By Dan Steible, Jr.

**UNITED STATES  
June Primaries**

The month of June will see nominations made in nine States for forty-one seats in the House of Representatives, five seats in the Senate and five governorships. Seven states have already held primaries or conventions, and nominations have been made for 99 out of 435 seats in the House, all of which must be filled at the polls this year. Of 96 seats in the Senate, 35 will require the attention of the voters at elections in November. Iowa, Indiana, Alabama, Massachusetts, Maine, Minnesota and North Dakota will elect governors. This is the first opportunity of the American people to render approval or disapproval to the policy of the present administration through party vote. A tremendous poll is expected.

**Darrow Board Oke**

President Roosevelt has refused to abolish the Darrow board and so it will finish its task of investigating whether there have been monopolistic practices under NRA. A partial report has been submitted in which Clarence Darrow, the chairman, and one other member advocated Government ownership and control of industry. The White House has let it be known that the President will allow the board to go out of existence only when it completes its work, which will be soon.

**Direct Election Plan Is Out**

The Senate has refused to submit to the States the Norris constitutional amendment to abolish the electoral college and provide for direct election of a president and vice-president. With a two-thirds vote necessary, the amendment was defeated 42 to 24, with a few votes lacking. The author of the proposal, Senator Norris of Nebraska, moved for reconsideration.

**BULGARIA**

By the immediate and effective intervention of the army, a new regime has been set up, Kimon Gueorguieff becoming premier. It is denied that the new regime is only temporary. The entire country is to be reorganized, with a completely new system of government to be installed. This marks the end of Bulgaria's Fascist-minded military dictatorship, and while the new regime is given the unanimous support of the army, it should make progress. The new cabinet is made up of educators, writers and army men, and so another country is supposed to have a "brain trust."

**FRANCE**

Premier Doumergue has come out of a very bad situation in fine fashion because the Radical Socialists, the largest political party in France, has decided to support their leader, Edouard Herriot, who is one of Doumergue's cabinet. The French Parliament has reconvened after its two months vacation and seems to feel rather well toward the Premier. This should mean that France's economy program will go forward.

France is watching keenly the dispute between the United States and Russia over debts, because the Czarist debt of Russia to France is greater than the sum owed by Russia to the United States. France has made no payment at all to this country and probably will not until she sees what England and Russia do about it.

In the matter of arms, France is holding that the abrupt withdrawal of Germany from the conference last October makes it hopeless to expect anything from a continuation of the conference. Thus the French position is clear. It is that the conference would do better to adjourn and leave it to the league to draw up its report and submit other plans.

**GERMANY**

Two feuds have developed in Germany recently, and both are of a military kind. One is between the Nazis and the Steel Helmets, because the Nazis are trying to dominate the latter completely, and they are resisting. The other rift is between the German army and the storm troopers. So far the Nazis have been unable to gain control of the army which they want to combine with certain of the storm troops and

**Commencement Plans Completed**

**Xavier Will Act As Host On Inspection Day**

**Large Crowds Are Expected To Visit Campus**

**Each Department To Have Demonstrations; Motion Picture Will Be Shown**

Campus inspection and visitors days at Xavier University will be held Sunday, June 3, with special demonstrations from 3 to 5 p. m., according to an announcement this week by Rev. C. J. Steiner, S. J., chairman.

In outlining the plans, Father Steiner called attention to the special part the Alumni and Alumnae Associations are to play in this year's arrangements. These two groups have accepted the commission to decorate the campus for the entire commencement week ceremonies, and will give special attention to the appointments for visitors days.

Well placed signs will inform visitors of the day's program, and building designations, while placards with detailed instructions will route the inspection groups through all buildings and departments of the east and west campus.

**DEPARTMENTAL EXHIBITIONS**

In addition to a corps of student guides, the entire staff of lay assistants will be on hand to welcome visitors and explain the departments. Regular faculty heads will supervise the demonstration programs. Chemical phenomena will be demonstrated and explained in the chemistry laboratories by selected student scientists under the direction of Rev. F. N. Miller, S. J., Mr. Philip M. Coogan, S. J., and Professor Joseph F. Kowalewski.

In the biology laboratories specimen displays will be arranged under

(Continued on Page 4)

**COUNCIL UNABLE TO FURNISH HONOR KEYS**

At press time only six names have been listed as being eligible to membership in Epsilon Xi Lambda, the honorary fraternity. Those eligible are: John Brink, Kenneth Jordan, John Hughes, Leo Koester, Robert Ryan and Edward Doering.

Keys for the Epsilon Xi Lambda Honorary Fraternity will not be furnished by the Student Council to those seniors who have the necessary requisites, Kenneth Jordan, President of the Student Council, stated this week.

