Jimmy Carter will be the next president of the United States according to the mock election that took place on Grand View Drive at Edgecliff College. Out of 189 votes Jimmy Carter received 132 votes, and Gerald Ford received 57 votes. If these results were translated into percentages, 69.4 percent would have gone to Jimmy Carter and 30.6 percent to Gerald Ford. Jimmy Carter received 75.7 percent of the vote in the dormitory, 69.3 percent in the singles, and 66.7 percent in the marrieds.

Mr. Levy is the Prime Minister's Advisor on Social Affairs since 1974. He also served on the Prime Minister's Commission on Abandoned Children and Depressed Youth. His representation abounds with government missions to the United States and to American Jewish Communities, and Military missions to African states to set up local youth and social organizations. Everyone is invited and encouraged to attend a most interesting and informing presentation.

Six people were chosen as Extraordinary Ministers (these are people who can distribute communion during Mass, in emergency cases, and to the sick or shut-ins). They were, Karen Ramsey, Vicky Cotti, Amy Hale, Pat Flesher, Bernie Bookman, and Mike Cosby. The ceremony was held Sunday, Oct. 10, at the 11:00 Mass.

Students at Edgecliff who have already taken the equivalent of two years of German will have the opportunity to enroll in a unique language experience next semester in cooperation with the Atlanta Pushkin Association, the Department of German will offer German 304, which will be concerned with translating articles on Cincinnati history and advertisements in a nineteenth century German-language magazine, Der Deutsche Player, of which the M.P.A. has many volumes in its collection. The first class meeting will enable the M.P.A. to carry on important research on the history of Cincinnati's neighborhoods. The course will be conducted on an independent study format and should appeal to students who wish to put their knowledge of German to practical use as a service to their community, 3 credit hours. For further information, call Mrs. Klein, Grace Hall 110, ext. 246.

The Department of Religious Study and the Cincinnati Archdiocesan of Religious Education will present its third annual workshop, tomorrow, October 23rd. The theme is, "Family Life: A Theological Perspective."

Mr. Baruch Levy will be the guest speaker on Monday, Nov. 8, at 9:00 a.m. in Grace Hall 101. His lecture topic will be, "Social Problems in Israel."

Ms. Mary King, National Director of the Committee of 51.3 Percent, was in Cincinnati Thursday, October 14, to announce the appointment of two area women to the committee.

The Committee of 51.3 Percent is a group of local women who are independent of any party and who feel that Jimmy Carter is the only candidate who will advance the rights and interests of women. The committee takes its name from the fact that women make up 51.3 percent of the population of the United States.

Ms. King noted that the attitudes and values of the women in Ohio have changed. Women no longer vote as their husbands or fathers, but make independent decisions concerning the candidates they choose. Two primary reasons voters are: increased spending in health, education, and home care for the elderly, and decreased spending in defense and foreign aid.

In early September the residents of Harrison Hall began to relax the very strict discipline that was being imposed in the living facilities at the Hall. The residents selected their Resident Assistant Don de Mars as spokesman and formulated various complaints.

The complaints were as follows: that a designated study area for exclusive use of the residents be allocated; that more than one show be operable for the service of the various residents; that discipline action be taken toward those right attendants who were found asleep during the hours of twelve to six a.m. Because the building was not secure on those two occasions and three students remained in the entrance way before a student heard the door bell and opened the locked door; due to the fact the rooms are approximately ten by twelve feet, Mr. Fox has recommended that a new system of luggages, refrigerators, art supplies, cleaning equipment and a library be provided a kitchen on their floor, as a currently provided for residents at Sullivan Hall; that a counseling room be provided for residents by the Financial Aid Office to serve as desk clerk five days a week, and that the page residents be improved by installing an emergency telephone, a television room and the volume be increased; that the doors be locked for locking the doors at eleven p.m. and forcing students to stand unimpeded in the entrance way while awaiting the night attendant to answer the door bell; that a fire evacuation plan be drawn up; and that the hall be made fire proof, so that there will be no alarms and any other federal or state required equipment.

After formulating the complaints Don de Mars met with the Board Council to discuss the validity of the residents' complaints and to seek information as to the process of registering these complaints with the proper authorities. At this time Mr. Burns informed that complaints be legitimate and should be resolved.

Mr. Burns proceeded to arrange a meeting with Mr. Joe Cenner, the director of Student Affairs, Ms. Joanne Mullar and Mr. Bonnie Baum of the Resident House Council.

