OGLETHORP U. TO ENGAGE WITH XAVIER, SATURDAY

Veterans Are In First Class Condition for Encounter.

STRONG OPPOSITION

TIN Marks Opening of Big-Time Football.

By George E. Winder
One of the South's best representative teams will contest with the Musketeers Saturday at Covaran Field when Oglethorpe University of Atlanta, Ga., comes to Cincinnati for its second annual game.
St. Xavier will take the field against the "Starry Petrels" after a two week lay-off. Whether the rest last Saturday will work to the Musketeers' disadvantage is a question that only this week's game can answer.
Oglethorpe fell before the attack of the 1927 Musketeers by a 35 to 0 score. It was the worst defeat suffered by the Georgians last year. With a line that will outweigh St. Xavier's forwards about 7 pounds to the man Oglethorpe will come to Cincinnati with revenge foremost in mind.

Trick Formations

Mary Robertson, former Syracuse star, is again head coach at Oglethorpe. Advice from the Petrels' camp indicates that the Atlanta team will rely on trick formations and forward passes to check the two guards with record of Coach Joe Meyer's team.

Coach Meyer's long drill periods with the Musketeer squad indicates how the St. Xavier mauler rates the visitors. Meyer believes that Oglethorpe will give the Musketeers as stiff a tussle as any team on the schedule.

The St. Xavier Sophomore backfield composed of Lloyd Dodson at quarterback; Harry Foley and Frank McDevitt at the half posts; and Keney Schaefer at full-back may start the game as shock troops against the invaders.

In Shape

Captain "Chip" Cain and the veterans, Frank O'Brian and Tom Daugherty, are in first class shape for the Southern Invasion. John Markiewicz, full-back, may be forced to remain on the sidelines with a jammed wrist.
St. Xavier regular linemen are all in top-top condition and fit and ready for the Dixie grid stars. Dave Herman, reserve center, is on the injured list with a broken bone in his foot.

Leading Oglethorpe this year is Captain Jimmy Sims, tackle. Sims has played on the Petrel variety for three years. The Atlanta team appears especially strong at the flank posts with the veterans Wall and Melby available. Wall tips the beams at 190 pounds. He is rated as one of the premier wing-men of the South.

"Big-Gear" Football

The Oglethorpe (11) marks the opening of the "big-time" football at Covaran Field this year. Following the Petrels are six other teams that should trouble Coach Meyer's charges to the extreme.

Three shifts of workmen have been engaged at the St. Xavier stadium during the past 10 days to get the amphitheatre in shape to accommodate a record crowd at the Oglethorpe contest.

Undergraduates can do the college a service by broadcasting the quality of football that will be on tap at Covaran Field weekly beginning with the Oglethorpe game. St. Xavier's inter-sectional schedule is one of the stiffest attempted by any team in the mid-West this season.

Rev. Warren C. Lilly, S. J., a member of the faculty, St. Xavier College, is delivering a series of lectures at the Fontbonne Assembly Room, 438 East Fifth Street, on Sunday and Tuesday evenings, from 7:15 to 8:15 o'clock.
"The World Before" is the general topic of Father Lilly's discourses.

FROSH HEAR LIBRARIAN

The St. Xavier library is ideally catalogued and students can find in a very short time volumes on a multiplicity of subjects," Miss Sylvia Lathwaite, college librarian, said at the Orientation lecture Tuesday.

"Our library reading room is one of the most adaptable for study that I have seen in travel on both sides of the Atlantic," Miss Lathwaite said.

She urged all students to spend their open class periods in study at the library reading room.

DINNER-DANCE

To Feature Navy Day In Cincinnati; Prominent Marines To Speak; Four College Teams Are Invited to Attend.

Reservations for the dinner-dance to be held on the evening of Saturday, October 27th, at the Hotel Gibson Roof Garden, following the annual football classic between the U. S. Marine Corps and St. Xavier College teams, are pouring in to the Headquarters of the Navy Day Committee, 322 Broadway, according to Charles ("Chick") Evans, Chairman of the dinner-dance sub-committee.
Mr. Evans is planning on reserving a large block of tables for members of St. Xavier College and their lady friends. Tables can be arranged for parties of ten or twelve and, in view of the large "drinks" demand for ladies, Mr. Evans asks that all members of St. Xavier College and alumni who plan to be present at the dinner-dance send in their reservations immediately for tables at Navy Day Headquarters at 322 Broadway. The telephone number is Main 2983.

