**UNITED STATES  
War Debts**

The settlement of war debts to the United States is looming more and more as the coming big feature in foreign news. In a few weeks another payment will be due, and Finland is the only country that has paid its debt installments in full to date. Six countries, including Great Britain, have made token payments of ten per cent or more of the sums due, while the remaining debtor nations, including France, are totally in default on three payments. The recently enacted Johnson bill, which makes it a criminal offense to buy or sell the securities of, or give credit to a country in default, is bound to cause complications when the matter is finally discussed, especially in regard to France and Russia. Already the French are angling for a compromise, and the British are asking for a new deal.

**In Congress**

Party leaders in Congress are maneuvering to gain an adjournment by early June. After prolonged debate, the Senate has passed the stock market control bill, but the tariff bill, which embodies the President's plan for separate trade treaties with foreign nations, is still to be faced. The bank deposits guarantee bill is another measure which must be made permanent before adjournment, or the temporary measures will have to be extended for another year. The loan to industry bill will be another source of trouble, and Congress will be lucky if they finish this work by June.

**Another Air Record**

A TWA, Inc., plane landed at Newark airport on May 13, 11 hours and 13 minutes after leaving Los Angeles to set a new West-to-East record. This was also the first trip under a new mail contract.

**GREAT BRITAIN**

A feud has developed within the British Empire over a proposed price fixing plan. England is opposing the plan, while Canada and Australia are insisting that it is their only hope of recovery.

A statement on Britain's policy in the matter of its war debt owed to the United States is expected shortly. However, the word from Washington to the effect that a token payment will be considered as a default has aroused much discussion in Parliament. Sir John Simon has cancelled his trip to Geneva, and the government is hoping to avoid a discussion of armaments until after the League Council meeting opens.

The Indian National Congress, the chief party of the self-rule movement, has voted to repudiate India's debt to Great Britain. This group, which is much more willing to resort to drastic violent measures to gain independence, has supplanted the Ghandi party, and is likely to cause Great Britain more trouble than the little brown man.

The British government has declared war, commercially, on Japan, by imposing quotas on Japanese imports into crown colonies, the effect being to cut Japan's imports by fifty per cent.

**JAPAN**

The Japanese have backed down to a considerable extent on their hands-off-China policy, and are now trying to remove the ill will it caused among the Occidental interests. The Japanese Foreign Minister insists that Japan had no obligation to consult foreign powers in the event of a difference of opinion, which is a flat repudiation of the Nine-Power Treaty. There is increasing fear in China that Japan will attempt to add Inner Mongolia to her conquests. Consequently, the Chinese have appointed a special committee to study modern methods of warfare.

**RUSSIA**

Russia has signed two more pacts with Poland. One renews the non-aggression treaty until 1945. The other states that neither is party to obligation that would conflict with the Polish-Russian peace treaty of 1921 by which both agreed to respect each other's territories. Russia seems to be attempting to bring about friendly relations with as

(Continued on Page 4)

**Senior Ball Climaxes Social Events**

**Elder Elected Head  
Of Student Council;  
Installation Tonight**

George Elder, Louisville, Kentucky, dormitory student was elected by Xavier students to the presidency of the Student Council. This fact was made known late last night by Kenny Jordan, retiring president of the council.

Of the total number of votes cast, Elder received more than one-third. Walter Moellering obtained the next highest tally and was followed by Charles Riley and Harold Link.

**Meeting Tonight**

Tonight at 7:45 in their regular Biology Building headquarters the new officers of the council will be installed. All the old and new members of the council are requested by the president to attend this meeting.

As a result of the balloting, Moellering, having the second highest tally will be vice president of the council while Riley and Link will be secretary and treasurer, respectively.

**Sid Mullikin Is  
To Play For The  
Clef Club Dance**

**Gibson Hotel Ballroom On  
May 25 Is Scene; Bids  
Through Members, 50c.**

Sid Mullikin and his 11 piece popular dance orchestra has been booked for the Xavier Clef Club Formal Dance, which will be held at the Gibson Hotel Ballroom, Friday, May 25.

