This Institution, known at present as St. Xavier College, was established October 17, 1831, by the Rt. Rev. E. D. Fenwick, D.D., first Bishop of Cincinnati, under the name of the "Athenaeum." In the year 1840 it was transferred, by the Most Rev. Archbishop, J. B. Purcell, D.D., to the Fathers of the Society of Jesus, who have conducted it ever since under the title first mentioned. It was incorporated by the General Assembly of the State in 1842. In 1869 an act was passed which secures to the Institution a perpetual charter and all the privileges usually granted to universities.

The course of study embraces the Doctrine and Evidences of the Catholic Religion, Logic, Metaphysics, Ethics, Astronomy, Natural Philosophy, Chemistry, Mathematics, Rhetoric, Composition, Eloquence, History, Geography, Arithmetic, Penmanship, Book-keeping, Actual Business, Commercial Law, the Latin, Greek, English, German and French languages. The College is provided with suitable Philosophical Apparatus, and possesses a valuable collection of Mineralogical and Geological specimens. In the department of Chemistry extensive improvements have been made, both in point of a large stock of apparatus, and of excellent facilities for work. The new Laboratory is supplied with every requisite appliance. Each of the forty desks is fitted with drawers and lockers, separate drainage and water supply, and gas for both heating and illuminating purposes. This Laboratory is used by students in Qualitative Analysis and General Chemistry; a Laboratory course in the latter being required in addition to the regular lecture and daily repetition.

The Library numbers about 16,000 volumes. There are also select libraries for the use of the students.

General Regulations.

The Academic Year consists of one session, beginning on the first Monday of September, and ending in the last week of June, when the Annual Commencement, the Conferring of Degrees and the Distribution of Premiums take place.

The session is divided into two terms—the first ending on the first of January and the second in the last week of June. A thorough examination of all the classes is made at the close of the second term. There are four competitions during the course of the year—the first in October, the second in December, the third in February and the fourth toward the end of April. The first, second and third competitions, are followed by distribution of Premiums. The places or degrees of merit obtained by the students in the different classes are publicly proclaimed, and honors are awarded to such as have been most distinguished for good conduct, diligence and proficiency.

On completion of the Classical Course, the degree of A.B. is conferred upon those who, on examination, are found deserving of that distinction. Subsequently the degree of A.M. can be obtained by devoting a second year to the study of Philosophy in the Institution, or two years to a learned profession. Students of the Commercial Course receive an honorary certificate on completion of the course.

Every candidate for admission who is not personally acquainted with some member of the Faculty, must produce proper testimonials of a good moral character. If he comes from another College, he will be required to present a certificate of good standing in the institution which he has left.

Quarterly reports are sent to the parents or guardians of the students, to inform them of the conduct and improvement of their sons or wards.

Punctual attendance is earnestly recommended. Parents are regularly informed of the non-attendance of their sons, who, in case of absence, are invariably required to bring a note of excuse
to the Vice-President. In order that the lessons may be prepared with proper assiduity, parents are requested to insist on their sons studying at home for two or three hours every evening. When students are to be withdrawn from the institution, due notice should be given to the President.

The College is open every morning at half-past seven o'clock. Those who come before the time of class proceed at once to the Study Hall, and devote the interval to private study. All are required to be present five minutes before half-past eight o'clock, at which hour the Catholic students hear Mass. At nine o'clock A. M. the regular exercises of class commence, closing at three o'clock P. M.

None are received as boarders in the College.

For the maintenance of order and discipline, strict obedience, assiduous application and blameless conduct are required of every student. Any serious fault regarding these essential points renders the offender liable to effective correction, and even to dismissal, if it be deemed necessary by the Faculty.

Post-Graduate Course.

At the request of many former students for the establishment of a higher course of philosophy and literature, a Post-Graduate Class was opened in November and continued, with a short intermission at Christmas, until the second week of April. Speculative Philosophy was treated on Tuesdays at 8 p.m.; Literature on Wednesdays at 8 p.m.; Ethics on Fridays at 8 p.m. The President, Rev. M. J. O'Connor, S.J., conducted the class of Speculative Philosophy; Rev. J. N. Poland, S.J., the classes of Ethics and Literature.

The primary object of the course is to enable our graduates to continue their philosophical and literary studies. Attendance, however, is not limited to those who have received the degree of Bachelor, or who are candidates for higher degrees. All gentlemen who can evidently follow the classes with profit and interest will be admitted.

The full course will be completed in three years. The usual degrees will be conferred, but only under the strictest conditions. Regular attendance, a written or oral examination, and a thesis will be required in every case. No honorary degrees in philosophy or literature will be conferred. A certificate will be given at the end of the three years' course, to gentlemen who have been regular in attendance and have passed the usual examinations, but have not made a regular college course. Further information on this point may be had from the President.

Regular attendance is expected from all, even those who are not candidates for a degree, at the lectures on at least one branch, which must be chosen in the beginning of the year. The other branches are optional. Evenings will be set apart for special discussions.

The success of the class during this initial and experimental year has been so encouraging, that the Faculty hope, with the assistance of the alumni and other friends, to give the course a wider extension after the summer vacation. A circular containing full particulars will be issued in good time.

Application should be made directly to the President of the College.
No one will be admitted to any of the regular lectures without a ticket signed by the Treasurer.
Season Tickets for the entire Course (five months), $10.00.
Diplomas, $5.00.
Certificates of Attendance for those who are not candidates for degrees, $5.00.
