DESCRIPTION: This course will enable students to become proficient at using software to solve business problems.

Prerequisite: INFO120

WILLIAMS COLLEGE OF BUSINESS MISSION: "We educate students of business, enabling them to improve organizations and society, consistent with the Jesuit tradition."

COURSE OBJECTIVES*:

To develop spreadsheet applications to analyze data and solve business problems.

1. To design databases and applications to collect and organize data, perform transaction processing, produce reports, and analyze data.
2. To develop skills in productivity software to design business process diagrams, manage projects, develop online surveys and web pages and implement an online accounting system for a small business.
3. To critically examine ethical issues related to the impact of technology on organizations and society.

BACKGROUND REQUIREMENTS

Prerequisites (INFO120): It is assumed that students have a working knowledge of basic Internet, Windows, Excel, Word, and Powerpoint skills. Students are expected to have all Excel skills learned in INFO120.

CLASS POLICIES

Assignments are to be submitted by the due date or you will lose points (10% every day late until the 5th day, after the 5th day the assignment will receive a maximum of 50%). Due dates, including late work deadlines will be indicated on the course home page. It is the students responsibility to keep track of all due dates.

- INFO 220 has a zero tolerance for academic dishonesty. If two files are deemed to be partially copied from another student, both students will receive a score of zero for that assignment. A second infraction will result in an F grade for the course.

- Attendance is strictly required for INFO 220. Students will be asked to logon to Canvas each day and use the Attendance link.
