History

Xavier University was founded in 1831 as a literary institute by the great Apostle of the West, Edward Dominic Fenwick, of the Order of Preachers, who was the first Bishop of the Diocese of Cincinnati. He called his school The Athenaeum and built the buildings on Sycamore Street in downtown Cincinnati where St. Xavier Church and St. Xavier High School now stand.

In 1840, his successor, Bishop John Baptist Purcell, invited the Jesuits from St. Louis University to take over the administration of the school. They arrived on October 1, 1840, and began first classes shortly after. The Jesuits changed the name to St. Xavier College. For the past 111 years the Jesuits have had continuous operation of Xavier. In 1919 the college moved to the present site on Victory Parkway in Evanston-Avondale. In 1930 the name was again changed, this time to Xavier University.

COLLEGE OF LIBERAL ARTS

The College of Liberal Arts is the heart of the Jesuit system of education. The college holds this place because it is the unit of a university wherein the distinctive purposes of Jesuit education are more fully realized. The first two years of the Liberal Arts College are devoted almost wholly to general education; the last two years are devoted in great measure to advanced and specialized study in fields of knowledge upon which the student wishes to concentrate. During these last two years, however, each student must devote almost one-third of his work to the study of philosophy and Christian culture which thus climax and integrate his general education.

Evening College

The purpose of the Evening College is to aid adults of Greater Cincinnati in obtaining a more advanced education by means of courses of cultural and practical value. This division renders particular service to those who wish to carry college work toward a degree while working during the day; and to those who wish to pursue subjects which will better fit them for special services or vocations.

In addition to the liberal arts courses, technical and vocational courses are offered. All courses are open to men and women. Besides the individual course offerings, there are groupings and programs of courses leading to certificates, diplomas, and degrees.

The Evening College is administered by an associate dean, and all classes are conducted on the downtown campus, 520 Sycamore Street. Information regarding the Evening College will be found in Xavier University Bulletin No. 8.
Milford College

A division of the College of Liberal Arts is located at Milford, Ohio, about fifteen miles east of Cincinnati. It is the humanistic training school for those new members of the Jesuit Order who are assigned to the Chicago Province. The courses are open to Jesuits only. This College is administered by an associate dean. The names, title, and rank of the faculty are contained in this catalogue.

Ultimate Objective

The College of Liberal Arts has the same primary purpose as the Catholic educational system taken in its entirety. This is best expressed in the words of Pope Pius XI:

The proper and immediate end of Christian education is to cooperate with divine grace in forming the true and perfect Christian, that is to form Christ Himself in those regenerated by Baptism. . . . The true Christian, product of Christian education, is the supernatural man who thinks, judges and acts constantly in accordance with right reason illumined by the supernatural light of the example and teaching of Christ; in other words, to use the current term, the true and finished man of character.

Immediate Objectives

The College of Liberal Arts, in its teaching, aims at reaching the whole man, his intellect, his will, his emotions, his senses, his imagination, his aesthetic sensibilities, his memory, and his powers of expression. The educational program at Xavier University, therefore, takes into consideration three types of training — the intellectual, the moral and religious, and the physical.

The intellectual training at Xavier University is guided by principles set forth in the Ratio Studiorum, a body of principles and suggestions outlined and revised over the space of nearly three hundred and fifty years by the most prominent Jesuit educators. The Ratio postulates that studies falling into certain groups have distinct educational values, so that the specific training given by one group cannot be supplied by another. Mathematics, the natural sciences, languages and history are complementary instruments of intellectual development and are considered basic for a general education. Mathematics and the natural sciences bring the student into contact with the material aspects of nature, and exercise the deductive and inductive powers of reason. Language, history and the social sciences effect a higher union. By their study and for their requirement the whole mind of man is brought into the widest and the subtlest play. With the introduction of the student to these subjects the emphasis on general education is lessened. The student may then go on to advanced and specialized studies in any field for which his preparation and qualifications indicate a special aptitude. The purpose of the advanced and specialized studies is not proximately to fit the student for some specialized employment or profession, but to give him such an intensive, vigorous, and rounded development as will enable him to cope successfully even with the unforeseen emergencies of life, as well as to prepare him for higher intellectual research which the complexity of modern life lays open to him. Accordingly, almost one-third of even his upper division work continues to be of the nature of general education which consists of philosophy and Christian culture.

As a background for his higher studies the Ratio stresses mental and moral philosophy, not only for the influence such a study has in mental development, but for the power of discrimination which it gives the student. The emphasis is not upon a history of the philosophies, but upon a study of Neo-Scholastic Philosophy wherein is to be found a logical, unified, complete system of mind-culture in accord with the laws of human thought.

The Ratio establishes as a fundamental principle that knowledge, though it energizes and refines the intellectual powers, does not of itself perfect the moral powers; that religion alone completely and perfectly purifies the heart and strengthens the will; that to be effective, religion must be taught so as to become a continuously vital force in education and the core-subject and integrating basis of all knowledge. In its moral and religious training Xavier University aims at building the conscience of its students for the right fulfillment of their civil, social, and religious duties. To gain this objective Xavier University provides: (a) required courses in religion for all Catholic students, and courses in morality and character development for non-Catholic students; (b) an annual retreat during which time the Spiritual Exercises of St. Ignatius are given.

Ample provision is made for the health and physical training of the student through health examinations, well-planned inter-collegiate and intra-mural athletic programs, the R.O.T.C., and a physical education program for all students.

Buildings

Albers Hall, dedicated in 1929, is the gift of Mr. William H. Albers. In this building are the classrooms, laboratories, and offices of the departments of biology and physics, the administrative offices of the President, Dean of Admissions, and Director of Public Relations.

Alumni Science Hall, erected in 1920, is the gift of the Alumni of St. Xavier College to commemorate the diamond jubilee of their
Alma Mater. It contains chemical laboratories, faculty offices, and classrooms, as well as the administrative offices of the dean, the business manager, the comptroller, the registrar, the bursar, and director of veterans' affairs.

Elet Hall, erected in 1924, is the first unit of the students' dormitories. It is a well-furnished student residence with accommodations for one hundred students in single and double rooms.

Federal Houses, provided by the F.H.A. for veteran students and faculty members, are supervised by the University. There are ten residence halls on Ledgewood Drive from Herald Avenue to Victory Parkway, and six on Herald Avenue from Ledgewood Drive to Dana Avenue.

Hinkle Hall is the residence of the Jesuit faculty. Erected in 1920 by Mrs. Frederick Wallis Hinkle, it contains living quarters, reception rooms, administrative offices, the switchboard and the Foss Memorial Chapel.

Marion Residence, acquired in 1942, is an auxiliary dormitory located at 992 Marion Avenue.

North Hall, completed in September, 1947, by the Federal Works Agency under the veterans educational facility program, contains lower division chemistry laboratories and rooms for mechanical drawing.

St. Barbara Hall, the former Melcher residence, acquired in August, 1947, is the headquarters of the Reserve Officers Training Corps.

South Hall, also an FWA-VEFP project, completed in September, 1947, houses the University book-store, snack bar-canteen, student lounge and auditorium.

The Armory, completed in 1949, houses classrooms, an auditorium, a drill hall, a rifle range, storage rooms and garages.

The Field House and Gymnasium, erected in 1928, is the gift of Mr. Walter S. Schmidt, Class of 1905. In addition to the large indoor stadium, it contains a boxing ring, badminton and handball courts, a basketball court, shower and locker rooms.

The Milford Novitiate Building, erected in 1925, on an hundred acre plot of ground in Milford, Ohio, contains the dormitories, dining hall, chapel, library, and classrooms for the young members of the Society of Jesus.

The Union House, the old Avondale Athletic Club, now combines the cafeteria, bowling alleys, health center, recreation rooms and student activity offices.

The Walter Seton Schmidt Library Building, erected in 1926, contains the Mary G. Lodge Reading and Reference Room, the library stacks, reading rooms, classrooms, Bellarmine Chapel, faculty offices, and the seismological observatory.

Xavier Stadium has a capacity of 15,000 and is floodlighted for night games. It was erected in 1928 through a public drive headed by the former Governor of Ohio, the Hon. Myers Y. Cooper.

Accreditation

The University is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution, and is approved by the Department of Education of the State of Ohio, by the Board of Regents of the University of the State of New York, and by the University of Illinois.

Note on Affiliation

The College of Music, Cincinnati, is affiliated with Xavier University. Liberal arts credits earned at the College of Music are accepted toward the Bachelor of Arts and the Bachelor of Science degrees by Xavier University. Correspondingly, courses required for the Bachelor of Music degree, which are not given at the College of Music, will be accepted from Xavier University.

Institutional Memberships

To stimulate active interest in matters educational, and to afford both faculty and students the value of recent research, the University maintains membership in the following educational and learned organizations:

- The Jesuit Educational Association
- The National Catholic Educational Association
- The North Central Association of Colleges and Secondary Schools
- The American Council on Education
- The Association of American Colleges
- The National Conference of Church-Related Colleges
- The Mid-West Conference on Graduate Study and Research
- The National Education Association
- The Ohio College Association
- The Association of University Evening Colleges
- The American College Public Relations Association
- The American Catholic Philosophical Association
- The American Catholic Historical Society of Philadelphia
- The American Historical Association
- The United States Catholic Historical Society
- The Mississippi Valley Historical Association
- The Catholic Library Association
Individual Memberships

The University is represented in many other associations and societies through the individual memberships of its faculty.

Office of the Dean

The office of the Dean of the College of Liberal Arts (Evanston campus) should be consulted on the following matters:

1. Any information specifically relative to the College of Liberal Arts
2. Counseling on one's program of studies or schedule
3. Withdrawal from courses or from the University
4. Change of courses or schedules
5. Approval of applications for all degrees

Office of the Director of Admissions

The office of the Director of Admissions of the College of Liberal Arts (Evanston Campus) should be consulted concerning:

1. General information about the University
2. Catalogues and application forms for admission
3. Entrance requirements
4. Reservation fees and room reservations

N.B. All admission forms (properly filled out) should be addressed to or deposited with the Director of Admissions, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

Office of the Registrar

The office of the Registrar of the College of Liberal Arts (Evanston campus) should be consulted in regard to:

1. Matters pertaining to student records
2. The issuance of transcripts
3. Reporting of excuses for all absences

Notice to Students

In order to insure satisfaction to all, both old and new students are requested to carefully distinguish the type of service desired and to consult the proper source of authority in each instance.

Transfer within the University

A student who wishes to transfer from Xavier University, Evanston Campus, to the Evening College, 520 Sycamore Street, must present to the Dean of the College of Liberal Arts, Evanston Campus, a written petition stating his reasons for seeking the transfer. If the dean approves the transfer, he will sign the student's petition. The student will then present the approved petition to the Dean of the Evening College who will advise the student of further arrangements necessary.

Transfers should be arranged at least one month before the opening of a session.

Withdrawal from the University

A student who wishes to withdraw from the University must notify the office of the dean either in person or in writing. A student is considered to be in attendance until he has given this formal notice of withdrawal.

A student will be obliged to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

Honorable Dismissal

Honorable dismissal is voluntary withdrawal from the University with the consent of the dean. A statement to such effect, indicative of the student's good standing so far as character and conduct are concerned, will be issued only when all indebtedness to the University has been adjusted.
University Services to Students

Religious Welfare

Xavier University uses various means of promoting a sincere Catholic way of living in its students. Too numerous for catalogue listing, they permeate classroom and general campus atmosphere. From the elaborate celebration of Field Mass to a quiet visit in Bellarmine Chapel, student life is vibrant with that simple devotion characteristic of Christian principles.

Student Retreat

Each year the Spiritual Exercises of Saint Ignatius Loyola are given for all Catholic students. Attendance at the exercises is obligatory.

At the same time a series of conferences on morality, character formation and the natural virtues are given to the non-Catholic students. In none of these conferences is there anything said to disturb the religious convictions of any individual exercitant. Attendance at these conferences is obligatory.

Student Health Service

The Student Health Service is the organization through which the University fulfills its obligation to its students for the care of their physical and mental health and at the same time assures itself and the families of these students that a reasonable supervision is being exercised by the institution for the maintenance of physical and mental fitness of the student.

Participation in the Student Health Service through the payment of the Student Health Service fee is obligatory.

The functions of the Student Health Service are:

1. To counsel students on all problems of health
2. To teach and encourage habits of healthful living
3. To give hygienic advice for the improvement of impaired health, and to supervise the sanitary condition of all campus facilities
4. To provide medical attention on the campus for sickness and accidents
5. To supervise hospitalization of ill students

Health examinations are required of all new students as part of their entrance requirements to Xavier University. Forms for this examination are to be filled out by the family physician and must be in the hands of the medical director of the University before the beginning of the semester in which the applicant enters the University.

Student Guidance

The University strives to give students as much individual attention as possible. Each student is assigned a faculty adviser whose duty it is to assist the student in the planning of his course. The student is expected to have at least one conference in each semester with the adviser.

The University also operates a Guidance and Placement Center to assist students in their educational, vocational and occupational plans.

The Guidance Service assists the student to know himself. It will aid him in learning his qualifications, strengths and limitations. Through a series of tests a study is made of his interests, aptitudes, abilities and personality traits. These together with a knowledge of his background and training, will afford the counselor an appraisal of the student. Through personal interviews recommendations will be made so that the student may choose his life work more intelligently and more in accord with his personal assets. A fee is charged for this guidance service.

The Placement Service is maintained to assist graduates in finding suitable employment in accordance with their training. The service has available occupational material. It makes contacts with companies and alumni and arranges for company representatives to confer with the seniors. The service also aids as much as possible, in part-time employment. There is no charge for this service.

In addition, the Placement Service sponsors the Business Internship Program in cooperation with selected companies. Under this program, recommended students are referred to jobs related to their major field during vacations and other periods. Business interns are usually recommended in their sophomore or junior year and are frequently rehired by the cooperating company at graduation. The federal government is also cooperating with this program.

For spiritual and more personal guidance the University provides a student counselor who sees all students according to schedule or by appointment. Consult the Student Counselor, Hinkle Hall.

All matters of veterans' welfare are under the direction of the Director of Veterans' Education.

Student Housing

Eletter Hall, Marion Residence and ten temporary buildings are equipped to accommodate 450 students in double, triple and larger
rooms. The temporary buildings have been erected to house those out-of-town students on the campus who otherwise could not attend a Catholic university.

Cafeteria Service

The University Cafeteria serves three meals daily (seven days per week) under the supervision of a dietitian.

The Canteen

Canteen service is provided in South Hall.

The Book Store

The University maintains a completely equipped book store in South Hall.

Libraries

The University Library, housed in the Walter Seton Schmidt Library Building on the Evanston Campus, contains many interesting and valuable collections among which are the original manuscripts of Francis J. Finn, S.J.; a fourteenth century vellum manuscript of the sermons of St. John Chrysostom; a fifteenth century antiphonary; several incunabula; letters of Andrew Jackson, Martin Van Buren, and others; and a complete set of the Jesuit Relations. The total number of bound volumes is 55,918. The University has been a constant beneficiary of many friends whose contributions have aided considerably in increasing the number of volumes. Since 1928 the organization known as the Booklovers of Xavier University has been outstanding in its generous gifts and contributions.

With the exception of Sundays and holidays, the library is open to the faculty and the students from 8:30 a.m. to 5:00 p.m.

The St. Thomas Library, a branch of the University Library, is situated in Milford and is for the service of the faculty and students of the Milford College of Xavier University. In keeping with the humanistic curriculum of this division a great part of the 33,000 volumes is in the field of English and classical literature. Very noteworthy collections of ascetical and theological works are distributed in the buildings at Milford.

The Evening Division has a collection of 1,587 volumes.

The total bound volumes of the University libraries is 90,445.

Laboratories

The biology laboratories, located in Albers Hall, are standard for undergraduate students. There are facilities to accommodate one hundred and twenty-five students at one time. A large collection of museum specimens provides opportunity for a wide knowledge of living organisms. An animal room affords the advanced students an opportunity to conduct protracted experiments. Fine records of experimental investigations are made possible by complete photographic equipment.

Two large, well-equipped laboratories for general physics, and one for advanced work in optics, occupy more than twenty-five hundred square feet of space on the second floor of Albers Hall.

The seismology laboratory, used for research in seismology, is connected with the physics laboratories. For the purpose of advancing the science of seismology, Xavier University maintains a first class seismographic station and observatory in the network of the Jesuit Seismological Association. The vault containing the instruments is situated in the basement of the library building. On massive concrete pillars, structurally independent of the building itself, are four Wood-Anderson torsion seismographs which register the horizontal components of the earth's motion. A fifth instrument, a Galitzin-Wilip electromagnetic seismograph, galvanometrically registers the vertical motion of the earth. A special master-clock, corrected by the Arlington radio time signals, gives accurate time control on the seismograms.

The chemistry laboratories, housed in Science Hall and North Hall, occupy approximately twenty thousand square feet of floor space. There are separate laboratories for physical, organic, analytical and general inorganic chemistry. These laboratories have standard equipment sufficient to serve 700 students. There are four additional smaller laboratories for graduate students. These laboratories contain special equipment for research in each of the four major fields of chemistry.

The Department of Military Science is adequately equipped with apparatus for laboratory and field work. It has small arms and equipment — pistols, machine pistols, carbines, M-1 rifles, automatic rifles and launchers — necessary for elementary training in basic military courses. It also has one battery of the celebrated 105mm howitzers equipped for high speed traction. Transport facilities for this battery consist of motor vehicles classified as prime movers, detail cars, supply trucks, and wire trucks. Additional equipment includes the required complement of the most modern radio sets, motor reeles, switchboards, field telephones and fire control equipage. Two pistol ranges, an indoor rifle range, a motor room with motor parts for demonstration purposes, maps and aerial photographs, and various other equipment make material contribution to a thorough knowledge of the science of field artillery.
Scholarships

At Xavier University a scholarship for one year is provided by the donation of $400.00. This amount will keep one student, who is a candidate for a bachelor's degree, free from tuition for one year. A permanent scholarship is provided by the gift of $14,000. The amount of the scholarship, however, will always depend on the income from the investment. If the founder fails to name an incumbent, the scholarship will be conferred at the discretion of the committee on scholarships.

In addition to any other requirements peculiar to particular scholarships, the following conditions must govern the awarding or holding of any scholarship:

a. A scholarship applies to tuition only and does not excuse the designee or holder from payment of other fees.

b. Scholarships must be accepted for the year or years they are awarded. They may not be transferred by the holder and may not be resumed at will after having been relinquished.

Honor Scholarships

A limited number of honor scholarships are awarded to high-school graduates each year. The following regulations govern the awarding of all scholarships:

1. The scholarships will be awarded by means of competitive examinations which will be held in the spring of the year.
2. The scholarship will be awarded for one year and will be renewable in favor of the holder for each successive semester of his four-year college period.
3. Holders of honor scholarships must maintain a quality-point ratio of at least 2.5 in the freshman year, and 3.0 in the sophomore, junior, and senior years.
4. The award in all cases is made by and at the discretion of the Scholarship Committee of Xavier University.

Loans

The Chaswil Foundation Student Loan Fund has been established by Sir Knight Charles F. Williams to assist students in the undergraduate division. A student must have completed at least one semester at the University in order to become eligible to apply for a loan. Applications for loans are to be made to the Chairman of the Scholarship Committee.

Awards

The Dr. J. T. Clear Biology Key. This key, founded by Dr. J. T. Clear, is awarded annually to the member of the Xavier Biological Society who has completed his major in the Department of Biology with the highest distinction.

The Dorst Chemistry Key. This key, the gift of Arno A. Dorst, is awarded annually to the senior who has completed his major in the Department of Chemistry with the highest distinction.

