands of years. Moreover, modern-day interactions are deeply rooted in past
experiences and events, and can only be fully understood with knowledge of this history. We will examine Asian history until 1500 CE, giving special attention to the
role of religions in Asian societies, including Islam, Buddhism, and Hinduism. Forms of government, types of economies, and art and culture will also be explored.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

Course Attributes:
Gender & Diversity Studies Min, History - Univ Core

HIST 162 - Asian History II

In this course we will examine the history of Asia from 1500 CE to the present, looking at how societies developed, changed, and interacted with one another in a
pre-modern context. In the current day, there is an ever greater amount and intensity of contact between peoples and cultures from different parts of the world. In
our interconnected world, what happens in Afghanistan, India, Iraq or Indonesia, for example, directly affects our lives in the United States. These modern-day
interactions are deeply rooted in past experiences and events, and can only be fully understood when we have knowledge of this history. In the course we will pay
special attention to the impact of and responses to European colonial expansion in Asia. Pre-requisite: HIST 161.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

Course Attributes:
Gender & Diversity Studies Min, History - Univ Core

HIST 210 - Sophomore Colloquium

This team-taught course introduces history majors to the sources and methods of historical inquiry and thereby prepares them for upper-level electives and
seminars. A cross-cultural set of issues or events will serve as the vehicle for the investigation of sources and methods and will also acquaint history majors with the
uses of comparative history. The specific issues of events as well as the geographic and chronological focus will vary from year to year.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

HIST 245 - Cincinnati History & Politics

A political history of Cincinnati with an analysis of contemporary urban politics.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

HIST 260 - Jewish Civilization I

This course will cover the history, literature, and thought of the Jews from the Second Temple Period (5th century B.C.E.) through the rise of Rabbinic Judaism.
Considerable attention will be given to the various forms of Judaism during the Second Temple Period, the emergence of Christianity, and the transition from a
Priestly to Rabbinic Religion.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

HIST 273 - Sports In East Asia

This course explores the history and significance of sports in China, Japan, and Korea, asking what we can learn about East Asian societies-and our own-by
studying sports. Drawing from a combination of primary materials, theoretical writings, comparative studies, and secondary works focused on East Asia, we will
consider sports in terms of several issues: invented traditions, nationalism, body culture, gender, stardom, and the modern Olympics, to name just a few.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
History Department

HIST 280 - Alfred Hitchcock in Hollywood

This course is designed for undergraduates and serves as both an in-depth investigation of a major artist and an exploration of American attitudes and institutions
during World War II, the Cold War, and the upheavals of the 1960s and early 70s. Students are required to do a significant amount of reading and writing.

0.000 TO 2.000 Credit Hours
0.000 TO 2.000 Lecture hours
HIST 285 - Hollywood: A Social & Cultural History

Hollywood has always taken historical themes for some of its most ambitious projects, a trend that has become even more pronounced in the past decade. What has not always been understood is that Hollywood and the development of the American movie industry has been a central element in the social and cultural history of 20th century America. Thus, this workshop has two purposes: to critically examine various film images of American history and equally important, to place Hollywood and its products in the larger context of 20th century American history.

0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours

Schedule Types: Lecture, Workshop

College of Arts & Sciences College
History Department

Course Attributes:
Theatre Minor

HIST 286 - America Through the Lens

Films and television programs will be analyzed in order to both identify the cultural and historical messages they contain. The formulas and conventions of Hollywood genres will be examined. This understanding of genre will serve as a primary analytical tool as we de-construct the films and television programs studied in class.

0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Workshop

College of Arts & Sciences College
History Department

HIST 287 - Baseball & American Culture

Commentators have long argued that baseball is a key to understanding American culture and the American character. Over the past two decades historians of the sport have unearthed an enormous amount of material that not only verifies this insight but allows us to be more precise about the connection between baseball and the development of American culture.

2.000 OR 3.000 Credit Hours
2.000 OR 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Workshop

College of Arts & Sciences College
History Department

HIST 288 - Un-“Happy Days”: Fear in 1950’s

This course is designed for undergraduates and serves to introduce students to the study of mass media as well as a crucial decade in American history. It also explores the use and misuse of history, calling into question the tendency to serve up history in ten year units (i.e. the opening lecture is “The Fifties: 1935-1992”). Students are required to do a significant amount of reading (two books and a handful of reviews) and writing (five short reaction papers and a longer analytical paper).

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Workshop

College of Arts & Sciences College
History Department

HIST 289 - Movies & Cities

The course is designed for undergraduates and serves as an introduction to both American urban history and the history of movies. It also acquaints students with interdisciplinary methods. Students are required to do a significant amount of reading and writing.

HIST 300 - Writing in Public
Writing in Public is a tutorial for sophomores in the philosophy, politics, and the public honors program. Designed to promote the development of public intellectuals, the tutorial emphasizes writing on public issues for a general audience. Writing in Public is taught in conjunction with POLI 324 Legislative Politics.

HIST 311 - US Cultural History, 1800-1900
This course examines the creation and use of American culture in the 19th century. Alongside the rise of industrialization came the development of an American industrial culture that sought to make sense of new economics, new classes, and new machines. We will ask how industrial culture sought to redefine the categories and understandings of race, gender, and citizenship, as we explore the contradictions of a people concerned with the anxieties of death, disease, and disorder as well as enchanted by the images of industrial triumph.

HIST 314 - Africa Since 1945
Shortly after 1945, almost all African countries gained their political independence. What was not achieved, though, was economic independence. The focus of the course will be on the interplay of political and economic forces, both national and international with particular emphasis on links between the U.S. and Africa in this era. The course will begin with African nationalist movements and the transition to independence, including the role of the Cold War. The remainder of the semester will be spent on the 1980s and after, a time of massive international financial assistance and globalized trade that has left most of the continent poorer than at mid-century.

History Department

HIST 315 - America & the Great Depression
This course examines the Great Depression as a cultural event that challenged Americans core assumptions about the economy, the state, and the progress of modernity. We will examine not only origins, politics, and legacies of the Depression, but also how Americans made sense of this event through art, literature, music, film, politics, protests, and new amusements. We will examine the culture of the Depression and its place within American iconography and memory. We will ask what the Depression meant to those who experienced it and what it has meant to us since.

HIST 321 - Native American History
This course provides an overview of Native American history from the peopling of the Americas to the present. It challenges students to consider the ways in which the history of Indian peoples is intertwined with the larger narrative of American history. Topics covered include the development of agriculture in North America, Native American cultural diversity, the encounter with European and African peoples, the ongoing struggle for sovereignty. Emphasis is placed upon the ways Native American peoples coped with the colonization of their continent and continue to perpetuate their cultural identities in the midst of a non-Native American population.

**HIST 333 - Histories of American Childhood**

Modern Americans generally view childhood as a natural stage in the human life cycle distinct from the work and responsibilities of adulthood. Since the pathbreaking work of Philippe Aries (Centuries of Childhood, 1962), historians have challenged this popular assumption, arguing that far from being natural or universal, childhood is socially constructed. From this perspective, individual experiences and cultural expectations have been shaped by historical context, including social and economic conditions, race, ethnicity, religion, class, and gender. Students in this class will examine critically both popular and historical definitions of childhood, adolescence, and youth through reading in primary and secondary sources, class discussion, and formal written exercises. Common readings in Harvey Graff, ed., Growing Up in America (1987), and anthology designed for classroom use will provide a chronological and thematic framework for the course. Each student will also read, discuss, and prepare brief essays on autobiographical accounts, which may include works by Benjamin Franklin, Lucy Larcom, Frederick Douglass, Richard Wright, Sandra Cisneros, or Ann Moody. Each student will also write a review of the secondary literature on a topic in the history of childhood to be chosen in consultation with the instructor.

**HIST 363 - Cathedrals, Crusaders & Colleges**

This course examines medieval civilization in Europe for the period generally known as the High Middle Ages (1000-1300). We will organize our exploration of this period with three emblematic developments of the High Middle Ages: cathedral-building, the crusading movement, and the rise of universities. We will discuss the foundations of these developments, addressing the nature of the agricultural and commercial revolutions, high medieval religion, and medieval politics and patronage.

**HIST 366 - Movie Knights**

Knights in shining armor, bow-wielding vigilantes in green tights and a cart-pushing cretin admonishing his neighbors to "bring out your dead" - al these well-known images come to us from films, the primary means by which most of us encounter medieval history. The Middle Ages seem to us at once terribly romantic (think of chivalrous knights) and horribly uncivilized (think of "medieval" table manners). This class will explore modern popular imaginings of the Middle Ages through film. We will view several feature-length films and numerous clips, interspersed with readings from and about the Middle Ages. Our aim will be to develop a more critical perspective on historical films and other historical genres, allowing us to evaluate historical films critically without sacrificing our enjoyment of them. Films will range from Monte Python's "Holy Grail" to "The Seventh Seal" and "The Kingdom of Heaven." Themes will include Robin Hood, the Crusades, the Black Death and Joan of Arc. Some reading will need to be completed before the course begins.

HIST 387 - USSR Since 1917
This course covers the history of the Soviet Union from the Russian revolution of 1917 to the end of the Khrushchev era. Rather than developing a straight chronology of events, during the semester we will explore various approaches to the “big” problems of Soviet history, contrasting the views of various historians and incorporating a variety of primary documents. Readings and class discussions will explore the Bolshevik seizure of power, the experimental nature of Soviet society during the 1920s, collectivization and industrialization during the 1930s, interpretations of the purges and terror of the 1930s, the impact of the Second World War, Stalin’s last years, and the post-Stalin era, especially concentrating on Khrushchev’s rule.

HIST 395 - History of South Africa
South Africa is one of the wealthiest nations on the African continent and yet for the last three hundred years its riches have been in the hands of the white minority. The history of South Africa cannot be understood only within the context of European/African relations. For Dutch (Afrikaans) and British settlers often have not shared economic and political interests. Moreover, Africans, such as Khoi, Xhosa, and Zulu have also been in conflict. The history of South Africa then, provides the opportunity to study a racially complex society in which interracial relations, and sometimes intraracial relations, were (and still are) troublesome.

Schedule Types: Lecture

College of Arts & Sciences College
History Department

**HOCS 301 - Human Occupation Across Lifespan**

Built on foundation of principles of human growth and development, provides overview of humans as occupational beings. Introduce concepts of doing, being, becoming. Introduction to occupational science and review of occupational performance across developmental trajectory from birth to death. Includes categorical aspects of productive, pleasurable, and restorative occupations at individual and group levels. Introduction to the definition and history of occupational therapy. Corequisite: HOCS 303.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOCS 303 - Technology for Life Participation I**

In-depth instruction in use of multi-media and general technology as teaching-learning and management tools for occupational roles across the lifespan. Students demonstrate competence in basic computer use and software applications for written and oral communication. Includes manipulation of digital pictures and video, database and search engine use, and judging validity of information obtained. Considers impact of technology on society today and ethical ramifications related to use. Corequisite: HOCS 301.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOCS 321 - Analysis of Occupational Performance**

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOCS 323 - Occupational Justice I: Foundations**

Overview of occupational participation and barriers at individual, community, and societal levels nationally and internationally. Explores concepts of occupational deprivation, imbalance, adaptation, and occupational justice. Includes discussion of policy related to equalizing rights of people who are occupationally disadvantaged. Includes plan to conduct a service learning project in partial fulfillment of requirements fro HOCS 405. Pre-requisite: HOCS 301, HOCS 303; Co-requisite: HOCS 411, HOCS 401.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Occupational Therapy Department

Course Attributes:
ERS Focus Elective, Gender & Diversity Studies Min

**HOCS 401 - Transformative Nature of Occupation**

Course focus is on development of intrapersonal skills to lay the foundation for interpersonal communication skill development. Includes direct application of principles related to group process and group dynamics. Develops individual and group-related skills needed to be an effective change agent. Pre-requisites: HOCS 301, HOCS 303. Co-requisite: HOCS 323, HOCS 411.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOCS 403 - Creative & Systematic Inquiry I**

Overview of systematic inquiry process, introduction to qualitative research, and use of evidence-based decision making. Includes survey/needs assessment as beginning research method. Instruction in creative design process. Pre-requisite: HOCS 301, HOCS 303, HOCS 323, HOCS 401, HOCS 411.; Co-requisite: HOCS 321, HOCS 405.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOC 405 - Occupational Justice II: Independent Study**

Includes completion of service learning project locally or internationally. Discussion and personal reflection continues to build and understanding of role of culture and occupational patterns in the construction of life meaning. In depth study of occupational justice in local community and relationship to global communities. Prerequisite: HOC 301, HOC 303, HOC 323, HOC 325, HOC 401; Co-requisite: HOC 321, HOC 403.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOC 406 - Occupational Justice III**

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HOC 411 - Conditions Influencing Participation**

Presentation of conditions across the lifespan common to occupational therapy intervention. Includes background information (e.g. etiology, symptoms, progression, prognosis, medical management) as well as impact of condition on occupational performance. Also includes cultural implications of health and illness as well as an overview of people with disabilities from a population perspective.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Occupational Therapy Department

**HRES 200 - Human Resources in a Diverse Society**

Issues examined are: workplace laws, recruiting, hiring, setting wages, evaluating employees, benefits, discipline, labor relations, and the international concerns. Because it also fulfills the Cultural Diversity Elective requirement, it addresses stereotyping, discrimination and prejudices as they relate to work issues.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

Course Attributes:
Cultural Diversity - Univ Core, Gender & Diversity Studies Min

**HRES 301 - Human Resources**

A survey of workforce issues including labor force trends, diversity, compensation, income distribution, productivity, labor unions, and human resources law/public policy.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

Course Attributes:
Social Science - Univ Core

**HRES 302 - Labor Relations**

Evaluation of collective bargaining as a method for dealing with issues and problems involved in union-management relations. Focus on relationships and contract negotiations. Mock negotiations used.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department
HRES 303 - Co-Op Education/Human Resources: Jr
An elective cooperative experience where students earn academic credit while performing approved human resources-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.75 GPA, department approval required.
3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Lecture hours
Levels: Undergraduate
Schedule Types: Practicum
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 305 - Dispute Settlement
Analysis of the settlement of disputes in business; emphasis on contract administration and the arbitration process. Casework.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 309 - Organization Design & Development
Theory and design of organizational systems, organizational performance, culture, development, and change. Pre-requisite: MGMT 300.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 310 - Current Human Resources Issues
Analysis of current human resource issues facing workers and their managers. Topics will vary to keep course up to date.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 313 - Human Resources Law
Analysis of the law governing the relationship between workers and their employer; emphasis on laws treating labor-management relations, working conditions, discrimination, and individual employee rights.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 321 - Workforce Diversity
Impact of demographic diversity on organizations. Examination of the problem of discrimination in U.S. labor markets, with primary attention to race and sex discrimination.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 325 - International Human Resources
Compare and contrast labor markets in Asia, Europe, and the U.S. Compare and contrast human resource decisions and practices in different countries (Canada, Great Britain, Germany, France, Sweden, Japan, China, and Mexico). Analyze human resource issues and practices that today's multinational firms are facing. Topics include: international recruitment and selection, repatriation, training and development performance management, compensation, and labor relations.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 330 - Industrial-Organizational Psychology
Application of psychological principles and procedures to a variety of organizations. Research, measurement and human behavior are emphasized.

HRES 340 - Workforce Development Programs & Policies
Analysis of programs and policies aimed at fully employing the workforce, especially the economically disadvantaged, minorities, women, and dislocated workers; including remediation, job training, and government employment programs.

HRES 345 - Compensation Theory & Practice
An examination of the logic and practices involved in current programs for compensating employees.

HRES 360 - Hiring for Productivity: Staffing & Selection
A comprehensive examination of the field of staffing and selection within the human resource function, including recruiting, selection and selection testing, interviewing, and placement of individuals in positions. Legal issues and the impact of staffing and selection on diversity in organizations in both the private and public sectors will also be considered.

HRES 401 - Morality & Employment Issues
Uses leading philosophic concepts and normative principles to apply analytic and descriptive tools to critical workplace issues. Pre-requisite: PHIL 100, THEO 111. One must be prerequisite and the other prerequisite or corequisite.

HRES 403 - Co-Op Education/Human Resources: Sr
An elective cooperative experience where students earn academic credit while performing approved human resources-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.750 GPA, departmental approval required.

HRES 495 - Current Human Resources Problems
Analysis of current human resource issues facing workers and their managers. Topics will vary to keep course current.

HRES 499 - Tutorial in Human Resources
Content to be determined according to the needs of the student. Pre-requisite: Approval of program director and dean.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Independent Study

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 600 - Human Resources

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 617 - Personnel Training & Development

An examination of the field of training and developing the workforce as it occurs in industry and government.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 695 - Individual Reading & Research

2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 701 - Human Resources

The focus is on emerging issues in human resources development and description of the continuous analytical comprehensive process of strategic human resource management. Topics include: traditional versus strategic human resources management, measurement of human resources effectiveness, the role of human resources in continuous improvement processes, international human resource management, and diversity initiatives. Pre-requisite: Admission to the executive MBA program.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HRES 901 - Introduction to Human Resources

Key processes of human resource management including selection, employee development, performance management, reward systems, and employee relations. Pre-requisite: All Business Skills and Foundation Skills courses.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Williams College of Business College
Mgmt, Entrepreneurship & HR Department

HUMN 600 - Paideia Teaching Methods

Methods for teaching in Cincinnati Public Schools Paideia programs.
2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Humanities Department

HUMN 601 - Paideia Humanities Seminar

Guided experiences participating in and leading Paideia seminars.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
**INFO 001 - Undesignated Information System**

This course number is used when posting transfer credits from other colleges.

0.000 TO 12.000 Credit Hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

Williams College of Business College
Management Information Systems Department

**INFO 100 - Business Computer Applications**

A computer-based training course for developing core competencies using productivity tools relevant for business applications.

1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

Williams College of Business College
Management Information Systems Department

**INFO 120 - Introduction to Business Technology**

This course will provide students with necessary skills in file management, Web development, using Internet resources for research, and using Microsoft Excel for business applications.

1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

Williams College of Business College
Management Information Systems Department

**INFO 200 - Managing Information Technology**

An introduction to the theory and the applications of computer-based information systems in organizations with an emphasis on the management of modern information technologies used to support business. This course also includes problem solving with spreadsheets and databases. Pre-requisite: INFO 100 or equivalent.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

Williams College of Business College
Management Information Systems Department

**INFO 303 - Co-Op Education/Information System: Jr**

An elective cooperative experience where students earn academic credit while performing approved information systems-related work experience. Pre-requisite: MGMT 301, 55 credit hours completed, 2.750 GPA, department approval required.

3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Practicum

Williams College of Business College
Management Information Systems Department

**INFO 328 - Database Management**

This is an introductory survey course in database concepts, history, evolving trends, design and implementation. There will be a conceptual portion and a "hands-on" development portion of the course. This course is designed to be a fundamentals course. Pre-requisite: INFO 200 or equivalent.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

Williams College of Business College
Management Information Systems Department

**INFO 329 - Data Mining**

The students will receive an introduction to the basic theory, tools and techniques of data mining, including prediction, associations, clustering, and recommendation systems. The course will be delivered from two points of view: the technological view and the marketing management view. The students will use data mining tools when doing their team projects for customer relationship management. Pre-requisite: INFO 200 or equivalent

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture
INFO 357 - Telecommunications & Networking
A study of data communications and networking theory and technologies. Students will be exposed to telecommunication configurations, network and web applications, wired and wireless architectures, topologies and protocols, installation and configuration of network and devices such as hubs, router, and bridges. Pre-requisite: INFO 200 or equivalent
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 358 - Data Modeling and Management
The study of the theory of modeling enterprise activities in terms of their data. Databases are implemented emphasizing the relational model. Pre-requisite: INFO 200 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 359 - Hardware & Software Overview
Analysis of the architecture of micro computers, workstations, and small mid-range computers, with emphasis on comparative operating systems and environments. Pre-requisite: INFO 200 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 360 - Introduction to Application Development
An introduction to object oriented programming logic, the concepts of structure, and problem solving concepts in an object oriented environment. Pre-requisite: INFO 200 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 362 - Programming for Modern Business Application
Introduce students who have a basic understanding of computer concepts to programming languages currently being used by the business community. Contact the department for information on specific languages currently covered. Pre-requisite: INFO 360 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 368 - Introduction to Enterprise Systems
An introduction to the selection, implementation, management, and usage of enterprise-wide business application software. Students will gain hands on exposure to software that supports business processes and learn about the management issues that organizations face when adopting and integrating these systems.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 374 - Introduction to Web Site Development
Tools and techniques for designing and developing quality Web pages with a concentration on the implementation of efficient and effective Web sites for personal use, small businesses, corporate offices, and entrepreneurial ventures. Pre-requisite: INFO 200 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
INFO 378 - E-Business
Electronic commerce is an essential element for most modern businesses. This course will study all aspects of electronic commerce including the structure, organization, and use of the Internet as a means of conducting business. An emphasis will be placed on evaluating, organizing, and developing efficient models of electronic transactions. Pre-requisite: INFO 374 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 403 - Co-Op Education/Information System: Sr
An elective cooperative experience where students earn academic credit while performing approved information systems-related work experience. Pre-requisite: MGMT 301 or equivalent, 55 credit hours completed, 2.750 GPA, departmental approval.
3.000 TO 6.000 Credit Hours
3.000 TO 6.000 Lecture hours
Levels: Undergraduate
Schedule Types: Practicum

INFO 450 - Systems Analysis and Design
Structured tools and techniques for the development of computerized information systems with emphasis on the process involved in the analysis and design of the development process. Special emphasis will be placed on team development, on project management, and on quality control for the development of effective and efficient information systems. Pre-requisite: FINC 300, MGMT 300, MKTG 300 or equivalent or permission of instructor
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 490 - Contemporary Issues in Information Systems
Current issues, developments and future trends in the advancement of information systems in business. Pre-requisite: Junior/Senior status or permission of instructor.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 495 - System Development Project
This capstone course is a direct follow-up to INFO 450 in which student teams will apply skills and techniques from other INFO and business courses for the purpose of implementing and delivering a computerized business information system. Pre-requisite: INFO 450 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

INFO 499 - Tutorial Course
Research in scholarly journals on information systems.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Independent Study

INFO 600 - Information Technology Management
The study of the issues, methods, information, and technology involved in the creation and use of information systems in a corporate environment. The focus is on the manager's influence on the design, operation, control, and communication ability. Current organizational systems and technology are evaluated. Case studies are used extensively as the content for individual and team activities. The course explores the implications created by technology as we continue to move into an information-based economy. Pre-requisite: All business skills and foundation courses at 500 level.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
INFO 602 - Management Information Systems

 Prepares students to be more effective and efficient users or managers of information technology for managerial decision-making. Students will learn basic concepts about (1) the use of information systems in organizations, (2) hardware, software, database, and telecommunications technologies, (3) techniques and tools for acquiring or developing applications of information systems, and (4) managerial issues in a technological environment. Pre-requisite: Admission to the on-site program.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 604 - Concepts of Managerial Computer Tech

Basic introduction to computer-based information system technologies.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 626 - Knowledge Management

This course focuses on organizational, managerial and technological aspects and issues of knowledge management (KM). Through empirical case studies and presentations, the course will examine how leading organizations are benefiting from different KM strategies. The course also aims to highlight the tools and techniques used both to implement the strategies and to measure their progress.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 628 - Digital Enterprise

Goals of the course are to understand the impact that E-Business has on business today, the role of IS/IT in creating and changing organizational structures along with management techniques for E-Business, to develop skills for competitive advantage in this changing environment.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 645 - IT Project Management

Analysis of information systems with emphasis on implementation of large and medium size MIS projects. The class will concentrate on information technology project management concepts and techniques. A combination of class lectures, guest speakers, case studies and real life experience will be used to develop understanding and practical application of Project Management concepts. Pre-requisite: INFO 604 or equivalent.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 649 - Hardware & Software Overview

Analysis of the architecture of microcomputers, workstations, and small to mid-range computers. Pre-requisite: INFO 604 or equivalent.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate

INFO 650 - Managing the Network Economy

This course will focus on the study of the principles and techniques used in managing information systems and organizational change projects. The course will introduce the use of scheduling, resource-allocation, and capacity planning in the design, development, and implementation of information systems.