Graf Moeller, Chairman, with the committee in charge consisting of Joseph Link, Jr., Roland Moores, Charles Koch, and Donald Dreyer, has announced that the Spring Concert of the Clef Club this year is expected to be one of the finest ever presented by the Club.

The Concert is scheduled for 8:30 p. m., while dancing will begin at 10. Mr. Mullikin is rehearsing a special program for the dance, and will feature Miss Elizabeth Donovan, popular WFBE contralto, who will sing most of the latest musical hits.

Herschel Weber, baritone, will be among the soloists for the concert.

Each member of the Club receives two bids which entitle a couple to both the concert and dance; a service charge of 50c is due on guest bids. Concert tickets sell for 50c, while outsiders who wish to attend the concert and dance are requested to pay \$2.00 per couple.

**Patrons And Patronesses**

The following Patrons and Patronesses have already been enrolled:

Dr. and Mrs. Martin G. Dumlér, Dr. and Mrs. Joseph J. Podesta, Mr. and Mrs. J. J. Schmidt, Mr. and Mrs. John E. Mussio, Mr. and Mrs. William J. Donkel, Mr. and Mrs. Ronald A. Darragh, Mrs. Catherine A. McGrath, Mr. Charles F. Wheeler, Mr. and Mrs. Fred H. Leaman, Sr.

Rev. Roger C. Straub, Rev. Hugo F. Sloctemyer, S. J., Rev. Edward E. Carrigan, S. J.

**KEARNEY ELECTED TO  
HEAD PHILOPEDIANS**

At the regular, final meeting of the Philopedian Society last Tuesday, the five officers nominated established a precedent in the Society's history by being elected by unanimous acclamation.

Richard Kearney, John Brockman, Paul Barrett, Charles Koch and James Shaw were elected president, vice president, secretary, treasurer, and Chairman of Debates respectively. Another amazing feature of the election was that everybody was elected sergeant-at-arms.

**Assurance By Committee That Tomorrow  
Night's Dance Will Be Outstanding**

**HENRY THIES' ORCHESTRA FEATURED**

**Beautiful Maketewah Country Club Will  
Be Host To Seniors, Students**

TOMORROW NIGHT AT MAKETEWAH COUNTRY CLUB WILL BE THE OCCASION FOR THE CLIMAX AND CLOSE OF ALL XAVIER social affairs when the Senior Ball takes place.

Rhythmic, pulsating, swaying music will be enjoyed by those attending this outstanding event located in one of the most beautiful country clubs in the mid-west. Everything that enters into the making of a successful dance has been taken care of by the committee who have been working on the dance plans for over a month so as to insure those attending that the time spent there will be a memorable event for them.

**Thies Promises His Best**

Henry Thies and his orchestra, which is one of the outstanding attractions of radio station WLW, the world's most powerful radio station, has assured the committee that those attending the Ball will enjoy the best of smooth dance music. Many of the popular dance hits of the day, together with the many old favorites of college students, will be featured by this famous orchestra. Those who are regular listeners to Thies' nightly broadcast from WLW will realize the pleasant four hours of dancing that they will enjoy by attending this climaxing social function.

**Favors For The Ladies**

Besides going to added, but well justified, expense in the hiring of Thies' stellar group of musicians, the Senior Ball committee has also taken great care that the favors for the ladies attending will be something better and different than those given at previous Senior Balls. Up to the time of the writing, the committee has refused to divulge just what the favors are to be.

**An Added Attraction**

Although those in charge of the Senior Ball have also refused to name the vocalist who will be another star added to the great constellation of musicians gathered there for the benefit of those attending the dance, it has been hinted that the person is a well known singer having been starred in the best night clubs of Cincinnati.