The Alpha Chi Sigma Prize. This prize is awarded to the sophomore majoring in chemistry who has attained the highest scholastic average during the freshman and sophomore years.

The J. D. Cloud Prize. This prize is awarded to the student (Evening College) in the senior accounting class attaining the highest average in his junior and senior years.

The Xavier University Alumnae Association Scholarship Award is presented to the alumnae member in good standing enrolled in a certificate or degree program who attains the highest average for the year.

The Kappa Sigma Mu Scholarship Award. Awarded to the freshman or sophomore student (Evening College) who attains the highest scholastic average in a degree or certificate program. Two prizes are given—first and second.

Brenner of Chicago for excellence in English essay writing. The purse is open to the competition of the Jesuit colleges and universities of the Missouri and Chicago provinces.

The Alumnae English Prize. A prize is offered by the Xavier University Alumnae Association to the student of the University winning the highest place in the Intercollegiate English Contest.

The English Prize. This prize, in memory of Peter J. O'Donnell, Ph.D., is offered to the student (Evening College) for superior work in the Department of English.

The Mermaid Tavern Prize Key. A gold key is offered by Mr. Anthony C. Elsaesser, '12, to the Tavern member meriting highest distinction in literary composition.

The J. T. Nolan, Jr., Literature Award. A $50.00 savings bond will be awarded to the student who attains the highest scholastic average in the Catholic literature course.

The American Legion Luncheon Club of Cincinnati Scholarship Prize. A cash award of $25.00 will be presented annually to the outstanding R.O.T.C. cadet of the Second Year Basic Course.

The Dr. John T. Clear Rifle Trophies. These three trophies, donated annually to the Corps by Dr. John T. Clear, are presented to the R.O.T.C. students who demonstrate outstanding marksmanship during the year.

Xaver Fourragere. This military decoration is presented to R.O.T.C. students as an honor for military attainment.

The Military Order of World Wars Medal. The Cincinnati Chapter of the Military Order of World Wars presents a gold medal annually to the outstanding R.O.T.C. cadet of the First Year Basic Course.

The Reserve Officers Association of the United States, Cincinnati Chapter. Four medals are presented annually by this association to cadets of the R.O.T.C. A gold medal is awarded to the outstanding cadet in the Second Year Advanced Course and a silver medal to the outstanding cadet of the First Year Advanced Course. Similar bronze medals are awarded to cadets of the First and Second Year Basic Course for excellence in scholarship and proficiency as cadets.

The Cincinnati Traffic Club Scholarship Award. A scholarship with a value of $50.00 for the study of transportation and traffic management is granted by the Cincinnati Traffic Club to a man or woman, first year student (Evening Division), for the study of the first or second year basic course in traffic management.

The Colonel Charles F. Williams' Scholarship and Prize. A gold medal and a $200 scholarship are offered annually by Colonel Charles F. Williams to the First Year Advanced Course student who ranks highest in scholarship.

The American Citizens' League Award. An award of $25.00 is offered by the American Citizens' League of Cincinnati to the student who attains the highest scholastic average in second-year German for the academic year.

The Alpha Sigma Nu Religion Key. A gold key is awarded annually by the Xavier Chapter of the National Jesuit Honor Society to the freshman or sophomore who writes the best essay on a religious topic.

The Intercollegiate Latin Prize. The Very Reverend Provincial of the Chicago and Missouri provinces offers a prize of $25 annually for the best translation of classical English and classical Latin. The contest is open to male students of the Jesuit colleges and universities in the Chicago and Missouri provinces.

The Ragland Latin Medal. A gold medal, founded in 1935, in memory of Alice D. Ragland, is awarded to the participant who ranks highest in the Intercollegiate Latin Contest.

The Washington Oratorical Medal. A gold medal is offered by the Xavier University Alumni Association for the best original oration delivered in the annual contests in oratory, held on February 22, Washington's birthday.

The Joseph B. Verkamp Medal. A gold medal is established by Mr. Joseph B. Verkamp for award to the member of the Poland Philopedian Society who has delivered the best speech in the annual public debate of the society.

The Archbishop McNicholas Medal. A gold medal is offered in memory of the Most Reverend John T. McNicholas, O.F., D.D., to that member of the senior class who has excelled in the study of philosophy.

The Martin G. Dumler Key. A key is offered by Mr. Martin G. Dumler, LL.D., to that member of the junior class who has excelled in the study of philosophy.

The Philosophy Prize. In honor of William T. Burns, LL.D., Professor Emeritus, a prize is presented to the student (Evening College) meriting the highest distinction in research work in the Department of Philosophy.

The David Snyder Religion Medal. A gold medal, founded by Mr. and Mrs. John W. Snyder, Portsmouth, Ohio, in memory of their son, David William Snyder, '31, is awarded for the best catechetical essay written by a junior or senior.

Student Organizations

Xaver University has provided several forms of student activities and organizations for the purpose of promoting religious, social, academic, and cultural relations among the student body. All student organizations are under the general supervision of the Student Welfare Committee. Approval for meetings and programs must be secured from them directly or through the appointed faculty moderators. With the exception of activities and organizations of a purely religious nature only such students as are free from disciplinary censure and the scholastic censure of probation are eligible for active membership. The University reserves the right to discontinue, or moderate any student activity or organization. By means of its committees and agencies the University also has the right to limit the extent and degree of the individual student's participation.

The Alchemysts Club, a student affiliate chapter of the American Chemical Society, is dedicated to the furthering of interest and education in the field of chemistry. Membership is open to all chemistry majors and pre-medical students who have completed five hours of chemistry. The monthly meetings usually include timely motion pictures or an outside speaker of prominence in the field of chemistry.
The annual symposium, picnic, initiation banquet and other outstanding social events are sponsored during the year.

The Apostleship of Prayer is a world-wide organization of which there exists in the University a distinct and duly-established local chapter. Membership is open to all students. The object of the association is the fostering of a manly and practical devotion to the Sacred Heart of Our Lord and Its interests in the world, and the actual practice of the law of universal charity through mutual prayer for the intentions of all associates.

The Biology Club, open to students of biology, sponsors original investigation in the field and publishes the Xavier Science Bulletin.

Catholic Students' Mission Crusade. At the organization of the Catholic Students' Mission Crusade, held at Techny, Illinois, in 1918, the local sodality was represented. Its mission section became a senior unit, and consequently, a charter member of this great movement.

In January, 1921, the unit assumed a more definite form as the Crusade Unit of the Liberal Arts College, and adopted the name The Henry P. Milet Unit in honor of Rev. Henry P. Milet, S.J., a former director of the High-School Sodality, now a missioner in Patna, India. The first Sunday of the month is Mission Sunday, observed by the reception of Holy Communion for the welfare of the missions.

The Dante Club is a student organization, the purpose of which is to spread the knowledge and appreciation of that greatest of Catholic classics, The Divine Comedy, through the medium of popular lectures. It was founded in 1921, the six hundredth anniversary of Dante Alighieri's death. The Jesuit Martyrs, The Crusades, Shakespeare, A Pilgrimage to Lourdes, St. Joan of Arc, The Madonna in Art are now being offered by The Dante Club.

The Economics Club. Founded in 1933 as the Commerce Club, this group combines a discussion program with social activities. Outstanding Cincinnati business men are guest speakers at the monthly meetings. Membership is open to students of economics.

The Family Relations Club of the Catholic Colleges of Greater Cincinnati has a dual purpose: (1) to develop and strengthen in the members the right and wholesome attitude toward Christian marriage and family life, and further a true appreciation of the dignity and beauty of the Christian home, as well as the privilege of duties and obligations involved; (2) to offer to the community a clear interpretation of the Catholic position on marriage and the family, and an authoritative refutation of erroneous views relative thereeto. Student and guest speakers participate in the regular monthly meetings. The apostolic work of the club is carried out by utilizing "a work-shop technique" in four committees, on the following activities: public speaking, radio and television presentations, writing, research, surveys, arranging pre-Cana conferences for engaged couples, and sponsoring Christian recreation in the home, school, and parish. Members are trained in these various works by experts in these fields. Both undergraduates and graduates are welcome.

The French Club, le Cercle francias de Xavier. Intended to foster a better understanding of the French language and to develop conversational French among its members; to supplement the curricular requirements of French majors and minors; to promote interest in and appreciation of French affairs, history, literature, art, science and culture. Application for membership is made to the moderator.

The Heidelberg Club. It is the purpose of this club to foster an interest in the history, culture, and language of the Germanic people. The meetings, which are held monthly, are devoted to papers, discussions, and lectures.

The International Relations Club, organized in 1947, is directly associated with the Carnegie Endowment for International Peace. Semi-monthly panel discussions on contemporary problems relative to international peace will be the special activity of the club. For prerequisites of membership, see The X Book.

The Masque Society of Xavier University. It is the purpose of this society to foster the undergraduate dramatic, literary and musical interests of the University, and to promote social intercourse among its members. The society's annual productions offer an outlet to many kinds of student talent — acting, stagecraft, lighting, management, promotion and such like. All students are invited to join.

The Math-Physics Club, founded in 1941, is pledged to the purpose of broadening and deepening in its members their interest in mathematics and physics. Meetings include the presentation of papers by members and addresses by guest speakers. Membership is open to students of mathematics and/or physics.

The Mermaid Tavern is a writers' club of limited membership and unique activity intended to foster association of graduates and undergraduates actively interested in writing. The Tavernacuarl, a privately circulated magazine, is issued quarterly. For particulars, consult The X Book.

The Musketeer Band. The purpose of the band is to promote student interest in music, stimulate spirit at football and basketball games, give concerts, and provide music for R.O.T.C. Corps Day formations and special University functions.

The National Federation of Catholic College Students, described as the "spirit of Catholic college students," is a medium through which Catholic college students may cooperate in fostering unity of purpose and in promoting lay leadership guided by Catholic principles. Every Xavier student is invited to acquaint himself with the N.F.C.C.S.
The Poland Philopedian Society. This 113-year-old society, dating from the beginning of Jesuit control at Xavier, meets weekly to debate the issues of the day. Membership is open to the entire student body.

The Psychology Club, founded in 1950, is pledged to the purpose of giving to the students of Xavier University the benefits that result from a psychology that has its foundation in the Catholic knowledge of the fields of philosophy and sacred theology. Opportunities are offered to the members to supplement their curricular work in this field, and to see the practical methods of psychology in operation. All students who have completed a minimum of six credit hours of psychology or the equivalent are eligible for membership.

The R.O.T.C. Rifle Club is open to all members of the R.O.T.C. who are interested in rifle firing and marksmanship. A small caliber rifle range with multiple firing points and target returns is provided by the University. All target practice is supervised by an officer of the Department of Military Science.

The Sailing Club. Founded in 1962, the Sailing Club, participates in many regattas in the fall and spring. The “home field” is Lake Cowan, about twenty-five miles distant from the campus. The club holds membership in the Midwest Collegiate Sailing Association. Membership is limited to thirty. Prospective members should contact club officers.

Sodality of the Immaculate Conception. The sodality was established and affiliated to the First Sodality in Rome on December 8, 1841. Its purpose is to promote a special and filial devotion to the Immaculate Mother of God, to imitate her virtues, and to encourage, both by word and example, an eminent purity of morals and a manly fidelity to the practices of our religion. The University sodality desires to produce Catholic gentlemen, outstanding for their life of virtue and their apostolic spirit; leaders in the field of Catholic thought and action. The Office of the Blessed Virgin is recited in the University chapel. Meetings are held in which pertinent Catholic problems are discussed.

The Spanish Club. Bi-weekly meetings are devoted to the dual purpose of promoting interest in the Iberian language and customs, and in fostering the study of the great literature of Spain.

The Varsity X Club is composed of students who have earned the athletic award of the University. Its purpose is to foster and to maintain high ideals of athletic competition, and to offer means of preserving friendships made on the fields of sport.

The Xavier Accounting Society, organized in 1947, has as its prime objectives the broadening of knowledge and the deepening of interest of its members in the field of accounting; the promotion of mutual helpfulness and the fostering of fellowship in the pursuit of this worthy aim. Monthly meetings are devoted to papers, discussions and lectures. The guest speakers are outstanding professional accountants and business executives. Accounting students — graduate and undergraduate — are eligible to membership.

The Xavier Philosophy Club is organized to foster in its members greater interest in philosophical subjects. Meetings are informal and free discussion is encouraged. Membership is open to all students.

The Xavier University Clef Club makes numerous concert appearances, entertains at University functions, and makes several radio broadcasts throughout the year. Two hours each week are given to vocal culture and the study of musical theory and interpretation. Membership is open to all students.

Honor Societies

Alpha Sigma Nu. A chapter of this national honor fraternity for students of Jesuit colleges and universities was established at Xavier in 1939. Candidates for membership, chosen during their junior year, must be outstanding in scholarship, in loyalty and in service to the University.

Boosters' Club is an active honorary group composed of students who have distinguished themselves through their service and loyalty to all activities of the Evening College. This group constitutes an advisory group which will offer suggestions touching all student needs.

Kappa Sigma Mu is an Evening College organization composed of present and former students. Membership, open to men and to women of outstanding leadership in curricular and in extra-curricular activities, is limited to those students who have been in attendance for at least four semesters. Membership is by invitation only. The purpose of the organization is to strengthen and to perpetuate college friendships among students of the Evening College.

Pershing Rifles: Company G-1, a member of The National Society of Pershing Rifles, is an honorary association of college students enrolled in basic courses in military science. Its purpose is to encourage, preserve and develop the highest ideals of the military profession and to promote American citizenship.

The Sword and Plume. This is an alumni society organized to honor students in their senior year with membership. The honor of membership is conferred only on senior students who have distinguished themselves in activities and who pledge themselves to impress the ideals of Jesuit education on their fellow men.

The Xavier Order of Military Merit. This honorary organization is composed of R.O.T.C. students of the advanced course who have received one or more citations and who have been nominated to the order by the Professor of Military Science and Tactics. All members wear the Xavier fourragere as a decoration.
Non-Student University Groups

The Booklovers of Xavier University, organized in 1925, actively promote the interests of the library through the purchase of books and periodicals. Funds are raised by means of membership fees, benefit parties and special gifts. A ladies group, recruited largely from mothers of students, meets monthly during the academic year for lectures, card parties, and entertainments.

The Dads' Club of Xavier University has as its purpose: (1) cooperation with the administrative body of Xavier University in maintaining high standards of education; (2) the support of extracurricular activities of the student body; (3) social acquaintance among members of the club; (4) promotion of the general welfare of Xavier University. Members of the faculty, and fathers of past, present and prospective students are eligible for membership.

Xavier University Alumni Association. This association was organized in 1888. Its purpose is to strengthen and perpetuate college friendships; to preserve in the former students a warm regard for Alma Mater and a lively memory of the substantial benefits she has bestowed; to cherish and advance her interests, maintain her honor and sustain her reputation by manly and honorable conduct.

Xavier University Alumnae Association. Established in 1926, this alumnae group has for its purpose the fostering of the same loyal spirit and helpful interest toward Alma Mater which is characteristic of the X.U. Alumni Association.

Student Government

The Student Council of the Evanston College. This representative body undertakes to promote student activities whether athletic, social, scholastic, or religious; to maintain a healthy spirit of interest and comradeship among the students; to impart, foster, and exemplify the ideals which the University strives to realize. It attempts to meet local student problems chiefly by creating a sane public opinion.

For further information on Student Council see The Constitution of the Student Council of Xavier University, Evanston Campus, 1948.

The Social Committee is an advisory body for student social activities. All student-sponsored affairs, on or off the campus, must be cleared through this committee. The Director of Social Activities, a faculty member, is chairman of the committee.

Xavier Publications

Primarily intended as a source of information for the Xavier family, these publications offer special opportunity to students who wish to learn news writing, editing, and creative literary expression.

The Athletic Review, published by the Department of Public Relations, is the official program for all home football and basketball games, and carries illustrated up-to-the-minute news about the Musketeers.

The Musketeer, the official year-book of the University, is a student edited and managed publication distributed shortly before the commencement exercises in June. Intended as a permanent record of student life at Xavier, The Musketeer presents in colorful pageantry a panorama of the various school events, social functions, athletics and campus organizations.

The Xavier Athenaeum, a literary quarterly that dates from the old college, is intended to foster literary effort among students. The staff is composed of honor students in English.

The Xavier Alumni Newsletter combines campus news with news about Xavier men and women everywhere. It is published by the Department of Public Relations and sent ten times a year to the entire Xavier family.

The Xavier University News is a weekly newspaper published by a board of student editors under the supervision of a faculty director. The staff is appointed by the director on the recommendation of the department of English with the approval of the Dean of the College of Liberal Arts. Appointment to the staff is a recognition of literary ability.

Xavier Television Program

"Xavier Presents," a student-produced radio show begun in 1946, has been revised for television and is now presented weekly over Cincinnati's WCPO-TV station. The show is completely produced by the students who plan the production, write the scripts, recruit the talent, conduct the rehearsals, and participate as announcers, actors, and performers. Guest performers are presented each week from the colleges and universities in the tri-state area.
Graduate Division

Because of the fact that men and women are today seeking higher education in ever growing numbers, Xavier University deemed it proper to inaugurate graduate studies during the summer session of 1946. Throughout the academic year as well as the summer sessions, graduate courses are offered in business administration, chemistry, classical languages, education, English, history and philosophy. The Graduate Division is open to men and women.

The Graduate Council encourages the registration of both special students and degree students. Special students are those students who, with the approval of the head of the department concerned, register for individual courses which they may pursue with profit, without regard to degree requirements. Degree students are those students who register with the expressed intention of following a program leading to a graduate degree.

THE DEGREES OF MASTER OF ARTS AND MASTER OF SCIENCES

Objectives

Because of the difference in subject matter the objectives of the Master of Arts and Master of Science degrees are not identical. In the Master of Arts program greater emphasis is laid upon cultural and liberal pursuits. Yet, since Xavier's undergraduate program — the norm of admission for graduate students — calls for a broad background of general education, philosophy, and Christian culture even for the Bachelor of Science degree, the final goal of the two graduate degrees is approximately the same. It is this: that the student may have a specialized knowledge of his chosen field, coupled with an intelligent appreciation of the place of that field in the wide panorama of human thought.

Accordingly, these degrees are awarded to the candidate who has demonstrated a capacity for further study or teaching by satisfactorily completing a program of graduate work designed to give him these characteristics:

1. An understanding of the relations of his subject to allied subjects and to the synthesis of Christian culture, which is the basis of Western civilization;
2. A comprehensive knowledge of the broad field of learning in which the degree is conferred;
3. A specialized knowledge of a portion of that field;
4. Proven ability to do research in the special field of study.

General Requirements

In accordance with the above objectives the general requirements for the degrees are respectively:

1. Completion of such undergraduate prerequisites as will give assurance of the candidate's general educational background. Satisfactory completion of the Graduate Record Advanced Test;
2. Completion of a program consisting of at least twenty-four hours of integrated classroom study within the student's chosen field;
3. Production of an acceptable thesis of a research character. To safeguard the cultural objectives it should be kept in mind that the result of research can be synthesis as well as analysis. For the thesis six credit hours (completing the required thirty hours) will be awarded on the recommendation of the thesis adviser.

THE DEGREE OF MASTER OF EDUCATION

Objectives

The degree of Master of Education, a professional degree, is designed to meet the needs of teachers and school administrators actually engaged in school work. It has one basic aim: stimulating better teaching wherever the influence of the successful candidate may extend, whether it be in an individual classroom, an entire school, or a whole school system.

Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his influence by satisfactorily completing a program of graduate work designed to give him these characteristics:

1. Broadened appreciation of the proper objectives of education in modern society;
2. Deepened understanding of the psychological factors in learning;
3. Wide acquaintance with effective classroom techniques;
4. Intimate familiarity with the principles and practices of school administration;
5. Essential understandings and skills necessary for intelligent consumption of educational research;
6. Greater academic mastery of subject matter (for students selecting graduate work in an academic field).

General Requirements

Requirements for the degree of Master of Education are specified with certain basic considerations in mind:

1. Sufficient flexibility is necessary to care adequately for the particular needs of the in-service educator who enrolls for the degree;
2. Before students are accepted as candidates for this degree, they must demonstrate a basic knowledge of the general field of education as generally required of undergraduates planning to teach;
3. Graduate programs must be so planned as to insure the student's attaining a comprehensive knowledge of professional theory and practice in the principal areas of the field; a detailed knowledge of at least one major area of specialization—for high school teachers this area may be an appropriate academic field; and capability in the skills and knowledge necessary for intelligent comprehension and use of educational research.

Undergraduate Prerequisites

Students electing graduate work leading to the degree of Master of Education must present the following undergraduate courses in education or their equivalent:

- Principles of Education;
- Educational Administration, Organization, and Management;
- Educational Psychology (prerequisite, general psychology);
- Methods of Teaching.

Program of Studies

To insure comprehensiveness in their programs for the degree of Master of Education, all candidates must include in their programs each of four general survey courses designed, in their whole, to provide integrated coverage of the broad field of education. These courses are:

- Ed. 201. Philosophy of Education, a Survey;
- Ed. 203. Educational Psychology, a Survey;
- Ed. 205. Educational Administration, a Survey;
- Ed. 207. Education Research from the Consumer Point of View, a Survey.

To insure their mastery of a particular area of education, all candidates must include in their programs a concentration of at least twelve credit hours in one of the following areas of concentration: elementary education, secondary education, educational guidance, educational administration, or an academic field. Thus the area of concentration may also be in any of the academic departments in which graduate courses are offered.

Students electing graduate courses which they plan to submit in fulfillment of requirements for the degree of Master of Education, must have their programs approved by the Chairman of the Department of Education in advance of their registration for courses if they are to be assured of the appropriateness of their selection.

Quantitative Requirements

A minimum of thirty hours is required for the degree of Master of Education. These shall be distributed as follows:

1. General surveys in education, twelve credit hours.
2. Concentration, twelve credit hours.
3. Pertinent electives, six credit hours.

Qualitative Requirements

The degree of Master of Education will be awarded only to candidates who have passed a written examination lasting one hour on the general field of education as covered by the four survey courses and the individual's area of concentration.

THE DEGREE OF MASTER OF BUSINESS ADMINISTRATION

Objectives

The degree of Master of Business Administration is a professional degree designed to meet the needs of persons in industry for training which will ready them for increasing executive responsibilities.

Accordingly this degree is awarded to the candidate who has demonstrated capacity for leadership in the field of business by satisfactorily completing a graduate program designed to give him the following characteristics:

1. Broad knowledge of the principles and techniques of business administration.
2. Specific knowledge of one of the major phases of business administration.
3. Essential understandings and skills necessary for intelligent consumption of research in the fields of business.

Prerequisites

Students may be admitted to graduate work in business administration on either of the two following bases:

1. Undergraduate degree which includes at least thirty hours of study in business subjects including Principles of Accounting, 6 credit hours, and Principles of Economics, 4-6 credit hours.

2. Undergraduate degree, at least two full years of experience in business, and courses in Principles of Accounting, 6 credit hours, and Principles of Economics, 4-6 credit hours. Students admitted on this basis may demonstrate by examination their proficiency in any or all of these courses in lieu of the specific class hours required.

Program of Studies

To insure comprehensiveness in their programs for the degree of Master of Business Administration, all candidates must include in their programs each of four general survey courses designed in their whole to provide integrated coverage of the broad business field. These courses are:

Ec 201 Economics of Business, Survey. Three credit hours. Introduction to major areas of economics judged most useful to the business executive. Functions of the economic system; national income; business cycles, forecasting, government economics; finance.

Ec 202 Research in Business, Survey. Three credit hours. Understandings and skills necessary to the intelligent use of research in business. Locating results of research in the literature of the field; problem solving approach; research in techniques; understanding statistical terms and procedures as applied to business. Report writing.

Ec 203 Managerial Accounting, Survey. Three credit hours. The contribution of accounting to efficient business administration. Basic concepts; budgeting; the operation of an accounting system; cost analysis; cost standards; financial statements.

Ec 204 Administrative Operation, Survey. Three credit hours. Techniques of planning, organizing, and control in business. Environmental factors; dynamics of human relations; functions; structure.

To insure their mastery of a particular area of business administration, candidates will ordinarily include in their programs a concentration of at least nine credit hours in one of the following areas of concentration:

- Accounting (Advanced Accounting Problems, Industrial Accounting, Taxation, Systems, Auditing Principles, etc.)
- Personnel (Collective Bargaining, Labor Legislation, Personnel Management, Problems, Industrial Psychology, Counselling Principles and Techniques, Psychological and Achievement Testing, Abnormal Psychology, Mental Hygiene, etc.)
- Management (Production Management, Time and Motion Study, Quality Control, Business Finance, etc.)
- Marketing (Principles, Market Research, Retail Merchandising, Advertising, Salesmanship, etc.)
- Transportation and Traffic (Principles, Rates and Tariffs, Interstate Commerce Law, etc.)

As a climax to his program, the candidate must include one conference-type seminar numbered above 200. These seminars assist the student to marshal his knowledge of the business field in the solution of specific problems.

Quantitative Requirements

A minimum of thirty graduate hours is required for the degree of Master of Business Administration. These shall ordinarily be distributed as follows:

1. Twelve credit hours in the four general surveys.
2. At least nine credit hours in the area of concentration.
3. The remainder, electives (one course to be a seminar).

Qualitative Requirements

The degree of Master of Business Administration will be awarded only to candidates who have passed a written comprehensive examination on the general field as covered by the four survey courses and the individual's area of concentration.
GENERAL REGULATIONS

Admission

Application for admission to graduate studies is made in form. Application forms can be had on request. Applications should be followed promptly by a transcript of applicant’s credits.

Students electing graduate work leading to a master’s degree must present evidence of having a bachelor’s degree from an accredited institution, and also present official transcripts of his record from each college in which credit was obtained. Others will be registered conditionally.

An applicant with a bachelor’s degree from a non-accredited institution is not admitted to full graduate standing until he has successfully completed at least six hours of graduate work with the required grades, and has been accepted by a committee of the Graduate Council on recommendation of the student’s adviser.

Since graduate work is work done under direction, the chairman of the department of the student’s major subject must decide on the student’s preparation for graduate study in that department; and he, or one appointed by him, will be the student’s adviser throughout. The general prerequisites for graduate work in any department must be the equivalent of an undergraduate major at Xavier University.

Seniors of satisfactory academic standing who are within nine hours of completing their undergraduate requirements for the bachelor’s degree may, in their last semester, register for graduate work, but not for more than six hours of such work.

Candidacy

Candidacy shall begin when, after the student’s completion of six hours of graduate work, his application shall have been passed by the graduate council. Every student must make such application after completing six hours of work at Xavier and those thought unfit will be advised to discontinue their course.

No more than five years may elapse between candidacy and completion of work for the degree.

A student who attends only summer sessions may be granted a graduate degree provided he is engaged in work related to his major subject. This supposes that no more than five years shall elapse between his candidacy and the completion of his work.

Requirements

Thirty semester hours of graduate work will be demanded of an applicant for any of the above degrees. In the case of applicants for a Master of Arts or Master of Science degree, twenty-four hours of such work will be devoted to fulfilling the course requirements and six hours to fulfilling the thesis requirement. Applicants for the Master of Education or Master of Business Administration degrees will devote the thirty hours to course requirements.

Students will be allowed to transfer no more than six graduate credits from other institutions.

For degrees requiring a thesis, familiarity with at least one foreign language is required for cultural background and use in research.

Distribution of the course requirements must be approved by the chairman of the department of the major subject. At least one-half of the courses taken must be fulfilled in that department. Candidates, however, for the Master of Arts and Master of Science degrees are advised to take all their work in their major department.

Character of the courses required is subject to the decision of the adviser. At least one-half the hours of credit in the major subject and one-half the total number of hours toward the degree must be obtained in courses numbered 200 or above, which are distinctly graduate courses.

Examinations and Marking

The candidates for graduate degrees shall be required to pass an oral examination. It shall be the policy of the Graduate Division to give these examinations within three weeks of the end of the final semester. The head of the major department or one appointed by him shall be chairman of the examining committee and shall be responsible for the giving of the examination. The student must pass such other oral or written examinations as are required by his major department. A written examination may be required by the Department of Education instead of the final oral.

The matter for the examination shall be based primarily on the student’s courses and, if he is a candidate for the Master of Arts or Master of Science degree, on his thesis. It is understood, however, that a candidate’s general knowledge of his field must be found satisfactory by his examiners.

The thesis required for the Master of Arts or Master of Science degree should embody the results of the applicant’s research in some problem of his major subject, and must at each stage be under the direction of the Chairman of the Department of that subject or of one appointed by him.

The student must submit three typed copies of his thesis after it has been formally approved.

The following symbols are used in the evaluation of course work: A — indicative not only of high achievement, but also of an unusual
degree of intellectual ability and initiative; B — above average attainment; C — work of minimum or average attainment; D — work of inferior quality, but passing; F — failure. To obtain credit graduate students must do work of B quality in courses numbered 100 to 199, and of C quality in courses numbered 200 or higher.

Miller Analogies Test

All applicants for admission to the Graduate Division will be required to take the Miller Analogies Test at Xavier University, or to bring with them an official report of their scores. Scores will aid the faculty in the guidance of the student.

Withdrawal

Withdrawal from a course should be reported at once to the Director of Graduate Division by the student, in person or in writing.

Refunds

A refund of tuition may be claimed in the case of withdrawal or dismissal. During the academic year the amount refunded will be diminished by 20 per cent of the total amount for each two weeks of attendance. No refund will be made after the student has been in attendance for more than eight weeks. During summer sessions the amount refunded will be diminished by 20 per cent of the total initial amount for each four class days of attendance. No refund will be made after the student has been in attendance for more than sixteen class days. Fees are not refunded.

A refund of dormitory expenses may be claimed in the case of withdrawal or dismissal. The amount of refund will be made strictly on the basis of the proportionate number of weeks of residence.

All refunds are made on application in writing to the Bursar. The amount of refund will be calculated from the date of application.

ADMISSION

Application for Admission

Application for admission to Xavier University is made on a special form (Form 1) which will be supplied upon request made in person or by mail to: Director of Admissions, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

Procedure of Admission

Application is made in form (use Form 1).

To become eligible for admission to Xavier University, an applicant must follow this general procedure:

1. He must obtain from the director of admissions a copy of the form of application (Form 1) for admission.

2. He should fill out this form and send or bring it to: Director of Admissions, Xavier University, Victory Parkway, Cincinnati 7, Ohio. Applicants who have been registered previously on the Evanston campus are required to submit only the application form with the admission (reservation) fee of $25.00 to the director of admissions.

3. He should arrange to have a complete transcript of his high school record sent to the director of admissions. If he seeks admission to advanced standing, he must also have a complete transcript of all previous college work sent to the director of admissions. Please note paragraph on Necessary Credentials.

4. Immediately upon notification of acceptance, the applicant must send his admission (reservation) fee of $25.00 to: Director of Admissions, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

5. If the applicant is accepted by the University, he should register in person on the days designated on the notice of admission.

Time of Admission

Students may enter the University for the first semester, second semester, or summer session.

Admission Fee

Upon notification of acceptance, new students must promptly pay the admission or reservation fee of $25.00. Former students will remit this fee with their applications. The fee is not refundable or transferable if the student cancels his application, fails to enter the University, or does not remain in residence or attendance for at least four weeks after his registration. It will be applied to the student's account at registration, or refunded to the veteran after he has deposited his certificate of eligibility with the University's director of veteran's affairs.

Admission by Certificate

Graduates of accredited high schools are admitted by certificate of graduation and an official record of units of high-school credit together with an official recommendation from the high-school principal. The official record of high-school credits must show a minimum average of C.

A unit is the equivalent of a subject extending through a school year of thirty-six weeks with five recitations per week. A minimum of fifteen units is required.

The fifteen required units may be offered in the following distributions:

1. A group of units including three units in English; two in a foreign language; one in history; one in algebra; one in plane geometry, and one in science.

2. A group including two major sequences of three units each, and two minor sequences of two units each selected from:
   a. English and speech. A major sequence must be offered from this group.
   b. Foreign language. Any sequence must be in one single language selected from Greek, Latin, French, German, Italian, Polish or Spanish. Not more than two sequences in foreign language are acceptable.
   c. Mathematics. A minor sequence including one unit in algebra and one unit in plane geometry is required. All applicants, except those following the pre-engineering program, may offer a unit of physics combined with a minor sequence in mathematics as a major sequence. Applicants for the pre-engineering program must present a major sequence in mathematics, including one and one-half units in algebra, one unit in plane geometry, and one-half unit in solid geometry.
   d. Science. Not more than one unit in any one science may be offered. Physics may not be counted toward a science
sequence if it is counted toward a major sequence in mathematics. If biology is included, neither botany nor zoology may be counted.

e. Social studies. This sequence may include from one to four units in history; from one-half to one unit in American government; one-half unit in economics; one-half unit in commercial law; one-half unit in geography; and from one-half to one unit in sociology.

The remaining units may be in any subjects counted toward graduation by an accredited high-school. However, single half units in languages or laboratory sciences will not be acceptable.

Applicants who have a deficiency not to exceed two units will be admitted as deficient. Such deficiency must be removed before admission to sophomore standing.

Admission on Probation

Candidates who do not meet the qualifications outlined for admission may, under special circumstances, be admitted on probation at the discretion of the committee on admissions.

All applicants admitted on probation must pass successfully whatever examinations the committee on admissions shall deem necessary.

Admission to the Pre-Medical Program

A minimum academic average of B is ordinarily required for admission to the pre-medical program. However, applicants whose averages are lower may be considered by the committee on admissions, given aptitude and intelligence tests, then admitted at the discretion of the committee on admissions.

Admission to Advanced Standing

Applicants from other institutions of collegiate rank must file with the director of admissions complete original credentials from all institutions attended. These credentials must include an official transcript of all high-school and college credits showing the entire scholastic record; evidence of honorable dismissal or dismissals; and evidence of satisfactory completion of financial arrangements with the institution or institutions attended. No applicant may disregard his previous college record and apply for freshman standing.

The rank of advanced standing to which the student will be admitted will depend upon the quantity and quality of the work done in the other institution or institutions, the accreditation of the institution, and the conformity of the work to the degree program for which the student wishes to register. Courses in which the applicant has received the lowest passing grade will not be acceptable. These courses need not be repeated unless repetition be deemed necessary by the dean or the directors of the departments. In all cases evaluation of credits for advanced standing will be provisional for at least one semester.

Students dismissed for poor scholarship from the University or from other institutions will not be eligible for admission or readmission until after the lapse of at least one semester. In all cases, admission or readmission and the conditions of such, will be determined finally by the committee on admissions.

The residential requirements for a degree must be fulfilled by all students admitted to advanced standing.

All credentials must be on file in the office of the director of admissions at least one month prior to the day of registration. (See paragraph on Credentials Needed.) It is advisable to get transcripts in much earlier.

Credentials Needed

Applicants for admission to Xavier University must submit official records from all high schools and colleges previously attended. These records must be sent to the director of admissions directly by the proper officer of the school or schools formerly attended; never through the student. Credentials accepted for admission become the property of the University and are kept on file permanently. All credentials must be filed at least one month before the day of registration.

Admission of Veterans

Xavier University is accredited with the Veterans Administration for educational training under Public Law 346 and Public Law 16 (World War II benefits) as well as Public Law 550 and Public Law 894 (Korean conflict benefits).

All veterans who were students in good standing in Xavier University before entering the service will be readmitted if they give notice of their intention to re-enter in due time before registration. Other veterans new to Xavier University will follow the procedure for new students. (See paragraph on Procedure of Admission.)

Veterans who wish to enter college or return to interrupted college work should, as soon as possible after discharge, apply to the Veterans Administration for a certificate of eligibility which is the official form designating the amount of schooling to which a veteran is entitled under the G.I. Bill of Rights. The Veterans Administration Regional Office for the Cincinnati area is located at 209 East Sixth Street, Cincinnati, Ohio. Veterans who live in other cities should make application to the V.A. office nearest their homes. Applica-
All veterans will be allowed academic credit for military service depending on the length and kind of service. Credit for formal service courses and schools is based on the recommendations set forth in A Guide to the Evaluation of Educational Experiences Gained in the Armed Services, published by the American Council on Education, and on the recommendations of the Jesuit Educational Association.

Credit will also be granted for courses completed in the A.S.T.P., Navy V-12, or Army Air Forces College Training Program upon receipt of a transcript from the college where the program was taken provided such courses are applicable to the curriculum to be followed and do not duplicate courses already credited.

Information for World War II veterans:

Veterans must deposit the Certificate of Eligibility with Xavier University's director of veterans' affairs at the time of registration. The certificate is not given to the dean, registrar or bursar. Refunds of admission or reservation fees are made after registration.

Any honorably discharged veteran who has had active service is entitled to one year of education and an additional period of training not to exceed the time such person was in active service after September 16, 1940, and before the termination of the war, but in no case is the total period of education to exceed forty-eight months.

The Veterans Administration will defray the cost of tuition, books, supplies, and laboratory, library and other incidental fees up to a total of $500.00 for the ordinary school year in any approved private or public educational institution which the veteran chooses to attend.

The Veterans Administration will also pay to veterans in actual full-time attendance under the G.I. Bill of Rights the following subsistence allowances:

1. $75.00 per month to veterans without dependents
2. $105.00 per month to veterans with one dependent
3. $120.00 per month to veterans with two or more dependents

Servicemen who are honorably discharged and who have pensionable service-incurred or service-aggravated physical disability and who have established their need for vocational education may find it to their advantage to apply for increased benefits under Public Law 16.

Veterans who apply for readmission, however, may qualify for degrees under requirements in force at the time of their departure from Xavier University for military service, depending upon their classification at the time of their entrance into service.

Information for Korean veterans:

Veterans must deposit the Certificate of Education and Training with the Director of Veterans' Affairs at Xavier at the time of registration or as soon thereafter as it is received.

Veterans are eligible for one and one-half days education or training for each day of service on and after June 27, 1950, regardless of where this time was served. The maximum training permitted is thirty-six months. A veteran must initiate his training by August 20, 1954, or within two years after discharge, whichever is later.

Korean veterans are cautioned to select their programs of study with the utmost care since only one change of course program is allowed, except under special conditions determined by the Veterans Administration.

The Veterans Administration will pay to veterans for full-time attendance under Public Law 550 the following allowances:

1. $110.00 per month to veterans without dependents.
2. $135.00 per month to veterans with one dependent.
3. $160.00 per month to veterans with two or more dependents.

Out of this education and training allowance, veterans must pay for tuition, fees, books, supplies and their own subsistence costs. Disabled veterans may find it to their advantage to apply for increased benefits under Public Law 894.

All requests for information should be addressed to: The Director, Veterans' Education, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

A limited number of honor scholarships will be given by Xavier University. Application for an honor scholarship should be made to: The Chairman, Scholarship Committee, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

Readmission

Readmitted students who have been absent for more than a year are subject to the curricular requirements in force at the time of their readmission. If a student has attended another school since his withdrawal from Xavier University, a record of that work must be submitted before readmission.