3.000 Credit Hours
3.000 Lecture hours
INFO 655 - Business Intelligence
This course is an introduction to Business Intelligence (BI). BI refers to the use of the computers to analyze complex information about an organization and its competitors for use in business planning and decision making. The objective is to create more timely, higher quality input to the decision process. This course takes a managerial approach to BI and emphasizes its applications and implementations. A variety of domestic and international examples will be used in the course. Pre-requisite: INFO 600 or equivalent
3.000 Credit Hours
3.000 Lecture hours

INFO 660 - Developmt Tech for the Web
Tools and techniques for designing and developing quality Web pages with a concentration on the implementation of efficient and effective Web sites for personal use, small business, corporate offices, and entrepreneurial ventures. Pre-requisite: INFO 604 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

INFO 665 - Sprdsheet Apps Decision Making
3.000 Credit Hours
3.000 Lecture hours

INFO 670 - Business Telecom & Networking
A study of the basic technical concepts of data communications, telecommunications, and networking along with managerial aspects and practical applications. Topics include concepts, models, architectures, protocols, standards, and security for the design, implementation, and management of digital networks. Pre-requisite: INFO 604 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

INFO 672 - Computer & Network Security
This course will concentrate on the fundamentals of network, operating systems and application security. Students will study a variety of security techniques including defense, response, and forensics. Extensive analysis, reading and writing will be integral to this course. Pre-requisite: INFO 604 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

INFO 674 - Database Management
3.000 Credit Hours
3.000 Lecture hours

INFO 680 - Intro Data Mining for Managers
This introductory course will familiarize students with popular data mining methods for extracting knowledge from data. Principles of data mining will be presented and discussed while students acquire hands-on experience using state-of-the-art data mining software. The course will be delivered from both a technological view and a marketing/management view. Topics and related methods discussed in the class include: data mining processes and knowledge discovery, database support to data mining, associations, classifications and prediction, clustering, recommendation systems and developing issues in data mining. Pre-requisite: STAT 500 or equivalent
INFO 690 - Contempory Issues In Management Information Systems

3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Williams College of Business College
Management Information Systems Department

INFO 695 - Topics In Management Information Systems Individual Readings

1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Williams College of Business College
Management Information Systems Department

INFO 700 - Management of Technology

This course examines the systems and technology involved in the production of goods and the delivery of services. The focus is on the use of information and technology to influence the design, operation, and control of productive systems to enhance competitive advantages. Topics covered include analysis of current information and assessment of an organization's value discipline, strategic use of information and operations systems, and trends in information technology development. Pre-requisite: Admission to the Executive MBA program.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Williams College of Business College
Management Information Systems Department

INFO 903 - Systems of Operations & Technology

The study of the issues, methods, information, and technology involved in the creation and use of information systems in a corporate environment. The focus is on the manager's influence on the design, operation, control, and communication ability. Current organizational systems and technology are evaluated. Case studies are used extensively as the content for individual and team activities. The course explores the implications created by technology as we continue to move into an information-based economy. Pre-requisite: All business skills and foundation courses.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Williams College of Business College
Management Information Systems Department

ITAL 101 - Elementary Italian I

An introduction to basic language skills through emphasizing the acquisition of high frequency vocabulary and development of cultural awareness.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department

ITAL 102 - Elementary Italian II

3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department

ITAL 201 - Intermediate Italian I

A continuation of ITAL 102 with a particular emphasis on the development of more creative use of the language. Pre-requisite: ITAL 102 unless waived.
3.000 Credit Hours
3.000 Lecture hours
ITAL 202 - Intermediate Italian II
A communicative-oriented course emphasizing reading and writing skills through a study of authentic materials dealing with Italian culture. Pre-requisite: ITAL 201 unless waived.
3.00 Credit Hours
3.00 Lecture hours

ITAL 300 - Advanced Italian I
This course is designed for students who have completed intermediate-level studies of Italian. It will increase vocabulary and communicative ability and fluency through the use of grammar review and usage, in-class conversational activities and presentations, the reading of authentic texts, and writing on a variety of topics. Grammar will be reviewed and practiced in context, focusing on seven communicative functions of language: describing, comparing, recommending and expressing opinions, talking about the past, expressing likes and dislikes, making hypotheses, and talking about the future.
3.00 Credit Hours
3.00 Lecture hours

ITAL 301 - Advanced Italian II
This upper-level course emphasizes a strengthening of the skills of listening, speaking, reading, and writing in Italian through conversational activities, vocabulary building, and reading of authentic texts. The course will focus on improving conversation skills and will include a review of advanced grammar structures.
3.00 Credit Hours
3.00 Lecture hours

JAPN 101 - Elementary Japanese I
An introduction to basic language skills such as reading and writing hiragana, katakana, and about 30 kanjii. Emphasizes the acquisition of high-frequency vocabulary and practical conversation.
3.00 Credit Hours
3.00 Lecture hours

JAPN 102 - Elementary Japanese II
The second semester elementary course which is a continuation of JAPN 101. Emphasizes listening and situational conversation. Pre-requisite: JAPN 101 unless waived.
3.00 Credit Hours
3.00 Lecture hours

JAPN 201 - Intermediate Japanese I
The first semester intermediate course which is a continuation of JAPN 102 with a particular emphasis on the development of more creative use of the language Pre-requisite: JAPN 102 unless waived.
3.00 Credit Hours
3.00 Lecture hours

JAPN 202 - Intermediate Japanese II
A communicative-oriented course integrating the skills of reading, writing, listening, and speaking situational, functional Japanese through the study of authentic materials. The course includes a comprehensive grammar review. Pre-requisite: JAPN 201 unless waived.
3.00 Credit Hours
JAPN 300 - Advanced Japanese I
An upper-division course that is a continuation of JAPN 202 in that it builds on the basic language skills of listening, speaking, reading, writing and cultural understanding along with an intensive study of grammar. Pre-requisite: JAPN 202.

JAPN 301 - Advanced Japanese II
An upper-division course which emphasizes listening, speaking, reading, writing and culture with development of advanced structures. Pre-requisite: JAPN 202 and permission of instructor.

LATN 101 - Elementary Latin I
The ancient Latin language. Syntax, vocabulary, and morphology. The skills necessary to read Latin.

LATN 102 - Elementary Latin II
A continuation of LATN 101 with readings from simpler Latin texts.

LATN 111 - Intensive Elementary Latin I
An accelerated introduction and review of the ancient Latin language syntax, vocabulary, and morphology. The skills necessary to read Latin.

LATN 112 - Intensive Elementary Latin II
For students who have had six hours of college level Latin, or its equivalent. Selected, short readings from Vergil with an emphasis on intensive grammar review.
LATN 202 - Intermediate Latin II: Poetry
For students who have had six hours of college level Latin or its equivalent. Selected short readings from Vergil with an emphasis on intensive grammar review.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

LATN 211 - Cicero: Orations
A critical reading of selections from the orations.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 212 - Vergil: Aeneid
A comprehensive, critical, and in depth reading of the Aeneid.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 231 - Horace: Odes and Epodes
Reading and study of the majority of the shorter poems.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 232 - Catullus
Examination and explication of his poems.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

LATN 241 - Latin Prose Composition
Intensive grammar instruction through composition into Latin from English.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 253 - Livy
A critical reading of selections from the Histories, the main source for the history of the Roman Republic.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

**LATN 263 - Caesar**
Readings from the de Bello gallico and de Bello civili.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

**LATN 273 - Cicero: Letters**
An examination of the society and history revealed through Cicero's private correspondence.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

**LATN 283 - Cicero: Essays**
A critical reading of the importance of Cicero's contribution to the history of philosophy through his essays.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

**LATN 293 - Horace Satires and Epistles**
Reading and study of Horace's longer poems, which wittily upbraid contemporary Roman society.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

**LATN 300 - Pliny's Letters**
This is a course for students who are beyond the intermediate level of college Latin. Its goal is to further strengthen the student's skills in reading and translating through reading selections of original Latin prose and to understand the art of letter writing by reading in English a selection of letters of other authors from various cultures.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Honors

**LATN 307 - Martial's Epigrams**
This course focuses on Martial's epigrams and the main purpose is to gain experience and proficiency in translating his Latin while becoming familiar with his meters and themes.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Honors

**LATN 311 - History of Ancient Rome**
An intensive introduction to the history of Rome from the early Republican period to the rise of Christianity, relying upon a reading of primary sources.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 321 - Roman Comedy
Selections from Plautus and Terence with a view to their influence on Renaissance and modern comedy.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Theatre Minor

LATN 331 - Lucretius
Detailed reading of selections from Lucretius' philosophical epic poem.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

LATN 341 - Tacitus
A critical reading of selections from the Annales, the main source for the history of the early Roman Empire.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core

LATN 351 - Roman Satire
Translation and comparison of selections from the satirical works of Varro, Horace, Seneca, Persius, and Juvenal.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Literature - Univ Core, Theatre Minor

LATN 361 - History of Latin Literature
A final Latin course meant to be a summation and synthesis of the achievement of Latin literature.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

LATN 371 - Medieval Latin
Students will closely read and translate Latin texts from the close of antiquity to around 1400. A review of the basics of Latin grammar empirically, analyzing the language and style of each text and attending to variations in usage and vocabulary in "medieval" Latin. Pre-requisite: LATN 202.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department
LATN 397 - Special Study: Prose
Credit and content by arrangement.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

LATN 398 - Special Study: Poetry
Credit and content by arrangement.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

LATN 399 - Honors Bachelor of Art Capstone Thesis
Credit and content by arrangement.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Classics Department

MATH 105 - Fundamentals of Mathematics
Integers, rational numbers, exponents, order of operations. Functions in context, and their algebraic and graphical representation. Linear and quadratic equations.
Introduction to the graphing calculator. This course does not count toward the core requirement in mathematics.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 113 - Mathematics of Finance
Simple and compound interest, discounting, annuities, amortization and sinking funds, stocks, bonds, insurance.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Independent Study, Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 115 - Topics in Applied Mathematics
Topics in the application of elementary mathematics to real world problems: management science, voting schemes, theory of games, population growth, other models.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Independent Study, Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 116 - Elementary Statistics
Description of sample data. Simple probability, theoretical distributions, normal and binomial estimation. Tests of hypotheses, correlation, regression.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 120 - Elementary Functions
Graphs and properties of functions, including polynomial functions, exponential functions, logarithmic functions, inverse functions and composition of functions. Applications to real world situations using algebraic, numerical, and graphical methods.
3.000 Credit Hours
3.000 Lecture hours
MATH 125 - Mathematical Perspectives
Exploration of easily accessible, engaging, and thematically connected mathematical ideas as a vehicle to lead students to experiences that are characteristic of the mathematical enterprise.
3.000 Credit Hours
3.000 Lecture hours

MATH 130 - Math Undesignated
0.000 TO 6.000 Credit Hours

MATH 147 - Calculus from Historical Perspective
An overview of concepts from differential and integral calculus through excerpted readings in English translation of original texts which emphasizes connections with developments in science and philosophy.
3.000 Credit Hours
3.000 Lecture hours

MATH 150 - Elements of Calculus I
Modeling data with polynomial functions, exponential functions, and logistic functions. Rates of change and the derivative. Application of the derivative including optimization and inflection points. Result of cumulative change and the definite integral. Pre-requisite: MATH 120 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

MATH 151 - Elements of Calculus II
Modeling with trigonometric functions, functions of several variables, contour maps, partial derivatives, and optimization with and without constraints. Pre-requisite: MATH 150 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

MATH 154 - Milestones in Mathematics
Charts milestones in various branches of mathematics through the reading of original sources: number theory, infinity, Euclidean and non-Euclidean geometry, and algebra are all possible threads of development. Pre-requisite: MATH 120 or equivalent.
3.000 Credit Hours
3.000 Lecture hours

MATH 156 - General Statistics
Descriptive statistics, basic probability, normal distribution, confidence intervals, regression, correlation, hypothesis tests, and analysis of categorical data.
3.000 Credit Hours
3.000 Lecture hours
MATH 158 - General Statistics II

Building upon the introductory material presented in MATH 156 (or equivalent), this is a second course in statistical methods and data analysis. The course objectives are: 1) To study in detail the distinctions between observational studies and controlled experiments, the questions they can address and what types of statistical methods are appropriate for analyzing them 2) To learn some basic statistical tools used to analyze data, such as: 2 sample t-tests, analysis of categorical data and Goodness-of-Fit tests, multiple comparison procedures, multiple regression, analysis of variance (ANOVA), nonparametric methods (such as the randomization test and the rank-sum test), and log transformations 3) To get hands-on experience analyzing data and computing with data (using R) 4) To gain experience in interpreting the results of a statistical analysis and communicating the results to others.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MATH 169 - Precalculus

This is a study of linear, polynomial, rational, exponential, logarithmic, and trigonometric functions from symbolic, graphical, and numerical perspectives. Topics include algebraic and analytic properties of functions; sums, differences, products, quotients, and composites of functions; inverse functions; and functions as models.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MATH 170 - Calculus I

Limits and continuity. Transcendental functions. The derivative, techniques of differentiation, and applications of the derivative. Parametric equations. The definite integral, numerical integration, antiderivatives, and method of substitution.

4.000 Credit Hours
4.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MATH 171 - Calculus II

4.000 Credit Hours
4.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MATH 180 - Foundations of Higher Mathematics

Logic, methods of proof, mathematical induction, algorithmic thinking, recursion, set theory, functions and relations. Emphasis on proof-writing.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MATH 201 - Foundations of Arithmetic for Early Childhood Teachers

Concepts necessary for understanding the structure of arithmetic and its algorithms (with whole numbers, integers, fractions and decimals), number patterns, and introductory probability and statistics.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

MATH 202 - Geometry & Measurement -ECED

Concepts necessary for an understanding of basic geometry: shapes in one, two, and three dimensions, scientific measurement and dimensional analysis, congruence and similarity of figures, compass and straightedge constructions, transformations, and coordinate geometry. Use of computer software to explore geometric concepts.

3.000 Credit Hours
3.000 Lecture hours

Xavier University 2009-2010 Catalog 468
Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 211 - Foundation of Arithmetic for Middle Childhood Teachers

Concepts necessary for understanding the structure of arithmetic, its algorithms and properties (with whole numbers, integers, rational and irrational numbers), basic set theory and introductory number theory.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 212 - Geom & Measurement MCED

Concepts necessary for an understanding of basic geometry: shapes in one, two, and three dimensions, scientific measurement and dimensional analysis, congruence and similarity of figures, compass and straightedge constructions, transformations, coordinate geometry, conjecture and proof, perspective drawing and introductory trigonometry. Use of computer software to explore geometric concepts.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 213 - Algebra Concepts -MCED

Development of algebraic problem solving, polynomials, linear, quadratic and exponential equations and functions, pattern representation, sequences and series. Use of technology and manipulative materials in the teaching of algebra.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 214 - Math Problem Solving -MCED

Problem solving, drawing from a wide range of school mathematics topics, logic, combinatorics, and basic probability theory. Prerequisite: MATH 211, MATH 212, MATH 213.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 220 - Calculus III

Vectors, lines and planes. Functions of several variables, partial derivatives and applications, gradient and directional derivative. Multiple integrals, line integrals, Green's Theorem. Pre-requisite: MATH 171
4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 230 - Differential Equations

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 240 - Linear Algebra

Systems of linear equations, Gaussian elimination, echelon forms, basic and free variables, algebraic structure of solutions; vector arithmetic, partitioning of matrices, invertibility; linear transformations and their matrices, LU and PLU factorization; vector spaces and subspaces, bases, coordinates, dimension, rank; change of basis and similarity of matrices; determinants, cofactor expansion, elementary matrices, Cramer's Rule; eigenvectors and eigenvalues, the characteristic equation; diagonalization; inner products, length and orthogonality of vectors, projections, the Gram-Schmidt process. Additional topics may include the dual space,
linear functionals, least squares approximation, QR factorization, Riesz' Representation Theorem, the Principal Axis Theorem, the Spectral Theorem. Prerequisite: MATH 180. (MATH 220 recommended.)
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 256 - Intro to Probability & Statistics**

Introduction to probability, descriptive statistics, the central limit theorem, estimation, hypothesis testing, regression and correlation, goodness of fit and linear models. Pre-requisite: Calculus I
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 280 - Combinatorics**

Enumeration of sets: permutations, combinations, the binomial theorem; the inclusion-exclusion principle; the pigeonhole principle. Recurrence relations; generating functions; the Fibonacci, Stirling, Bell, and Catalan numbers. (Optional: finite geometries, permutation groups, latin squares, codes, graphs and trees.) Prerequisite: MATH 180
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 300 - History of Mathematics**

Some of the highlights in the historical development of mathematics with special attention given to the invention of non-Euclidean geometry and its importance for mathematics and Western thought.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 301 - Survey of Geometries**

Axiom systems, models and finite geometries, convexity, transformations, Euclidean constructions, and the geometry of triangles and circles. Introduction to projective and non-Euclidean geometries.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 302 - Theory of Numbers**

Divisibility and primes, linear congruences, quadratic residues and reciprocity. Diophantine equations, multiplicative functions, distribution of primes.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 303 - Mathematical Logic**

Axiomatic development of propositional calculus, functional complete sets of operators, axiomatic development of the first order function calculus, the existential operator, the algebra of logic.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

**MATH 311 - Probability**

Sample spaces, basic axioms of probability, conditional probability and independence, Bayes' theorem, random variables, expectation and variance, discrete and
continuous distributions, central limit theorem. Prerequisites: MATH 171
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 312 - Statistical Inference
Parameter estimation, sufficient statistics, maximum likelihood principle, confidence intervals, hypothesis testing, linear regression, nonparametric methods, analysis of variance, simulation. Prerequisite: MATH 256 or MATH 311
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 316 - Cryptology
In this course we will be exploring cryptology - the making and breaking of secret ciphers and codes. We will start with classical ciphers: shift, affine, Vigenere, substitution, Hill, one-time pads, Enigma, etc. Then after a brief introduction to number theory, we will start on modern methods: the RSA algorithm, DES, and AES: Rijndael. If time permits, we will also explore discrete logarithms and elliptic curves. All codes will be placed in historical perspective by exploring the political and military contexts in which they were devised, through readings in The Code Book.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 321 - Numerical Analysis
Accuracy, function evaluation and approximation, systems of linear equations, nonlinear equations, numerical differentiation and integration, and solutions to differential equations. Pre-requisite: CSCI 170 and MATH 171
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 325 - Mathematical Modeling
The synthesis, formulation and solution of various problems in applied mathematics and related fields.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 330 - Graph Theory
Graphs, subgraphs, trees, isomorphism, Eulerian and Hamiltonian paths, planarity, digraphs, connectivity, and chromatic number. Other topics may be included.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 340 - Abstract Algebra I
Groups, isomorphism, homomorphism, normal subgroups, rings, ideals, fields. Pre-requisite: MATH 240.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 341 - Abstract Algebra II
A continuation of MATH 340. Topics may include Boolean algebra, lattice theory, combinational group theory, coding theory, Galois theory, commutative rings. Pre-requisite: MATH 340.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 360 - Elementary Topology
Metric spaces, topological spaces, continuity, convergence, compactness, connectedness, and separation axioms.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 370 - Real Analysis
Rigorous development of calculus of functions of a single variable. The real number system, topology of the real line, continuity, uniform continuity, the derivative, the Riemann integral, sequences and series of real numbers, and uniform convergence.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 372 - Applied Analysis
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 380 - Complex Variables
Complex numbers, analytic functions, complex integration, series representation of analytic functions, the calculus of residues.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 391 - Mathematics Seminar I
Juniors (MATH 391) and seniors (MATH 393) meet together in the spring semester: students will read selections from the mathematical literature, explore how to write mathematics effectively, learn how to use technical word processing tools, practices how to communicate mathematical ideas and give oral presentations. Prerequisite: Majors only
1.000 Credit Hours
1.000 Other hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 392 - Mathematics Seminar 2
Each senior will meet with a faculty advisor to work on an individual research project. Prerequisite: Majors only
1.000 Credit Hours
1.000 Other hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Mathematics & Computer Science Department

MATH 393 - Mathematics Seminar 3
The student will write a paper and give a formal presentation describing the project developed during MATH 392. Prerequisite: Majors only.
1.000 Credit Hours
1.000 Other hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College  
Mathematics & Computer Science Department

**MATH 397 - Special Reading & Study for Advanced Students**
Credit by special arrangement. Pre-requisite: MATH 340.
3.000 Credit Hours  
3.000 Lecture hours  
**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Mathematics & Computer Science Department

**MDLN 101 - Beginning Twi I**
An introduction to basic language skills through emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness. This course is ONLY OFFERED to participants in the Service Learning Program in Ghana and will only be offered in Ghana.
3.000 Credit Hours  
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Modern Languages Department

Marketing Department

MKTG 664 - Consumer Behavior Theory
Evaluation of research findings from behavioral sciences and other disciplines. Relationship to marketing. Pre-requisite: MKTG 600.
MKTG 665 - Customer Relationship Management

The goal of this course is to provide exposure to the techniques and technologies of customer relationship management (CRM). The course will explore examples of customer relationship management that work - and those that don't. The student will come to appreciate the many uses of CRM, from actively developing a following of profitable customers to turning non-profitable customers away in cost-savings maneuvers. Prerequisites: MKTG 600

MKTG 667 - International Sales & Negotiation

Examines the sales and negotiations processes in an international environment. Topics include networking, prospecting, communication skills, and other areas that influence strategic design.

MKTG 668 - Product Planning & Development

The entire process of new product development from idea generation to commercialization is developed. Pre-requisite: MKTG 600.

MKTG 670 - Ethical Issues in Marketing

Current developments in marketing as related to social issues: consumerism, social responsibility, ethical issues, and governmental roles. Pre-requisite: MKTG 600.

MKTG 680 - Intro Data Mining for Managers

This introductory course will familiarize students with popular data mining methods for extracting knowledge from data. Principles of data mining will be presented and discussed while students acquire hands-on experience using state-of-the-art data mining software. The course will be delivered from both a technological view and a marketing/management view. Topics and related methods discussed in the class include: data mining processes and knowledge discovery, database support to data mining, associations, classifications and prediction, clustering, recommendation systems and developing issues in data mining. Pre-requisite: STAT 601 or equivalent

MKTG 695 - Individual Readings & Research

Open to especially qualified students with the consent of the chair of the appropriate department and dean.

MKTG 700 - Marketing Strategy

This course provides grounding in marketing, emphasizing marketing strategy formulation and implementation in light of the organization's objectives. There is an emphasis on using analytical approaches to make marketing decisions. Pre-requisite: Admission to the Executive MBA program.
MKTG 801 - Marketing Concepts
Marketing involves changes. The activities involved in marketing products, services, and ideas are examined within a framework of customer management and explored. Topics include global marketing environment, market analysis and segmentation, consumer behavior, product development and management, pricing, promotion, and distribution. Marketing is examined from its role as a central function of business and non-profit organizations, and from its dominant role in a market economy.

MUSC 157 - Dance & Movement - Advanced Jazz

A continuation of MUSC 154/155.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Music Department

Course Attributes:
Fine Arts - Univ Core

MUSC 158 - Ballet I

Ballet techniques presented and practiced. An introduction to the fundamentals of ballet technique and body mechanics that govern ballet's classical foundation. Designed to establish groundwork for developing proper working patterns, in placement, turnout, breathing and balance.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Music Department

Course Attributes:
Fine Arts - Univ Core

MUSC 159 - Ballet II

This course is a continuation of ballet dancing, (Ballet I, MUSC 158). This discipline challenges the body and the mind. The execution of ballet technique provides exercises, improves posture and promotes grace and coordination. Learning the joy of movement and the appreciation of aesthetic beauty will be emphasized.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Music Department

Course Attributes:
Fine Arts - Univ Core

MUSC 160 - Ballet Intermediate/Advanced

This is a systematic and comprehensive study of classical ballet presented as an exploration of ballet technique in the dance studio. The course outlines the traditional ballet class including work at the barre and center, using combinations and choreography which challenges the mind and body. French terminology will be used. This is a continuation of Ballet II with more advanced steps added.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Music Department

Course Attributes:
Fine Arts - Univ Core
MUSC 162 - Dance Sport

This course is an introduction to the fundamentals of Dance Sport/Ballroom dancing techniques. Students will learn about the history of Couples dancing, as a dance form, which emerged in the 15th century Europe as an adaptation of folk dancing and was refined by the dancing masters of the time. The class will study five ballroom dances: Modern Waltz, Tango, Viennese Waltz, Slow Foxtrot, and quickstep, which are danced the world over both socially and in Dance Sport Competitions.

1.00 Credit Hours
1.00 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MUSC 163 - World Fusion Dance

This course will explore a variety of world dance styles as a means of expression and culture. This will be accomplished through technique instruction, critique of video performances and improvisational exercises. Students will learn dance styles independent of each other, and later learn how styles of dance can be fused together to form an eclectic genre. Each class will begin with a proper stretching followed by technique instruction. Improvisational exercises will be used to enhance students' creativity, and choreographic sensibilities. As the class progresses, students will learn routines which strengthen choreographic phrasing skills.

1.00 Credit Hours
1.00 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MUSC 170 - Beginning Ballroom Dance

The course presents American style ballroom dances for social occasions. Instruction will be for dances in which the participants circulate around the floor and these will be the Waltz, two versions of the Foxtrot, Rumba and Tango. Students will receive instruction in the social customs associated with ballroom dancing. Short lectures will be presented on the social history and development of each type of dance. Demonstration will be given on the correct dancing stance and hold positions, correctly leading and following the different required steps and signaling to your partner during the dances, plus the appropriate skills for moving in "Line of dance" versus "Promenade". Lecture and demonstration will be given on selecting the types of recorded music which have appropriate rhythm for each of those dances. Demonstration will be given as to how the dance steps are coordinated to the music. Students will be encouraged to bring to class their own choices of recorded music appropriate for each dance, and as a group we will try dancing to that music.

1.00 Credit Hours
1.00 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

MUSC 171 - Beginning Ballroom Dance II: Rhythm & Latin

The course presents American style ballroom dances for social occasions. Instruction will be for dances in which the participants do not circulate around the floor and these will be the Lindy, Jive, Jitterbug, two versions of Swing, Mambo, Cha-cha, and Salsa. Students will receive instruction in the social customs associated with ballroom dancing. Short lectures will be presented on the social history and development of each type of dance. Demonstration will be given on the correct dancing stance and hold positions, correctly leading and following the different required steps and signaling to your partner during the dances. Lecture and demonstration will be given on selecting the types of recorded music which have appropriate rhythm for each of those dances. Demonstration will be given as to how the dance steps are coordinated to the music. Students will be encouraged to bring to class their own choices of recorded music appropriate for each dance, and as a group we will try dancing to that music.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Music Department

Course Attributes:
Course Attributes:
Fine Arts - Univ Core

**MUSC 278 - Private Lesson: Composition**

Students begin by studying and creating simple musical works in styles that they have some degree of familiarity with. Works for one or two performers and standard instrumentation and voice categories are studied and applied to the new development of the "creative voice within the individual" and encourages the student to continually develop skills in harmony, melody, rhythm and timbre that will enable that voice to be realized in a written composition and live performance. More advanced variants will write for more performers and in varied styles and more varied instrumentation and voices. All students are encouraged to experiment and venture into new areas. It is the creation and recreation (musical score or performance) that is emphasized, not just the discovery of new ideas. Students that wish to pursue traditional avenues of musical composition are expected to develop a high degree of craft. The course is open to music majors, music minors, and talented students of music. Pre-requisite: Majors or Minors only.