This step, although not desirable, was forced upon the Student Council by the condition of the Council Treasury which at this time reports a deficit. The chief reason for this condition was the lack of support given by the student body to the Black Cat Dance, the event which is held to earn the money for the keys.

**Fraternity Not Abolished**

Although the Council must necessarily put aside the awarding of keys to the deserving applicants, it has not abolished the Activity Fraternity. Those seniors who have earned the necessary points will be inscribed in the book containing the membership. If any of these should wish to buy their own keys, the Council will grant this permission to all who apply for it.

**Elder Installed**

At the meeting of the Student Council last Thursday, George Elder was installed as President for the coming scholastic year by his predecessor, Mr. Jordan. Both Elder and Jordan spoke of the rejuvenated spirit shown in the Council for the past year and the heights to which it hopes to rise next year. Father Steiner, moderator, also spoke on the subject.

**Sophomores, Afflicted By Heat, Run Wild And Beat Their Brethren By Two Runs**

MARIONETTES	0	0	0	0	0	0	0	3	1-4	3	10
HAWSES	2	2	0	1	0	0	0	1	x-6	12	8

*And somewhere men are laughing,  
And somewhere children shout,  
But there is no joy in Boston—  
Mighty Casey has struck out.*

It was a mighty aggregation of Sophomores who defeated a slightly mightier-less group of Sophomores Sunday afternoon at the Menke Estate in Mt. Washington by the score of 6-4, during their annual class picnic.

Although the topic is still being debated, Bill (Casey) Hausman, captain of Hausman's Hawses, still maintains that since his side scored 6 regulation runs in 9 customary innings he and his "Hawses" are two runs better than Captain (Casey) MacDowell's Marionettes who fought so hard and hopelessly.

**Spectacular Fumbles, Strike Outs ...**

The game was one series of spectacular catches, fumbles, strike-outs and hits. Outstanding in the series of sensational activities during the

game was the umpiring of Professor (Billy) Burns and Robber (Casey) Ries who didn't let an inning pass on its customary schedule without calling at least three (3) balls, three (3) strikes, and vice versa. The Hawses started off with the proverbial and hackneyed bang in the first inning by scoring two runs on innumerable errors and foul calls. The quadrupeds also scored two more in the second, one in the fourth and one in the eighth. Casey MacDowell managed to pull a few strings in the eighth and ninth so that his "dolls" wouldn't become discouraged. They succeeded in getting four runs.

**Cold Refreshments**

Throughout the entire game, cold refreshment was served to those interested. All were interested. Much time was lost at the beginning and end of each inning because of such a practice; in fact, most of the playing time was consumed in this manner. Bill (Casey) Menke, grounds manager, had great difficulty in preventing the dog-mascot, Spike, from getting the ball and also extracting the ball after it had been obtained by Spike.

According to press agents, Spike is a pedigree, genuine, English bull terrier who has been using his spare time in learning the trick of snatching balls in the outfield and hitting out for secluded spots. The other mascot, Tige, according to more notes from the press-agent, is a pedigree, genuine, German Shepherd. Despite his look of ferocity, Tige was a perfect ex-

(Continued on Page 3)

**Clef Club Dance And Concert At Gibson Ballroom**

**Sid Mullikin's Orchestra To Play. Club Elects Joe Link As New President.**

Tomorrow evening hundreds of Cincinnati music lovers and their friends will witness one of the finest Glee Club Concerts of the year, given by the Xavier University Clef Club, under the baton of John E. Castellini, at the Gibson Hotel Ballroom.

Senior Dante Club members will have charge of ushering. The Committee expects the faculty and student body to be well represented.

**Dancing Afterwards**

Sid Mullikin, and his 11-piece orchestra will furnish the music for the dance which immediately follows the concert at 10 o'clock. Miss Elizabeth Donovan, contralto, will be heard with the orchestra at the microphone.

Tickets for both concert and dance can be purchased from the Glee Club members, while students are urged to support this last social event of the Glee Club.

**Link Elected**

At the annual banquet of the Clef Club last Thursday evening, Joseph Link, '35, was elected president of the Club for the year 1934-35; Roland Moores, '35, was elected vice president and secretary; and Dominic Sigillo, '36, was elected treasurer for the coming year. Business manager will be by appointment of the president.

Mr. John E. McEvoy, S.J., moderator of the Club, was presented with a gold cigarette lighter from the members in appreciation for his kindness to them during the past years. Mr. McEvoy leaves Xavier University this year to continue his studies at St. Mary's, Kansas.

The last public appearance of the Club this season will be at the Cincinnati Zoological Garden, Saturday evening, May 26, when it will officially open the concert season.