Invitation Extended

An invitation has been extended to Coach George Hebeck of the University of Cincinnati to be present with his entire squad of "Beavers" and also to Coach Ernie Godfrey of Wittenberg College, Springfield, Ohio, to bring his team of "Lutherans", which play the University of Cincinnati here on Navy Day, October 27th.

With the presence of four major league football teams at the dinner-dance a real collegiate atmosphere is assured. Invitation is being extended, also to the coach and football team of every High School in greater Cincinnati to be present at the dinner-dance and special tables are being reserved for them.
Navy Day this year is being sponsored by the Robert E. Bentley Post No. 58, American Legion, together with the Hamilton County Council of the Legion and forty other civic and patriotic organizations. The fact that Milton D. Campbell of the Bentley Post and General Chairman of the Navy Day Committee, was a roommate of Major Joe Pagan, coach of the Marine Corps team, makes relationship between the American Legion and the Marine Corps team especially personal this year. Because of this fact Mr. Campbell is particularly desirous of having at large a turn out of St. Xavier College men and their girl friends as possible at the dinner-dance in order to honor Major Pagan and the Marines.

Prominent Speakers

Secretary of the Navy William D. Clegg, in view of the fact that the Navy Day Celebration in Cincinnati this year promises to outdo that staged by any other inland city, has ordered Brigadier General Rufus B. Lane, second-in-command of the U. S. Marine Corps, and Rear Admiral Hugh Bodman, Commander of the American North Sea Fleet during the World War, to Cincinnati on Navy Day to take part in the celebration. Both will speak at the dinner and will review the Tenth Infantry, U. S. A., Ft. Thomas, under command of Colonel W. H. Waldron, prior to the kick-off of the Marine Corps-St. Xavier game. Accompanied by their regimental band "The Tenth" promises to stage one of the most thrilling military spectacles ever seen in Cincinnati when they accept their formal regimental review.

Former Princeton Success to be Produced by Masque Society, Ciel Club; Special Scores Being Arranged.

Selection of "Samarkand", former Princeton musical comedy success, for production by the combined membership of the Masque Society and the Ciel Club of the college has been announced by John K. Musko, faculty moderator of both units.

Union House Under Supervision of Council.

Assemblage of the entire student body of St. Xavier College, members of the faculty, and prominent Cincinnatians, representative of business and the professions, will mark the formal opening of the Union House, new recreation center in Recreation Hall, on the campus, 8:30 p. m., next Monday evening, October 25.

Was Needed

The Union House which is located in the first building erected on the campus of the new St. Xavier has been an evident need for several years. It is the latest work in the expansion program on the Avondale campus. In the basement of the building are located four bowling alleys, shower and locker rooms for student use. The first floor contains pool tables, lounging rooms and the like, while the offices of The Xavierian News and The Musketeer are adjacent.

The lounge is modern throughout and is supplied with numerous issues of current magazines.

The new Union House was made possible through the cooperation of the Student Council, student governing body, which worked out a feasible plan for the financing of the project. Affairs in the new recreation center will be under the direct supervision of the Council.

Impressed

The Union House will be open at 7:00 p. m. on Monday evening to permit inspection previous to the formal opening.

The Entertainment Committee for the affair includes Thomas Eagan, Chairman, Paul D. Cain and Robert W. Schmidt. A committee to arouse student interest in the Union House opening is headed by Ted O. MOTTO — TO SERVE XAVIER

Cementing Friendship—

Five days hence is a red-letter day in the history of the College. Monday, October 22, will mark the formal opening of the recently equipped Union House, the new social-recreation center for use by all Xavier undergraduates. A new page will be written in the chronicle of St. Xavier's development for 1928-1929—a page of special import to this and future student bodies.

The Union House may be classed as a co-development with the magnificent new Field House for servicing two outstanding needs of the College, social and physical recreation. The Field House, opened for student use in the spring, offers all that can be desired in exercise and athletic amusement. The Union House gives recreation of a different yet equally important nature—relaxed amusement under proper supervision.

Far-reaching are the many benefits to be reaped in all departments. The location of such a social center on the campus toward which the book-tired student can retreat does much to rivet his attention to St. Xavier's activities and happenings. Increased interest in all that the College undertakes is a boon, and a guarantee of success.

The democratic interests and ideals of Xavier, a sacred tradition of the past, will be strengthened by a recreation center where freshmen, sophomores, juniors and seniors can mingle alike for mutual enjoyment. Something of the cosmopolitan will be inculcated in every student while he rubs elbows with those of local and distant origin and experience.