Veterans who apply for readmission, however, may qualify for degrees under requirements in force at the time of their departure from Xavier University for military service, depending upon their classification at the time of their entrance into service.
Admission of Special Students and Auditors

Although the University usually recommends a complete program of studies, students who possess sufficient maturity, experience, and educational background may, with the dean's consent, choose special courses without following a complete degree program. Courses thus taken may be subsequently credited toward a degree if proper credentials are presented.

Students may enroll themselves as auditors upon payment of the usual fees and tuition. *Academic credit is never given to an auditor.*

Notification of Admission

The applicant will receive from Xavier University a notice of admission or a notice of unfavorable action as soon as the University has received his admission form and the official records from all high schools and all colleges previously attended.

Provisional Admission

Provisional admission may be granted by the dean to a student who has been unable to complete arrangements for formal admission before registration dates. If the student is later discovered to be unqualified for admission, his admission and registration are canceled.

Registration

Registration is the procedure which a student follows in enrolling for courses and in receiving assignment to definite classes, professors, hours and classrooms.

Both new and former students of all categories must complete the process of registration before every new session in which the student attends classes.

Students must register in person, not by proxy or by mail.

Time of Registration

Fixed dates in each session found in the academic calendar of this catalogue are reserved for registration.

Late Registration

Registration on days later than the assigned dates may be permitted upon the payment of a late registration fee of one dollar ($1.00) per day up to ten ($10.00).

Change in Schedule

After the student has filed registration forms, changes in courses or sections can be made only with the consent of the dean at the recommendation of the departmental adviser. No change in schedule may be made later than two weeks after the inception of classes.

A fee of one dollar ($1.00) will be charged for each change.

Number and Choice of Courses Permitted

The number and choice of courses or total number of credit hours in a student's program of studies are subject to such restriction as shall be deemed necessary by the dean or the departmental adviser.

Course Duplication

A student who enrolls for a course which he has already passed at Xavier or at any other institution will not receive credit for that course.

Selection of Courses

Classified students must take the required courses at the proper class level; thus, all freshman courses should be completed before the sophomore courses. *(See Outline of Approved Curricula.)*
Both classified and unclassified students must observe prerequisites set by the University or by the departments which conduct the instruction. Students may not disregard the directions of the dean and of the chairmen of departments in this matter.

Since the University must consider the needs of all students, it may sometimes be unable to accommodate itself to the preferences of some students for particular hours and professors. The scheduling of courses and sections at certain hours does not mean that a student can always be admitted to any given section which he may select.

Freshman Week

Recognizing the need of giving newly entering students an introduction to their work and University life, an orientation program is arranged and designated as Freshman Week. The program provides for conferences with members of the Committee on Student Advise­ment; aptitude and placement tests; registration and payment of fees; lectures on the use of the library; the existence and nature of student activities; health and military provisions; and the traditions of the University. All freshmen must register as indicated in the catalogue, pp. 9, 11. Freshmen who fail to register at the prescribed time will be charged a late registration fee and also such special fees as are incurred by those who fail to take all prescribed tests and examinations at the designated time.

Transcript Regulations

Application for a transcript of credits must be made in writing by the student himself and filed with the registrar at least two weeks before the record is needed.

Requests for transcripts for purposes of transfer to another university or for any other purpose cannot be granted during the busy periods of examination and registration.

Transcripts are issued only after the student has fulfilled all financial obligations to the University.

There is no charge for the first transcript. A fee of $2.00 is charged for each additional complete transcript.

EXPENSES

The following rates are effective in the regular academic year and in the summer session. All communication concerning expenses should be addressed to: Director of Admissions, Xavier University, Victory Parkway, Cincinnati 7, Ohio.

An admission or reservation fee of $25.00 will be required of all prospective students whose applications are approved. Receipt of this fee will assure the applicant of a place in one of the University classes. This fee will be refunded or applied to tuition or room expenses according to the veteran or non-veteran, resident or non-resident status of the applicant.

Accounts Payable (Undergraduate Day Classes)

All accounts must be settled on the day of registration. Attendance at classes will not be permitted until all financial obligations have been completed. A service charge of $3.00 will be added to all accounts not paid within 10 days after the beginning of classes. An additional service charge of $1.00 will be added for each additional month that the account is not settled.

Refunds

A refund of tuition may be claimed in the case of withdrawal or dismissal. During the academic year the amount refunded will be diminished by 20 per cent of the total initial amount for each two weeks of attendance. No refund will be made after the student has been in attendance for more than eight weeks.

During summer sessions the amount refunded will be diminished by 20 per cent of the total initial amount for each four class days of attendance. No refund will be made after the student has been in attendance for more than sixteen class days.

Fees are not refunded in summer or regular sessions.

A refund of dormitory expenses may be claimed in the case of withdrawal or dismissal. The amount of refund will be made strictly on the basis of the proportionate number of weeks of residence.

All refunds are made on application in writing to the bursar. The amount of refund will be calculated from the date of application.

N.B. — The above statement applies to all divisions of the University except the classes of the Evening College.

Classification of Students

Students are classified in the following groups: lower division, upper division and other groups of a miscellaneous nature.

Lower Division Groups:
1. Freshmen — students having less than 32 credit hours and 64 quality points.
2. Sophomores — students having from 32 credit hours and 64 quality points to 63 credit hours and 127 quality points.

Upper Division Groups:
1. Juniors — students having from 64 credit hours and 128 quality points to 95 credit hours and 191 quality points inclusive of all lower division requirements.
2. Seniors — students having a minimum of 96 credit hours and 192 quality points inclusive of all lower division requirements.

Other Groups:
1. Part-time — students taking less than 12 credit hours of work in any semester.
2. Unclassified — students who have not declared themselves as candidates for any degree.
3. Auditors — students taking courses for informational purposes and not for college credit.

Unit of Instruction

A unit of instruction is one hour a week for a minimum of 15 weeks. The unit is called a credit hour and is the measure of work in the College of Liberal Arts. A weekly two- or three-hour period of laboratory work is considered equivalent to one credit hour.

Course

A course is a complete set of lectures, quizzes, recitations, student exercises, laboratory periods, and examinations on a given subject. Some courses continue through two successive semesters. No final credit is allowed if only part of such courses is completed.

Field of Specialization

At the close of his sophomore year and with the approval of his adviser and the chairman of the department, the candidate for a degree must select a field of specialization in which he will take more intensive study in his junior and senior years. This field of specialization will consist of a major and a minor.

Major

The major will ordinarily consist of a minimum of eighteen credit hours of upper division work completed with an average of C in one department. This work will suppose the completion of at least six credit hours (C average) of lower division work in the department.

In the departments of classical and modern languages this six-credit-hour requirement of lower division work is not satisfied by beginning courses or their equivalent.

Minor

The minor will ordinarily consist of a minimum of twelve credit hours of upper division work in another department approved by the student's adviser and completed with an average of C. This work will suppose the completion of at least six credit hours (C average) of lower division work in the department.

With the approval of his adviser and the chairman of the department the candidate may distribute his upper division work (approximately thirty credit hours) in the major and the minor on a fifteen-fifteen or twenty-one-nine credit hour basis. Such a distribution of credit hours, however, must be determined before the second semester of the candidate's junior year.

Examinations

Examinations in all courses are regularly held at the close of the session. A student who has been absent from a final examination will receive a grade of X if the excuse for the absence is acceptable to the dean; otherwise, the absentee will receive an automatic failure. Absence, however, does not excuse a student from the requirement of a special examination at a time determined by the dean. If an X grade is not removed within thirty days a grade of F will be given for the course.

Written assignments are due at the time specified by the instructor. If extension is granted beyond the end of a session, the student will be given the temporary grade of I. Unless completion of the assignments be made within two weeks after the close of a session, the student will be recorded as having failed the course. C is the maximum grade which a student can earn in a course after having received an I in that course.

If a student claims knowledge of a subject for which he cannot furnish an official record, a special examination may be given with the approval of the dean and the chairman of the department.
Grading System and Reports

At the end of each session the parent or guardian receives by mail an estimate of the quality of the student's work in each of the courses pursued. This estimate is based upon the combined results of examinations and class work and is expressed by the following symbols:

A — Exceptional. Indicates not only high achievement but also an unusual degree of intellectual initiative.
B — Good. Indicates attainment above the average.
C — Average. Indicates the normal attainment for the average student.
D — Inferior. Indicates passing work but below the normal attainment.
F — Failure.
FA — Failure because of excessive absences.
I — Incomplete; grade withheld pending fulfillment of assignment.
W — Withdrawal (approved).
WP — Withdrew passing.
WF — Withdrew failing.
X — Absent from examination.

Quality Points

The quality point is the unit used in measuring the quality of student achievement in a course. The number of quality points received for any course is equal to the number of quality points attached to the grade received multiplied by the number of credit hours yielded by the course. Quality points are given as follows:

A — 4 points per credit hour
B — 3 points per credit hour
C — 2 points per credit hour
D — 1 point per credit hour

A candidate for a bachelor's degree must earn not only the number of credit hours (128) required for the bachelor's degree, but his work must possess a certain excellence which is measured by quality points.

The scholastic standing of the student at the end of any session is the ratio of the total number of quality points received to the total number of credit hours carried in that session.

Censures

Any student whose quality point average is below 1.5 for each session of the first year, or 1.75 for each session of the second year, or 2.0 for each session of the succeeding years will be automatically placed on probation.

This censure excludes the student from participation in any extracurricular activity except of a religious nature, and reduces the number of credit hours which the student may carry.

The censure will continue for at least one session. At the end of this session any student on probation who fails to average C in the semester's work will be dismissed from the University. Any student on probation whose semester average is C, but whose general overall average is below C, will be continued on probation for one more session. If, at the expiration of the continued probationary period, the student's average is below C, he will be dismissed from the University.

The purpose of applying these censures of probation and dismissal is to give reasonable assurance to the student and to his parents that, if he is allowed to continue for the usual four years, he may normally expect to graduate. Therefore, the censures and the exclusion from participation in extra-curricular activities are not applied mechanically. The record of each student on probation is reviewed carefully by the Committee on Admissions each semester. If, in the judgment of the committee, the record of the student during the past semester or modifying circumstances give well grounded hope that the student will improve and will eventually graduate in approximately the normal course of time, then the committee may continue the student on probation beyond one semester, or allow him to carry the usual number of credit hours, or allow him to participate in extra-curricular activities.

Any student whose quality point average is low, but not so low as to warrant the censure of probation, may be placed on the warned list.

This censure does not demand a reduction of the student's load nor does it positively exclude the student from participation in extracurricular activities, but such participation may be restricted at the discretion of the dean or the departmental adviser.

Failure in a number of courses is regarded as poor scholarship. At the discretion of the dean, such a student will be excluded from registration in the University for at least one session. Permission to return after one session, or at any subsequent time, will be granted only at the discretion of the committee on admissions.

If a student is placed under scholastic censure, the University assigns the right to change or limit the student's program of courses to the student's departmental adviser or to the dean. The same right will be exercised in the case of poor health or other circumstances unfavorable for study.

The University reserves the right to censure the conduct of any student on or off the campus in accord with the generally accepted
norms of good behavior, Catholic practice, and Catholic principles of morality. This censure will be regarded as purely disciplinary and may take the form of correction, suspension, or dismissal when the President of the University, upon advice of the Committee on Student Welfare, may deem appropriate. Suspension will carry with it the scholastic loss resulting from absence, and dismissal will mean the loss of credit hours. When a student incurs the disciplinary censure of dismissal, or withdraws while under the censure of suspension, the University has the right to declare, at the discretion of the President, the fact of disciplinary censure to the admissions officer of any educational institution to which the student may subsequently apply. In such cases the reason or reasons of censure will be stated only with the consent of the parent or guardian.

Attendance

In order to secure credit in any course in which he is registered, the student is required to attend classroom and laboratory exercises regularly and promptly. Absences date from the day of opening announced in the calendar.

No unexcused absences are allowed. Any student who absents himself from class without a sufficient reason will be dropped from the course. A certain number of excused absences for reasons judged valid by the dean will be allowed. Reasons for absences must be presented in writing at the registrar’s office the first day the student returns to class.

Tardiness

Tardiness at class or leaving class before the expiration of the period will be counted as one-half an absence.

Absence from a Test

Absence from a previously announced test will incur the penalty of a failure in that particular test.

Withdrawal

If a student withdraws from any or all courses without permission of the dean, he receives an automatic failure. Permission will be given only when application is made within two weeks after discontinuance of attendance.

The student who withdraws from any or all courses with the requisite permission receives a grade of W, if the withdrawal takes place within the first third of the session; or a grade of WP (withdrew passing) or WF (withdrew failing), if he withdraws after the first third of the session. The grade WF is accounted as a failure in computing scholastic standing.

Curricular Administration

Lower Division and Upper Division Courses

Courses are grouped according to their basic or advanced content. Basic courses, which are ordinarily open to freshmen and sophomore students, are regarded as lower division courses. Upper division courses are open to junior and senior students. Sophomore students, who have completed their lower division requirements in a particular department, may, with the approval of their advisers and the chairman of the department, enroll in an upper division course in that department.

Departments

For the purposes of faculty administration and of classification of courses according to the nature of their subject matter, all courses are grouped in departments. In the College of Liberal Arts there are sixteen departments: Accounting, Biology, Chemistry, Economics and Business, Education, English, History and Political Science, Classical Languages, Modern Languages, Mathematics, Military Science, Philosophy, Psychology, Physics, Theology and Sociology.

Curricular Fields

There is a larger grouping of departments into four curricular fields. This grouping is made to facilitate inter-departmental administration and to integrate areas of study.

The four fields are:

1. Language and Literature
   - English and Speech
   - Greek, Latin
   - French, German
   - Spanish

2. Social Sciences
   - Accounting
   - Economics and Business
   - Education
   - Geography
   - History
   - Political Science

3. Natural Sciences
   - Biology
   - Chemistry
   - Geophysics
   - Mathematics
   - Physics

4. Philosophy and Religion
   - Philosophy
   - Psychology
   - Theology

Lower Division Objectives

Toward realization of the immediate University objectives (intellectual competence with a sense of religious and moral responsibility) and the objectives of the undergraduate division (an exclusively general and liberal training), the student should, at the completion of his work of the first two years, have attained the following:

1. A religious knowledge adequate for personal orientation and influential Christian living
2. An acquaintance with, and some practice in, the modes of thinking — philosophical, mathematical, and scientific
3. A competence in basic English communication, written and oral, with an adequate acquaintance with the types, and some of the masterpieces of English literature
4. A reading knowledge of at least one foreign language
5. An acquaintance with the history and principles of social institutions

The objectives and standards of the several departments concerned in this program indicate their special contribution to the above, in such a way that a student who has completed a minimum of sixty-four hours with a C average, can be regarded as having sufficiently attained the objectives.

Excess quality points at the completion of the student's lower division work may not be applied to remove a quality-point deficiency in the upper division work.

Before the close of his sophomore year, the student who wishes to continue his education in the University will be required to choose a field of specialization for his future work. Only upon acceptance by the chairmen of the departments concerned, and on successful completion of his lower division work, may the student be considered eligible to continue.

In the last semester of his lower division work, a student who has satisfied the lower division prerequisites in a particular subject, may, if his schedule allows, and if the dean and the chairman of the department concerned authorize it, take an upper division course in that subject.

Upper Division Objectives

Toward more special realization of the immediate University objectives (intellectual competence, etc.) and the objectives of the undergraduate division for the last two years of college (continued general and liberal training plus opportunities for specialization), the student is offered the following:

1. A continuation of his general and liberal training in the study of philosophy and allied subjects
2. Fields of specialization, with a major and minors system, for prudent concentration

At the completion of this work, the student must qualify as to his attainment of the University and undergraduate division objectives through a thesis or a comprehensive examination. The matter of these, broadly stated, will be: his knowledge of his field of specialization, his grasp of the principles of knowledge, and his ability in the application, co-ordination and systematization of facts and principles.

Degrees

The University will confer a bachelor's degree upon any candidate of the University who has successfully completed an accepted program of studies, and who has fulfilled, prior to graduation, all degree requirements, both general and particular. The undergraduate degrees conferred by the University on candidates of the College of Liberal Arts are the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Science in Business Administration, Bachelor of Science in Physical Education, and Bachelor of Literature.

Graduation Honors

Honors are awarded on the basis of outstanding moral and intellectual attainment. A student who has earned a quality-point average of 3.75 in his four years of college work will be graduated Summa Cum Laude; one who has earned 3.5, Magna Cum Laude; one who has earned 3.25, Cum Laude. These honors are announced at commencement and are inscribed on the diplomas of those meriting them.

For students graduating in June, the final semester's work cannot be computed in determining the quality-point average for honors.

Transfer students are eligible for honors at graduation only under the following conditions:

1. They must have completed at least sixty-four semester hours of work at Xavier University.
2. Their quality-point average must be computed on the basis of all of their college work.
3. Under no circumstances will honors be awarded that are higher than the honors merited by the quality-point average earned at Xavier University.

Residential Requirements

Candidates for degrees must spend at least the last year in residence at Xavier University. Residence is the personal presence
at the University of a student carrying a normal weekly load. To
establish residence of a year for a bachelor’s degree at the University,
a student ordinarily must complete one-fourth of the total number of
hours required for graduation.

Commencement Attendance Requirement
All candidates for degrees must be present at the commencement
exercises to receive their degrees.

General Requirements for Graduation
In addition to the requisites of a particular program, a candidate
for the bachelor’s degree must fulfill the following requirements:

1. The candidate shall have qualified as a classified student in
Xavier University and shall have all records from other
institutions in order.

2. The candidate shall have completed an accepted academic
program of not less than one hundred twenty-eight credit
hours with an average of C. Specifically, an average of
2.0 (C) shall have been maintained in his upper division
courses since surplus quality points are not transferable from
lower division courses.

3. The candidate shall have completed all lower division objectives.

4. The candidate shall have fulfilled the lower division and upper
division objectives in the matter of distribution of courses.

5. The candidate, except for the degree of Bachelor of Literature,
shall have completed a minimum of eighteen credit hours in
philosophy and psychology courses, exclusive of Pl 132, a
required Christian culture course.

6. The candidate, if a Catholic, shall have completed eight credit
hours in formal courses in religion, and eight credit hours in
Christian culture courses.

7. The candidate, if a non-Catholic, shall have successfully com-
pleted RI 3 and 4 (or their equivalent) and eight credit hours
of Christian culture courses.

8. The candidate shall have completed, in residence, the last
thirty-two credit hours (C average) in courses approved by
the College of Liberal Arts.

9. The candidate whose major is in one of the natural sciences
or mathematics or psychology, must qualify by a written
thesis. The original and one copy, required by the University,
must be deposited with the registrar on or before the date
designated in the University calendar. All other candidates
must qualify by a comprehensive examination.

10. The candidate, with the approval of the head of the depart-
ment, shall have made formal application to the dean for the
degree sought. This form shall have been filed in the registrar’s
office at the beginning of the last session.

11. The candidate shall have discharged all financial obligations
to Xavier University.

N.B. — No student will be considered eligible for graduation who
has any deficiency at the beginning of the last session of his senior
year, or who has less than one hundred twelve credit hours of C
average.

Reservation of Rights
The University reserves the right to modify its graduation and
other academic requirements as may seem necessary from time to
time. It will be obligated only during the academic year of the
student’s registration by requirements published in the catalogue
for that year.