**"30"**

This is the last edition of the NEWS for this semester. A bigger and better NEWS will be waiting for Xavierites when they return next semester.

**Busy Week Faces Graduates As The Semester Closes**

**Alumni Reunion - Graduates Begins Activities For Senior Class Saturday**

The 94th commencement week program of Xavier University will open Friday, June 1, with the annual dinner meeting of the Board of Trustees, to be held on the Avondale campus.

**GRADUATES' RECEPTION**

The traditional Alumni reunion-graduates reception program will follow on Saturday, June 2, with afternoon and evening sessions dedicated to the returning grads and the 1934 graduating class. This program will be handled entirely by Alumni committees. James W. Farrell, '04, assisted by Joseph A. Verkamp, '07, Robert M. Olinger, '25, Mark A. Schmidt, '27, Henry B. Bunker, '21, and George E. Sterman, '29, will arrange the athletic events of the afternoon, while Walter A. Ryan, Jr., '27, G. Edward Fern, '27 and Richard D. Downing, '29, will provide the entertainment program for the banquet in Elet Dining Hall at 6:30 P. M.

**CAMPUS INSPECTION**

The annual campus inspection and visiting day is scheduled for Sunday, June 3, with the special demonstration program arranged for the hours from 3 to 5 P. M.

Monday, June 4, will be devoted to the activities of the Alumnae Association. Women degree recipients will be received into the Association at the banquet to be held at the Cincinnati Club, beginning at 6:30 P. M. Miss Loretta Sullivan, president of the Alumnae, will preside as toastmaster.

**BACCALAUREATE SERVICES**

Baccalaureate services for the entire graduating class will be held Tuesday evening, June 5, at 7:30 P. M., in St. Xavier Church, Seventh and Sycamore Streets. This traditional service has been changed from a Sunday morning service to Tuesday evening so that the parents of out-of-town graduates will be able to attend conveniently. Academic procession, sermon by a prominent Cincinnati clergyman, and benediction, make up the program. Dr. William J. Topmoeiler, president of the Xavier Alumni, will head the academic processions both for the baccalaureate and for the graduation exercises.

**COMMENCEMENT EXERCISES**

Commencement exercises will be held in the Xavier stadium, Wednesday night, June 6, with academic procession beginning at 7:45 o'clock and the formal exercises at 8:15. The Corcoran Field floodlights will be utilized after sun-down and in the event of rain the entire ceremonies will be shifted to the Memorial Fieldhouse.

**ATHENAEUM OUT SOON**

**Varied And Interesting Articles By Xavier Students Published**

Three Seniors, one Junior, one Sophomore and one Freshman are the only contributors to the Spring Edition of the Xavier Athenaeum. William A. Young has contributed "The Pre-Raphaelite"; John A. Brink, "Destinies"; John E. Snyder, "Grandmother". These three writers are Seniors. Jules J. Fern, Junior, contributed "Two Renaissance Painters," while James E. Shaw, Sophomore, has his one-act play, "D" as in "Die" printed in full. A newcomer among the contributors to the Athenaeum is an unknown Freshman at Xavier named Derek Drayton, who has written "Masefield's Masterpiece."

James E. Shaw

Oyler School, Eighth and Stabler Streets, as the feature presentation of the Riverside School Commencement Exercises.

The play, a melodrama in one act, will be enacted by the members of the Rostrom, Xavier's Sophomore Debating Society. It is under the direction of Mr. Shaw, who also plays the role of Denis, a minor character in the production.

The lead is efficiently handled by Mr. C. F. McDowell, who portrays the part of a drunken thief who, as an ex-army officer, meets with a tragic end. Mr. Charles Blum, who was accorded tremendous applause for his work in the recent Masque Society production, will play the part of the Irish policeman, Patrick Cassidy. The comedy strain is taken care of through the singular ability of Mr. George Mountel, who portrays the role of the eccentric English butler. Mr. Mountel is well known for his fine work in various amateur productions which he participated in during the past four years, around Cincinnati.

## Ancient Gods And Goddesses Are Seen On Rare, Old Coins

(This is the sixth article on ancient artistic coins by Father Robert Manning, S. J. Father Manning has stated that next year's edition of the NEWS will be supplied with more of these numismatic articles.—Ed.)

Of common occurrence is of course Victoria who would be honored after every great victory. Often the occasion is identified by an appropriate inscription, Victoria Germanica, Parthica and the like. She appears on coins with a trophy or standard, sometimes a barbarian is seated at her feet, his expression indicating sadness, symbolical of the conquered people. As among the Greeks, she is frequently winged or driving a chariot. Coins to commemorate naval victories illustrate

### Taverners Will Have Open House—Election

It was announced, late Wednesday, by Mr. John Snyder, Host of the Mermaid Tavern, that Sunday, June 3, this organization will have "Open House Day." On this particular day, Finn Lodge, located on the campus, at Woodburn and Herald Avenues, will be open to the public in the afternoon from three to five.

