Edgecliff Yearbook - A Definite Reality

By M. Beth Kramer

The Counseling Center plans a workshop open to all interested persons on November 11, 12 and 13 in the Administration Building. Both have attended workshops for only those who are not of Edgecliffs community.

Counseling Center
Offers Workshop

Halloween

Boo! "How now, you secret, black, and midnight hag!" Shlter on up to the edge of the halloween night, Oct. 31 between 8 and 11 p.m. and see what you can get away with. You might be surprised at what you find.

By: M. Beth Kramer

The Council for Exceptional Children has sponsored a trip to the National CEC Convention in Kansas City. The club hopes to raise enough funds to allow all interested students to attend. Although membership is primarily comprised of students, it includes students and anyone interested in the convention. The group plans to raise money by selling candy during October. Their goal, according to Rane Ammitzv, C.E.C. officer, is set at $300.00. Other activities including a marathon and bake sale are being planned as fund raisers to raise costs for interested students.

The trip is scheduled during the last week of October. For more information on how to participate, contact Rane Ammitzv, C.E.C. officer, or one of the other students involved in the trip.

C.E.C. Plans Trip To Kansas City

FETCH: Wishing you the best in your favorite fantasy. To come on up in your gushtil, scary, bewitching and beguiling part and have a brew of our column...if you dare.

Light your way with a jack-o-lantern and beware of Jason Jack and all the witches to be seen, some black, some green.

Hey-Hey for Halloween. Who-o-o-o-o-o-o-o! Here's hoping that was Casper.
Editorial—Concerning Criticism

By Kurt Junker

The staff of the "Edgecliff News" has recently been faced with many negative responses concerning spelling, accuracy and other mistakes found in the school paper. We have also been criticized for printing the negative side of news and ignoring the positives. Students, faculty and administrators against poor reporting and unnecessary errors.

We are disappointed and disappointed over these accusations. It is sure no secret that 80% of the writing, editing and layout of the paper is done by no more than one percent of the student body. The rest of the class, which is the majority of the class, is relieved of the task.

Yet there is certainly no lack of criticism. Everyone is quick to see the disadvantages, for they have ruined the credibility of many news sources throughout history. Any paper's printed mistakes bring down sales, and consistent errors lead to financial ruin. But the "Edgecliff News" is a free paper created by students in their free time. It is difficult if not impossible for such a small staff to meet the constant deadlines that our paper demands.

The only negative issues that must be faced are that we don't make the news, we only report it. Upon discovering that no more than half of the news covered was negative, we urge our readers to consider more what the lead story in determining what a paper covers.

The paper's staff does not wish to discuss the negatives of criticism, for no paper could survive without it. We do ask those who give it, however, to measure it more carefully.

We submit that errors have been made in the last two issues that could have been avoided. But we will ignore any legitimate criticism that comes from the generally apathetic college populace.

Letters To The Editor

Dear Editor:

Edgecliff College has had a sports program for many years. No one has ever asked the students as they desire. Our administration, in maintaining a football team, has given us an opportunity to enrich our college and to enrich the over-all life of our community.

For the past five years, basketball has been offered to juniors and seniors. From a very humble beginning, students and members of the faculty have worked together to improve the program despite an obvious lack of enthusiasm among the Edgecliff community.

As football coaches for our college, they have contributed to the present and future of Edgecliff.

Edgecliff athletes are students. They are not paid, though they may be offered scholarships, free automobiles, expense accounts and free tickets. Nor do they have the time, enthusiasm and energy; their participation is due to a strong desire to rise above from close fellowship and common goals.

These young men and women wish to shine in athletics, those of the students and the college, and help advance their own personal goals. The administration has recommended that Edgecliff College have an annual budget proper to maintain a football team.

Yet, the Student Government and student body have ignored the proposal for the last four years. The men and women have played before empty stands and forgotten the cause.