According to the latest release from the managers of the Ball, Dr. and Mrs. William Teveluwe, Mr. and Mrs. James Grogan, Mr. and Mrs. Thomas McHugh and Mr. and Mrs. John Castellini are to be the faculty representatives at this dance. All eight of the chaperones are known to the students of Xavier as being prominent in Xavier social affairs.

**Admission: \$2.50**

As was announced in the past edition of the NEWS and also on the various bulletins placed about the campus, the admission charge will be \$2.50—one of the lowest admission prices ever charged at any Xavier Senior Ball. Dress will be formal, either summer or winter attire will be the vogue according to the desire of the couple attending.

**Committee In Charge**

Success of this heralded and awaited dance will be due to the continuous efforts of Ken Jordan, Jack Hughes, Jim Coleman, Don Dreyer, Leo Koester and Tom O'Brien. Tickets may be purchased from any of the above members of the Ball committee or at the Country Club.

**Catholic Mission Crusade**

This Sunday the election of officers of the Catholic Mission Crusade will take place at Purcell High School. The nominees for the various offices of the Sodality from Xavier are: Arthur Volek, President; Tom O'Hara, Vice President; Joseph Link, Jr., Secretary; Charles Blum, Recording Secretary; and Nelson Post, Treasurer.

Arthur Volek and Joseph Link, Jr., are the President and Secretary respectively of the Xavier Unit of the Crusade.

**Graduating Students  
From Fenwick High  
Visit Xavier Campus**

Caesar came, saw, and conquered, but students of Fenwick High School, Oak Park, Illinois, saw, came and were convinced. That is, they saw a movie of Xavier University, visited here, and were convinced that the movie did not do justice to Xavier.

Elet Hall, its ideal location, large and airy rooms, and fine spirit of hospitality, received high commendation from the visitors.

**Cafeteria Praised**

The Cafeteria was also highly complimented for its excellent cuisine. "The Cafeteria", said the Fenwick boys, "is the place where we want to revive our flagging energies."

The inspection tour, under the personal direction of Messrs. Gene Donkel and Larry Williams, was not confined to the campus only. There were trips to the scenic parts of Cincinnati, visits to the more prominent hotels, and an inspection and detailed explanation of the Crosley Radio Corporation's broadcasting station and equipment at Mason, Ohio.

**River Ride**

Our Chicago friends were guests on a moonlight boatripe up the beautiful Ohio river on the glass-enclosed Island Queen. They also attended a social gathering where they met some of Cincy's "more charming creatures."

It was with a feeling of deep regret that the visitors left Cincinnati to return to Oak Park. Donkel and Williams, however, assure us that the Fenwick men were highly pleased with everything at Xavier, and that when school reopens in September our enrollment will be considerably increased by the Chicago schoolmen.

**DORMITORY STUDENTS  
PLAN VACATION DANCE**

The fourteen Cleveland, Ohio, representatives at the Elet Hall dormitory are going to hold a dance June 15 at the Spring Valley Country Club, located a short distance outside of Cleveland.

Bob Dremann, Sophomore X Club man, is chairman of the dance. This is the first attempt by any dormitory students to have some form of reunion while they are on their summer vacation. Xavier students interested in the dance should consult with the chairman.

**TOM SCHMIDT TO BE  
'35 CLASS PRESIDENT**

At the Junior Class elections held the past week, Tom Schmidt was reelected President, to serve in this capacity for the Senior year of '35. This marks the third time that Schmidt has held this office. He is also captain-elect of the football team, and has served on numerous committees. Schmidt carried the election with a total of forty-one votes, while Harold Link and Ferd Clemens divided the remaining eighteen.

The Student Council election followed immediately with ten nominees before the voters. They were Walter Moellering, Charles Riley, Dick Kearney, Harold Link, John Brockman, George Trenn, George Elder, Joseph Nolan, Robert Helmick and Ray Markey. Of these Moellering, Riley, Link and Elder were elected senior representatives to the Student Council for the year '35.