The last meeting, however, will be held on Tuesday, May 29, at 8:30 P. M. The feature of this closing meeting will be the election of the officers for the following year. The drawer of the meeting will be Mr. Edward Doering. Mr. Cliff Lange will present a humorous satire, whereas Mr. James Shaw will read a sonnet entitled "A Youth To His Mother."

### Commerce Club Elections

William Dodd, Lexington, Ky., junior dormitory student was elected president of the Commerce Club at its last meeting to succeed Howard Linz, retiring president. James Carrigan and George Dankel were elected to the offices of Secretary and Treasurer.

Victoria standing on the prow of a ship with laurel wreath or palm branch in her hands.

### Goddess Of Hope

A fascinating figure is Spes, the goddess of hope, especially "hope" for a good harvest or for the blessing of children. She is pictured by a type borrowed from early Greek art. In her right hand is a blossom or bud, and with her left she holds the hem of her skirt. Usually walking, she wears an archaic costume and headdress. Her cult is very ancient and Livy mentions a temple built to her in 354 B. C. Eventually she came to be regarded as the goddess of the future and was invoked at births, marriages and on similar occasions.

The personification of personal freedom, Libertas, holds a staff and a cap, the pileus libertatis. These refer to the act of manumission. The slave about to be freed was tapped on the head with the victor's staff and proceeded to put on the pileus, the badge of a free man.

Annona, goddess of abundance and of fruitful crops, is found most often on the coins of Nero since he endeared himself to the people by his frequent distributions of grain. A ship's prow accompanying her image tells us that the grain was imported from across the sea. Other symbols on these coins are the cornucopia, grain measure, ears of corn, and the poppy, the flower of Ceres, goddess of grain, with whom she is sometime associated.

### Happy Marriage

The cult of Concordia was one of the earliest in the Roman religion. Ovid tells of a shrine dedicated to her by Camillus in 367 B. C. Originally she personified harmony between the various civil parties, but later concord and union in the widest sense. Her appearance on the coins of Hadrian refers to his happy marriage, though historians suggest doubts about the endurance of this happiness. She is also portrayed with her arm on the statue of Spes to show the good understanding between Hadrian and his heir. Concordia is also symbolized by a dove, the emblem of peace, or, as patroness and protectress of marriage, she stands between two persons and unties them.

## Dremann Is A Figure On Things Chemical

### And Graduates (Tentative) Are Given a Bit Of Cheer

By Otto B. Schott

For the sake of those about to take their final exam in Frosh chemistry, Bob Dremann tells us that he has it confidentially (of course!) that one of the questions to be asked in the exam is, "What is Hydrolysis?" To those who are not familiar with Dremann's adventures into chemistry we should remind them that he is an authority on hydrolysis and that a scout for the great industrial concern, "Hogwash's Hydrolysis Hetroactivations," is on the lookout for him as soon as he is able to pass chemistry. We hear (confidentially, of course) that Derelict Dremann is to act as a technical advisor for the Hogwash concern.

A notice from the Dalrymple (Oregon) Daily:

"Phlossie Phail, talented daughter of Mr. and Mrs. Phrank Phloggerman Phail, owners of the Phlail Pharm, out on Phair Phlight Road, is now working in N'York as a chorine. Many readers will remember Phlossie as the right smart little gal who had lead off position during the annual May-pole dance on the town square. Good luck, Phlossie!"

Of course it's none of our business but we do think that Davoran should stop chiseling before Peggy reads this. Verg still believes Monie, too. But Monie has been practicing longer than Davoran.

Success Story: MacDowell borrowing 5c during the Soph picnic and running it up to a net total of \$4.20. All but 20c of the fund has been cached to pay for two coming condition exams.

Bill Lambert said, "Of course, it is just an after-thought on my part but I wonder how Jack Hughes got sand in his shoes at the Senior Ball?"

Did anyone ever hear Ethelbert Nevins' "Rosary" played by a band without a trumpet solo being featured? Neither have we.

This being our last col'm of the 1934 class year we must say something to make you realize how much you're going to miss us. The Seniors will realize more than any that ours was not an ordinary coloom for we gave them the truth in-so-far as it went.