This, of course, has been a rather sobering experience for the men con-

cluded. It is frustrating to believe in a better way, to work, to try yourself to reach a goal; then, to be unable to gain the attention and recognition of those around you.

With the election of this year's Sta-

dent Government has come a spark of new hope for the growth of basket-

ball at Edgecliff. As a result of a proposal by Diane Hunsberman and David March, the Student Government last week scheduled a meeting for November 6, 1977.

The activity will feature the music of two professional bands from the near future, Carter is

committee.

Another area that needs clearing up is the parking problem. It is a fact that the Senate of the Student Government, this alone will not fully answer the problem of apathy. However, it is a beginning, to which the student body should respond. The students and athletes are especially grateful.

Their desire to be heard can only be answered by the students themselves. Therefore, as a member of the Student Government program, I humbly ask each and every member of the student body to aid in the development of an activity that will increase school spirit, and help advance the goals of the sports program at Edgecliff.

Signed,

Don de Mars

Dear Editor,

It all depends on what survey you are referring to. I did not see a pessimistic article in September on Carter's tenure as President. Her reference was the "Job of a Lifetime.

A promising outlook is predicted by the College Placement Council. "1977 is the year of the big rebound. The final report shows significant increases in recruiting activity at all three levels. The bachelor's level showed a 41 percent increase in job offers this year, the master's level showed a 43 percent increase in offers, and at the doctoral level, a 33 percent increase in offers in comparison with the previous year.

Mrs. J. Coughlan, Placement Dept.

Carter Favored In Recent Poll

By Cynthia Shepard

In a recent survey by the "Edgecliff News," 120 students, faculty, and Edgecliff Employees, expressed their opinions on the present and future of President Jimmy Carter.

When asked if Carter has progressed during his first year in office, 72 said that Yes, Carter has progressed, 53 felt that he had not, and 7 were undecided about the matter. Four people chose "other" to explain their feelings, and went on to say that Carter's economic planning will have to be more explicit for business leader's support," and that Carter has tried, but he can not get anywhere with Congress.

As far as the Bert Lance affair hurting Carter's standing, 75 felt that it had not, 54 said no, and 7 were undecided. When asked if the Senate should have fined Lance at the first hint of the scandal, 49 said yes, he should have, 74 said no, and 12 were undecided. From the results of these two questions, it seems that the majority of those surveyed felt that the Bert Lance scandal was not as serious as the American public made it to be.

Should Carter limit or cut nuclear weapons? Out of the 138 people surveyed, 68 said yes, nuclear weapons should be cut or limited, 53 said no they should not, and 14 others were undecided, or did not answer the question.

In the near future, Carter is planning to visit eight countries, on four continents in eleven days. When asked if this was good for public relations, or a waste of time and money, 54 felt that it was a waste of time and money, 89 believed it to be good public relations, 2 people believed it to be both, and 3 were undecided. 67 wanted to see the out-come before they made a judgment.

One sympathetic person said that when Carter first ran for office, he did not know what he was getting into, especially in that he was constantly comparing what he did as Governor, with what he would do as President, "I think that there is very little to compare. He has found out that there is a lot more to that job than he expected, but I think he's handling it ok." The question of whether or not sending daughter Amy to a public school accomplished anything received many responses. "Yes," said one person, "It got her out of the house." Someone else said that "I shouldn't have done it, but it would have accomplished more if she were busied!" One person made the point that Amy was not "sent to a Diplomatic's public school. She was sent to a Diplomatic's public school. These children are the children of foreign emissaries, not everyday children..." One of Carter's promises was that his Vice-President would take an active role in his ad-

ministration. When asked if they thought V.P. Mondale had been active, 54 said yes, 70 said no, and 10 were undecided. Several people responded by saying "Vice-President Who?"

According to survey results of a Poll given to the American people, 46% feel that Carter has progressed, while on a slightly smaller basis (Edgecliff Campus) 70% feel that he has made progress in the past year.