Music Department  

**MUSC 353 - Brass Techniques**  
Provides an understanding of techniques and teaching strategies of brass instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.  
1.000 Credit Hours  
1.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Music Department  

**MUSC 354 - Percussion Techniques**  
Provides an understanding of techniques and teaching strategies of percussion instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.  
1.000 Credit Hours  
1.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Music Department  

**MUSC 380 - Make and Take K-8 World Musical Instruments**  
Hands-on workshop building and playing simple musical instruments. No musical or technical skills are required. Designed for the general kindergarten to 8th grade classroom teacher. Along with musical activities creative ways of teaching math, science, history, the visual arts, and multi-cultural awareness will be explored.  
0.000 TO 2.000 Credit Hours  
0.000 TO 2.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Workshop  
College of Arts & Sciences College  
Music Department  

**MUSC 399 - Independent Study**  
Areas of study related to the music field, although not specifically included in the catalog, may be requested by the student and elected with the approval of the instructor and permission of the chair.  
1.000 TO 3.000 Credit Hours  
1.000 TO 3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Independent Study  
College of Arts & Sciences College  
Music Department  

**MUSC 400 - Form and Analysis**  
Areas of study related to the music field, although not specifically included in the catalog, may be requested by the student and elected with the approval of the instructor and permission of the chair. Pre-requisite: MUSC 302.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 401 - Orchestration Arranging
The technique of scoring for orchestra, band, and diverse instrumental ensembles. Pre-requisite: MUSC 302 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 402 - Composition
Introduction to creative writing in simple musical forms. Pre-requisite: MUSC 400 or equivalent.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 420 - Conducting I
Fundamentals of conducting. Basic techniques, and study of shorter choral and instrumental works. Pre-requisite: MUSC 202; Co-requisite: MUSC 260.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 426 - Foundations of Music Education
A comprehensive study of Music Education: history, philosophy, theory, and practical application.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 427 - Contemporary Approaches in Music Education
Introduction to Orff and Kodaly methodology; curricular innovations for all levels of school music, Pre-K - 12.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Music Department

MUSC 479 - Independent Study
Areas of study related to music field, although not specifically included in the catalog, may be requested by the students and elected with the approval of the instructor and permission of chair.

Course Attributes:
Cultural Diversity - Univ Core, Gender & Diversity Studies Min

NURS 224 - Nursing Therapeutics I: Assessment

Introduction of theoretical framework for the holistic assessment of clients experiencing developmental transitions. Major components for holistic assessment including physical and psychological growth and development across the life span are discussed. Life style patterns and habits that maintain healthy living are explored. Components of the therapeutic relationship as they relate to the holistic assessment process are introduced. Emphasis on the client as an active partner in the healing interaction. The role of transpersonal human caring and healing is emphasized. The use of complementary/alternative therapies is introduced. Pre-requisites: BIOL 140, BIOL 141, BIOL 142, BIOL 143, SOCI 101, Math elective, NURS 130, NURS 132, 2.500 GPA; Co-requisite: NURS 225, CHEM 150, CHEM 151.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Social Sci & Ed College
Nursing Department

NURS 225 - Nursing Therapeutics I: Practicum

Introduction of methods of holistic health assessment for clients across the life span. Emphasis is on health assessment, therapeutic communication skills, relationships, the nursing process and self assessment. Emphasis will be on physical assessment and communication skills. Laboratory and beginning field experiences will be provided. Six hours of clinical Practicum weekly. Pre-requisite: NURS 132; Co-requisite: NURS 224.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

College of Social Sci & Ed College
Nursing Department

NURS 230 - Nursing Therapeutics II

An analysis of holistic nursing therapeutics used with individuals experiencing transitions. Promotive, preventive, and intervention strategies including pharmacology and nutrition and integrative therapies are introduced. The research and theoretical basis for the selection of holistic therapeutics is emphasized. The importance of empowered decision making in selecting appropriate therapeutics to achieve and manage outcomes is discussed. Pre-requisite: NURS 224, NURS 225, CHEM 150, CHEM 151; Co-requisites: NURS 231, BIOL 200, BIOL 201, NURS 364.

4.000 Credit Hours

Xavier University 2009-2010 Catalog 511

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 361 - Adult Transitions Practicum**

Application of promotive, preventive, and interventional holistic nursing therapeutics in adults experiencing health-illness transitions in primary, secondary, and tertiary health care settings. Focus on fostering skill in planning, implementing, and evaluating holistic nursing therapeutics used to facilitate healthy outcomes for adults. Therapeutic presence is emphasized as an essential component of every nursing action. Interventions will assist clients in exploring self-awareness, spirituality, and personal transformation in healing. Twelve hours of clinical practicum weekly. Co-requisite: NURS 360.

4.000 Credit Hours
4.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 364 - Pathophysiology**

The relationship of normal body functioning to physiological changes associated with dysfunction of an organ or organ system is discussed. General concepts of disease processes are addressed in order to provide rationale for diagnosis and health illness transitions. Pre-requisites: BIOL 140, BIOL 141, BIOL 142, BIOL 143, CHEM 150, CHEM 151.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 370 - Introduction to Nursing Research**

Focus is on the analysis and utilization of nursing research literature to facilitate holistic nursing care of individuals, families, and communities. The use of the principles and methods of research as a means for developing critical reasoning and professional judgment is emphasized. Research is examined for evidence based practices that addresses research findings, the nurse’s expertise and patient/family preferences. Discussion entails the importance of dissemination of research findings. Pre-requisites: NURS 230, NURS 231, MATH 116 or MATH 156, or an approved statistics course.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 372 - Families in Transitions**
Focus on facilitating holistic healthy outcomes for families experiencing transitions. Family transitions, developmental and situational, through the life-cycle are explored. Issues surrounding health-illness transitions in the family are also discussed. Diversity of family life related to ethnicity/culture is emphasized. The role of the holistic nurse as an educator, consultant, facilitator and partner with the client/s is emphasized. Twelve hours of clinical practicum weekly. Prerequisites: NURS 230, NURS 231, NURS 364. Co-requisite: NURS 373.

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 373 - Families in Transitions Practicum**

Application of promotive, preventive, and interventional holistic nursing therapeutics to be used with families experiencing transitions. Experiences are provided with families in various stages of development. Skills in assessing, planning, implementing, and evaluating holistic nursing therapeutics for individuals and families are emphasized. Twelve hours of clinical practicum weekly. Co-requisite: NURS 372.

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 380 - Reclaim Your Joy: Holistic Health**

This workshop guides participants to reclaim their joy by experiencing their own creativity. Participants examine ways to deal with life in a more effective, inventive, and fulfilling manner. Exploration of the four directions of the medicine wheel, guided meditation, shamanic journeying, nature mandalas, and other areas are covered.

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Workshop

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 385 - Optimize Your Health & Vitality**

This workshop guides participants in ways to take charge of their health. This course combines eastern and western healing practices and principles to assist participants in maintaining their highest level of wellness. They learn to integrate mind, body, and spirit healing modalities of energy therapy, transformational breath work, guided imagery, shamanic journeying, and herbal and nutritional supplementation to balance and energize their life.

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Workshop

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 390 - Leadership & Managing Care**

Relates the concepts of management to the management of nursing care. Leadership roles of the nurse in health care delivery system are explored.

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 409 - Student Nurse Internship I**

The student nurse internship program is a collaborative agreement between Xavier University and cooperating hospitals. The program is designed to provide students with additional socialization into nursing opportunities and clinical practice in either medical-surgical, critical care, obstetrics, emergency care, perinoperative care or pediatrics. Following an orientation period, the student will work along with a preceptor for a 36 - 40 hour week commitment for ten weeks. The student works the preceptor's schedule.

**Levels:** Graduate  
**Schedule Types:** Independent Study

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 410 - Student Nurse Internship**

The student nurse summer internship program is a collaborative agreement between Xavier University and cooperating hospitals. The program is designed to provide students with additional socialization into nursing opportunities and clinical practice in either medical-surgical, critical care, obstetrics, emergency care, perinoperative care or pediatrics. Following an orientation period, the student will work along with a preceptor for a 36 - 40 hour week commitment for ten weeks. The student works the preceptor's schedule.

**Levels:** Graduate

Xavier University 2009-2010 Catalog 514

NURS 442 - Nursing & Community Health
Focus on nursing care within the context of community macro systems. Examples of major concepts included are health policy making; aggregated, vulnerable populations; resource accessibility; epidemiology; vital statistics; and world wide concerns. Co-requisite: NURS 443.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 443 - Nursing Practice & Application II
Health care management and various nursing roles within communities of increasing complexities. Nursing strategies aimed at disease prevention, promotion and restoration of health will be applied to the management of identified community health problems. Six hours of practicum weekly. Co-requisite: NURS 442.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Nursing Department

NURS 445 - Caring for Hispanic Aggregates
The student will gain experience in using appropriate Spanish, health care-related language when applying the nursing process in caring for Hispanic patients. Classroom and experiential assignments are related to 300 level Nursing courses to promote cultural competence in caring for Hispanic patients.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 450 - Mental Health Nursing
This course will focus on facilitating healthy outcomes in adults experiencing mental health-illness transitions. Information regarding medical, surgical, pharmacological, nutrition, psych/mental health interventions which may be prescribed to assist individuals in achieving optimum mental health outcomes is discussed. Pre-requisite/Co-requisite: NURS 451.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 451 - Mental Health Nursing Practicum
Application of promotive, preventive, and interventive therapeutics in adults experiencing psychiatric mental health illness transitions in primary, secondary, and tertiary health care settings. The course focuses on fostering skill in planning, implementing, and evaluating nursing therapeutics used to optimum mental health outcomes for adults. There will be five hours of clinical practicum per week and pre-assessment.
1.000 Credit Hours
1.000 Other hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 460 - Women's Health Issues
A discussion of the health issues affecting women as individuals and as a group. The influence of the existing health care and social structures on women's treatment and perception of illness will be examined. (Open to non-nursing students.) Elective course.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

Course Attributes:
Gender & Diversity Studies Min

NURS 465 - Care of the Older Adult
Emphasis placed on the normal aging process and the continuing development of care of the older adult. Health promotion, prevention, diagnosis and treatment, maintenance, and restoration of individuals in their later years. (Open to non-nursing students.) Elective course.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 466 - Expressions of Hope
Examines expressions of hope and suffering through art, music, history, and the religious values, beliefs and mysteries that surround the needs of the human spirit. Examination of the relevance of issues of faith, hope and the ethical aspects of personal responsibility in sharing in the needs of others. (Open to non-nursing students.) Elective course.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 468 - From Acupuncture-Zinc: Pain Management
Explores traditional methods of pain management and comfort measures as well as complementary modalities that can be applied to bring about a sense of wellness and calm. (Open to non-nursing students.) Elective course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 469 - Death: The Universal Experience
Examine current and past issues related to death and dying. Explore pertinent theories on death and dying, and bereavement care provided to clients and families. Applicable, historical and current perceptions and rituals will be discussed, as well as ethical and spiritual issues. (Open to non-nursing majors.) Elective course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 470 - Community Health Nursing
Emphasis is on the concept of context, the knowledge and transitions required of the nurse to practice community/public health nursing. The student begins to examine the expanding focus of the nursing process in the role of the community health nurse. The significance of primary, secondary and tertiary levels of prevention and the need for health promotion in families, aggregates and communities are addressed. The nature of ethical problems, care of the environment and the role of holistic nursing in health care reform is discussed. Pre-requisites: NURS 360, NURS 361, NURS 370, NURS 372, and NURS 373. Co-requisite: NURS 471.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 471 - Community Health Nursing Practicum
Emphasis is on operationalizing epidemiological concepts with nursing knowledge and skill to offer preventive, health promoting and protective services benefiting aggregates. Pre-requisite: NURS 360, NURS 361, NURS 370, NURS 372, and NURS 373. Co-requisite: NURS 470.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College

Nursing Department

**NURS 520 - School Health Nursing**

This course is an advanced study of school nursing practice as an emerging complex specialty of community-focused nursing. The emphasis is on effective health care delivery in an educational setting.

3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 550 - Nursing Perspectives I**

This course introduces students to nursing as a profession and discipline. Content includes discussion of the roles of the professional nurse, the scope of practice, nursing history with emphasis on the holism philosophy that emanated directly from Florence Nightingale, professional organizations, and ethical/legal responsibilities. Also addressed are introductory concepts of cultural diversity, leadership, holistic nursing and organizational behavior. Curricular concepts introduced include transition, critical thinking, and communication (written and oral) and nurse as an instrument of healing.

3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 552 - Art & Science of Nursing**

This course introduces the therapeutic relationship as the holistic foundation for the use of the nursing process as a systematic approach to health promotion and maintenance across the life span. Nursing therapeutics that promote, prevent, or maintain healthy life styles with adults experiencing transitions in diverse populations are analyzed for appropriateness to achieve and manage outcomes. Emphasis on the client as an active partner in the healing process and attentiveness to one’s spirit is examined as critical components of healing interaction. The role of transpersonal human caring and healing is emphasized with therapeutic relationships. Concepts discussed are the nurse as an instrument of healing, the psychophysiology of body mind spiritual healing, and the use of complementary/alternative therapies.

4.000 Credit Hours  
4.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

Coll of Social Sci Health & Ed College  
Nursing Department

**NURS 553 - Art & Science of Nursing Practicum**

This course introduces methods of health assessment for adult clients. Nursing therapeutics is applied to the adult client as it relates to promotion, prevention, and/or maintenance of healthy life styles.

2.000 Credit Hours  
2.000 Lecture hours

Levels: Graduate  
Schedule Types: Lab

Coll of Social Sci Health & Ed College  
Nursing Department

Xavier University 2009-2010 Catalog 518
NURS 554 - Essentials of Pathophysiology

This course relates normal body functioning to the physiologic changes that occur as the result of disease. The body's ability to compensate to these changes is also addressed. The course focuses on the mechanisms of the underlying disease and the basic concepts of disease processes in order to provide the background for preventative as well as therapeutic health care measures and practices.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 556 - Introduction to Clinical Nurse Leader for Registered Nurses

The role of the CNL providing evidence based practice in caring for diverse clients across the lifespan considering cultural and spiritual needs is introduced. Organizational principles such as leadership, ethics, and the scope of practice, risk and resource management are presented. Students develop an understanding of the influences of nursing history and holistic care in applying the role of the CNL. Students demonstrate competencies in basic computer, informatics technology management, health literacy as well as managing and utilizing health care data in decision-making to improve outcomes of health care. Curricular concepts introduced include trannsition, critical thinking, communication, cultural competence, and the nurse as an instrument for healing.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 560 - Nursing Perspectives II

This course begins the application of the role of the Clinical Nurse Leader in caring for diverse clients across the life span. Principles of leadership, risk assessment, resource management and utilization of data to improve care are discussed. The role of the nurse in providing health counseling and education to guide clients in making informed choices for health care is discussed. Providing culturally competent spiritual care for diverse clients is addressed.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 562 - Art and Science of Family Nursing

Theoretical concepts and principles are presented to assist the student to focus on facilitating healthy outcomes for families experiencing transitions. Family transitions, developmental and situational, are explored from this theoretical perspective. Issues surrounding health illness transitions in the family are also discussed. Diversity of family life related to ethnicity/culture is emphasized. The student will be provided the opportunity to assimilate these concepts and principles to apply them to the care provided to families. The role of the holistic nurse as an educator, consultant, facilitator and partner with the client/s is emphasized.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 563 - Art and Science of Family Nursing Practicum

Provide students with the opportunity to apply pertinent holistic nursing therapeutics in their professional nursing roles to be used with families experiencing transitions in a variety of healthy care settings. Experiences are provided with families in various stages of development and ethnicity. Skills in assessing, planning, implementing, and evaluating holistic nursing therapeutics for families are emphasized. Pertinent nursing theories and concepts and nursing research are explored to assist the student to collaborate with families in their attempt to accomplish health promotion and maintenance to strive for familial healthy lifestyles to meet basic human needs.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Nursing Department

NURS 564 - Art and Science of Adult Nursing

This course focuses on the nursing care of adults as they experience health-illness transitions. Special attention will be given to the care of older adults. The course will build on the basic sciences, social sciences, fundamentals of nursing, and pathophysiology to synthesize and critically analyze information needed to provide healthy outcomes for adults. In order to provide holistic care that addresses the individualized human responses to potential or actual alterations in health, medical-surgical, pharmacological, nutritional, and mental health interventions will be discussed.

4.000 Credit Hours
4.000 Lecture hours

Nursing Department

NURS 565 - Art and Science of Adult Nursing Practicum

Xavier University 2009-2010 Catalog 519

https://bannerssb.xu.edu/pls/PROD/bwckctlg_p_display_courses
This course provides students the opportunity to apply knowledge regarding the nursing care of adults experiencing health-illness transitions. Strategies that are promotive, preventative and interventive will be used to advance healthy outcomes for adult clients within a health care setting. The course fosters skill in planning, implementing, and evaluating nursing care with attention to theory guided, best evidence.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 610 - Liability Health Care Organization/Profession**

This course will provide a framework for understanding the elements of various tort actions in the health care setting, including medical malpractice and wrongful death claims. Application of the elements of various torts to facets of the health professions’ practice will be explored through the examination of applicable statues, administrative rules and regulations, case law and legislation. The roles of Risk Management, Quality Assurance, and Medical Staff organizations in identifying and developing strategies of prevention of health care losses and performance improvement will be analyzed.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 611 - Med-Lgl Rsrch, Writing & Presn**

This course focuses on methods for doing research of the laws and regulations asserting control over the business and profession of medicine and other healthcare providers. The use of informatics in the research of legal principles derived from controversies involving the medical scientific world, the medical professions, pharmaceutical companies, the health care industry and those who use it is addressed. Summarizing facts gathered from a variety of sources including medical records, diagnostic studies and procedures and expert witnesses into written reports for legal interpretation is reviewed. Includes practice in the location, collection, and presentation of data for legal interpretation.

2.000 Credit Hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 630 - Organizational Behavior for Nursing Leaders**

Administrative theory from a macro perspective including organizational structure, culture, leadership, management functions, and power. Theories and research from nursing and related disciplines will be studied.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 632 - Management Processes - Nursing Leaders**

Position of the nurse administrator within the complex organizational structure of health care systems (a micro perspective) The role of the nurse administrator in planning, decision making, and change is explored.

3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 636 - Financial Management for Nursing Management**

Fiscal accountability: cost accounting, budgeting and cost benefit and effectiveness analysis.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 640 - Foray into Forensic Nursing**

An exploration into a new specialty area of practice for registered nurses. Forensic role behaviors in several settings will be identified, and the role of the forensic nurse specialist will be introduced. This course will explore practice issues within the subspecialties of sexual assault nurse examiner, child abuse specialist, elder abuse specialist, battered woman specialist, psychiatric forensic examiner, and legal nurse consultant.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department
NURS 642 - Psycho/Social/Legal Forensics
A comprehensive examination of the behavior, emotional responses, and cognitive decision-making of both victims and perpetrators of crime. Elements of victimology as well as the psychosocial ramifications of the criminal act on the person, the family, and the community will be explored. The expanded role of the psychiatric forensic nurse will be explored.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 646 - Violence as a Healthcare Issue
This course examines the ethical and legal responsibilities of healthcare providers and agencies working with populations at risk for interpersonal violence. Emphasis will be placed on the forensic role behaviors of the nurse specialist dealing with child abuse, elder abuse, and domestic violence.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 648 - Foundations of Forensic Nursing
This course provides an evidenced-based practice (EBP) framework for nursing care of forensic population, their families as well as communities impacted by acts of violence and/or traumatic events. The EBP framework incorporates empirical and theoretical aspects from a multidisciplinary perspective in the planning and delivering nursing care. This course is intended to prepare nursing graduate students for further studies in various clinical roles such as Sexual Assault Nurse Examiner, Forensic Psychiatric Nurse, Legal Nurse Consultant, Forensic Nursing Death Investigator and/or Nurse Coroner.
4.000 Credit Hours
4.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 650 - Art and Science of Advanced Nursing
This course prepares the student to integrate knowledge from all previous courses emphasizing the interrelatedness of the mind, body, and spirit. Emphasis is placed on advanced nursing assessment of the whole person including physiologic, psychological, cultural, social/family, spiritual and quality of life impact due to illness. Acute critical illness, chronic illness, and end of life care models are studied. Emphasis is on preservation of physiologic, psychological, and sociocultural integrity and human dignity of person and families. Evidence-based practice models are used to identify the best practice in the care of the complex client and family. Co-requisite: NURS 651
6.000 Credit Hours
6.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 651 - Art and Science of Advanced Nursing Practicum
This course provides students intense opportunities to collect a comprehensive health history and perform health assessment for individuals from diverse heritages across the lifespan and experience in recording and communicating a comprehensive health history. Students participate in the care of complex clients and manage and coordinate culturally competent client/family care in various health care settings. Holistic assessment, intervention, and evaluation are emphasized. There is opportunity to practice as a holistic nurse by honoring a client's journey through truly knowing, partnering, and being present with that client. Students utilize evidence-based practice to select the best practice in the care of the complex client. Co-requisite: NURS 650. Pre-requisite: NURS 565
3.000 Credit Hours
3.000 Lab hours
Levels: Graduate
Schedule Types: Lab
Coll of Social Sci Health & Ed College
Nursing Department

NURS 652 - Art and Science of Psychiatric Nursing
This course focuses on the holistic assessment, planning and treatment of clients with acute mental illnesses in hospital settings and chronic mental illnesses in community settings. Knowledge, skills and abilities to provide high quality services and high-performance leadership in public mental health that lead to consistency of services across settings for diverse populations is emphasized. Best mental health practice based on rigorous scientific evidence, formal consensus by a group of experts and quantitative and qualitative research evidence are examined. Co-requisite: NURS 653. Pre-requisite: NURS 562
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Nursing Department

NURS 653 - Art and Science of Psychiatric Nursing Practicum
Assess holistic mental health care in a variety of settings providing mental health care in the public sector to determine consistency of care, access to and availability of care. Assess clients/families mental health to plan and provide culturally competent care. Evidence - Based Practices salient to persons recovering from mental illness will be stressed during the students’ practicum experiences. Students spend 18 hours of practicum over an 11 week period. Co-requisite: NURS 652, Pre-requisite: NURS 563

1.000 Credit Hours
1.000 Lab hours

Levels: Graduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Nursing Department

NURS 654 - Advanced Pharmacology

This course assumes the knowledge of basic pharmacology and focuses on advanced pharmacology and the role of the advanced practice nurse in pharmacotherapeutics. Advanced clinical application of drug therapy and concepts relating to the mechanisms of drug actions, interactions, and adverse reactions, including immunologic-idiosyn cratic-allergic drug responses. Emphasis is on pharmacotherapeutics and cultural/ethnic considerations. Current pharmacologic research is also incorporated in the course. Pre-requisite: NURS 560

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 656 - Advanced Pathophysiology

This course is a continuation of NURS 554 Essentials of Pathophysiology. Emphasis is on Advanced Pathophysiology. Bedside problem-solving as it relates to adverse effects and illnesses in persons having acute, chronic and long-term health care problems are discussed. Knowledge of pathophysiology is used to predict illness progression and response to therapy which is used to guide and teach patients and families regarding care.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 658 - Clinical Pharmacology

This course assumes basic knowledge of pharmacology and focuses on advanced pharmacology and the role of the clinical nurse leader on pharmacotherapeutics. Advanced clinical application of drug therapy and concepts relating to the mechanisms of drug actions, interactions, and adverse reactions, including immunologic- idiosyn cratic-allergic drug responses will be explored. Emphasis is on pharmacotherapeutics and cultural/ethnic considerations. Current pharmacologic research is also incorporated in the course.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 660 - Adult Learner in Healthcare Organization

This course provides theoretical foundations and learning activities for the purpose of understanding and teaching the adult learner. This information will provide a framework for facilitating learning within the adult population and creating and managing educational programs in the healthcare environment.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 662 - Advanced Technology and Simulation

This course is designed for the educator who will be incorporating human patient simulation into educational programs. The course investigates the use of simulation training in health care, capabilities of human patient simulators and programming skills and techniques. The course will lead participants to understand how to implement simulation training into current and new educational opportunities.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 668 - Roles of Nursing Faculty

This course provides the student with necessary information to pursue the Nursing Faculty role in the clinical area as well as didactic teaching. major areas of responsibility of the nursing faculty member will be explored. These responsibilities include service, teaching and scholarship. Other responsibilities to be explored are curriculum development, mentoring new faculty members, student advisement and methods to evaluate both student and other colleagues. Other areas to be explored are the development of means to present assigned didactic information as well as development of an examination or other methods of student evaluation.

Teaching in the clinical environment will also be explored.