No more will they have the opportunity to read what the brilliant minds of Xavier said aloud. No. Now they must be contented with reading the classical ads in the Sat-vepost. We wish them all the luck in the world, though, for they're going to need it. We don't want to make them envious, but what are they going to do when they once again begin to get at least eight hours of sleep each night? They'll learn that it is a cruel, cruel wurld, they are now entering with a diploma as a pass. Of course, we realize that this is no time for levity. As this business of working is a serious matter—especially looking for it and not away from it. We've been told the Western Union and the Postal Telegraph have two openings for messengers.

### BRENNAN AND SWEENEY TO BATTLE

Two former champions will meet in the finals of the Xavier University Handball Tournament Thursday afternoon, at 3 o'clock.

Matt Brennan, senior, who won the championship in the spring of 1932, will meet Chuck Sweeney, Sophomore, who defeated Brennan for the championship last year. Both men found easy going to win their bracket against some thirty entrants.

### FR. BOYLAN'S ADDRESS

Being in the octave of the Holy Ghost, it was more than appropriate that Father Boylan should choose the Holy Ghost for the subject of his address to the upper classmen on Wednesday morning. Father Boylan compared the works of the spirit in man to the works of God in the World. This should urge the students, he stated, to a greater appreciation of the third person of the "Blessed Trinity" and to do all in their power to bring down His blessing upon them.

## CHESS CLUB ELECTS RYAN AS PRESIDENT

At the second-last meeting of the school year, the members of the Chess Club held the annual election of officers. Mr. Eugene Ryan, a junior in the College of Liberal Arts, was elected president. Mr. Roland Moores, also a junior, was made secretary.

Ryan, it will be remembered, won the Chess tournament which was held recently. He also acted as secretary during the past season.

Among the matches played by the Xavier Chess Club the past semester were two with the University of Cincinnati Chess Club, and one with the Cincinnati Chess Club.

The Chess Club's final meeting was held yesterday afternoon. Mr. William Young, senior, is the retiring president.

### LIBRARY BOOKS DUE

Mr. Albert J. Worst, Librarian, announced that all library books must be returned by Wednesday, May 23.

## Sophs' Ball Game Is Still Discussed By Participants

(Continued from Page 1)

ample of docility. It was stated that he was either too old or too lazy to bite.

### Slide, Slid, Slid

Listing a few of the outstanding plays of the game, there was the sensational slide of Jim (Casey) Shaw into third during the sixth inning. The ball hadn't been thrown to third as yet but Shaw slid just the same. One spectator claims that Shaw fell, while another maintains that he was tripped. The great imitator of Billy Watson could not be reached for a statement. One of the disappointments of the game was Cliff (Casey) Lange who made an unconscious catch from deep field and then forgot to throw home to catch the runner heading that way. Lange had no statement to make, only that he thought there were two outs before the ball landed in his hand.

### Innumerable Sacrifices

Innumerable sacrifices were made

Picture of Sophomore publicity man taking a "shot" of the near successful rally of McDowell's Marionettes in the 8th. (X-NEWS PHOTO).

by McQuaide, Grogan, Davoran and the rest of the two teams and were charged to the "good will" of the umpires. Because of the intense heat many Sophomores did not show up for the game and so players from outside of the Sophomore League were used. After the game the non-

Sophs, upon whom options were taken, were given an unconditional release.

## NEW OFFICERS FOR BELLARMINE SOCIETY

At the final meeting of the season for the Bellarmine Society last Friday, I. J. Berni was elected president. John Schackmann and Joseph Rielag were named vice-president and secretary respectively.

The elected officers were installed at a dinner at the Fenwick last Thursday evening by the retiring president, Paul Moorman. Guests present at the dinner included the Very Rev. Hugo Stoetemeyer, S. J., Rev. Victor C. Stechschulte, S. J., Rev. Edward Freking and the moderator of the society Rev. Martin J. Phee.

The society, organized in 1925 by the Jesuits, has as its aim the familiarization of laymen with the history, dogmas and practices of the Church.

## Xavier Netmen Lose Match To Louisville

### Wittenberg Also Beats Xavier In Erratic Tennis Matches

The Xavier University tennis team meeting the toughest opponent of the season, dropped a brilliantly played match to the University of Louisville by the close score of 4-3. This was by far the best played match of the season and with a few breaks Xavier would have chalked up a victory. Capt. Moeller and Moellering won matches in the singles and Moeller teamed with Dorsey to win the only doubles match.

### Erratic Tennis

Previous to this, Xavier lost a match to Wittenberg 4-3. In this tilt the Musketeers played erratic tennis. The only matches were won in the single by Dorsey, McKibben, and Moellering.

At present Xavier has won 3 and lost 7, with one more match that with Wittenberg to be played Saturday.

## SCHOLARSHIP WON BY STUDENT OF XAVIER

Louis McGrady, senior pre-medic student, was awarded "one of the University's Graduate Scholarships" in the chemistry department at the Graduate School of the University of Cincinnati. The records of those entering the test are compared and the three best are selected.

