Social Group Is Reorganized By Student Council

Changing from an opinion in favor of absolute establishment of the Social Committee, Student Council gave indication last week that a middle course would be pursued. This indication was shown through the passing of a motion by John T. King, commerice senior, which proposed that the now existing Student Committee be considered defunct and that a new one be set up under the Council. Since the motion was passed unanimously, council indicates that the amendment is incorporated into the constitution next week.

However, a heated discussion resulted on a motion by Brian B. Flanagan, junior member of Council, which set forth a constitution for the proposed new committee. In part this motion stated that members of the organization would be presidents of class, a plan favored by King, and the faculty advisor would be chosen by the student members.

The cost of the trip will be $10.00 per person, and all members of the Freshman Class are invited to participate.

Burke Is Made Verkamp Winner

(Continued from Page 1) The Biology Club, under the chairmanship of Eugene A. O'Shaughnessy, discussed various problems of regard to the Annual Spring Dinner, a fall lecture series, and the alumni participation in the commencement exercises in June. Definite plans for these events have not been disclosed.

Burke, who has been active in the club for the past two years, was elected as the winner of the verkamp award, presented by the club each year to the outstanding member of the club. Burke is the third student to be selected for this award, and he will be presented with the trophy at the annual banquet.