2.000 Credit Hours
2.000 Lecture hours
NURS 690 - Healthcare Policy-Nurse Leader
Processes of health care policy formation at the federal, state, and local levels and within the private sector. Ethical issues of health care policy formation and implementation.
2.000 Credit Hours
2.000 Lecture hours

NURS 692 - Advanced Informatics
The focus of this course is to improve clinical and administrative decision making through an in-depth understanding of healthcare informatics. Emphasis is on technology based health applications which support clinical, administrative, research, and educational decision making enhancing the efficacy of nursing endeavors. Current trends and issues in using, designing, and managing health care information systems will be examined.
3.000 Credit Hours
3.000 Lecture hours

NURS 695 - Special Topics
Individual or group in depth study of a specific topic under faculty supervision. Contract with instructor required before registration.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

NURS 703 - Graduate Nursing Practicum I
This course is designed for application of theory and principles from all previous courses, with particular emphasis in the area of concentration. Individually modified course objectives, supervised experiences, periodic seminar discussions, and written practicum logs are methods used to facilitate the learning experience.
2.000 Credit Hours
2.000 Lecture hours

NURS 705 - Graduate Nursing Practicum II
This course is designed for application of theory and principles from all previous courses, with particular emphasis in the area of concentration. Individually modified course objectives, supervised experiences, periodic seminar discussions, and written practicum logs are methods used to facilitate the learning experience.
2.000 Credit Hours
2.000 Lecture hours

NURS 707 - School Nurse Practicum
This course is designed as the third practicum course for students in the school nurse licensure program. It is expected that knowledge, principles and values gained from NURS 520, NURS 703, and NURS 705 will continue to be applied in NURS 707; additional skills and knowledge are added through continued synthesis and application of theory and principles from previous practicum courses and didactic courses required for school nurse licensure. Students will apply research principles taught in NURS 502 Nursing Research, to the appraisal of school health needs, and utilize content taught in EDAD 660 Curriculum Design & Teaching Strategies to design and implement health care programs. And, through communication and collaboration with others, students will establish and maintain comprehensive school health programs. Pre-requisites: NURS 502, 520, 703, & 705, EDSP 500, EDAD 660.
3.000 Credit Hours
3.000 Lecture hours

NURS 709 - Graduate Nursing Practicum III
This course is designed for synthesis and application of theory and principles from all previous courses, with particular emphasis in the area of concentration
Students will develop objectives specific for their concentration and their clinical agency experience.

2.000 TO 4.000 Credit Hours
2.000 TO 4.000 Other hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 750 - Nursing Perspectives III**

This course focuses on the application of the Clinical Nurse Leader role in caring for diverse populations. Risk assessment, resource management and utilization of data in the public health arena are discussed. Healthy populations are defined from a holistic perspective.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 752 - Community Nursing/Public Health Policy**

Provides students with exploration of the four key nursing modes in the community: Community-oriented Nursing Practice, Public Health Nursing Practice, Community Health Nursing Practice and, Community-Based Nursing Practice. Promotion of health and prevention of disease in the context of a culturally diverse population is studied. Equally emphasized are the effects of changing governmental roles and structures of healthcare and the nurse's role in the political process with the goal of nurses shaping nursing practice. The nature of ethical problems, care of the environment and the role of holistic nursing in health care reform is discussed. Use of the nursing process to assess aggregates and communities and to intervene through health education, advocacy, and epidemiologic methods is emphasized.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 753 - Community Nursing/Public Health Policy Practicum**

Provides opportunities to assess and analyze the needs and strengths of communities and populations using various community/assessment frameworks/models. The partnership role of the community as client/teacher with the holistic nurse is emphasized. The focus is on primary prevention and culturally competent health care management using evidence-based practice to achieve public health policy goals.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 754 - Leadership and Management Concepts**

This course presents an overview of leadership and management concepts that are essential for leadership in nursing. In addition, it will prepare nurses to be leaders in collaborative practice by understanding, healthcare economics, management of resources, and organizational behavior.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 797 - Scholarly Project**

A capstone course. Further development of students' skills of critical thinking, systematic inquiry, and scholarly writing. A major paper prepared for publication is expected. To be taken during the last 6-12 hours in student's program.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Seminar

Coll of Social Sci Health & Ed College
Nursing Department

**NURS 850 - Nursing Perspectives IV**

This course focuses on the application of the Clinical Nurse Leader role in caring for complex clients within the acute and community care setting. Principles of leadership, group dynamics, and change strategies in complex organizations, risk assessment, resource management and utilization of evidenced based practice are applied.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 851 - Leadership Practicum

This course is an application and immersion of the student into the role of the Clinical Nurse Leader with supervision provided by partner facilities. As a capstone course, the student will be required to demonstrate mastery knowledge and behaviors expected of a clinical nurse leader. Attention to holistic concepts are emphasized as they relate to the nurse as an instrument of healing engaged in a transpersonal human caring process, self care, care of the environment and the global community.

4.000 Credit Hours
4.000 Lab hours

Levels: Graduate
Schedule Types: Lab

Coll of Social Sci Health & Ed College
Nursing Department

NURS 852 - Leadership for Quality

The purpose of this course is to develop a scholarly project. The scholarly project is an application of key CNL and holistic nursing responsibilities and knowledge related to the clinical microsystem. Topics are selected in collaboration with unit supervisors from partner facilities. The students will demonstrate project management skills in conjunction with a faculty member who will facilitate the student’s project progress.

2.000 Credit Hours
2.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Nursing Department

NURS 854 - Advanced Informatics

The focus is to improve clinical and administrative decision making through an in-depth understanding of healthcare informatics. Emphasis is on technology based health applications which support clinical, administrative, research, and educational decision making enhancing the efficacy of nursing endeavors. Current trends and issues in using, designing, and managing health care information systems will be examined.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Nursing Department

PHIL 100 - Ethics as Introduction to Philosophy

The goals of human life; the first principles of morality; virtue, duty, law, responsibility. Special emphasis on justice.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 101 - Philosophical Dialogue & Drama

This course will introduce students to philosophical questions and concepts as presented in Plato’s dialogues and in films that have strong philosophical content. The issues will be primarily ethical and political: What is the purpose of living morally, even if immoral behavior can bring greater rewards? What does it mean to be truly brave, fair, or religious? Why do people become friends, and what obligations do we have to our friends? If an appropriate play is scheduled to be presented during the timeframe of the Institute, the course will include a field trip to a stage performance in the Cincinnati area.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 290 - Theory of Knowledge

The interplay between human knowledge and the world it knows, the possibility of objective knowledge, and the nature and developments of modern science as a theoretical and practical project. Pre-requisite: PHIL 100.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 300 - Origins of Philosophy

A study of the revolution in thought which created philosophy and science in ancient Greece. Pre-socratic philosophers and Sophists. Pre-requisite: PHIL 100 and PHIL 290.

3.000 Credit Hours
3.000 Lecture hours
PHIL 301 - Ancient Philosophy
A survey of Ancient Greek Philosophy, with emphasis on Plato and Aristotle. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 302 - Medieval Christian Philosophy
A survey of the central medieval Christian philosophers from Augustine to Ockham. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 304 - Early Modern Philosophy
Seventeenth and eighteenth century philosophers; conflict of ancients and moderns; response of moderns to each other on system, nature, knowledge, method, morals. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 305 - Contemporary Philosophy
A treatment of philosophical movements and issues in the new millennium. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 306 - 20th Century Continental Philosophy
One or more of the important continental philosophical movements in the twentieth century, such as phenomenology, existentialism, Marxism, post-structuralism. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Philosophy Department

PHIL 307 - 20th Century Analytic Philosophy
An examination of the movements in analytic philosophy of the past century, including the rise of logical and linguistic analysis and logical positivism. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 308 - Late Modern Philosophy
Nineteenth century philosophers. A study of the primary sources from Hegel to Nietzsche, with emphasis on continental philosophy and the consequences of Kant’s thought. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department
Philosophy Department

PHIL 309 - Medieval Islamic & Jewish Philosophy
A survey of some of the central texts in Islamic and Jewish medieval philosophy. A major focus is the relationship between Greek philosophy (reason) and revelation (Islamic and Jewish) in the medieval period.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 310 - Existentialism
A study of authors such as Kierkegaard, Dostoyevsky, Nietzsche, Unamuno, Jaspers, Heidegger, Sartre, Marcel, and Camus who have investigated what it means to be an existing individual. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 311 - Symbolic Logic
The elements of propositional calculus and predicate calculus; the structure of deductive systems. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 312 - Philosophical Hermeneutics
Hermeneutics, originally a term for the art of interpreting the bible, came to mean, first the method of philology and of the human sciences (history, literature, philosophy) and finally, with Heidegger and Gadamer, the only understanding possible after metaphysics. This course examines Gadamer’s Truth and Method and thinkers who contest Gadamer’s theses. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 315 - Philosophy of Religion
An examination of the philosophical investigation of religion by reading classic philosophical texts on religion, particularly texts from the Enlightenment and post-Enlightenment periods. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 317 - Philosophical Anthropology
The principal philosophical topics relating to the nature of the human being, especially life, intellection, freedom, personhood, and community. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 319 - Reason and Desire
A consideration of different conceptions of human desire in Classical and Modern philosophers. Among the questions to be addressed are the general relation between reason and desire, whether we can act from reason instead of from desire, and whether we can, or should, control what desires we have. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate

Xavier University 2009-2010 Catalog 527
PHIL 320 - Philosophy of Science
A study of philosophical problems arising out of the presuppositions, methods and results of the natural sciences, focusing particularly on the effectiveness of
science as a means for obtaining knowledge. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PHIL 321 - Business Ethics
Case studies of several critical issues in business, analyzed according to the contemporary context and ethical principles. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PHIL 323 - Markets and Morals
This course will explore the philosophical, especially the ethical, foundations of modern commerce and economics, raising questions about the limits, advantages and
disadvantages of “market” forces in social life. We explore how thinkers such as Mandeville, Hume, Smith, Ricardo, and Malthus apply the concept of a market to
topics such as manners, currency, trade, scientific invention, education, land use, population, national defense and religion.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PHIL 328 - Existentialist Phenomenology
This course examines the origins of the rigorous description of existential phenomena - including perception, knowledge, passivity, the body, finitude, death, and
intersubjectivity - in the early 20th century phenomenological tradition of its founder Edmund Husserl and his student Martin Heidegger. Then the mid-20th century
French existentialist appropriation of these phenomenological themes will be critically studied in some of the shorter works of, among others, Jean-Paul Sarte and
Maurice Merleau-Ponty.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PHIL 329 - Bioethics
Moral issues arising in health care delivery, including social policy as well as clinical problems. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture, Seminar

PHIL 331 - Philosophy and Literature
A consideration of the quarrel between philosophy and poetry, with an emphasis on the roles of reason and the passions in action. Pre-requisite: PHIL 100 and PHIL
290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Course Attributes:
ERS Focus Elective

PHIL 333 - Philosophy of Art & Beauty (Aesthetics)
Principal theories of beauty and contemplation, of art and creative intuition, of truth and symbolism of works of art. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 334 - Mind, Body and Self
What is it to be a human being? What is it to be me? Who am I? This course will explain some of the answers to these questions provided by ancient, modern, and contemporary philosophers in the Western tradition (among them Aristotle, Locke, and Ricoeur). Our goal will be to become familiar with classical theories of human identity, and to uncover the philosophical foundations of today’s debates on the mind-body relation, as well as on the nature of the self.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 336 - Speculative Feminism
Applications of feminist theory to problems in metaphysics, epistemology, and philosophy of human nature. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 338 - Enlightenment & Revolution
Evaluates the nature of political revolutions by examining the French Revolution and its aftermath. Specific attention is paid to the meaning of revolution as a means of political change and the role of justification of violence.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 339 - Revolution and Its Aftermath
This course explores the theoretical articulation and response to the American and French Revolutions, paying attention to how modern political thought emerges as a dialogue about the meaning of these revolutions.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 340 - Metaphysics
Metaphysics is the science that investigates what it means to be or exist. This course will examine the nature of metaphysics, and the role it has played in the history of philosophy. Majors and minors only. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 341 - Philosophy of Time
What is time? How is it related to change, space, and the human mind? Authors read may include Aristotle, Augustine, Kant, and Heidegger.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
PHIL 342 - German Idealism
Studies the major late eighteenth and early nineteenth century German philosophers, including Fichte, Schelling, and Hegel. Kant will be presented as background to these thinkers. Major topics will include nature, freedom, and history. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 343 - History of Ethics
Survey of the ethical theories of the ancient philosophers, of the Christian appropriation, rejection and/or development of these theories, and the relation of these theories to the distinctively modern types of ethics. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 345 - Contemporary Political Philosophy
Readings in recent political thought, including theories of the nature of political power and organization.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Philosophy Department

PHIL 346 - The Scottish Enlightenment
Explores the work of several 18th-century Scottish thinkers, with particular focus on the moral, political, and economic aspects of this distinct tradition of thought. Philosophers covered will include Hutcheson, Hume, Smith, and Reid. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 347 - The Problem of Evil
An examination of historical framings of and responses to the existence of evil. May include readings from Aristotle, Augustine, Hume, Leibniz, Kant, Nietzsche, and Arendt.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 348 - God & Nature in American Philosophy
A study of the concepts of God, religious experience, and the relation between the divine and the natural in American philosophy, with emphasis on thinkers such as Edwards, Emerson, Thoreau, James, Royce, and Dewey.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 351 - Italian Philosophy
The main conceptual currents in the history of Italian philosophy through representative texts. The epistemological role of the imagination as well as theories of history and politics, in such thinkers as Machiavelli, Vico, and Croce. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

Course Attributes:
ERS Focus Elective
PHIL 352 - Bacon & Machiavelli
This course will investigate select writings of Bacon and Machiavelli in order to understand the connection between politics and natural science on the eve of Enlightenment.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 354 - Philosophy in America
A study of distinctive American philosophical movements of the Nineteenth and Twentieth Centuries. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 356 - Plato & Christian Philosophy
A survey of Platonism (Academy, the Middle Platonism of Philo Judaeus, Neo-platonism, Origen, Augustine) with an emphasis on the Christian interpretation of Plato, which shaped his reception by modernity.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 357 - Natural Law & International Relations
This course takes a historical approach to the philosophical foundations of international law. Focused on the 17th and 18th centuries, readings include Grotius, Hobbes, Pufendorf, Vattel, and Kant.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 358 - American Dream: Past/Present/Future
This course will consider the American Dream by focusing on one core concept, the idea that we are "self-made." We will examine some of the most significant statements of this dream, with particular attention to the period of the founding of the United States and to the civil rights movements of the 1960s.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Philosophy Department

PHIL 359 - Philosophy & Slavery
A philosophical exploration of the nature of enslavement and its moral and political dimensions. Readings may include texts by Aristotle, Locke, Hegel, Douglass, and Nietzsche.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 360 - Social Contract Theory
This course explores the history of social contract theory as a framework for political philosophy. Readings will involve the most prominent classical formulations (Hobbes, Locke, Rousseau), critical commentary (Astell, Hume), and the legacy of the contractarian tradition upon later political theorizing Kant, Rawls). Pre-requisite: PHIL 100, PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

Xavier University 2009-2010 Catalog 531
PHIL 362 - Ancient Political Philosophy
A study of ancient political philosophy with emphasis on classic texts of Plato and Aristotle. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 363 - Medieval Political Philosophy
An examination of four of the principal political philosophers of the Middle Ages: namely Augustine, Thomas Aquinas, William of Ockham and Marsilius of Padua focusing on two central issues: the relation of church and state within the single entity "Christendom" and the problem of the relation of law and natural right. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: Catholicism & Culture Minor

PHIL 364 - Modern Political Philosophy
A study of the principal problems and texts of modern political philosophy starting from Machiavelli. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
 Philosophy Department
Course Attributes: ERS Focus Elective

PHIL 366 - Aristotle
Study of the main philosophical works. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 367 - Plato
Study of the interpretation of selected dialogues. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 368 - Thomas Aquinas
A study of Aquinas' principal philosophical texts, especially concerning the existence and nature of God, creation, the nature of the human being, and the purpose of human life. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: Catholicism & Culture Minor

PHIL 369 - St. Augustine
An introduction to the thought of St. Augustine of Hippo, one of the greatest leaders of the early Catholic Church and one of the most important figures in medieval philosophy.
3.000 Credit Hours
3.000 Lecture hours
PHIL 371 - C. S. Peirce

An investigation of some of Peirce's most important works in metaphysics, phenomenology, philosophy of science and theory of signs. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 373 - William James

A survey of William James' major writings including selections from his landmark work in psychology, philosophy of religion, and voluntarism. The course will conclude with an examination of his later Pragmatism and Radical Empiricism, as well as a discussion of his influence upon subsequent thought in America and Europe. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 374 - Hobbes

A study of major philosophical works of Thomas Hobbes. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 375 - Kant

A study of the major philosophical works of Immanuel Kant. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 376 - Hegel

Introduction to the philosophical system of Hegel and to post-Hegelian developments. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 377 - Schopenhauer

An examination of the philosophical pessimism of Arthur Schopenhauer by reading his central work, "The World As Will and Representation," and a consideration of his powerful influence on late nineteenth and early twentieth century culture. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Philosophy Department

PHIL 378 - Vico

Examination of several key texts in the development of Giambattista Vico's thought, culminating in the Science Nuova. Themes include Vico's method, his critique of Cartesianism, his theory of history, and his rethinking of natural law. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
PHIL 379 - Nietzsche
An in-depth reading of several of Nietzsche's works, emphasizing his relation to the philosophical tradition as well as to the history of the twentieth century. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: ERS Focus Elective

PHIL 380 - Husserl
A careful textual study of major works by Edmund Husserl. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 381 - Josiah Royce
A study and critique of the Problem of Christianity by this prophet of secular Christianity. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: ERS Focus Elective

PHIL 382 - John Stuart Mill
A study of the philosophy of John Stuart Mill, the 19th century philosopher of utilitarian ethics and liberal political theory. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: ERS Focus Elective

PHIL 383 - Spinoza
An introduction to the philosophy of Baruch Spinoza by a close reading of his most important texts, including the Ethics, the Theological Political Treatise, and the Political Treatise. The course will also attempt to understand the main themes of Spinoza's work by placing his thought in context and comparing it to the work of other philosophers, including Hobbes, Descartes, and Leibniz. Pre-requisite: PHIL 100 and PHIL 290
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department
Course Attributes: ERS Focus Elective

PHIL 384 - Marx
A survey of Marx's writings, with special attention paid to his concern with human nature and estrangement, the materialist conception of history, and political praxis.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 385 - Phenomenology of Perception
The cornerstone of this course is a careful reading of Maurice Merleau-Ponty’s Phenomenology of Perception. Merleau-Ponty follows in the Husserlian tradition of phenomenology, or the description of how objects appear to and for perceivers. A sampling of shorter reading by Anglo-American writers on the issue of perception and conceptual thought will follow.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 387 - Marx

An investigation of selected works of Karl Marx with a view to determining the philosophical principles and ideas governing his thought. Special attention will be devoted to the significance of Marx’s thinking to central questions in moral and political philosophy.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 388 - Freud and Philosophy

Examines the thought of Sigmund Freud as a coherent philosophical worldview. Building on Freud’s reconstruction of human nature, we shall examine and evaluate his views on culture, society, religion, and aggression. What is more, we shall analyze and evaluate his claim to have founded a new science. Readings will cover a selection of work from Freud’s career. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture, Seminar
College of Arts & Sciences College
Philosophy Department

PHIL 390 - Habermas and the Public Sphere

This course will focus upon selected texts by Jürgen Habermas that deal with democratic institutions and the public sphere in the modern world. Habermas’ speculations on the future of democracy in a world characterized by multiculturalism and globalization will also be examined, along with critical appraisals of his thought.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 391 - Heidegger

Study of Heidegger’s great work, Being and Time, and of his later thought. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 395 - Directed Study

Independent study related to the field of philosophy.

1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 399 - Thesis Review

A review of progress on the Senior Thesis, ongoing throughout the Spring term. Graduating senior majors. Pre-requisite: PHIL 100 and PHIL 290

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Philosophy Department

PHIL 400 - Undesignated Philosophy

This course number is used when posting transfer credits from other colleges.
PHYS 001 - Physics Lab Undesignated
This course number is used when posting transfer credits from other colleges.
0.300 TO 5.000 Credit Hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Philosophy Department
Course Attributes: Physics Lab - Univ Core

PHYS 002 - Physics Lec Undesignated
This course number is used when posting transfer credits from other colleges.
1.000 TO 5.000 Credit Hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department
Course Attributes: Physics Lecture - Univ Core

PHYS 108 - Our Universe: Environmental Science
This course will examine natural and human-induced causes affecting the environment from a physics/engineering perspective. Students will first address the way science interfaces with the climate change, energy policy and sustainability, urban infrastructure, environmental health and the impact of developing economies, and the role of technology and scientific innovation in addressing the environmental problems.
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department
Course Attributes: Environmental Studies Minor, Physics Lecture - Univ Core

PHYS 109 - Our Universe: Environmental Science Lab
Laboratory required to accompany PHYS 108.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Physics Department
Course Attributes: Environmental Studies Minor, Physics Lab - Univ Core

PHYS 110 - Our Universe: Forensic Studies
This course will explain the intriguing work of crime scene investigators from a physics standpoint. Included are techniques to find out how a crime happened, e.g., ballistics, blood pattern analysis and skid marks, and techniques to investigate traces that lead to an identification of the perpetrator like bite marks, fingerprints and body fluids. Co-requisite: PHYS 111.
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department
Course Attributes: Physics Lecture - Univ Core

PHYS 111 - Our Universe: Forensic Lab
Hands-on experiences will support the material presented in the lecture. Co-requisite: PHYS 110
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
PHYS 112 - Our Universe: Color & Images
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

PHYS 113 - Our Universe: Color & Images Lab
Laboratory required to accompany PHYS 112.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab

PHYS 114 - Our Universe: Physical Science
An investigation of the physical properties of matter, mechanics, electricity, and magnetism. Inquiry is the primary method of instruction in a combined lecture and laboratory. Intended for Early and Middle Childhood Education, and Montessori Education Majors with an emphasis placed on the Ohio Academic content Standards. Satisfies science core requirement. Co-requisite: PHYS 115.
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

PHYS 115 - Our Universe: Physical Science Lab
Laboratory required to accompany PHYS 114.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab

PHYS 116 - Our Universe: The Earth
An introductory course on earth, energy, and environmental science from a physics perspective. Co-requisite: PHYS 117.
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

PHYS 117 - Our Universe: The Earth Lab
Laboratory required to accompany PHYS 116.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lab - Univ Core

**PHYS 118 - Our Universe: The Sky**
Introductory course in astronomy, focusing on basic astronomical phenomena, light, and the life cycle of stars including supernovae and black holes. Co-requisite: PHYS 119
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lecture - Univ Core

**PHYS 119 - Our Universe: The Sky Lab**
Laboratory required to accompany PHYS 118.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lab - Univ Core

**PHYS 120 - Our Universe: The Planets**
The Planets (2) Introductory course in astronomy, focusing on cycles of the sky, and description, formation, and life-cycle of our Solar System and extra-solar planetary systems. Fundamentals of astronomy are included, and this course may be taken in any sequence with PHYS 118 Our Universe: The Sky, if desired.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lecture - Univ Core

**PHYS 121 - Our Universe: The Planets Lab**
The Planets Laboratory required to accompany PHYS 120.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lab - Univ Core

**PHYS 122 - Our Universe: Energy Source/Use**
an introductory course that surveys various forms of energy and studies practical economical applications.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

**Course Attributes:**
Physics Lecture - Univ Core

**PHYS 123 - Our Universe: Energy Lab**
Laboratory to accompany PHYS 122.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College

---

Xavier University 2009-2010 Catalog 538
Physics Department

Course Attributes:
Physics Lab - Univ Core

**PHYS 124 - Our Universe: In the Beginning**

This course explores the historical progression of our beliefs regarding the origin and structure of the universe. Specifically, the course will present and critique cosmological models put forth by Greek philosophers, medieval theologians, and modern scientists (but with the greatest emphasis placed on modern Big Bang cosmology). One of the overall goals of the course will be to show how astronomical observations were used by each of these groups to build up their view of cosmology. Co-requisite: PHYS 125

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 125 - Our Universe: In the Beginning Lab**

Laboratory required to accompany PHYS 124 and designed to support concepts being explored in the lecture such as motion, spectra, astronomical distances and cosmological time.

1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lab - Univ Core

**PHYS 140 - Technical Physics**

For occupational therapy and radiologic technology students. Kinematics, force laws, momentum, energy, work, power, heat, temperature, waves.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 141 - Radiologic Physics**

For radiologic technology students. Energy, the structure of matter, electricity, magnetism, optics, radioactivity, and the nature and production of X-Rays.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lab - Univ Core

**PHYS 142 - Technical Physics Lab**

This lab accompanies PHYS 140 lectures. Primarily for occupational therapy students.