Friendships nurtured by companionship are going to last long after the sheepskin has been acquired, and will be the backbone of a true, interested, active, and enthusiastic alumni association. The remarkable achievements of our present alumni who know not the advantages now available are but an indication of what immense good can come from a strengthened organization whose members are bound together by years of intimate acquaintance.

No venture dies so quickly as that which wanes because of half-hearted public interest. We cannot afford to allow so valuable an adjunct to the campus die because of a lack of student patronage.

Catch the spirit of fellowship and good-will that is in the air. BOOST the Union House by becoming as it were a Charter Member.

We repeat that the opening is Monday night, the 22nd. Make it a point to attend the inaugural entertainment program.

Reciprocation—

This issue of the NEWS carries an article concerning the sale of tickets by members of the Student Council for the Marydale Garden Fete to be held Thursday, Friday and Saturday at Good Samaritan Hospital, at which affair the new Marydale Garden for convalescing patients and members of the Hospital Staff will be formally opened. The Poor Patient's Relief Fund was named as the recipient of the proceeds of the Fete.

The NEWS feels that the St. Xavier student-body can well afford to heed to worthy a cause sponsored by an institution of long-standing friendship with the College. The Good Samaritan Hospital has been a haven of comfort and speedy recovery for a host of St. X. graders in the past, who have dared to give their all while bearing the cross. Good Samaritan has poured healing oil upon the hurts of these—our heroes, and bound up their wounds. Her service to our needs alone has been outstanding, yet this is hardly an iota in her vast and unflinching service to this community.

The call has come for us to reciprocate, in very small part, by aiding one of the hospital's most deserving charitable works. It behooves every student, "day" and "resident" alike, to arrange his schedule of appointments so as to include an afternoon or evening at the Marydale Garden Fete.

Over-Loading—

On a suburban street the other day, we saw a most unusual automobile wreck. A truck of several tons capacity, loaded with a dozen or more huge beams of such length as to extend about ten feet over the end of the truck-bed, had yielded to the immense over-hanging weight and had buckled up in the center, the rear wheels acting as a pivot, to form as it were an inverted V. The ancient vintage of the truck made it a pitiful sight, with its aged back humped out of shape by the unbalanced burden heaped up by an unwary driver.

The parallel of the overloaded college student immediately suggested itself. How many college students are seen going to find their intellectual backs humped out of shape by the crushing weight of a multiplicity of interests?

The failure to keep strictly to business is the surest road to such infirmity. We have found that the only practical way to avoid this failure is to make a complete time-schedule and to follow it faithfully. Any neglect in that latter caution will at once result in over-loading. Recreation hours will slip in here and there till the whole equilibrium is unbalanced and the excess of leisure cracks morale and wrecks the intellectual "chassis."

Good scholarship is at stake; insure it by working out a time-schedule now when you are forming your habits for the coming year.

DID YOU KNOW THAT—

The marriage of Miss Berandine Bondi and Mr. James J. Cushing, a graduate of St. Xavier College, will be solemnized at St. Monica church, Clifton Heights, October 24.

Appointments of Edwin T. Heiber and Joseph Neville, both of Cincinnati.

and Hugh H. Cline, Latonville, Ky., as members of a special sophomore committee to choose a distinctive piece of wearing apparel for the class has been named by Robert W. Schmidt, class president.

Numerous St. Xavier College organizations were represented in the annual Holy Name parade, in which over 35,000 marched, Sunday.

The St. Xavier College band, with Frank B. Dowd conducting, led several sections of the parade.

Gregor H. Moorman, president of the St. Xavier College Alumni Association spoke at the Columbus Day Dinner of the Father Butler Council, Knights of Columbus, Hamilton, Ohio, on October 11. Moorman's subject was "Works and Memories of Columbus."

WINS OPENING GAME

Defeat Roger Bacon High School 31 to 0.

St. Xavier High football team, under the direction of Coach Savage, won the opening game of their season...

The team work of the down-linen eleven was remarkable, and they experienced but little difficulty with the St. Bernard school.

In the first half, Roger Bacon punted to Thornbury, who took the ball over the line after a steady march down the field.

St. Xavier again got possession of the ball and Stadler took it over for another marker. With only a few minutes to play Roger Bacon rallied, but Thornbury intercepted one of their twenty-yard line and went over for the last touchdown.

The strong defensive work of the Xavier line played a prominent part in the victory, the work of Captain Hoshi, and Marcus repeatedly breaking up Roger Bacon's attack.

