Msgr. Sherry Urges Loyalty To Alma Mater

"Your Alma Mater is committing to you her good name, her reputation, her very self," Msgr. Robert J. Sherry told the graduates at Beccarlaureate Mass, May 29. "From henceforth, it will stand as her representative."

She begs of you," he said, "to purify your soul, to improve your dispositions, to champion His rights in the public mind, and forget God. . . . She trains intellectual leaders who are religious and socially responsible celebrants of the true intellectual." 

"You possess the one true philosophy of life," the speaker continued, "which only your Church can give, for she alone recognizes science and religion."

Msgr. Sherry stated further that: "giving you a superb dowry of knowledge and virtue, your Alma Mater sends you forth well equipped for your mission in life."

The Rev. Malcolm D. Garry, O.F. Ph.D., was celebrant of the solemn high Mass; The Rev. Robert P. Sullivan, O.F. Ph.D., assisted deacon; The Rev. Louis A. Ryan, O.P., Ph.D., a member of the Department of Theology, College of Mt. St. Joseph, as sub-deacon.

Industry

Aids Cause Of Private Education

Msgr. Carl J. Ryan Cites Funds Received From Ohio Foundation

Business and industry are becoming increasingly aware of their stake in private education.

This point was made by Msgr. Carl J. Ryan at the twenty-fifth commencement exercises of Our Lady of Cincinnati college tonight. The archdiocesan superintendent of schools cited the financial help given private colleges through the Ohio Foundation of Independent Colleges—a group of 29 colleges which provide institutional aid funds to colleges and industry.

Msgr. Ryan observed, is that "they cannot exist on tuition and fees alone. Outside help must be forthcoming."

"The primary source of financial help must be the alumni," he declared, "In recent years, an organized effort has been made to interest alumni in the support of their Alma Mater. Leadership in this movement has been furnished by the American Alumni Council of Washington, D.C. In a report covering the year 1958-59, the Council showed that Our Lady of Cincinnati college ranked ninth of all women's colleges in the United States in the percentage of alumni who contributed to their colleges. Gifts were received from 39 percent of a "young college, and a woman's college at that, it could not be expected that the alumni would be as large or as consistent in substantial sums," the speaker commented, "so the fact that such a large percentage did contribute speaks well for the generosity of American life."

In closing, Msgr. Ryan congratulated the parents of the graduates "for the financial sacrifices they have made to bring their children to this school." He congratulated the graduating class because it has been able to receive "a sound intellectual training with Christian principles."

He praised the Sisters receiving their degrees despite "sometimes difficult financial conditions."

"Whatever your future may be—keep in touch with your Alma Mater."

Rev. Alfred G. Stritch, chairman of the history department, presented the 118 graduates. The Most Rev. Karl J. Alter conferred the degrees.

Graduates Need Intellectual Loyalty

The Book Beat
by Norah Edelman '41

"To run or not to run: that is the question."

Such is the problem of a potential Roman Catholic candidate considering the presidency. In our so-called "civilized" day and age, there are yet many "barbarous" ideas infiltrating narrow minds. Because of this, citizens are given warning not to vote for a Catholic for fear that the Pope will sail his ship without the free and then force all Americans to become Catholics, a fate worse than death.

The result of the primary offers a glimmer of hope for the future. Fifty-nine courses will be offered in the 1960 Summer Session of Our Lady of Cincinnati College. Through a grant of the Door MacMereau Scholarship Foundation, these examination courses in music are offered free of tuition.

The annual Science Club picnic will be held June 3, at Miss Jane Glenn's 'summer home in Kentucky. Recently elected club officers are: Shirley Joseph, president; Elaine Ludwig, vice-president; Jewel Glessing, secretary; and Lucy Russel, treasurer.

Recently elected club officers are: Shirley Joseph, president; Elaine Ludwig, vice-president; Jewel Glessing, secretary; and Lucy Russel, treasurer.

THE EDGECLIFF

The first of this year's jubilees will be the Silver Jubilee, and offer a little more harmony. This perverted order," said Thomas, "is in doing this that the author meets Russia's cold war tactics.

Amer Samoa will have been sought at the beginning of this episode immediately preceding the ill-fated "Summit" in Paris.

From Ohio's Campuses
by Marni Kuehler, '61, Lucy Rossie '61

Thousands of students have finis­hed another college year after a summer's worth of various activities. Tribute has been paid for jobs well done. Likewise criticism has been cited where improvement can be made in the coming year.