The scholarship is good for one year, fees and tuition being remitted. It is possible in this year to merit a Master of Science degree. The test was judged on the quality of the contestant's four years of University work.

### SACK, SWEENEY ELECTED CO-CAPTAINS; X CLUB MEETS FRI.

Leo Sack and Russ Sweeney were elected co-captains of the 1934-35 basketball team in a vote taken among the lettermen this week. The coveted "X" for basketball was awarded to Kenny Jordan and Hal Pennington, this year's co-captains, John Wieth, Leo Sack, Russ Sweeney, and John McCreary.

Tomorrow afternoon at 1:20 p. m., the X Club will meet in Room 110, in Science Hall.

# Luckies are always in All-Ways kind to your throat

because

The clean center leaves are the mildest leaves—*They Taste Better!*

LUCKIES use only the clean center leaves for these are the mildest leaves—they cost more—they taste better. No top leaves because they are under-developed, bitter and harsh. No bottom leaves because they're coarse, dirt-covered, sandy. Only the clean

center leaves go into Luckies. Then "It's toasted"—for throat protection. The long, golden strands of fine tobacco are rolled uniformly round and firm... no loose ends. That's why Luckies do not dry out. Luckies are always in all-ways kind to your throat.

The fact that five Alabama editors running for public office were defeated at the polls brings from Montgomery Advertiser the comment that it is a mistake and poor bargain for any newspaperman to seek public office and forfeit his greater power.—Editor & Publisher.

## The 1934 Graduates

Four years spent in the assimilation of knowledge, in the formation of character, in the acquisition of culture and in preparation for a happy and successful venture into the world have, winged, flown into the irrevocable past.

Four years in which friendships were formed and good fellowship and the spirit of cordiality and harmony prevailed, have gone, driven before the fleeting and relentless wind of time.

Now you Seniors, who will be the

ninety-fourth graduating class of this scholastic institution, are on the doorstep of the professional world. You have worked industriously, you have foregone pleasures so that you might stand fully equipped when you make your debut into the hard and practical life.

And may you go undaunted by the hardships and be cheerful notwithstanding the gloomy outlook to face the world and your fate, remembering that you are your captain and master. May fortune and large measure of success be yours and may you continue in the spirit you evinced at Xavier and thereby rebound to yours and the honor of your Alma Mater.

## The Inside Out

(Continued from Page 1)

make a larger army of short term recruits.

New restrictive decrees are now making it more difficult for German peasants to leave the country and flock to the cities. But new inheritance laws are driving many young people away from their ancestral homes. At the same time Hitler has announced a laissez faire policy for business. This is a fine example of coordination of theory and practice!

### FAR EAST

China is reported to be planning a direct complaint as a signer of the Nine Power Treaty, demanding action by the other signers against Japan's aggressions on Chinese territory.

A theory is being formulated in the Far East that Japan's several pacts of a regional character with China are the preliminary steps in a partitioning of China. However, nothing can be proved.

### ARABIA

The war between the Imam Yemen and the King of Arabia has ended but the terms of peace have not yet been announced.

## Large Crowds Are Expected To Visit Campus

(Continued from Page 1)

the direction of Rev. Martin J. Phee, S. J., head of the department, and Mr. James C. Perry, assistant.

Demonstrations in heat, light, sound, and electricity will be given in the physics laboratories under the direction of Rev. Joseph Teply, S. J. The seismological observatory located in the vaults below the Library building will be explained by Dr. Victor C. Stechsulte, S. J., director.

In the library reading room some of the more interesting specimens from the Xavier rare book collection will be on display. The library staff for the day will be directed by Rev. Paul J. Sweeney, S. J., and head librarian Albert J. Worst.

### XAVIER MOTION PICTURE

Noteworthy among the special attractions of the afternoon will be the continuous showing from 3 to 5 P. M. of the recently completed motion picture on Xavier campus life. This will take place in the Biology Lecture Auditorium and transient groups will be able to enter and leave as they choose.

Through the cooperation of Rev. John I. Grace, S. J., director of Elet Hall, the lobby, chapel and first floor rooms of residence dormitory will be open for inspection.

### TRANSPORTATION FURNISHED

Automobile transportation from the east campus to the field house, dormitory, playing fields, and union house, will be provided for those without cars, Father Steiner stated.

A band concert will be given on the fieldhouse terrace throughout the afternoon and a buffet luncheon will be served to all touring groups

as a climaxing event.

Special invitations have gone out this week to high school seniors of Cincinnati and all major cities within a hundred mile radius. Besides these special groups all friends of Xavier as well as the general public are offered this opportunity to inspect the Xavier plant.