Next Saturday, St. Xavier will travel to Louisville for a game with the St. Xavier High of that city.

Line-up table listing players for St. Xavier and Roger Bacon, including positions like Quarterback, Fullback, Halfback, etc.

Score by Quarters table showing points scored by St. Xavier and Roger Bacon in each quarter.

Unwelcome visitors to the Xavierian News office are beginning to think that is an aviation field. They drop in, but they fly out.

ATHLETICS

Student Athletic Council Formed

PASSES ISSUED

Athletics in the High School this year seem destined to rise to a higher level. The members of the Athletic Council are determined that the lax spirit shown toward athletics in the past, shall be changed to hearty enthusiasm on the part of the students, and they are endeavoring to encourage larger and more spirited crowds at the games and to bring it about several changes have been inaugurated.

The Athletic Council is composed of students who are interested in the athletic welfare of the school. The primary purpose of the Council is to take care of all details of the various contests and to instill by word and deed, school spirit in the hearts of their less active fellow students.

To swell the crowd of students it has been announced that school children will be admitted to all home games for the reasonable sum of ten cents. So bring your little brother or all the "kids" in the neighborhood, if you please.

Another improvement in athletics is the introduction of season tickets. These tickets are intended for the friends of the school who have some interest in its activities; they sell for three dollars and entitle the holder to all home games in all sports. These passes should be sold with care because of the great crowds of adults seen at the games last season. Try to sell a few and help the school. They can be had at any time by merely asking the Athletic Director.

MIDGETS WIN

The Midgets showed a lot of spunk and expert playing in their first game of the season when they were victorious over the husky Purcell Juniors, coming out on the long end of a 20-0 score. Naba, Brummer and Schneider upheld the offensive play of the team, each scoring a touchdown. McEvilly and Gunkling looked best of the defense. It is considered rather remarkable that the Xavierians won since the Purcell Juniors are in a much heavier class. But as Shakespeare says, "the play's the thing."

TRANSIT SYSTEM FAVORED

An increased population, expansion of industrial activity and territorial developments were cited as important benefits which would result if Cincinnati was served by an adequate rapid transit system, at the weekly debate of the Philopaidan Society of St. Xavier College held Monday.

Arguing for the affirmative of the proposition, "Cincinnati should have a rapid transit system," William J. Wise, 30, Bellevue, Ky., and Philip Owens, 30, Cincinnati, were awarded the judges' decision.

The negative of the proposition was advocated by Anthony T. Deddens, 26, and Thomas J. Hughes, 29, both of Cincinnati.

Critic judge was Louis Feldhaus, 32, Cincinnati.

Numerous St. Xavier College students will attend the Marydale Garden Fete, which will be held at the Good Samaritan Hospital, Thursday, Friday and Saturday, for the Poor Patients Relief Fund benefit.

Tickets for the fete were sold on the campus by Student Council members during the next few days.

IN THE LIBRARY

By Edward R. Tapp

"Dequans, books are each a world, and books are good— Are a substantial world, both pure and good."

Wordsworth, the nature poet expresses a really interesting bit of speculative thought in these two lines. Herein we see that man is fortunately not bound down by the material world in which he lives—but has actually two immense universes to which he can escape, when cares and worries press too heavily. Of the world of dreams we all know something—but of the world of books, infinitely worth knowing, some know nothing at all. Yet a collection of books as Carlisle truly says "is the true, universal, these days." A university is open to all—no matter what their station in life—and to a universally every branch of knowledge is expounded, but an university is so versatile in its curriculum as to offer the student free ocean travel and adventure—and introduction to the great men of the past and present regardless of their actual environment; these splendid opportunities are all offered in the university of books—the library.

New Books

Through such books as Richard Malton's "Royal Road to Romance" or "The Glorious Adventure" one is enabled to go rollicking over Europe, encountering all kinds of adventures not soon forgotten. Massfield, Arlington, Robinson, and a score of other authors all in their own way will lead one back along the road to Cartwall, centuries ago, to meet Trislan and Isult—"Isult of the white hands".

The St. Xavier College library has a good all around collection of literature. The students are invited to meet any celebrity they wish, or travel to the four corners of the earth, or just stay at home and become acquainted with their own native land. The books are waiting!

Hutton: Many Minds—a series of informal lectures given to miners, village, undergraduates and others in the Province of Ontario. The subjects vary from Thucydides to Kipling and make one wish for more.