Subject Requirements for Degrees
In addition to the fulfillment of other requirements, a candidate
for a degree in the University must follow a definite program of
studies. The prescribed subjects together with the corresponding
minimum semester hours for each degree program are listed as follows

The Honors Bachelor of Arts
The University has instituted this honors degree in the confident
belief that its values meet the crying need of our day for Christian
humanism. The permanent and important things of life which make
up our heritage have been submerged in the panic of a search for
security.

Men have forgotten that security can be based only on those
things that are themselves secure. The secure things are these: the
great languages and the great literatures by which men communicate
their ideals and aspirations; the great history of human thought; the
poetry, tragedy, history, oratory and philosophy by which we come
to an understanding of the mind and heart of man and the ways of
God with humankind, and to an understanding of the dignity of
man and his relationships with his fellowmen.

Entrance Requirements. In order to achieve the personal
contact between instructors and students so necessary in true educa-
tion, the size of the classes in the Honors Course is held to a minimum.
Consequently only superior students are admitted, and only those
ranking high in their graduating classes should make application. A
special board of admissions for the Honors Course will pass on each
applicant. The board will consider the applicant’s standing in the
Bachelor of Arts

The degree of Bachelor of Arts is conferred on the candidate whose major has been chosen from any one of the four curricular fields. The prescribed subjects together with the corresponding minimum semester hours required are:

Bachelor of Science (Physical Education)

For the student preparing to teach physical education or to coach athletics in high school, a curriculum is offered leading to the degree of Bachelor of Science in Physical Education. The student must meet the general requirements of the B.S. degree with a major in the combined fields of education and physical education. This major will comprise the basic courses in education, required for qualification for high-school teaching, together with sixteen hours in physical education.

The minimum program requirements are:

<table>
<thead>
<tr>
<th>Semester Hours</th>
<th>Subject</th>
<th>L.D.</th>
<th>U.D.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major in education</td>

Preparation for Professional and Technical Schools

In preparation for admission to schools of law, medicine, dentistry and engineering, Xavier University offers the following programs of study.

Pre-Legal Curriculum. Students who apply for admission to schools of law must have completed a minimum of two years (sixty-four semester hours at Xavier University) of collegiate work. Most schools of law now demand a minimum of three years of collegiate training prerequisite to admission and all recommend the completion of a regular four-year bachelor degree program.

Pre-Medical Curriculum. The minimum requirement for admission to standard schools of medicine is three years of collegiate preparation in an approved college. This preparation presupposes the regularly required high-school units, and prescribes two semesters of work in English, biology, physics, and organic chemistry, respectively;
and, electives of sufficient quantity to complete the sixty-four hours of academic studies. An average of C is required in all prescribed subjects.

Medical schools now require a minimum of three years of collegiate preparation; others, a bachelor's degree; still others, special entrance requirements peculiar to those schools. On the account of such varied prerequisite preparation for admission, each prospective medical student is advised to acquaint himself with the specific requirements of the school of medicine which he intends to enter, and to plan his pre-medical work accordingly.

Xavier University offers the following program:

<thead>
<tr>

</thead>
<tbody>
<tr>

</tr>
</tbody>

Pre-Engineering Curriculum. Strictly speaking, there is no collegiate preparation demanded by colleges of engineering. However, many of the engineering colleges have basic preparation before the engineering students take up the work of their specialized fields. The Xavier curriculum is designed to cover these usual requirements in mathematics, drawing, physics, chemistry, and English. It is recommended that the student choose his engineering school and course by the end of the freshman year. Then, during the sophomore year, he can elect such courses as English, economics, accounting, statistics, etc., which will fit into the upper division program of his chosen school. Such a plan will permit him to make up sophomore technical subjects when he begins his professional training.

Training for High-School Teaching

Xavier University offers training for high-school teaching in the academic fields and physical education. The work of teacher-training is coordinated through the Department of Education of Xavier University.

The well-prepared high-school teacher must have an intimate knowledge of the subject matter in the field or fields in which he intends to teach, in addition to the actual possession of those professional skills and techniques essential to success in the classroom.

A knowledge of the subject matter in the field or fields in which the student intends to teach is acquired while he is meeting the requirements for the several degrees offered. The necessary professional techniques and background are developed through the inclusion of certain basic courses in educational theory and practice offered by the Department of Education. Courses in education permit a desirable specialization in the program of the arts, science or philosophy degree student who plans to teach. These courses also provide the basic prerequisites to graduate work for the Master of Education degree in most universities.

Basic Courses in Education. Ed 31, 32, 101, 102 and 103 are required of all students who plan to teach at the high-school level, or to present education as a field of specialization in fulfillment of degree requirements, or to take graduate work in education.

Note: Electives should be used to build the third teaching field required by the Ohio State Department of Education.

Approved Curricula

The following outlines are intended as guides to the preparation of individual student programs of study.

Departmental advisers and students are urged to check all student programs in detail for:

1. Correct course levels — lower division or upper division  
   (Upper division courses may not be taken before the completion of lower division courses.)

2. Correct catalogue numbers of courses  
   (Incorrect numbering will entail difficulty after registration.)

3. Correct number of semester hours of credit yielded by each course

4. The maximum number of semester hours of credit permitted per semester at the respective class level — freshman, sophomore, junior or senior.

   In exceptional cases, special permission to take an additional course may be granted only at the discretion of the dean.

   For the convenience of all offices concerned, alphabetical listing of catalogue numbers should be consistently followed.

Departments of Instruction

The courses of instruction are numbered in accord with a unified plan. Lower division courses are numbered 1 to 99. Within the lower division the numbers 30 to 99 generally indicate that the course is open to sophomores. Upper division courses are numbered from 100 to 199. Double numbers indicate that the first semester course is prerequisite to the second semester course and that both must be satisfactorily completed to obtain credit for either course. Any exceptions will be stated in course descriptions. In most departments the courses are grouped in decades according to sequence, content, or some other plan of sub-division. In computing minimum requirements for a major, the 199 course may not be counted.

Accounting (Ac)

Staff: MR. G. SELZER, chairman: MR. BEHLER, MR. BURKHART, MR. EVERSMAAN, MR. FINUCAN, MR. SCHLEGEL, MR. L. SELZER, MR. TILTON, MR. WALKER, DR. WENNER, MRS. WERNER.

These courses in accounting are designed to provide intensive training of comprehensive nature for the adequate preparation of public, private or industrial accountants, auditors, credit analysts or general business executives thoroughly familiar with the latest and most satisfactory methods.

A fundamental knowledge of accounting, essentially valuable in business or in a professional capacity, is the goal of the elementary courses.

The advanced courses which elaborate on the theory and practice of accounts, business analysis, costs, auditing and specialized accounting culminate in preparation for C.P.A. examinations and for actual entrance into the field of public accountancy.

Accounting may be chosen either as a field of major or minor specialization.

Departmental requirements for a major include:

1. The completion of Ac 51 and 52 as an introduction to upper division work.
2. The completion of Ac 151, 152, 155, 156, 157 and 168.
3. Senior comprehensive review, Ac 199.

Departmental requirements for a minor include:

1. The completion of Ac 51 and 52 as an introduction to upper division work.
2. The completion of Ac 151, 152, 155 and either Ac 157 or Ac 163.

UNDERGRADUATE DIVISION

Lower Division Courses

1. BOOKKEEPING. A basic course in the principles of bookkeeping intended to familiarize the student with the techniques and principles of double-entry bookkeeping. A non-credit course. Given at the Evening College.

51. PRINCIPLES OF ACCOUNTING. Three credit hours. A study of general accounting as applied to modern record-keeping for single proprietorships, partnerships, and corporations, supplemented with practical problems and practice sets providing actual experience with general and special journals and ledgers; the preparation of adjusting and
closing entries; trial balances; work sheets, balance sheets and profit and loss statements.

52. **PRINCIPLES OF ACCOUNTING.** Three credit hours. Practical application of the voucher system, controlling accounts, departmental accounts, use of charts of accounts; study of authorization and issuance of capital stocks and bonds; computations of premiums and discounts; distribution of profits; determination of fire loss; manufacturing costs and preparation of manufacturing cost statements; budgets; analyses and interpretation of financial statements. Prerequisite: Ac 51.

*Upper Division Courses*

151. **INTERMEDIATE ACCOUNTING.** Three credit hours. A thorough course in theory and problems in which various methods of solving practical accounting problems are presented. The course supplies a broad background of accounting theory that will enable the student to recognize accepted difference in accounting methods and to develop individual concepts in matters of accounting principles. Knowledge of working paper layout is a primary requisite; problems offered are a challenge to the student's ability to reason, observe, and to make proper decisions on the basis of known facts. Prerequisite: Ac 52.

152. **INTERMEDIATE ACCOUNTING.** Three credit hours. A further development of the practical aspects of accounting, illustrating accepted methods of valuation and depreciation; preparation of comparative reports and statement analyses. An explanation of the reasons for various accounting reports co-ordinated with problems that stimulate the interest of students in research and extra-curricular study in accounting and related subjects. Prerequisite: Ac 151.

153. **ADVANCED ACCOUNTING PROBLEMS.** Three credit hours. Advanced phases of partnership accounting; organization; dissolution; incorporation of a partnership; division of profit or loss; accounting for insurance; insolvency; home office and venture accounts. Prerequisite: Ac 152.

154. **ADVANCED ACCOUNTING PROBLEMS.** Three credit hours. A continuation of Ac 153 with emphasis on parent company and subsidiary accounting. Practical problems. Prerequisite: Ac 152.

155. **INDUSTRIAL ACCOUNTING.** Three credit hours. A study in the control and cost of materials, labor and other elements involved in industrial production with special emphasis on cost systems and reports — their nature and application — made practical through a job-order cost practice set. Prerequisite: Ac 162.

156. **INDUSTRIAL ACCOUNTING.** Three credit hours. An advanced course in special phases of costs — process, joint, by-product, standard, distribution and managerial reports — made practical through practice sets. Prerequisite: Ac 155.

157. **TAXATION.** Three credit hours. An intensive study of tax laws and regulations in relation to their underlying principles. The student is further acquainted with the federal income tax, social security, franchise, property, sales and other important state taxes. Tax problems. Prerequisite: Ac 52.

158. **TAXATION.** Three credit hours. A continuation of Ac 157.

160. **SURVEY OF ACCOUNTING SYSTEMS.** Two credit hours. Open to seniors or by permission of instructor. Prerequisite: Ac 152.

161. **MANAGERIAL ACCOUNTING.** Two or three credit hours. Sources of data and statistics are studied with reference to the forecasting and preparation of business budgets.

162. **ANALYSIS OF FINANCIAL STATEMENTS.** Three credit hours.

163. **AUDITING PRINCIPLES.** Three credit hours. A study of fundamental principles of auditing; procedure in the analysis and verification of accounts; preparation of working papers and compilation of reports. Prerequisite: Ac 155.

164. **AUDITING PRINCIPLES.** Two or three credit hours. Advanced study of problems of procedure through comprehensive practice materials based on an actual audit and supplemented by further study of the content, design and use of the accountant's working papers and reports. Prerequisite: Ac 163.

165. **C.P.A. REVIEW.** Six credit hours. Two semesters. Given at the Evening College.

166. **SENIOR COMPREHENSIVE REVIEW.** Two credit hours. Required of all seniors majoring in accounting.

**Biology (BI)**

*Staff: Fr. Peters, chairman: Mr. Schulte, Dr. Tafuri.*

This department aims to assist in the liberal education of the student and to contribute to his cultural background. Lectures and
laboratory studies are intended to give him a knowledge of basic biological principles as well as a training in careful, thoughtful, and independent observation, experimentation, and scientific analysis of data. The courses also provide an adequate biological foundation for subsequent professional studies in medicine, dentistry, and allied fields.

Bl 1 and 2 cannot be taken for pre-medical or pre-dental requirements.

Bl 3 and 4 are required as an introduction to all upper division courses. In exceptional cases, Bl 1 may be considered as partial requisite fulfillment.

A major consists of 8 credit hours of lower division work; 22 credit hours of upper division work inclusive of Bl 101 and 112, and a senior thesis, Bl 199.

A minor consists of 8 credit hours of lower division work and 16 credit hours of upper division work inclusive of Bl 101 and 112.

UNDERGRADUATE DIVISION

Lower Division Courses

1. General Biology, I. Four credit hours. A study of the fundamental principles of biological science emphasizing the morphology, physiology, life history and economic importance of representative plants and invertebrate animals. Three lectures and two hours of laboratory.

2. General Biology, II. Four credit hours. A study of the morphology and physiology of organs and systems in a typical vertebrate, with special reference to the biology of man, and a summary of genetics and embryology. Three lectures and two hours of laboratory.

3. General Zoology. Four credit hours. An introduction to the basic principles of biology and a systematic survey of the morphology, physiology, classification, life history, development, and interrelationship of the representative animals of the invertebrate phyla. Two lectures and four hours of laboratory.

4. General Zoology. Four credit hours. A continuation of Bl 3, with the animals of the chordate phylum as objects of study. Two lectures and four hours of laboratory.

5. General Botany. Four credit hours. A study of the morphology, physiology, classification and life cycles of representatives of the major divisions of the plant kingdom. Seed plants are stressed. Two lectures and four hours of laboratory.

9. Human Anatomy and Physiology. Three credit hours. A study of the organs and systems of man with emphasis on myology and the physiology of exercise. This course is for students majoring in physical education. Two lectures and two hours of laboratory.

Upper Division Courses

101. Comparative Anatomy of the Vertebrates. Four credit hours. A study of the comparative morphology of the organs systems of chordates. Two lectures and four hours of laboratory.

104. Introduction to Entomology. Two credit hours. An elementary study of the biology of selected types of insects. One lecture and two hours of laboratory.

112. General and Vertebrate Embryology. Four credit hours. A study of the development of vertebrates, including gametogenesis, fertilization, and early embryology. Organogenesis, of the chick and pig is emphasized in the laboratory. Two lectures and four hours of laboratory.

115. Advanced Embryology. Four credit hours. A continuation of Bl 112. Two lectures and four hours of laboratory. (Not offered, 1953-1954.)

121. Introduction to Bacteriology. Two credit hours. An elementary study of the biology of bacteria together with exercises designed to acquaint the student with fundamental techniques used in the study of bacteriology. One lecture and two hours of laboratory.

122. General Bacteriology. Four credit hours. A study of the morphology and physiology of bacteria and related groups, together with laboratory exercises in applied microbiology. Two lectures and four hours of laboratory.

132. Microscopic Technique. Two credit hours. An introduction to the basic techniques of fixation, staining, and mounting for microscopic study. The course consists mainly of laboratory work; however, regular conferences with the instructor are compulsory. Four hours of laboratory per week.
141. COMPARATIVE VERTEBRATE HISTOLOGY. Four credit hours. A comparative study of the microscopic structure and function of organs and systems among vertebrates. Two lectures and four hours of laboratory.

152. BIOLOGY OF INHERITANCE. Two credit hours. A study of the principles of heredity and the operation of hereditary factors in the development of individual traits. Two lectures: no laboratory.

161. GENERAL PHYSIOLOGY. Four credit hours. A study of the fundamental behavior of living cells and tissues and an introduction to the physiology of mammalian systems. Two lectures and four hours of laboratory. Prerequisite: BI 101.

172. CYTOLOGY. Two credit hours. A study of the structures and functions of cells, with emphasis on the process of cell division. One lecture and two hours of laboratory.

180. HISTORY OF BIOLOGY. Two credit hours. A study of the historical development of the biological sciences. Two lectures: no laboratory.

191. BIOLOGICAL SEMINAR. Two credit hours. This course consists of meetings during which professors and students discuss reports of recent work in current biological literature. A written account of recent progress in some specialized field of biology will be required. Since the content of the course varies from year to year, it may be taken several times with special permission from the chairman of the department. No laboratory. Prerequisites: BI 101 and 112.

192 a-g. SPECIAL PROBLEMS IN BIOLOGY. Credit to be arranged. This course is designed to give the student an opportunity to engage in the study of some specialized field of biology. The five offerings are:
   a. Special Problems in Zoology
   b. Special Problems in Botany
   c. Special Problems in Physiology
   d. Special Problems in Anatomy
   e. Special Problems in Heredity
   f. Special Problems in Embryology
   g. Special Problems in Histology
A charge will be made for materials used in the laboratory. Prerequisite: Permission of the chairman of the department.

194. THEORY OF EVOLUTION. Two credit hours. A study of organic evolution. Two lectures: no laboratory.

199. SENIOR THESIS. Two credit hours. Undergraduate research in one of the fields of biology selected by the student. Prerequisites: senior standing, consent of the instructor directing the course, and approval of the chairman of the department. A charge will be made for materials used in the laboratory.

Chemistry (Ch)

Staff: Fr. Miller, chairman: Dr. Dube, Dr. Garascia, Dr. Klingenberg.

Graduate Fellows: Mr. Ambrosiano, Mr. Haggerty, Mr. Lovell, Mr. Oliverio, Mr. Overberg, Mr. Springman, Mr. Tierney.

The purpose of the courses in Chemistry is both cultural and professional. The general student is given an appreciation of the fundamental principles of the science; the major is offered training in laboratory technique and a progressive program covering the elements of inorganic, organic, analytic, and physical chemistry to acquaint him with the basic divisions of the science.

Departmental requirements for a major include:
1. The completion of Ch 3, 4 and 51 as an introduction to upper division work.
2. The completion of Ch 101, 102, 106, 107, 116, 125, 126 and 152 or the equivalent.

Departmental requirements for a minor include:
1. The completion of Ch 3, 4 and 51 as an introduction to upper division work.
2. The completion of Ch 101 and 102.

UNDERGRADUATE DIVISION

Lower Division Courses

1. INTRODUCTION TO CHEMISTRY. Four credit hours. A cultural course in the science of chemistry emphasizing the methods of science and the effect of science on the history of mankind. Three lectures, two hours of laboratory.

2. INTRODUCTION TO CHEMISTRY. Four credit hours. A continuation of Ch 1.
3. **General Inorganic Chemistry.** Four or five credit hours. Experimental lectures combined with discussion of problems and laboratory work. Three lectures, one quiz, four or six hours of laboratory.

4. **General Inorganic Chemistry.** Four or five credit hours. A continuation of Ch 3. The laboratory work includes the equivalent of Ch 31. Three lectures, one quiz, four or six hours of laboratory.

6. **Chemistry Survey.** Two credit hours. Cultural interpretations of the science of chemistry. Given at Milford College.

31. **Qualitative Analysis.** Four credit hours. Two lectures and six hours of laboratory work per week.

51. **Quantitative Analysis, I.** Four credit hours. Three lectures and six hours of laboratory work per week.

**Upper Division Courses**

101. **Organic Chemistry.** Five credit hours. Three lectures and six hours of laboratory work per week. Prerequisites: Ch 3 and 4.

102. **Organic Chemistry.** Five credit hours. A continuation of Ch 101 which is also prerequisite.

106. **Qualitative Organic Chemistry.** Three credit hours. A systematic identification of pure organic compounds and simple mixtures. Six hours of laboratory and one lecture week. Prerequisite: Ch 102.

107. **Type Reactions of Organic Chemistry.** Three credit hours. A detailed study of the important reactions of organic chemistry. Three lectures per week. Prerequisite: Ch 102.

116. **Quantitative Analysis, II.** Four credit hours. Three lectures and six hours of laboratory work per week. Prerequisite: Ch 51.

121. **Elementary Physical Chemistry.** Four credit hours. A course intended primarily for pre-medical students who have not had Mt 151 and 152. Three lectures and one four-hour laboratory period per week. Prerequisites: Ch 51 and 102.

125. **Physical Chemistry.** Four credit hours. Three lectures and four hours of laboratory work per week. Prerequisites: Ch 51, 102, Mt 151, 152, Ph 3 and 4.