1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Physics Department

**PHYS 160 - College Physics I**

An algebra-based approach to introductory physics for premedical, pre-dental and other students. Topics include mechanics, heat, and sound.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department
Course Attributes:
Physics Lecture - Univ Core

**PHYS 161 - Introductory Physics Lab I**
This laboratory accompanies PHYS 160 or PHYS 170 lectures.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 162 - College Physics II**
An algebra-based approach to introductory physics for premedical, pre-dental, and others. Topics include mechanics, heat, and sound.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 163 - Introductory Physics Lab II**
This laboratory accompanies PHYS 162 or 172 lectures.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 170 - University Physics I**
Calculus level course for chemistry, computer science, mathematics, applied physics, and physics majors. Mechanics, heat, sound.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 171 - Explorations in Physics I**
Laboratory for physics majors to be taken with PHYS 170.
1.000 Credit Hours
1.000 Lab hours

**Levels:** Undergraduate

**Schedule Types:** Lab

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core

**PHYS 172 - University Physics II**
Continuation of PHYS 170. Electromagnetism, optics, and modern physics.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate

**Schedule Types:** Lecture

College of Arts & Sciences College
Physics Department

Course Attributes:
Physics Lecture - Univ Core
PHYS 173 - Explorations in Physics II
Laboratory for physics majors to be taken with PHYS 172.
1.000 Credit Hours
1.000 Lab hours
Levels: Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Physics Department

PHYS 206 - Advanced Study of Basic Physics I
The broad implications of the fundamental principles of general physics.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department

PHYS 207 - Advanced Study of Basic Physics II
The broad implications of the fundamental principles of general physics.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department

PHYS 242 - Electronics I
A. C. and D. C. basic analog circuits and measuring instruments, including power supplies, filters, integrated circuits and operational amplifiers and waveform generators. Basics of digital components and circuits. Pre-requisite: PHYS 172
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department

PHYS 243 - Electronics I Lab
Laboratory to accompany PHYS 242.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Physics Department

PHYS 244 - Electronics II
Digital components and circuits, microcomputer architecture and machine language programming, interfacing circuits.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Physics Department

PHYS 245 - Electronics II Lab
Laboratory to accompany PHYS 244.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate
Schedule Types: Lab
College of Arts & Sciences College
Physics Department

PHYS 330 - Modern Physics I
The atomic view of matter, electricity, and radiation; the atomic models of Rutherford and Bohr, relativity, x-rays, and introductory quantum mechanics.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
PHYS 331 - Modern Physics Lab I
Photoelectric effect, e/m for electrons, black body radiation, vacuum techniques, ionization potentials, Bragg diffraction, atomic spectra, x-ray spectra.
1.000 Credit Hours
1.000 Lab hours
Levels: Graduate, Undergraduate

PHYS 340 - Modern Physics II
Natural and artificial radioactivity, nuclear reactions, high-energy physics, and fundamental particles. Pre-requisite: PHYS 330.
3.000 Credit Hours
3.000 Lecture hours

PHYS 341 - Modern Physics Lab II
Experiments in radioisotope techniques, nuclear particle counting, activation analysis, scattering, and reactor criticality.
1.000 Credit Hours
1.000 Lab hours

PHYS 350 - Theoretical Mechanics I
Statistics, equilibrium of rigid bodies, analysis of structure, friction, machines.
3.000 Credit Hours
3.000 Lecture hours

PHYS 351 - Theoretical Mechanics II
Dynamics, kinematics of particles and rigid bodies, conservation of energy and momentum, inertial matrices.
3.000 Credit Hours
3.000 Lecture hours

PHYS 355 - Advanced Physics Lab
Advanced techniques on research grade experimental equipment. A partial list includes vacuum deposition system, x-ray diffractometer, nonlinear optical light generation, optical tweezing and atomic force microscope. Advanced calculus based error analysis techniques and communication components will be emphasized.
2.000 Credit Hours
2.000 Lab hours

PHYS 360 - Electromagnetism I
Coulomb's law, Ampere's law, Faraday's law, Maxwell's electromagnetic equations in free space and material media. Course is given in vector notation.
3.000 Credit Hours
3.000 Lecture hours

PHYS 361 - Electromagnetism II
Continuation of PHYS 360.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 364 - Physical Optics**

Electromagnetic wave theory is used to derive the laws of optics: reflection, refraction, diffraction, Fresnel integrals, and theory of dispersion.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 365 - Physical Optics Lab**

Experiments in Physical Optics, including diffraction, Michelson's interferometer, multiple beam interference, polarization, fiber optics, and holography.
1.000 Credit Hours
1.000 Lab hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Physics Department

**PHYS 376 - Quantum Mechanics I**

The mathematical formalism of quantum mechanics and its physical interpretation.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 377 - Quantum Mechanics II**

Continuation of PHYS 376.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 382 - Thermodynamics**

Thermodynamic variables and processes, internal energy of a system, first and second laws of thermodynamics, Carnot cycle, entropy, and irreversibility.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 388 - Astrophysics**

The applied fields of astronomy and astrophysics.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

**PHYS 389 - Solid State Physics**

Topics include crystallography, specific heat, phonons, band theory, Fermi surfaces, superconductivity. Survey of structural, thermal, electrical, and magnetic properties of matter in solid state.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
PHYS 390 - Special Studies
Area to be specified.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

PHYS 395 - Physics Research
Area to be specified.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

PHYS 397 - Special Readings
Area to be specified.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lab

College of Arts & Sciences College
Physics Department

PHYS 398 - Physics Thesis
Experimental or theoretical work completed with faculty advisor. Oral and written presentation required at conclusion.
1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Physics Department

POLI 120 - Comparative Government and Politics
Introduction to and comparison of political systems in several national settings.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Social Science - Univ Core

POLI 140 - American Government and Politics
Introduction to the theory and practice of the American political system.
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Social Science - Univ Core

POLI 211 - Cincinnati History & Politics
A political history of Cincinnati with an analysis of contemporary urban politics.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department
POLI 212 - Urban Administration & Public Policies
Overview of the administration issues involved in governing and managing cities, particularly as they pertain to the policy making process.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 215 - French Politics
Examination of government, political processes and issues in contemporary France, including relations with the U.S.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 219 - Irish Government and Politics
Examination of Irish politics, North and South, with emphasis on changes due to socioeconomic and cultural change.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department
Course Attributes:
Gender & Diversity Studies Min

POLI 220 - Government & Politics of South East Asia
A political and geographic survey of the varied and colorful countries of East Asia, in which the technological revolution is proceeding at a fast pace.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 224 - Middle East Politics
Examination of recent history, government, political processes and issues in the contemporary Middle East, including relations with the U.S.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department
Course Attributes:
Gender & Diversity Studies Min, Peace Studies Minor, Social Science - Univ Core

POLI 229 - Politics of Central America: Nicaragua
Overview of contemporary history and politics of Central America focusing on theories of revolution, development, dependency, and democracy.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department
Course Attributes:
ERS Focus Elective, Latin American Studies Minor

POLI 232 - Politics of Japan
Examination of recent history, government, political processes and issues in contemporary Japan, including relations with the U.S.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
POLI 234 - Government & Politics of China
Examination of recent history, government, political processes and issues in contemporary China, including relations with the U.S.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 240 - State & Local Government
The structure, organization, and activities of state and local government.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 241 - Governing Cincinnati
Examination of the politics and government of Cincinnati, including local campaign politics, policy decision-making, and the influences of local media.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 242 - Urban America
Historical development and demographic patterns of the city and its environs. Socio-cultural and ecological perspectives used to examine urban, suburban, and rural areas.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 246 - Mass Media and Politics
Examination of the ways in which the mass media interact with and influence political processes, including campaign politics and policy-making.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 275 - Politics of War and Peace
Review of major approaches to the study of war and peace.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 277 - International Relations
The theory of international relations, nationalism, imperialism, disarmament and arms control, diplomacy, collective security.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department
Course Attributes:
Peace Studies Minor, Social Science - Univ Core

POLI 280 - Irish Political Culture
This course will explore various aspects of Irish political culture as it has evolved from the late 19th century. The course will survey themes such as the role of myth in the creation of Irish identity, the debated nature of Celtic identity in Ireland, the postcolonial nature of Irish society after independence, and the contemporary changes to Irish life especially secularization amidst the continuing sectarian differences that exist primarily in Northern Ireland. Films will be used to explore images and the reality of Irish life in the twentieth century as well as exploration of drama, literature, poetry, television, and other artistic means to debate and challenge inherited meanings and identities.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 301 - Political Philosophy

Detailed examination of basic problems in political philosophy. Emphasis is on the significance and critique of classic modernity.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 302 - Liberalism and Its Critics

Detailed examination of the theory, practice, and critiques of liberalism.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 308 - Roussean and the Good Life

Detailed reading of Rousseau's Emile and The Reveries of the Solitary Walker. Emphasis is on student discussion of the philosophic, moral and political issues raised by the books.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 314 - Non-Western Modernities

This course undertakes a historical inquiry into the processes and practices that went into the making of 'alternative modernities' in South Asia. We will revisit themes like colonialism, nationalism, and formation of (post-)colonial identities to highlight conditions and circumstances (both historical and contingent) that led to alternative ways of being modern. Second, we will explore how different notions of modernity has shaped and structured the contemporary social, political, and economic landscapes of the regions under consideration. Here we will look at themes like state and politics, urbanization, development, and globalization to discuss, analyze, and understand how modern South Asia deals with its pasts and forges ahead to meet the challenges, demands, and dreams of the 21st century.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 316 - Globalization

Over the last decade globalization has been the cause of much hope and promise; at the same time it has been the cause of the student, worker, and environmental protests all over the world. The course will be an interdisciplinary examination of the political, cultural, economic, theological, and ethical dimensions of globalization. It will be team-taught by faculty from economics, political science, theology, and the E/RS program. There will also be a number of invited experts from the US and abroad who will meet with the class.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate

Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Environmental Studies Minor, ERS Focus Elective

POLI 320 - Global Islamic Politics

Introduction to the issues of global Islamic politics. Topics include the complex relationships between Islam, Muslim communities, political Islam, the modernity-tradition dichotomy, the international relations of the Muslim world, Muslim minorities, political participation, culture, economy, violence and conflict dynamics.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Gender & Diversity Studies Min, Peace Studies Minor

POLI 321 - Conflict, Development & Justice
Examination of the links between political conflict and economic and political development. Challenges to a status quo and efforts to address problems in developing areas often framed in terms of "justice." Theoretical material for the course will be drawn primarily from the literature on the international political economy of development. References will be made to case studies from the Middle East, South Asia and other contemporary and historical cases.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 330 - Politics of Central and Eastern Europe
This course will concentrate on post, present, and future political developments in those eight East European countries where communist parties once ruled. Our goal is to understand the region's diversity and analyze common and diverging points of the communist and post-communist experiences.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 340 - The Presidency
The nature and function of executive power in the American political system.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 344 - The Challenge of Peace
In-depth exploration of the personal, political, practical, and spiritual aspects of peace.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
ERS Focus Elective, Peace Studies Minor

POLI 345 - Pressure Groups & Congress
A study of pressure groups and group theory as it applies to the United States. Special emphasis on the structure and operation of Congress.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 347 - Civil Liberties & Civil Rights
Detailed reading of American constitutional law cases in civil liberties & civil rights. Emphasis is on class discussion of the legal, political, social, and moral issues raised in the published opinions of Supreme Court justices.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 350 - Political Theory & American Regime
Detailed reading of the writings of American statesmen from the founding to modern times with a view to understanding the United States as regime.
3.000 Credit Hours
3.000 Lecture hours
POLI 352 - Principles of Research

In-depth study of the basic steps and processes in scientific inquiry.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 359 - Campaigns, Elections & Parties

Examination of electoral politics, political parties, and campaign processes and issues in the U.S.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 363 - Lincoln & Conditions of Freedom

Detailed study of the writings of Abraham Lincoln, particularly as they pertain to the conditions of human freedom under modern democracy.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 372 - International Political Economy

Internation political economy examines the interactions of markets and political forces. It focuses on areas for which the study of economics alone is insufficient, such as the effect of global economic activity on national interests, the durability and success of international regimes, and the international distribution of wealth and economic activities. It includes attention to the formal and informal institutions that direct development, well-being, conflict, cooperation, and rivalry.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Peace Studies Minor

POLI 374 - United States Foreign Policy

A survey of American foreign policy since World War II with special emphasis on contemporary issues.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Peace Studies Minor

POLI 379 - Revolution and Change

A survey of the major theoretical approaches to the processes of political and social change especially in developing countries.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Latin American Studies Minor
POLI 381 - Politics of Western Europe
This course will explore the political history, institutions, actors, processes, policies, and political culture of Western Europe, with particular emphasis on Germany, France, and Great Britain. Investigation of the major issue of European integration, with focus on the changing definition, role, and significance of the European Union. Examining of current debates over the limits of a united Europe, a single European currency, and a wider EU membership. The course will also consider the political implications for Europe of the end of Communist systems in the East and the formation of new political alignments in Central and Eastern Europe, as well as Russia. Finally, we will study Europe's developing role in a new world of complex interdependence.
3.00 Credit Hours
3.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 387 - Soviet & Post-Soviet Politics
A survey of the Soviet period emphasizing the 1917 Revolution and the Stalin era to better understand contemporary events.
3.00 Credit Hours
3.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 390 - Seminar: International Relations
Senior comprehensive paper based on research methods and survey of the scholarly literature in the field.
3.00 Credit Hours
3.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Political Science & Sociology Department

POLI 391 - Seminar: American Government
Senior comprehensive paper dealing with problems of American government and politics.
3.00 Credit Hours
3.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Political Science & Sociology Department

POLI 392 - Internship: Policy Analysis
Examination of the methods of policy analysis through hands-on experience in a relevant organization.
6.00 Credit Hours
6.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
College of Arts & Sciences College
Political Science & Sociology Department

POLI 394 - Advanced Reading & Research
In-depth analysis of a topic or project of individual interest. Open to exceptional students upon faculty recommendation and with approval of department chairperson.
3.00 Credit Hours
3.00 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 395 - Upper POLI elective
0.00 TO 18.00 Credit Hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

POLI 396 - International Studies Internship
Examination of processes and issues in the field of international affairs through hands-on experience in a relevant organization.
3.00 Credit Hours
POLI 397 - Political Internship

This is a guided internship course to be taken in conjunction with a 12-14 week internship. Students are required to work between 12 and 20 hours per week during the course of the internship (12-15 hours is recommended in the Fall and Spring semesters, 16-20 hours is recommended in the summer). Course readings, assignments, and discussions are designed to prepare students to succeed in their internship and to help them use their experiences as an intern to gain a broader understanding of politics, campaigns, and political institutions.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Internship

College of Arts & Sciences College
Political Science & Sociology Department

POLI 398 - Internship: City Government

Examination of the processes and issues in local government through hands-on experience in a political office or related organization.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

College of Arts & Sciences College
Political Science & Sociology Department

POLI 401 - Washington DC Internship

See department for application materials.

3.000 TO 9.000 Credit Hours
3.000 TO 9.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

College of Arts & Sciences College
Political Science & Sociology Department

POLI 402 - Washington DC Internship Course

An elective course taken through the Washington Center for Internships and Academic seminars.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Practicum

College of Arts & Sciences College
Political Science & Sociology Department

POLI 404 - Community Bldg Internship

As urban communities in the United States become more complex, widespread and troubled, leaders in non-profit, corporate, government and grassroots arenas have increasingly engaged in comprehensive civic initiatives that seek to address social and economic conditions. This course explores the nature of such collaborative work, often called community building, and the forces that impact such efforts in an internship setting with partners leading their neighborhoods towards community transformation.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Internship

College of Arts & Sciences College
Political Science & Sociology Department

POLI 410 - War & Peace in Literature and Film

Overview of political issues related to war and peace illustrated with examples from literature and film. Treatment of war and peace in the media from Civil War to Vietnam War.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

POLI 490 - Directed Study

Opportunity to pursue a topic or project of individual interest. Subject to approval of department chairperson.

1.000 TO 4.000 Credit Hours
1.000 TO 4.000 Lecture hours

Xavier University 2009-2010 Catalog 551
Levels: Graduate, Undergraduate
Schedule Types: Independent Study
College of Arts & Sciences College
Political Science & Sociology Department

**PSYC 100 - Efficient Reading & Study Skills**

Critical reading comprehension, study skills, writing skills with emphasis on the integration of reading and writing, understanding what is read, and developing good study habits. Improve ability to interpret, analyze, and evaluate general reading material and specific course contents.

1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

**PSYC 101 - General Psychology**

Basic psychological processes such as sensation, perception, motivation, learning, abnormal, social, and personality development.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

Course Attributes:
Social Science - Univ Core

**PSYC 121 - General Experimental Psychology I**

Introduction to the scientific method used in psychology, covering topics such as sensation, perception, learning, emotion, motivation. Fulfills science requirement for non-psychology majors. Co-requisite: PSYC 122.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

Course Attributes:
Psychology Lecture - Univ Core

**PSYC 122 - General Experimental Psychology I Lab**

Laboratory experiments demonstrating principles described in the lectures. Co-requisite: PSYC 121.

1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab
Call of Social Sci Health & Ed College
Psychology Department

Course Attributes:
Psychology Lab - Univ Core

**PSYC 123 - General Experimental Psychology II**

Introduction to the structure and function of the nervous system, which serves as the basis for the study of human behavior and psychopathology. Fulfills science requirement for non-psychology majors. Co-requisite: PSYC 124

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

Course Attributes:
Psychology Lecture - Univ Core

**PSYC 124 - General Experimental Psychology II Lab**

Experiments demonstrating principles described in the lectures. Co-requisite: PSYC 123.

1.000 Credit Hours
1.000 Lab hours

Levels: Undergraduate
Schedule Types: Lab
Call of Social Sci Health & Ed College
Psychology Department

Xavier University 2009-2010 Catalog 552
**Course Attributes:**
Psychology Lab - Univ Core

**PSYC 200 - Orientation to the Major**
The objective of the course is to prepare psychology majors for a career in psychology. You will receive exposure to various careers in psychology and reflect on the psychology major as the right choice for you. For example, you will complete some self reflection assignments regarding psychology as a choice for major and examine what is best choice of career paths for your abilities, strengths, values and experiences? You will also learn about some career-related skills such as securing employment: resume writing, researching areas of interest, networking, job shadowing, skills obtained as a psychology major (research design, critical and scientific thinking, oral presentation skill), and accessing XU resources (e.g., Center for Career and Leadership Development).
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 210 - Statistical Techniques**
Basic statistics in psychology. Measures of central tendency and variability, correlational techniques, and experimental test of differences among groups. For Psychology majors and minors only.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 221 - Research Methods and Design I**
Basic exploration of the scientific method as applied to psychology. Includes research design and appropriate statistical analyses. Required for psychology majors, minors, and Honor's students. Co-requisite: PSYC 223
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 222 - Research Methods and Design II**
Advanced exploration of the scientific method as applied to psychology. Includes research design and appropriate statistical analyses. Required for psychology majors. Co-requisite: PSYC 224
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 223 - Research Methods and Design I**
Development of hypotheses, design and carry out psychological research, analyze data and interpret results. Required for psychology majors, minors and honors students. Co-requisite: PSYC 221
1.000 Lab hours
1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lab

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 224 - Research Methods and Design II**
Development of hypotheses, design, and carry out psychological research, analyze data and interpret results. Required for psychology majors. Co-requisite: PSYC 222
1.000 Credit Hours
1.000 Lab hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lab

**Coll of Social Sci Health & Ed College**
Psychology Department

**PSYC 231 - Developmental Psychology**
Factors influencing a person's life span. Application to stages of physiological maturation, developmental tasks, social learning, personality integration.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
PSYC 232 - Child Psychology
The study of growth and development; heredity and environmental factors; early and later childhood to puberty.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 233 - Adolescent Psychology
Interrelated physical, social, and moral development associated with youth and adolescence.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 245 - Psychology of Cultural Differences
A study of the way in which cultural differences influence psychological functioning and social behavior at individual, interpersonal, and systematic levels.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 261 - Social Psychology
The individual's personality, attitudes, behavior in multi-individual situations.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

Course Attributes:
Social Science - Univ Core

PSYC 267 - Treating Sex Offenders & Victims
This workshop explores treatment issues and approaches for working with sex offenders, victims, and other family members.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 271 - Introduction to Emotionally Disturbed Child
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 276 - Psychology of Delinquency
Types and causes of juvenile delinquency together with brief case histories.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
PSYC 277 - Abnormal Psychology
Dynamics of the disturbed personality; symptoms, causes, treatment of psychoneuroses, psychoses, deviant personalities.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 285 - Psychology of Religion
Examines religiousness and the religious personality from a psychological perspective.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 301 - History and Systems of Psychology
Modern scientific psychology including its various schools and their backgrounds. Required of Psychology majors. Senior Level.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Independent Study, Lecture

PSYC 310 - Marriage and the Family
An interdisciplinary course taught simultaneously by a psychologist, sociologist, and theologian, each looking at marriage and family from his/her perspective. In addition, married couple specialists from law and medicine present as guest speakers.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 321 - Industrial-Organizational Psychology
Psychological bases for organizational decisions from employment to the maintenance of motivation and job satisfaction of people. Research, measurement and practical application are emphasized.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 330 - Intro to African/Black Psychology
This course will provide an introduction to the field of African-centered and Black psychology, one of the social sciences. It will utilize an African-centered framework to examine salient themes in the psychology of the people of African descent. It is my hope, that through this examination, the learner will become more knowledgeable about the psychological experiences of people of African descent and the role of history and culture in human development.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 340 - Sexism & Racism in Society
This workshop explores the causes and effects of racial and gender stereotyping, prejudice, and discrimination on the individual, institutional, and cultural level. Emphasis is on education, the workplace, interpersonal relations, and communication.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
PSYC 350 - Psychology and the Law
Demonstrates a fundamental bridge between psychology and the law. The student is introduced to each discipline's basic methodologies, the roles of forensic psychologists in the legal system, and how psychology can contribute to various areas of the law.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 353 - Violence Against Women & Girls
This course is on violence against women and girls, but also makes comparisons regarding violence against men and boys. Course lectures and reading materials address the issue of violence against women and girls in terms of how gender inequality is related to the violence against them. The feminist approach incorporates the intersection of sexism with other forms of oppression, such as racism, classism, and heterosexism. The topics covered focus on sexual abuse (physical and non-physical) and intimate partner abuse, including sexual harassment and stalking. Psychological aftereffects of sexual victimization, including Post Traumatic Stress Disorder and Complex Post Traumatic Stress Disorder are covered.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 365 - Psychology of Women
Study of the biological, psychological, and social needs and issues of women.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 366 - Crime & Personality
Root causes of crime in the individual and in the culture. Consideration of personality dynamics and treatment approaches.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 367 - Psychology of Aging
The interrelationship between biological-cognitive personality and social changes associated with aging.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 368 - Health Psychology
A survey of the field of health psychology. Examines a number of health issues by considering the interaction of biological, psychological, and social factors.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
PSYC 370 - Human Sexuality
A survey of the psychology of humans as sexual beings. Examines biological, cultural, psychological and developmental aspects.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 375 - Drugs in Society
Material covered in this course includes historical and current perspectives on drug addiction. Basic pharmacology and neuroanatomy are reviewed. Current empirical understanding of the nature and effects of cocaine, nicotine, caffeine, alcohol, depressants, opiates, marijuana, hallucinogens and psychiatric drugs are covered. Additionally, students are exposed to current controversies regarding drugs, drug regulation and drug prevention.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 379 - Psychological Achievement Testing
Principles of mental testing- norms, reliability, validity- along with a familiarization of various psychological tests and discussion of factors in mental testing, e.g., anxiety, maturation, ethics, sources, scoring techniques.
3.000 Credit Hours
3.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 380 - Counseling Challenging Youth
Workshop participants learn a number of practical strategies for building and maintaining therapeutic relationships with challenging youth and families. The strategies are formatted around six guiding principles common to most human services professionals who successfully engage this population. Participants are challenged to assess their own attitudes, beliefs, and behaviors related to challenging youth via lecture, demonstrations, small group activities, and role plays.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture, Workshop
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 385 - Processes of Intergroup Dialogue
This course is designed to five students a foundation to effectively facilitate group interactions and specifically structured multicultural inter-group dialogues. The topics of this course include social identity, group development, prejudice, and stereotyping and their effects on groups; difference and dominance and the nature of social oppression; culture, cultural cues, and judgments; basic group facilitation skills and their application in multicultural settings. Subsequently, the class will view films, participate in class exercises or role plays, practice facilitation and reflect on the readings, processes, and assignments in class discussions.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
Course Attributes:
Gender & Diversity Studies Min

PSYC 407 - Addiction: An Epidemic
This workshop examines the various forms of addiction that are becoming the leading social problems of this century. An overview of addiction is imparted as well as manifestations such as sex, gambling, eating disorders, and drugs. The impact of addiction on the individual, family, and society are discussed.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 408 - Women & Societal Violence
A workshop that takes a historical perspective on violence against women. Violence against women and intervention are studied. Prosecution of cases is presented and treatment strategies for offenders are explored.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
PSYC 409 - Group Dynamics
In-depth consideration of basic dynamics and processes operating in groups and the various strategies used in the group approach as they relate to educational, business, social and personal interactions and problems.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 426 - Physiological Psychology
This upper-division course provides an overview of the structure and function of the human nervous system as it is involved in human behaviors such as memory, emotion, learning, and psychological disorders. This course assumes that the student has successfully completed A&P (or its equivalent).
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 427 - Cognitive Psychology
Examines the human information processing system. Topics include attention, perception, sensory memory, short-term memory, long-term memory, reasoning and problem solving.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 429 - Psychology of Sensation & Perception
Examines how the senses gather information from the outside world and how that information is transformed and interpreted by the nervous system. Topics include visual and auditory processing, perceptual organization, illusions, movement and time perception, and perceptual development.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 452 - Intro to Clinical Psychology
Provides an understanding of the different types of activities typically engaged in by clinical psychologists.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 464 - Theories of Personality
Description and evaluation of current personality theories.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