The class presidents automatically become members of the Council. Elections were conducted by Kenny Jordan, Monnie Farrell and Jack Mulvihill, all members of the Student Council.

**Sophomore Picnic**

The annual Sophomore picnic will be held this Sunday, May 20, on the Menke estate in Mt. Washington. All Sophomores interested and wishing to attend the picnic are asked to give their reservation to Oreste (Frank) Barone.

**Science Club Is  
To Hold Banquet  
At Union House**

**Dr. Earl F. Farnau Will Be  
Guest Speaker; Mr. Joseph  
Kowaleski, Toastmaster**

The Science Club banquet will be held at the Elet Hall cafeteria Monday evening, May 21. This banquet will mark the close of the Science Club's series of lectures which was inaugurated last January.

Besides the members of the club, the guests will include some of the foremost scientists of Cincinnati. The guest speaker of the evening will be eminent chemist, Dr. Earl F. Farnau. Professor Joseph F. Kowaleski, M.S., Ph.D., will be toastmaster.

**A Noted Chemist**

Dr. Farnau, head professor of physical chemistry at the University of Cincinnati's engineering department has done considerable work in the field of chemistry to further the progress being done in chemical research. Having obtained his Ph.D. at Cornell University, Dr. Farnau was appointed professor of chemistry at New York University. Following a successful career in the East, he returned to Cincinnati to take up the office which he now holds at the University of Cincinnati. As yet, no definite statement has been issued as to what the doctor will speak on but those attending the banquet have been assured of an instructive as well as an amusing talk.

**Club's Background And Future**

For the past five months the Science Club members have enjoyed a very interesting series of meetings. Although the Club did not hold meetings last year, the organization did not seem to suffer from a year's hibernation as far as the success of this year's club was concerned.

Plans are already in the making for next year's group of scientist speakers who will address the Science Club. Due to unavoidable circumstances, the functions of the organization were somewhat delayed in getting under way this year. It is thought, however, that with the opening of school next September the Science group will be able to immediately start its activities.

**XAVIER TENNIS TEAM  
RETURNS FROM TOUR**

After being beaten 6 to 1 by the University of Kentucky, in which Dorsey lost his first match, the Musketeer tennis stars defeated Chattanooga University 4 to 3, last Friday. Jeffre and McKibben in the singles, and Moeller, Jeffre and Dorsey, McKibben in the doubles, won easily. However, Xavier dropped the match with Vanderbilt on the following day 5 to 2, Dorsey and Moellering winning the only matches.

All three of these matches were played away from home, and the next two matches, Wittenberg and Louisville, will be played here.

Sophomore Picnic Sunday, May 20, At Menke Estate In Mt. Washington. For Reservations: Oreste (Frank) Barone

# The Senior Ball

It's smart to be Scotch today. And it certainly pays, too. Look what the Senior Ball Committee offers you for but a nominal sum. One of the finest orchestras in the country—Henry Thies—modern tempo, versatile arrangements, and vocal accompaniments. The scene to be the stately and beautiful Maketewah Country Club. Favors, too, will be given the fair ones.

Subscription  
\$2.50 per couple

The last dance of the year—

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE!

## Seniors Go Tempermental, Not To Say Anything About Nudism

By Otto B. Schott

They're a tempermental bunch these Seniors. At their past class picnic Farrell got "huffy" and walked home; Barrett and Richmond rode home sans their bathing suits. It seems that their (Richmond's and Barrett's) clothing were very wet—at the bottom of the river.

In case you haven't been informed elsewhere, and before, tomorrow night is the Senior Ball at the Maketawah (pronounced Ma-ket-a-wah) Country Club. The fine is \$2.50 and costs—not suspended.

The Philops believed, and they still do, that there IS order in chaos for they had a chaotical meeting at their last session and impeached their president, vice president, secretary and treasurer, besides electing new ones. The great farce of the meeting was when the treasurer read his annual financial report.