126. **Physical Chemistry.** Four credit hours. A continuation of Ch 125. Three lectures and four hours of laboratory work.

127. **Chemical Calculations.** Two credit hours. A lecture course devoted to the further development of problems suggested by other courses. Prerequisite: Ch 116.

151. **Inorganic Preparations.** One lecture, individual consultation, and three hours of laboratory work per credit hour. Laboratory preparation of various classes of compounds intended to develop technique and to illustrate the methods employed in the preparation of pure inorganic compounds. Prerequisite: Ch 51.

152a. **Organic Preparations.** One, two or three credit hours. One lecture and three hours of laboratory work per week per credit hour supplemented by library work, conference and individual consultation. Prerequisites: Ch 51, 101, 102.

152b. **Organic Preparations.** One, two or three credit hours. A continuation of Ch 152a.

153. **Advanced Inorganic Chemistry.** Three credit hours. Three lectures per week. Prerequisite: Ch 51.

160. **Biochemistry Lecture.** Two credit hours. Two lecture hours per week.

161. **Biochemistry Laboratory.** Two credit hours. Six hours of laboratory per week.

180. **History of Chemistry.** Two credit hours. The origin and development of chemical theories, industries and apparatus. Three lectures per week.

190. **Journal Reading.** Two credit hours. An introduction to the use of chemical literature; discussion of minor chemical problems; required readings and reports. Two lectures per week. Prerequisite: junior standing.

192 a-d. **Problems in Chemistry.** Credit to be arranged. Conferences and direction in library and laboratory work. The four offerings are:

a. Problems in Inorganic Chemistry
b. Problems in Organic Chemistry
c. Problems in Physical Chemistry
d. Problems in Analytical Chemistry

A charge will be made for materials used in the laboratory. Prerequisite: permission of the chairman of the department.
199. **Senior Thesis.** Two credit hours. A course of directed reading and undergraduate research required of all majors in their senior year. A charge will be made for materials and apparatus used in this work.

**Graduate Division**

The minimum requirements for a Master of Science degree in chemistry include:

**Graduate Courses**

200. **Chemistry Seminar.** No credit. Critical discussion of and progress reports on theses and special topics by graduate students and staff members. Required for at least two semesters of all students majoring in chemistry. Prerequisite: graduate standing.

204. **Practice in Organic Chemistry.** Two credit hours. A review of organic chemical reactions with a view to their use in synthetic and qualitative work. Prerequisite: Ch 102.

206. **Qualitative Organic Analysis Laboratory.** One or two credit hours. Laboratory course to accompany Ch 205.

206. **Qualitative Organic Analysis.** One or two credit hours. Laboratory course to accompany Ch 205.

207. **Advanced Organic Chemistry.** Two or three credit hours. Lectures, library assignments, reports and conferences. Two lectures per week. Prerequisites: Ch 107 or 204 or equivalent.

208. **Advanced Organic Chemistry.** Two or three credit hours. A continuation of Ch 207.

212. **Heterocyclic Organic Chemistry.** Two credit hours. A lecture course on the application of fundamental organic reactions as applied to the heterocyclic organic molecules. Two lectures per week. Prerequisite: Ch 102.

215. **Advanced Inorganic Quantitative Lecture.** Two credit hours. Two hours of lecture per week. Prerequisite: Ch 116.

216. **Advanced Inorganic Quantitative Laboratory.** Two credit hours. Six hours of laboratory work per week.

218. **Organic Quantitative Chemistry.** Two credit hours. Lecture and laboratory. Six hours per week. Prerequisites: Ch 102 and Ch 116.

225. **Advanced Physical Chemistry.** Two credit hours. The more important phases of theoretical and physical chemistry are rigidly developed from the viewpoint of thermodynamics. Prerequisites: Ch 125 and 126.

226. **Advanced Physical Chemistry.** Two credit hours. A continuation of Ch 225.

230. **Physio-Chemical Measurements.** Two credit hours. A laboratory course in the application of physical measurements to the solution of typical research problems. Prerequisites: Ch 125 and 126. May be taken as laboratory to Ch 225 and Ch 226.

235. **Physical Organic Chemistry.** Two credit hours. A study of mechanisms and rates of organic reactions. Two lectures per week.

252. **Advanced Organic Preparations.** Two or three credit hours. One lecture, individual consultation, and three hours of laboratory work per week per credit hour. A laboratory course.

253. **Advanced Inorganic Chemistry.** Two credit hours. Special topics in inorganic chemistry supplemented by library assignments and reports. Two lectures per week.

254. **Advanced Inorganic Chemistry.** Two credit hours. A continuation of Ch 253. A lecture course.

260. **Advanced Biochemistry.** Two credit hours. A review and extension of fundamental biochemistry. Three lectures per week supplemented by library assignments.

270. **Industrial Chemistry.** Two or three credit hours. A detailed treatment of important industrial processes. Assignments. Three lectures per week.

275. **Research in Chemistry.** Credit to be arranged. Independent original investigation involving library and laboratory work in one of the following fields of chemistry: analytical, inorganic, organic, or physical. A laboratory course. Prerequisite: suitable foundation courses and the consent of the professor in charge of the selected field.
MASTER'S THESIS. Six credit hours. The four offerings are:

a. Master's Thesis in Inorganic Chemistry
b. Master's Thesis in Organic Chemistry
c. Master's Thesis in Physical Chemistry
d. Master's Thesis in Analytical Chemistry

A charge will be made for materials and apparatus used in this work. Laboratory offerings.

Classical Languages

Staff: Fr. Hetherington, chairman; *Fr. E. W. Burke, Fr. Cincoosi, Fr. Conen, Fr. Dersschug, Dr. Harkins, Fr. Hartmann, Fr. Manning, Fr. McGrail, Fr. E. F. Miller, Fr. Prickril, Dr. Wirth.

Since the Greek and Latin languages are the direct media of acquaintance with unified ancient culture, only through a study of the literature of both languages can a complete concept be formed of the mythology, philosophy and oriental origins of this early western culture. The inter-relationship of the epic, drama, oratory, prose and poetry reveals the intimate influence of the Greek mind on the Roman mind. Hence, a major in either language should be supported by the literature of the other in order to preserve this natural unity of combined cultural content.

However, the student may choose one language to the exclusion of the other if he so desires.

Aside from the educative discipline of diction, structure, style and mental power of analysis involved in the processes of translation, each language contains a complete literature of rare cultural value best revealed through the powerful contrast of the pagan mind with the Christian mind.

Selection of courses for a major must be made on the advice of the chairman of the department.

Admission to upper division Greek courses requires two units of high-school Greek and the completion of two semesters of lower division work. A student having no high-school Greek must complete four semesters of lower division work. Exception is made for the English or history major who wishes to take Gk 181 and 185.

Upper division Latin courses presuppose four units of high-school Latin and two semesters of lower division work. A student having only two units of high-school Latin must complete four semesters of lower division work prerequisite to upper division courses. Exception is made for the English and history major desirous of taking Lt 181 and 185.

*On leave of absence.
22. **THUCYDIDES.** Three credit hours. Thucydides and Herodotus compared. Readings from books II, III, VI, and VII. Prerequisite: four semesters of Greek.

23, 24. **GREEK PROSE COMPOSITION.** Two or four credit hours. General application and mastery of Greek syntax. Two semesters.

27. **PLATO.** Two or three credit hours. Plato's theory of ideas as illustrated in the *Euthyphro, Meno* and *Phaedo.*

60. **GREEK TRAGEDY.** Three credit hours. A study of the early and middle periods of Greek drama as illustrated by the Prometheus of Aeschylus and the Oedipus Tyrannus of Sophocles. Intended for students in the Honors A.B. course.

61. **SOPHOCLES.** Three credit hours. A thorough study of the *Antigone,* its style, language, prosody and ethics.

**Upper Division Courses**

101. **LYSIAS.** Three credit hours. Selected speeches of Lysias. Three entire speeches are read for structure and style.

102. **ATTIC ORATORS.** Three credit hours. The development of Attic prose and oratory as illustrated by selections from Lysias, Isocrates, Aeschines and Demosthenes.

103. **DEMOSTHENES.** Three credit hours. A study of the excellence of Greek oratory. *The Crown* is read.

104. **DEMOSTHENES.** Three credit hours. A continuation of Gk 103.

108. **DEMOSTHENES.** Three credit hours. A consideration of factors in the decline of Athens augmented by selections from *The Philippics* and *Olynthiacs.*

113. **GREEK STYLE.** Two credit hours. An advanced course in Greek prose composition for practical illustration of the elements of style. Two semesters.

114. **GREEK STYLE.** Two credit hours. An advanced course in Greek prose composition illustrative of word usage and types of style. Two semesters.

131. **GREEK LYRIC POETS.** Three credit hours. Characteristics of Greek lyric poetry as revealed through selections from Pindar, Bacchylides and the *Melic* poets.

141. **THUCYDIDES.** Two or three credit hours. A study of the Sicilian expedition and the beginning of Attic prose. Books VI and VII are read.

151. **HOMER.** Three credit hours. A study of the Greek epic. Selected readings: *The Iliad,* Bks. I-XII.

152. **HOMER.** Three credit hours. A comparative study of Latin, English and Greek epics. Bks. XIII-XXIV of *The Iliad* are read.

158. **HOMER.** Three credit hours. Selections from *The Odyssey.*

161. **SOPHOCLES.** Three or four credit hours. A reading of *The Oedipus Tyrannus* or *Antigone* as types of Greek drama, and other selected plays of Sophocles.

162. **EURIPIDES.** Three credit hours. A study of the Greek tragedy — its origin, development and choral metres.

163. **AESCHYLUS.** Three credit hours. A study of the development of the Greek drama. The reading of at least one play.

164. **ARISTOPHANES.** Three credit hours. A reading of *The Birds* or *The Frogs* with lectures on Greek comedy.

171. **PLATO.** Three or four credit hours. A critical appraisal of the first great *Utopia.* With the exception of one book, the whole *Republic* will be read in translation.

172. **PLATO AND ARISTOTLE.** Three credit hours. *The Phaedo* and the *De Anima.*

181. **POLITICAL AND SOCIAL INSTITUTIONS OF ATHENS AND ROME.** Three credit hours. Assigned readings in Latin, Greek, and English translation with lectures and discussions.

182. **AESCHINES AND DEMOSTHENES.** Three credit hours. *The Embassy* and *The Crown* are read as illustrations of the foreign policy of Athens during the time of Philip.

185. **CLASSICAL ARCHAEOLOGY.** Two credit hours. Lectures on the architecture, sculpture, ceramics, and domestic antiquities of Greece and Rome.

187. **HISTORY OF CLASSICAL LITERATURE.** Four or six credit hours. A study of Greek and Latin literature for comparisons, contrasts, and influence. Two semesters.

199. **SENIOR COMPREHENSIVE REVIEW.** Two credit hours. Required of all seniors majoring in Greek.
GRADUATE DIVISION

Undergraduate Courses Open to Graduate Students

102. ATTIC ORATORS. Three credit hours.
103. DEMOSTHENES. Three credit hours. The Crown.
108. DEMOSTHENES. Three credit hours. The Philippics and The Olynthiacs.
123. GREEK STYLE. Two credit hours. Two semesters.
131. GREEK LYRIC POETS. Three credit hours.
151. HOMER. Three credit hours. The Iliad. Bks. I-XII.
152. HOMER. Three credit hours. The Iliad. Bks. XIII-XXIV.
171. PLATO. Two credit hours.
172. PLATO. Two or three credit hours. Dialogues of Plato other than The Republic.
182. AESCHYNES AND DEMOSTHENES. Three credit hours.
185. CLASSICAL ARCHAEOLOGY. Two credit hours.
187. HISTORY OF CLASSICAL LITERATURE. Four or six credit hours. Two semesters.

Graduate Courses

215. GREEK AND ROMAN ART. Three credit hours. Interpretations of masterpieces of classical art, particularly of Greek and Roman.
216. TOPOGRAPHY OF ANCIENT ATHENS. Three credit hours.
241. THUCYDIDES. Three credit hours. An historic and stylistic study of the first four books.
242. THUCYDIDES. Three credit hours. Continuation of Gk 241.
245. HERODOTUS. Three credit hours. Selections.
253. HOMER. Three credit hours. A study of The Odyssey, Bks. I-XII, stressing unity of structure.
254. HOMER. Three credit hours. A continuation of Gk 253. The Odyssey, Bks. XIII-XXIV.

261a. SOPHOCLES. Three credit hours. Early plays.
261b. SOPHOCLES. Three credit hours. Late plays.
262. EURIPIDES. Three credit hours. A course devised for the study of three or four selected plays and a comparison of Euripides with Sophocles.
263. AESCHYLUS. Three credit hours. A study of the development of the Greek drama; a comparison of Aeschylus with Sophocles, and the reading of at least one play.
264. THE GENIUS OF AESCHYLUS AND SOPHOCLES. Three credit hours. The Aeschylean Trilogy and the two Oedipus plays read comparatively.
265. THE GENIUS OF AESCHYLUS AND SOPHOCLES. Three credit hours. Continuation of Gk 264.
267. ARISTOPHANES. Three credit hours. The reading of two plays and a study of Aristophanes — his specific genius and old comedy characteristics.
268. ARISTOPHANES. Three credit hours. Continuation of Gk 267.
271. PLATO. Three credit hours. A critical appraisal of the first great Utopia.
272. PLATO. Three credit hours. A study of the early dialogues and of the development of Platonic thought.
273. PLATO. Three credit hours. Continuation of Gk 272. The middle dialogues.
274. PLATO. Three credit hours. Continuation of Gk 273. The late dialogues.
275. ARISTOTLE. Three credit hours. Nichomachean Ethics. A study of the entire work with discussions of Plato's influence on the ethical thought of Aristotle.
276. ARISTOTLE. Three credit hours. A study of Aristotelian metaphysics and the history of Greek philosophic thought.
286. THE CHARACTER OF SOCRATES. Three credit hours. An evaluation of the testimony of Xenophon, Plato, and Aristophanes.
289. LONGINUS. Three credit hours. A thorough study of Longinus. The development of literary criticism.
299. MASTER'S THESIS. Six credit hours.

130
Latin (Lt)

UNDERGRADUATE DIVISION

Lower Division Courses

1, 2. ELEMENTARY LATIN. Six or eight credit hours. An intensive study of syntax and selected readings for those beginning the study of Latin. Supplementary theme work. Four hours per week. Two semesters.

3. CICERO. Three credit hours. Introduction to the Letters of Cicero. Readings from selected letters.

5. CICERO. Four credit hours. A study of Orationes Against Catiline with a review of syntax and practice in Latin prose composition. Prerequisite: Lt 2 or two units of Latin.

6. VERGIL. Four credit hours. A study of The Aeneid, Bks. I-II, for metrical reading, translation, and some literary characteristics accompanied by exercises in Latin prose composition. Prerequisite: Lt 5 or the equivalent.

11. LIVY. Three credit hours. Books XXI and XXII are read for a study of Livy's style in contrast with that of the Ciceronian period. Discussion of Livy's reliability as an historian. Prerequisites: Lt 5 and 6 or the equivalent.

12. CICERO. Three credit hours. The Pro Milone is studied with special attention to its rhetorical qualities. Discussion and analysis of Cicero's argument and logic. Prerequisites: Lt 5 and 6 or the equivalent.

13, 14. LATIN COMPOSITION. Two credit hours. A study of Arnold's Latin Prose Composition, exercises I-XXIV, or some special composition exercises. Two semesters.

15, 16. LATIN CONVERSATION. Four credit hours. Practice in informal oral expression as an aid to the understanding of Latin lectures. Two semesters.

18. LIVY AND CICERO. Three credit hours. Livy's historicity is studied in his account of Hannibal's invasion of Italy. The style of history is contrasted with the oratorical as it appears in Cicero's Pro Milone which is analyzed for its rational qualities and logic. Intended for students in the Honors A.B. course.

21. PLINY AND SENECA. Three credit hours. A comparative study of the letters of these Roman authors with reference to Roman life under the early emperors. Prerequisite: two semesters of college Latin.

22. HORACE. Three or four credit hours. Selected Odes, Epodes, and Satires are studied for the lyric qualities of Latin poetry. The influence of Horace on modern poets is discussed.

23. HORACE. Three credit hours. A general introduction to the works of the poet, with a selected reading of examples from the Sermones, Epistulae, Epodi, and Carmina respectively.

25, 26. LATIN CONVERSATION. Two credit hours. Formal and informal oral expression in the Latin language. Two semesters.

28. CICERO. Three or four credit hours. Selections from the works of Cicero together with a study of the author and his influence. Prerequisite: two semesters of college Latin.

29. CICERO. Three credit hours. The historical settings and oratorical style of Pro Marcello and Pro Ligario. Prerequisite: two semesters of college Latin.

32. VERGIL. Three credit hours. Selections from the Eclogues, Georgics, and The Aeneid, Bk. VI or VIII. A study of metre and style.

51. VERGIL. Three credit hours. The epic structure of the Aeneid is studied with special reference to its organic unity and the artistry of episodic interludes. Books I, II, VI, IX are read. Accompanied by exercises in Latin prose composition. Intended for students in the Honors A.B. course.

53. VERGIL. Three credit hours. A study of Vergil's style and inspiration in the first six books of The Aeneid, especially of I, II, IV and VI.

Upper Division Courses

101. ROMAN ORATORY. Three credit hours. The excellence of Roman Oratory as illustrated in Cicero's Pro Milone, De Oratore, and Orator; Quintilian's Institutio Oratoria; St. Augustine's De Doctrina Christiana, Liber Quartus.
HISTORY OF ANCIENT ROME. Three credit hours. A study of the early Roman Republic with special emphasis on its constitutional history.

CONSTITUTIONAL HISTORY OF ROME. Three credit hours. A study of the origins and development of Roman political institutions. Assigned readings in various primary and secondary sources. (His 105)

LIVY. Two or three credit hours. A reading of Livy's First or Third Decade.

TACITUS. Two or three credit hours. A special study of Tacitus as an historian and stylist with readings from the Agricola, Germania, and the Dialogus de Oratoribus.

ADVANCED LATIN COMPOSITION. Two or four credit hours. Arnold's Latin Prose Composition or equivalent. Exercises XXIV to L. Two semesters. Prerequisites: Lt 13 and 14.

LATIN SPEECH. Two or four credit hours. An advanced course in formal and informal Latin speech employing the principles of Lt 113 and 114. Two semesters.

CAESAR AND SALLUST. Two or three credit hours. Roman history and memoirs. The Bellum Jugurthinum and De Bello Civili.

ROMAN HISTORIANS. Two or three credit hours. The historical method and contributions of Roman historians with readings from Nepos, Caesar, Sallust, Livy, Tacitus, and Suetonius.

CICERO. Two or three credit hours. Readings from selected letters which reveal the personality and times of Cicero. Characteristics of classical epistolary style.

INTRODUCTION TO A STUDY OF THE LATIN FATHERS. Three credit hours. Selections from Tertullian, Cyprian, Lactantius, Minucius Felix, Jerome, Ambrose, Augustine, Gregory, and Bernard.

LATIN STYLE. Two or four credit hours. Translations of standard English excerpts into Latin with special attention to the Latin period, use of metaphor, and other elements of style. Two semesters.

LATIN STYLE. Two or four credit hours. The writing of Latin essays with special attention to types of Latin style.

CICERO. Two or three credit hours. A study of Cicero as an essayist. De Amicitia and De Senectute.

SENECA. Three credit hours. Political and social life under the Caesars. Stoicism and Christianity. Epistulae Morales and selections from the Moral Essays of Seneca.

HORACE. Two or three credit hours. An intensive study of the Odes; meter and versification; sources and inspirations. Special attention to methods of teaching Horace.