PSYC 470 - Consumer Behavior
Marketing strategy implications of consumer behavior. Provides a basic understanding of the major concepts and theories in consumer decision making and behavior. Considers psychology and other social sciences as they contribute to the understanding of these notions.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
PSYC 477 - Sports Psychology
The course deals with behavior and sports emphasizing the areas of personality and sports, anxiety and arousal in sports motivation, aggression, group dynamics, socialization and exercise.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 481 - Readings in Psychology
Library research project assisted and supervised by staff member. Required research paper. Psychology majors only. Approval of Dept. Chair required.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 490 - Practicum in Psychology
In this course, students will work with a child with autism in his/her ABA structured program conducted in the family's home on-average two times per week for at least four hours (50-hour minimum over the course of the semester). Unless other arrangements are made, students need to have a car or regular access to transportation. The practicum will be supervised by the participant parents working in conjunction with the instructor. In addition, students will also meet in class once a week (ranging from 1 to 2 1/2 hours) to participate in lectures on autism. Issues regarding definition, etiology, and treatment will be discussed, as well as topics concerning the impact of children with autism on the family and community. Classes may feature discussions led by parents of individuals with autism.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 499 - Senior Comprehensive Review
Capstone course required of all majors. Review of fundamental areas of psychology.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 502 - History & Philosophical Issues
Review conceptual foundations of modern psychology. This review traces the roots of modern psychology, highlights the major figures of psychology, including the contributions of women and ethnic minorities.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 504 - Theories of Personality
Advanced study regarding the structure and functions of personality as well as an evaluation of current personality theories.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 505 - Professional Problems & Ethics in Psychology
Professional issues in psychology including principles of ethics and their applications.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 506 - Advanced Social Psychology
This course provides an overview of social psychological theories. Applications of those theories and relevant research are examined in terms of clinical themes, and multicultural themes.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 508 - Diversity
This is an applied course on cultural diversity. Study of various ethnic and cultural norms are evaluated for their impact on clinical presentation. Appreciation and respect for differences are balanced with the importance of recognizing clinical needs within a variety of settings.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 511 - Advanced Statistics I
Statistical analyses emphasizing partial and semi-partial correlations, multiple regression, ANOVA, MANOVA, ANCOVA, logistic regression, discriminant analysis, and factor analysis. Pre-requisite: PSYC 210 or equivalent.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 512 - Advanced Statistics II
Continuation of PSYC 511.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 520 - Computer Statistics Language I
Application and interpretation of statistical packages for use in psychological research.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 521 - Computer Statistics Language II
Continuation of PSYC 520.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 522 - Personnel Psychology
Psychological dimensions of human resource functions in organizations, primarily focusing on personnel selection, employee orientation and placement, employment legislation and related topics with a strong emphasis upon current research and literature.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Call of Social Sci Health & Ed College
Psychology Department

PSYC 530 - Learning & Motivation
Theories of learning and motivation mainly within the context of education. Three families of learning theory: mental discipline, stimulus-response conditioning, cognitive psychology. Particular emphasis upon the place of intrinsic motivation.
PSYC 553 - Marketing Research
Methods and techniques of marketing research; its use as a tool of management; cases in marketing research.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 579 - ProSeminar: Applied Industrial-Organizational Psychology
An overview of topic areas in personality, social, and cognitive psychology, and their application to Industrial-Organizational Psychology.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 580 - Clinical Psychopathology
Study of descriptive and dynamic psychopathology via DSM-IV and psychodynamic theory. Clinical interviewing and diagnostic criteria.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 582 - Assessment I: Intelligence
Administration of individual tests of intelligence (WAIS-III, WISC-IV) and cognitive functioning (WMS-III). Introduction to analysis of test scores and report writing.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 585 - Assessment II: Personality
The fundamental principles involved in the administration, scoring, analysis, and evaluation of the MMPI-2, MMPI-A, MCMI-3, and several other tests are covered in this course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 590 - Internship: General Experimental Psychology
Supervised experience in the student's area of interest/concentration.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Psychology Department

PSYC 593 - Internship in Industrial Organizational Psychology
A 120-hour field experience within the general area of I-O psychology. In some instances, students design and carry out projects in the service of organizations. In other situations, students participate in on-going activities in ways to help serve organizational needs.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Practicum
PSYC 607 - Advanced Developmental Psychology
Introduction to core issues in developmental psychology - developmental perspective on psychological theory and research; sub-discipline in psychology with its own history, perspective, methodologies, and traditions of measurement and analysis; appreciation of a developmental perspective in clinical work; importance of culture and diversity in developing a clinical perspective.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

PSYC 609 - Learning & Cognition
Analysis of the experimental literature and theories of learning and cognition, including conditioning, memory, attention, problem solving, and decision making.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

PSYC 610 - Biological Bases of Behavior
A survey of the biological underpinning of human behavior with an emphasis on structure and function of the human nervous system particularly as it pertains to processes such as learning, memory, emotions, and psychological disorders.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

PSYC 615 - Gestalt Therapy
This workshop is an introduction to theoretical foundations and therapeutic techniques of Gestalt therapy with particular emphasis on experiential learning.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

PSYC 621 - Advanced Research Design & Analysis
Intensive survey of experimental procedures and advanced issues in experimental procedures and analysis; introduction to individual laboratory research with special focus on methodological issues.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

PSYC 623 - Issues in Applied Psychology
This course serves to provide students with exposure to topics related to conducting research in applied settings, including performing program evaluations and communicating with Institutional Review Boards (IRB) regarding studies involving human subjects. Typically, students are required to apply principles from previous courses in statistics and research design. Information about the PsyD dissertation requirement is also typically provided.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Practicum

PSYC 627 - Marital & Family Therapy
A workshop designed to educate students in the systems perspective in dealing with a range of psychological disorders. Diagnostic and treatment strategies presented along with practical training in marital and family interventions. Advances in marital and family research are presented.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department
PSYC 629 - Intervention Techniques: Behavior Therapy

Theoretical and empirical bases of behavior therapy coupled with applied aspects of the therapeutic process. Projects using behavioral therapeutic techniques in a variety of settings with various clinical problems required.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 641 - Assessment Techniques in Industrial-Organizational Psychology

The role of assessment in I-O psychology. Skill development in conducting job analyses and writing job descriptions; constructions, evaluating and using employment tests; developing and carrying out surveys; coverage of all phases of performance evaluation; and meeting other assessment needs within the field of I-O psychology.

4.000 Credit Hours
4.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 642 - Professional Development Issues: I-O Psychology

Provide an extensive analysis of the process of organizational development consulting with an emphasis on developing students to be successful professionals. Topics include organizational development theory, organizational consulting theory, practical issues in consulting and the identification of ethical boundaries around professional behavior.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Seminar

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 643 - Seminar: Industrial - Organizational Psychology

Thorough review of current topics in I-O psychology as well as the area of leadership, with an emphasis on both research and popular literature. Students are expected to be largely responsible for the presentation of information.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Seminar

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 644 - Organizational Psychology

Concepts attempting to explain the motivation and behavior of employees in organizations. Topics include job satisfaction, work motivation, absenteeism, turnover, organizational commitment, organizational citizenship behaviors, and job design with a strong emphasis on current research and literature.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 645 - Train & Devel in Organizations

This course presents an overview of the important issues in training and development. Students apply the concepts and knowledge learned to real world situations.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 649 - Introduction to Clinical Interactions

This course is designed to introduce graduate students to the knowledge, attitudes and skills which are basic to clinical practice especially interviewing and therapy. It includes a survey of research related to the aspects of therapy common across theoretical orientations and the process variables which have been found to lead to positive outcomes. The course includes a lecture and discussion period for the whole group and a lab with a group of four students and an advanced graduate student TA.

3.000 Credit Hours

Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 650 - Professional Development & Practicum I**

This is a didactic and experiential class designed to socialize the students in a variety of applied areas within the area of clinical psychology. Students become acquainted with information about practical aspects of psychological service provision, current professional and ethical issues relevant to that experience and the role of psychological organizations in one's development. Professional development addresses four general areas: clinical knowledge, clinical skills, self-knowledge, and research thinking.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 651 - Professional Development & Practicum II**

Continuation of PSYC 650.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 660 - Performance Appraisal**

This course will present an overview of important issues in performance appraisal, as well as practical experience. Expectations include applying the concepts and knowledge learned in this class to real world situations.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 685 - Assessment III: Personality**

This course furthers training in the assessment of personality functioning by presenting the administration, scoring and interpretation of the Rorschach Test, based upon Exner's Comprehensive System.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 689 - Research in Psychology**

Research project supervised by a faculty member.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Independent Study

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 699 - Master's Thesis**

Culminating scholarly activity requiring literature review, collection and analysis of data and discussion of results. A formal proposal and oral defense of the written thesis are required.

- **Credit Hours:** 3.000 TO 6.000
- **Lab hours:** 3.000 TO 6.000

**Levels:** Graduate

**Schedule Types:** Lab

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 703 - Psychopharmacology**

Culminating scholarly activity requiring literature review, collection and analysis of data and discussion of results, supervised by a faculty member. A formal proposal and oral defense of the written thesis are required.

- **Credit Hours:** 3.000
- **Lecture hours:** 3.000

**Levels:** Graduate

**Schedule Types:** Lecture
PSYC 704 - Health Issues in Geropsychology
This course focuses on the relationship between physical disease and psychological functioning. Theoretical issues and applied psychological interventions related to health promotion and wellness are presented. Offers a multi-disciplinary perspective through critique and analysis of current research literature and exposure to other allied health professionals.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 705 - Clinical Neuropsychology
Study of brain-behavior relationships. This course reviews classic neuropsychological presentations of frequently encountered neurological disorders.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 706 - Alcohol & Substance Abuse
This course examines the concept of addiction as it is understood by psychologists. It is designed to provide exposure to leading theories of drug initiation, abuse and dependence. Information about the physical and psychoactive effects of the major categories of abuse and dependence producing drugs are covered. Assessment strategies and treatment modalities are discussed.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 710 - Intervention Technique: Group Therapy
This course is designed to teach the significant theoretical aspects of group therapy. Students will become familiar with the stages of development of groups, the goals of each stage, the characteristic behavior of members within each stage as well as the appropriate leader interventions. Knowledge of factors that make groups effective, ethical guidelines and qualities/behaviors that make effective group leaders, and cultural issues that impact groups will be addressed.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 712 - Forensic Psychology
Examines the bridge between psychology and the law, emphasizing the forensic psychologist's role in the legal system. Attention is given to developing a foundation in forensic knowledge, skills, and attitude for professional psychologists. Forensic issues including assessment and intervention strategies, consultation, interdisciplinary forensic problem-solving, courtroom testimony, and ethics are emphasized.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 714 - Child & Adolescent Chronic Illness
This intensive workshop examines the child and adolescent with chronic illness and discusses treatment approaches from a multi-disciplinary or bio-psycho-social intervention model. The instructor draws upon extensive experience and observations from working in clinics, hospitals or in the field with children who have been diagnosed with such disorders as: cancer, hemophilia, AIDS, diabetes, sickle cell anemia, endocrine/growth problems, cleft palate, genetic anomalies, mental health DSM-IV disorders, as well as children with multiple handicaps and disabilities. Emphasis is given to practical ways counselors and other mental health professionals and teachers can build and maintain therapeutic relations with children who have been dealt this difficult challenge of handling a chronic or life threatening illness. Additionally, this course gives special attention to identifying needs, assessing, and treating families and siblings of children who have a chronic illness.
1.000 Credit Hours
1.000 Lecture hours
Levels: Graduate
Schedule Types: Workshop

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 715 - Early Cognitive Development
Review of theories of the nature and development of the human cognitive system and how it relates to developmental processes. Special attention is paid to Piaget's theory of cognitive development.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 716 - Working with Difficult or Tough Children
Workshop that examines identification, assessment and treatment procedures used therapeutically with a range of psychological disorders experienced by children and adolescents.
0.000 TO 1.000 Credit Hours
0.000 TO 1.000 Lecture hours
Levels: Graduate
Schedule Types: Workshop
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 717 - Class Mgmt: Understanding & Working With Students With Emotional & Behavioral Disorders
This workshop is designed to provide practical help to teachers, administrators, psychologists, counselors, school psychologists, social workers and graduate students in the mental health and other related professions who work with children and adolescents both inside and outside the classroom.
0.000 TO 1.000 Credit Hours
0.000 TO 1.000 Lecture hours
Levels: Graduate
Schedule Types: Workshop
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 718 - Assessment of Child & Adolescent
Designed to teach a variety of clinical assessment strategies to assist in diagnosis and clinical decision-making. The complexities of developing youth and their social systems are examined as they relate to as interpreting assessment data with sensitivity to cultural and ethnic differences.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 720 - Child & Adolescent Psychopathology
Risk factors for and characteristics of psychopathology evidenced by persons under 18, with attention to the influence of genetics, biology, family, peers, diverse social contexts, and society as a child develops.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 721 - Psychopathology & Therapeutic Intervention with Older Adults
Focus of the course is twofold: assessment and treatment. When assessing and treating older adults, psychologists must consider the relevant bio-psycho-social factors. Students will express their conceptualization of cases according to a biopsychosocial framework, DSM-IV diagnostic criteria, and the major models of psychotherapy; describe and defend their treatment plan for many common disorders in later life, incorporating empirically proven effective interventions; and identify the ethical principles operative in cases and describe how they will resolve ethical dilemmas according to APA ethical guidelines and principles.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 730 - Intervention Technique: Consulting
Consultation is studied within a process service delivery role, especially applied to the clinical psychologist. Both consulting as an individual and as part of a team are studied as applied to a number of different areas: health care agencies; forensic agencies; academic agencies; athletics and corporations. The emphasis on specific areas may change from time to time. Basics of grant writing, aspects of program evaluation, diversity issues, consulting vs. counseling and therapy, ethical issues related to consulting are explored. Students are expected to become familiar with consulting research and theory as well as fundamentals of consulting practice.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Psychology Department
PSYC 731 - Intervention Techniques: Psychodynamics

This course is presented to teach both a theoretical and applied understanding of the psychotherapeutic process, emphasizing psychoanalytic theory and technique. Respect for differences is emphasized.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 732 - Intervention Techniques: Child & Adolescent

Theoretical framework regarding the psychological treatment of children and adolescents, current research data, and treatment methods presented in dealing with a range of childhood and adolescent disorders. Special emphasis is placed on empirically validated treatment interventions.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 735 - Intervention: Dialectical Behavior Therapy

Students will become familiar with Dialectical Behavior Therapy (DBT) as it can be applied to a variety of clients including suicidal adolescents and adults with Borderline Personality Disorder (BPD). Students will study four components of DBT: individual therapy, skills training, phone coaching, therapist consultation teams. Students will also learn how to teach the DBT skills of mindfulness, interpersonal effectiveness, emotion regulation, and distress tolerance. The course will also survey the theory and research behind DBT.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 740 - Assessment of Older Adults

Students become familiar with the theory, research, and practice of various assessment methods used with older adults. This course exposes students to common clinical assessment issues with this population (e.g., what factors need to be ruled out, and how to go about an assessment to answer specific referral questions). Students write several assessment reports based upon case vignettes, in which they integrate bio-psycho-social assessment evidence.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 747 - Intervention Techniques: Marital & Family Therapy

Designed to educate students in the systems perspective in dealing with a range of psychological disorders. Diagnostic and treatment strategies presented along with practical training in marital and family interventions. Advances in marital and family research are presented.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 760 - Clinical Practicum III

Supervised experience in a clinical setting.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 761 - Clinical Practicum IV

Continuation of PSYC 760.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department
PSYC 787 - Research I

A culminating scholarly activity requiring a review of relevant literature, collection and analysis of data, and discussion of results under the supervision of a faculty member. A formal proposal meeting and oral defense of the written dissertation are required.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 788 - Research II

Continuation of PSYC 787.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 789 - Research III

Continuation of PSYC 788.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 790 - Continuous Major Research

Continuation of PSYC 699 & 789.
3.000 TO 12.000 Credit Hours
3.000 TO 12.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 850 - Clinical Practicum V

Supervised experience in a clinical setting.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 851 - Clinical Practicum VI

Continuation of PSYC 850.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 896 - Research & Clinical Issues: Severely Mentally Disabled Population

A knowledge-based introduction to the research and clinical issues involved in working with severely mentally ill persons and their families. Takes a broad-based approach to the overview of the field and addresses theory and practice methods in this area. Students are acquainted with the social, political and professional context in which mental health practice and research take place.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

PSYC 897 - Intervention Techniques: Severely Mentally Disabled Population

This course is designed to teach assessment and intervention techniques for working with severely mentally ill persons and their families. Uses psychological and psychosocial development theory and research as a basis for case and treatment conceptualization. Further acquaints students with the social, political, and professional context in which mental health practice and research take place.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 900 - Tutorial in Psychology**

Content to be determined according to the needs of the student in regards to a particular skill/knowledge area.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours

Levels: Graduate
Schedule Types: Independent Study

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 998 - Internship Planning**

Continuation of doctoral student preparation for internship experience.
1.000 Credit Hours
1.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Psychology Department

**PSYC 999 - Internship**

Intensive, full-time supervised experience in a clinical setting approved by the director of clinical training.
1.000 TO 2.000 Credit Hours
1.000 TO 2.000 Lecture hours

Levels: Graduate
Schedule Types: Practicum

Coll of Social Sci Health & Ed College
Psychology Department

**RADT 115 - Cmpttr Literacy for Radiography**

Computer terminology and concepts with emphasis on applications in Radiologic Technology.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Radiologic Technology Department

**RADT 150 - Medical Terminology**

Medical word roots, stems, prefixes and suffixes. Common medical abbreviations.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Radiologic Technology Department

**RADT 152 - Patient Care in Radiography**

Basic patient care, communication skills, professional ethics, emergency procedures and isolation techniques.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Radiologic Technology Department

**RADT 154 - Ethics & Law in Radiography**

This course will provide students with a fundamental background in ethics as well as elements of ethical and professional behavior. Students will be introduced to legal terminology, principles, and professional organizations.
1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Radiologic Technology Department

**RADT 160 - Radiographic Procedures I**
Didactic and laboratory instruction in routine radiographic positioning of the chest, abdomen, upper extremities, bony thorax, esophagus, stomach, large intestines, biliary and urinary systems.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 161 - Radiographic Practicum I**
Radiographic clinical competency training and evaluation, Tuesdays and Thursdays during the fall semester at an affiliate hospital (16 hours/week).
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 162 - Radiographic Procedures II**
Didactic and laboratory instruction in routine radiographic positioning of the lower extremities, pelvis, cervical, thoracic, and lumbar spine, skull and facial bones.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 163 - Radiographic Practicum II**
Radiographic clinical competency training and evaluation, Tuesdays and Thursdays during the spring semester at an affiliate hospital (16 hours/week).
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 165 - Radiographic Practicum III**
Radiographic clinical competency training and evaluation during the summer months. First summer session, Monday and Wednesday at an affiliate hospital (16 hours/week). Second summer session, Monday through Friday at an affiliate hospital (40 hours/week).
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Practicum

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 170 - Principles of Radiographic Exposures I**
Basic concepts of radiation protection, the process of radiographic image production, and the specific equipment accessories used to produce high quality images.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 172 - Principles of Radiographic Exposures II**
Controlling and influencing factors of radiographic image quality.
2.000 Credit Hours
2.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

Coll of Social Sci Health & Ed College  
Radiologic Technology Department

**RADT 180 - Radiation Protection and Biology**
How to use ionizing radiation in a safe and prudent manner, maximum permissible doses, effects of ionizing radiation on living tissue.
2.000 Credit Hours
RADT 250 - General Radiography
Specialized radiographic positioning procedures including radiographic anatomy.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 260 - Special Procedures
Special radiographic procedures including myelography, tomography, arthrology and vascular studies. Contrast media.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 261 - Radiographic Practicum IV
Advance radiographic clinical competency training and evaluation, fall semester on Mondays, Wednesdays and Fridays at an affiliate hospital (24 hours/week).
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 262 - Pharmacology & Drug Admin
Content is designed to provide basic concepts of pharmacology and drug administration. The administration of diagnostic contrast agents and/or intravenous medications is emphasized.
1.000 Credit Hours
1.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Radiologic Technology Department

RADT 263 - Radiographic Practicum V
Advance radiographic clinical competency training and evaluation, spring semester on Mondays, Wednesdays and Fridays at an affiliate hospital (24 hours/week).
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 265 - Radiographic Practicum VI
Continuation of RADT 263, summer semester, Monday through Friday (2 months 40 hours/week).
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Practicum
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 270 - Principles of Radiographic Exposures III
Radiographic technique charts and designs. Exposure conversion problems. Anodecooling and tube rating.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department
RADT 272 - Principles of Computed Tomography
Content is designed to impart basic principles and instrumentation related to computed tomography (CT imaging). Computed tomography systems and operations will be explored with attention given to radiation safety.
1.000 Credit Hours
1.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Radiologic Technology Department

RADT 280 - Pathology
Study of diseases and the radiographic evaluation of the disease processes.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 292 - Imaging Equipment & Film Process
Defines the design, maintenance, and quality assurance of radiologic equipment and film processing equipment.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 294 - Radiographic Sectional Anatomy
Gross sectional anatomy of the head, neck, thorax, abdomen, pelvis and vertebral column as they appear on diagrams, computed tomography and magnetic resonance scans.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 300 - Introduction to MRI
1.000 Credit Hours
1.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 310 - MRI Imaging Procedures
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 311 - MRI Practicum I
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture
Coll of Social Sci Health & Ed College
Radiologic Technology Department

RADT 320 - Physical Principles of MRI I
2.000 Credit Hours
2.000 Lecture hours
Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Radiologic Technology Department

**RADT 330 - Advance Sectional Anatomy**

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Radiologic Technology Department

**SOCI 101 - Introduction to Sociology**

Social behavior within the context of group structure, society, and culture. Basic sociological terminology and methodology.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Social Science - Univ Core

**SOCI 167 - Survey of Society in Social Work**

The social welfare institution and social work. The three major purposes of social work: (1) enhancement of problem solving; (2) knowledge of systems that provide people with resources and services; and (3) the successful linkage of people with these systems.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Gender & Diversity Studies Min

**SOCI 180 - Culture & Society**

Cross cultural study of human values, norms, and behavior. Contemporary American as well as remote and prehistoric cultures will be investigated from the anthropological perspective.

3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Social Science - Univ Core

**SOCI 216 - Sociology of Religion**

Examination of the major components of religion, the interdependence between religion and other societal institutions, and religion's role in social conflict and change.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
ERS Focus Elective

**SOCI 232 - Sociology of Sport**

Organized sport as an important institutional component of American culture and society.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture
**SOCI 240 - Population Trends & Analysis**

Introduction to the basic methods and theories of demography.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**SOCI 245 - Appalachian in Urban Life**

Subcultural contact with the urban community. Social and economic adjustment problems of this group.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**SOCI 250 - Racial Ethnic Minorities**

Minority groups in contemporary United States. Social processes involved in dominant minority relations.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**Course Attributes:**  
Gender & Diversity Studies Min, Social Science - Univ Core

**SOCI 262 - Women in American Society**

Women in social, economic, and structural (bureaucratic) settings. An examination of changing roles and status.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**Course Attributes:**  
Gender & Diversity Studies Min

**SOCI 264 - Social Change**

Studying alterations in cultural patterns, social structure, and social behavior.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**SOCI 265 - Collective Behavior**

Overview of theory and research on various forms of collective behavior, including fads, fashions, urban legends, crowds, riots, and social movements.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department

**SOCI 269 - Popular Culture**

Critical perspectives on the production, interpretation, and effects of popular culture.
3.00 Credit Hours
3.00 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture  
College of Arts & Sciences College  
Political Science & Sociology Department
SOCI 270 - Irish Historical Sociology
This course entails readings, lectures, and travel to the most important sites in Ireland that explain the evolution of Irish identity based on different migrations.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department
Course Attributes:
Social Science - Univ Core

SOCI 285 - Magic & Witchcraft
Mysticism and the supernatural in social context. The meanings and functions of magic and witchcraft within various cultural contexts.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 287 - American Music And The Roots Of Cool
This course addresses the influence of music in everyday living - the impact of music in society as well as social problems expressed through music. With emphasis on the American experience, special attention is paid to popular cultural and mass cultural forms of music - especially soul, jazz, rhythm and blues and country - as well as how people use music to claim a social identity and to establish social boundaries between themselves and others.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 289 - Movies and Cities
The course is designed for undergraduates and serves as an introduction to both American urban history and the history of movies. It also acquaints students with interdisciplinary methods. Students are required to do a significant amount of reading and writing.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 290 - Criminology and Penology
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 292 - Juvenile Delinquency
Multiple factors involved in delinquent behavior. Definition, extent, causation, and treatment.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 300 - Sociological Theories
European and American theorists. Origin, growth, and change of social order and the individual's place in society.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Political Science & Sociology Department

SOCI 310 - Marriage and the Family
Sociological insights concerning marriage and family systems. Dating, love, sex roles, and parenting.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

SOCI 316 - Complex Organizations

A critical survey of formal organizations and the social processes and behaviors associated with them. Authority, control, motivation, socialization, and alienation are among the areas to be discussed.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

SOCI 352 - Principles of Research

In-depth study of the basic steps and processes in scientific inquiry.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

SOCI 353 - Applied Research Methodology

Ethnographic research methods. Senior comprehensive research paper.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

SOCI 358 - Urban America

Historical development and demographic patterns of the city and its environs. Socio-cultural and ecological perspectives used to examine urban, suburban, and rural areas.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Political Science & Sociology Department

Course Attributes:
Peace Studies Minor

SOCI 360 - Urban Anthropology

Introduction to the field of urban anthropology and to "the city" as an object of study. Explores urban life, culture and institutions by examining essays, ethnographies and films that reflect the research of observers of urban culture.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College

SOCI 495 - Directed Study
Opportunity to pursue a topic or project of individual interest.
1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Independent Study
College of Arts & Sciences College
Political Science & Sociology Department

SOCW 101 - Introduction to Criminal Justice
An overview of the history and legal basis of the criminal justice system, its structures, its functions and interface with the individual elements.

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

Course Attributes:
Social Science - Univ Core

**SOCW 167 - Survey of Society in Social Work**

The course is designed to offer students a basic knowledge and understanding of societal institutions and the core concepts, skills and activities necessary to practice within them. The course also examines the historical roots of the profession; social work interventions in practice, policy, and research; the knowledge, values, ethics and skills underpinning the practice of social work with diverse populations. Students will gain an understanding of the various roles social workers perform and the settings in which they practice.