Rebent: How animals find their way about—a very readable and highly fascinating study of the orientation habits of walking and flying insects.

Seldes: The stammering century—This is not, as its title would imply, a treatise on defects of speech, but an account, like the "American Band Wagon", of "eccentricity and fanaticism in the United States 1800-1900."

Stephens: Etched in Moonlight—quite unlike any of James Stephens' earlier Irish novels—This book is a collection of short stories pervaded by that eerie, other world atmosphere which one senses late at night on a lonely country road under the light of the moon.

Sport Slants

Conducted By WILLIAM M. CLINES

The chief problem of the watching staff is still with the development of the ends, so that a brief review of the men striving for these two positions will not be out of order. To begin with we have to consider the fact that there is only one man who has had any experience in college football 'rying out for end; that man of course, is Eddie O'Hara, an "X" man from last season and who is generally considered to be the best bet for a regular position. In the past we have always had some men with enough experience to make the problem considerably easier than it has been so far this year.

"Jumbo" Phillips, who started the opening game with Transylvania in a sophomore and therefore has had no previous experience in college football. Jack Downing and Melvin DeJman, both of whom were in the starting line-up against Morehead, were both on last year's squad, but neither one gained any actual playing experience due to the presence of Andy McGrath and Bob King on the team. "Dutch" Wilkie played in only one game in his sophomore year before he was forced to quit on account of illness, and was not out last year, so he has had no real game experience. And Bartlett, Putman and Egbers are all sophomores playing their first year of varsity football, while Eddie Hogan, who has recently been shifted from half-back to end, has never played end before. So we see that O'Hara is the only experienced man that Coach Schmidt has to work with, which certainly is sufficient explanation for the end problem.

Captain "Chippy" Cain has certainly lived up to every hope that Musketeer fans held for his success as a quarterback. Although he gave ample proof of his ability as a field general last year, especially in that nerve wracking game with Catholic University. "Chip" is the only man in school at present with three major sport letters to his credit, and the chances are that he will finish his career at St. Xavier with three letters each in football, basketball and baseball, and what athlete could aspire to a better record than this? In recent years Joe Kelly is the only man with a record equal to that of Cain.

Frank Swan has certainly had some tough luck since his entrance to St. Xavier College and his recovery from a recent attack of blood poisoning has been hailed with delight by the entire student body. In his sophomore year Swan was seriously stricken with blood poisoning, and was forced to leave school after a long stay in the hospital. Last year he returned to school, but was unable to take part in athletics, and then this fall he came back to Cincinnati hoping to be able to play football. After one week's work with the squad, Swan looked to be in line for plenty of service this year, when he was taken ill, and Dr. Parke ordered him to bed. If there is anyone who deserves a few good breaks, that man is Frank Swan, and we are sure that he will have better luck in the future.

Next week's game with Oglethorpe will mark the opening of a series of hard games for the Musketeers, who are working hard every day in order to improve on the comparatively poor form they displayed in the Morehead game. Coach Meyer has not yet decided on a regular starting line-up, so that there is considerable doubt as to who will be found in the game Saturday on the opening kick-off, although it is generally conceded that Captain Cain and the veteran Hupman, Storman, Bolger, Stolbery, Ralph and Moloney will be at their regular positions.

SHEA TO SUPERVISE

Confirmation of the appointment of James F. Shea, Columbus, Ohio, junior in the College of Liberal Arts, St. Xavier College, to the position of supervisor of the Union House, recreation center on the campus, was made at a special meeting of the Student Council, Tuesday.

Shea will have complete charge of the recreation center. He will recon- sidered policies to the Student Council from time to time, and will advise with Council officers concerning the obtaining of additional recreational facilities, equipment, and the like.

Students desiring to serve as ushers at football games are urged to submit their names to Ray Fellman, head usher. Fellman has indicated that he has places for about fifteen ushers.

ART STAFF NAMED

Theodore C. Schmidt, editor-in-chief of the Musketeer, St. Xavier College yearbook, has announced the appointment of Dan Tobin, Cincinnati, freshman, Alvin Stadeniker, Cincinnati, freshman, and Charles Roth, Cincinnati, junior, to the art staff of the publication.

Appointments were made on the basis of competitive try-outs.

Elmer J. Glasmeier made 288 points out of a possible 774 in the psychological test given to members of the freshman class, while James M. Ladden registered 258 points for first and second place, respectively.

Rev. R. J. Bateman, S. J., professor of psychology, St. Xavier College, spoke at the weekly chapel assembly Wednesday morning.