VERGIL. Two or three credit hours. A study of pastoral and didactic poetry. Readings from the Eclogues and the Georgics.

EARLY CHRISTIAN POETS. Three credit hours. A selection of fourth, fifth, and sixth century poems and hymns.

HORACE. Two or three credit hours. Characteristics of the Roman satire. The importance of the Ars Poetica in the field of literary criticism.

JUVENAL. Two or three credit hours. Selections from the Satires of Juvenal.

VERGIL. Three credit hours. An intensive study of the literary qualities of The Aeneid, with special attention to methods of teaching The Aeneid. Discussion of Vergil's influence on English literature. Prerequisite: Lt 5 or the equivalent.

VERGIL. Three credit hours. A literary appreciation of The Aeneid. Books VII-XII are read.

The Department of Education of the Graduate Division is organized to offer the in-service teacher or school administrator opportunities for advanced professional training through individual courses or through balanced programs leading to the Master of Education degree. Staff members of the department are available to the school administrator or teacher for informal conference and assistance on practical problems in the field.

Students selecting courses to be submitted for the Master's degree must include the four survey courses — Ed 201, 203, 205 and 207 — in their programs. Students planning to present, as an area of concentration, 12 credit hours in elementary education, secondary education, educational guidance, or educational administration shall select courses in these fields. While the course title will generally indicate the area of concentration to which the course may be applied, some courses may be equally pertinent to several areas. For example: Ed 135, Psychology of the Adolescent, may be applied with equal validity either to the area of guidance or to secondary education. It is important, therefore, that approval for all courses selected for application to a given area of concentration be secured from the chairman of the department prior to registration.

The following is a listing of regularly offered courses. Not all courses are available in a given year, but during a student's period of study all will ordinarily be offered. The department plans to present courses on particular phases of education conducted by guest instructors of prominence. Such courses will be announced from time to time through a special brochure and the press.

**English (En)**

*Staff:* Dr. Wheeler, *chairman:* Fr. P. L. Allen, Mr. Beumer, Fr. J. P. Burke, Mr. Dial, Fr. Dimond, Mr. L. Feldhaus, Mr. Gartner, *Mr. Gilligan,* Mr. Glenn, Mr. Helmes, Fr. Hetherington, Mr. Martin, Mr. Maupin, Mr. A. Nolan, Mr. J. Nolan, Fr. Ryan, Fr. Sullivan, Fr. Sweeney, Fr. Uhl, Dr. Willer.

It is the obligation of the department to imbue the student with a practical knowledge of the principles of effective composition; to acquaint him with the treasures of literature, and to foster sound critical literary judgment.

*On leave of absence.

In En 3, 4, a first-year requirement, the student concentrates upon composition while he reads and analyzes narrative and expository prose.

En 31, 32, intended as general courses in English and American literature, are departmental requirements for graduation.

It is recommended that the major or minor in English include En 111, 141, 150 and 180.

The student majoring in English will be expected to consult the chairman of the department at least once each semester. Ordinarily, En 199 will be completed during the final semester of study.

Clear and forceful expression is one of the major objectives of education. The ability to speak and write at the college level, therefore, is demanded of all Xavier students. Deficiencies and carelessness in the use of English in term papers, examinations, and oral reports will not be tolerated in any department. As often as it becomes necessary, students will be required to do remedial work in communication in any year of their courses.

Particular attention is called to the following regulation passed by the Academic Council, November 28, 1950:

The violation of any of the ESSENTIALS FOR WRITING (list submitted by the Department of English) in term papers or reports submitted by students to any professor must be penalized by a reduction in grade. Any unsatisfactory term paper or report submitted to any professor must be returned for re-writing and must be automatically penalized by the reduction of one letter in grading, e.g., a B paper automatically becomes a C paper.

Fine Arts (FA)

Staff: MR. NEWMAN, Lecturer.

The aim of these courses is to bring about an understanding of the arts in the student, and thus to develop his aesthetic sensibilities. It is therefore primarily concerned with the furthering of the ideal of a liberal education. This very properly includes at least an elementary study of the fine arts, an appreciation of which is almost identified, in the popular mind, with culture and intellectual refinement.

History and Political Science

Staff: FR. SHIELS, chairman: FR. CONRY, DR. GOODMAN, FR. LINK, DR. PETERS, FR. RYAN.

Graduate Fellows: MR. SPAETH, MR. TSCHOEN.

The Department of History and Political Science offers a major toward the Bachelor's and Master's degrees. The former study requires seven semester courses beyond Hs 7-8 which are prerequisite to all upper division work, and includes of necessity Hs 194 which must be taken by all history majors in the first semester of their senior year. The latter demands six courses beyond the introductory study of government, Po 1-2. In each a comprehensive examination taken in conjunction with Hs 199 or Po 199 qualifies the student for the undergraduate major.

History is studied as a liberal art for its primary value of training toward proper appreciation of human living. Its insistence on accurate detail, on proof, and on the relation of cause and effect, cultivates habits of mature judgment. It helps toward developing due respect and sympathy for others, and supreme regard for the final purpose of life.

Political science aims to produce a deep understanding of the functions and processes of political power, of the place of authority in society, of the use of freedom in human relations. Regard for institutional practice, to conserve freedom and employ sound social forces toward the perfecting of political action, is a prime purpose in this field. The American constitutional system will be given particular attention.

112. **CONDUCT OF FOREIGN AFFAIRS IN THE UNITED STATES.** Three credit hours. Analysis of the constitutional provisions touching foreign affairs. Make-up and operation of the State Department. The foreign service. Congress and other agencies in the process.

121. **COMPARATIVE GOVERNMENT.** Three credit hours. A comparative study of representative types of government; constitutional beginnings, organization, methods of legislation and administration. Special attention will be given to the governments of France, Germany, Great Britain, Japan, the U.S.S.R.

122. **DEVELOPMENT OF TOTALITARIANISM.** Three credit hours. Development of totalitarianism after World War I. An examination of the origins, objectives, and possible consequences. Influence of social factors, nationalistic motives, and of ideology.

135. **ENGLISH CONSTITUTIONAL HISTORY.** Three credit hours. (Hs 135.)
Prerequisites for upper division courses are Mt 3, 4 and 6 or their equivalents.

The minimum upper division requirements for a major are Mt 151, 152, 199, and, in addition, four other three-hour courses. These will normally include Mt 124, 142, 153a, 154.

The minor sequence must include Mt 151 and 152. The remaining required hours will be chosen from courses which seem best to fit the student's needs.

148. **Constitutional History of the United States.** Three credit hours. (Hs 148.)

171. **Inter-American Relations to 1908.** Three credit hours. (Hs 171.)

172. **Inter-American Relations Since 1908.** Three credit hours. (Hs 172.)

174. **United States Foreign Relations Since 1900.** Three credit hours. (Hs 174.)

177. **Contemporary Problems of World Peace.** Three credit hours. (Hs 177.)

181. **Political and Social Institutions of Athens and Rome.** Three credit hours. (Lt 181.)

187. **Philosophy of Communism.** Two credit hours. (Pl 187.)

195. **Rebuilding the Social Order.** Two credit hours. (So 195.)

243. **Establishment of the American Union.** Three credit hours. A seminar.

246. **Philosophy of Politics.** Three credit hours. (Pl 246.)

248. **Seminar in American Government.** Three credit hours.

274. **Seminar in United States Foreign Relations.** Three credit hours.

Mathematics (Mt)

**UNDERGRADUATE DIVISION**

**Staff:** FR. STECHSCHULTE, *chairman,* FR. R. W. ALLEN, MR. CISSELL, FR. GOODENOUG, MR. HART, MR. MASCACIO, MR. O'LEARY, FR. POETKER, MR. STEUER.

The courses in this department are intended to:

1. Aid in the development of exact and rigorous methods of thought.
2. Provide the mathematical background and preparation essential to every field of science and business.
3. Prepare students for teaching or for graduate work in mathematics or science.

Prerequisites for upper division courses are Mt 3, 4 and 6 or their equivalents.

The minimum upper division requirements for a major are Mt 151, 152, 199, and, in addition, four other three-hour courses. These will normally include Mt 124, 142, 153a, 154.

The minor sequence must include Mt 151 and 152. The remaining required hours will be chosen from courses which seem best to fit the student's needs.

**LOWER DIVISION COURSES**

**D1. Engineering Drawing.** Two credit hours. Use of lettering; an introduction to orthographic projection. Six hours of drawing room practice each week.

**D2. Descriptive Geometry.** Three credit hours. The theory of projection drawings. Problems in projection of points and lines, and problems involving planes. Intersection and development of surfaces.

**D4. Advanced Engineering Drawing.** Three credit hours. Working drawings. Detail and assembly drawings of simple machines or structures. Blue-printing from tracings.
A. ELEMENTARY ALGEBRA. Three hours a week. No credit.

1. INTERMEDIATE ALGEBRA. Three credit hours. Study of algebraic processes required in Mt 2, including logarithms, progressions, elementary statistics. Applications to commercial problems.

2. MATHEMATICS OF FINANCE. Three credit hours. Interest, discount, annuities, bonds, life insurance, and allied topics. Prerequisite: Mt 1 or 4.

3. TRIGONOMETRY. Three credit hours.

4. COLLEGE ALGEBRA. Three credit hours.

5. ANALYTIC GEOMETRY. Three credit hours. Prerequisites: Mt 3 and Mt 4.

11 a. INTRODUCTORY MATHEMATICAL ANALYSIS. Three credit hours. A course emphasizing the general and the logical aspects rather than the techniques of algebra, trigonometry and analytic geometry. Intended for students in the Honors A.B. Course.

11 b. INTRODUCTORY MATHEMATICAL ANALYSIS. Three credit hours. A continuation of Mt 11 a which is also prerequisite.

Upper Division Courses

101. HISTORY OF MATHEMATICS. Three credit hours. Study of basic concepts in their historical setting and development.

111. THEORETICAL MECHANICS. Six credit hours. Described as Ph 111 and 112.

113. VECTOR ANALYSIS. Three credit hours.

120. THEORY OF MEASUREMENTS AND ERRORS. Three credit hours. A course primarily intended for students majoring in chemistry or physics. Computational methods; approximation methods for solution of equations; theory of measurements; classification of errors; statistical theory and methods; principle of least squares; statistical interpretation of measurements; curve fitting; probability.

124. MATHEMATICAL STATISTICS. Three credit hours. Representation of statistical data; averages; dispersion; correlation; skewness; sampling; the normal curve; empirical equations; applications.

142. THEORY OF EQUATIONS. Three credit hours.

144. INTRODUCTION TO HIGHER ALGEBRA. Three credit hours. Special topics in modern algebra.

151. DIFFERENTIAL CALCULUS. Three credit hours.

152. INTEGRAL CALCULUS. Three credit hours.

153 a. ADVANCED CALCULUS. Three credit hours. Selected topics such as expansion in series, improper integrals, special functions defined by definite integrals, line integrals, Jacobians and transformations.

153 b. ADVANCED CALCULUS. Three credit hours. Continuation of 153 a.

154. DIFFERENTIAL EQUATIONS. Three credit hours. Solution of ordinary differential equations; applications to geometry and physics. Solution in series. Prerequisite: Mt 152.

155 a. ADVANCED MATHEMATICAL ANALYSIS. Three credit hours. A course in differential and integral calculus intended for students in the Honors A.B. Course.

155 b. ADVANCED MATHEMATICAL ANALYSIS. Three credit hours. A continuation of Mt 155 a which is also prerequisite.

157. INTRODUCTION TO COMPLEX VARIABLES. Three credit hours.

161. SOLID ANALYTIC GEOMETRY. Three credit hours. An introductory treatment of the point, plane, straight line and surface of revolution; analysis of the general equation of the second degree; systems of coordinates.

162. PROJECTIVE GEOMETRY. Three credit hours. Line coordinates; principle of duality; metric and projective properties; double ratio; collineation and involution.

163. COLLEGE GEOMETRY. Three credit hours.

197. SPECIAL READING AND STUDY FOR ADVANCED STUDENTS. Credit to be arranged.

199. SENIOR THESIS. Two credit hours. A course of directed reading and undergraduate research required of all majors in their senior year.
Military Science (MS)
The R.O.T.C.

A senior unit of the Reserve Officers’ Training Corps is maintained at the University by the Department of the Army.

The Department of Military Science and Tactics provides an opportunity for the study of subjects of recognized military and educational value to assist the student in laying the foundations of intelligent citizenship. The primary mission is to produce junior officers who have qualities and attributes essential to their progressive and continued development as officers in the Army of the United States. The secondary mission is to produce officers with qualifications for the Regular Army.

Every student who is a physically fit citizen of the United States, between the ages of fourteen and twenty-four, is obliged to take military science during the first two years of attendance. One year of military science is required of the student entering as a sophomore; none, of one entering as a junior or senior.

Application for exemption from military science may be made by a student who has had active service with the armed forces of the United States and who has been honorably discharged therefrom, or for reasons of physical disability. All claims of exemption accompanied by the evidence thereof must be filed in the office of the dean.

The complete program of instruction comprises four sessions of lower division or basic courses and four sessions of upper division or advanced courses.

The basic courses are designed to give the student basic military and citizenship training which will benefit him and the military service if he goes into the army.

The advanced courses qualify a limited number of selected students for commissions in the Officers’ Reserve Corps and the Regular Army. Admission to MS 101 will depend upon the fulfillment of the following conditions:

1. The filing of a formal request with the Chairman of the Military Department within the dates annually announced.
2. The completion of MS 1, 2, 31 and 32. Equivalence of basic courses completed in service (for veterans) or in some other Reserve Officers’ Training Corps Unit will be determined by the Chairman of the Military Department.

3. The demonstration of exceptional qualities of leadership and scholarship.
4. An agreement to complete the course and to perform six summer weeks of practical work at camp after the completion of MS 101 and 102. This work must be done under designated military supervision.
5. The successful passing of the physical tests.

Further information regarding the course will be found in Corps Regulations issued by the department.

Lower Division Courses

1, 2. First Year Basic Course. Four credit hours. An introduction to military science which includes: military organization, military policy of the United States, National Defense Act and the R.O.T.C., evolution of warfare, maps and aerial photographs, first aid and hygiene. A study of military problems of the United States. Leadership, drill and exercise of command.

31, 32. Second Year Basic Course. Four credit hours. Students in these courses will be introduced to the techniques of the Field Artillery branch inclusive of field artillery organization, materiel, service of the piece, instruments, communications, motors and transportation. Leadership, drill and exercise of command.

Upper Division Courses

101, 102. First Year Advanced Course. Six credit hours. A study of the tactics and technique of field artillery inclusive of communications, duties of the battery executive, field artillery tactics, individual weapons and preliminary marksmanship, gunnery, surveying. Leadership, drill and exercise of command.

103, 104. Second Year Advanced Course. Six credit hours. A study of military administration, military law and boards, military teaching methods, psychological warfare. Branch tactics and technique inclusive of gunnery, surveying, the fire direction center, advanced field artillery tactics, command and staff, combat intelligence, the military team and new developments. Geographic foundations of national powers and supply and evacuation. Leadership, drill and exercise of command.
Modern Languages

Staff: Mr. Insenni, chairman; Mr. Bourgeois, Mr. DeGuzman, *Mr. Labelle, Mr. Lozier, Mr. Meirose, Mr. Rieselman, Fr. Usher, Mr. Vasquez.

The Department of Modern Languages offers courses in French, German and Spanish. The nature and content of these courses are designed to secure the following sequential objectives:

1. A reading knowledge sufficient to fulfill the lower division objective.
2. A mastery of grammar and syntax and an acquaintance with the elements of style as an immediate preparation for the study of literature.
3. Ability to use correct pronunciation and natural inflection in conversation.
4. A knowledge and an appreciation of the literature of the language.
5. An acquaintance with the history and culture of the people to whom the language is native.

As a means of achieving these objectives, the following departmental requirements are pertinent:

1. An entrance reading ability test given to freshmen, having two or more high-school units in modern language, to determine reading knowledge proficiency.
2. A minimum of two semesters of elementary courses required of freshmen.
3. Four semesters of modern language prerequisite to advanced study.
4. Consultation with the chairman of the department at least once each semester.

UNDERGRADUATE DIVISION

French (Fr)

Lower Division Courses

1. Elementary French. Three or four credit hours. A course intended to effect facility in sight reading of French newspaper and magazine articles.

2. Elementary French. Three or four credit hours. A continuation of Fr 1.

*On leave of absence.

Upper Division Courses

101. Advanced Composition. Two or three credit hours. An advanced course in syntax and composition.

102. Advanced Composition. Two or three credit hours. An advanced course in stylistics. A continuation of Fr 101.

121. Modern French Prose. Three credit hours. The study of novels by modern prose writers: Chateaubriand, Balzac, Flaubert, Barres, Mauriac, Duhamel and others.

124. The Short Story. Three credit hours. The reading and study of representative short story writers.

131. Oratory. Three credit hours. A study of Bossuet, Bourdaloie, Massillon, Flechier and their works.

141. Poetry of the Nineteenth Century. Three credit hours. Readings from Victor Hugo, Lamartine, Vigny, Mussett and others.

151. Drama. Three credit hours. A reading of dramas chosen from such authors as Corneille, Moliere, Racine and others.

152. Drama. Three credit hours. A continuation of Fr 151.

161. French Literature. Three credit hours. French literature from early times to the close of the reign of Louis XIV.

164. French Poetry since Baudelaire. Three credit hours. A study of Baudelaire, his poetry and influence, and of subsequent schools in contemporary French poetry.

175. French Civilization. Three credit hours. A study of medieval and modern French culture — its tradition, its political and social institutions.
181. **CONTEMPORARY CATHOLIC WRITERS.** Three credit hours. The Catholic spirit in French literature, and the Catholic literary revival in France.

199. **SENIOR COMPREHENSIVE REVIEW.** Two credit hours. Required of all seniors majoring in French.

---

**German (Gr)**

**UNDERGRADUATE DIVISION**

*Lower Division Courses*

1. **ELEMENTARY GERMAN.** Three or four credit hours. A course intended to effect facility in the reading of simple German with consideration of the elements of phonetics and grammar.

2. **ELEMENTARY GERMAN.** Three or four credit hours. A continuation of Gr 1.

31. **INTERMEDIATE GERMAN.** Three or four credit hours. This study is based on comprehensive readings of modern prose with special emphasis on vocabulary building, idioms and grammar review.

32. **INTERMEDIATE GERMAN.** Three or four credit hours. A continuation of Gr 31.

33. **SCIENTIFIC GERMAN.** Three credit hours. Readings in the literature of chemistry, physics and the biological sciences. Intended to prepare students for the use of German source material in scientific work.

34. **SCIENTIFIC GERMAN.** Three credit hours. Readings primarily in the medical field. Individual consultation and reports on material adapted to the individual needs of students whose major interests lie in related fields.

*Upper Division Courses*

101. **CONVERSATION AND COMPOSITION.** Two or three credit hours. An advanced course in syntax and composition.

102. **ADVANCED COMPOSITION.** Two or three credit hours. An advanced course in stylistics. A continuation of Gr 101.

---

111. **THE MODERN NOVEL, 1880-1933.** Three credit hours. A study of the literary development of the period and of representative authors including Arthur Schnitzler, Rainier Maria Rilke, Paul Ernst, Wilhelm Schaefer and Hans Fallada.

112. **MODERN DRAMA, 1880-1933.** Three credit hours. A study of the principal trends in the drama of the period and of representative authors including Hauptmann, Hofmannsthal, Kaiser, Toller and von Unruh.