Levels: Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

Course Attributes:
Gender & Diversity Studies Min, Social Science - Univ Core

**SOCW 204 - Contemporary Social Problems**

A systematic study of major social problems in modern society.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

Course Attributes:
Gender & Diversity Studies Min, Peace Studies Minor, Social Science - Univ Core

**SOCW 208 - Economics of Society**

A study of basic principles essential to understanding economic problems from a social point of view and the policy alternatives society may utilize to contend with these problems.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

Course Attributes:
Peace Studies Minor

**SOCW 221 - Juvenile Justice in a Changing Society**

A required course which emphasizes juvenile court philosophy and practices, prevailing case law, applicable federal and state legislation, historical and current trends and development of standards, alternatives to incarceration, and a comparison of the treatment of the juvenile offender in the juvenile justice system as opposed to the adult system.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

**SOCW 260 - Current Issues in Criminal Justice**

A required course which complements CJUS 101 Introduction to Criminal Justice; CJUS 103 Introduction to Corrections; CJUS 321 Juvenile Justice; and relates numerous current political and social issues to adult and juvenile corrections.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

**SOCW 261 - Social Psychology**

The individual's personality, attitudes, and behavior in multi-individual situations.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

Xavier University 2009-2010 Catalog 578
SOCW 264 - Social Change
Studying alterations in cultural patterns, social structure, and social behavior.
3.000 Credit Hours
3.000 Lecture hours

SOCW 265 - Overview of Contemporary Corrections
Compares historical and contemporary methodologies, presents and critiques jail and prison programs, applies court decisions to current practices, and generally analyzed institutional and non-institutional corrections in relation to today's social and political realities. Staff and inmate rights and responsibilities are presented within the context of ethical and legal requirements.
3.000 Credit Hours
3.000 Lecture hours

SOCW 270 - Families in Poverty
Analyzes the causes and consequences of poverty for families in America. Antipoverty policy responses are also considered.
3.000 Credit Hours
3.000 Lecture hours

SOCW 299 - Child Welfare and Development
This is a course designed to offer social work majors knowledge and understanding of human development from conception and birth through infancy, early childhood, and middle childhood for use in social work practice. Materials will stress both normative and problematic aspects of human behavior. A core of theories, concepts, skills, and information is given to prepare the student with knowledge for viewing human transitions through social interaction from adolescent through death. Biophysical, psychological and social aspects of the adolescent/adult are given making the course appropriate for multi-disciplines including: social work, psychology, nursing, sociology, etc. An ecological-systems orientation for looking at the influences of family, groups, organizations, communities and society). In addition, special emphasis is given to the examinatin of child welfare and child welfare services. Pre-requisite: or Co-requisite: PSYC, SOCI 101
3.000 Credit Hours
3.000 Lecture hours

SOCW 300 - Human Life Cycle II: Adolescence-Adult
This course is designed to offer the student knowledge and understanding of human development from adolescence through death, stressing both normative and problematic aspects of human behavior. A core of concepts, skills, theories, and activities is provided to prepare the student with knowledge for viewing human transitions through social interaction from adolescent through death. Biophysical, psychological and social aspects of the adolescent/adult are given. Pre-requisite: SOCW 299
3.000 Credit Hours
3.000 Lecture hours

SOCW 310 - Family and Society
A study of marriage preparation, partner selection, marital adjustment, family structure and functions, and marital dissolution. Current problems facing the family will be explored with an emphasis on macro and micro intervention strategies which may be employed for problem resolution.
0.000 TO 2.000 Credit Hours
0.000 TO 2.000 Lecture hours

Xavier University 2009-2010 Catalog 579
SOCW 313 - Lifestyles in a Changing Society

An in-depth study of American culture and the effects it has upon the relationship of the individual to the social order; a look at societal child-rearing practices, autonomy, and self-actualization.
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Coll of Social Sci Health & Ed College
Social Work Department

SOCW 315 - Social Institution as a System

This course serves as a required course for social work majors as well as an Ethics/Religion & Society fourth course elective. It is designed to offer students basic knowledge and understanding of the overall concept of social welfare in our society from the historical beginning to the present. The social institution of social welfare, and how it services and systems are implemented, is examined analyzed in relationship to five other social institutions: the political, economic, education, religious, and family institutions in America. Emphasis is placed on the influence of values and theories of poverty on the evolution of social welfare policies and programs.

Study of technical and functional vocabulary in selected situations not found in traditional textbooks. Pre-requisite: SPAN 300, SPAN 301 or its equivalent.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Modern Languages Department

Course Attributes:
Latin American Studies Minor

SPAN 305 - Readings in Spanish
Readings from literary and nonliterary sources chosen to improve reading skills, with continued practice of listening, speaking and writing skills. Pre-requisite: SPAN
SPAN 306 - Business Spanish

Development of the four skills in the context of the contemporary Hispanic business world by readings, discussions, and written practice. Emphasis on the terminology of commercial Spanish. Pre-requisite: SPAN 300, SPAN 301 or its equivalent.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

SPAN 325 - History of the Spanish Language

Study of the evolution and development of the Spanish language from Latin to present day Spanish. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

SPAN 326 - Spanish Language for Teachers

Study of the Spanish language designed to increase knowledge and competence through discussion and practice of language usage. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

SPAN 328 - Phonetics and Dialectology

Study of the phonetic system of the Spanish language, including transcription and identification of dialectical features. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

SPAN 329 - Spanish for Elementary Teachers

Emphasis placed on continued development of oral proficiency and a strong vocabulary base essential of thematic units. Program models, theories of first and second language acquisition, appropriate activities, and the principles of thematic planning will be investigated. Field experiences involving on-campus teaching of unit designs are an integral part of the course. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.
SPAN 350 - Spanish Civilization
Representative culture and history of Spain. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.
3.000 Credit Hours
3.000 Lecture hours

Gender & Diversity Studies Min, Latin American Studies Minor

SPAN 352 - Latin American Civilization II
Representative culture and history of Latin America from independence to the present. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department

SPAN 353 - Introduction to Latin American Studies
An introduction to Latin American Studies concentrating on historical, sociopolitical and cultural issues. Taught in English. Does not count towards major, minor, or language certification in Spanish. Fulfills the E/RS Focus elective. Pre-requisite: or Co-requisites: PHIL 100 and THEO 111.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department
Course Attributes:
ERS Focus Elective, Gender & Diversity Studies Min, Latin American Studies Minor, Peace Studies Minor

SPAN 358 - Central America Society and Culture
This course is designed for students on the Nicaragua Service Learning Semester (there will also be courses in Spanish language, literature, theology, and service learning). Starting from the belief that culture and society are better understood in relation to the historical, sociopolitical, economic, and religious context, this course will provide an introduction to these major topics as well as to the art, music, and literature of the Central American region (focusing primarily on Nicaragua and El Salvador). It is also designed to help students integrate all aspects of their experience during the semester. Two major foci within this will be to examine the role of the Church (in conjunction with your theology class) and the United States’ influence and actions in the area. This will be done from the perspective of different groups in the U.S. and Central America. We will discuss both positive and negative aspects of the U.S. relationship with Central America and the issues involved (political, economic, ethical, and moral). We will also discuss what we as individuals might do to ensure that, in this new century, the attitudes, policies, and actions of our country might be more coherent and responsible. This course would count for the Latin American Studies minor, and an E/R&S or Peace Studies elective. Only if the majority of the reading and all the written work is done in Spanish with an extra discussion section in Spanish would it count for a Spanish major or minor (Section 02).
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department
Course Attributes:
ERS Focus Elective, Latin American Studies Minor, Peace Studies Minor

SPAN 370 - Introduction to Literary Analysis and Criticism
SPAN 370 is an advanced course for students who have taken SPAN 300 and/or SPAN 301 and are preparing to take a 400-level literature course. In the class, we will read selections of different canonical and non-canonical works by Spanish and Latin American authors and learn how to apply a series of distinct literary analytical tools that stem from--but are not limited to--a variety of theoretical perspectives (including postcolonial, feminist, neoliberal, and marxist points of reference, for example). The unique characteristics of each individual literary genre (poetry, the novel, the short story, the essay, and theatre) will also be studied, as well as the history of literary criticism in Spain and Latin America.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
SPAN 415 - Hispanic Literature in the Classroom
Study of strategies for integrating literature with language and culture in the secondary Spanish classroom. Students MUST take at least two courses above SPAN 306 before enrolling in this course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department

Course Attributes:
- Literature - Univ Core

SPAN 421 - Spanish Literature & Civilization I
A chronological study of Spanish literature and civilization from the medieval period through the 17th century. Students MUST take at least two courses above SPAN 306 before enrolling in this course.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Modern Languages Department

Course Attributes:
- Literature - Univ Core

SPAN 422 - Spanish Literature & Civilization II
A continuation of SPAN 421 covering the 18th and 19th centuries. Students MUST take at least two courses above SPAN 306 before enrolling in this course.

Sport Studies Department

STAT 210 - Statistics For Business I
Statistics for Business I is designed to make students familiar with: descriptive statistics, basic probability, normal distribution, confidence intervals, regression, correlation, hypothesis tests, and analysis of categorical data within the context of business data; including the use of technology appropriate to business
applications of these statistical concepts.
3.000 Credit Hours
3.000 Lecture hours

**STAT 211 - Statistics For Business II**

Descriptive statistics, sampling and statistical inference within the context of business applications. Simple and multiple regressions, including residual analysis and multicollinearity problems. Additional topics may include analysis of variance and time-series forecasting models.
3.000 Credit Hours
3.000 Lecture hours

**STAT 500 - Business Statistics**

Descriptive statistics, statistical inference, linear regression, auto correlation analysis and forecasting models.
3.000 Credit Hours
3.000 Lecture hours

**STAT 721 - Statistics for Managers**

Models and formulas of descriptive and inferential statistics are presented using Microsoft Excel software, with an emphasis on the business applications of each. Prerequisite: Admission to the Executive MBA program
2.000 TO 3.000 Credit Hours
2.000 TO 3.000 Lecture hours

**THEO 111 - Theological Foundations**

A basic study of human and religious faith, especially the Christian faith, the connection between faith and religion, the personal and social value of religion, the diversity of world religions, and the issues connected with religious diversity and global responsibility; a basic understanding of Theology and how it relates to faith, along with different ways of reading scripture and tradition and how those readings affect issues of gender, class, race, violence, evil, and sin. Required course for E/RS.
3.000 Credit Hours
3.000 Lecture hours

**THEO 200 - Scripture-History-Systematics**

This course number is used when posting transfer credits from other colleges.
0.000 TO 12.000 Credit Hours

**THEO 203 - The Eastern Orthodox Church**

This course is designed as a detailed survey meant to familiarize the students with the history of the Orthodox Church over the course of its existence from the day of Pentecost to the present. The first half of the course (culminating in a Mid-term Exam) will deal primarily with the history of the Orthodox Church. The second half of the course (culminating in a Final Exam) will concentrate on the theology of the Orthodox Church comprehensively understood - doctrine, spiritual life, liturgy, iconography, moral/ethical issues, etc.
THEO 205 - Christian Mysticism
This course enables the students to explore the mystical traditions and their implications for theology and spirituality.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Theology Department

THEO 206 - Christian Worship

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Theology Department

THEO 207 - Jesus and Power
This course examines Jesus in light of the power dynamics within first century biblical and modern social worlds.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Theology Department

THEO 208 - Mystery of Christ
In a world of many religions, how can Christians continue to speak about the uniqueness of Jesus? Explored against the background of Christian scripture/tradition and contemporary interreligious dialogue.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Theology Department

THEO 209 - The Christian Tradition I

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Theology Department

THEO 210 - The Christian Tradition II
A study of the treatment of themes mentioned in THEO 209 from the end of the Middle Ages to the twentieth century.

Levels: Graduate, Undergraduate
Schedule Types: Lecture

Course Attributes:
Catholicism & Culture Minor

THEO 211 - The Dead Sea Scrolls
An introduction to the Dead Sea Scrolls, their history, and their impact on biblical criticism.

Levels: Graduate, Undergraduate
THEO 213 - Contemporary Protestant Theology
An overview of Protestant theological thinking, with a particular focus on trends and leading Protestant theologians of the 20th and 21st centuries.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 217 - Introduction to the Church Fathers
The Fathers of the first five centuries. The Church’s defense against pagans and heretics. Confrontation with the Empire. Development of doctrine.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 219 - Christianity in the Americas
This course surveys the history, belief, lifestyle, ritual, and organization of various Christian groups in the Americas. The survey of these Christian groups will be complemented by investigation into specific spiritual journeys of individual citizens. Throughout the course special attention will be given to justice issues, including the role of women and matters of race.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 222 - Christian Life and Celebration
Theology of the Christian life; liturgy, religious psychology, secular involvement, the Christian virtues, prayer, Christian community.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 223 - Sacraments Today
Meaning of sacraments in general and Catholic sacraments in particular. Historical and theological development of the seven ecclesiastical sacraments and their place in contemporary liturgical, pastoral, and spiritual renewal.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 224 - Saints & Heretics
Explores the relationship between the heterodoxy and orthodoxy in the development of Christian doctrine.
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 225 - History of Christian Monasticism
Designed to introduce the variety of forms of Christian spiritual practices and their influence on the development of the Western Christian tradition. Special attention to developments in Christian monasticism during the third, twelfth/thirteenth, sixteenth, and twentieth centuries.
Levels: Graduate, Undergraduate
Schedule Types: Lecture
THEO 227 - The Catholic Reformation
This course examines the development of the Catholic tradition in the sixteenth century, identifying elements of change and continuity as Europe faced challenges of religious reform, nationalism, and political upheaval.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 229 - Why a Church?
This course explores the need for and origin of the church. It also examines contemporary theories about the proper tasks and mission of the church in the context of individual and social needs.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 230 - Church After Vatican II
A study of the key documents of Vatican II, highlighting the key ideas which deeply affected the Catholic Church over the following decades. An overview of the developments which grew out of the Council in such areas as Catholic identity, leadership, ministry, liturgy, social awareness and relationship with other faiths.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 232 - Approaches to God
Divine transcendence and the possibilities of human knowledge and experience of God. Contemporary problems of belief, unbelief, atheism, and images of God.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 233 - Understanding Catholicism
A study of the central Catholic doctrines, showing the historical conditions from which they arose and discussing their meaning for thoughtful people today.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 234 - The Reformation
Protestant, Catholic, and "Anabaptist" attempts to revitalize a Christianity insufficiently Christian.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture

THEO 235 - History of the Jesuits
This course will introduce students to religion in the late Middle Ages and the place of organized religious life in that Society. Students will then read about Ignatius Loyola and the formation of the Society of Jesus and its place in changing religious life because of the criticisms of the Christian Humanists. The students will then read about the work of the Society in education, in Latin and South America, in China and Japan, in exploring the North American continent and in astronomy. The Jesuits ran the only world wide school system from its beginnings in Messina in 1540 until the suppression of the Society in 1784.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
Theology Department

Course Attributes:
Catholicism & Culture Minor

THEO 236 - Jesuit Theology & Spirituality
An exploration of St. Ignatius’s vision of “finding God in all things” through the lives and thought of twentieth century Jesuits who have had a profound impact on the global church of the twenty-first century. Special attention will be given to the vital relationship in Jesuit theology and spirituality between the mystical experience of God in all things and the commitment to justice, dialogue, and peace.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes:
Catholicism & Culture Minor, ERS Focus Elective

THEO 237 - The Papacy
Study of the origin of the papacy and its later historical development, with attention to the theological, social, and political dimensions of the institution.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 238 - US Catholicism: Past & Present
Explores the role of the Catholic Family, the response of Catholics to slavery and racism, the development of Catholic schools, the encounter of Catholicism with the larger culture, the tradition of Catholic social justice, and the growth of the local Ohio church.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes:
Catholicism & Culture Minor

THEO 239 - Church and Revolution
A study of the development of the Church’s social teachings as they apply to political issues. Special attention to the revolutions and revolutionaries of modern times.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 241 - Biblical Greek
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 244 - History of the Early Church
Study of the formation and development of the Christian community and its beliefs and practices from the end of Jesus’ public ministry to the beginning of the Middle Ages.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 245 - God, Creation & Ecology
To better understand the environment and the harm being done to it. To better integrate Christian beliefs with environmental concerns.
3.000 Credit Hours

Xavier University 2009-2010 Catalog 602
THEO 247 - God On the Underground Railroad
Course explores the role of faith in the antebellum movement of slaves toward freedom along what came to be known as the Underground Railroad. The spiritual journey of numerous slaves, slaveholders, and so-called friends of the fugitive (both white and black agents of the Underground Railroad) will be traced in order to illustrate the role that God played in this quest for justice.

THEO 248 - The English Reformation
An examination of the historiography of the English Reformation and of the political, social, and religious backgrounds of the reformation in England from the late Middle Ages through the reign of Elizabeth I.

THEO 249 - God in Evolution
The possibilities offered by process theology for a contemporary interpretation of traditional Christian belief in the Trinity, Creation, Redemption, Church, and Sacraments.

THEO 250 - Introduction to Scripture
Introduction to historical, literary, and religious development of both Old and New Testaments with emphasis on the use of the tools of scripture study (One section limited to majors and other interested and qualified students.)

THEO 251 - Introduction to Hebrew Scriptures
An introduction to the literature of the Hebrew Bible, its interpretation, and theological import. The student will acquire tools for the critical analysis of Scripture as well as explore the Hebrew Bible’s historical, sociological, and cultural contexts.

THEO 252 - Introduction to Christian Scriptures
An introduction to the literature of the New Testament, its interpretation, and theological import. The student will acquire tools for the critical analysis of Scripture as well as explore the Christian Bible’s historical, sociological, and cultural contexts.
THEO 253 - Psalms and Wisdom Literature
Study of the psalms: their literary composition and theological content; and of the writings of the Old Testament which have the perspective of wisdom, such as Job, Ecclesiastes, Sirach.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 255 - Old Testament Prophets
A study of the writings of Israel's prophets with special attention given to the historical period, religious content, and uniqueness of each prophet.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 258 - The Bible and Anti-Judaism
Critical study of anti-Jewish elements in the Bible and exploration of ways to interpret them and to address their implications.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 259 - Healing Deadly Memories I
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 260 - Healing Deadly Memories II
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 261 - Writings of St. Paul
A close reading of the Pauline letters within their social and historical situation; the contribution of Paul towards the formation of revolutionary consciousness.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 262 - Community of Beloved Disciple
An analysis of the Gospel and Letters of John in light of the historical and theological developments of the Johannine community.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 263 - The Parables
What is a parable? Which ones are authentic? What are the sources for Jesus' parables? What image of Jesus emerges from this search? Can we still speak in parables today?
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

THEO 264 - Synoptic Gospels  
Comparison of the basic theology of Mark, Matthew, and Luke with an analysis of the milieu out of which the gospel message arose and was transmitted.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

THEO 265 - Gospel of Mark  
Analysis of the Gospel of Mark in light of its historical, literary, and theological context.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

THEO 266 - Gospel of Matthew  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

THEO 267 - African-American Biblical Interpretation  
This course will explore African-American biblical interpretation, both from historical and contemporary perspectives (from 1790 to the present). Students will examine a variety of approaches of perspectives among African-American interpreters; including interpretations from the context of slavery, distinctive interpretations from traditional African-American preaching (post-slavery), and interpretations from modern African-American biblical scholars.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

Course Attributes:  
ERS Focus Elective  

THEO 268 - Seminar: Paul & Anti-Judaism  
Was Paul a primary reason for the separation of Jesus believers from their Jewish matrix? How can Paul be critically read today?  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Seminar  
College of Arts & Sciences College  
Theology Department  

THEO 271 - New Testament Christology  
An historical investigation into the ways early Jesus believers understood Jesus.  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture  
College of Arts & Sciences College  
Theology Department  

THEO 272 - New Testament Ethics  
Through a critical examination of selected New Testament texts this course attempts to answer the challenge: Can the NT still speak to the moral crises today?  
3.000 Credit Hours  
3.000 Lecture hours  
Levels: Graduate, Undergraduate  
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 273 - Introduction to Biblical Hebrew
The goal of the course is to provide the student with a working knowledge of biblical Hebrew. At the end of the semester, the student will have acquired the skills needed to read independently passages directly from the Hebrew Bible, with the aid of a good grammar and lexicon. The initial teaching method is deductive; focusing on rules of grammar and syntax, forms of expression, vocabulary, and meaning. After that, the student will work from selections out of the book of Genesis, preparing annotated translations. Pre-requisite: THEO 111
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 274 - Seminar: Worship in New Testament
An historical consideration of how the early Jesus believers worshipped in the ancient world.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Theology Department

THEO 275 - Book of Revelation
Comparison with other apocalyptic and political thinking of its time. Subsequent use in history of Church and culture (especially U.S.).
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 276 - History of Christian Thought I
History of Christian thought until the beginning of the sixth century. Special attention to the development of the doctrines of God, Christ, and human person in the work of early councils and early theologians.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 277 - History of Christian Thought II
History of Christian thought from the sixth to sixteenth century. Special attention to the development of doctrine in the thought of Anselm of Canterbury, Hildegard of Bingen, Thomas Aquinas, Bonaventure, and Julian of Norwich.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 278 - History of Christian Thought III
History of Christian thought from the Reformation to the middle of the eighteenth century. Christian humanism, Luther, Calvin, Council of Trent, deism.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 279 - History of Christian Thought IV
History of Christian thought from the middle of the eighteenth century to beginning of twentieth century, with special attention to the challenges of science and philosophy to religion. Schleiermacher, Hegel, Newman, theological liberalism, development of doctrine, atheistic critiques.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Xavier University 2009-2010 Catalog 606
THEO 280 - Readings in Biblical Hebrew

This course will incorporate an inductive approach to Biblical Hebrew at the undergraduate level. Students will read together in class actual texts from the Hebrew Bible; from Ruth, Jonah, and Deuteronomy (among others). Grammatical forms will be discussed and analyzed as they arise in the reading. Participants will gain knowledge in Hebrew vocabulary and idioms. Students will do this reading and analysis with the aid of a good grammar and lexicon. Pre-requisite: THEO 273-Introduction to Biblical Hebrew or equivalent.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 281 - Readings In Biblical Hebrew II

This course continues the inductive approach at the undergraduate level to reading passages in the Hebrew Bible in the original language begun in "Readings in Biblical Hebrew." The material covered in this course is more difficult than that covered in previous courses. Passages are drawn from Leviticus, Numbers, and Ezekiel among others. There is a particular focus on the theological implications of the passages read.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 282 - Seminar: Jesus Seminar

An investigation into the historical authenticity of the Jesus traditions through intensive group work and debate.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Theology Department

THEO 285 - The Historical Jesus

A critical investigation to determine the authentic voice and profile of Jesus from sources of the first three centuries and a consideration of the consequences of such a search.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 286 - Jesus In Film And Theology

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 289 - Death of Jesus

The greatest detective story ever told? This course deals critically with the who, what, when, why and how of the death of Jesus of Nazareth.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 290 - Christian Doctrine Today

A study of contemporary systematic issues or figures. (For majors and other qualified students.)

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Seminar

College of Arts & Sciences College
Theology Department
THEO 292 - The Torah / Pentateuch
This course makes a study of the literature in the Torah/Pentateuch, its interpretation (Jewish and Christian), and the theological implications of its interpretation.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 295 - Senior Seminar: Ideas & Methods
Review of different theological methodologies and their implications for the church and for the doctrines of God and Christ. As a final assignment, the student formulates, critically and synthetically, his or her own theological vision and defends it, thereby fulfilling the requirement of a senior thesis. Pre-requisite: THEO 111
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Seminar
College of Arts & Sciences College
Theology Department

THEO 302 - Ethics-Religion-Culture
This course number is used when posting transfer credits from other colleges.
0.000 TO 6.000 Credit Hours
Levels: Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 303 - Christian Ethics: Methods & Questions
Introduction to the methods and central questions of Christian ethics. (Limited to majors and other interested and qualified students.)
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes:
ERS Focus Elective, Peace Studies Minor

THEO 304 - AIDS: An Ethical Inquiry
Exploration of the ethical dilemmas rooted in the medical, social, political, and cultural reality of AIDS.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture, Seminar
College of Arts & Sciences College
Theology Department
Course Attributes:
Peace Studies Minor

THEO 305 - Sociology of Religion
Examination of the major components of religion, the interdependence between religion and other societal institutions, and religion's role in social conflict and change.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes:
ERS Focus Elective

THEO 306 - Liberation Issues & Theology
Origins and developments of the theology of the liberation movements of women, Latin Americans, blacks, and other marginalized groups.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
THEO 309 - West African Religions
This course investigates various manifestations of religion present in West Africa from traditional religions to Islam, Christianity in various forms, and these religions' relation to social justice, the role of women, and politics. Offered for the service learning semester in Ghana.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 310 - Marriage and the Family
A practical overview of marriage in light of Church tradition and insights from contemporary studies. Team-taught with the interaction of a psychologist, sociologist, and theologian.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 311 - Faith and Justice
Relationship between Christian faith and social justice viewed in Christian tradition and recent thought and documents of the Church.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 312 - Christian Health Care Ethics
Evaluation of the options open within medicine- from structuring a health care policy which benefits all equally to deciding on humane ways of dying.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 313 - Christian Sexual Ethics
Ethical criteria Christians use in judging human sexuality from its origins throughout its development. Sex role socialization and common options in sexual behavior. Fulfills the E/RS Focus elective.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 315 - Contemporary Ethical Issues
Current issues in light of Christian faith. See course description for specific issues to be studied in a particular semester. Fulfills E/RS Focus Elective. Pre-requisite: THEO 111, PHIL 100; Co-requisite: PHIL 100, THEO 111
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

ERS Focus Elective

**THEO 351 - Faith Culture & Ethnicity**
This course explores the contemporary discourses and emerging narrative frameworks that define and shape the interactions between faith, culture, and ethnicity in an increasingly diverse and pluralistic United States society.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Theology Department

**Course Attributes:**
ERS Focus Elective, Gender & Diversity Studies Min

**THEO 352 - Judaism: Customs, Practice & Beliefs**
A basic understanding of Judaism and its component parts. Brief overview of Jewish history and study of holidays and life-cycle experiences.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Theology Department

**THEO 353 - The Holocaust**
The Holocaust in Europe during the Hitler period. Analysis of the causes and background of the destruction of European Jewry.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Theology Department

**Course Attributes:**
Gender & Diversity Studies Min, Peace Studies Minor

**THEO 355 - Islam**
An historical and topical survey of the origins and development of Islam. Special emphasis on the emergence of Sunnism, Shiism, and Sufism as three distinct yet interrelated schools of thought and practice in Islam.