In these last issues of the many Ohio college papers, graduation season crowed the pages. Through­out the state, seniors are urged by commencement speakers to accept responsibilities imposed on them as men and women. Improvement among the good relationships between faculty and students is of utmost importance, stressed an editorial in the Dayton FLyer.

"Education is a give and take proposition," it states, "and with little effort this relationship can be made of course. Great student-faculty relationship involves respect for the person of the professor and of student, respect for the professor's authority, a willingness to share the responsibility of learning, an endeavor to appreciate the circumstances in which the student works."

The results of a survey on the "Plus and Minus Grading System" taken by the Academic Research Committee at Ohio Wesleyan uni­versity, were released recently. The purpese of the survey was to determine whether a revision of the grading system would aid the plus and minus would be ad­visable. Results showed that a revision would not benefit the majority of the student body since only 2% of the students' grades would be changed and would decrease in varying degrees.

The Arts and Us

by Marilyn Rickett '60

"Summer is icumen in, Luhe sing cuccu."

Summertime in America has come to mean casualness, coolness, patio living, and air conditioning. So it is with rather that the great concern with comfortable fun will not spell the end of interest in summer cultural activities.

For instance, how much easier it would be to relax, than to don dressy attire and go to the opera. The operas in a play in a public park (a possibility in the not-distant future in Cincinnati) or an art exhibit to a music recital. The struggle for support of the Cincinnati biennial of contemporary sculpture has shown that much can happen when fine cultural traditions are neglected.

Thus I will mount my soap box for the last time.

Please support Cincinnati Summer Opera and whatever opera drama comes our way this summer, whether it be indoors or out, live or on film, in art theatre, or at the neighborhood ballroom. As a good start, "Bee Maderet Wenceslas" for the Opera studies; daughter of Mr. and Mrs. George Want; alumna of Our Lady of Angels high school; College club 1, 4; Sodality 1, 2, 3, 4; NFCCS 1, 2, 3, 4; Edgcliff Players 1, 2, 3, 4; Edgcliff Sodailites 1, 2, 3, 4; treasurer 4.

The first time, when it opens the summer opera season later this month.

Professor Francis O'Malley, Ade Buthene and Paul Hurme, Edgcliff Arts Festival speakers, all pointed out the necessity of a high level of interest in and appreciation of the fine arts and literature. If the Silver Jubilee Art Festival did nothing more than get students interested in seeing good art, listening to good music and reading good books, (and we know it did just that and much more for many girls), it was a tremendous success.

Professor O'Malley mentioned Rosult, and if you would like to become acquainted with this great modern painter, Clasons, on Race Street, is showing 102 of his lithographs, wood-engravings, aquatints and wood-blocks.

Many will be for sale, and the exhibits will run through this week, and possibly longer.

"If the Cincinnati area does not get a jazz festival this summer, the fact that the Modern Jazz Quartet will appear on the Cincinnati Symphony Orchestra program next season will make up for such a loss. MQJ's leader, John Lewis, a Cubist-trained musician, writes much of this group's repertoire. Well-rehearsed in music traditions, Lewis is influenced by tradition as well as by jazz rhythms. Included in the performance will be Pyramid, Divertimento, Around the Blues and Concertina.

Seniors Read Class History

The words "Remember when..." echo through the classroom yesterday as the Silver Jubilee graduates recalled memorable experiences from their four years at Edgecliff.

Class historians were Anne Dasmari, Margaret Vonderfaah, Marilyn Rickett and Suzanne Schuler.

Class Day began with a student convocation formally opened by Margaret Vonderfaah, Student Council president, and Louise Broker, senior class president.

Outdoor ceremonies of Class Day commenced with the seniors carrying decorated banners and passing it on to the juniors. Next, the turning of the traditional cap of each student by the president of Student Council, symbolized the successful completion of the academic year.

The Student Council president then performed the traditional planting of the rose bush.

Later, the lawn of Emery was the scene of the Garden Party given by the sophomore class in honor of the seniors and the classes of '40, '45, '50 and '55.

After the garden party, members of the graduating class attended the Benediction in the chapel and then were received into the alumni association.

The freshmen carried out the traditional candlelight ceremony. Dressed in square scarves, they marched from Emery to the rear campus and made several formations while singing the traditional songs. The ceremony of "Passing the Candle," symbolizing the passing of knowledge, from Margaret Vonderfaah, the present Student Council president, to Diane Ritter, class successor, followed the formations.