## CHEM. CLUB BANQUET CLOSES ACTIVITIES OF YEAR FOR SCIENTISTS

The final meeting of the Chemistry Club during the current school year was held on Monday, May 21, in the Union House. A banquet was held to recognize the signal success of the organization throughout the year and to honor those members by whose labor this success was achieved. An unusually large number of members attended the meeting.

Mr. Kowalewski, Professor of Chemistry, served as toastmaster. He introduced Dr. Farman, Professor in the Department of Chemistry at the University of Cincinnati. Dr. Farman spoke upon the fundamental regulations and customs which must be observed if a science club is to be a success. He also described humorous incidents in the lives of several scientists.

### Faculty Members Present

Mr. Kowalewski also introduced the Rev. Hugo F. Sloctemyer, S. J., President of Xavier University, who complimented the members upon the interest which they had displayed in the Chemistry Club. The Rev. Martin J. Phee, S. J., head of the Department of Biology, the Rev. Victor Stechsulte, S. J., head of the Department of Physics, and the Rev. Frederick Miller, S. J., head of the Department of Chemistry, spoke upon various phases of scientific activity.

Two members of the organization, Richard Wagner, the president of the club, and Charles Blase, also spoke.

## Senior Sodality Will Hold Final Meeting

### Final Call For Stamps For Patna Missions Tomorrow

The Senior Sodality will bring its yearly activities to a close tomorrow in Bellarmine Chapel at 11:30 A. M. with a recitation of the office and Benediction of the Blessed Sacrament.

The Reverend Father Steiner, S. J. moderator, asked that as many sodalists as possible to attend the summer convention which will be held in Chicago, from July 5 to 8, stating that it would not be such a great expense as it will probably be possible to arrange for lodgings with some Xavier student who lives in Chicago.

Bill Young, chairman of Xavier unit of the Mission Crusade, has asked all who may have stamps at home to bring them to school this week so that he can send them away to the Patna Indian Mission.

