My dear Sir

Accept my thanks for your friendly letter. That to Mr Wright was duly forwarded. Old Hamilton has truly done herself immortal honor & will I hope repeat the performance on Friday.

Well & dearly have the Whigs now to pay for their shameful frauds agt Dr Duncan. We have the strongest possible faith in our success in the State, and could we have only a tolerably honest election our majority would be

tremendous. If ever you come in  
this vicinity you may [depend?]  
with safety, upon a hearty  
welcome under my roof.  
For the mean time accept  
my best wishes for your  
continual health & happiness,  
& believe me, with great

Sincerity, your  
friend,  
M Van Buren