121. **NINETEENTH CENTURY GERMAN LITERATURE.** Three credit hours. A study of the main currents of German literature from the rise of Romanticism to the flowering of Naturalism, from Novalis to Nietzsche.

122. **NINETEENTH CENTURY GERMAN LITERATURE.** Three credit hours. A continuation of Gr 121.

161. **GERMAN LITERATURE.** Three credit hours. The development, forms, and characteristics of German literature before the eighteenth century. Selected readings.

162. **GERMAN LITERATURE.** Three credit hours. The literature of the eighteenth and nineteenth centuries.

163. **SCHILLER.** Two credit hours. A study of the life and works of Schiller, and of the literary movements of the nineteenth century.

164. **GOETHE.** Two or three credit hours. Lectures and readings in Goethe’s works, together with a study of his life and times.

165. **GOETHE’S FAUST.** Two or three credit hours. A critical study of part I; assigned readings, reports and lectures on part II.

199. **SENIOR COMPREHENSIVE REVIEW.** Two credit hours. Required of all seniors majoring in German.

---

**Spanish (Sp)**

**UNDERGRADUATE DIVISION**

*Lower Division Courses*

1. **ELEMENTARY SPANISH.** Three or four credit hours. A course intended to effect facility in sight reading of Spanish newspaper and magazine articles.
2. **Elementary Spanish.** Three or four credit hours. A continuation of Sp 1.

31. **Intermediate Spanish.** Three or four credit hours. A study of grammar and syntax with reading and composition as an introduction to upper division work.

32. **Intermediate Spanish.** Three or four credit hours. A continuation of Sp 31.

**Upper Division Courses**

101. **Advanced Composition.** Two or three credit hours. Lectures and laboratory work especially conducted to further the student's knowledge of conversational Spanish. Required as first upper-division course of all majors and minors.

102. **Advanced Composition.** Two or three credit hours. A continuation of Sp 101 which is prerequisite.

121. **The Spanish Novel of the Renaissance.** Three credit hours. A study of the works of the leading novelists of the fifteenth and sixteenth centuries. Lectures and discussions in Spanish. Collateral readings.

122. **Novela del Siglo de Oro.** Three credit hours. The development of the novel during Spain's literary Golden Century closing with Cervantes' *Don Quijote*. Lectures, readings and discussions. Collateral readings.

125. **Teatro del Siglo de Oro.** Three credit hours. Lectures, readings and discussions on the leading plays and playwrights of Spain's brilliant XVI-XVII century. The Spanish stage; dramatic forms.

126. **Lope de Vega.** Three credit hours. A study of the life and works of one of the world's foremost dramatists. Readings and discussions.

130. **Modern Short Story.** Two or three credit hours. Lectures, readings and discussions on the best known modern short stories.

143. **Nineteenth Century Drama.** Two or three credit hours. The romantic theme predominates throughout the century in Spanish letters. Through the study of selected plays the student has the opportunity to become acquainted with the most prominent dramatists of the epoch.

161. **Spanish Authors.** Three credit hours. A course devised to give the student a general knowledge of the leading figures in Spanish letters. Lectures and discussions in Spanish.

162. **Spanish Authors.** Three credit hours. A continuation of Sp 161.

164. **Cervantes.** Two or three credit hours. The study of Spain's greatest literary figure; his life and work previous to *Don Quijote*. Lectures and readings.

165. **Cervantes.** Two or three credit hours. An analytical study of *Don Quijote*. A continuation of Sp 164.

175. **Spanish Civilization.** Three credit hours. A presentation of Spanish society — its cultural tradition; its political and social institutions.

199. **Senior Comprehensive Review.** Two credit hours. Required of all seniors majoring in Spanish.

**Philosophy (Pl)**

*Staff: Fr. Lemmer, chairman; Dr. Cunningham, Dr. Harkins, Mr. LaGrange, Fr. LaPlante, Mr. Lozier, Fr. McCumiskey, Mr. Sauter, Dr. Schwartz, Fr. Uhl, Fr. Weitzman, Fr. Wueblner.*

Any declaration of the general aim of the Department of Philosophy would be to define philosophy itself. The student, however, may assure himself that a well-advised selection of courses and serious study will result in a recognition of the unity of knowledge and a helpful alignment of fields of study; acquaintance with the organization of mental life together with development and control of its various processes; a power of such constructive criticism as is reasonable, unbiased, and tolerant; a stimulation of talent for speculative and practical thought; illumination of the rational foundations of religion; an enlarged appreciation of the dignity of human nature; a philosophy of life which conforms to the best traditions of Christian civilization.

Departmental requirements in philosophy are as follows:

A. For all students working for any degree: Pl 34, Ps 31, Pl 100, 105, 111, 131 and 132.

B. For a major: Pl 34, Ps 31, Pl 100, 105, 106, 111, 131, 132; two of the following courses: Pl 133, 140, 141; Pl 199.

Students majoring in philosophy should plan their courses with the advice of the chairman of the department. A minor may be
elected in any other field; however, English, the classics and history are especially recommended. Students are not allowed to minor in philosophy.

**UNDERGRADUATE DIVISION**

**Lower Division Courses**

34. **Logic.** Three or four credit hours. A course in Aristotelian logic; the description and classification of man's chief mental activities; the theory and rules of logical habits. Prerequisite to all courses in philosophy; may be taken concurrently with Ps 31.

**Upper Division Courses**

100. **Metaphysics.** Three credit hours. The science of the first principles of being: the concept and modes of being; the transcendentals; theories of analogy, act and potency; the Aristotelian categories emphasizing substance and relation; the theory of efficient causality and of purpose. Prerequisite: PI 34.

105. **Philosophy of Nature.** Three credit hours. An historical study of the basic problems concerning metaphysics of matter; the continuum, quantity, mechanism, space, place, motion, time and constitution of matter; a study of the hylomorphic theory in relation to modern scientific theories. Prerequisite: PI 100.

106. **Natural Theology.** Two credit hours. An inductive inquiry into the question of Infinite Reality culminating in the philosophy of Infinite Being; a purely rational study of the nature and properties of Infinite Being; an approach to religion in the light of reason.

111. **Philosophy of Man.** Three credit hours. The specific attributes of man; origin of human knowledge; intellect, will, freedom, habits; the constitution of man; theories of the soul; the unity of man; person. Prerequisite: PI 100.

131. **Principles of Ethics.** Three credit hours. The science of the first principles of human goodness; the purpose of human life; the human act; morality and its essential norm; the general theory of law and rights; conscience; virtue. Prerequisite: completion of all other courses in group "A".

132. **Christian and Social Ethics.** Two credit hours. A philosophical exposition of the rights and duties of the individual on the basis of ethical norms; the origin and theories of society; the social, economic and political relationships of the individual. Prerequisite: PI 131. Required of all degree students as Christian culture.

132a. **Christian and Social Ethics.** Three credit hours. For Honors A.B. students only.

133. **Origins of Modern Philosophical Problems.** Three credit hours. A study of modern experiments in metaphysics and epistemology; the revolt against Christian philosophy; solutions of these modern problems. The course is based on Gilson's *Unity of Philosophical Experience* and appropriate documentation from modern philosophers.

140. **History of Christian Philosophy, I.** Three credit hours. An historical study based on Gilson's *Spirit of Medieval Philosophy* treating of Christian philosophy and the problem of reason and faith, and a comparison of Greek with Christian philosophers on metaphysical questions.

141. **History of Christian Philosophy, II.** Three credit hours. A continuation of PI 140 emphasizing the problem of Christian philosophy in relation to the philosophy of man, morals and society. PI 140 is recommended, but not strictly prerequisite.

150. **Philosophical Thinking.** Three credit hours. A first course in philosophy for mature graduate students.

152. **Text of St Thomas.** Three credit hours. A reading of texts from the *Summa Theologica* emphasizing the relevance of St. Thomas' teaching to contemporary problems in the different arts and sciences, and to the fuller living of a Christian life. Students will be encouraged to develop their own initiative in the facing and solving of philosophic problems.

198a. **Philosophy of St. Thomas.** Five credit hours. Special studies for Honors A.B. students using Latin selections from St. Thomas.

198b. **Philosophy of St. Thomas.** Five credit hours. A continuation of PI 198a.

199. **Senior Comprehensive Review.** Two credit hours. Required of all seniors majoring in philosophy.
GRADUATE DIVISION

Work for the Master's degree ordinarily includes PI 133, 140 and 141, and five graduate courses in philosophy in addition to PI 299. At least one graduate course and one of these three — PI 133, 140, 141 — will be offered each semester and during the first summer session.

202. CHRISTIAN PHILOSOPHY AND CONTEMPORARY THOUGHT. Three credit hours. An attempt, through the reading and dialectical analysis of significant thinkers of our time, to relate their position and principles to the perennial teaching of the Christian position.

206. ST. THOMAS ON GOD. Three credit hours. An analytic study of the principal texts containing St. Thomas' philosophical doctrines on the existence and nature of God.

210. PHILOSOPHY OF LITERARY FORM. Three credit hours. Discussions of the nature of literary form; general aesthetics and metaphysical principles which poetic presupposes; the relation of these principles to the truths of the Faith. Discussions based on selections of poetry from the different periods, Aristotle's *Poetics*, and other critical treatises.

211. ST. THOMAS ON MAN. Three credit hours. A study of the main texts of St. Thomas dealing with the philosophy of man, especially *Summa Theologica*, I, 75-90.

221. PHILOSOPHY OF KNOWLEDGE. Three credit hours. Selected texts of Aristotle and St. Thomas dealing with the nature of knowledge studied in relation to contemporary theories of knowledge.

233. ARISTOTELIAN ANALYSIS OF THE PROPOSITION. Three credit hours. To be read together with the commentary of St. Thomas Aquinas. The course will point toward the metaphysical foundation of Aristotelian logic. The writings of modern logicians will be introduced by way of reducing the modern teaching to its analogous metaphysical principles.

240. PHILOSOPHY OF MUSIC. Three credit hours. A development of general aesthetic principles and the principles of harmony and rhythm specific to music. An inquiry into the relation of music to human experience, emotional and spiritual. Outstanding examples from the history of music to illustrate the principles and to develop a sense of musical history in its relation to the general history of human culture.

244. PHILOSOPHY OF MATHEMATICS. Three credit hours. Metaphysical analysis of mathematics in its modern developments. Seminar discussions based on assigned readings in contemporary mathematical philosophy and on relevant readings in Aristotle and St. Thomas.

245. PHILOSOPHY OF SCIENCE. Three credit hours. A consideration of the problems raised by modern methods of empirical investigation, particularly as the method is interpreted to imply a doctrine of ultimate relativism of truth as it is humanly attained and attainable. Particularly it will be shown that the scientific method comprises two types of assumption, the one necessary and perennial, the other relative. From this it will be shown that scientific progress implies absolute truth, and that it appears otherwise only through an incomplete analysis of the scientific method.

250. ARISTOTELIAN ANALYSIS OF THE PROPOSITION. Three credit hours. To be read together with the commentary of St. Thomas Aquinas. The course will point toward the metaphysical foundation of Aristotelian logic. The writings of modern logicians will be introduced by way of reducing the modern teaching to its analogous metaphysical principles.

270. ANALOGICAL CONCEPT OF BEING, I. Three credit hours. An inquiry into the concept of analogy based on the writings of St. Thomas and Cajetan's *De Nomium Analogia*. Particular attention will be paid to the univoc (Platonic) tradition and its history in pre-scholastic philosophy, in scholasticism and in modern philosophy.

271. ANALOGICAL CONCEPT OF BEING, II. Three credit hours. A continuation of PI 270 with emphasis on the historical applications of the doctrine.

299. MASTER'S THESIS. Six credit hours.
Physics (Ph)

Staff: Fr. Stechschulte, chairman: Mr. Marcaccio, Fr. Poetker, Fr. Vollmayer.

The educational benefits to be derived from a study of the science of physics are training in scientific method, acquaintance with the historical development of physical science, and a knowledge of the applications of physical laws which play so large a part in modern life. In the lower division courses emphasis is laid on the intelligent comprehension of basic principles rather than on description of interesting applications. The upper division courses are intended as a preparation for science teaching or for graduate work in the physical sciences.

Departmental requirements for majors include:

1. The completion of Ph 13, 14 and Ch 3, 4 as an introduction to upper division work.
2. The acquisition of a working knowledge of differential and integral calculus during the first year.

With the approval of both departments, six credit hours in physical chemistry may be counted toward a major.

Ph 1 and 2 may be counted toward a science requirement, but not as a preparation for a science major.

UNDERGRADUATE DIVISION

Lower Division Courses

1a. Introduction to Physical Science. Three credit hours. A study of the basic laws and principles of physics and their applications in the modern world. Stress is placed upon the cultural aspects of the subjects rather than upon technical details.

1b. Introduction to Physical Science. Three credit hours. Continuation of 1a.

2a. Elements of Astronomy. Three credit hours. General elements and principles of the science of astronomy.

2b. Elements of Geology. Three credit hours. The earth's surface features and the geological laws governing their origin and development. Nature and structure of the materials composing the earth.

13, 14. General Physics. Ten credit hours. The content of the course is the same as Ph 3, 4, but is more strongly mathematical. A course in calculus is presupposed or must be taken concurrently. Required of physics majors and basic engineering students. Three lectures and two laboratory and problem sessions.

Upper Division Courses

101. Advanced Laboratory. Credit to be arranged.

113. Vector Analysis. Three credit hours. (Mt 113.)

121. Heat. Three credit hours. The thermal properties of matter; theory of heat conduction; kinetic theory of matter; introduction to thermodynamics.

131. Sound and Acoustics. Three credit hours.

142. Physical Optics. Three credit hours. Lectures and experimental demonstrations dealing with the phenomena of reflection, refraction, diffraction, interference, polarization, dispersion, and spectroscopy.

151. Electricity and Magnetism. Three credit hours. A lecture course giving a mathematical treatment of the theory and applications of electricity and magnetism.

152. Electricity and Magnetism. Three credit hours. Continuation of Ph 151.

155. Principles of Radio. Three credit hours.

162. Introduction to Modern Physics. Three credit hours. Lectures and discussions of some of the more important concepts of physics with emphasis on recent developments.
168. **Electronics.** Three credit hours.

170. **Physics of the Air.** Three credit hours. The weather elements and their measurement. Dynamics and thermodynamics of the atmosphere. Air masses and fronts.

180. **(Geophysics) Introduction to Geophysics.** Three credit hours. Prerequisite: College physics. Calculus must precede or be taken concurrently.

181. **(Geophysics) Earthquakes.** Two credit hours.

182. **(Geophysics) Elementary Seismometry.** Two credit hours.

184. **(Geophysics) Practical Seismometry.** Three credit hours.

197. **Special Reading and Study for Advanced Students.** Credits to be arranged.

199. **Senior Thesis.** Two credit hours. Required of all seniors majoring in physics.

**Psychology (Ps) UNDERGRADUATE DIVISION**

*Staff: Dr. Hamel, chairman: Mr. Clarke, Mr. Cunningham, Mr. Lagrange, Mr. Luken, Dr. Schwartz, Fr. Wueellner.*

Psychology is the study of the human personality: how we know, how we feel, how we act, and how we adjust ourselves to various situations. The Department of Psychology would both equip the undergraduate with a preparation for better living in society (a knowledge of the potentialities of mind is the best preventive against maladjustment), and train psychologists in the field of guidance and counseling in the academic and in the business world.

Departmental requirements for a minor include:

1. Completion of six credit hours of lower division work.
2. Completion of twelve credit hours of upper division work inclusive of Ps 101 and 102.

**Lower Division Courses**

31. **General Psychology.** Three credit hours. The study of the human personality emphasizing a careful description of its make-up and an analysis of its functions and causes. The scientific method is followed, but philosophic and religious questions are pointed out as they arise in explaining man to man.

Sociology (So)

Staff: Fr. McCUMmISKEY, Dr. Schwartz, Fr. WEITZMAN.

The courses in the Department of Sociology are planned to
meet the need of an intelligent interest in the social structure; to
acquaint the student with the problems of the social order; to correlate in the student's mind the purposes and work of social agencies; to test proposed programs of reform and reconstruction in the light of science, philosophy, and religion; to prepare majors for graduate and professional study in the fields of sociology and social work.

So 31 is introductory to upper division courses. A major may be supplemented with courses in Philosophy, economics and history under the direction of the Chairman of the Department of Sociology.

Lower Division Courses

31. INTRODUCTION TO SOCIOLOGY. Three credit hours. A course in the foundational postulates of a science of society; evolution of social theory; psychological, ecological and cultural approaches to a study of man and social institutions; problems of race and population; sociological features and functions of the family; sociology of the state.

Theology (Th)

Staff: FR. WENZEL, acting chairman: FR. BOYLAN, FR. DIETZ, FR. LINZ, MR. MARTIN, FR. O'BRIEN, FR. OSUCH.

Religion as a way of thinking and living is taught in every department and every course at Xavier. But the formal academic study of religion or theology—dogmatic, moral and liturgical is also vitally needed that the graduate of a Catholic university may take his proper place in his community and in his parish. The Department of Theology provides this formal academic instruction.

In keeping with the religious purpose of the University, non-Catholic students are required to take Th 3 and 4. The content of these courses meets the need for religious instruction without the elements of controversy.

UNDERGRADUATE DIVISION

Lower Division Courses

3. FOUNDATIONS OF NATURAL RELIGION. Two credit hours. An approach to religion in the light of reason. A survey of the history of religion emphasizing the principles of certitude, the existence of God, the nature of man, the necessity of religion, and moral responsibility. Required of non-Catholic students.
4. CHARACTER FORMATION. Two credit hours. A study of the nature of the will, principles, motives, proper choice and inculcation of ideals; habits — their making and unmaking — and case-records. Required of non-Catholic students.
5. MORAL GUIDANCE. Two credit hours. A study, in the light of Revelation, of the general principles governing human acts, personal responsibility, conscience, law, sin and
virtue. The Ten Commandments are treated individually and at length; the duties of various professional groups are outlined. Required of all incoming freshmen.

10. **THE CHURCH.** Two credit hours. A presentation of the divine authority of the Church of Christ proved by arguments drawn from history and reason, the claims of Christ to divinity, the establishment of His Church, its divine authority, characteristics and identification; the government of the Church, papal primacy and infallibility; the act and virtue of faith.

30. **CREATION AND REDEMPTION.** Two credit hours. A course intended to present a rational explanation of revealed truth concerning the nature of God; the creation of the universe; the theory of evolution as an explanation of its origin; man — his origin, elevation and fall; Christ — His Incarnation, redemption of the human race, the fruits of His life and death applied to the individual by grace — actual and habitual. Prerequisite: two semesters of college religion.

31. **CHRISTIAN ORIGINS.** Two credit hours. A study of the philosophical and historical foundation of the truths of Christianity emphasizing proofs of the existence of God, the insufficiency of natural religion, the probability and signs of revelation, and the historical value of the Gospels.

32. **THE SACRAMENTS.** Two credit hours. A course emphasizing the meaning, number, conditions of validity, effects and necessity of the Sacraments in general and in particular. Special attention is given to the understanding, appreciation and manner of participation in the Holy Sacrifice of the Mass.

**Upper Division Courses**

Wills and Bequests

Through the years, friends of Xavier University, by designating the University in their last wills, have expressed their appreciation for the devoted service and notable contributions made by the University.

Through a will, a friend of Xavier University can provide that the causes and ideals he or she has cherished in life will continue to enjoy support.

Gifts to the University may take the form of scholarships, of professorships, of additions to the material equipment, or of contributions to the permanent endowment fund. Special conditions may, of course, be attached to any gift.

Listed below is a Bequest Form which may be used to designate Xavier University in your will.

FORM OF BEQUEST