## Fordham University SCHOOL OF LAW

NEW YORK

Case System

Three-Year Day Course  
Four-Year Evening Course

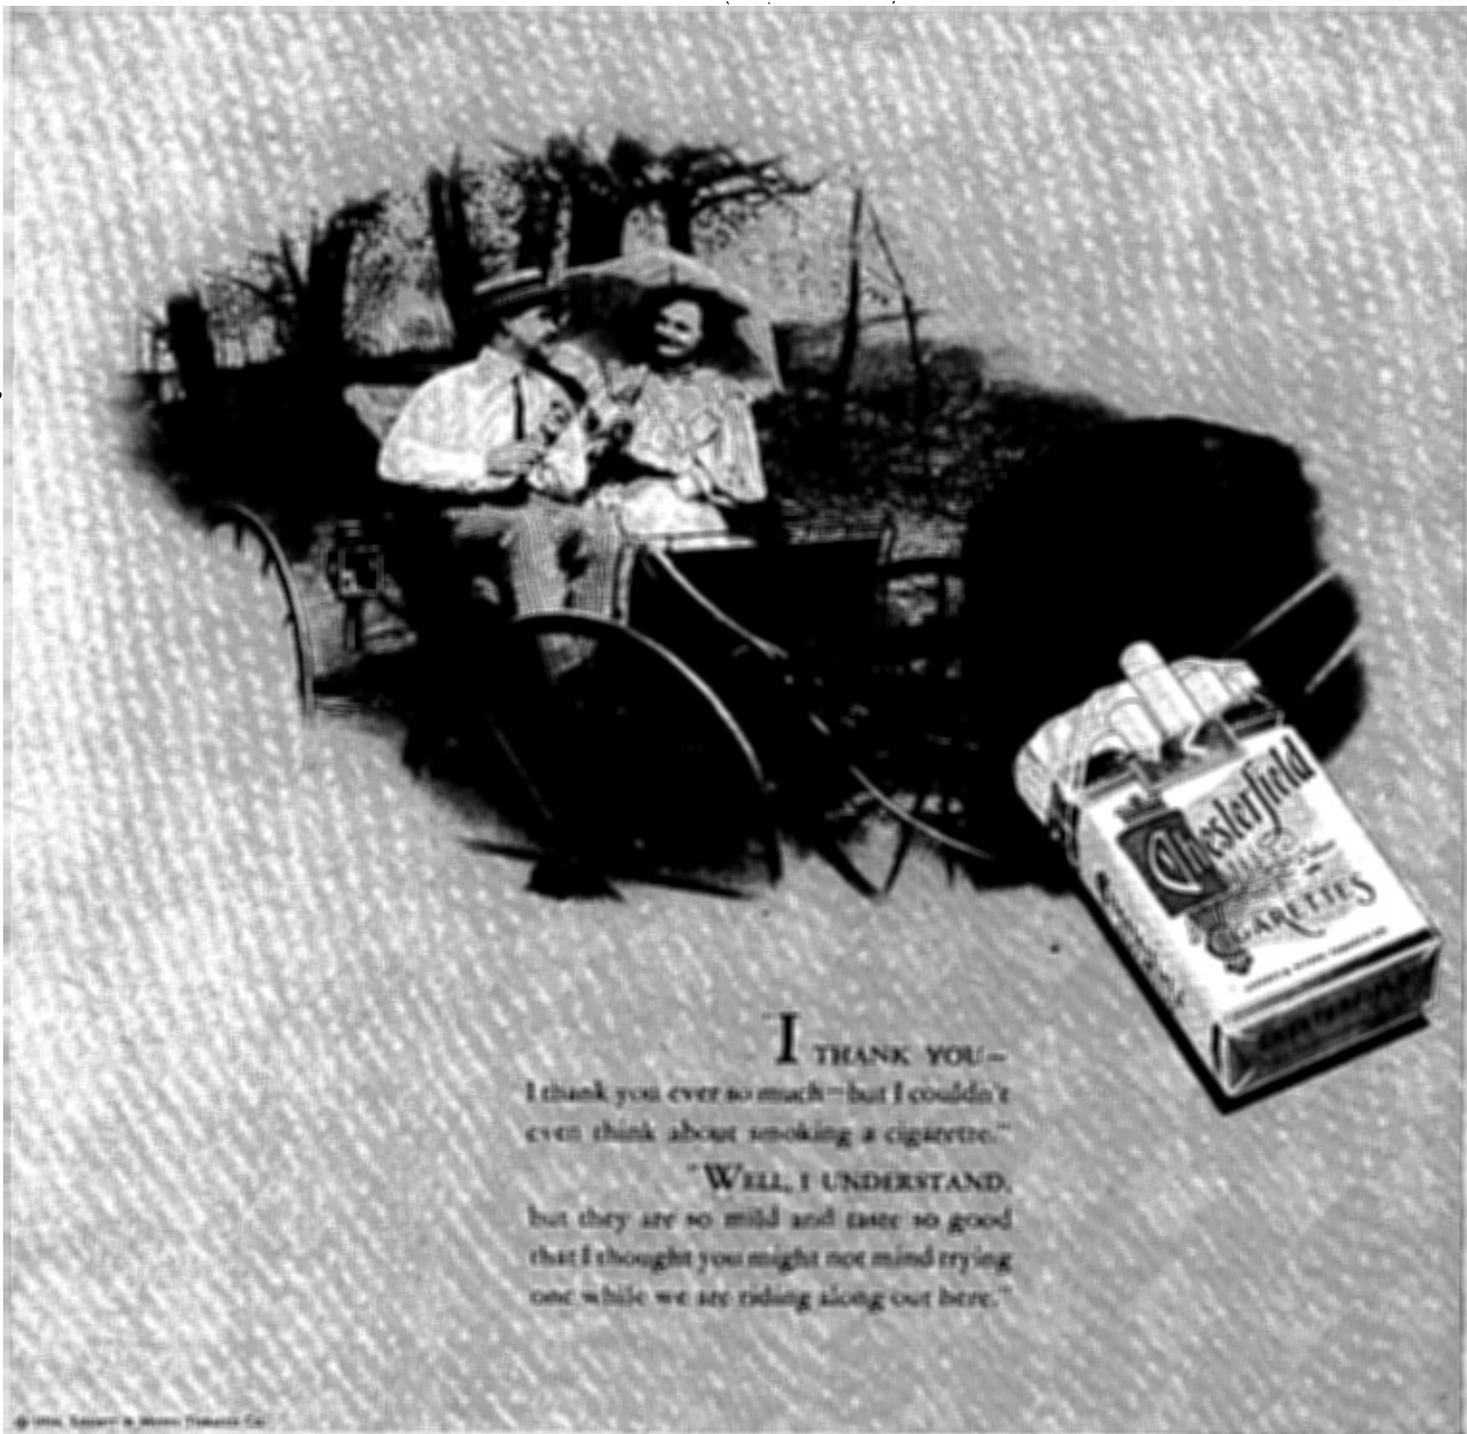

Co-educational

College Degree or Two Years of College Work with Good Grades Required for Entrance

I THANK YOU—  
 I thank you ever so much—but I couldn't even think about smoking a cigarette."  
 "WELL, I UNDERSTAND, but they are so mild and taste so good that I thought you might not mind trying one while we are riding along out here."
