# ST. XAVIER COLLEGE, CINCINNATI, OHIO.

---

THIS Literary Establishment, incorporated by the State Legislature, under the name and style of ST. XAVIER COLLEGE, enjoys all the privileges usually granted to Universities. Its location is peculiarly advantageous to the mental improvement and bodily comfort of the Student; it affords him the opportunity of attending many interesting lectures on the Arts and Sciences, delivered at the various institutions in this city; it procures him the advantages derivable from regular and well supplied markets, and enables him, in case of sickness, to obtain the best medical attendance. The institution possesses a good Library and a Museum; the former contains about 6000 volumes, and the latter an extensive collection of specimens of Botany, Conchology and Mineralogy, as well as Chemical and Philosophical Apparatus. The buildings are spacious and well ventilated, and adapted to school purposes. The diet is plain, but wholesome and abundant: the discipline is firm but parental. The Teachers are from twelve to fifteen in number, and exclusively devoted to the education of those entrusted to their care. The religion professed by the teachers, and by the majority of the pupils, is that of the Roman Catholic Church, yet students of all denominations are admitted.

## PLAN OF INSTRUCTION.

The course of education embraces two departments, the CLASSICAL and the MERCANTILE, but so conducted that the student may apply himself to either, or both. The Mercantile Department comprises the *English and French Languages, Writing, Geography, History, Arithmetic, and Book-keeping.* The classical department, besides the above specified subjects, embraces the *Latin and Greek Languages, Poetry, Rhetoric, Chemistry, Botany, Mathematics, Physics, Mental and Moral Philosophy.* The *Spanish and German*, if required, are taught without any additional charge.

The English is the ordinary language of communication in all the classes, the French, Spanish, and German classes excepted; French and English are spoken indiscriminately during the hours of recreation.

## GENERAL REGULATIONS.

The Scholastic year consists of one Session, which commences on the first Monday in September and ends about the 15th of July, at which time a public Examination of all the classes, followed by an Exhibition and solemn distribution of premiums, takes place: besides this annual distribution of rewards, once a month, the different places obtained by the Pupils in their classes are
