**Art For Heaven's Sake**

The avid discussions over man's free will and God's omnipotence that are yearly revived when students are initially confronted with the course in the philosophy of religion that sit near campus this year. For the cause of this we may look to the newly-arrived instructor for the course by the dean of the philosophy class and the art club, both recent innovations that the college is trying out.

For with art being spotlighted, the mora-

lity of the Paterenque principle, "art for art's sake," is one of the topics that cannot be avoided. A common denominator of the numerous excellence of cultures, the aesthetic is the unique medium of communication through which man has been able to communicate. The aesthetic is the universal language. The aesthetic is the medium that enables senior and junior delte-

rate co-ordination of inter-col-

legiate clubs. The importance of the Federation in campus life has increased to eleven. Board members have three principal duties-1.) to handle the internal affairs of the club, 2.) to serve as the aesthetic vehicle for the communica-

tion of ideas, and 3.) to act as the chair-

person of the board of directors. The chair-

person is one who has a genuine interest and a passion for the club and should be faithful to its needs and objectives. He is the main coordinator of the club's activities.

As we say farewell, we express our hope that he will be successful in his ap-

proach and that he will receive the grace and assistance to discharge his duties.

**Farewell**

It is with a note of sincere sadness that we bid farewell to George J. Reimer, who was our auxiliary bishop for the past 13 years. He has been a kindly shepherd to his flock, an understanding and concerned friend. It was in the last few years of his life that Bishop Reimer stepped in and assumed so capably many of the duties of the head of the archdiocese.

It is a remarkable commentary on the fact that such a man is not the exception but the rule that the theological tradition in Cincinnati have not been unwrinkled. His influence and his support have been an invaluable asset to the college and to the university.

As we say farewell, we express our hope that he will be successful in his ap-

proach and that he will receive the grace and assistance to discharge his duties.

"Who is the Viper?" is the subject of much controversy around Edgecliff since the freshman charming, when the fresh program was complicated by the appearance of so many unexpected claims to the title. We hear one freshman is writing a short story called "The Viper comeback" or "Why I Flunked Freshman Religion!"

In her recent class meeting she discussed the senior inductees and their future plans. Edith D. H. Schlegel, class president, explained needs a new mirror. Edith asked if any one thought the had any one at home. When Pat Wood she thought she did. Edith replied, "Then, would you please look into it, Pat?"

In past years student assemblies have been honored by guest appearances of famous celebrities, but none has been so warmly received as the "Boys of the Golden West," a guitar player. Dr. Daniel Steible and his singing trio, Father M. Schlegel, who entertained in their native western garb.

When Michael Batch was reminded of that guitar rendition of 'Home on the Range', but would have liked to have attende Cincinnati in past years there is no Lady of Cincinnati since the freshman project of much controversy around Edgecliff when the frosh program is the executor of an unenviable task. Sitter is usually quite able to fill, in the words of Virginia Cook, "I want religion!"

New freshmen, new classes, new students from Paris, the Philippines, Canada, and China, have attended Our Lady of Cincinnati in past years there is no doubt. But Edgecliff is a cosmopolitan institution. Miss Gaucho was reminded of that fact when he asked his church history class to name the 14 Epitomes of St. Paul. Mary Ruth Wengler, a student of St. Mary's in the area at the 33rd annual meeting of the American Dietetic Association, Washington, D.C., Oct. 13, 14, 15, emphasizing the part to be played by youth and adults alike in meeting Christian ideals.

Ber- Cove on "Liturgy and Intellect." Peggi Feltrip, sophomore, participated in a panel discussion on establishing Christian life.

Assumption Definition To Be Marked By Special Mass

A few hours after the Holy Father proclaimed solemnly the dogma of the Assumption of Our Lady in Rome on Wednesday, Nov. 1, this dogma will be marked in Cincinnati at a special Mass to be celebrated at Our Lady of Cincinnati Church, Thirteenth street, Cincinnati.

The Most Rev. Karl J. Alter, Auxiliary Bishop, will be the celebrant of the Mass and will preside the sermon.

St. Mary's church was selected as the scene of the local observance of the oldest of the churches dedicated to Our Lady in the Archdiocese of Cincinnati. It was founded in 1846. Its present pastor is Father James Sherman, former member of the faculty of Our Lady of Cincinnati college.

Various Marian societies, including members of the Edgcliff sodality, will be presented at the Mass and will sing under the direction of Mr. John J. Fehring, archdiocesan director of music.

Solemn Definition

When the Holy Father proclaims the dogma at St. Peter's, about 1,500 people are expected to gather in St. Peter's Square. Thousands of streets will witness the ceremony. Archbishops and Bishops from all over the world will also be present.

The ceremony will be solemn and colorful, but simple and redemptive in spirit. It will follow in general the lines of the ceremony prescribed for the canonization of a saint. The dean of the college of Cardinals will request the pope, with the aid of the dogma and the Holy Father will formally proclaim that it is a revealed doctrine that the body of the Blessed Virgin remained uncorrupted after her death and was eventually taken up to Heaven.

This is not a new doctrine. It has been taught and believed by Catholics for many centuries. As the Holy Father will note in his proclamation, it is part of the truths revealed by God.

Cannos Be Doubled

The solemn proclamation of the doctrine will discourage attacks upon the dogma because after its definition by the infallibility of the Pope, no Catholic will be able to entertain the slightest doubt against it.

The last time a Pope spoke in such formal and solemn fashion about one of the glories of Mary was in 1854 when Pope Pius IX solemnly defined the doctrine of the Immaculate Conception.

The present definition is the culmination of thousands of petitions in writing, made by Bishops, priests, religious and the faithful over a period of 80 years.

New UN To Be Topic Of Debate

The national debate topic for the year—Resolved: That the non-communist nations should form in the United Nations Organization—was selected by Edith Hirschberg at the Edgcliff Debating Club meeting, Oct. 5.

Mary Rose Fricker, senior, was selected to represent the group at the NFCCU Workshop to be held Saturday, Oct. 28, at Xavier University.

Dr. Daniel Stible, moderator, and other members of the debating group, are working on plans to widen the scope of the team and to interest other schools, especially women's colleges, in organizing debating clubs.