In dealing with the problems, Carter seems to have lost the support of several groups who voted him in office. As Tom Wicker, of the Cincinnati Enquir-

On Nov. 9, the Student Government will honor the Pioneer Basketball Program by sponsoring the First Annual Basketball Tip-Off. The day’s events will be opened with a jazz concert featuring the CAL COLLINS TRIO in the Corbett Theater. Mr. Collins is the guitarist for the BENNIE GOODWIN ORCHESTRA and can be seen locally at Gilly’s in Dayton, the Jazz Showcase of Ohio. His trio puts on a very innovative and exciting show and should not be missed.

Following the concert, the women and men’s basketball teams will host Thomas More College at Harrison Hall. During half-time of the men’s game, Student Government will honor the athletic accomplishments of Eileen Condit and Willy Corbett by retiring their basketball jerseys, Nos. 11 and 41 respectively.

Willy Corbett, Captain, enters his fourth and final season as the all-time leading scorer. Willy has averaged over 24 points per game and has scored 40 or more in three games. He has led the team in re-bounding and has been elected Most Valuable Player for three straight seasons.

Eileen Condit enters her third season with the Pioneers and was the founder of the team. Eileen has led the team in scoring the last two seasons and was also the Most Valuable Player in volleyball, she received national recognition in Sports Illustrated’s “Who’s Who” when she defeated 12 other teams single-handedly. Immediately following the two games, it will be time to ROCK-N-ROLL with NEW SHOES. After singing and watching all day, this band and their poppouri of current tunes will rev up the engines and gain momentum for the weekend to follow.

Your $5 Activities Fee is paying for this spectacular day through your Student Government. Mark the date on your calendar and plan on hearing and dancing to some superb music and watching the Edgecfliff Pioneers tip-off Thomas More.

---

**Men’s Basketball Enters Sixth Season**

By Don de Mars

The men’s basketball team will enter its sixth season on October 28 when the Pioneers take to the floor against the Cincinnati Bible College.

This year’s squad will feature the play of five returning lettermen, a host of highly talented freshmen, "walk-ons," and Edgell’s greatest scorer, Willy Corbett. As a result, Head Coach Fred Kelly, and staff look forward to the most successful season in the history of the program.

Coach Kelly returns in the halls of the Pioneers after a year’s leave of absence.

**Annual U.N. Assembly Held**

On October 21 and 22, Edgell/Hill held the 18th annual United Nations Assembly. The History Department hosted approximately 190 high school students. The Assembly was originated by the late Vincent Delaney as a learning experience for the students.

The program began early Friday morning. The keynote speaker was Dr. Gordon Hill, the Director of Public Affairs for the United States Secretary of State.

The students then adjourned to Harrison Hall and divided into their committees. The committees included political, economic, and financial and social and cultural. They drew up their resolutions to be presented the next day.

The program for Saturday also began in the Theater with the keynote Address by Richard Wagner. Wagner is the Consul General for the Federal Republic of Germany. The students then moved to Harrison Hall to hold the actual U.N. Assembly.

The program ended Saturday with an awards presentation. The "Vincent Delaney Award" was given to certain outstanding delegates. Mrs. Vincent Delaney was on hand to help present the awards.

Another award was presented to the College for its work in this area. The award was given by Congressman Thomas Luken.

---

**German Films**

The German Department announces a series of films to be shown through the courtesy of the Consulate of the Federal Republic of Germany in Detroit. All interested persons on the Edgecliff campus are invited to attend and view the series. The showings are at 3 PM in GrH 101. These films deal with past and contemporary German culture. The schedule is as follows:

• Mon. Oct. 31 Industry on the Rhine and Ruhr (German)
• Wed. Nov. 16 Church Architecture (German)
• Thu. Nov. 17 Carl Spitzweg, 19th c. Painter (German and English)
• Wed. Dec. 7 Wallenstein Library (English)
• Wed. Dec. 7 Lichtenstein, 19th c. Philosopher (German and English)