3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate
**Schedule Types:** Lecture

College of Arts & Sciences College
Theology Department
THEO 364 - Religion in an Age of Science
Study of the recent findings of contemporary science concerning creation and human nature and the implications of these findings for Christian theology. Fulfils the E/RS Focus elective.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes: ERS Focus Elective

THEO 365 - Problem of Evil
An exploration of the problem of evil in light of contemporary theological, philosophical, and scientific developments.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 366 - Healing: Theory & Practice
This course explores the healing processes and examines its roots in spiritual beliefs and practices, especially in the Judeo-Christian tradition with emphasis on energy and healing (laying on of hands). Time will be devoted to a practicum of learning healing techniques with ethical guidelines.
0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Workshop
College of Arts & Sciences College
Theology Department

THEO 368 - Buddhism
A study of the historical developments, doctrinal and ethical themes, spiritual practices, and contemporary trends of Buddhism.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 371 - Buddhism and Ecology
The greatest challenge facing humanity, today and for generations to come, is the eco-crisis. The problem is not only economic and technological: something is wrong our modern worldview. What alternative perspectives does Buddhism offer on the natural world and our relationship with it?
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 372 - Disability, Ethics & Theology
In the tradition of contextual approaches to theology, like Feminist Theology and Black Theology, this course will reinterpret religious tradition and scriptures from the perspective of disability. There will be a particular focus on an ethical reinterpretation of scriptures and tradition, as it impacts disabled persons. Participants in the course will also reassess some religious practices in light of disability ethics.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department
Course Attributes: ERS Focus Elective

THEO 385 - Spirituality in Fantasy
Students will be studying a wide range of literary texts in which the fantastic serves as a mode for conveying spiritual viewpoints and insights. These works will serve as a focus for both critical analysis and personal reflection on their meaning and implications. Over the semester we will address a number of central themes, including good and evil, sin and redemption, the meaning of life, the meaning of death, friendship, temporality, war and violence, art and creativity.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate, Undergraduate
Schedule Types: Lecture
THEO 387 - Theology and Animals
Using violence as a focus this course will analyze the ethical and religious implications of the way animals are treated in contemporary society. Also, it will examine how this treatment redounds upon human beings in spiritual, psychological, and physical ways. The Judeo-Christian scriptures and tradition will form the context for this exploration.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Course Attributes:
ERS Focus Elective

THEO 388 - Theology & Ecology
Exploration of the philosophical and theological issues underlying a sane approach to the protection of all life-forms within a finite world in which hard choices frequently have to be made.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Course Attributes:
Peace Studies Minor

THEO 391 - Dialogue & Global Responsibility
This course explores how the state of the world, its needs and crises, is calling all religions to learn from and to cooperate with each other in creating a world of greater social and ecological justice and well-being. Pre-requisite: THEO 111

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Course Attributes:
ERS Focus Elective

THEO 404 - Religion, Ethics, and Professional Practice
This course will enable students to recognize and appropriately respond to religious, spiritual, and ethical issues that arise in the context of professional practice in the fields of social work, criminal justice, nursing, psychology, occupational therapy, and ministry.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Course Attributes:
ERS Focus Elective

THEO 440 - Ecological Ethics For Educ
At a time when environmental issues dominate political debates, economic concerns and the media, this workshop surveys various environmental theories and their responses to the current ecological crisis. The purpose of the survey is to show how education informs our approach to issues and to provide educators with comprehensive tools for facilitating classroom discussions about environmental issues and for fostering ecological literacy among students. By integrating a historical and experiential context to problem-based environmental education, this workshop challenges educators to creatively engage students in the on-going effort to understand and participate in resolving environmental issues.

0.000 TO 3.000 Credit Hours
0.000 TO 3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Workshop

College of Arts & Sciences College
Theology Department

THEO 495 - Directed Study
An undergraduate course of study done on an individual basis with a professor.

1.000 TO 3.000 Credit Hours
1.000 TO 3.000 Lecture hours
THEO 501 - Intro to the Study of Theology
This course is designed to provide a foundation for those who need a graduate-level background in theology. The course will introduce students to systematics, historical theology, biblical criticism, and ethics along with research skills appropriate to each area.
3.000 Credit Hours
3.000 Lecture hours

THEO 502 - Christian Tradition & Task of Understanding
Enables the student to confront fundamental elements of the Christian tradition and to become aware of the need for a critical methodology.
3.000 Credit Hours
3.000 Lecture hours

THEO 504 - Foundations of Scripture Study
3.000 Credit Hours
3.000 Lecture hours

THEO 505 - Gospel of Mark
In-depth analysis of the Gospel of Mark in light of historical, literary, and theological context. Present-day dialogue with the Gospel's fundamental theological questions.
3.000 Credit Hours
3.000 Lecture hours

THEO 506 - Foundation Issues in Christian Ethics
An introduction to Christian ethics, exploration of basic methodological questions, and discussion of selected contemporary issues.
3.000 Credit Hours
3.000 Lecture hours

THEO 508 - Ancient Christian Gospels
An intensive exploration of the multiple gospel traditions.
3.000 Credit Hours
3.000 Lecture hours

THEO 509 - Paul: Our Brother, Our Betrayer?
Was Paul a traitor to Judaism? Did he intend to found a new religion? Or, was he a messianic Jew?
3.000 Credit Hours
3.000 Lecture hours
THEO 511 - Paul's Concept of Community
Dialogue on three levels: with Paul, with our own traditional understandings of community, and our present communal experience.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 512 - New Test Foundations for Laity
As mainline Christian institutions falter and struggle, what can the emerging laity learn from a study of early Christian writings?
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 515 - Prophetic Faith in Isaiah
A study of the Book of Isaiah with particular emphasis on the themes of covenant and faith. The writings of Isaiah and prophetic faith will be discussed in the light of their significance for our time.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 517 - Jeremiah: Prophet Just Society
A study of the prophet, his time and the religious background of his ministry and preaching. An attempt will be made to show the relevance of Jeremiah in today's world.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 518 - Prophets of the Hebrew Bible
Study of the historical setting, the literary styles, and the religious concerns of the prophets Jeremiah, Ezekiel, and Second Isaiah.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 520 - Survey of Christian Doctrine I
An introduction to the evolution of Christian thought, from the first century to the late Middle Ages, in four areas of theology: the nature of God, the person of Christ, the nature of humanity, and the structure and mission of the church.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 524 - Survey of Christian Doctrine II
An introduction to the evolution of Christian thought, from the late Middle Ages to the present in four areas of theology: the nature of God, the person of Christ, the nature of humanity, and the structure and mission of the church.
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 525 - Theology of Christian Worship
This course explores the theological/pastoral issues inherent in the understanding and practice of Christian worship: Word and Eucharist, initiation, reconciliation,
THEO 530 - Contemporary Christologies
A study of various systematic approaches to the mystery of Christ and specific Christological models.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 531 - God: Problem & Mystery
Basic themes of the theological treatise on God (existence of God, atheism, creation, the Trinity) discussed within the context of fundamental questions of life (anxiety, death, evil, hope, and fulfillment).
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 532 - Approaches to God
After briefly reviewing the historical development of the classic formulation of the Christian doctrine of God, this course will explore a variety of contemporary approaches for understanding God. Approaches to be considered may include neo-orthodox, postliberal, liberationist, and feminist approaches. Topics to be considered include the reality of God; images of God; experience, scripture, hermeneutics and the God question; God and inter-religious dialogue.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 533 - The Uniqueness of Christ
The course will explore how Christians can affirm the uniqueness of Jesus in a world of newly experienced religious pluralism.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 534 - Protestant Theology
An exploration of important themes and issues in Protestant theology, including both classical and contemporary authors. The course may also include a comparison of the distinctiveness of Protestant theology in relation to Catholic theology.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 536 - Theology of the Holy Spirit
Study of the historical development and contemporary appropriation of the theology of the Holy Spirit.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 538 - Religious Ed & Youth Ministry
Religious education and youth ministry are tasks that primarily belong to lay Christian leaders. This course will explore the challenges of education and mentoring adolescent faith and spirituality. This course will include theoretical and theological foundations as well as practical means to address these educations and spiritual challenges. This class will provide opportunities to discuss the field observation sessions that class participants will do in religion classes (Catholic High Schools) and/or youth ministry of various kinds.
THEO 540 - Modern Catholic Social Teaching
Papal and Episcopal social teaching since Leo XIII (1878). Includes employer-employee relations, poverty, democracy, socialism, Church-State relations, economics, human rights of all kinds.
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 544 - Health Care Ethics
Critical examination of health care theory and praxis in light of Christian social thought and moral theology.
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 545 - Moral Theology Since Vatican II
Recent developments in Christian ethics: methods in moral decision-making, conscience and authority, sexuality, human rights, divorce, business, bioethics, war and the arms race.
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 548 - Bioethics
This course begins with reflection on moral methodology, then moves to specific questions such as reproductive technology, genetics, physician-patient relationship, end-of-life issues, and the many justice questions related to health care systems.
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 552 - Sociology of Religion
Examination of the major components of religion, the interdependence between religion and other societal institutions, and religion's role in social conflict and change.
Levels: Graduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 553 - Psalms & Wisdom Literature
An exploration of the affective, cognitive, and subconscious dimensions of religious phenomena, including belief and faith, myth and symbol, the quest for meaning, and individual and social needs.
Levels: Graduate, Undergraduate
Schedule Types: Lecture
College of Arts & Sciences College
Theology Department

THEO 555 - Psychology of Religion
An exploration of the affective, cognitive, and subconscious dimensions of religious phenomena, including belief and faith, myth and symbol, the quest for meaning, and individual and social needs.
Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 558 - Spirituality & Mysticism  
This course enables the students to explore the mystical traditions and their implications for theology and spirituality.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 559 - Christian Spirituality: Past & Present  
History of Christian spirituality and themes of contemporary spirituality.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 561 - Early Church Theology  
Study of the origin of theological reflection and its development during the first seven centuries of the church's life. Exploration of the theology of figures such as the Apologists, Origen, Tertullian, and Augustine.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 564 - Key Themes in History of Christian Theologians  
Examination of how significant theologians in different centuries have dealt with major issues. Representative figures include Origen, Augustine, Anselm, Aquinas, Luther, and Calvin.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 565 - Mysticism East-West  
The course will explore the significance of mysticism for the Church and the modern world by studying the writings of Eastern and Western mystics and by relating mystical experience to the findings of modern science.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 566 - Dialogue & Ecology  
Review of present-day efforts of Christians to develop an ecological theology and exploration of how contemporary Buddhists are reinterpreting their tradition to show how Buddhism has special resources for an ecological consciousness and ethic.  
0.000 TO 3.000 Credit Hours  
0.000 TO 3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture

College of Arts & Sciences College  
Theology Department

THEO 570 - Process Theology  
Evaluation of the use that contemporary theologians are making of process philosophy to reinterpret Christian tradition.  
3.000 Credit Hours  
3.000 Lecture hours

Levels: Graduate  
Schedule Types: Lecture
THEO 571 - Black Theology

The purpose of this course is to examine the historical background and origins of Black Theology and analyze the relationship between Black Theology, the Black church and Black liberation movements. We will also explore the major issues and topics that define black theology such as: its claim that liberation is the content of Christian theology, the proclamation of the Black Christ, a black approach to Christian Scripture, and an examination of the role or gender and sexuality within black communities. Finally, this course will help to clearly articulate one's own theological stance and perspective.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 572 - New Testament Ethics

Through a critical examination of selected New Testament texts this course attempts to answer the challenge: can the NT still speak to the moral crises today?

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 573 - Catholicity, Pluralism, Dissent

Critically examines what it means for the church to be "catholic" in light of the many alternative conceptions of Christian existence and the current tension between some segments of the American church and the Vatican.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 575 - Theology & Ecology

A study of Christian doctrines, scripture and morality as they relate to environmental issues.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 577 - Religion in an Age of Science

Ian Barbour notes that there are four possible attitudes toward the relationship between religion and science: conflict, independence, dialogue and integration. This course will review all four attitudes, both in their historical development and contemporary context, and thus allow the student consciously to adopt his/her personal stance.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 579 - Readings in Biblical Hebrew

This course incorporates an inductive approach to Biblical Hebrew at the Graduate level. Students will read together in class actual texts from the Hebrew Bible; from Ruth, Jonah, and Deuteronomy (among others). Grammatical forms will be discussed and analyzed as they arise in the reading. Participants will gain further knowledge in Hebrew vocabulary and idioms. Additional discussion will focus on theological implications of passages and possible applications for teaching these in the parish.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 581 - Faith & Doubt in Modern Literature

Explanation of attitudes of faith and doubt in significant works of modern literature, philosophy, and theology.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

Xavier University 2009-2010 Catalog 621
College of Arts & Sciences College
Theology Department

THEO 584 - Praying the Psalms
This workshop will explore the use of the Psalms as a spiritual resource. Students will learn some classical and innovative approaches to the interpretation of the Psalms, including some attempts to reconstruct their use in the life of Ancient Israel. The workshop will also explore how the Psalms have been and are used in the life of the church; in personal piety, communal liturgy, preaching and daily prayer.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 591 - Theology of Karl Rahner
Analysis and discussion of key concepts in Rahner's thought: The human person, God, grace, Jesus Christ, Church and the Sacraments.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 595 - Christian Eschatology
A review of the classical concepts of Christian Eschatology (death, judgment, heaven and hell) and of various contemporary approaches to the same material: e.g., belief in resurrection and personal immortality in the light of contemporary neuroscience, the end of the world from both a theological and scientific perspective, time and eternity, etc.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 600 - Human Relations
Study of the theological and social foundations of human community, with special attention to topics such as human dignity, mutuality, human rights and obligations in relationships.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 606 - Liberation Theology
Examination of the theological reflection arising in Latin America. Includes consideration of basic Christian communities, scripture as method of conscientization, and persecution of the witnessing Church.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College

THEO 612 - Individualism & the Common Good

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture

College of Arts & Sciences College
Theology Department

THEO 615 - Contemporary Ethical Issues
In this course we will first consider a method for making moral decisions in light of Christian faith. Then we will study some current issues in the areas of medical, sexual, and social ethics.

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate
Schedule Types: Lecture
THEO 632 - Ethics in Ministry
This course will enable students to recognize and appropriately respond to religious, spiritual, and ethical issues that arise in the context of practice in professional fields such as ministry, health care, and social work. The process of ethical decision making introduced and used will recognize the role of spirituality in the client and in the professional.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

THEO 635 - Internship In Social and Pastoral Ministry
This course includes the work of at least 100 clock hours in the field with the guidance of a supervisor. It also includes a ministry reflection paper with the direction of a faculty advisor who guides the research for the paper and evaluates it.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Internship

THEO 640 - Ecological Ethics For Educators
At a time when environmental issues dominate political debates, economic concerns and the media, this workshop surveys various environmental theories and their responses to the current ecological crisis. The purpose of this survey is to show how education informs our approach to issues and to provide educators with comprehensive tools for facilitating classroom discussions about environmental issues and for fostering ecological literacy among students. By integrating a historical and experiential context to problem-based environmental education, this workshop challenges educators to creatively engage students in the ongoing effort to understand and participate in resolving environmental issues.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Workshop

THEO 650 - Holocaust Studies for Educator
Designed for educators who already possess an undergraduate degree, Holocaust Studies for Educators participants will learn to personalize and humanize the Holocaust, making it relevant for students in their classrooms. At the workshop, participants will learn about the Holocaust by exposure to the stories of individuals with real names, faces, and experiences. They will hear first-hand testimony from survivors, refugees, and liberators whose homes are in the Cincinnati and Ohio area. Personalizing the Holocaust's survivors, victims, liberators and rescuers is an effective way for teachers to engage and challenge the youth of today. This workshop is offered in collaboration with the Center for Holocaust and Humanity Education.
2.000 Credit Hours
2.000 Lecture hours
Levels: Graduate
Schedule Types: Workshop

THEO 657 - Women Mystics
Studies the influence of religious women throughout the history of Christianity through a reading of women's mystical treatises.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

THEO 664 - The Historical Jesus
A critical investigation to determine the authentic voice, print, and profile of Jesus from sources of the first three centuries and a consideration of the consequences of such a search.
3.000 Credit Hours
3.000 Lecture hours
Levels: Graduate
Schedule Types: Lecture

THEO 666 - Book of Revelation
Comparison with other apocalyptic and political thinking of its time. Subsequent use in history of Church and culture.
3.000 Credit Hours
3.000 Lecture hours
THEO 672 - Theology & Culture to 1400
A historical review of the development of doctrine during the ancient and medieval periods as contextualized by eastern and western Christianity. Themes to be explored include Christology, mysticism, ecclesiology, and the development of orthodoxy.
3.00 Credit Hours
3.00 Lecture hours

THEO 674 - Theology & Culture Since 1700
Traces the interaction of Christian thought and modern consciousness from the eighteenth century to Vatican II. Special attention to the challenges posed to Christian theology by the rise of historical consciousness, the discoveries of the natural sciences, and the development of modern philosophy and psychology.
3.00 Credit Hours
3.00 Lecture hours

THEO 676 - American Catholic History
This course was inspired in part by Joseph Bernadin, who when Archbishop of Cincinnati stated in 1975: “Our past and our present, like the past and present of any nation, present a canvas of contrasting light and shadow, virtue juxtaposed with vice. We should not gloss over our failings, but neither should we fail to celebrate our achievements.” Recognizing both weaknesses and strengths within the American Catholic Church, this course explores from an historical perspective the question, “What does it mean to be Catholic in the United States?” Both the power of reason and imagination will be engaged when addressing this question.
3.00 Credit Hours
3.00 Lecture hours

THEO 688 - Spirituality & Transformation
An exploration of contemporary spirituality with an eye toward the transformation of mind, body, and spirit.
3.00 Credit Hours
3.00 Lecture hours

THEO 689 - Hearing the Parables
An intensive investigation of the parable tradition. What does it mean to say that Jesus spoke in parables?
3.00 Credit Hours
3.00 Lecture hours

THEO 691 - Healing Deadly Memories I
3.00 Credit Hours
3.00 Lecture hours

THEO 692 - Healing Deadly Memories II
3.00 Credit Hours
3.00 Lecture hours
College of Arts & Sciences College
Theology Department

**THEO 695 - Special Study**
A graduate course of study done on an individual basis with a professor.
1.000 TO 6.000 Credit Hours
1.000 TO 6.000 Lecture hours

**Levels:** Graduate  
**Schedule Types:** Independent Study

College of Arts & Sciences College  
Theology Department

**THEO 697 - Christian Meditation & Cen**
1.000 Credit Hours
1.000 Lecture hours

**Levels:** Graduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Theology Department

**THEO 699 - Masters Thesis**
Research project to be done as a partial requirement of Theology Master's degree.
3.000 OR 6.000 Credit Hours
3.000 OR 6.000 Lecture hours

**Levels:** Graduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Theology Department

**THTR 100 - Introduction to the Theatre**
Analysis of the role of the theatre within the community, models of professional theatre practice within Cincinnati. Focus on the artistic, administrative, and technical infrastructures of theatre organizations, through a series of on-site visits. Students will attend a number of local theatres during the semester.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Classics Department

**Course Attributes:**  
Fine Arts - Univ Core, Theatre Minor

**THTR 210 - Acting I**
Not only provides students with a valuable practical insight into the art of acting, but enables them to develop essential "transferable" skills in communication, time-management, and teamwork. Exposure to acting empowers students to develop personal confidence through exercises in role-play and improvisation, and explore important issues from a multiplicity of perspectives.
3.000 Credit Hours
3.000 Lecture hours

**Levels:** Graduate, Undergraduate  
**Schedule Types:** Lecture

College of Arts & Sciences College  
Classics Department

**Course Attributes:**  
Fine Arts - Univ Core, Theatre Minor

**THTR 230 - Stagecraft**
Focus on the fundamentals of technical production: stagecraft, lighting, sound, costume, and make-up. Students will develop skills in basic operations and safety procedures. Projects may involve production work for the Xavier Players.
3.000 Credit Hours
3.000 Lecture hours

Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Fine Arts - Univ Core, Theatre Minor

**THTR 310 - Acting II**

Building on the skills developed in Acting I, this class focuses on specific acting techniques associated with creating a Theatre of Conscience that seeks to engage with socio-political issues that directly affect a given community. Pre-requisite: THTR 210

3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Fine Arts - Univ Core, Theatre Minor

**THTR 350 - Directing for the Stage**

Enables students to stage scenes and create original work. The resulting pieces of theatre should be presented to the Xavier community. Pre-requisite: THTR 310

3.000 Credit Hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

College of Arts & Sciences College
Classics Department

Course Attributes:
Fine Arts - Univ Core, Theatre Minor

**UNST 100 - E Pluribus Unum**

An interdisciplinary course that introduces students to the challenges and opportunities that cultural diversity presents, and to the impact of stereotyping, prejudice and discrimination on the exercise of power in American society. Fulfills the Cultural Diversity Elective requirement.

1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

No College Applicable College
Department Not Declared Department

Course Attributes:
Cultural Diversity - Univ Core

**UNST 150 - Career and Life Planning**

Course is designed to provide knowledge and skill in personal career and life planning, particularly for those who are undecided about their college major and/or future career plans. Emphasis is placed on identifying strengths, clarifying values, exploring career options and developing effective decision-making skills.

2.000 Credit Hours
2.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

No College Applicable College
Department Not Declared Department

**UNST 200 - Service Learning Seminar**

This course is a pre-requisite to participating in an academic service learning semester. This course incorporates a breadth of learning to enable students to make an easier transition into the Academic Service Learning Semester (ASLS) to follow.

1.000 Credit Hours
1.000 Lecture hours

Levels: Undergraduate
Schedule Types: Seminar

No College Applicable College
Department Not Declared Department

**UNST 250 - Job Search Strategies and Professional Preparation**

The course is designed to introduce students to the fundamentals of planning and organizing a job search and/or applying to graduate school, and to prepare them for entrance into the workforce as new professionals. Emphasis is placed on personal goal setting, assessment of individual strengths and values, the merit and advantages of a liberal arts degree, job market analysis, effective use of job search tools (e.g. resumes, cover letters, interviewing, networking) and development of a realistic picture of professional behaviors that employers expect from entry-level employees and that academies expect from graduate students.

1.000 Credit Hours
1.000 Lecture hours
UNST 300 - Service Learning: Nicaragua
An interdisciplinary course that is a component of an immersion semester of study in Nicaragua. The guided service experience functions as the medium through which learning occurs. Pre-requisite: PHIL 100, THEO 111, HIST 151
3.000 Credit Hours
3.000 Lecture hours

Levels: Graduate, Undergraduate
Schedule Types: Lecture

UNST 301 - Service Learning: Urban
An interdisciplinary course that is a component of an immersion semester of study in an urban setting. The guided service experience functions as the medium through which learning occurs. Pre-requisite or co-requisite: PHIL 100, THEO 111, HIST 143
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

UNST 302 - Service Learning: India
An interdisciplinary course that is a component of an immersion semester of study in an Asian country. The guided service experience functions as the medium through which learning occurs. Pre-requisite: PHIL 100, THEO 111, HIST 161
3.000 Credit Hours
3.000 Lecture hours

Levels: Undergraduate
Schedule Types: Lecture

UNST 304 - Service Learning: Ghana
This course is one component of an academic semester. This course is designed to enable students to learn through serving and to serve through learning. It applies a broader, cross-disciplinary approach forming the link between theory and practice. Service learning, a particular form of practice, yields insight into specific human needs as well as societal responses to those needs. Emphasis is placed on compassion and the examination of fundamental causes and remedies for human suffering. Consistent with the Mission of the University, this course seeks to foster two areas: 1) "the formation of the student's mind and heart into a habit of reaching out to the needs of today's and tomorrow's global society" and 2) to develop "intellectual skills for both a full life in the human community and service in the Kingdom of God...a world view oriented to responsible action."
3.000 Credit Hours

Xavier University 2009-2010 Catalog 628
Alma Mater Xavier

Xavier is our family tree,
Rooted in one history.
Nurtured by our legacy,
Xavier's humble pedigree
Branches out to touch the same
God we call by many names,
And a glow in love aflame,
Bear the fruit of Xavier's fame.

Fame that no one can impeach
Growing to extend our reach,
Planting fertile seeds in each
Soul and mind we serve and teach.

One community we stand,
Building dreams and hopes with hands
Stretching out across the land
For each woman, child and man.

Composed by Dr. Thomas Merrill and Dr. Tyrone Williams in celebration of Xavier University's 175th anniversary.
The Seal of Xavier University

The seal of Xavier University combines three principal ideas: St. Francis Xavier, patron of the University; the Jesuit order of which he was a distinguished member; and the University. The five vertical stripes suggest the coat of arms of the Xavier family. A right arm wearing the Jesuit robe holds aloft the crucifix, signifying St. Francis Xavier preaching Christ crucified. The three seashells signify the three journeys of St. Xavier into Asia. Above the shield is the Jesuit seal, IHS, the first three letters of the name Jesus in Greek. Below is the Jesuit motto, AMDG [Ad Majorem Dei Gloriam], which translates “to the Greater Glory of God,” and Vidit Mirabilia Magna, a phrase from the psalms applied to St. Francis Xavier which translates “he has seen great wonders.”