For the past week (Ed's Note: this is an unintentional mistake: the

writer means for the past 10 minutes) we have been doing some serious thinking. With the Seniors' welfare continually in our mind we have decided that at least one of them can successfully hit the target he is shooting at if he will insert the ad, directly south of this, in one of the better type newspapers of the day:

**MACHINE GUNS**  
**Rebuilt—Made—Repaired**  
**Prices Reasonable, but cash—**  
**Always**

**OUR MOTTO**  
**A Wooden Gun Wooden Ever Do**  
**We have no dissatisfied customers**  
**And**  
**Our customers have no enemies—**  
**Left**  
**References: The best from the**  
**lowest**

Nervous Notes: All the world is a stage and most of us are ham actors . . . Coleman is resorting to near-blackmail to push the Senior Ball . . . the trouble with the world is

that there are too many good 5c cigars . . . Reilley now knows the difference between a beer pump and a tire pump . . . the depression must be over: people are again forgetting their change . . . is it a scientific fact that moth are attracted to a flames? . . . the Indians must have been here for many scalps have been cut to the bone . . . just what is the physiological difference between a reporter's eye and any other normal kind of eye?

Paul Weber, Ironton, Ohio's "pride and joy" (how is that for originality?) seems to like the "deah" ole Mount. He went "social calling" out thar one Sunday and spent four hours in the sun-parlor talking even though the sun was hot outside.

Carlyle said, "What's in a name, etc." (Proofreader's note: He means John Ruskin) so we say too what's in a name since one of the fool-fledged wits of here-about's made a motion (which was quickly downed) that the Student Council should be named the **Stooges' Council**.

The traction company might be smart in getting 9c out of people to ride their street cars but they aren't smart enough to know how to spell sanitarium (sanatorium) for on one of their buses we saw this sign: **SANATORIUM, 5c**

## Ancient Coins Depict Excellent Personification

(This is the fifth article on ancient coin, by Father Robert E. Manning, Professor of Greek.)

In the development of types on the reverse the coinage of the Roman Empire far surpassed anything that had gone before. The Romans, it is true, are largely dependent on the Greek mode for their technique and manner of expression, yet a considerable advance was made during the Empire in artistic composition. This is shown chiefly in the grouping of several figures, as on the Annona sestertii of Nero, and by the introduction of architectural and other accessories in the background.

Peculiar to the Roman cultus also is the personification of abstract ideas. The favors which the rulers or the people desire, the virtues they wish to emulate, are invoked as gods, and altars and temples are erected to the newly-created divinities. These deified abstractions are remarkably portrayed on the coins, and in this field Roman art inaugurated a style all its own. An ex-

pressive and charming picture writing was employed to record an almost unlimited abundance of type variations which remained sufficiently original and in good taste till toward the end of the second century.

Thus the loyal devotion of children towards parents and of men towards the gods became personified in the goddess Pietas, and two temples were erected to her at Rome. Her figure appears especially on the coins of Hadrian who granted divine honors to his mother, and of Antoninus who is surnamed Pius because of similar efforts on his part to deify his father. Pietas is pictured holding a cornucopia and is surrounded by various religious instruments, the augur's staff, sacrificial knife, sacrificial dish and sprinkler.

To the ancients Aeternitas symbolized the eternal duration of the existing regime. Coins show us this goddess holding a globe, with a veil arched over her head. Sometimes the veil is studded with stars to represent the vault of heaven. Again, her head is turned aside and completely hidden by the veil, stress seeming to be laid on the element of mystery in eternity.

As the old saying goes, two heads are better than one. However, when foreheads get together it's the cario-ca.—The Wooster Voice.

As plain as A, B, C  
 why—  
 Luckies are All-Ways  
 kind to your throat

WHEREVER the finest tobaccos grow—in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means *only the clean center leaves*. The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These clean center leaves are the only ones used in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. Naturally, Luckies are always in all-ways kind to your throat.