The meeting was held mid September at Harrison Hall, de Mars this summer to listen to a complaint, and they were then discussed. The complaint was resolved.

As a direct result of the meeting the residents of Harrison Hall have been granted exclusive use of the Harrison Hall library for study purposes after six p.m. daily. The Financial Aid Office appointed a student to serve as desk clerk five days a week. Recently a phone was installed for the use of a classroom and kitchen and has promised to install an additional P.A. speaker in the television room. Finally, the resident assistant has moved to a larger room which is more conducive for the counseling of residents.

It has been approximately a month since the beginning of the academic year and there has been no apparent investigation into the fire evacuation plan or what the student residents require for dormitories during this time. Harrison Hall has met with Mr. Conner weekly to keep informed on any progress concerning this fire evacuation, and Mr. Conner has called the Business Office and has been repeatedly told that the matter was being looked into.

This past week de Mars visited with a number of the Resident Assistant and to form the individual that a student concerning Harrison Hall and the failure of the college to meet its responsibilities to the residents of Harrison would be written.

Mr. de Mars informed the individual that a matter of courtesy as well as any other federal or state required equipment.

In Bologna, Italy, they looked up Sister Madalena's distant cousin, who spoke no English. "Since we spoke no Italian, we had to communicate through a dictionary," Sister Madalena said. They stayed in a hotel that gave a pass to tour the Vatican Gardens and they had a general excursion with the exception of the Castel Sant'Angelo castle which they showed the next day. Both castles are of a special privilege. While in Rome, they saw the ancient center, open artwork, historical landmarks, and restored looking Italians.

In Germany, they visited three castles built by Bavarian K. Ludwig II. One was the real "Story Book" castle. Sister Albertine explained that the castle at Wahnau was patterned after this castle, and the other was the home of Anna Franks' house. They visited Austria, Switzerland and Germany. Sister Madalena and Sister Albertine both enjoyed the trip and the people they met.
**Annual U.N. Assembly Starts Today**

This year's U.N. Assembly is being held at the General Assembly Hall in New York. The meetings will be directed by a committee of U.N. delegates, with New York City representing over a hundred high school students from the northern states. The students are expected to create an atmosphere of understanding and peace.

**Halloween Year Round?**

By Nancy Goldberg

People hear more about ghosts and spirits as Halloween approaches. But some members of Edgecliff's theatre department claim to come in contact with "goblins and ghouls and long-legged beetles and things that go bump in the night." A trip to the theatre and a peek through the Ouija Board may lead to some interesting experiences. The theatre was used for the filming of "The Exorcist."

**Bring a Friend**

Friends Day at Edgecliff this year allows students to bring a guest to campus on October 25, as well as on November 11. This annual event provides an opportunity for junior and senior high school students of the Cincinnati Diocese to visit the Edgecliff campus, to view classes in session, and to get a general glimpse of the atmosphere and traditions of Edgecliff. Both the traditional Mass and the government-appointed Veterans' Day have been announced, but since school is closed, they will not be observed. Thus, the day will be used primarily to encourage guest visits. The Edgecliff news will be distributed by the Edgecliff News, a student publication.

**Star Trek Quiz**

By Sylvina Kapur

Hello again Trekkies! Here are some more to stump you. By the way...these are so easy you ought to try one of the ones in the new Star Trek Postcard Book as well as the magazine. The first two were for you Trekkers who are just starting out. Now, if you want something harder, you have to get it at the Space Station or any other stretch of brain cell life recently exposed.

1. In what century do the Enterprise's voyages take place? What is the ship Spock ended up tied to by a single brain cell life?

2. How were these brain-cell life-forms destroyed? In what episode was the Enterprise captured and swalloend by a protoblasnem?

3. What was Lt. Uhura's explanation for the "sun-warship" in the episode "Dagger of the Mind"?

4. In what episode did members of two future cultures (one being the Enterprise, the other crew attacked and swallowed) appear?

5. How many chief medical officers were there on the Enterprise before McCoy? How old was Frick in "Rheumus for Mehshulut"?

6. What was the element the Enterprise and her crew attacked and swallowed on 20th Century Earth at the same time?

7. How many chief medical officers were there on the Enterprise before McCoy? How old was Frick in "Rheumus for Mehshulut"?

8. What was the element the Enterprise and her crew attacked and swallowed on 20th Century Earth at the same time?

9. How many chief medical officers were there on the Enterprise before McCoy? How old was Frick in "Rheumus for Mehshulut"?

10. What was the element the Enterprise and her crew attacked and swallowed on 20th Century Earth at the same time?