"It's toasted"

✓ Luckies are all-ways kind to your throat

The man who refuses to advertise because of his claim that people don't read the newspaper, is usually about the first one to call the editor's attention to an error at the bottom of a column on the last page.—Kentucky Press.

**COPY FROM THE ALUMNI OFFICE**

**Federal Post**  
 Lawrence W. Selzer, '31, has been appointed a Deputy Collector of Internal Revenue for the First District of Ohio. The appointment became effective on May 1.

**"At Home, June 1"**  
 William T. Reid, ex '33, was married to Miss Catherine Francis Roti, of Chicago, on Saturday, May 5, in St. Timothy Church, Chicago. The

happy couple will be "at home" after June 1, at 6606 N. Ashland Avenue.

**"You-All, Next"**

Louisville, Ky., will be the fourth city to sponsor an out-of-town Alumni Club if tentative arrangements for an organization meeting late this week are completed. President Slotemyer and Alumni Secretary Edward P. VonderHaar hope to attend the luncheon meeting to be arranged there Saturday for the Xavier men in that section. There are over twenty prospective members of the Club.

**Innovations**

Two innovations intended to heighten the enjoyment of the Alumni-Graduates Day, Saturday, June 2, were announced this week by the two committees arranging the afternoon and evening sessions for that day.

James W. Farrell, chairman of the afternoon field sports, stated that special refreshments will be served throughout the afternoon to those participating in the various games. Marked increase in attendance was noted at last year's afternoon session and this innovation is expected to attract a record number.

A solemn initiation ceremony as part of the dinner program is being worked out by Walter A. Ryan, Jr., chairman of that part of the entertainment. In addition there will be an outstanding speaking program.

**Editorially Speaking**

How many students are the Alumni sending to Alma Mater next year? A usual question around Alumni offices each year at this time and one that optimistic secretaries hope to answer with tangible figures. There

are two things that a devoted Alumnus can do at this time when high school seniors are deciding about further education. The first is to call on those graduates of their acquaintance and to present the case for Catholic education and for Xavier University. The second is to send the names and addresses of likely prospects to the Alumni Office or to the Director of Promotion, for follow-up work by the university representatives.

Xavier's magnificent plant (largely the gift of Alumni) is prepared to accommodate twice the present enrollment. She is now looking to the Alumni, individually and as an organization, to acquaint Catholic youth with the advantages she offers.

**The Inside Out**

(Continued from Page 1)

many of her surrounding neighbors as possible.

**CUBA**

The Cuban government had trouble with university and high school students on a rampage last week. The fine, bold soldiery fired on the students when they refused to disperse. And Machado was supposed to 'be bad!

**GERMANY**

Germany is being accused of using unfair tactics in its campaign to gain the Saar Basin. At least it appears that if the Germans can't get it by plebiscite, they will use other means. A committee to examine the differences between church and state brought together Catholics and officials of the Reich. In this regard,

both censorship and coercion are still in the Nazi policy toward the press. The Reich and Germany's creditors are now agreed that no final settlement of Germany's long term debt is possible now, which is about the way the matter stood several weeks ago.

**BOB RAINIER SCORES HIT AT CLUB CASSANO**

Bob Rainier, Xavier University alumnus, is scoring a big hit with his orchestra music at the smart new Club Cassano at 142 East Fourth Street.

Many Xavier students and alumni have dropped in at Cassano to hear Rainier's music. Bob is happy to oblige with the Xavier school song for special Musketeer parties.

**Down where they grow tobacco.. in most places Chesterfield is the largest-selling cigarette**

*—what does that mean?*

- it takes good things to make good things.
- the mild ripe tobaccos we buy for Chesterfield mean milder better taste.
- the way they are made means Chesterfields burn right and smoke cool.
- it means that down where

they grow tobacco folks know that mild ripe tobaccos are bought for Chesterfields.

*And because Chesterfields are made of the right kinds of tobacco, it is a milder cigarette, a cigarette that tastes better.*

There is no substitute for mild, ripe tobacco.
